

AGENCY LETTERHEAD

DATE

Ms. Holly Herrera  
Bureau of Populations, Refugees and Migration  
U.S. Department of State

Dear Ms. Herrera:

As CITY's Mayor/Council Member, I submit this letter of support for World Relief to open a new affiliate site in LOCATION.

[DESCRIPTION OF CONSULTATIONS BETWEEN LOCAL GOVERNMENT AND LOCAL OFFICE/AFFILIATE AND OTHER STAKEHOLDERS AS APPLICABLE]

After careful consideration, I believe LOCATION is well-suited to not only receive refugees but to help them thrive. [DESCRIPTION OF LOCAL EMPLOYMENT, COMMUNITY SUPPORT, STATE PROGRAMS, AND ANY OTHER FACTORS CONDUCIVE TO SUCCESSFUL RESETTLEMENT]

CITY believes that welcoming refugees takes a collective effort. We take pride in resettling refugees from diverse ethnic and national backgrounds, and we look for opportunities to build longterm community connection and successful integration for our new neighbors. It is clear from World Relief's work in other locations that they will be a strong partner with us in these efforts, and they provide high quality services to help refugees achieve economic self-sufficiency and integration in their local communities. As such, we support their proposal to open a new office in LOCATION.

Sincerely,

**From:** "Billie Hufford" <billie.hufford@eauclairewi.gov>

Good afternoon!

Please see attached for tomorrow's meeting at 10am. I changed the location to the North Conference Room going forward due to the large number of people in this group.

I am planning on moving through the Coordinated Entry, Sojourner House, and Community Haven House data pretty fast to allow time for conversation on some other points and the task list. Please take a look at the task list before the meeting. We would like to add updates to each one as time allows.

PD has been fantastic helping to provide some raw data that we have started creating charts that we can update monthly to help identify trends. If there is anything else that may be useful please let me know and I can work with PD to add that to our monthly update.

Have an amazing day!

Sincerely,

**Billie Hufford** *(She, Her, Hers)*

**Subject:** Resettlement agencies in Fox valley

I'm looking into what agencies are working around Appleton that are related to what we're looking for. One is **World Relief** that I'm very familiar with, they are a huge **Christian** NGO with branches all over the world, They accept strictly Christian employees, their model of working as a very rich agency can't be a model for us I guess? Also, they're closed on Wednesdays. The other one is a **Muslim** organization with a headquarter in **Pakistan** that helps refugees from Muslim countries, If we want to meet with them we have to email them an official request, I've got the email address. They help the refugees in their area to settle. I can't remember any other entities in Appleton that we're interested in learning more about, do you?

**Subject:** Meeting with World Relief Resettlement agency

Good morning,

We have been working on assessing the feasibility of increasing the City's capacity to host immigrants and refugees, with the two goals of addressing employee shortages and of promoting a more multi-cultural community.

World Relief Refugee Resettlement agency is considering opening another office in Wisconsin, and Eau Claire is one of the 2 candidates. Tami Mclaughlin is their Fox Valley office director and she is coming to Eau Claire on April 5<sup>th</sup> to meet with us and do an assessment.  
I'm

scheduling the

meeting for 9:00 AM, if there's any conflict please let me know, Tami's schedule is flexible

Thank you  
Anoosheh

Dear Anoosheh,

I just wanted to let you know that there is also an existing refugee resettlement organization in Eau Claire called Welcoming New Neighbors (WNN). Wnn has been operating under the sponsorship of Lutheran Social Services of Wisconsin and Upper Michigan—home office Milwaukee—as a CoSponsorship program. WNN has accepted and settled 7 Afghan men and also supported two Afghan families who came to Eau Claire as a secondary migration. WNN is also moving to become a recognized Refugee Resettlement agency.

Two primary contacts for WNN are Ginny Close and Bea Evans, and I will copy them on this email.

Best,

Don Mowry

Good afternoon,

Thanks to everyone for your work on this. I'm sorry for my delay in following up. I just had a chance to go back through my archives of information I've shared the last year with our economic development partners.

I mentioned to Kaylynn at the Chamber, who I hope you've had a chance to connect with, about your interest in the Workforce Talent Pipelines Series we discussed. It sounds like she's talked with Steve Jahn of Momentum West, who could be a partner, and she recommended bringing in "Welcoming New Neighbors" locally. The series we discussed included [International Manpower Connection, Inc.](#) (PERM), [Mission Wisconsin](#) (Veterans), and a group Kaylynn mentioned named Integrated... not sure. **As we discussed, I still think the best chance for success in this in supporting businesses in driving** the work of bringing new people to the region.

The email below this I shared with our regional partners and references the context of the 2022 pdf slide deck attached. **The PERM pdf is an example of what our partners in Amery/Polk County did for an event last June.** The best example of a success story for PERM is Len Fast, Administrator of [Barron Care & Rehab](#).

**Otherwise, the following information was shared with me for contact information and links on accessing various programs. We also talked about Lutheran Social Services being a partner in our region as well.**

#### Highlights of the Ukraine refugee process (from my counterpart in Northern WI)

1. They are refugee status, they are here for two years, basically a temporary status, unless some things change with our immigration process during the two years that will allow them to obtain a green card and/or citizenship they will return to Ukraine at the end of two years. While here they are eligible for benefits, health insurance etc. They can obtain a work permit, this process can take up to 6 weeks.
2. Each refugee needs to have a Sponsor here in the USA. The folks I talked to were not aware of a business being a sponsor. (Employer sponsored program is different) The employer program is a

longer more extensive process. They suggested having an immigration lawyer retained if considering this program. However, some of the links above will provide info.

3. From the time one would become approved to be a sponsor the Ukraine refugee can be here in about 4-6 weeks, so is quite fast.
4. Most of the Ukraine refugees are female. Some are professionals, others are not. There is no guarantee they would be interested in working in manufacturing. It didn't seem like there was a way to screen people to determine their interest in working and what skills they may or may not have.
5. The I-134 is the first form to complete.

I hope all this is helpful. I'm glad to have a group in Eau Claire interested in taking this on. My role going forward can certainly be to share information and connect people who are interested and working on this topic.

Thank you,

Ray

**Subject:** Immigration talent pipelines

Good morning,

There have been a lot of questions on how our region can better access immigrant talent pipelines. My colleague for SW WI has worked in this area a while and shared some resources.

The new resettlement program for the Ukrainians was recently announced: [Welcome.US | Explainer](#). It looks like the US sponsors (family, friends, employers) should just go on the USCIS website and fill out the Affidavit of Support to start the process I-134 [Affidavit of Support \(uscis.gov\)](#).

Attached is a presentation she recently gave to the Rural WI Healthcare Cooperative Association. [It provides a great primer on organizations like Talent Beyond Boundaries and discusses various pathways for opening our communities to refugees. It also references the PERM program in Rice Lake and I'm sure Dave Armstrong would be a happy resource on that.](#)

A recent successful migration story is Puerto Ricans in 2018. You can see videos documenting the ways communities successfully recruited the here:

[https://www.youtube.com/results?search\\_query=puerto+ricans+recruiting](https://www.youtube.com/results?search_query=puerto+ricans+recruiting)

Finally, we're in early conversations about a series of roundtables throughout the State this summer on this topic. I hope to have more to share in a few weeks!

Thank you!

The email below this I shared with our regional partners and references the context of the 2022 pdf slide deck attached. The PERM pdf is an example of what our partners in Amery/Polk County did for an event last June. The best example of a success story for PERM is Len Fast, Administrator of [Barron Care & Rehab](#).

Otherwise, the following information was shared with me for contact information and links on accessing various programs. We also talked about Lutheran Social Services being a partner in our region as well.

Highlights of the Ukraine refugee process (from my counterpart in Northern WI)

1. They are refugee status, they are here for two years, basically a temporary status, unless some things change with our immigration process during the two years that will allow them to obtain a green card and/or citizenship they will return to Ukraine at the end of two years. While here they are eligible for benefits, health insurance etc. They can obtain a work permit, this process can take up to 6 weeks.
2. Each refugee needs to have a Sponsor here in the USA. The folks I talked to were not aware of a business being a sponsor. (Employer sponsored program is different) The employer program is a longer more extensive process. They suggested having an immigration lawyer retained if considering this program. However, some of the links above will provide info.
3. From the time one would become approved to be a sponsor the Ukraine refugee can be here in about 4-6 weeks, so is quite fast.
4. Most of the Ukraine refugees are female. Some are professionals, others are not. There is no guarantee they would be interested in working in manufacturing. It didn't seem like there was a way to screen people to determine their interest in working and what skills they may or may not have.
5. The I-134 is the first form to complete.

I hope all this is helpful. I'm glad to have a group in Eau Claire interested in taking this on. My role going forward can certainly be to share information and connect people who are interested and working on this topic.

Thank you,

Ray

**Subject:** Immigration talent pipelines

Good morning,

There have been a lot of questions on how our region can better access immigrant talent pipelines. My colleague for SW WI has worked in this area a while and shared some resources.

The new resettlement program for the Ukrainians was recently announced: [Welcome.US | Explainer](#). It looks like the US sponsors (family, friends, employers) should just go on the USCIS website and fill out the Affidavit of Support to start the process I-134 [Affidavit of Support \(uscis.gov\)](#).

Attached is a presentation she recently gave to the Rural WI Healthcare Cooperative Association. It provides a great primer on organizations like [Talent Beyond Boundaries](#) and discusses various pathways for opening our communities to refugees. It also references the PERM program in Rice Lake and I'm sure Dave Armstrong would be a happy resource on that.

A recent successful migration story is Puerto Ricans in 2018. You can see videos documenting the ways communities successfully recruited the here:

[https://www.youtube.com/results?search\\_query=puerto+ricans+recruiting](https://www.youtube.com/results?search_query=puerto+ricans+recruiting)

Finally, we're in early conversations about a series of roundtables throughout the State this summer on this topic. I hope to have more to share in a few weeks!

Thank you!

Ray

Sure! I thought of you guys this week because we are working with a refugee resettlement agency that may want to locate in EC. If they do, they are currently resettling people and families from the Congo. And people speak French in the Congo! I thought if it all happens, it'd be a fun thing for your family to be involved with.

## Short Film Screening: Refugee Resettlement Stories in Central Wisconsin

### Three Short Films to be Screened in Central Wisconsin

Short film series, "New Neighbors: Refugee Resettlement and Asylum-Seeking in Central Wisconsin," which showcases the stories of recent newcomers in Central Wisconsin, will be screened at upcoming public events. The three short films feature families from Afghanistan, Nicaragua, and Congo, and their journeys from their homelands to their new homes in Central Wisconsin.

Screenings of the films will take place [April 12, 6:30 p.m.](#), at the Dreyfus University Center Theater, UW Stevens Point, 1015 Reserve St., Stevens Point, and [May 6, 3:00 p.m.](#), at Whitewater Music Hall, 130 1<sup>st</sup> St, Wausau. Both events are free and open to the public, and registration is not required.

Filmmaker Laura Hunt and some of our new neighbors will participate in a Q&A session after the films.

You don't often get email from ka.vang@eauclairewi.gov. [Learn why this is important](#)

Hi Don,  
Hope things are going well for you.  
I'm looking to do a screening of these 3 short films and would like to see if you would be interested and available to be part of a panel after the film and share your experiences in helping resettle refugees/immigrants.

I don't have dates yet, but looking at a Thursday eve (5:30 pm start time) for May or June.

Would you be chance have contact info for John Lor? I would like to invite him to be on the panel too.

## Tomorrow: Refugee Resettlement Short Film Screening

### Three Short Films to be Screened in Central Wisconsin

"New Neighbors: Refugee Resettlement and Asylum-Seeking in Central Wisconsin," a short film series which showcases the stories of recent newcomers in Central Wisconsin, will be screened at two upcoming public events.

Screenings of the films will take place [April 12, 6:30 p.m.](#), at the Dreyfus University Center Theater, UW Stevens Point, 1015 Reserve St., Stevens Point, WI, and [May 6, 3:00 p.m.](#), at Whitewater Music Hall, 130 1<sup>st</sup> St., Wausau. Both events are free and open to the public, and registration is not required.

The three short films profile families from Afghanistan, Nicaragua, and Congo, and their journeys from their homelands to their new homes in Central Wisconsin.

**SHORT FILM SCREENINGS:**  
**NEW NEIGHBORS SERIES:**  
REFUGEE RESETTLEMENT AND  
ASYLUM-SEEKING IN CENTRAL WISCONSIN

...holding signs that said "Baihaqi Family welcome to Wausau."

A growing number of newcomers from around the globe now call Central Wisconsin home. These three short films tell the stories of families from Nicaragua, Afghanistan and Congo, starting with their lives in their homelands up to their arrival and welcome in Central Wisconsin.

**-April 12, 6:30 p.m.,** Dreyfus University Center Theater, UW Stevens Point, 1015 Reserve St., Stevens Point, WI.  
**-May 6, 3:00 p.m.,** Whitewater Music Hall, 130 1st St, Wausau, WI.

Filmmaker Laura Hunt and some of our New Neighbors will participate in a Q&A session after the films.

Ka, sorry for my delayed response. Yes, this sounds manageable. Might there be travel reimbursement available for the film maker? She lives east of Wausau.

Could we look at dates after May 6? We had great attendance and engagement at our first event last night and the second showing is May 6. I know the film maker's schedule between those two events is kind of crazy.

Do you have new arrivals in Eau Claire? It might also be good to have someone from the refugee resettlement agency.

Setting: possibly a small movie theater or public library.  
Audience: community members

I'm looking at doing this on a Thursday eve (5:30pm start time) w/ a local panel to share their experiences and if it works, film maker too for May or June.

Would this be possible? I'm looking into availability of venues and local panel members.

Hi Everyone,

My parents were just at a Zoom meeting with the organization that is working with refugee resettlement. They told me about how effusive and enthusiastic the folks from that organization were about the Eau Claire city staff and health department staff they had met with. I have no idea about what decision will be made, but I wanted to share about the terrific impression you all make and express my appreciation for the skill, care and dedication you bring.

thanks,

Emily

Ka, we've held two public screenings so far, in Stevens Point and Wausau, and they were huge successes, with more than 100 attendees to each. The videos are very shortly going to be available on YouTube, so the possibility will be there for you to show the films and have a panel of local people for the post-screening discussion.

Let me know your thoughts.

**Subject:** FW: [EXTERNAL] resettlement update

Hello Lieske,

Annoosheh forwarded your email and I appreciate your interest in preparing for the arrival of refugees to the Chippewa Valley in the near future. Our team in the Fox Valley is wrapping up fiscal year 2023 in the midst of welcoming a few more individuals and families while also preparing to open our Chippewa Valley office in the next few weeks.

We are on the cusp of finalizing office space and in the process of making offers for several staff positions. We hope most of these details are in place by the middle of October. In addition, we have tentatively scheduled a "partner meeting" for later October and plan to send invites next week which you will receive. With all of these details in place, our best estimate for first arrivals would be late November and could consist of individuals or families. The total number of refugees we have been approved to welcome to the Chippewa Valley for FY2024 is 75 people.

Brittany Fry reached out earlier this summer asking for information regarding Public Health's responsibility in refugee resettlement and following was the response provided by our State Refugee Health Coordinator, Savitri Tsering:

*Hello,*

*I work as the State Refugee Health Coordinator (SRHC) and can address concerns related to refugees coming into your community. I know World Relief Fox Valley (WRFV) will be opening a satellite office in Eau Claire this fall. For refugee services we recommend that the local health department (LHD) be part of the network that works with the resettlement agency (RA) and provides information and updates as needed. In general, it is not expected that LHDs do any more for refugees than they would for others living in their community. You will be viewed as an agency in the know about area health/medical providers.*

*As you are aware there are sponsored humanitarian parolees that are coming into the US that need TB attestation. If they are not eligible for Medicaid (depending on where they are from, they may or may not be eligible), the TB dispensary can cover their TB related screening services.*

*Ways that health departments have helped make connection with the refugee community is in providing education and updates for programs they have such as home visiting, WIC, communicable disease follow-up, child car safety, Well Women programs, etc. – your LHD may or may not have some of those services but the point is, what you offer the general public, in turn offer to the refugee community and make sure you have a seat at the table for understanding and connecting with those doing refugee resettlement in your community.*

*Taking the view broader to all immigrant populations the same will be true – what do you provide to your general population, make sure [your local connection to Covering WI](#) is strong so that full knowledge of healthcare eligibility is there, know the parameters of what services you can provide regardless of documentation status.*

Lieske, I hope this information is helpful. If you have additional questions, please do not hesitate to reach out. We hope to meet you in the near future and look forward to developing a strong partnership and welcoming network for the Chippewa Valley newcomers!

Thank you,

Tami

Thanks for the update Anoosheh.

Someone from our team will be happy to be part of the conversation.

I know that housing also will be an important issue. Not sure if anyone is actively addressing that if a large group of people are coming.

Do you know if this is likely individuals or families? That would help us in thinking who best on our end to engage.

Thanks.

Lieske

**To:** "Ka Vang" <Ka.Vang@EauClaireWi.Gov>  
**Subject:** How I answered the questions

Ka's professional skills mix, including her passion for social causes, organizational prowess, interpersonal skills, adaptability, and problem-solving abilities, makes her an outstanding candidate for this role. Her dedication to making a positive impact and her ability to lead and manage in diverse environments are qualities that would greatly benefit any organization striving to create a better world.

As an EDI Coordinator, Ka demonstrates an exceptional level of cultural sensitivity in her role. Her deep understanding and respect for diverse backgrounds and perspectives is evident in her interactions and initiatives. She actively promotes an inclusive environment by fostering open dialogue and ensuring that all voices are heard and valued. Ka is not only aware of cultural differences but also actively seeks to learn and educate others about them, contributing to a more inclusive workplace. Her approach to EDI initiatives is grounded in cultural humility, showing a willingness to listen, learn, and adapt.

Yes, I highly recommend Ka for the position of Site Manager at World Relief. Ka brings a wealth of experience and qualifications that make her an exceptional candidate for this role. Having worked as an EDI (Equity, Diversity, and Inclusion) Coordinator, Ka has a deep understanding of the importance of cultural sensitivity, empathy, and inclusivity. She has successfully fostered inclusive environments in previous roles, which aligns perfectly with the diverse and culturally rich nature of refugee resettlement work. Moreover, Ka's experience working with university students and her background with a Ph.D. in Leadership, Policy, and Administration make her well-equipped to manage and lead teams effectively. Her academic expertise in leadership and administration, combined with practical experience, will enable her to oversee the various aspects of resettlement with a strategic and compassionate approach. Ka is not only dedicated to promoting equity and diversity but also possesses strong communication, organizational, and problem-solving skills. These qualities are essential for managing complex resettlement programs and coordinating with multiple stakeholders, including government agencies, NGOs, and volunteers. In summary, Ka is a highly qualified and dedicated individual with the right blend of skills, experience, and empathy to excel in the role of Site Manager at your refugee resettlement agency. I have no doubt that she will contribute significantly to the success of your organization and the well-being of the refugees you serve.

[Marisa.stanley@eauclairecounty.gov](mailto:Marisa.stanley@eauclairecounty.gov)

Marisa,

I would be happy to come and do this. Can I ask if I can work with Edna on this? Are there specific phrases the health department would like to learn?

Also, unfortunately none of these dates work for me. For this year, these Thursdays conflict with Leadership EC dates ☐ Are there other dates that would work and capture the majority of staff?

Ka

Good morning, Ka,

I'm following up on the opportunity below to possibly have you come teach us some Hmong phrases at the health department. We have all staff meetings monthly, so would like to try and schedule then so the most people are able to attend. Our upcoming meetings are Thurs Oct 12<sup>th</sup> from 1-2p, Thurs November 9<sup>th</sup> from 1-2p, or Thurs December 14<sup>th</sup> from 1-2p. Would any of those days work for you?

Thank you!

Marisa

Hi Ka,

I wanted to reach out because I've received some communication (in addition to the public comment we heard last night) with concerns about the refugee resettlement that tapped into existing narratives about immigration. I think there may be some fear-driven conversations happening in the community and while I imagine World Relief has experience building relationships and breaking down barriers of fear in communities, I just wanted to make sure I raised the alert.

Thanks  
Emily

PS Thanks for this invitation - unfortunately I have work commitments at that time.

We are saying farewell to Dr. Ka Vang who has served as our Equity, Diversity, and Inclusion Coordinator for nearly the past year. Ka has done so much for us in the time she has been here, and we are very sad to see her go. That said, we are excited about the position she is shifting into. She will work on rolling out the new World Relief Wisconsin Refugee Resettlement agency. She'll be just across the river on Madison Street, so we expect to see and work with Ka and her team often. Ka has said that she feels it's her life mission to work with refugees. As a child, Ka's family moved to the United States and eventually to Eau Claire. Her refugee experience greatly shaped her whole life, and she feels called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching our community with their talents, perspectives, and friendship. While at the City of Eau Claire, Ka has created an internal EDI team, facilitated training among staff, hosted monthly internal EDI meetings, hosted groups from the university, formed a BIPOC Steering Committee, gathered insights from leaders throughout the community, solicited a BIPOC Strategic Planning consultant, and much more. She has been a wonderful friend and co-worker, and she has taken on some of our City and society's biggest and most fraught challenges with grace, kindness, strength, and lots of fun. We'll miss Ka, and we are happy she's staying put in our community, continuing her path of spreading inclusion and joy.

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

Thanks for your time with us, Ka!

And it sounds like there will be many other opportunities to work with you in your new role! Very exciting. ☺

I will be out of town at the League of Wisconsin Municipalities on October 18th, and on October 23rd I have to work right up until the City Council meeting.

Please let me know how I can be in the loop otherwise.

Thanks,

Jeremy Gragert

Eau Claire City Council member - District 3

Hi Ka,

It was great to see you at the Momentum West DEI Conference a couple weeks ago. I hope we continue to get more opportunities to connect in person!

I am reaching out because I was sent the new EDI Coordinator job posting over the weekend and encouraged to apply. I know that this is the role that you currently hold at the city and was wondering if it would be possible for us to connect to discuss the opportunity.

Let me know if you have any availability this week to meet, and if you have a preference for virtual or in-person.

Thank you!  
Anna

**Subject:** Fyi - time sensitive - Meeting tonight for opponents of refugees / World relief  
**Attachments:** 16.12.21 Syrian Refugee Letter to David Larson.pdf, 16.12.21 Syrian Refugee Letter to President Obama.pdf, 16.12.21 Syrian Refugee Letter to President-Elect Trump.pdf

Hi Matt,

Hello from Green Bay. I wanted to forward this meeting information about an event tonight. As you can see below, a group opposed to World Relief's resettlement of refugees in Eau Claire will be meeting VFW from 7-9 pm.

Given the emotionally charged tenor of some of the comments we've received on this topic, I'm a bit concerned.

Tonight, some advocates who support refugee settlement in Eau Claire, volunteers from the Welcoming New Neighbors Group, plan to attend the meeting at the VFW. Naturally there will be disagreement, but hopefully it is a productive, de-escalating conversation.

My questions are:

- 1 - Public safety. Would a police presence be advisable at the event tonight, and/or at the World Relief info event next week, or a future council public hearing? Is a public safety strategy something that needs to be considered on this topic?
2. Outreach. Would ECPD be a good, de-escalating "messenger" to the public in clarifying that people do not need to be afraid?

Thanks,  
Emily

**Subject:** [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents. I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

attachments (3) Former U.S. Rep. Duffy's letters to Obama, Trump and Larson

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305

1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Hey Stephanie,

Just wanted to leave you a word of appreciation for your work to welcome World Relief, thereby welcoming new neighbors to our city. We have been getting some emails about this, and though of course not everyone in our community will support these actions, the resounding message I've gotten over my 8 years in service is that our community wants to lead with compassion, kindness, and generosity. I fully support the work you're doing here and I have good reason to believe that the majority of our council and our community support this work too.

Thank you! Keep up this good work!

**Subject:** Information on World Relief

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

Hello everyone,

Apologies for the late response we've been hosting a Chamber conference the last week.

We are interested in meeting, thanks Aaron for bringing up our previous work. We have also been in contact with a group called Welcoming New Neighbors that is associated with Lutheran Social Services. They have been specifically working to bring and acclimating some Afghanistan refugees (individuals and families) in the past year tackling exactly when Aaron mentioned, housing, transportation and basic needs.

I look forward to learning more.

Count me in for the meeting. Just so everyone is aware, there is another staffing group bringing in workers from Puerto Rico, current used heavily by Ashley Furniture in Arcadia/Whitehall. They have been doing this for about a year. Kaylynn and I have spoken with them a couple of times. Biggest challenge they have is finding landlords that will rent to someone with no housing references/history, etc.

Hi all – looping the Chamber in on this too. I also had shared the webinar recording with Kaylynn. Below is what I received back from Mitos as the best step for getting the information to our businesses.

I can set up a meeting to plan out the webinar with Mitos. Can someone take the lead to be our “host” for it? We’ll want to discuss target businesses and marketing the webinar. Attached are the flyers for the previous one. For those that haven’t watched it, a meeting would be a good time to get any of our questions answered. Let me know who wants “in” and we can schedule a conversation.

Thank you,  
Ray

Hello Ray,

Thank you for your email. We could do a webinar with a Question & Answer Session. I normally invite Len Fast, Administrator of Barron Care & Rehab because he gives first hand information on his great experience with our IMC foreign workers. Providers can relate to him especially because he is from Wisconsin as well.

My husband Albert and I just came back from a trip to Israel and Dubai where most of our Filipino foreign workers are. We were there to visit our Offices, Recruiters and applicants.

I look forward to hearing back from you.

**Thank you,**

All -

I believe this would be a program that would benefit the Chippewa Valley – particularly with our hub of health care and the need for nurses. What are the steps to getting this going and who do we need on point to lead the charge? There may also be employers in manufacturing who need the workforce.

Kathryn

I'm looking into what agencies are working around Appleton that are related to what we're looking for.  
One is **World Relief** that I'm very familiar with, they are a huge **Christian** NGO with branches all over the world, They accept strictly Christian employees, their model of working as a very rich agency can't be a model for us I guess? Also, they're closed on Wednesdays. The other one is a **Muslim** organization with a headquarter in **Pakistan** that helps refugees from Muslim countries, If we want to meet with them we have to email them an official request, I've got the email address. They help the refugees in their area to settle. I can't remember any other entities in Appleton that we're interested in learning more about, do you?

Good afternoon,

Thanks to everyone for your work on this. I'm sorry for my delay in following up. I just had a chance to go back through my archives of information I've shared the last year with our economic development partners.

I mentioned to Kaylynn at the Chamber, who I hope you've had a chance to connect with, about your interest in the Workforce Talent Pipelines Series we discussed. It sounds like she's talked with Steve Jahn of Momentum West, who could be a partner, and she recommended bringing in "Welcoming New Neighbors" locally. The series we discussed included [International Manpower Connection, Inc.](#) (PERM), [Mission Wisconsin](#) (Veterans), and a group Kaylynn mentioned named Integrated... not sure. As we

discussed, I still think the best chance for success in this in supporting businesses in driving the work of bringing new people to the region.

The email below this I shared with our regional partners and references the context of the 2022 pdf slide deck attached. The PERM pdf is an example of what our partners in Amery/Polk County did for an event last June. The best example of a success story for PERM is Len Fast, Administrator of [Barron Care & Rehab](#).

Otherwise, the following information was shared with me for contact information and links on accessing various programs. We also talked about Lutheran Social Services being a partner in our region as well.

Highlights of the Ukraine refugee process (from my counterpart in Northern WI)

1. They are refugee status, they are here for two years, basically a temporary status, unless some things change with our immigration process during the two years that will allow them to obtain a green card and/or citizenship they will return to Ukraine at the end of two years. While here they are eligible for benefits, health insurance etc. They can obtain a work permit, this process can take up to 6 weeks.
2. Each refugee needs to have a Sponsor here in the USA. The folks I talked to were not aware of a business being a sponsor. (Employer sponsored program is different) The employer program is a longer more extensive process. They suggested having an immigration lawyer retained if considering this program. However, some of the links above will provide info.
3. From the time one would become approved to be a sponsor the Ukraine refugee can be here in about 4-6 weeks, so is quite fast.
4. Most of the Ukraine refugees are female. Some are professionals, others are not. There is no guarantee they would be interested in working in manufacturing. It didn't seem like there was a way to screen people to determine their interest in working and what skills they may or may not have.
5. The I-134 is the first form to complete.

I hope all this is helpful. I'm glad to have a group in Eau Claire interested in taking this on. My role going forward can certainly be to share information and connect people who are interested and working on this topic.

Thank you,

Ray

**Subject:** Immigration talent pipelines

Good morning,

There have been a lot of questions on how our region can better access immigrant talent pipelines. My colleague for SW WI has worked in this area a while and shared some resources.

The new resettlement program for the Ukrainians was recently announced: [Welcome.US | Explainer](#). It looks like the US sponsors (family, friends, employers) should just go on the USCIS website and fill out the Affidavit of Support to start the process I-134 [Affidavit of Support \(uscis.gov\)](#).

Attached is a presentation she recently gave to the Rural WI Healthcare Cooperative Association. It provides a great primer on organizations like [Talent Beyond Boundaries](#) and discusses various pathways for opening our communities to refugees. It also references the PERM program in Rice Lake and I'm sure Dave Armstrong would be a happy resource on that.

A recent successful migration story is Puerto Ricans in 2018. You can see videos documenting the ways communities successfully recruited the here:

[https://www.youtube.com/results?search\\_query=puerto+ricans+recruiting](https://www.youtube.com/results?search_query=puerto+ricans+recruiting)

Finally, we're in early conversations about a series of roundtables throughout the State this summer on this topic. I hope to have more to share in a few weeks!

Thank you!

## Short Film Screening: Refugee Resettlement Stories in Central Wisconsin

**Three Short Films to be Screened in Central Wisconsin**

hort film series, “New Neighbors: Refugee  
settlement and Asylum-Seeking in Central  
consin,” which showcases the stories of recent  
comers in Central Wisconsin, will be screened at  
upcoming public events. The three short films  
file families from Afghanistan, Nicaragua, and  
ngo, and their journeys from their homelands to their  
/ homes in Central Wisconsin.

eenings of the films will take place [April 12, 6:30  
..](#), at the Dreyfus University Center Theater, UW  
vens Point, 1015 Reserve St., Stevens Point, and  
[/ 6, 3:00 p.m.](#), at Whitewater Music Hall, 130 1<sup>st</sup> St,  
usau. Both events are free and open to the public,  
registration is not required.

mmaker Laura Hunt and some of our new neighbors  
participate in a Q&A session after the films.

: films were created for the [New Neighbors Series](#), a  
lic event series which examines the situations in the  
relands of recent newcomers to the Central Wisconsin area, and their experiences here i  
U.S.

: New Neighbor Series is a collaboration between the Ethiopian Community Developmen  
ncil, Rise Up Central Wisconsin, University of Wisconsin-Stevens Point, Wisconsin Instit  
Public Policy and Service, Wisconsin Humanities, and Wisconsin Public Radio.

SHORT FILM SCREENINGS:

**NEW NEIGHBORS SERIES:  
REFUGEE RESETTLEMENT AND  
ASYLUM-SEEKING IN CENTRAL WISCONSIN**

...holding signs that said “Baihaqi Family welcome to Wausau.”

A growing number of newcomers from around the globe now call Central Wisconsin home. These three short films tell the stories of families from Nicaragua, Afghanistan and Congo, starting with their lives in their homelands up to their arrival and welcome in Central Wisconsin.

**-April 12, 6:30 p.m.**, Dreyfus University Center Theater, UW Stevens Point, 1015 Reserve St., Stevens Point, WI.  
**-May 6, 3:00 p.m.**, Whitewater Music Hall, 130 1st St, Wausau, WI.

Filmmaker Laura Hunt and some of our New Neighbors will participate in a Q&A session after the films.

in Central Wisconsin**

## Three Short Films to be Screened in Central Wisconsin

Short film series, “New Neighbors: Refugee Resettlement and Asylum-Seeking in Central Wisconsin,” which showcases the stories of recent newcomers in Central Wisconsin, will be screened at upcoming public events. The three short films file families from Afghanistan, Nicaragua, and Congo, and their journeys from their homelands to their homes in Central Wisconsin.

Screenings of the films will take place [April 12, 6:30 p.m.](#), at the Dreyfus University Center Theater, UW Stevens Point, 1015 Reserve St., Stevens Point, and [May 6, 3:00 p.m.](#), at Whitewater Music Hall, 130 1<sup>st</sup> St., Wausau. Both events are free and open to the public, and registration is not required.

Filmmaker Laura Hunt and some of our new neighbors will participate in a Q&A session after the films.

The films were created for the [New Neighbors Series](#), a public event series which examines the situations in the homelands of recent newcomers to the Central Wisconsin area, and their experiences here in the U.S.

The New Neighbor Series is a collaboration between the Ethiopian Community Development Council, Rise Up Central Wisconsin, University of Wisconsin-Stevens Point, Wisconsin Institute for Public Policy and Service, Wisconsin Humanities, and Wisconsin Public Radio.

Hi Don,  
Hope things are going well for you.  
I'm looking to do a screening of these 3 short films and would like to see if you would be interested and available to be part of a panel after the film and share your experiences in helping resettle refugees/immigrants.

I don't have dates yet, but looking at a Thursday eve (5:30 pm start time) for May or June.

Would you be chance have contact info for John Lor? I would like to invite him to be on the panel too.

Ua tsaug (Thank you),

Setting: possibly a small movie theater or public library.  
Audience: community members

I'm looking at doing this on a Thursday eve (5:30pm start time) w/ a local panel to share their experiences and if it works, film maker too for May or June.

Would this be possible? I'm looking into availability of venues and local panel members.

**Subject:** How I answered the questions

Ka's professional skills mix, including her passion for social causes, organizational prowess, interpersonal skills, adaptability, and problem-solving abilities, makes her an outstanding candidate for this role. Her dedication to making a positive impact and her ability to lead and manage in diverse environments are qualities that would greatly benefit any organization striving to create a better world.

As an EDI Coordinator, Ka demonstrates an exceptional level of cultural sensitivity in her role. Her deep understanding and respect for diverse backgrounds and perspectives is evident in her interactions and initiatives. She actively promotes an inclusive environment by fostering open dialogue and ensuring that all voices are heard and valued. Ka is not only aware of cultural differences but also actively seeks to learn and educate others about them, contributing to a more inclusive workplace. Her approach to EDI initiatives is grounded in cultural humility, showing a willingness to listen, learn, and adapt.

Yes, I highly recommend Ka for the position of Site Manager at World Relief. Ka brings a wealth of experience and qualifications that make her an exceptional candidate for this role. Having worked as an EDI (Equity, Diversity, and Inclusion) Coordinator, Ka has a deep understanding of the importance of cultural sensitivity, empathy, and inclusivity. She has successfully fostered inclusive environments in previous roles, which aligns perfectly with the diverse and culturally rich nature of refugee resettlement work. Moreover, Ka's experience working with university students and her background with a Ph.D. in Leadership, Policy, and Administration make her well-equipped to manage and lead teams effectively. Her academic expertise in leadership and administration, combined with practical experience, will enable her to oversee the various aspects of resettlement with a strategic and compassionate approach. Ka is not only dedicated to promoting equity and diversity but also possesses strong communication, organizational, and problem-solving skills. These qualities are essential for managing complex resettlement programs and coordinating with multiple

stakeholders, including government agencies, NGOs, and volunteers. In summary, Ka is a highly qualified and dedicated individual with the right blend of skills, experience, and empathy to excel in the role of Site Manager at your refugee resettlement agency. I have no doubt that she will contribute significantly to the success of your organization and the well-being of the refugees you serve.

Hi Ka,

I wanted to reach out because I've received some communication (in addition to the public comment we heard last night) with concerns about the refugee resettlement that tapped into existing narratives about immigration. I think there may be some fear-driven conversations happening in the community and while I imagine World Relief has experience building relationships and breaking down barriers of fear in communities, I just wanted to make sure I raised the alert.

Thanks

Emily

PS Thanks for this invitation - unfortunately I have work commitments at that time.

Here's the edit version. Looks good. Thanks.

We are saying farewell to Dr. Ka Vang who has served as our Equity, Diversity, and Inclusion Coordinator for nearly the past year. Ka has done so much for us in the time she has been here, and we are very sad to see her go. That said, we are excited about the position she is shifting into. She will work on rolling out the new World Relief Wisconsin Refugee Resettlement agency. She'll be just across the river on Madison Street, so we expect to see and work with Ka and her team often. As a child, Ka's family moved to the United States and eventually to Eau Claire. Her refugee experience greatly shaped her whole life, and she feels called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching our community with their talents, perspectives, and friendship. While at the City of Eau Claire, Ka has created an internal EDI team, facilitated training among staff, hosted monthly internal EDI meetings, hosted groups from the university, CVTC, other community organizations, formed a BIPOC Steering Committee, gathered insights from leaders throughout the community, solicited an EDI Strategic Planning consultant, and much more. She has been a wonderful friend and co-worker, and she has taken on some of our City and society's biggest and most fraught challenges with grace, kindness, strength, and lots of fun. We'll miss Ka, and we are happy she's staying put in our community, continuing her path of spreading inclusion and joy.

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

**Subject:** Re: [EXTERNAL] Syrian Refugees

Good morning Kathy,

Thank you for reaching out to me with your concerns. I attended an informational meeting with World Relief last week. I can offer a few points of clarification (below) based on the information available to me presently. I am happy to hear that you plan to attend the meeting tomorrow evening and am hopeful it will be a productive and positive meeting for all who participate.

- You reference information that was provided at the meeting on Thursday evening at the VFW. I was not in attendance at this meeting and am unfamiliar with who presented and how accurate the information may have been.
- World Relief is one of 10 resettlement agencies that assist with refugee resettlement efforts in the United States. World Relief has 20 different offices in the United States (the nearest being in the Fox Valley area in Wisconsin which opened in 2012).
- World Relief has been in contact with City staff including the City Manager regarding this matter. World Relief will gather quarterly with resettlement partners which will include local government, employers, volunteer groups, law enforcement, school districts, etc.

Please let me know if you have any other questions. Thank you,

**Jess Schoen**

City Council Member, District 1

**Subject:** [EXTERNAL] Syrian Refugees

Ms. Schoen,

I am extremely concerned about the Syrian Refugees who may be coming to the Chippewa Valley. The informational meeting held at VFW, Starr Ave. Thursday evening was extremely disconcerting for a number of reasons, mainly because this seemed to be done under the cover of darkness, with many discrepancies. The taxpayers in the Chippewa Valley were not given a heads up that this was taking place, therefore no one had an opportunity to voice their MANY concerns. Do you remember whom you represent?

Attendees at the Thursday meeting were told that this was coordinated by the Sheriff. This was a lie as the Sheriff knows nothing about this!!

What is going on??!

I expect every City Council/County Board member to be present at the Library, 6 PM, 10/23. Remember whom you represent.

Regards,

Kathleen Kivlin

**Subject:** Bring Diversity to Eau Claire

Hello,

My name is Anoosheh and I work with the City of Eau Claire, City Manager's office. As far as I know you work with Welcoming New Neighbors-NW WI Refugee Resettlement group and we would appreciate if you join us for a brainstorming session at the city hall about bringing diversity to Eau Claire. Below is some info. about what we're looking at. I'm sending an invite to a meeting right after this email, I thought I give you some explanation as who we are and what the meeting is about beforehand.

We are looking at making Eau Claire a more diverse city for several reasons including the following:

**Cultural enrichment** – Learning about other cultures helps us to understand other viewpoints and ideas and in doing so enriches our lives. For instance, Albuquerque in New Mexico is home to numerous Native American tribes and Mexican settlers, providing a first-hand opportunity to learn about these cultures. The diversity of the city has created a vibrant community and a booming [Albuquerque real estate](#) market as people from all over the country flock to the multicultural city.

**Greater creativity** – Having a variety of cultures and backgrounds allow for different perspectives and new ideas. This diversity of thoughts and opinions promotes creativity and innovation. Hence, cities with a diverse population tend to be more innovative than homogeneous ones. Hubs of creativity in the US such as San Francisco and New York are typically some of the most diverse. From the arts to technology, diversity is driving change and inspiration across industries.

**Better lifestyle** – With people from different backgrounds come a myriad of different traditions, cuisine, and art. Some of the most diverse cities in the US, including Los Angeles and New Orleans, are known for their range of world-class restaurants featuring food from cultures all around the world. There are also countless art galleries, museums, and festivals to explore and get involved in. This greatly enhances your range of experiences and subsequent quality of life.

**Stronger community ties** – Communities that are diverse and inclusive are more likely to form bonds and create a sense of belonging for all residents. With a greater sense of appreciation for other cultures, there is less conflict between different groups and communities and stronger neighborhoods with [less violent crime](#). Of course, this comes with the caveat that efforts are made within the community to foster inclusivity, tolerance, and mutual appreciation.

**Greater civic engagement** – Civic engagement refers to the willingness of citizens to get involved in their communities to strengthen them and make them a better place for everyone to live and work. As people learn more about the importance of diversity and the acceptance of other cultures, they can become more engaged in their communities and work towards making positive changes that will benefit everyone. This can include volunteering or voting for progressive and inclusive legislation.

**Economic growth** – Diverse communities drive economic growth through increased business opportunities and increased consumer spending power. Many businesses have begun to realize that attracting a diverse workforce leads to higher productivity levels and increased revenue. It also creates a dynamic culture in which employees learn from each other and build on their strengths to create better products. This drives greater success for the economy on the whole.

(for more material on this subject please

To make Eau Claire more diverse we're looking at different options such as:

**Get more immigrant/refugee friendly-** In order to attract immigrants and refugees from other states and cities to Eau Claire we need to :

- Invest in minorities
- Allow cultural expression and inclusivity
- Offer language services
- Adopt policies that support inclusion

**Bring in foreign labor-** The detailed process can be found in the link below

[Foreign Labor | U.S. Department of Labor \(dol.gov\)](https://www.dol.gov)

**Subject:** Resettlement agencies in Fox valley

I'm looking into what agencies are working around Appleton that are related to what we're looking for. One is **World Relief** that I'm very familiar with, they are a huge **Christian** NGO with branches all over the world, They accept strictly Christian employees, their model of working as a very rich agency can't be a model for us I guess? Also, they're closed on Wednesdays. The other one is a **Muslim** organization with a headquarter in **Pakistan** that helps refugees from Muslim countries, If we want to meet with them we have to email them an official request, I've got the email address. They help the refugees in their area to settle. I can't remember any other entities in Appleton that we're interested in learning more about, do you?

Good morning Lea,

My name is Anoosheh and I'm reaching out from the City of Eau Claire trying to get familiar with your activities in helping refugees. Would you be available for a quick phone call or do you have any information you can share with us, or even better would you be available to meet with us in Appleton April 24<sup>th</sup> or 26<sup>th</sup>? We'll be there for a conference.

Thank you ☺

**Subject:** Invite or Not?  
**Importance:** High

Good morning Stephanie,

I hope you're enjoying your trip ☺  
I talked to World relief director in Fox Valley.  
She's coming to Eau Claire to visit with us and all the key players.  
Is it ok to invite Katheryn and Lieske, Holley, Deb and Don too?  
Do you think we should have Billie too because she has housing questions for us as well or you will take care of them?

This is the email I'm going to send and I've already booked it on your schedule

"World Relief Refugee Resettlement agency is considering opening another office in Wisconsin and Eau Claire is one of the 2 candidates. TAMI MCLAUGHLIN is their Fox Valley office director and she is coming to Eau Claire to meet with us and do an assessment. I appreciate if you can attend please."

Dear Anoosheh,

I just wanted to let you know that there is also an existing refugee resettlement organization in Eau Claire called Welcoming New Neighbors (WNN). Wnn has been operating under the sponsorship of Lutheran Social Services of Wisconsin and Upper Michigan—home office Milwaukee—as a CoSponsorship program. WNN has accepted and settled 7 Afghan men and also supported two Afghan families who came to Eau Claire as a secondary migration. WNN is also moving to become a recognized Refugee Resettlement agency.

Two primary contacts for WNN are Ginny Close and Bea Evans, and I will copy them on this email.

Best,

Don Mowry

Hello Anoosheh,

Yes Welcoming New Neighbors is still a volunteer driven organization. From our Afghan welcoming experience, we are exploring expanding to become a 501c3 in support of new immigrants and of those already here.

It is exciting to hear that World Relief is considering EC. All kinds of questions come to mind however and I would like to hear more of the back story of how EC got to be considered as a possible future resettlement location? Would you be available to meet with a few of WNN volunteers prior to April 5 or could a few of us attend that meeting?

Looking forward to working together to become a truly welcoming community.  
Ginny Close

**Subject:** [EXTERNAL] RE: April 5th Meeting in Eau Claire

Hello Anoosheh,

I enjoyed our discussion yesterday regarding World Relief establishing a refugee resettlement site in Eau Claire. Will look forward to continuing the conversation with a wider network of community stakeholders on Wednesday, April 5<sup>th</sup> and am very thankful for your willingness to coordinate this meeting.

Attached is a document created by our resettlement contractor, The Bureau of Population, Refugees and Migration (PRM), as a guide to assess a community's ability to resettle refugees. World Relief will complete the assessment and use to assist in determining if we are supportive of opening a site in Eau Claire. This would be followed by submitting a proposal to PRM as ultimately it is their decision to approve new sites. As I mentioned, we are also assessing the community of La Crosse and would most likely only support opening one new office next year.

Please feel free to send the guide to your stakeholders. Attachments Two and Three on pages 19 – 25 contain specific questions related to the assessment, and we will use the Evaluation Matrix to begin our conversation. My goal would be to have the assessment completed by the end of April and will plan to make one or two additional trips to Eau Claire.

Regarding housing questions, we would expect to resettle no more than a total of 75 people the first year. (most likely arriving after January 1, 2024). We are currently resettling mainly Congolese in the Fox Valley; singles to families as large as 9 people so renting 1 – 4 bedroom housing, ranging from \$650 - \$1400. Housing is a challenge in all of our communities so will be a priority in the assessment!

Hope this information is helpful as we begin this process. Please feel free to reach out with questions....resettlement is a collaborative and community response and we look forward to developing a strong partnership.

Thank you for your help and I look forward to meeting you soon.

Tami

**Subject:** April 5th Meeting in Eau Claire

Good morning Tami,

I have invited Health Director, County Director and the city manager, Human Services Director, our housing project coordinator, ELL program Manager from CVTC, and a few more to the meeting on April 5<sup>th</sup> at 9:00. Most of them will be here☐

Our housing project manager asked me a couple of questions to get ready for the meeting, I thought I'll forward them to you:

“Do we have any preliminary information on needs from a community to host this program? How much housing would a program like this need available?  
If housing is needed, what price points? It would be helpful to know what criteria they look at in order to be able to be prepared to answer questions during the meeting. “

Hi Annosheh,

If you are good with coming to our office in Menasha that might work great. Let me know if that does not work though.

Our address is 1050 Midway Road. We are in the same building as Subway.

Thanks

Good morning Anoosheh,

Thank you for being so welcoming!! ☺ If it would work for you, a few of us would like to meet with you prior to the 5th, perhaps next week? We would especially like to tell you our Welcoming New Neighbors (WNN) 'story'. Also, we would like to share what we have learned, connections we have made, and other immigrant support efforts already at work of which you may or may not already be aware. Learning more of the City of Eau Claire perspective and the World Relief connection would be of great value as WNN envisions our community becoming an even more immigrant welcoming one, working in partnership with those seeking that same outcome.

Anoosheh, in order to proceed with setting up a meeting, could you please give us a couple of choices of days, times, and a meeting place that would work for you? There is such great interest within our Steering Committee, that I would estimate 4-5 of us wanting to join you.

Happy Friday,  
Ginny Close  
WNN Steering Committee Member

Hello Anoosheh,

Yes Welcoming New Neighbors is still a volunteer driven organization. From our Afghan welcoming experience, we are exploring expanding to become a 501c3 in support of new immigrants and of those already here.

It is exciting to hear that World Relief is considering EC. All kinds of questions come to mind however and I would like to hear more of the back story of how EC got to be considered as a possible future resettlement location? Would you be available to meet with a few of WNN volunteers prior to April 5 or could a few of us attend that meeting?

Looking forward to working together to become a truly welcoming community.

Dear Anoosheh,

I just wanted to let you know that there is also an existing refugee resettlement organization in Eau Claire called Welcoming New Neighbors (WNN). Wnn has been operating under the sponsorship of Lutheran Social Services of Wisconsin and Upper Michigan—home office Milwaukee—as a CoSponsorship program. WNN has accepted and settled 7 Afghan men and also supported two Afghan families who came to Eau Claire as a secondary migration. WNN is also moving to become a recognized Refugee Resettlement agency.

Two primary contacts for WNN are Ginny Close and Bea Evans, and I will copy them on this email.

Best,

Don Mowry

Good afternoon,

Thanks to everyone for your work on this. I'm sorry for my delay in following up. I just had a chance to go back through my archives of information I've shared the last year with our economic development partners.

I mentioned to Kaylynn at the Chamber, who I hope you've had a chance to connect with, about your interest in the Workforce Talent Pipelines Series we discussed. It sounds like she's talked with Steve Jahn of Momentum West, who could be a partner, and she recommended bringing in "Welcoming New Neighbors" locally. The series we discussed included [International Manpower Connection, Inc.](#) (PERM), [Mission Wisconsin](#) (Veterans), and a group Kaylynn mentioned named Integrated... not sure. As we discussed, I still think the best chance for success in this in supporting businesses in driving the work of bringing new people to the region.

The email below this I shared with our regional partners and references the context of the 2022 pdf slide deck attached. The PERM pdf is an example of what our partners in Amery/Polk County did for an event last June. The best example of a success story for PERM is Len Fast, Administrator of [Barron Care & Rehab](#).

Otherwise, the following information was shared with me for contact information and links on accessing various programs. We also talked about Lutheran Social Services being a partner in our region as well.

Highlights of the Ukraine refugee process (from my counterpart in Northern WI)

1. They are refugee status, they are here for two years, basically a temporary status, unless some things change with our immigration process during the two years that will allow them to obtain a green card and/or citizenship they will return to Ukraine at the end of two years. While here they are eligible for benefits, health insurance etc. They can obtain a work permit, this process can take up to 6 weeks.
2. Each refugee needs to have a Sponsor here in the USA. The folks I talked to were not aware of a business being a sponsor. (Employer sponsored program is different) The employer program is a longer more extensive process. They suggested having an immigration lawyer retained if considering this program. However, some of the links above will provide info.
3. From the time one would become approved to be a sponsor the Ukraine refugee can be here in about 4-6 weeks, so is quite fast.
4. Most of the Ukraine refugees are female. Some are professionals, others are not. There is no guarantee they would be interested in working in manufacturing. It didn't seem like there was a way to screen people to determine their interest in working and what skills they may or may not have.
5. The I-134 is the first form to complete.

I hope all this is helpful. I'm glad to have a group in Eau Claire interested in taking this on. My role going forward can certainly be to share information and connect people who are interested and working on this topic.

Thank you,

Ray

**Subject:** Immigration talent pipelines

Good morning,

There have been a lot of questions on how our region can better access immigrant talent pipelines. My colleague for SW WI has worked in this area a while and shared some resources.

The new resettlement program for the Ukrainians was recently announced: [Welcome.US | Explainer](#). It looks like the US sponsors (family, friends, employers) should just go on the USCIS website and fill out the Affidavit of Support to start the process I-134 [Affidavit of Support \(uscis.gov\)](#).

Attached is a presentation she recently gave to the Rural WI Healthcare Cooperative Association. It provides a great primer on organizations like [Talent Beyond Boundaries](#) and discusses various pathways for opening our communities to refugees. It also references the PERM program in Rice Lake and I'm sure Dave Armstrong would be a happy resource on that.

A recent successful migration story is Puerto Ricans in 2018. You can see videos documenting the ways communities successfully recruited the here:

[https://www.youtube.com/results?search\\_query=puerto+ricans+recruiting](https://www.youtube.com/results?search_query=puerto+ricans+recruiting)

Finally, we're in early conversations about a series of roundtables throughout the State this summer on this topic. I hope to have more to share in a few weeks!

Thank you!

Ray

Hi Tami,

Recently a regional housing study was done and presented here in Eau Claire. I thought that might be a good source for the housing questions. Please see the link below.

**Subject:** [EXTERNAL] RE: April 5th Meeting in Eau Claire

Hello Anoosheh,

I enjoyed our discussion yesterday regarding World Relief establishing a refugee resettlement site in Eau Claire. Will look forward to continuing the conversation with a wider network of community stakeholders on Wednesday, April 5<sup>th</sup> and am very thankful for your willingness to coordinate this meeting.

Attached is a document created by our resettlement contractor, The Bureau of Population, Refugees and Migration (PRM), as a guide to assess a community's ability to resettle refugees. World Relief will complete the assessment and use to assist in determining if we are supportive of opening a site in Eau Claire. This would be followed by submitting a proposal to PRM as ultimately it is their decision to approve new sites. As I mentioned, we are also assessing the community of La Crosse and would most likely only support opening one new office next year.

Please feel free to send the guide to your stakeholders. Attachments Two and Three on pages 19 – 25 contain specific questions related to the assessment, and we will use the Evaluation Matrix to begin our conversation. My goal would be to have the assessment completed by the end of April and will plan to make one or two additional trips to Eau Claire.

Regarding housing questions, we would expect to resettle no more than a total of 75 people the first year. (most likely arriving after January 1, 2024). We are currently resettling mainly Congolese in the Fox Valley; singles to families as large as 9 people so renting 1 – 4 bedroom housing, ranging from \$650 - \$1400. Housing is a challenge in all of our communities so will be a priority in the assessment!

Hope this information is helpful as we begin this process. Please feel free to reach out with questions....resettlement is a collaborative and community response and we look forward to developing a strong partnership.

Thank you for your help and I look forward to meeting you soon.

Tami

**Subject:** April 5th Meeting in Eau Claire

Good morning Tami,

I have invited Health Director, County Director and the city manager, Human Services Director, our housing project coordinator, ELL program Manager from CVTC, and a few more to the meeting on April 5<sup>th</sup> at 9:00. Most of them will be here☐

Our housing project manager asked me a couple of questions to get ready for the meeting, I thought I'll forward them to you:

“Do we have any preliminary information on needs from a community to host this program? How much housing would a program like this need available?  
If housing is needed, what price points? It would be helpful to know what criteria they look at in order to be able to be prepared to answer questions during the meeting. “

**Subject:** RE: update for council

We are exploring the feasibility of expanding the City's capacity to welcome immigrants and refugees. Our dual objectives are to address employee shortages and to cultivate a vibrant, multi-cultural community. One potential avenue is the prospect of World Relief Refugee Resettlement agency establishing a new office in Wisconsin. We are thrilled to be one of two candidates under consideration, and Tami McLaughlin, Director of World Relief Fox Valley, will visit Eau Claire in April to conduct an assessment. Additionally, we are actively exploring ways to boost the local workforce by utilizing PERM (employment) visas. To this end, we have engaged with the Chamber, CVTC, and ECD and are in the process of planning an information session for Eau Claire's businesses and employers.

Good morning Becca,

We'll have a discussion today and if you can't make it, I'll brief you of the outcomes and we'll hopefully meet next week?

We're pressed out for time, our goal is to establish a date for the upcoming info session by April 6, and we aim to schedule it for May.

Do you know who from EDC might be able and willing to present and take part in the panel? I have attached the sample of what we're thinking might be good to present.

Thank you ☐

**Subject:** [EXTERNAL] RE: Bring Diversity to EC

Hi Anoosheh,

From a space and co-sponsoring perspective, CVTC can be a partner on this event. I shared this event idea with the other deans at CVTC, and many thought employers in their sectors would be interested.

Before we do any date-setting, I think we need to identify who will present information. We would need to work around this person's/group's schedule. And we should probably have at least 1-2 members of a panel on board before setting a date and publicizing.

I have included Kaylynn and Becca Coleman from the EDC on this email as it sounds like they had been exploring a similar event last fall.

All, what are your thoughts on the feasibility of this immigrant workforce information session coming together in time to promote for a May event? If not May, when? The space is the easiest part!

Hi Holly,

We met with Kaylynn from Chamber of Commerce today. We talked about PERM visa

and bringing workforce to Eau Claire from other countries, she is on board. We thought

a good next step is to set a date for an info session for employers probably in May at

CVTC, we'll provide the Slides for a presentation, we'll need a presenter and a panel.

Chamber would contact employers and we'll need to arrange for some refreshments,

Chamber said if CVTC can't do it, they might be able to take care of it.

The annual HR meeting will be on April 6<sup>th</sup>, Kayleen mentioned that if we can set the date for the info session by then, she will be able to bring it up in that meeting which will be very helpful. Your thoughts please?

Thank you,  
Anoosheh

Hello all,

Sorry I missed the meeting last week. Alyssa represented CVTC and shared your conversation with me. I'm happy to continue CVTC's involvement in this exploration. I understand there was interest in hosting an event to bring employers and other together to discuss opportunities related to immigrant workers. CVTC would love to be a partner in this with both space and logistics. Anoosheh—feel free to reach out to me directly for further conversation.

I'll have to leave it to others to share PERM stories. We certainly have other immigrant learning and career success stories to share, though! ☐

**Subject:** [EXTERNAL] Our conversation yesterday

Dear Anoosheh and Stephanie,

Thank you so much for hosting our conversation yesterday. Hopefully your takeaway, as was mine, was knowing how passionate we are about becoming a more diverse and welcoming community. Having a refugee resettlement agency locally would definitely work towards that.

In planning for the April 5th meeting, please confirm that the full Welcoming New Neighbors Steering Committee members are invited. That could be as many as 8-10 folks depending on other prior commitments.

Looking forward to seeing you again and continuing to 'dream' together!

Ginny Close,  
Welcoming New Neighbors

PS Besides giving credit to Walt Disney, yesterday, here is another appropriate quote. "If you can dream it, then you can achieve it. You will get all you want in life if you help enough other people get what they want. - Zig Ziglar.

**Subject:** [EXTERNAL] Re: Reconnecting

Thanks Kathy! All great info. I did not mention it but Anoosheh had reached out to refugee resettlement agencies closest to EC and heard from Fox Valley World Relief that, quite coincidentally, they may be interested in a sub office in Eau Claire. This area is not close enough per federal requirements to resettle folks here. It took almost an 'Act of Congress' to allow Afghan resettlement. I assume Winona had the same challenge and sponsored Afghans through the Sponsor Circle program because of those same restrictions placed on the Agencies in Minnesota. It is MOST disturbing that Agencies cannot cross state lines!! Enough griping!!!

Hi again to Dwayne!! Are you two the movers and shakers of the Winona Sheltering Network? I envision that as a hub of a wheel and each of your groups are spokes? Although not yet as well organized, I think of Welcoming New Neighbors as becoming a kind of hub here. I assume Dwayne (Congrats on County Board!!) is in touch with Greg Barnes regarding the Honduran asylum families, Not wanting to steal Greg's thunder, but our Honduran family finally got work permits after almost 2 years.

So many questions come to mind that for sure, let's try to figure out how to update each other.

Happy Day!  
Ginny

On Sat, Apr 1, 2023 at 10:09 AM Kathy Florin <[kathymflorin@gmail.com](mailto:kathymflorin@gmail.com)> wrote:

Good morning everyone,

Ginny, it's nice to hear from you again and I do remember you! Thanks for reaching out.

Anoosheh, it's nice to meet over email.

I'm also including Dwayne Voegeli in this email. He was the main dreamer and mover on purchasing two homes in Winona for newcomers. He has also recently become a member of the Winona County Board.

Yes, the houses are intended as longer-term transitional housing and are less than a block from one another. Currently, there is a Honduran family living in one and an Afghan family living in the other one.

Dwayne can correct me if I'm wrong but....

The [Winona Sheltering Network](#) (WASN is under the 501c3 of the Winona Sheltering Network) took a loan out on the first house and through fundraising just recently paid it off (!!)

A landlord in town purchased the second house and we are doing a contract for deed with him.

This has been a solution for us with the challenges of adequate and affordable housing, flexible leases, not a need for background checks / credit scores, etc.

Dwayne would know more specific information though.

That's great about your Afghan community growing! We currently have 16 individuals in town and are also working on TPS applications and renewal of work authorizations so there's no gaps. The paperwork seems to never end. ☹

All of our Asylum seekers have had interviews but have not heard back anything yet (and two were more than 150 days ago). None of our SIV cases have had their interviews yet, but their paperwork has been submitted. ☹

I'd love to keep in touch! I enjoy learning about creative solutions that other communities are implementing to help support newcomers, growing the web of support and connections, and in general connecting with people doing work that inspires me.

With warmth,  
Kathy

Hi Kathy,  
Remember me? Gosh 'how time flies' has a new meaning these days!! Now that our Afghan neighbors in the Eau Claire area are more settled, we of Welcoming New Neighbors are re-inventing ourselves to broaden our mission of welcoming to all newly arriving as well as to those already here.

Kathy, I vaguely remember someone (you?) mentioning that the Winona network had purchased transitional housing. That idea came up yesterday in a meeting with our Eau Claire City Manager Staff. I am wondering if you could connect us with the appropriate

person who can tell us more of the process for that? I am copying Anooosheh as one of the 'Movers & Shakers' in Eau Claire. :))

For your information, our Afghan population has increased to 19 or so individuals having discovered a family of 8 living in Spring Valley. No one has been granted asylum yet although many are well past the 150 day mark since they went to Chicago hearings. Now applications for Temporary Protective Status and renewed work permits are being submitted to avoid any gaps once their 24 mt parolee period is up.

Would love to hear from you.  
Ginny

Hi Anoosheh,  
At this time I am not able to attend this meeting, as I have a couple of conflicts. I would like to have a better understanding of the meeting, so I can determine who from the Department might be able to attend. Please let me know if you have a few minutes to connect this afternoon.  
Thank you  
Diane

Good morning,

We have been working on assessing the feasibility of increasing the City's capacity to host immigrants and refugees, with the two goals of addressing employee shortages and of promoting a more multi-cultural community.

World Relief Refugee Resettlement agency is considering opening another office in Wisconsin, and Eau Claire is one of the 2 candidates. Tami Mclaughlin is their Fox Valley office director and she is coming to Eau Claire on April 5<sup>th</sup> to meet with us and do an assessment.

I'm

scheduling the

meeting for 9:00 AM, if there's any conflict please let me know, Tami's schedule is flexible

Thank you  
Anoosheh

Tami,

I would be happy to connect and meet with you to discuss this important topic to help you learn more about the Eau Claire Area School District. I am including Melissa Dexter, Dr. Xiong's Executive Assistant to help with scheduling. Once Melissa has the chance to review Dr. Xiong's calendar, would you like her to setup a virtual meeting link for us or would your preference be to meet in person in Eau Claire? I am open to either possibility.

Thank you so much for the outreach. I am eager to connect and learn more about the work you're leading to support refugee families.

Sincerely,

**Dang Yang** (he/him/his)

Hello Dr. Xiong and Mr. Yang,

Annosheh Hamzehee recommended reaching out to you. I am the Office Director of World Relief Fox Valley, the refugee resettlement agency in the Appleton and Oshkosh area. Our agency is considering opening an office in Eau Claire and in the midst of completing an assessment of the community before making a final decision. Thus far we have a very favorable impression of the Eau Claire community but would like to learn more about the Eau Claire public school district. Would either of both of you be available to meet with myself and two colleagues next Wednesday, April 19<sup>th</sup> for one hour? We would be available any time after 9:30am

Looking forward to hearing from you and hopefully meeting you both!

Tami

**Subject:** World Relief meeting with Chief Rokus (April 19th)

World Relief, a refugee resettlement agency, is considering Eau Claire as a potential location to establish a refugee settlement office.

The agency has conducted initial interviews with relevant individuals. As part of the assessment process, the director of the agency based in Appleton, Tami Laughlin, wishes to speak with the Eau Claire police chief. The following is a list of questions that will be discussed during the meeting.

Any anti-immigrant sentiments expressed in the community? If so, how are sentiments managed?

How are immigrants groups isolated or integrated into the community?

Does local law enforcement have a community or cultural liaison?

Any foreseeable barriers from public safety perspective to resettlement in community

Any resources available for language barriers?

Hi James,

It was nice meeting you too. This is how our schedule looks like next week:

Monday:

12:00 -4:00 in Wausau, probably around 5:30 we'll be in Appleton ( we can't meet after 5:30, can we?)

Tuesday:

8:00-5:30 Conference ( we can miss one session and be at World Relief at 1:00?)

Wednesday:

7:30- 1:30 Conference, 2:00 visit Forward service Corp in Menasha ( we can meet with you after?)

We would appreciate if you can walk us through the process of refugee resettlement, I have worked with UNHCR, so have some idea how it works but both of us would like to get a better picture please. If we meet during the day we would love to take a tour of your office too if possible. I don't have any specific question in mind to ask at this time ☐

Please let me know which day and time works better for you.

Thank you,  
Anoosheh

Hello Stephanie,

Hope you are well and enjoying Wisconsin's beautiful spring season.

After several visits and conversations with numerous stakeholders, World Relief Fox Valley is proposing opening a sub office in Eau Claire in the fall of 2023. Letters of support from officials and key partners are required to accompany the proposal so I am hoping you would write a letter and return to me by Wednesday, May 24. A template is attached for consideration.

We will be in touch as we continue forward with our plans as know your support and expertise will be instrumental in the success of welcoming refugees to Eau Claire. We appreciate all of the work you, Anoosheh and others on your team have done to pave the way for future newcomer communities and we look forward to partnering and collaborating to continue Eau Claire's legacy of welcome.

Please let me know if you have any questions or concerns.

Thank you for your support and leadership.

Tami

Good morning Tami,

It's weird, her email address is correct, I'll make sure she has received it.

CVTC (Holley Hassemmer) has also announced their interest in providing a letter of support if you need it at all.

This is Chief Rokus's email: [Matt.Rokus@eauclairewi.gov](mailto:Matt.Rokus@eauclairewi.gov)

Please let me know if there's anything else I can help with.

Anoosheh

Good Morning, Anoosheh!

Hope you had a nice Mother's Day weekend!

I've copied you on a request to Stephanie for a support letter but it was returned to me. Could you verify the address? Also, am sending a request to Chief Rokus but do not have his email. Would you share his address with me?

I am sending requests to Nancy Weltzin, Marisa Stanley and Deng Yang along with our State Refugee Coordinator and State Refugee Health Coordinator. I don't expect any issues and will include with our proposal which should be completed by the end of May.

Will keep you posted on progress!

As always, appreciate your assistance and support!

Tami

Hello Marisa,

Hope you are well and enjoying Wisconsin's beautiful spring season.

After several visits and conversations with numerous stakeholders, World Relief Fox Valley is proposing opening a sub office in Eau Claire in the fall of 2023. Letters of support from officials and key partners are required to accompany the proposal so I am hoping you would write a letter and return to me by Wednesday, May 24. A template is attached for consideration.

We will be in touch as we continue forward with our plans as know your support and expertise will be instrumental in the success of welcoming refugees to Eau Claire. We appreciate all of the work you personally have done with refugee health screenings as well as the whole Eau Claire public health team to pave the way for future newcomer communities. We look forward to partnering and collaborating to continue Eau Claire's legacy of welcome.

Please let me know if you have any questions or concerns.

Thank you for your support and leadership.

Tami

Good morning Tami,

It's weird, her email address is correct, I'll make sure she has received it.

CVTC (Holley Hassemer)has also announced their interest in providing a letter of support if you need it at all.

This is Chief Rokus's email: [Matt.Rokus@eauclairewi.gov](mailto:Matt.Rokus@eauclairewi.gov)

Please let me know if there's anything else I can help with.

Anoosheh

**Subject:** [EXTERNAL] FW: Support Letter for Refugee Resettlement

Good Morning, Anoosheh!

Hope you had a nice Mother's Day weekend!

I've copied you on a request to Stephanie for a support letter but it was returned to me. Could you verify the address? Also, am sending a request to Chief Rokus but do not have his email. Would you share his address with me?

I am sending requests to Nancy Weltzin, Marisa Stanley and Deng Yang along with our State Refugee Coordinator and State Refugee Health Coordinator. I don't expect any issues and will include with our proposal which should be completed by the end of May.

Will keep you posted on progress!

As always, appreciate your assistance and support!

Tami

Hi Anoosheh,

Good to hear from you! We don't expect to receive final approve for the resettlement site until late August but are going to begin recruiting for the site director (position should be posted by the following week). I will also begin looking for office space. Do you have any recommendations regarding location? A top priority is accessibility to public transportation.

Will stay in touch as starting to move forward!

Thanks!

Hello Lieske,

Annoosheh forwarded your email and I appreciate your interest in preparing for the arrival of refugees to the Chippewa Valley in the near future. Our team in the Fox Valley is wrapping up fiscal year 2023 in the midst of welcoming a few more individuals and families while also preparing to open our Chippewa Valley office in the next few weeks.

We are on the cusp of finalizing office space and in the process of making offers for several staff positions. We hope most of these details are in place by the middle of October. In addition, we have tentatively scheduled a "partner meeting" for later October and plan to send invites next week which you will receive. With all of these details in place, our best estimate for first arrivals would be late November and could consist of individuals or families. The total number of refugees we have been approved to welcome to the Chippewa Valley for FY2024 is 75 people.

Brittany Fry reached out earlier this summer asking for information regarding Public Health's responsibility in refugee resettlement and following was the response provided by our State Refugee Health Coordinator, Savitri Tsering:

*Hello,*

*I work as the State Refugee Health Coordinator (SRHC) and can address concerns related to refugees coming into your community. I know World Relief Fox Valley (WRFV) will be opening a satellite office in Eau Claire this fall. For refugee services we recommend that the local health department (LHD) be part of the network that works with the resettlement agency (RA) and provides information and updates as needed. In general, it is not expected that LHDs do any more for refugees than they would for others living in their community. You will be viewed as an agency in the know about area health/medical providers.*

*As you are aware there are sponsored humanitarian parolees that are coming into the US that need TB attestation. If they are not eligible for Medicaid (depending on where they are from, they may or may not be eligible), the TB dispensary can cover their TB related screening services.*

*Ways that health departments have helped make connection with the refugee community is in providing education and updates for programs they have such as home visiting, WIC, communicable disease follow-up, child car safety, Well Women programs, etc. – your LHD may or may not have some of those services but the point is, what you offer the general public, in turn offer to the refugee community and make sure you have a seat at the table for understanding and connecting with those doing refugee resettlement in your community.*

*Taking the view broader to all immigrant populations the same will be true – what do you provide to your general population, make sure [your local connection to Covering WI](#) is strong so that full knowledge of healthcare eligibility is there, know the parameters of what services you can provide regardless of documentation status.*

Lieske, I hope this information is helpful. If you have additional questions, please do not hesitate to reach out. We hope to meet you in the near future and look forward to developing a strong partnership and welcoming network for the Chippewa Valley newcomers!

Thank you,

Tami

**Subject:** RE: [EXTERNAL] resettlement update

Thanks for the update Anoosheh.

Someone from our team will be happy to be part of the conversation.

I know that housing also will be an important issue. Not sure if anyone is actively addressing that if a large group of people are coming.

Do you know if this is likely individuals or families? That would help us in thinking who best on our end to engage.

Thanks.

Lieske

Good morning Lieske,

Tami will provide you more details this week. They're going to have a partnership meeting the middle of October and in the process of finalizing those plans.

Anoosheh

**Subject:** [EXTERNAL] resettlement update

Greetings.

I wanted to quickly connect to see if you have any updates for us related to the proposed resettlement efforts. I know that depending on what moves forward, there may be considerable involvement of staff and resources across our agencies. I want to be sure we are thinking about that so we have planned strategically.

Let me know what you can share.

Thanks much.

Lieske

**Subject:** RE: Tasks

I marked the ones I thought were worth talking about and grouped them by topic...

<b>Task</b>	<b>Discuss?</b>	<b>Person</b>	<b>Status</b>	<b>Date</b>	<b>Source</b>
Consider strategies to provide health insurance for part-time streets and parks workers, per request of employees.	1	Colleen Schian	In Progress	1/29/23	EauStat
Look into what can be done about the Park Crew tablets, which Park staff report are outdated and failing. Update 8/14/23: Will these be replaced as part of the Asset Management software project?	1	Bob Nelson	In Progress	1/10/23	EauStat
Per employee request, take a look at scheduled days for Parks – have to work holidays with no special pay	1	Colleen Schian	In Progress	1/10/23	EauStat
Per employee suggestion, consider offering unemployment for seven month seasonal employees.	1	Colleen Schian	In Progress	1/29/23	EauStat
Per employees at CS, look at call-in pay and shift differential	1	Colleen Schian	In Progress	1/10/23	EauStat
Can IT help Community Services staff access a computer? A challenge is with the requirement to change our password on the City network. Update 8/14/23: May need to wait until Office 365 is implemented.	1	Bob Nelson	On Hold	1/10/23	EauStat
Consider options for Tree Preservation ordinance. Update 8/14/23: Council Members have required work session. Will also be considered as part of zoning overhaul. Update 9/26: Matt is applying for the proposed grant for a project related to Asset Management.	2	Steve Plaza	In Progress	1/28/23	EauStat
Determine location for parks storage, as employees indicated that parks items are scattered in different locations.	2	Steve Plaza	In Progress	1/29/23	EauStat
Determine new location for brush site.	2	Aaron White	In Progress	10/1/22	EauStat
Monitor resident satisfaction and communication regarding allowable items to leave at graves.	2	Travis Davis	In Progress	10/1/22	EauStat
Promote pollinator efforts. Update 1/25/23: Council has passed No Mow May ordinance, and Jonah Task Force has received funding to help promote/implement.	2	Ned Noel	In Progress	1/25/23	2023 Goals
Look into consolidating mowing into one division	2	Steve Plaza	Ongoing	9/18/23	EauStat
Address wage for tree apprentice	2	Steve Plaza	Ongoing	9/18/23	EauStat
Increase cost per gallon of compost	2	Steve Plaza	Ongoing	9/18/23	EauStat
Figure out a way to scan cemetery documents	2	Steve Plaza	Ongoing	9/18/23	EauStat
Consider alternative to ActiveNet - Maybe a separate system for pavillions and Rec sign up.	2	Steve Plaza	Ongoing	9/18/23	EauStat
Consider setting up brush site enterprise fund.	2	Steve Plaza	Ongoing	9/18/23	EauStat
Charge County for veteran cemetery plots.	2	Steve Plaza	Ongoing	9/18/23	EauStat
Make sure weekend burials OT is covered by rates.	2	Steve Plaza	Ongoing	9/18/23	EauStat
Carry out visioning process for EC facilities and programming (including Half Moon)	2	Steve Plaza	Ongoing	9/18/23	EauStat

**Sent:** Tue, 3 Oct 2023 10:34:27 -0500  
**To:** "Ka Vang" <Ka.Vang@EauClaireWi.Gov>  
**Subject:** How I answered the questions

Ka's professional skills mix, including her passion for social causes, organizational prowess, interpersonal skills, adaptability, and problem-solving abilities, makes her an outstanding candidate for this role. Her dedication to making a positive impact and her ability to lead and manage in diverse environments are qualities that would greatly benefit any organization striving to create a better world.

As an EDI Coordinator, Ka demonstrates an exceptional level of cultural sensitivity in her role. Her deep understanding and respect for diverse backgrounds and perspectives is evident in her interactions and initiatives. She actively promotes an inclusive environment by fostering open dialogue and ensuring that all voices are heard and valued. Ka is not only aware of cultural differences but also actively seeks to learn and educate others about them, contributing to a more inclusive workplace. Her approach to EDI initiatives is grounded in cultural humility, showing a willingness to listen, learn, and adapt.

Yes, I highly recommend Ka for the position of Site Manager at World Relief. Ka brings a wealth of experience and qualifications that make her an exceptional candidate for this role. Having worked as an EDI (Equity, Diversity, and Inclusion) Coordinator, Ka has a deep understanding of the importance of cultural sensitivity, empathy, and inclusivity. She has successfully fostered inclusive environments in previous roles, which aligns perfectly with the diverse and culturally rich nature of refugee resettlement work. Moreover, Ka's experience working with university students and her background with a Ph.D. in Leadership, Policy, and Administration make her well-equipped to manage and lead teams effectively. Her academic expertise in leadership and administration, combined with practical experience, will enable her to oversee the various aspects of resettlement with a strategic and compassionate approach. Ka is not only dedicated to promoting equity and diversity but also possesses strong communication, organizational, and problem-solving skills. These qualities are essential for managing complex resettlement programs and coordinating with multiple stakeholders, including government agencies, NGOs, and volunteers. In summary, Ka is a highly qualified and dedicated individual with the right blend of skills, experience, and empathy to excel in the role of Site Manager at your refugee resettlement agency. I have no doubt that she will contribute significantly to the success of your organization and the well-being of the refugees you serve.

**Subject:** City Manager Update to the City Council - Week of 7/17  
**Attachments:** City Manager Update to the City Council 07 17 2023.pdf

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

**In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

- **Council Calendar**
- **Special Employee Spotlight:** Melissa Turnquist

**Subject:** Not a sad good bye

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

[CLICK HERE TO REGISTER](#) Please RSVP by Friday, October 13, 2023

Feel free to share this invitation with other service providers in the Chippewa Valley network

Please attend our

## Inaugural Refugee Community Partner Meeting

Hosted by World Relief Wisconsin – Chippewa Valley

Wednesday, October 18, 2023 9:30-11am

9:30AM – 10AM Overview of refugee resettlement in the Chippewa Valley  
10AM – 10:30AM Breakout Session by service provision to discuss referrals and processes  
10:30 – 11AM Networking (optional)

L.E. Phillips Memorial Public Library  
400 Eau Claire Street  
Eau Claire, WI 54701  
Riverview Room (Room 306)

Here's the link for more information about the Community Gathering on Oct. 23:  
<https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Again, thank you so much for your support and thank you for the work you do!

The City has already posted the EDI Coordinator position on their website. [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#)

Ua tsaug (Thank you),

**Ka Vang, Ed.D.**

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Hi Andrew - Looping in some others... we have been discussing this as well. Are you planning to go to tonight's meeting, Andrew? I know that Tami and Ka have been deliberating about whether or not to go. (If you do go, you could share your support and/or explain WR's vetting policy.)

Chief Rokus, do you have thoughts on safety? Dave may have more insight on this situation as well...

I also want to loop you in about this Stephanie. The speaker last week from Fire Dept was incredibly concerning, making irrational claims about refugees and the border and Hamas, and I see that that same fear is spreading. I told Ka about this and said security might be a smart idea for the opening of this next week.

Thanks Stephanie:

I have two Events I am attending tonight, so I am not able to make it.

I think the biggest concern I keep hearing is that refugees coming to the community will not be vetted. That is certainly not true. I do think strongly, pushing back on that and making sure people know the truth will help.

Andrew

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees and read The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

## Proposed Immigration Office Informational Meeting, October 19, 2023

[VFW Post 305](#)

1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

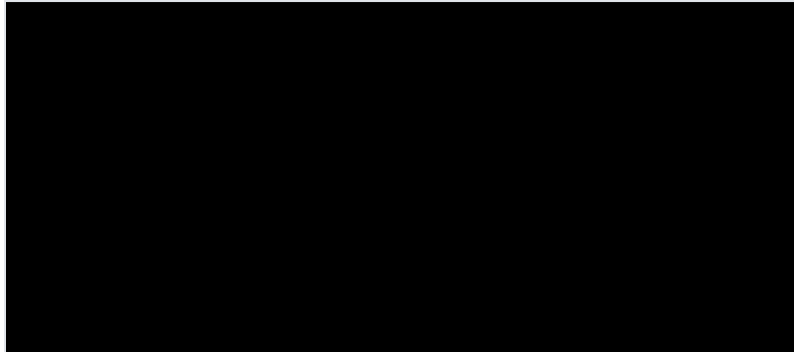

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

**Subject:** Re: [EXTERNAL] Fw: World Relief Refugee Resettlement

Andrew, thanks for your response.

The refugee resettlement program is a State Department program and the local government absolutely has a say in this. There are three signatories on the abstract, the feds, the state and the local government. I do not consider the city manager to represent the local government. I consider you to represent the local government because you were elected. The private Christian group is doing work on behalf of the State Department.

This issue has nothing to do with refugees, it has everything to do with process. If they have been working on this for a year and most people don't know anything about it, that is a problem.

Thanks for getting back to me.

'Scott

On Saturday, October 21, 2023 at 06:33:38 PM CDT, Andrew Werthmann <andrew.werthmann@ec-citycouncil.com> wrote:

Thanks Scott:

I'll check with our attorney to be clear but I'm fairly certain the Council has know jurisdiction over the matter of this private faith based entity. I could be wrong but I'll check.

I'll also check if the City manager signed anything but I can tell you now I highly doubt it. My guess is that this private faith based group did planning like any other private group would leading up to their opening and could make public entities aware, and it seems from your email some communication had happened.

My biggest concern around this is that there seems to be a lot of misinformation being put out about the vetting process these folks go through so whatever we can do to dispel that and to address the fear that some of our community feels about this we should work to do it. I know I will. New refugees over the years, be they European, south East Asian, middle eastern, etc, often face high levels of backlash and fear when they first arrive. It's a sad truth about some folks and how change is hard. But ultimately they make our community stronger and history tells that story over and over again in America.

Thanks again and if I hear back that the council has any sort of purview on this or that the manager somehow green lit this in any way, I will circle back to let you know. I'll also check if the communication by this entity was sufficient according to US Code you cite.

Best  
Andrew

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

[CLICK HERE TO REGISTER](#) *Please RSVP by Friday, October 13, 2023*

Feel free to share this invitation with other service providers in the Chippewa Valley network

<image003.png>

Here's the link for more information about the Community Gathering on Oct. 23: <https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Again, thank you so much for your support and thank you for the work you do!

The City has already posted the EDI Coordinator position on their website. [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#)

I also want to loop you in about this Stephanie. The speaker last week from Fire Dept was incredibly concerning, making irrational claims about refugees and the border and Hamas, and I see that that same fear is spreading. I told Ka about this and said security might be a smart idea for the opening of this next week.

**Subject:** World Relief Refugee Resettlement office in Eau Claire

**WARNING!! This email originated outside Eau Claire County. Do not click any links or attachments unless you know the sender.**

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST

(United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting,  
October 19, 2023

[VFW Post 305](#)  
1600 Star Avenue  
Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Thanks Stephanie:

I have two Events I am attending tonight, so I am not able to make it.

I think the biggest concern I keep hearing is that refugees coming to the community will not be vetted. That is certainly not true. I do think strongly, pushing back on that and making sure people know the truth will help.

Hi Andrew - Looping in some others... we have been discussing this as well. Are you planning to go to tonight's meeting, Andrew? I know that Tami and Ka have been deliberating about whether or not to go. (If you do go, you could share your support and/or explain WR's vetting policy.)

Chief Rokus, do you have thoughts on safety? Dave may have more insight on this situation as well...

I also want to loop you in about this Stephanie. The speaker last week from Fire Dept was incredibly concerning, making irrational claims about refugees and the border and Hamas, and I see that that same fear is spreading. I told Ka about this and said security might be a smart idea for the opening of this next week.

Thanks Scott:

I'll check with our attorney to be clear but I'm fairly certain the Council has know jurisdiction over the matter of this private faith based entity. I could be wrong but I'll check.

I'll also check if the City manager signed anything but I can tell you now I highly doubt it. My guess is that this private faith based group did planning like any other private group would leading up to their opening and could make public entities aware, and it seems from your email some communication had happened.

My biggest concern around this is that there seems to be a lot of misinformation being put out about the vetting process these folks go through so whatever we can do to dispel that and to address the fear that some of our community feels about this we should work to do it. I know I will. New refugees over the years, be they European, south East Asian, middle eastern, etc, often face high levels of backlash and fear when they first arrive. It's a sad truth about some folks and how change is hard. But ultimately they make our community stronger and history tells that story over and over again in America.

Thanks again and if I hear back that the council has any sort of purview on this or that the manager somehow green lit this in any way, I will circle back to let you know. I'll also check if the communication by this entity was sufficient according to US Code you cite.

### Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of

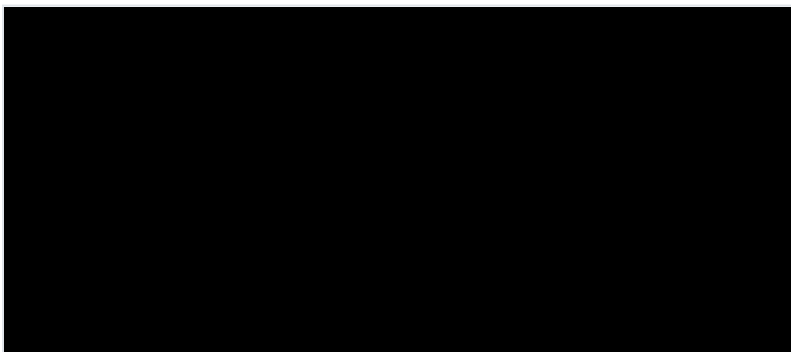

our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

Andrew, thanks for your response.

The refugee resettlement program is a State Department program and the local government absolutely has a say in this. There are three signatories on the abstract, the feds, the state and the local government. I do not consider the city manager to represent the local government. I consider you to represent the local government because you were elected. The private Christian group is doing work on behalf of the State Department.

This issue has nothing to do with refugees, it has everything to do with process. If they have been working on this for a year and most people don't know anything about it, that is a problem.

Thanks for getting back to me.

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that

be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

**Subject:** City Manager Update to the City Council - Week of 7/17  
**Attachments:** City Manager Update to the City Council 07 17 2023.pdf

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

#### **In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

- **Council Calendar**

All,  
Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

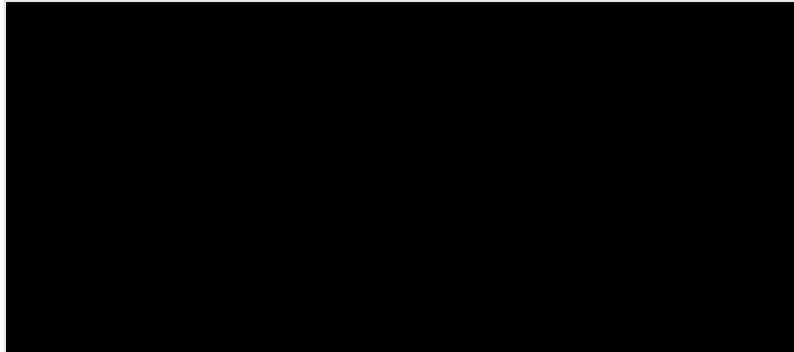

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

Hi Everyone,

My parents were just at a Zoom meeting with the organization that is working with refugee resettlement. They told me about how effusive and enthusiastic the folks from that organization were about the Eau Claire city staff and health department staff they had met with. I have no idea about what decision will be made, but I wanted to share about the terrific impression you all make and express my appreciation for the skill, care and dedication you bring.

thanks,  
Emily

**Subject:** Re: Inaugural Refugee Community Partner Meeting - please register!

Hi Ka,

I wanted to reach out because I've received some communication (in addition to the public comment we heard last night) with concerns about the refugee resettlement that tapped into existing narratives about immigration. I think there may be some fear-driven conversations happening in the community and while I imagine World Relief has experience building relationships and breaking down barriers of fear in communities, I just wanted to make sure I raised the alert.

Thanks  
Emily

PS Thanks for this invitation - unfortunately I have work commitments at that time.

Hi Matt,

Hello from Green Bay. I wanted to forward this meeting information about an event tonight. As you can see below, a group opposed to World Relief's resettlement of refugees in Eau Claire will be meeting VFW from 7-9 pm.

Given the emotionally charged tenor of some of the comments we've received on this topic, I'm a bit concerned.

Tonight, some advocates who support refugee settlement in Eau Claire, volunteers from the Welcoming New Neighbors Group, plan to attend the meeting at the VFW. Naturally there will be disagreement, but hopefully it is a productive, de-escalating conversation.

My questions are:

- 1 - Public safety. Would a police presence be advisable at the event tonight, and/or at the World Relief info event next week, or a future council public hearing? Is a public safety strategy something that needs to be considered on this topic?
2. Outreach. Would ECPD be a good, de-escalating "messenger" to the public in clarifying that people do not need to be afraid?

Thanks,  
Emily

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305

1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** Welcoming the stranger - an invitation for Monday

Hi Justin,

In case you haven't already been invited, here's a link to register for a conversation at the library with World Relief, a Christian organization that is new to Eau Claire (but has been in Wisconsin and around the world for quite a while). World Relief is working to resettle refugees in Eau Claire. I know you've been interested in immigrant issues in the past, and I wanted to reach out to you, as a religious leader, and also to any members of your church who may want to learn more information or get involved.

[https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/?](https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/)

I've seen some misconceptions floating around on social media about refugee resettlement and what that means as well, and I'm hopeful that community conversations like this one can provide information that frees people from fear so they can welcome their neighbors with love.

Thanks,  
Emily

**Subject:** [EXTERNAL] Tonight: Forced Displacement - The View from 10,000 Feet

BUILDING COMMUNITY  
STRENGTHENING DEMOCRACY

## **Tonight: *Forced Displacement – The View from 10,000 Feet***

### **The New Neighbors Series to cover recent newcomer arrival in Central Wisconsin**

Join us tonight for the first installment of the New Neighbors Series, "Forced Displacement – The View from 10,000 Feet." This event will feature two speakers, Bojana Zorić Martinez, refugee resettlement Coordinator for the state of Wisconsin, and Dr. Neamat Nojumi, former military commander and senior advisor to the U.S. Government, NATO, the United Nations and more.

022, Central Wisconsin welcomed more than 175 refugees from countries like Afghanistan, Syria and Burundi. In addition, an unknown number of immigrants arrived here seeking asylum from places such as Nicaragua and Venezuela.

The [New Neighbors Series](#) will examine the histories and political situations in the homelands of our new neighbors. We'll also find out about their journeys to our area and learn what our communities can do to ease their transitions.

### ***Forced Displacement – The View from 10,000 Feet***

***January 11, 7 p.m., UW Center for Civic Engagement, Veninga Theater***

Streamed on the [WIPPS YouTube channel](#).

**Dr. Neamat Nojumi** – Dr. Nojumi served as a military commander and senior political officer for the Freedom Fighter Forces against the Soviet military invasion of Afghanistan. He went on to serve as a Senior Social Scientist and Senior Advisor to the U.S. government.

**Bojana Zorić Martinez** – Refugee Resettlement Coordinator for the state of Wisconsin and a former refugee herself, Zorić Martinez has been involved in the resettlement of refugees in the state since 2017.

series is a collaboration between the Wisconsin Institute for Public Policy and Service, Wisconsin Humanities, Ethiopian Community Development Council, and Wisconsin Public Radio. The events are free and open to the public, registration is not required. The event will be streamed on the [WIPPS YouTube channel](#).

## Short Film Screening: Refugee Resettlement Stories in Central Wisconsin

### Three Short Films to be Screened in Central Wisconsin

Short film series, "New Neighbors: Refugee Resettlement and Asylum-Seeking in Central Wisconsin," which showcases the stories of recent newcomers in Central Wisconsin, will be screened at upcoming public events. The three short films feature families from Afghanistan, Nicaragua, and Congo, and their journeys from their homelands to their new homes in Central Wisconsin.

Screenings of the films will take place [April 12, 6:30 p.m.](#), at the Dreyfus University Center Theater, UW Stevens Point, 1015 Reserve St., Stevens Point, and [May 6, 3:00 p.m.](#), at Whitewater Music Hall, 130 1<sup>st</sup> St, Wausau. Both events are free and open to the public, and registration is not required.

Filmmaker Laura Hunt and some of our new neighbors will participate in a Q&A session after the films.

SHORT FILM SCREENINGS:  
**NEW NEIGHBORS SERIES:  
REFUGEE RESETTLEMENT AND  
ASYLUM-SEEKING IN CENTRAL WISCONSIN**

...holding signs that said "Baihaqi Family welcome to Wausau."

A growing number of newcomers from around the globe now call Central Wisconsin home. These three short films tell the stories of families from Nicaragua, Afghanistan and Congo, starting with their lives in their homelands up to their arrival and welcome in Central Wisconsin.

**-April 12, 6:30 p.m.,** Dreyfus University Center Theater, UW Stevens Point, 1015 Reserve St., Stevens Point, WI.  
**-May 6, 3:00 p.m.,** Whitewater Music Hall, 130 1st St, Wausau, WI.

Filmmaker Laura Hunt and some of our New Neighbors will participate in a Q&A session after the films.

Hi Everyone,

My parents were just at a Zoom meeting with the organization that is working with refugee resettlement. They told me about how effusive and enthusiastic the folks from that organization were about the Eau Claire city staff and health department staff they had met with. I have no idea about what decision will be made, but I wanted to share about the terrific impression you all make and express my appreciation for the skill, care and dedication you bring.

thanks,

Emily

**Attachments:** City Manager Update to the City Council 07 17 2023.pdf

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

#### **In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

Hi Ka,

I wanted to reach out because I've received some communication (in addition to the public comment we heard last night) with concerns about the refugee resettlement that tapped into existing narratives about immigration. I think there may be some fear-driven conversations happening in the community and while I imagine World Relief has experience building relationships and breaking down barriers of fear in communities, I just wanted to make sure I raised the alert.

Thanks

Emily

PS Thanks for this invitation - unfortunately I have work commitments at that time.

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

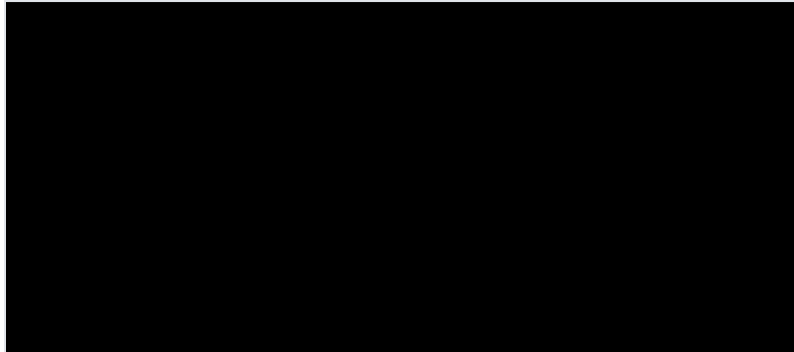

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

**Attachments:** 2023-05-16\_WorldReliefLetterofSupport\_CM.pdf

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

**Subject:** [EXTERNAL] Proposed Refugee Resettlement

Dear Ms. Anderson,

Thank you for your service to Eau Claire.

I am writing to you to express my concern about the possible establishment of a World Relief VOLAG (voluntary non-governmental agency) in Eau Claire, which would initially spearhead the resettlement of 75 refugees in the City of Eau Claire and the surrounding area.

I have just finished reading ‘**8 US Code 1522**-Authorization for programs for domestic resettlement of and assistance to refugees’. The first concern I noted was in Section a (1) (B) (iii), which states that “local voluntary agency activities should be conducted in close cooperation and advance consultation with State and local governments.” Based on the information I have, I do not believe that this has occurred.

Furthermore, Section a (2) (A) states that “the Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities.” Which local officials knew about this, and were consulted? Again, I do not believe that this has occurred, and therefore the law has not been followed.

All of this was new to me as of last week. I do not know of any local citizen who was aware that this is being considered. Why wouldn’t the government, citizens and taxpayers of Eau Claire be apprised of such an impactful proposal? Why wouldn’t local shareholders like businesses, hospitals, churches, and school administrators be advised? Especially since after the first 90 days here, the responsibility for refugee job-training, language-learning, housing, medical expenses, education, etc. passes from the World Relief VOLAG to the Eau Claire taxpayers. And if 75 refugees arrive the first year, how many other refugees (e.g., family members and others) will follow the next year?

I ask that you investigate what is being proposed, and halt this “intended distribution of refugees,” not because they are refugees, but because Eau Claire already has a large homeless population, a shortage of affordable housing, and illegal immigrants coming here from our open southern border.

Sincerely,

Susan Hintgen

## **City Manager's Weekly Update 10/13/2023: Regional Growth, Creative Problem Solving, Covid Updates**

**Post Date:** 10/13/2023 8:38 AM

Hello City of Eau Claire residents, staff, and Council Members,  
I'm writing to share news from the City of Eau Claire. We are using a new format to send news out. [Prior updates can be found here](#). Take a look at our weekly newsletter to stay on top of what we are working on. Pass it along to friends who can [sign up for different City updates here](#). We welcome you at Council Meetings, Neighborhood Association Meetings, Library Events, and

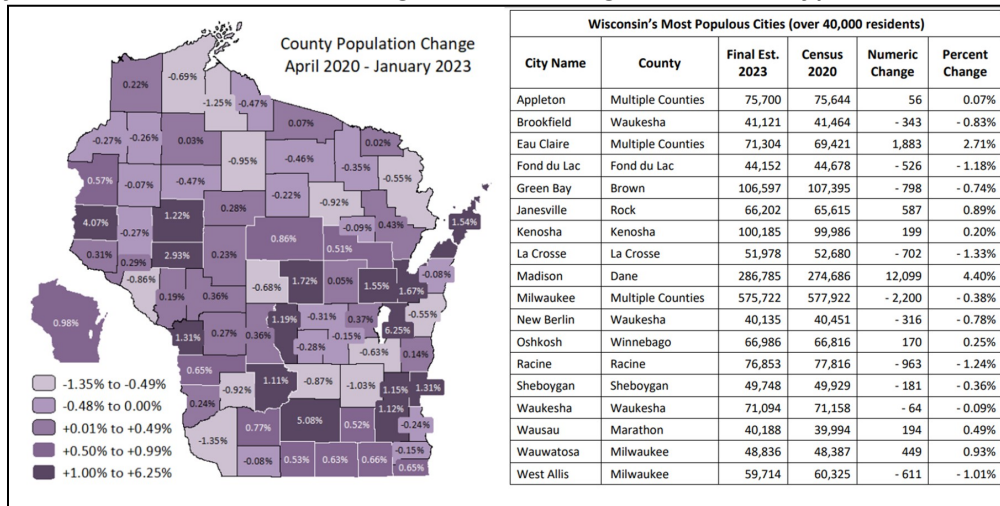

anywhere else that City work takes place. Bear with us as we work out any kinks of this new approach! Also, feel free to [send me feedback](#).

**CITY UPDATES:** Here's some news from around the city.

**2024 Budget Development Continues:** This past week, we held a public hearing and a work session on the 2024 budget. This included an overview of the finances, along with a list of changes we are proposing in the 2024 budget. We also shared accomplishments from 2023 and goals for 2024. Please find the material here: [Budget | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#) We welcome you to join the conversation at a second public hearing on the budget, which is scheduled for Monday, November 13th

**Seventh Biggest City:** This week, the Wisconsin Department of Administration released final population estimates for counties and municipalities as of January 1st, 2023. The City of Eau Claire and Eau Claire County continue to show strong growth: This document provides the most basic summary: [https://doa.wi.gov/DIR/Final\\_Ests\\_Summary\\_2023.pdf](https://doa.wi.gov/DIR/Final_Ests_Summary_2023.pdf)

The City of Eau Claire, according to this estimate, has now passed the City of Waukesha, to become the seventh largest city in the State of Wisconsin. Compared to the 2020 Census, the City of Eau Claire has gained 1,883 residents, a 2.71 percent increase, second only to Madison in both numerical gain and percentage increase for cities above 40,000 people in the state. Perhaps even more interesting, there isn't a single other city above 40,000 people that grew by even 1 percent during this period, and most cities (10 of the 18) above 40,000 people actually lost population during this period. Note that the City of Altoona has had incredible growth between the 2020 Census and January 1st, 2023: An increase of 1,027 people, or 12.38 percent! (Thank you to Council Member Gragert for creating this summary).

**COVID-19 Continues to be High:** As of this week, COVID-19 activity in Eau Claire remained higher than in previous months, according to wastewater data. Right now, the amount of COVID being found in Eau Claire's wastewater remains at a "very high" level (on a scale of very low to very high). The updated fall COVID vaccine is in the process of being made available to the public. As it's being distributed to vaccinators, vaccine supply is temporarily

limited, and appointment availability will vary from provider to provider. We expect availability to increase soon and vaccine appointments to become widely available in Eau Claire County in the coming weeks. People who have health insurance should plan to get the vaccine at their doctor's office or local pharmacy. Most health insurance plans will fully cover the cost of getting the fall COVID vaccine at an in-network provider. The Health Department is not offering mass COVID vaccination clinics this fall, but people who don't have health insurance or people whose insurance doesn't cover vaccinations can get a fall COVID vaccine at the Health Department at no cost through the federal Bridge to Access Program. For those who are uninsured or those whose health insurance doesn't cover vaccinations, please call us at 715-839-4718 to schedule a vaccination appointment. Not sure if you're up to date on your COVID vaccines? [Find out here](#). Another round of free mail-order COVID tests is now available! Every household can place an order to get four rapid home tests delivered for free to their home. To order, visit [www.covid.gov/tests](http://www.covid.gov/tests) or call 1-800-232-0233. You can sign up to get these emails directly if you are interested. Please do not hesitate to contact our department if you are interested in more information: [echhealth@eauclairecounty.gov](mailto:echhealth@eauclairecounty.gov) or through our general phone number: 715-839-4718.

**Voices of the Valley:** Students from a CVTC class recently presented stories of immigration, including stories of their homelands, their moves to the United States, and their lives in Eau Claire. They had worked with an English Language Instructor from CVTC, Alyssa Hedenstrom, to refine the stories and compile them to share. You can read all of their stories here: [CVTC Blog | Chippewa Valley Technical College](#)

**CVTC BLOG ARTICLES**

		
<b>VOICES OF THE VALLEY: MEET EMINE AKIN TUNALI</b>	<b>VOICES OF THE VALLEY: MEET OUMOU TANGARA</b>	<b>VOICES OF THE VALLEY: MEET KEUM HEE (ROSA) CHOI</b>

The event, called "CVTC Voices of the Valley," was held at the Library. Deputy City Manager Dave Solberg and Equity, Diversity, and Inclusion Coordinator Dr. Ka Vang also shared comments on immigration. Here's the text of Ka and Dave's comments:

**From Dr. Ka Vang (EDI Coordinator)**

"As a refugee myself, I am so excited to support the Voices of the Valley event tonight. The promise of new opportunities and brighter future was enough to entice my parents to make the decision to bring our whole family to America in 1979, after the Secret War in Laos. As we continue to embrace our new home

and carve our path, I will never forget the sacrifices my parents made so that I can be here.

There is a common theme from Voices of the Valley: Immigrant Stories from Students of Chippewa Valley Technical College -- leaving everything you know behind and learning to adjust to:

- new home,
- new country,
- new people,
- new customs,
- new, new, ect.,

all for various reasons... like leaving due to war and violence or leaving because of a love connection.

Just know that what you have written in this collection is not finished. Your journey just started. There will be more to your story. I encourage you to continue to document and write your story. Leave your footprint here in the Chippewa Valley for generations to come. Your stories and your voices add to the richness of The City of Eau Claire. Thank you for choosing to make the Chippewa Valley your home.”

**From Dave Solberg (Deputy City Manager)**

“As a father of two immigrants and a staff member of the City of Eau Claire, I wanted to express how important the immigrant community is to western Wisconsin, the City of Eau Claire, and myself personally. A diverse community is a strong community. The fabric of who we are as a society is made up of so many different colors, shapes, sizes, and fabrics...it’s the diversity of everyone that makes us a colorful, strong, vibrant community. Reading the stories in the collection, it is also striking how similar the stories are to everyday life in our area. We’re all humans with stories to tell.

It is common for students going on to secondary education and young adults entering the workforce to struggle with the transition...now consider attempting this while learning the English language at the same time. The achievements that they have made are remarkable given their challenges. Their achievements are testaments to their hard work, character, resilience, and desire to make themselves better and make us all better. In fact, these are the exact qualities we look for in employees at the City, and I hope a number of our new friends consider bringing their diversity and talents to our organization!”

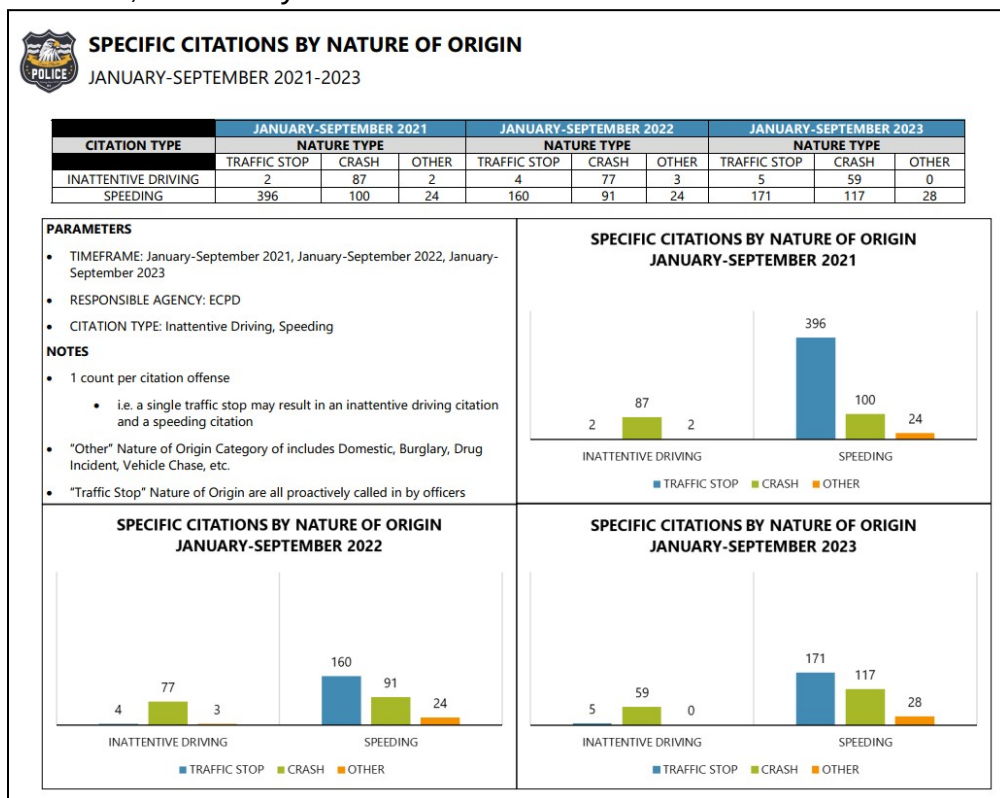

**QUESTION AND ANSWERS:** Here are some questions that have come through the City Manager’s Office this week. *Have a question you’d like answered? [Submit it here.](#)*

**Traffic Law Enforcement**

Question: “How does the Police Department handle traffic enforcement?”

Answer: Chief Matt Rokus shared the following information: “Resident concerns about speeding and traffic safety are frequently shared with us.

Concerns related to speed and traffic safety are triaged and prioritized amongst other types of issues and complaints, such as burglaries, car prowlers, drug houses, quality of life issues associated with homelessness, loud parties, underage alcohol consumption, and others. Our Patrol Officers and their supervisors do their best to prioritize proactive traffic safety efforts in geographic areas where we have more crashes, as determined by data analysis, resident complaints, and officer observations. To provide the proactive focus, we allocate officer time to enforcement in the target areas. However, their time available is limited given the percent of time they are obligated responding to calls for service. The table below contains some basic information related to traffic citations. The two main categories of traffic enforcement come from two types of incidents -- proactive traffic stops or enforcement following traffic-related incidents, most likely crashes."

### Trick-or-Treating

**Question:** "Will the City share information about trick-or-treating protocols?"

**Answer:** Media and Communications Specialist Tess Morgan shared: "The City of Eau Claire does not designate official tick-or-treat hours for the community. Aside from some safety reminders for kids and motorists, and helping to publicize the DECI Downtown event, we don't post about Halloween. In the past, individual neighborhoods have chosen to hold their own events when it's convenient for their area, but otherwise it's generally understood that trick-or-treating occurs on the holiday itself, October 31st, with the hours of 5-7:30PM still being relatively light out and therefor safer for kids to be visiting neighbors."

## **Park Planning**

Question: “Could a park be changed significantly without a public planning process?”

Answer: Our Parks Manager, Steve Plaza, shared the following feedback: “Any proposed changes to parks go through a planning process that includes review by nearby neighborhoods, the Waterways and Parks Commission, and the City Council. In general, park developments try to follow the parks and open space master plan, which will be updated this year. The purpose of the plan is described on page 11:

‘Parks and recreation programs and services are important to the overall quality of life and Eau Claire Parks, Recreation, and Forestry plays an integral role in the quality of life of all of Eau Claire’s citizens and visitors. The purpose of the System Master Plan is to serve as a guide for all programming, services, and operations of the department. Further, the System Master Plan will provide insight into ongoing industry trends and changes within the community, serve to assess levels of service provided to the community, evaluate available resources, and develop a prioritized action plan approved by the City Manager and City Council.’”

**EAUSTAT NEWS**: The City holds weekly meetings with departments to talk about their data, their goals, and any challenges they may be facing. This program is called "EauStat". Read on below for some data from the meetings we held this week.

**Equity, Diversity, and Inclusion**: This past week, we held an EDI EauStat meeting at which we discussed the many big projects underway in this department. We are sad to say farewell to Dr. Ka Vang who has served as our Equity, Diversity, and Inclusion Coordinator for nearly the past year. We are, though, proud and excited about the next role she is taking on as she continues EDI work in the Chippewa Valley.

Starting Monday, Ka will work on rolling out the new World Relief Wisconsin Refugee Resettlement agency. She’ll be just across the river on Madison Street, so we expect to see and work with Ka and her team often. As a child, Ka’s family moved to the United States and eventually to Eau Claire. Her refugee experience greatly shaped her whole life, and she feels called to contribute to Eau Claire’s continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching our community with their talents, perspectives, and friendship.

While at the City of Eau Claire, Ka has created an internal EDI team, facilitated training among staff, hosted monthly internal EDI meetings, hosted groups from the university, CVTC, other community organizations, formed a BIPOC Steering Committee, gathered insights from leaders throughout the community, solicited an EDI Strategic Planning consultant, and much more. She has been a wonderful friend and co-worker, and she has taken on some of our City and society’s biggest and most fraught challenges with grace, kindness, strength, and lots of fun. We’ll miss Ka, and we are happy she’s

staying put in our community, continuing her path of spreading inclusion and joy. Ka is pictured below (on the left) with a student tour. Please spread the word about our search for our next EDI Coordinator! [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#) This person will have a very significant impact on our efforts to ensure that Eau Claire is inclusive and a place where everyone can thrive.

**Human Resources:** This past week, we held an HR EauStat meeting. In our EauStat meetings, we talk about the work that the HR Department does. One of their main duties is to recruit, hire, and work to retain employees. With the current labor shortage and dramatic increase in wages due to inflation, municipalities have been struggling to recruit and retain employees. Our HR Department has done a great job trying to manage these challenges. We regularly monitor the number of recruitments underway (see image below for our numbers for 2023 YTD). The bulk of our recruitments are for the numerous seasonal employees we have, and this takes a lot of effort, however, it also provides a critical service to constituents, while also helping to mentor many young people. We are working to develop and monitor a “retention rate” metric, as we work to identify metrics for all of our departments. Also, we are working with a consultant to create an “Employer of Choice” plan to try to increase retention and quality of life for our employees.

# Positions Filled	# Filled Internally	# Filled Externally

**EMPLOYEE SPOTLIGHT:** We have the best employees! Get to know one of them this week. (And [submit your suggestion for an employee to spotlight here...](#))

Today we highlight **Renae Casper**. A co-worker said this about Renae: “Renae answers lot of tough questions from residents, many of whom are animated, and answers them politely and with aplomb. Renae has also worked very hard with her predecessor, Rebecca Draeger, to put on employee appreciation events. The employee appreciation lunch was a big success and even brought in some retired employees. The cornhole tournament was also a hit. Renae has also helped fill in for her coworkers when they are absent and is very reliable.”

Here’s some more information about Renae (pictured below with her family and dog):

- **Your Position:** “I am one of two Administrative Associates for the Engineering Department. I’ve been with the city since January of this year.”
- **Something People May Not Know:** “I was born and lived in Cheyenne, WY until I was nine years old.
- **Favorite Activity:** “I enjoy traveling, going to Minnesota sporting events, attending music festivals and concerts. I enjoy playing volleyball and attending CrossFit classes.”
- **Thing about Working for City:** “I love that I am proud of where I work. Everyone here does what they can day in and day out to really make Eau Claire thrive. I also feel that I am supported in any decisions that I make and that my co-workers genuinely care about my well-being, both personally and professionally.”
- **Life Philosophy:** “Always be kind. You never know who you are talking to.”

- Anything else? “I am obsessed with dogs, so feel free to stop by with yours to say hello!”

### **SHOUT-OUTS**

**Creative Problem Solving:** Our Streets Division does not get as many shout-outs as they deserve, in part because the work they do is more specialized and behind-the-scenes than some other divisions. Here’s an awesome shout-out to a team from the Streets Division that captures how creative they are in finding technical solutions in our budget-constrained environment. Read about both the original, unique, way to clean the street sweeper and then the much-improved method that our very skilled tradespeople built...

Community Services Director Lane Berg wrote:

“I want to share some work that was done by our Street Division recently that I am extremely proud of. I am continually amazed by the vast skill set of our employees and this is a shining example of that!

Some of our street sweepers have a ‘not so great’ system for washing them out at the end of a shift. It requires operating a fire hydrant and discharging water onto the pavement. The sweeper must drive over the wet pavement and vacuum up the water. The load of water and debris is then dumped and the process is repeated until the machine is deemed clean. As you can imagine, this is an inefficient system and is also disruptive to any neighboring properties.

Our employees reached out to supervisor Tim Anderson to see if they could work on coming up with a better system, and they were granted approval. The group was led by Jeff Wilczek, who sought input from many of his co-workers. The team developed a concept, designed the system, and built it with no help from outside contractors or designers, thus saving the City thousands of dollars. The new system (shown in pictures below) is a station that the sweeper backs into. A ball valve is opened which floods the basin, and the sweeper vacuums up the water. The water is then turned off, a drain valve is opened for the basin, and the sweeper dumps the water and debris, while remaining in the same location, and the contents drain to a holding pond. The

process can be repeated, if necessary, in just a couple minutes. This system is so efficient and will save time for years to come at no disruption to residents. I am so incredibly proud of this for several reasons. We had a system that was not very functional, and our employees wanted to improve it. We have so many talented people, and they were allowed to use their skills and knowledge to make this happen. All involved were able to voice their opinions, and the final design reflected this input.

Special thanks to this group of talented people: Tim Anderson, Jeff Wilczek, Rich Bauer, Don Diesterhaft, Ryan Yule, Paul Rosolack, Brady Johnson, Jake Clauson, Joel Thompson, Cory Wright, Justin Meinen, Jericho Jurewicz, and John Rademacher.”

**Water Plant Kudos:** On September 20<sup>th</sup>, the Sustainability Advisory Committee held their monthly meeting at the Water Plant. City staff gave them an in-depth tour of the facility and showed them some of the sustainable features that have been added recently. Staff and the Committee had a great dialogue and used the opportunity to discuss ideas for improved sustainability in the future. Truly a great collaborative effort!

**Subject:** [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents. I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for](#)

[domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305

1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Hi Anna,

I just reread my email to you and I must had been really tired last night because I omitted words throughout my message. Yikes.

Anyway, I checked my work calendar and noon works great on Tuesday. We could do ECDC?

Also does the Senator know that Senator Johnson's staffer is organizing groups to protest refugees coming to Eau Claire? World Relief is opening an office in Eau Claire and they are hosting an event Monday at 6pm at the Library about how we can welcome our new neighbors and I have heard this group will be attending the World Relief meeting.

Here is more information on the World Relief meeting in case you are interested in learning more: <https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Here is an article about the meeting that Scott Bolstad organized: [https://www.wqow.com/eye\\_on\\_eau\\_claire/residents-react-to-refugee-resettlement-coming-to-chippewa-valley/article\\_156fdf84-6ef9-11ee-9ad1-6f1aaedf0fa0.html](https://www.wqow.com/eye_on_eau_claire/residents-react-to-refugee-resettlement-coming-to-chippewa-valley/article_156fdf84-6ef9-11ee-9ad1-6f1aaedf0fa0.html)

I will let you know how the event goes on Tuesday. I am looking forward to our conversation.

Thank you for reaching out!

Hey Emily!

I was reaching out because I'm going to be in the area on Tuesday, October 24<sup>th</sup>, and I was wondering if you'd have time to grab a cup of coffee downtown over the noon-hour and catch up on all things EC? If you're busy – I absolutely understand, but I wanted to reach out and check!

I hope all has been well.

All the best,

**ANNA RINGSTAD**

President Berge, I would like to clarify a couple of things that I just learned.

An official from World Relief admitted that she never spoke with any members of the city council, only the city manager. If the city manager did not bring it to the board's attention, that is another matter.

The official from World Relief also confirmed that the refugees will be coming from Somalia. I attended the stakeholder's meeting last week and the word Somalia was never mentioned. That is at least the third lie I have caught them in.

This is not about the refugees it is about the process. World Relief believes that speaking with the local government is speaking with bureaucrats, while many of us believe speaking with local governments is speaking with elected officials. I can also tell you that no one in the county I have spoken to knows anything about this.

On Saturday, October 21, 2023 at 03:45:07 PM CDT, Scott Bolstad <bolstad1@yahoo.com> wrote:

President Berge,

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. Did they happen? If so where are the minutes fore these meetings? I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for. Did you direct her to sign the document or has she gone rogue...again? If not do you have the authority to approve this action? Is the goal here to keep any blame for this off of the city council?

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? Not what World Relief has told you, but what the actual country of origin is? I was told it was one of two countries.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this.

I look forward to your response

Hey Emily,

Don't worry about it – we've all been there! ☐

ECDC sounds excellent, I am free from 11:30 AM – 12:45 PM, so I'll just post up at ECDC and meet you when you arrive. I love coffee shop environments for working and will never turn that down.

Rep. Emerson had texted me over the weekend about the meeting this evening, but I cannot make it. Would you be open to perhaps inviting her along to join us if the main topic is this World Relief meeting? Otherwise, we can keep it just you and I if you have different things you'd like to discuss.

Looking forward to it!

All the best,

**ANNA RINGSTAD**

**Subject:** Re: [EXTERNAL] Tuesday, October 24th

Hi Anna,

I just reread my email to you and I must have been really tired last night because I omitted words throughout my message. Yikes.

Anyway, I checked my work calendar and noon works great on Tuesday. We could do ECDC?

Also does the Senator know that Senator Johnson's staffer is organizing groups to protest refugees coming to Eau Claire? World Relief is opening an office in Eau Claire and they are hosting an event Monday at 6pm at the Library about how we can welcome our new neighbors and I have heard this group will be attending the World Relief meeting.

Here is more information on the World Relief meeting in case you are interested in learning more: <https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Here is an article about the meeting that Scott Bolstad organized:  
[https://www.wgow.com/eye\\_on\\_eau\\_claire/residents-react-to-refugee-resettlement-coming-to-chippewa-valley/article\\_156fdf84-6ef9-11ee-9ad1-6f1aedef0fa0.html](https://www.wgow.com/eye_on_eau_claire/residents-react-to-refugee-resettlement-coming-to-chippewa-valley/article_156fdf84-6ef9-11ee-9ad1-6f1aedef0fa0.html)

I will let you know how the event goes on Tuesday. I am looking forward to our conversation.

Thank you for reaching out!

Hey Emily!

I was reaching out because I'm going to be in the area on Tuesday, October 24<sup>th</sup>, and I was wondering if you'd have time to grab a cup of coffee downtown over the noon-hour and catch up on all things EC? If you're busy – I absolutely understand, but I wanted to reach out and check!

I hope all has been well.

All the best,

**ANNA RINGSTAD**

Greetings.

I am thrilled to share that we have a new confirmed BOH member – Catherine Wildenberg. Catherine was confirmed by the EC City Council and EC County Board. She is included in this email.

I thought I would share her CV and the public “application” that was reviewed by the City and County as an introduction for all of you.

Catherine will be joining us for the January BOH meeting.

Lieske

---

- Today's Date: **11/22/22**
- Name of Board or Commission You are Applying For (only vacancies listed): **Eau Claire City-County Board of Health**
- Are you a current employee of Eau Claire County or employed at a firm that is a vendor or has an affiliation with Eau Claire County? **No**
- The majority of Boards/Commissions/Councils and Committees meet on a monthly basis (date and time is determined by the committee.) Can you commit to attending meetings in accordance with the schedule of the Boards/Commissions/Councils and Committees you are applying for? **Yes**
- Full Name **Catherine Elizabeth Wildenberg**
- Age 18 or Older **Yes**
- Residence Address **5 Roosevelt Ave, Eau Claire, WI, 54701**
- Home Phone Number/Cell phone/Business phone **715-836-4770**
- Email [wildenbc@uwec.edu](mailto:wildenbc@uwec.edu)
- Do you currently reside/live within Eau Claire County limits? **Yes**
- Number of Years: **4**
- Education: **MSN in Nursing, BSN in Nursing, Registered Nurse**
- Do you have relatives employed or appointed to serve in Eau Claire County? **No**
- Please describe any potential conflicts of interest (or list n/a) **N/A**
- List County Boards, Commissions, or Committees on which you have served: **none**
- Please describe how you are qualified for the position of interest: **My clinical background is in public health nursing and I have 7 years of experience working as a nurse in health departments or non-profits contracted to do public health work (CV attached). I have 6 years of experience in nursing education and I am a clinical assistant professor of nursing at UWEC College of Nursing.**

- If selected, how would you work to better our community? **Health is so much more than healthcare, and as a nurse I have seen the devastating downstream effects when people don't have access to health promotion and disease prevention. If selected, I would work to better our community by advocating for more affordable housing, investing in programs that show return on investment such as Nurse Family Partnership and other perinatal home visiting program, advocating for increasing vaccination uptake and programs for reducing vaccine hesitancy, and other programs that address the root causes of social determinants of health.**

**Attachments:** City Manager Update to the City Council 07 17 2023.pdf

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

#### **In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

- **Council Calendar**
- **Special Employee Spotlight:** Melissa Turnquist

All,  
Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

World Relief Wisconsin

**Subject:** Not a sad good bye

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

attachments (3) Former U.S. Rep. Duffy's letters to Obama, Trump and Larson

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Hi Andrew - Looping in some others... we have been discussing this as well. Are you planning to go to tonight's meeting, Andrew? I know that Tami and Ka have been deliberating about whether or not to go. (If you do go, you could share your support and/or explain WR's vetting policy.)

Chief Rokus, do you have thoughts on safety? Dave may have more insight on this situation as well...

I also want to loop you in about this Stephanie. The speaker last week from Fire Dept was incredibly concerning, making irrational claims about refugees and the border and Hamas, and I see that that same fear is spreading. I told Ka about this and said security might be a smart idea for the opening of this next week.

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county

government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Proposed Immigration Office Informational Meeting,  
October 19, 2023

[VFW Post 305](#)  
1600 Star Avenue  
Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Thanks Stephanie:

I have two Events I am attending tonight, so I am not able to make it.

I think the biggest concern I keep hearing is that refugees coming to the community will not be vetted. That is certainly not true. I do think strongly, pushing back on that and making sure people know the truth will help.

I also want to loop you in about this Stephanie. The speaker last week from Fire Dept was incredibly concerning, making irrational claims about refugees and the border and Hamas, and I see that that same fear is spreading. I told Ka about this and said security might be a smart idea for the opening of this next week.

**Attachments:** 16.12.21 Syrian Refugee Letter to David Larson.pdf, 16.12.21 Syrian Refugee Letter to President Obama.pdf, 16.12.21 Syrian Refugee Letter to President-Elect Trump.pdf

Hi Matt,

Hello from Green Bay. I wanted to forward this meeting information about an event tonight. As you can see below, a group opposed to World Relief's resettlement of refugees in Eau Claire will be meeting VFW from 7-9 pm.

Given the emotionally charged tenor of some of the comments we've received on this topic, I'm a bit concerned.

Tonight, some advocates who support refugee settlement in Eau Claire, volunteers from the Welcoming New Neighbors Group, plan to attend the meeting at the VFW. Naturally there will be disagreement, but hopefully it is a productive, de-escalating conversation.

My questions are:

- 1 - Public safety. Would a police presence be advisable at the event tonight, and/or at the World Relief info event next week, or a future council public hearing? Is a public safety strategy something that needs to be considered on this topic?
2. Outreach. Would ECPD be a good, de-escalating "messenger" to the public in clarifying that people do not need to be afraid?

Thanks,  
Emily

**Subject:** [EXTERNAL] World Relief Refugee Resettlement

President Berge,

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. Did they happen? If so where are the minutes fore these meetings? I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for. Did you direct her to sign the document or has she gone rogue...again? If not do you have the authority to approve this action? Is the goal here to keep any blame for this off of the city council?

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? Not what World Relief has told you, but what the actual country of origin is? I was told it was one of two countries.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this.

I look forward to your response

**Subject:** [EXTERNAL] Re: World Relief Refugee Resettlement

President Berge, I would like to clarify a couple of things that I just learned.

An official from World Relief admitted that she never spoke with any members of the city council, only the city manager. If the city manager did not bring it to the board's attention, that is another matter.

The official from World Relief also confirmed that the refugees will be coming from Somalia. I attended the stakeholder's meeting last week and the word Somalia was never mentioned. That is at least the third lie I have caught them in.

This is not about the refugees it is about the process. World Relief believes that speaking with the local government is speaking with bureaucrats, while many of us believe speaking with local governments is speaking with elected officials. I can also tell you that no one in the county I have spoken to knows anything about this.

Scott Bolstad

On Saturday, October 21, 2023 at 03:45:07 PM CDT, Scott Bolstad <bolstad1@yahoo.com> wrote:

President Berge,

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with [State](#) and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of [refugees](#) among the [States](#) and localities before their placement in those [States](#) and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. Did they happen? If so where are the minutes fore these meetings? I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for. Did you direct her to sign the document or has she gone rogue...again? If not do you have the authority to approve this action? Is the goal here to keep any blame for this off of the city council?

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? Not what World Relief has told you, but what the actual country of origin is? I was told it was one of two countries.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this.

I look forward to your response

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

Hey Emily,

Don't worry about it – we've all been there! ☹️

ECDC sounds excellent, I am free from 11:30 AM – 12:45 PM, so I'll just post up at ECDC and meet you when you arrive. I love coffee shop environments for working and will never turn that down.

Rep. Emerson had texted me over the weekend about the meeting this evening, but I cannot make it. Would you be open to perhaps inviting her along to join us if the main topic is this World Relief meeting? Otherwise, we can keep it just you and I if you have different things you'd like to discuss.

Looking forward to it!

All the best,

Hi Anna,

I just reread my email to you and I must have been really tired last night because I omitted words throughout my message. Yikes.

Anyway, I checked my work calendar and noon works great on Tuesday. We could do ECDC?

Also does the Senator know that Senator Johnson's staffer is organizing groups to protest refugees coming to Eau Claire? World Relief is opening an office in Eau Claire and they are hosting an event Monday at 6pm at the Library about how we can welcome our new neighbors and I have heard this group will be attending the World Relief meeting.

Here is more information on the World Relief meeting in case you are interested in learning more: <https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Here is an article about the meeting that Scott Bolstad organized:

[https://www.wqow.com/eye\\_on\\_eau\\_claire/residents-react-to-refugee-resettlement-coming-to-chippewa-valley/article\\_156fdf84-6ef9-11ee-9ad1-6f1aedef0fa0.html](https://www.wqow.com/eye_on_eau_claire/residents-react-to-refugee-resettlement-coming-to-chippewa-valley/article_156fdf84-6ef9-11ee-9ad1-6f1aedef0fa0.html)

I will let you know how the event goes on Tuesday. I am looking forward to our conversation.

Thank you for reaching out!

Good morning County Board and Department Heads –

We are aware that emails have been sent to board members as well as city council. I am forwarding this information from the City, along with a brief discussion of County involvement or potential involvement regarding the issue of immigration services in the City of Eau Claire.

There have also been questions about potential funding from Human Services and County participation. The County often receives requests to attend meetings of various organizations, and we do so to identify potential communities of interest and educate community partners regarding services we provide.

The County does not have regulatory authority over what other organizations may do in this community. Updates from the City will be shared with the Board as they become available.

Kathryn

**To:** "" <Emily.Berge@ec-citycouncil.com>  
**Subject:** [EXTERNAL] Proposed Refugee Resettlement

Dear Ms. Berge,

Thank you for your service to Eau Claire.

I am writing to you to express my concern about the possible establishment of a World Relief VOLAG (voluntary non-governmental agency) in Eau Claire, which would initially spearhead the resettlement of 75 refugees in the City of Eau Claire and the surrounding area.

I have just finished reading ‘**8 US Code 1522**-Authorization for programs for domestic resettlement of and assistance to refugees’. The first concern I noted was in Section a (1) (B) (iii), which states that “local voluntary agency activities should be conducted in close cooperation and advance consultation with State and local governments.” Based on the information I have, I do not believe that this has occurred.

Furthermore, Section a (2) (A) states that “the Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities.” Which local officials knew about this, and were consulted? Again, I do not believe that this has occurred, and therefore the law has not been followed.

All of this was new to me as of last week. I do not know of any local citizen who was aware that this is being considered. Why wouldn’t the government, citizens and taxpayers of Eau Claire be apprised of such an impactful proposal? Why wouldn’t local shareholders like businesses, hospitals, churches, and school administrators be advised? Especially since after the first 90 days here, the responsibility for refugee job-training, language-learning, housing, medical expenses, education, etc. passes from the World Relief VOLAG to the Eau Claire taxpayers. And if 75 refugees arrive the first year, how many other refugees (e.g., family members and others) will follow the next year?

I ask that you investigate what is being proposed, and halt this “intended distribution of refugees,” not because they are refugees, but because Eau Claire already has a large homeless population, a shortage of affordable housing, and illegal immigrants coming here from our open southern border.

Sincerely,

Susan Hintgen

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

[CLICK HERE TO REGISTER](#) *Please RSVP by Friday, October 13, 2023*  
Feel free to share this invitation with other service providers in the Chippewa Valley network

Please attend our

## Inaugural Refugee Community Partner Meeting

Hosted by World Relief Wisconsin – Chippewa Valley

Wednesday, October 18, 2023 9:30-11am

9:30AM – 10AM Overview of refugee resettlement in the Chippewa Valley  
10AM – 10:30AM Breakout Session by service provision to discuss referrals and processes  
10:30 – 11AM Networking (optional)

L.E. Phillips Memorial Public Library  
400 Eau Claire Street  
Eau Claire, WI 54701  
Riverview Room (Room 306)

Here's the link for more information about the Community Gathering on Oct. 23:  
<https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Again, thank you so much for your support and thank you for the work you do!

The City has already posted the EDI Coordinator position on their website. [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#)

**Subject:** [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents. I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Proposed Immigration Office Informational Meeting, October 19, 2023

[VFW Post 305](#)  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** Re: [EXTERNAL] Refugee resettlement

Hello Ms. Gerdes, I am sure that your questions will be welcomed at the meeting. I am not more informed than others, but I am not fearful or worried about Eau Claire's ability to receive immigrants into our community. I am going to be at the meeting on Monday, 10/23 and ready to hear what this very experienced agency has to say about their work in WI and in Eau Claire. Thank you for your questions and look forward to seeing you there.

**Subject:** [EXTERNAL] Refugee resettlement

I'm concerned about the lack of public information about a group of immigrants which have apparently been slated for resettlement locally. What do you know about this? Where are they from? Have these people been properly vetted? And why hasn't the public been properly informed since we all will be paying the bill after 90 days or so? I'm sure you are aware of many other concerns out here in the public due to certain conditions in our country...like an open border. I am aware of a public informational meeting at the library, but I doubt that our questions will be accepted, so that's why I'm asking you! Thank you for your consideration and I await your answers. Sincerely, Betsy Gerdes

**Subject:** Re: [EXTERNAL] Fw: World Relief Refugee Resettlement

Thank you Mr. Bolstad for your letter. I know that there have been immigrants settled in Eau Claire over the past three years through one of the other WI offices of World Relief. Their application to operate in Eau Claire has not been under darkness, but has been through the regulated application process. Churches and non profits in Eau Clair have been performing their work of welcome for decades and have provided funds for resettlement in this case as well.

I am looking forward to being at the October 23 meeting at the library to hear how we may receive immigrants into our community. I look forward to seeing you there.

**Subject:** [EXTERNAL] Fw: World Relief Refugee Resettlement

Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that

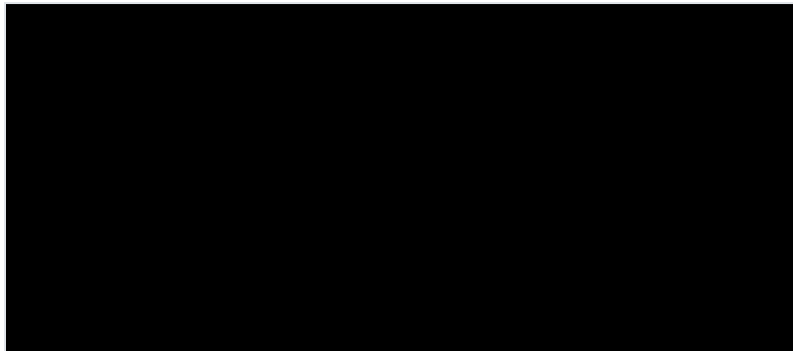

burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees. Despite Tearful Plea - Tennessee Star](#)

**Attachments:** City Manager Update to the City Council 07 17 2023.pdf

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

#### **In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

- **Council Calendar**
- **Special Employee Spotlight:** Melissa Turnquist

Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

**Subject:** Not a sad good bye

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with [State](#) and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of [refugees](#) among the [States](#) and localities before their placement in those [States](#) and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

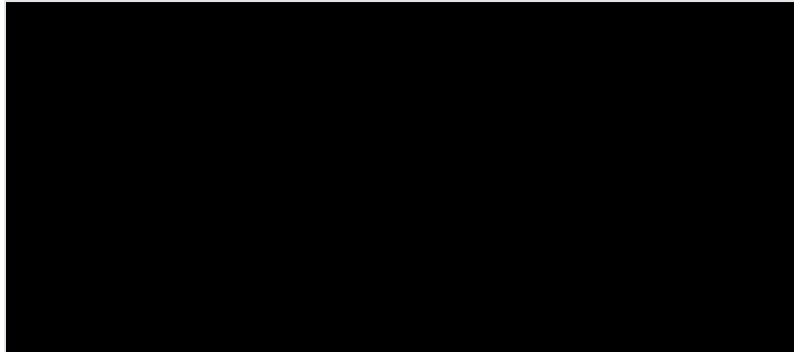

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

**Subject:** [EXTERNAL] Refugee resettlement

I'm concerned about the lack of public information about a group of immigrants which have apparently been slated for resettlement locally. What do you know about this? Where are they from? Have these people been properly vetted? And why hasn't the public been properly informed since we all will be paying the bill after 90 days or so? I'm sure you are aware of many other concerns out here in the public due to certain conditions in our country...like an open border. I am aware of a public informational meeting at the library, but I doubt that our questions will be accepted, so that's why I'm asking you! Thank you for your consideration and I await your answers. Sincerely, Betsy Gerdes

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

Good evening Scott,

Thank you for reaching out. Sorry about my delay getting back to you, as I'm just catching up from nearly a week away at the League of Wisconsin Municipalities Annual Conference in Green Bay.

Are you still with Sen. Ron Johnson's office, and therefore could help interpret this federal code in that capacity?

I believe it was in May 2023 that I was made aware that a World Relief office for Eau Claire was being explored, and further information will be shared by World Relief on Monday night at 6pm at the L.E. Phillips Memorial Public Library. I hope to learn more by attending that meeting.

Thank you,

**Attachments:** City Manager Update to the City Council 07 17 2023.pdf

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

#### **In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

- **Council Calendar**

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** [EXTERNAL] Fw: World Relief Refugee Resettlement

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with [State](#) and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of [refugees](#) among the [States](#) and localities before their placement in those [States](#) and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

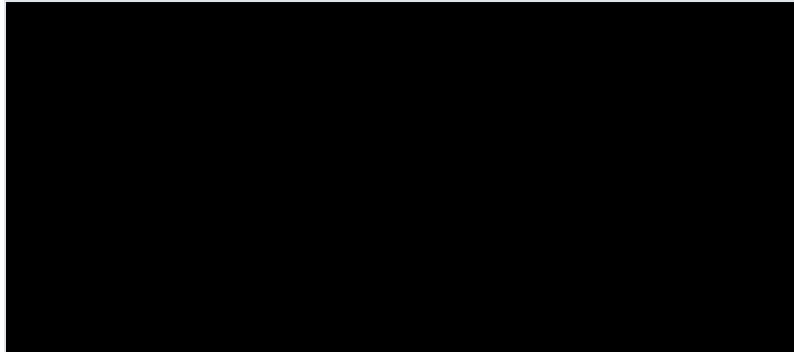

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

Sure! I thought of you guys this week because we are working with a refugee resettlement agency that may want to locate in EC. If they do, they are currently resettling people and families from the Congo. And people speak French in the Congo! I thought if it all happens, it'd be a fun thing for your family to be involved with.

Ms. Meyers.

World Relief Wisconsin is having a community meeting at the Eau Claire library on Monday, October 23. I'll be attending to learn more about their refugee program and what ideas they have. It's a community meeting and anyone can register. Here's the link.

<https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Regarding the establishment of an office, they already have an office in Eau Claire. Any organization has the right to have an office and there is no reason to stop an office from being established, nor would the city have the legal right to stop them.

According to their website, they work with the US Department of State with their refugee resettlement program. I have confidence that the State Department is following US laws regarding refugees and is approving the people being considered for relocation. You can see their statement on refugee resettlement on this page:

<https://worldrelief.org/wisconsin/about-us-chippewa-valley/>

I will be attending their meeting to learn more and see what their program entails for Eau Claire and western Wisconsin.

Sincerely,

**Joshua Miller**  
**Eau Claire City Council**

**Subject:** [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents. I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for](#)

[domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

[VFW Post 305](#)

1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** Fw: [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Dear Councilman Miller, According to 8 U.S code 1522 Local officials were to be involved in the resettlement of refugees in Eau Claire. I am doing a date request from the City of Eau Claire, WI . I am looking to see if any elected council members were in the mandatory meetings as required. If not, the city was in violation of federal law. This will be first hand information.

I have not received a response from my last e-mail.

Ron Branstner

It is most important to get information from the primary source. In this case, that is World Relief. Since they have not yet had their community information meeting, it does not seem likely that more accurate information could be presented from a third party, in this case, the meeting at the VFR. Thank you for the suggestion, but I must decline to attend the meeting tonight.

Thank you for your response. It is more important you attend the meeting tonight at the VFW. The one-sided information you will receive from World Relief is not reality.

Ms. Meyers.

World Relief Wisconsin is having a community meeting at the Eau Claire library on Monday, October 23. I'll be attending to learn more about their refugee program and what ideas they have. It's a community meeting and anyone can register. Here's the link.

<https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Regarding the establishment of an office, they already have an office in Eau Claire. Any organization has the right to have an office and there is no reason to stop an office from being established, nor would the city have the legal right to stop them.

According to their website, they work with the US Department of State with their refugee resettlement program. I have confidence that the State Department is following US laws regarding refugees and is approving the people being considered for relocation. You can see their statement on refugee resettlement on this page:

<https://worldrelief.org/wisconsin/about-us-chippewa-valley/>

I will be attending their meeting to learn more and see what their program entails for Eau Claire and western Wisconsin.

Sincerely,

**Joshua Miller**

Sure! I thought of you guys this week because we are working with a refugee resettlement agency that may want to locate in EC. If they do, they are currently resettling people and families from the Congo. And people speak French in the Congo! I thought if it all happens, it'd be a fun thing for your family to be involved with.

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

#### **In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

- **Council Calendar**
- **Special Employee Spotlight:** Melissa Turnquist

Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

World Relief Wisconsin

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with [State](#) and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of [refugees](#) among the [States](#) and localities before their placement in those [States](#) and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

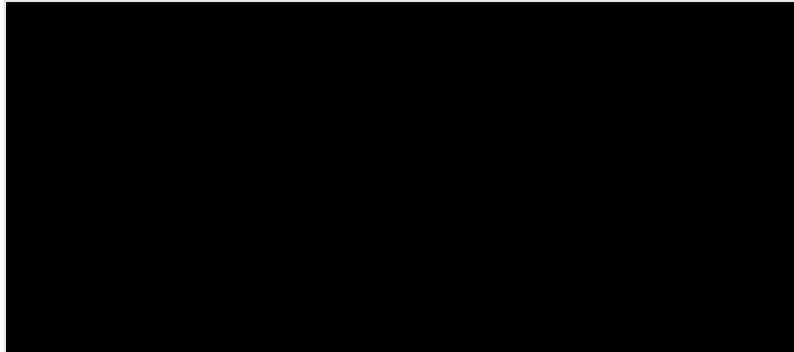

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

Dear Councilman Miller, According to 8 U.S code 1522 Local officials were to be involved in the resettlement of refugees in Eau Claire. I am doing a date request from the City of Eau Claire, WI . I am looking to see if any elected council members were in the mandatory meetings as required. If not, the city was in violation of federal law. This will be first hand information.

I have not received a response from my last e-mail.

Ron Branstner

It is most important to get information from the primary source. In this case, that is World Relief. Since they have not yet had their community information meeting, it does not seem likely that more accurate information could be presented from a third party, in this case, the meeting at the VFR. Thank you for the suggestion, but I must decline to attend the meeting tonight.

Joshua Miller

Eau Claire City Council

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

**In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

[CLICK HERE TO REGISTER](#) Please RSVP by Friday, October 13, 2023

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

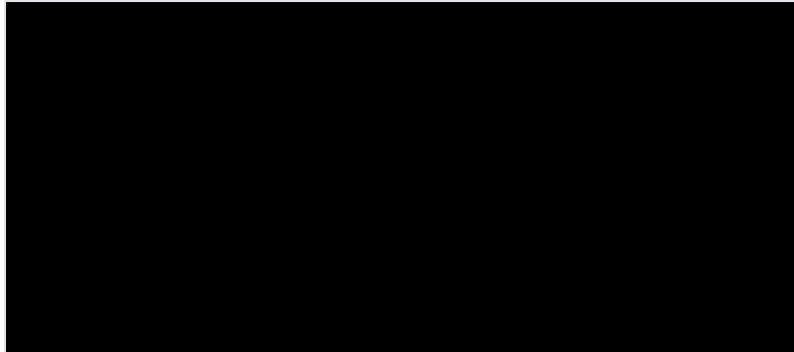

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

**Subject:** [EXTERNAL] Proposed Refugee Resettlement

Dear Ms. Schoen,

Thank you for your service to Eau Claire.

I am writing to you to express my concern about the possible establishment of a World Relief VOLAG (voluntary non-governmental agency) in Eau Claire, which would initially spearhead the resettlement of 75 refugees in the City of Eau Claire and the surrounding area.

I have just finished reading ‘**8 US Code 1522**-Authorization for programs for domestic resettlement of and assistance to refugees’. The first concern I noted was in Section a (1) (B) (iii), which states that “local voluntary agency activities should be conducted in close cooperation and advance consultation with State and local governments.” Based on the information I have, I do not believe that this has occurred.

Furthermore, Section a (2) (A) states that “the Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities.” Which local officials knew about this, and were consulted? Again, I do not believe that this has occurred, and therefore the law has not been followed.

All of this was new to me as of last week. I do not know of any local citizen who was aware that this is being considered. Why wouldn’t the government, citizens and taxpayers of Eau Claire be apprised of such an impactful proposal? Why wouldn’t local shareholders like businesses, hospitals, churches, and school administrators be advised? Especially since after the first 90 days here, the responsibility for refugee job-training, language-learning, housing, medical expenses, education, etc. passes from the World Relief VOLAG to the Eau Claire taxpayers. And if 75 refugees arrive the first year, how many other refugees (e.g., family members and others) will follow the next year?

I ask that you investigate what is being proposed, and halt this “intended distribution of refugees,” not because they are refugees, but because Eau Claire already has a large homeless population, a shortage of affordable housing, and illegal immigrants coming here from our open southern border.

Sincerely,

Susan Hintgen

**Attachments:** City Manager Update to the City Council 07 17 2023.pdf

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

**Subject:** Not a sad good bye

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with [State](#) and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of [refugees](#) among the [States](#) and localities before their placement in those [States](#) and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

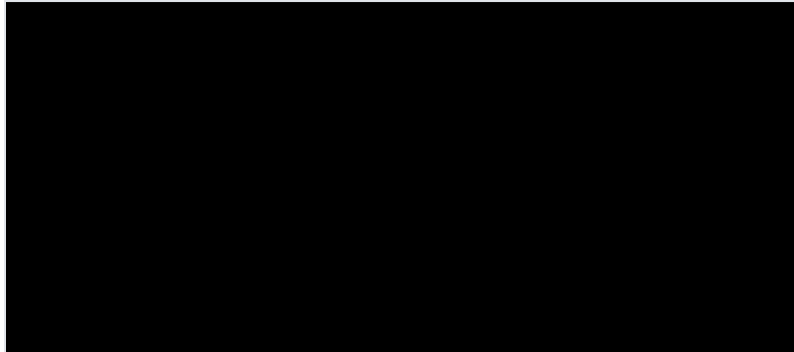

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

Hey Stephanie,

Just wanted to leave you a word of appreciation for your work to welcome World Relief, thereby welcoming new neighbors to our city. We have been getting some emails about this, and though of course not everyone in our community will support these actions, the resounding message I've gotten over my 8 years in service is that our community wants to lead with compassion, kindness, and generosity. I fully support the work you're doing here and I have good reason to believe that the majority of our council and our community support this work too.

Thank you! Keep up this good work!

**Subject:** [EXTERNAL] Syrian Refugees

Mr. Mboga,

I am extremely concerned about the Syrian Refugees who may be coming to the Chippewa Valley. The informational meeting held at VFW, Starr Ave. Thursday evening was extremely disconcerting for a number of reasons, mainly because this seemed to be done under the cover of darkness, with many discrepancies. The taxpayers in the Chippewa Valley were not given a heads up that this was taking place, therefore no one had an opportunity to voice their MANY concerns. Do you remember whom you represent?

Attendees at the Thursday meeting were told that this was coordinated by the Sheriff. This was a lie as the Sheriff knows nothing about this!!

What is going on??!!

I expect every City Council/County Board member to be present at the Library, 6 PM, 10/23. Remember whom you represent.

Regards,

Kathleen Kivlin

**When:** Wednesday, April 5, 2023 9:00 AM-10:00 AM (UTC-06:00) Central Time (US & Canada).  
**Where:** Rivers Conference Room

Good morning,

We have been working on assessing the feasibility of increasing the City's capacity to host immigrants and refugees, with the two goals of addressing employee shortages and of promoting a more multi-cultural community.

World Relief Refugee Resettlement agency is considering opening another office in Wisconsin, and Eau Claire is one of the 2 candidates. Tami Mclaughlin is their Fox Valley office director and she is coming to Eau Claire on April 5<sup>th</sup> to meet with us and do an assessment.  
I'm

scheduling the

meeting for 9:00 AM, if there's any conflict please let me know, Tami's schedule is flexible

Thank you  
Anoosheh

**Attachments:** City Manager Update to the City Council 07 17 2023.pdf

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

#### **In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

- **Council Calendar**

Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

World Relief Wisconsin

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** [EXTERNAL] Fw: World Relief Refugee Resettlement

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with [State](#) and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of [refugees](#) among the [States](#) and localities before their placement in those [States](#) and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

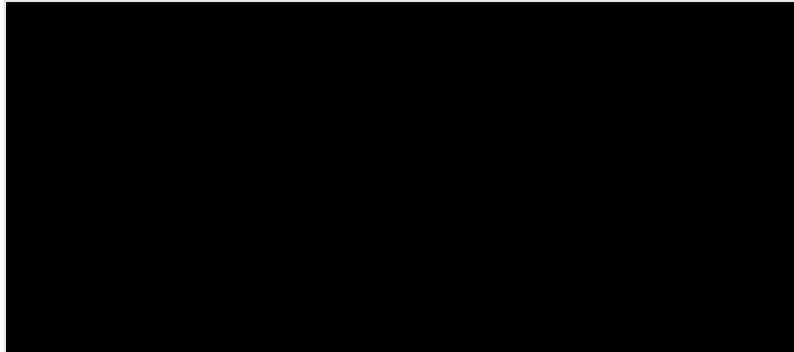

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

**Subject:** City Manager Update to the City Council - Week of 7/17  
**Attachments:** City Manager Update to the City Council 07 17 2023.pdf

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

**In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

- **Council Calendar**
- **Special Employee Spotlight:** Melissa Turnquist

All,  
Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

World Relief Wisconsin

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

[CLICK HERE TO REGISTER](#) Please RSVP by Friday, October 13, 2023

Feel free to share this invitation with other service providers in the Chippewa Valley network

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

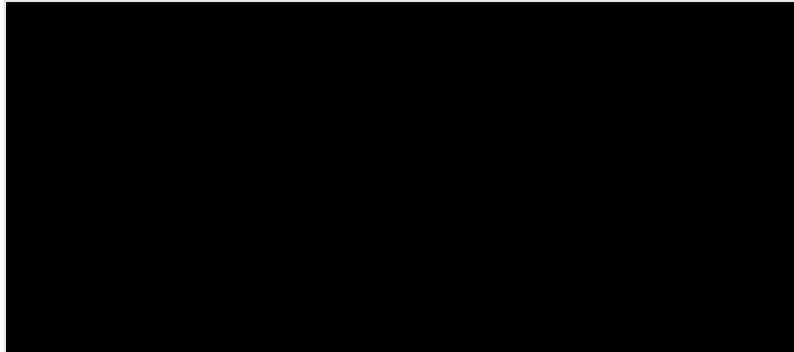

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

**Subject:** RE: Invite or Not?

Hi Anoosheh! I think it would be great to include all of those people. If there's any way to gauge their availability, that would be great. Like, if Tami has some flexibility, then you could offer up a few options to the group. You might include a sentence that explains the context too, such as: We have been working on assessing the feasibility of increasing the City's capacity to host immigrants and refugees, with the two goals of addressing employee shortages and of promoting a more multi-cultural community.

Good morning Stephanie,

I hope you're enjoying your trip ☺  
I talked to World relief director in Fox Valley.  
She's coming to Eau Claire to visit with us and all the key players.  
Is it ok to invite Katheryn and Lieske, Holley, Deb and Don too?  
Do you think we should have Billie too because she has housing questions for us as well or you will take care of them?

This is the email I'm going to send and I've already booked it on your schedule

"World Relief Refugee Resettlement agency is considering opening another office in Wisconsin and Eau Claire is one of the 2 candidates. TAMI MCLAUGHLIN is their Fox Valley office director and she is coming to Eau Claire to meet with us and do an assessment. I appreciate if you can attend please."

Dear Anoosheh,

I just wanted to let you know that there is also an existing refugee resettlement organization in Eau Claire called Welcoming New Neighbors (WNN). Wnn has been operating under the sponsorship of Lutheran Social Services of Wisconsin and Upper Michigan—home office Milwaukee—as a CoSponsorship program. WNN has accepted and settled 7 Afghan men and also supported two Afghan families who came to Eau Claire as a secondary migration. WNN is also moving to become a recognized Refugee Resettlement agency.

Two primary contacts for WNN are Ginny Close and Bea Evans, and I will copy them on this email.

Best,

Don Mowry

**Subject:** RE: update for council

We are exploring the feasibility of expanding the City's capacity to welcome immigrants and refugees. Our dual objectives are to address employee shortages and to cultivate a vibrant, multi-cultural community. One potential avenue is the prospect of World Relief Refugee Resettlement agency establishing a new office in Wisconsin. We are thrilled to be one of two candidates under consideration, and Tami McLaughlin, Director of World Relief Fox Valley, will visit Eau Claire in April to conduct an assessment. Additionally, we are actively exploring ways to boost the local workforce by utilizing PERM (employment) visas. To this end, we have engaged with the Chamber, CVTC, and ECD and are in the process of planning an information session for Eau Claire's businesses and employers.

Dear Anoosheh and Stephanie,

Thank you so much for hosting our conversation yesterday. Hopefully your takeaway, as was mine, was knowing how passionate we are about becoming a more diverse and welcoming community. Having a refugee resettlement agency locally would definitely work towards that.

In planning for the April 5th meeting, please confirm that the full Welcoming New Neighbors Steering Committee members are invited. That could be as many as 8-10 folks depending on other prior commitments.

Looking forward to seeing you again and continuing to 'dream' together!

Ginny Close,  
Welcoming New Neighbors

PS Besides giving credit to Walt Disney, yesterday, here is another appropriate quote. **"If you can dream it, then you can achieve it. You will get all you want in life if you help enough other people get what they want. - Zig Ziglar.**

**When:** Wednesday, April 5, 2023 9:00 AM-10:00 AM (UTC-06:00) Central Time (US & Canada).  
**Where:** Rivers Conference Room

Good morning,

We have been working on assessing the feasibility of increasing the City's capacity to host immigrants and refugees, with the two goals of addressing employee shortages and of promoting a more multi-cultural community.

World Relief Refugee Resettlement agency is considering opening another office in Wisconsin, and Eau Claire is one of the 2 candidates. Tami Mclaughlin is their Fox Valley office director and she is coming to Eau Claire on April 5<sup>th</sup> to meet with us and do an assessment.  
I'm

scheduling the

meeting for 9:00 AM, if there's any conflict please let me know, Tami's schedule is flexible

Thank you

## Short Film Screening: Refugee Resettlement Stories in Central Wisconsin

**Three Short Films to be Screened in Central Wisconsin**

hort film series, “New Neighbors: Refugee  
settlement and Asylum-Seeking in Central  
consin,” which showcases the stories of recent  
comers in Central Wisconsin, will be screened at  
upcoming public events. The three short films  
file families from Afghanistan, Nicaragua, and  
ngo, and their journeys from their homelands to their  
/ homes in Central Wisconsin.

eenings of the films will take place [April 12, 6:30  
..](#), at the Dreyfus University Center Theater, UW  
vens Point, 1015 Reserve St., Stevens Point, and  
[/ 6, 3:00 p.m.](#), at Whitewater Music Hall, 130 1<sup>st</sup> St,  
usau. Both events are free and open to the public,  
registration is not required.

mmaker Laura Hunt and some of our new neighbors  
participate in a Q&A session after the films.

: films were created for the [New Neighbors Series](#), a  
lic event series which examines the situations in the  
relands of recent newcomers to the Central Wisconsin area, and their experiences here i  
U.S.

: New Neighbor Series is a collaboration between the Ethiopian Community Developmen  
ncil, Rise Up Central Wisconsin, University of Wisconsin-Stevens Point, Wisconsin Instit  
Public Policy and Service, Wisconsin Humanities, and Wisconsin Public Radio.

SHORT FILM SCREENINGS:

**NEW NEIGHBORS SERIES:  
REFUGEE RESETTLEMENT AND  
ASYLUM-SEEKING IN CENTRAL WISCONSIN**

...holding signs that said “Baihaqi Family welcome to Wausau.”

A growing number of newcomers from around the globe now call Central Wisconsin home. These three short films tell the stories of families from Nicaragua, Afghanistan and Congo, starting with their lives in their homelands up to their arrival and welcome in Central Wisconsin.

**-April 12, 6:30 p.m.**, Dreyfus University Center Theater, UW Stevens Point, 1015 Reserve St., Stevens Point, WI.  
**-May 6, 3:00 p.m.**, Whitewater Music Hall, 130 1st St, Wausau, WI.

Filmmaker Laura Hunt and some of our New Neighbors will participate in a Q&A session after the films.

Hi Everyone,

My parents were just at a Zoom meeting with the organization that is working with refugee resettlement. They told me about how effusive and enthusiastic the folks from that organization were about the Eau Claire city staff and health department staff they had met with. I have no idea about what decision will be made, but I wanted to share about the terrific impression you all make and express my appreciation for the skill, care and dedication you bring.

thanks,

Emily

**Subject:** Meet with World Relief

Hi Matt – Would you be available to meet (probably for just about a half hour) with a representative from a refugee resettlement agency? They are considering setting up an office here in Eau Claire, and they wanted to ask these questions listed below... Let me or Anoosheh know if this time doesn't work! It looks free on your calendar. The agency person is free after 9:30AM on Wednesday.

World Relief, a refugee resettlement agency, is considering Eau Claire as a potential location to establish a refugee settlement office. The agency has conducted initial interviews with relevant individuals. As part of the assessment process, the director of the agency based in Appleton, Tami Laughlin, wishes to speak with the Eau Claire police chief. The following is a list of questions that will be discussed during the meeting.

- Any anti-immigrant sentiments expressed in the community? If so, how are sentiments managed?
- How are immigrant groups isolated or integrated into the community?
- Does local law enforcement have a community or cultural liaison?
- Any foreseeable barriers from public safety perspective to resettlement in community
- Any resources available for language barriers?

Hello Stephanie,

Hope you are well and enjoying Wisconsin's beautiful spring season.

After several visits and conversations with numerous stakeholders, World Relief Fox Valley is proposing opening a sub office in Eau Claire in the fall of 2023. Letters of support from officials and key partners are required to accompany the proposal so I am hoping you would write a letter and return to me by Wednesday, May 24. A template is attached for consideration.

We will be in touch as we continue forward with our plans as know your support and expertise will be instrumental in the success of welcoming refugees to Eau Claire. We appreciate all of the work you, Anoosheh and others on your team have done to pave the way for future newcomer communities and we look forward to partnering and collaborating to continue Eau Claire's legacy of welcome.

Please let me know if you have any questions or concerns.

Thank you for your support and leadership.

Tami

Hello Stephanie,

Hope you are well and enjoying Wisconsin's beautiful spring season.

After several visits and conversations with numerous stakeholders, World Relief Fox Valley is proposing opening a sub office in Eau Claire in the fall of 2023. Letters of support from officials and key partners are required to accompany the proposal so I am hoping you would write a letter and return to me by Wednesday, May 24. A template is attached for consideration.

We will be in touch as we continue forward with our plans as know your support and expertise will be instrumental in the success of welcoming refugees to Eau Claire. We appreciate all of the work you, Anoosheh and others on your team have done to pave the way for future

newcomer communities and we look forward to partnering and collaborating to continue Eau Claire's legacy of welcome.

Please let me know if you have any questions or concerns.

Thank you for your support and leadership.

Tami

Hi Anoosheh,

Good to hear from you! We don't expect to receive final approve for the resettlement site until late August but are going to begin recruiting for the site director (position should be posted by the following week). I will also begin looking for office space. Do you have any recommendations regarding location? A top priority is accessibility to public transportation.

Will stay in touch as starting to move forward!

Thanks!

Here's an extract of the Task List database grouped by meeting. I'm still trying to figure out how we can keep a master list of active and up-to-date tasks, including ones that are "on hold" or "long term" that we can refer to around budget season.

It would be great if Trello works.

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

#### **In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

We are saying farewell to Dr. Ka Vang who has served as our Equity, Diversity, and Inclusion Coordinator for nearly the past year. Ka has done so much for us in the time she has been here, and we are very sad to see her go. That said, we are excited about the position she is shifting into. She will work on rolling out the new World Relief Wisconsin Refugee Resettlement agency. She'll be just across the river on Madison Street, so we expect to see and work with Ka and her team often. Ka has said that she feels it's her life mission to work with refugees. As a child, Ka's family moved to the United States and eventually to Eau Claire. Her refugee experience greatly shaped her whole life, and she feels called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching our community with their talents, perspectives, and friendship. While at the City of Eau Claire, Ka has created an internal EDI team, facilitated training among staff, hosted monthly internal EDI meetings, hosted groups from the university, formed a BIPOC Steering Committee, gathered insights from leaders throughout the community, solicited a BIPOC Strategic Planning consultant, and much more. She has been a wonderful friend and co-worker, and she has taken on some of our City and society's biggest and most fraught challenges with grace, kindness, strength, and lots of fun. We'll miss Ka, and we are happy she's staying put in our community, continuing her path of spreading inclusion and joy.

**Subject:** EDI Coordinator

Hi TJ –

I know that many people have asked you this, including me the last time around! ☹️ But I thought I'd add another ask to the list... They say that women need to be asked like 10 times to run for office, and I'm using that same theory here.

Our amazing Ka is going on to run the new World Relief program. We need someone brave, brilliant, strong, savvy, determined to spearhead these EDI projects. We have the \$800K set aside to spend on transforming the Chippewa Valley and it's pretty much the number one thing on my priority list. I hope you'll consider applying for the position! ☹️

Stephanie

**Equity, Diversity, and Inclusion:** This past week, we held an EDI EauStat meeting at which we discussed the many big projects underway in this department. We are sad to say farewell to say farewell to Dr. Ka Vang who has served as our Equity, Diversity, and Inclusion Coordinator for nearly the past year. We are, though, proud and excited about the next role she is taking on as she continues EDI work in the Chippewa Valley.

Starting Monday, Ka will work on rolling out the new World Relief Wisconsin Refugee Resettlement agency. She'll be just across the river on Madison Street, so we expect to see and work with Ka and her team often. As a child, Ka's family moved to the United States and eventually to Eau Claire. Her refugee experience greatly shaped her whole life, and she feels called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching our community with their talents, perspectives, and friendship.

While at the City of Eau Claire, Ka has created an internal EDI team, facilitated training among staff, hosted monthly internal EDI meetings, hosted groups from the university, CVTC, other community organizations, formed a BIPOC Steering Committee, gathered insights from leaders throughout the community, solicited an EDI Strategic Planning consultant, and much more. She has been a wonderful friend and co-worker, and she has taken on some of our City and society's biggest and most fraught challenges with grace, kindness, strength, and lots of fun. We'll miss Ka, and we are happy she's staying put in our community, continuing her path of spreading inclusion and joy.

Please spread the word about our search for our next EDI Coordinator! [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#) This person will have a very significant impact on our efforts to ensure that Eau Claire is inclusive and a place where everyone can thrive.

Hi TJ –

I know that many people have asked you this, including me the last time around! ☐ But I thought I'd add another ask to the list... They say that women need to be asked like 10 times to run for office, and I'm using that same theory here.

Our amazing Ka is going on to run the new World Relief program. We need someone brave, brilliant, strong, savvy, determined to spearhead these EDI projects. We have the \$800K set aside to spend on transforming the Chippewa Valley and it's pretty much the number one thing on my priority list. I hope you'll consider applying for the position! ☐

Stephanie

\*\*

**Equity, Diversity, and Inclusion:** This past week, we held an EDI EauStat meeting at which we discussed the many big projects underway in this department. We are sad to say farewell to say farewell to Dr. Ka Vang who has served as our Equity, Diversity, and Inclusion Coordinator for nearly the past year. We are, though, proud and excited about the next role she is taking on as she continues EDI work in the Chippewa Valley.

Starting Monday, Ka will work on rolling out the new World Relief Wisconsin Refugee Resettlement agency. She'll be just across the river on Madison Street, so we expect to see and work with Ka and her team often. As a child, Ka's family moved to the United States and eventually to Eau Claire. Her refugee experience greatly shaped her whole life, and she feels called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching our community with their talents, perspectives, and friendship.

While at the City of Eau Claire, Ka has created an internal EDI team, facilitated training among staff, hosted monthly internal EDI meetings, hosted groups from the university, CVTC, other community organizations, formed a BIPOC Steering Committee, gathered insights from leaders throughout the community, solicited an EDI Strategic Planning consultant, and much more. She has been a wonderful friend and co-worker, and she has taken on some of our City and society's biggest and most fraught challenges with grace, kindness, strength, and lots of fun. We'll miss Ka, and we are happy she's staying put in our community, continuing her path of spreading inclusion and joy.

Please spread the word about our search for our next EDI Coordinator! Hi Andrew - Looping in some others... we have been discussing this as well. Are you planning to go to tonight's meeting, Andrew? I know that Tami and Ka have been deliberating about whether or not to go. (If you do go, you could share your support and/or explain WR's vetting policy.)

Chief Rokus, do you have thoughts on safety? Dave may have more insight on this situation as well...

**WARNING!! This email originated outside Eau Claire County. Do not click any links or attachments unless you know the sender.**

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county

government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Proposed Immigration Office Informational Meeting,  
October 19, 2023

[VFW Post 305](#)  
1600 Star Avenue  
Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Thanks Stephanie:

I have two Events I am attending tonight, so I am not able to make it.

I think the biggest concern I keep hearing is that refugees coming to the community will not be vetted. That is certainly not true. I do think strongly, pushing back on that and making sure people know the truth will help.

Hi Matt,

Hello from Green Bay. I wanted to forward this meeting information about an event tonight. As you can see below, a group opposed to World Relief's resettlement of refugees in Eau Claire will be meeting VFW from 7-9 pm.

Given the emotionally charged tenor of some of the comments we've received on this topic, I'm a bit concerned.

Tonight, some advocates who support refugee settlement in Eau Claire, volunteers from the Welcoming New Neighbors Group, plan to attend the meeting at the VFW. Naturally there will be disagreement, but hopefully it is a productive, de-escalating conversation.

My questions are:

- 1 - Public safety. Would a police presence be advisable at the event tonight, and/or at the World Relief info event next week, or a future council public hearing? Is a public safety strategy something that needs to be considered on this topic?
2. Outreach. Would ECPD be a good, de-escalating "messenger" to the public in clarifying that people do not need to be afraid?

Thanks,  
Emily

**Subject:** [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents. I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305

1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

I think Chief Rokus and DC Thomas have it under control. I'll see if he'd be comfortable sending the council an update on what they see as a prudent level of police presence today and the 23<sup>rd</sup>.

**Where:** [Rivers Conference Room](#)

Good morning,

We have been working on assessing the feasibility of increasing the City's capacity to host immigrants and refugees, with the two goals of addressing employee shortages and of promoting a more multi-cultural community.

World Relief Refugee Resettlement agency is considering opening another office in Wisconsin, and Eau Claire is one of the 2 candidates. Tami McLaughlin is their Fox Valley office director and she is coming to Eau Claire on April 5<sup>th</sup> to meet with us and do an assessment.  
I'm

scheduling the

meeting for 9:00 AM, if there's any conflict please let me know, Tami's schedule is flexible

Thank you  
Anoosheh

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

**Subject:** Information on World Relief

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

Hey Stephanie,

Just wanted to leave you a word of appreciation for your work to welcome World Relief, thereby welcoming new neighbors to our city. We have been getting some emails about this, and though of course not everyone in our community will support these actions, the resounding message I've gotten over my 8 years in service is that our community wants to lead with compassion, kindness, and generosity. I fully support the work you're doing here and I have good reason to believe that the majority of our council and our community support this work too.

Thank you! Keep up this good work!

Awe, thanks SO MUCH for sending this note!! ☐ If you don't mind, I'll pass it along to Anoosheh and Ka. It's especially discouraging to our current immigrants and BIPOC resident to hear how fearful and angry some residents are about the possibility of more immigrants, particularly immigrants of color.

Hello everyone,

Apologies for the late response we've been hosting a Chamber conference the last week.

We are interested in meeting, thanks Aaron for bringing up our previous work. We have also been in contact with a group called Welcoming New Neighbors that is associated with Lutheran Social Services. They have been specifically working to bring and acclimating some Afghanistan refugees (individuals and families) in the past year tackling exactly when Aaron mentioned, housing, transportation and basic needs.

I look forward to learning more.

Count me in for the meeting. Just so everyone is aware, there is another staffing group bringing in workers from Puerto Rico, current used heavily by Ashley Furniture in Arcadia/Whitehall. They have been doing this for about a year. Kaylynn and I have spoken with them a couple of times. Biggest challenge they have is finding landlords that will rent to someone with no housing references/history, etc.

**WARNING!! This email originated outside Eau Claire County. Do not click any links or attachments unless you know the sender.**

Hi all – looping the Chamber in on this too. I also had shared the webinar recording with Kaylynn. Below is what I received back from Mitos as the best step for getting the information to our businesses.

I can set up a meeting to plan out the webinar with Mitos. Can someone take the lead to be our “host” for it? We’ll want to discuss target businesses and marketing the webinar. Attached are the flyers for the previous one. For those that haven’t watched it, a meeting would be a good time to get any of our questions answered. Let me know who wants “in” and we can schedule a conversation.

Thank you,

**Subject:** Re: PERM for Western Wisconsin

Hello Ray,

Thank you for your email. We could do a webinar with a Question & Answer Session. I normally invite Len Fast, Administrator of Barron Care & Rehab because he gives first hand information on his great experience with our IMC foreign workers. Providers can relate to him especially because he is from Wisconsin as well.

My husband Albert and I just came back from a trip to Israel and Dubai where most of our Filipino foreign workers are. We were there to visit our Offices, Recruiters and applicants.

I look forward to hearing back from you.

**Thank you,**  
**Mitos Bitong**

All -

I believe this would be a program that would benefit the Chippewa Valley – particularly with our hub of health care and the need for nurses. What are the steps to getting this going and who do we need on point to lead the charge? There may also be employers in manufacturing who need the workforce.

Kathryn

Hello everyone,

Thank you for joining us today for the PERM presentation. Below you can find the link to the webinar recording and the passcode to view it. I have also attached the Powerpoint presentation that Mitos provided and her contact information is on the last slide. We truly appreciate you joining us today. We will be hosting an employer roundtable about workforce challenges and solutions in October and we will ensure you receive that information as well. Thank you and have a great day!

Good afternoon!

Please see attached for tomorrow's meeting at 10am. I changed the location to the North Conference Room going forward due to the large number of people in this group.

I am planning on moving through the Coordinated Entry, Sojourner House, and Community Haven House data pretty fast to allow time for conversation on some other points and the task list. Please take a look at the task list before the meeting. We would like to add updates to each one as time allows.

PD has been fantastic helping to provide some raw data that we have started creating charts that we can update monthly to help identify trends. If there is anything else that may be useful please let me know and I can work with PD to add that to our monthly update.

Have an amazing day!

Sincerely,

I'm looking into what agencies are working around Appleton that are related to what we're looking for.  
One is **World Relief** that I'm very familiar with, they are a huge **Christian** NGO with branches all over the world, They accept strictly Christian employees, their model of working as a very rich agency can't be a model for us I guess? Also, they're closed on Wednesdays. The other one is a **Muslim** organization with a headquarter in **Pakistan** that helps refugees from Muslim countries, If we want to meet with them we have to email them an official request, I've got the email address. They help the refugees in their area to settle. I can't remember any other entities in Appleton that we're interested in learning more about, do you?

Connecting state and local government leaders

Route Fifty Today March 16, 2023

## Kids Eat Free! States Push to Make School Meals Available to All

DANIEL C. VOCK | Lawmakers around the country have passed or are considering bills that would make universal free school meals permanent following the end of a similar federal pandemic-era program.

## \$700M in Grants for Local EV Chargers Announced

DANIEL C. VOCK | The competitive grants are designed to install electric vehicle chargers in local communities where private entities are otherwise less likely to build them.

## Four Ways to Improve Refugee Resettlement in the US

[LORI SCIALABBA](#) | COMMENTARY | Geopolitical unrest and the detrimental impacts of climate change will continue to increase the flow of refugees requiring resettlement. Here's how state and local governments and nonprofits can effectively prepare to meet increased demand.

## Tackling Rural America's 'Hidden' Housing Crisis

[JAN PYTALSKI AND TAYLOR SISK](#) | [THE DAILY YONDER](#) | Over the past two years, the rate of homelessness and housing insecurity rose faster in rural places than the country at large, but community-based organizations are in a unique position to offer solutions.

## New York City Mayor Keeps Creating New Offices

[JEFF COLTIN AND ERIC HOLMBERG](#) | [CITY & STATE NEW YORK](#) | From child care to rats, if you've got a problem, Mayor Eric Adams has a job to tackle it.

**Importance:** High

Good morning Stephanie,

I hope you're enjoying your trip ☺  
I talked to World relief director in Fox Valley.  
She's coming to Eau Claire to visit with us and all the key players.  
Is it ok to invite Katheryn and Lieske, Holley, Deb and Don too?  
Do you think we should have Billie too because she has housing questions for us as well or you will take care of them?

This is the email I'm going to send and I've already booked it on your schedule

"World Relief Refugee Resettlement agency is considering opening another office in Wisconsin and Eau Claire is one of the 2 candidates. TAMI MCLAUGHLIN is their Fox Valley office director and she is coming to Eau Claire to meet with us and do an assessment. I appreciate if you can attend please."

Dear Anoosheh,

I just wanted to let you know that there is also an existing refugee resettlement organization in Eau Claire called Welcoming New Neighbors (WNN). Wnn has been operating under the sponsorship of Lutheran Social Services of Wisconsin and Upper Michigan—home office Milwaukee—as a CoSponsorship program. WNN has accepted and settled 7 Afghan men and also supported two Afghan families who came to Eau Claire as a secondary migration. WNN is also moving to become a recognized Refugee Resettlement agency.

Two primary contacts for WNN are Ginny Close and Bea Evans, and I will copy them on this email.

Best,

Don Mowry

**To:** Anoosheh Hamzehee <Anoosheh.Hamzehee@EauclaireWi.Gov>  
**Subject:** [EXTERNAL] RE: April 5th Meeting in Eau Claire

Hello Anoosheh,

I enjoyed our discussion yesterday regarding World Relief establishing a refugee resettlement site in Eau Claire. Will look forward to continuing the conversation with a wider network of community stakeholders on Wednesday, April 5<sup>th</sup> and am very thankful for your willingness to coordinate this meeting.

Attached is a document created by our resettlement contractor, The Bureau of Population, Refugees and Migration (PRM), as a guide to assess a community's ability to resettle refugees. World Relief will complete the assessment and use to assist in determining if we are supportive of opening a site in Eau Claire. This would be followed by submitting a proposal to PRM as ultimately it is their decision to approve new sites. As I mentioned, we are also assessing the community of La Crosse and would most likely only support opening one new office next year.

Please feel free to send the guide to your stakeholders. Attachments Two and Three on pages 19 – 25 contain specific questions related to the assessment, and we will use the Evaluation Matrix to begin our conversation. My goal would be to have the assessment completed by the end of April and will plan to make one or two additional trips to Eau Claire.

Regarding housing questions, we would expect to resettle no more than a total of 75 people the first year. (most likely arriving after January 1, 2024). We are currently resettling mainly Congolese in the Fox Valley; singles to families as large as 9 people so renting 1 – 4 bedroom housing, ranging from \$650 - \$1400. Housing is a challenge in all of our communities so will be a priority in the assessment!

Hope this information is helpful as we begin this process. Please feel free to reach out with questions....resettlement is a collaborative and community response and we look forward to developing a strong partnership.

Thank you for your help and I look forward to meeting you soon.

Tami

**Subject:** April 5th Meeting in Eau Claire

Good morning Tami,

I have invited Health Director, County Director and the city manager, Human Services Director, our housing project coordinator, ELL program Manager from CVTC, and a few more to the meeting on April 5<sup>th</sup> at 9:00. Most of them will be here☐

Our housing project manager asked me a couple of questions to get ready for the meeting, I thought I'll forward them to you:

“Do we have any preliminary information on needs from a community to host this program? How much housing would a program like this need available?  
If housing is needed, what price points? It would be helpful to know what criteria they look at in order to be able to be prepared to answer questions during the meeting. “

Good morning Anoosheh,

Thank you for being so welcoming!! ☺ If it would work for you, a few of us would like to meet with you prior to the 5th, perhaps next week? We would especially like to tell you our Welcoming New Neighbors (WNN) 'story'. Also, we would like to share what we have learned, connections we have made, and other immigrant support efforts already at work of which you may or may not already be aware. Learning more of the City of Eau Claire perspective and the World Relief connection would be of great value as WNN envisions our community becoming an even more immigrant welcoming one, working in partnership with those seeking that same outcome.

Anoosheh, in order to proceed with setting up a meeting, could you please give us a couple of choices of days, times, and a meeting place that would work for you? There is such great interest within our Steering Committee, that I would estimate 4-5 of us wanting to join you.

Happy Friday,  
Ginny Close  
WNN Steering Committee Member

Hello Anoosheh,

Yes Welcoming New Neighbors is still a volunteer driven organization. From our Afghan welcoming experience, we are exploring expanding to become a 501c3 in support of new immigrants and of those already here.

It is exciting to hear that World Relief is considering EC. All kinds of questions come to mind however and I would like to hear more of the back story of how EC got to be considered as a possible future resettlement location? Would you be available to meet with a few of WNN volunteers prior to April 5 or could a few of us attend that meeting?

Looking forward to working together to become a truly welcoming community.  
Ginny Close

Thank you Don! Hello Bea and Ginny! I wish I knew this earlier, I was under the impression that Welcoming neighborhood is volunteer based. Has that changed? How a World relief agency in town would relate with what you're doing? I used to work for DHS and have met a few of the WNN members and also all the 7 Afghan refugees who were settled then. Are all or some of the Afghan refugees still living in Eau Claire? I am aware that World Relief will contact Lutheran Social Services before doing the assessment for Eau Claire.

Thank you  
Anoosheh

Dear Anoosheh,

I just wanted to let you know that there is also an existing refugee resettlement organization in Eau Claire called Welcoming New Neighbors (WNN). Wnn has been operating under the sponsorship of Lutheran Social Services of Wisconsin and Upper Michigan—home office Milwaukee—as a CoSponsorship program. WNN has accepted and settled 7 Afghan men and also supported two Afghan families who came to Eau Claire as a secondary migration. WNN is also moving to become a recognized Refugee Resettlement agency.

Two primary contacts for WNN are Ginny Close and Bea Evans, and I will copy them on this email.

Best,

Don Mowry

**Subject:** Meeting with World Relief Resettlement agency

**When:** Wednesday, April 5, 2023 9:00 AM-10:00 AM (UTC-06:00) Central Time (US & Canada).

**Where:** Rivers Conference Room

Good morning,

We have been working on assessing the feasibility of increasing the City's capacity to host immigrants and refugees, with the two goals of addressing employee shortages and of promoting a more multi-cultural community.

World Relief Refugee Resettlement agency is considering opening another office in Wisconsin, and Eau Claire is one of the 2 candidates. Tami McLaughlin is their Fox Valley office director and she is coming to Eau Claire on April 5<sup>th</sup> to meet with us and do an assessment.  
I'm

sche

during the meeting for 9:00 AM, if there's any conflict please let me know, Tami's schedule is flexible

Thank you  
Anosheh

Good afternoon,

Thanks to everyone for your work on this. I'm sorry for my delay in following up. I just had a chance to go back through my archives of information I've shared the last year with our economic development partners.

I mentioned to Kaylynn at the Chamber, who I hope you've had a chance to connect with, about your interest in the Workforce Talent Pipelines Series we discussed. It sounds like she's talked with Steve Jahn of Momentum West, who could be a partner, and she recommended bringing in "Welcoming New Neighbors" locally. The series we discussed included [International Manpower Connection, Inc.](#) (PERM), [Mission Wisconsin](#) (Veterans), and a group Kaylynn mentioned named Integrated... not sure. As we discussed, I still think the best chance for success in this in supporting businesses in driving the work of bringing new people to the region.

The email below this I shared with our regional partners and references the context of the 2022 pdf slide deck attached. The PERM pdf is an example of what our partners in Amery/Polk County did for an event last June. The best example of a success story for PERM is Len Fast, Administrator of [Barron Care & Rehab](#).

Otherwise, the following information was shared with me for contact information and links on accessing various programs. We also talked about Lutheran Social Services being a partner in our region as well.

Highlights of the Ukraine refugee process (from my counterpart in Northern WI)

1. They are refugee status, they are here for two years, basically a temporary status, unless some things change with our immigration process during the two years that will allow them to obtain a green card and/or citizenship they will return to Ukraine at the end of two years. While here they are eligible for benefits, health insurance etc. They can obtain a work permit, this process can take up to 6 weeks.
2. Each refugee needs to have a Sponsor here in the USA. The folks I talked to were not aware of a business being a sponsor. (Employer sponsored program is different) The employer program is a

longer more extensive process. They suggested having an immigration lawyer retained if considering this program. However, some of the links above will provide info.

3. From the time one would become approved to be a sponsor the Ukraine refugee can be here in about 4-6 weeks, so is quite fast.
4. Most of the Ukraine refugees are female. Some are professionals, others are not. There is no guarantee they would be interested in working in manufacturing. It didn't seem like there was a way to screen people to determine their interest in working and what skills they may or may not have.
5. The I-134 is the first form to complete.

I hope all this is helpful. I'm glad to have a group in Eau Claire interested in taking this on. My role going forward can certainly be to share information and connect people who are interested and working on this topic.

Thank you,

**Subject:** Immigration talent pipelines

Good morning,

There have been a lot of questions on how our region can better access immigrant talent pipelines. My colleague for SW WI has worked in this area a while and shared some resources.

The new resettlement program for the Ukrainians was recently announced: [Welcome.US | Explainer](#). It looks like the US sponsors (family, friends, employers) should just go on the USCIS website and fill out the Affidavit of Support to start the process I-134 [Affidavit of Support \(uscis.gov\)](#).

Attached is a presentation she recently gave to the Rural WI Healthcare Cooperative Association. It provides a great primer on organizations like [Talent Beyond Boundaries](#) and discusses various pathways for opening our communities to refugees. It also references the PERM program in Rice Lake and I'm sure Dave Armstrong would be a happy resource on that.

A recent successful migration story is Puerto Ricans in 2018. You can see videos documenting the ways communities successfully recruited the here:

[https://www.youtube.com/results?search\\_query=puerto+ricans+recruiting](https://www.youtube.com/results?search_query=puerto+ricans+recruiting)

Finally, we're in early conversations about a series of roundtables throughout the State this summer on this topic. I hope to have more to share in a few weeks!

Thank you!

**Subject:** [EXTERNAL] Our conversation yesterday

Dear Anoosheh and Stephanie,

Thank you so much for hosting our conversation yesterday. Hopefully your takeaway, as was mine, was knowing how passionate we are about becoming a more diverse and welcoming community. Having a refugee resettlement agency locally would definitely work towards that.

In planning for the April 5th meeting, please confirm that the full Welcoming New Neighbors Steering Committee members are invited. That could be as many as 8-10 folks depending on other prior commitments.

Looking forward to seeing you again and continuing to 'dream' together!

Ginny Close,  
Welcoming New Neighbors

PS Besides giving credit to Walt Disney, yesterday, here is another appropriate quote. "If you can dream it, then you can achieve it. You will get all you want in life if you help enough other people get what they want. - Zig Ziglar.

**Subject:** RE: update for council

We are exploring the feasibility of expanding the City's capacity to welcome immigrants and refugees. Our dual objectives are to address employee shortages and to cultivate a vibrant, multi-cultural community. One potential avenue is the prospect of World Relief Refugee Resettlement agency establishing a new office in Wisconsin. We are thrilled to be one of two candidates under consideration, and Tami McLaughlin, Director of World Relief Fox Valley, will visit Eau Claire in April to conduct an assessment. Additionally, we are actively exploring ways to boost the local workforce by utilizing PERM (employment) visas. To this end, we have engaged with the Chamber, CVTC, and ECD and are in the process of planning an information session for Eau Claire's businesses and employers.

Hi Everyone,

My parents were just at a Zoom meeting with the organization that is working with refugee resettlement. They told me about how effusive and enthusiastic the folks from that organization were about the Eau Claire city staff and health department staff they had met with. I have no idea about what decision will be made, but I wanted to share about the terrific impression you all make and express my appreciation for the skill, care and dedication you bring.

thanks,  
Emily

**Subject:** World Relief meeting with Chief Rokus (April 19th)

World Relief, a refugee resettlement agency, is considering Eau Claire as a potential location to establish a refugee settlement office.

The agency has conducted initial interviews with relevant individuals. As part of the assessment process, the director of the agency based in Appleton, Tami Laughlin, wishes to speak with the Eau Claire police chief. The following is a list of questions that will be discussed during the meeting.

Any anti-immigrant sentiments expressed in the community? If so, how are sentiments managed?

How are immigrants groups isolated or integrated into the community?

Does local law enforcement have a community or cultural liaison?

Any foreseeable barriers from public safety perspective to resettlement in community

Any resources available for language barriers?

Hello Stephanie,

Hope you are well and enjoying Wisconsin's beautiful spring season.

After several visits and conversations with numerous stakeholders, World Relief Fox Valley is proposing opening a sub office in Eau Claire in the fall of 2023. Letters of support from officials and key partners are required to accompany the proposal so I am hoping you would write a letter and return to me by Wednesday, May 24. A template is attached for consideration.

We will be in touch as we continue forward with our plans as know your support and expertise will be instrumental in the success of welcoming refugees to Eau Claire. We appreciate all of the work you, Anoosheh and others on your team have done to pave the way for future newcomer communities and we look forward to partnering and collaborating to continue Eau Claire's legacy of welcome.

Please let me know if you have any questions or concerns.

Thank you for your support and leadership.

Tami

Dear Ms. McLaughlin,

I am unable to compose a Letter of Support for a proposed refugee resettlement office in Eau Claire. Please do not interpret my inability to write this letter as a lack of support for refugee resettlement efforts. I am not well-versed in refugee resettlement and should not be considered a subject matter expert. Additionally on these matters I can only speak to the Police Department operations, not representing the City of Eau Claire as a whole.

Please know that that members of the Eau Claire Police Department will continue to do our very best to ensure Eau Claire is a safe and welcoming community for all ethnic and national backgrounds. This is especially true for our immigrant population. As your plans move forward please continue to consider us as a partner.

Sincerely,

Hello Marisa,

Hope you are well and enjoying Wisconsin's beautiful spring season.

After several visits and conversations with numerous stakeholders, World Relief Fox Valley is proposing opening a sub office in Eau Claire in the fall of 2023. Letters of support from officials and key partners are required to accompany the proposal so I am hoping you would write a letter and return to me by Wednesday, May 24. A template is attached for consideration.

We will be in touch as we continue forward with our plans as know your support and expertise will be instrumental in the success of welcoming refugees to Eau Claire. We appreciate all of the work you personally have done with refugee health screenings as well as the whole Eau Claire public health team to pave the way for future newcomer communities. We look forward to partnering and collaborating to continue Eau Claire's legacy of welcome.

Please let me know if you have any questions or concerns.

Thank you for your support and leadership.

Tami

Looks like it is a regional effort...I didn't see anything that it is unique to the City of Eau Claire...so yes, it is a levy supported service but it is a COUNTY levy effort representing residents of Altoona, T of Wash, T of Pleasant Valley, Fall Creek, etc. We should make sure it is noted when this is discussed publicly that it isn't just the City of Eau Claire.

Hi Anoosheh,

Good to hear from you! We don't expect to receive final approve for the resettlement site until late August but are going to begin recruiting for the site director (position should be posted by the following week). I will also begin looking for office space. Do you have any recommendations regarding location? A top priority is accessibility to public transportation.

Will stay in touch as starting to move forward!

Thanks!

**Attachments:** City Manager Update to the City Council 07 17 2023.pdf

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

**In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

- **Council Calendar**
- **Special Employee Spotlight:** Melissa Turnquist

Hello Lieske,

Annoosheh forwarded your email and I appreciate your interest in preparing for the arrival of refugees to the Chippewa Valley in the near future. Our team in the Fox Valley is wrapping up fiscal year 2023 in the midst of welcoming a few more individuals and families while also preparing to open our Chippewa Valley office in the next few weeks.

We are on the cusp of finalizing office space and in the process of making offers for several staff positions. We hope most of these details are in place by the middle of October. In addition, we have tentatively scheduled a "partner meeting" for later October and plan to send invites next week which you will receive. With all of these details in place, our best estimate for first arrivals would be late November and could consist of individuals or families. The total number of refugees we have been approved to welcome to the Chippewa Valley for FY2024 is 75 people.

Brittany Fry reached out earlier this summer asking for information regarding Public Health's responsibility in refugee resettlement and following was the response provided by our State Refugee Health Coordinator, Savitri Tsering:

*Hello,*

*I work as the State Refugee Health Coordinator (SRHC) and can address concerns related to refugees coming into your community. I know World Relief Fox Valley (WRFV) will be opening a satellite office in Eau Claire this fall. For refugee services we recommend that the local health department (LHD) be part of the network that works with the resettlement agency (RA) and provides information and updates as needed. In general, it is not expected that LHDs do any more for refugees than they would for others living in their community. You will be viewed as an agency in the know about area health/medical providers.*

*As you are aware there are sponsored humanitarian parolees that are coming into the US that need TB attestation. If they are not eligible for Medicaid (depending on where they are from, they may or may not be eligible), the TB dispensary can cover their TB related screening services.*

*Ways that health departments have helped make connection with the refugee community is in providing education and updates for programs they have such as home visiting, WIC, communicable disease follow-up, child car safety, Well Women programs, etc. – your LHD may or may not have some of those services but the point is, what you offer the general public, in turn offer to the refugee community and make sure you have a seat at the table for understanding and connecting with those doing refugee resettlement in your community.*

*Taking the view broader to all immigrant populations the same will be true – what do you provide to your general population, make sure [your local connection to Covering WI](#) is strong so that full knowledge of healthcare eligibility is there, know the parameters of what services you can provide regardless of documentation status.*

Lieske, I hope this information is helpful. If you have additional questions, please do not hesitate to reach out. We hope to meet you in the near future and look forward to developing a strong partnership and welcoming network for the Chippewa Valley newcomers!

Thank you,

Tami

**Subject:** RE: [EXTERNAL] resettlement update

Thanks for the update Anoosheh.

Someone from our team will be happy to be part of the conversation.

I know that housing also will be an important issue. Not sure if anyone is actively addressing that if a large group of people are coming.

Do you know if this is likely individuals or families? That would help us in thinking who best on our end to engage.

Thanks.

Lieske

**Subject:** [EXTERNAL] resettlement update

Greetings.

I wanted to quickly connect to see if you have any updates for us related to the proposed resettlement efforts. I know that depending on what moves forward, there may be considerable involvement of staff and resources across our agencies. I want to be sure we are thinking about that so we have planned strategically.

Let me know what you can share.

Thanks much.

Lieske

Hi Ellie,

Thanks for your interest in doing a story around refugee resettlement in Eau Claire. We believe this is newsworthy!

If you are flexible, I am in Eau Claire on Wednesday, October 18 and could meet with you. If you prefer Tuesday, Karen Crisler, another staff member, will be in Eau Claire and I'll connect the two of you for an interview.

Are you flexible with regard to when the story is released? We are hosting a Community Gathering the evening of Monday, October 23 at the Library and would love media exposure to assist in promoting the event. However, do know we appreciate the visibility whenever the story is released!

<https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Let me know if you are able to access/use the following footage. We are rebranding to World Relief Wisconsin but could still be useful?

[worldrelief.sharepoint.com/sites/MarketingandComms/Affiliate/Ready For Welcome FINAL\\_Fox Valley.mp4](https://worldrelief.sharepoint.com/sites/MarketingandComms/Affiliate/Ready%20For%20Welcome%20FINAL_Fox%20Valley.mp4)

Do let me know how I can be of additional assistance and thanks again!

Hi guys,

Thank you for reaching out! I was looking to do a story on World Relief coming to Eau Claire and how that will impact the city.

Stephanie- would you be the best person to speak with me about this decision from the City of Eau Claire? Also, I was wondering what volunteer groups you collaborated with in the community to make this happen.

Tami- Would you be available for an on-camera pre-recorded interview on Tuesday, Oct. 17 at 9:30 a.m.? I think it would be great if we could meet in Eau Claire outside of where the resettlement agency will be located. However, let me know what works for you! Also, let me know if you have any footage you could submit from World Relief for the story.

My apologies for the response at 11 p.m. I am working overnights tonight. ☹️ My plan would be to film and edit this story the week of Oct. 16 and then air it that following Monday.

Let me know your thoughts!

Best,

Hi Tami,

Thank you for getting back to me. We can set up the interview for Wednesday, October 18 at 9:30 a.m. instead, if that works better for you! What is the address of where the resettlement agency location will be located?

I am planning to air the story on the morning of Monday, Oct. 23, so it would work well to mention the community event when I air it.

Looks like I cannot access the footage. However, if you have raw files, you can send them to this link and upload them to the "Hello Wisconsin" section which should allow me to access and air the footage. Here is that link: <https://www.weau.com/community/user-content/>

Let me know if you have any questions and if Wednesday works for you for an interview!

**Subject:** RE: Draft Blurb

Here's the edit version. Looks good. Thanks.

We are saying farewell to Dr. Ka Vang who has served as our Equity, Diversity, and Inclusion Coordinator for nearly the past year. Ka has done so much for us in the time she has been here, and we are very sad to see her go. That said, we are excited about the position she is shifting into. She will work on rolling out the new World Relief Wisconsin Refugee Resettlement agency. She'll be just across the river on Madison Street, so we expect to see and work with Ka and her team often. As a child, Ka's family moved to the United States and eventually to Eau Claire. Her refugee experience greatly shaped her whole life, and she feels called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching our community with their talents, perspectives, and friendship. While at the City of Eau Claire, Ka has created an internal EDI team, facilitated training among staff, hosted monthly internal EDI meetings, hosted groups from the university, CVTC, other community organizations, formed a BIPOC Steering Committee, gathered insights from leaders throughout the community, solicited an EDI Strategic Planning consultant, and much more. She has been a wonderful friend and co-worker, and she has taken on some of our City and society's biggest and most fraught challenges with grace, kindness, strength, and lots of fun. We'll miss Ka, and we are happy she's staying put in our community, continuing her path of spreading inclusion and joy.

**Subject:** EDI Position and Interview Committee - Please consider  
applying or serving on interview panel

Hello BIPOC Committee –

I know Ka reached out, and here's a follow-up note. As Ka mentioned, she has moved over to manage the World Relief agency that just moved to Eau Claire. More about Ka's time at the City and about her new role is below.

I'm writing to ask two things...

**Spread the Word:** First, with Ka's transition, the EDI Coordinator position is now open and accepting applications through 10/22. Please consider applying yourself and/or spread the word about the opening. More information is here: [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#) Our EDI Coordinator will continue to have a very significant impact on our efforts to ensure that Eau Claire is inclusive and a place where everyone can thrive. We have the \$810K set aside to spend on transforming the Chippewa Valley to work on these goals. As City Manager, I consider this work one of my highest priorities, and I'm committed to being part of the EDI team, along with other staff, at every step. Feel free to reach out to me with any questions!

**Serve on Selection Committee:** Next, if you are not interested in applying, would you consider serving on the interview committee? The interviews will be held on Monday, October 30<sup>th</sup>. Depending on the number of candidates, they will last several hours. Please let me know if you're willing!

Thanks in advance for considering these requests!

Stephanie

**Subject:** Refugee Resettlement - website

Hello!

Just wanted to let you know about an update I made to the City's website to address questions that may come in about Refugee Resettlement. While resettling refugees is not a function of the City, I did think it made sense for us to address it since it would be a topic of interest to the community at-large and might be helpful in directing people where to go with questions. I talked a good deal with Doug and he reviewed these before they were published.

The Refugee Resettlement page can be found as a sub-page of the EDI Coordinator page: <https://www.eauclairewi.gov/government/our-divisions/city-manager/edi-equity-diversity-inclusion/refugee-resettlement>

And I created a Calendar item for the public meeting taking place on Monday at the Library: <https://www.eauclairewi.gov/Home/Components/Calendar/Event/13829/17>

While the work of World Relief Wisconsin is not ours to explain, the Refugee Resettlement page can be updated with additional information as needed in the future.

Just wanted to let you know in case calls came in and people were asking where they can go for information (there's a link to their website for contact info)

Thanks,  
~Tess

I also want to loop you in about this Stephanie. The speaker last week from Fire Dept was incredibly concerning, making irrational claims about refugees and the border and Hamas, and I see that that same fear is spreading. I told Ka about this and said security might be a smart idea for the opening of this next week.

**Subject:** World Relief Refugee Resettlement office in Eau Claire

**WARNING!! This email originated outside Eau Claire County. Do not click any links or attachments unless you know the sender.**

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST

(United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting,  
October 19, 2023

[VFW Post 305](#)  
1600 Star Avenue  
Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents. I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Proposed Immigration Office Informational Meeting, October 19, 2023

[VFW Post 305](#)  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Hi TJ –

I know that many people have asked you this, including me the last time around! ☐ But I thought I'd add another ask to the list... They say that women need to be asked like 10 times to run for office, and I'm using that same theory here.

Our amazing Ka is going on to run the new World Relief program. We need someone brave, brilliant, strong, savvy, determined to spearhead these EDI projects. We have the \$800K set aside to spend on transforming the Chippewa Valley and it's pretty much the number one thing on my priority list. I hope you'll consider applying for the position! ☐

Stephanie

\*\*

**Equity, Diversity, and Inclusion:** This past week, we held an EDI EauStat meeting at which we discussed the many big projects underway in this department. We are sad to say farewell to say farewell to Dr. Ka Vang who has served as our Equity, Diversity, and

Inclusion Coordinator for nearly the past year. We are, though, proud and excited about the next role she is taking on as she continues EDI work in the Chippewa Valley.

Starting Monday, Ka will work on rolling out the new World Relief Wisconsin Refugee Resettlement agency. She'll be just across the river on Madison Street, so we expect to see and work with Ka and her team often. As a child, Ka's family moved to the United States and eventually to Eau Claire. Her refugee experience greatly shaped her whole life, and she feels called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching our community with their talents, perspectives, and friendship.

While at the City of Eau Claire, Ka has created an internal EDI team, facilitated training among staff, hosted monthly internal EDI meetings, hosted groups from the university, CVTC, other community organizations, formed a BIPOC Steering Committee, gathered insights from leaders throughout the community, solicited an EDI Strategic Planning consultant, and much more. She has been a wonderful friend and co-worker, and she has taken on some of our City and society's biggest and most fraught challenges with grace, kindness, strength, and lots of fun. We'll miss Ka, and we are happy she's staying put in our community, continuing her path of spreading inclusion and joy.

Please spread the word about our search for our next EDI Coordinator! [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#) This person will have a very significant impact on our efforts to ensure that Eau Claire is inclusive and a place where everyone can thrive.

Thanks Stephanie:

I have two Events I am attending tonight, so I am not able to make it.

I think the biggest concern I keep hearing is that refugees coming to the community will not be vetted. That is certainly not true. I do think strongly, pushing back on that and making sure people know the truth will help.

I also want to loop you in about this Stephanie. The speaker last week from Fire Dept was incredibly concerning, making irrational claims about refugees and the border and Hamas, and I see that that same fear is spreading. I told Ka about this and said security might be a smart idea for the opening of this next week.

Hi Matt,

Hello from Green Bay. I wanted to forward this meeting information about an event tonight. As you can see below, a group opposed to World Relief's resettlement of refugees in Eau Claire will be meeting VFW from 7-9 pm.

Given the emotionally charged tenor of some of the comments we've received on this topic, I'm a bit concerned.

Tonight, some advocates who support refugee settlement in Eau Claire, volunteers from the Welcoming New Neighbors Group, plan to attend the meeting at the VFW. Naturally there will be disagreement, but hopefully it is a productive, de-escalating conversation.

My questions are:

- 1 - Public safety. Would a police presence be advisable at the event tonight, and/or at the World Relief info event next week, or a future council public hearing? Is a public safety strategy something that needs to be considered on this topic?
2. Outreach. Would ECPD be a good, de-escalating "messenger" to the public in clarifying that people do not need to be afraid?

Thanks,  
Emily

I really think it will be ok. My hope is that the antiimmigration group is professional but determined in their belief but respectful. I've got 100% confidence in our PD.

**Subject:** Fyi - time sensitive - Meeting tonight for opponents of refugees / World relief

Hi Matt,

Hello from Green Bay. I wanted to forward this meeting information about an event tonight. As you can see below, a group opposed to World Relief's resettlement of refugees in Eau Claire will be meeting VFW from 7-9 pm.

Given the emotionally charged tenor of some of the comments we've received on this topic, I'm a bit concerned.

Tonight, some advocates who support refugee settlement in Eau Claire, volunteers from the Welcoming New Neighbors Group, plan to attend the meeting at the VFW. Naturally there will be disagreement, but hopefully it is a productive, de-escalating conversation.

My questions are:

- 1 - Public safety. Would a police presence be advisable at the event tonight, and/or at the World Relief info event next week, or a future council public hearing? Is a public safety strategy something that needs to be considered on this topic?
2. Outreach. Would ECPD be a good, de-escalating "messenger" to the public in clarifying that people do not need to be afraid?

Thanks,

Emily

**Subject:** [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

### Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue  
Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

President Berge, I would like to clarify a couple of things that I just learned.

An official from World Relief admitted that she never spoke with any members of the city council, only the city manager. If the city manager did not bring it to the board's attention, that is another matter.

The official from World Relief also confirmed that the refugees will be coming from Somalia. I attended the stakeholder's meeting last week and the word Somalia was never mentioned. That is at least the third lie I have caught them in.

This is not about the refugees it is about the process. World Relief believes that speaking with the local government is speaking with bureaucrats, while many of us believe speaking with local governments is speaking with elected officials. I can also tell you that no one in the county I have spoken to knows anything about this.

Scott Bolstad

On Saturday, October 21, 2023 at 03:45:07 PM CDT, Scott Bolstad <bolstad1@yahoo.com> wrote:

President Berge,

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. Did they happen? If so where are the minutes fore these meetings? I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for. Did you direct her to sign the document or has she gone rogue...again? If not do you have the authority to approve this action? Is the goal here to keep any blame for this off of the city council?

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? Not what World Relief has told you, but what the actual country of origin is? I was told it was one of two countries.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this.

I look forward to your response

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

Thank you Stephanie for sending this context and background. We are getting some emails about it ... mostly it's people trying to figure out whether the city council had a role in this in terms of local "sign-off."

Best  
Andrew

Hey Stephanie,

Just wanted to leave you a word of appreciation for your work to welcome World Relief, thereby welcoming new neighbors to our city. We have been getting some emails about this, and though of course not everyone in our community will support these actions, the resounding message I've gotten over my 8 years in service is that our community wants to lead with compassion, kindness, and generosity. I fully support the work you're doing here and I have good reason to believe that the majority of our council and our community support this work too.

Thank you! Keep up this good work!

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

[CLICK HERE TO REGISTER](#) *Please RSVP by Friday, October 13, 2023*  
Feel free to share this invitation with other service providers in the Chippewa Valley network

Please attend our

## Inaugural Refugee Community Partner Meeting

Hosted by World Relief Wisconsin – Chippewa Valley

Wednesday, October 18, 2023 9:30-11am

9:30AM – 10AM Overview of refugee resettlement in the Chippewa Valley  
10AM – 10:30AM Breakout Session by service provision to discuss referrals and processes  
10:30 – 11AM Networking (optional)

L.E. Phillips Memorial Public Library  
400 Eau Claire Street  
Eau Claire, WI 54701  
Riverview Room (Room 306)

Here's the link for more information about the Community Gathering on Oct. 23:  
<https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Again, thank you so much for your support and thank you for the work you do!

The City has already posted the EDI Coordinator position on their website. [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#)

Ua tsaug (Thank you),

Good morning,

World Relief is having a Community Gathering for the Chippewa Valley Community at large the evening of October 23 at the library.

Would you please let me know if you're planning to attend? This is for the purpose of Public Notices.

Thank you,

**Anoosheh Hamzehee**

Hi Sheila

Thank you for sharing your thoughts and if you have time attend Monday night

**October 23, 2023**

**6pm - 7pm**

**L.E. Phillips Memorial Public Library**

Larry mboga city council at large

**From:** Sheila Wilkinson <skwilkin@yahoo.com>  
**Sent:** Friday, October 20, 2023 7:44:35 PM  
**Subject:** [EXTERNAL] World Relief Refugees

Dear Councilmember,

I understand that World Relief and the state of Wisconsin failed to abide by 8 US Code 1522 in that they failed to include the local governments in their decision to bring refugees to Eau Claire. They claim to have spoken to the city manager, but that individual is not an elected person.

Consequently, the people of Eau Claire are not being represented in this major decision. Other cities which have invited so many refugees have suffered from high tax increases that occur after the federal and state funds run out.

We have many people on fixed incomes that are not even keeping up with the inflation rate now and certainly cannot afford more increases.

I ask you to please halt this process. Disregarding 8 US Code 1522 is illegal, and the people need to have a voice.

Sincerely,  
Sheila Wilkinson

Hi Wilkinson

I appreciate you for reaching out and sharing your concerns. Would you be able to attend tonight meeting at Library 6pm-7pm ?

**From:** Wilkinson Jennifer <wilkinsonja@yahoo.com>  
**Sent:** Monday, October 23, 2023 12:45:58 PM  
**Subject:** [EXTERNAL] World Relief refugees

Dear Councilmember,

I understand that the city council let the unelected city manager make an important decision concerning refugees, a decision that should have been addressed by our elected officials (8 US Code 1522).

Once federal aid ends, our taxes will go up. Low-income families and people on fixed incomes will be hurt the most by these tax increases.

We should have no taxation without representation. This principle was central in the birth of our nation, and we must continue to live by it.

The people of Eau Claire need a voice in the decision about refugees. This could be by referendum or a vote by our elected officials. The decision must not be delegated to an unelected official.

Sincerely,  
Jennifer Wilkinson

Hey Stephanie,

Just wanted to leave you a word of appreciation for your work to welcome World Relief, thereby welcoming new neighbors to our city. We have been getting some emails about this, and though of course not everyone in our community will support these actions, the resounding message I've gotten over my 8 years in service is that our community wants to lead with compassion, kindness, and generosity. I fully support the work you're doing here and I have good reason to believe that the majority of our council and our community support this work too.

Thank you! Keep up this good work!

**Subject:** Information on World Relief

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

**Subject:** Resettlement agencies in Fox valley

I'm looking into what agencies are working around Appleton that are related to what we're looking for.

One is **World Relief** that I'm very familiar with, they are a huge **Christian** NGO with branches all over the world, They accept strictly Christian employees, their model of working as a very rich agency can't be a model for us I guess? Also, they're closed on Wednesdays. The other one is a **Muslim** organization with a headquarter in **Pakistan** that helps refugees from Muslim countries, If we want to meet with them we have to email them an official request, I've got the email address. They help the refugees in their area to settle. I can't remember any other entities in Appleton that we're interested in learning more about, do you?

Hello Anoosheh,

Thank you for reaching out! We are currently in the process of considering a plan to expand our resettlement work in Wisconsin so your email is timely! The process includes completing an assessment of a community which requires time and we plan to have a decision by early May. Therefore, could we schedule a phone call next week to begin a conversation around this?

Please let me know your availability and the best way to talk.

Thank you!

Tami

Good morning,

My name is Anoosheh and I work for the City of Eau Claire. At the City manager's office we're looking at how we can make our city more appealing to refugees and possibility of having a resettlement agency in our town. We'll be in Appleton April 24, in the evening, till April 26<sup>th</sup> for Diversity conference. We're wondering if we can meet with your Refugee program coordinator, either on April 24<sup>th</sup> evening or April 26<sup>th</sup> afternoon please?

Thank you,

**Importance:** High

Good morning Stephanie,

I hope you're enjoying your trip ☺  
I talked to World relief director in Fox Valley.  
She's coming to Eau Claire to visit with us and all the key players.  
Is it ok to invite Katheryn and Lieske, Holley, Deb and Don too?  
Do you think we should have Billie too because she has housing questions for us as well or you will take care of them?

This is the email I'm going to send and I've already booked it on your schedule

"World Relief Refugee Resettlement agency is considering opening another office in Wisconsin and Eau Claire is one of the 2 candidates. TAMI MCLAUGHLIN is their Fox Valley office director and she is coming to Eau Claire to meet with us and do an assessment. I appreciate if you can attend please."

**Where:** Rivers Conference Room

Good morning,

This is an awesome idea! Do we have any preliminary information on needs from a community to host this program? How much housing would a program like this need available? Or is it a program with host families? If housing is needed, what price points? It would be helpful to know what criteria they look at in order to be able to be prepared to answer questions during the meeting.

Billie

Dear Anoosheh,

I just wanted to let you know that there is also an existing refugee resettlement organization in Eau Claire called Welcoming New Neighbors (WNN). Wnn has been operating under the sponsorship of Lutheran Social Services of Wisconsin and Upper Michigan—home office Milwaukee—as a CoSponsorship program. WNN has accepted and settled 7 Afghan men and also supported two Afghan families who came to Eau Claire as a secondary migration. WNN is also moving to become a recognized Refugee Resettlement agency.

Two primary contacts for WNN are Ginny Close and Bea Evans, and I will copy them on this email.

Best,

Don Mowry

**When:** Wednesday, April 5, 2023 9:00 AM-10:00 AM (UTC-06:00) Central Time (US & Canada).  
**Where:** Rivers Conference Room

Good morning,

We have been working on assessing the feasibility of increasing the City's capacity to host immigrants and refugees, with the two goals of addressing employee shortages and of promoting a more multi-cultural community.

World Relief Refugee Resettlement agency is considering opening another office in Wisconsin, and Eau Claire is one of the 2 candidates. Tami McLaughlin is their Fox Valley office director and she is coming to Eau Claire on April 5<sup>th</sup> to meet with us and do an assessment. I'm

scheduling the

meeting for 9:00 AM, if there's any conflict please let me know, Tami's schedule is flexible

Thank you  
Anoosheh

**Subject:** RE: [EXTERNAL] RE: Meeting with World Relief Resettlement agency

Thank you Don! Hello Bea and Ginny! I wish I knew this earlier, I was under the impression that Welcoming neighborhood is volunteer based. Has that changed? How a World relief agency in town would relate with what you're doing? I used to work for DHS and have met a few of the WNN members and also all the 7 Afghan refugees who were settled then. Are all or some of the Afghan refugees still living in Eau Claire? I am aware that World Relief will contact Lutheran Social Services before doing the assessment for Eau Claire.

Thank you  
Anoosheh

Dear Anoosheh,

I just wanted to let you know that there is also an existing refugee resettlement organization in Eau Claire called Welcoming New Neighbors (WNN). Wnn has been operating under the sponsorship of Lutheran Social Services of Wisconsin and Upper Michigan—home office Milwaukee—as a CoSponsorship program. WNN has accepted and settled 7 Afghan men and also supported two Afghan families who came to Eau Claire as a secondary migration. WNN is also moving to become a recognized Refugee Resettlement agency.

Two primary contacts for WNN are Ginny Close and Bea Evans, and I will copy them on this email.

Best,

Don Mowry

Hello Anoosheh,

Yes Welcoming New Neighbors is still a volunteer driven organization. From our Afghan welcoming experience, we are exploring expanding to become a 501c3 in support of new immigrants and of those already here.

It is exciting to hear that World Relief is considering EC. All kinds of questions come to mind however and I would like to hear more of the back story of how EC got to be considered as a possible future resettlement location? Would you be available to meet with a few of WNN volunteers prior to April 5 or could a few of us attend that meeting?

Looking forward to working together to become a truly welcoming community.  
Ginny Close

**Subject:** [EXTERNAL] RE: April 5th Meeting in Eau Claire

Hello Anoosheh,

I enjoyed our discussion yesterday regarding World Relief establishing a refugee resettlement site in Eau Claire. Will look forward to continuing the conversation with a wider network of community stakeholders on Wednesday, April 5<sup>th</sup> and am very thankful for your willingness to coordinate this meeting.

Attached is a document created by our resettlement contractor, The Bureau of Population, Refugees and Migration (PRM), as a guide to assess a community's ability to resettle refugees. World Relief will complete the assessment and use to assist in determining if we are supportive of opening a site in Eau Claire. This would be followed by submitting a proposal to PRM as ultimately it is their decision to approve new sites. As I mentioned, we are also assessing the community of La Crosse and would most likely only support opening one new office next year.

Please feel free to send the guide to your stakeholders. Attachments Two and Three on pages 19 – 25 contain specific questions related to the assessment, and we will use the Evaluation Matrix to begin our conversation. My goal would be to have the assessment completed by the end of April and will plan to make one or two additional trips to Eau Claire.

Regarding housing questions, we would expect to resettle no more than a total of 75 people the first year. (most likely arriving after January 1, 2024). We are currently resettling mainly Congolese in the Fox Valley; singles to families as large as 9 people so renting 1 – 4 bedroom housing, ranging from \$650 - \$1400. Housing is a challenge in all of our communities so will be a priority in the assessment!

Hope this information is helpful as we begin this process. Please feel free to reach out with questions....resettlement is a collaborative and community response and we look forward to developing a strong partnership.

Thank you for your help and I look forward to meeting you soon.

Tami

**Subject:** April 5th Meeting in Eau Claire

Good morning Tami,

I have invited Health Director, County Director and the city manager, Human Services Director, our housing project coordinator, ELL program Manager from CVTC, and a few more to the meeting on April 5<sup>th</sup> at 9:00. Most of them will be here☐

Our housing project manager asked me a couple of questions to get ready for the meeting, I thought I'll forward them to you:

“Do we have any preliminary information on needs from a community to host this program? How much housing would a program like this need available?  
If housing is needed, what price points? It would be helpful to know what criteria they look at in order to be able to be prepared to answer questions during the meeting. “

Good morning Anoosheh,

Thank you for being so welcoming!! ☺ If it would work for you, a few of us would like to meet with you prior to the 5th, perhaps next week? We would especially like to tell you our Welcoming New Neighbors (WNN) 'story'. Also, we would like to share what we have learned, connections we have made, and other immigrant support efforts already at work of which you may or may not already be aware. Learning more of the City of Eau Claire perspective and the World Relief connection would be of great value as WNN envisions our community becoming an even more immigrant welcoming one, working in partnership with those seeking that same outcome.

Anoosheh, in order to proceed with setting up a meeting, could you please give us a couple of choices of days, times, and a meeting place that would work for you? There is such great interest within our Steering Committee, that I would estimate 4-5 of us wanting to join you.

Happy Friday,  
Ginny Close  
WNN Steering Committee Member

Hello Anoosheh,

I enjoyed our discussion yesterday regarding World Relief establishing a refugee resettlement site in Eau Claire. Will look forward to continuing the conversation with a wider network of community stakeholders on Wednesday, April 5<sup>th</sup> and am very thankful for your willingness to coordinate this meeting.

Attached is a document created by our resettlement contractor, The Bureau of Population, Refugees and Migration (PRM), as a guide to assess a community's ability to resettle refugees. World Relief will complete the assessment and use to assist in determining if we are supportive of opening a site in Eau Claire. This would be followed by submitting a proposal to PRM as ultimately it is their decision to approve new sites. As I mentioned, we are also assessing the community of La Crosse and would most likely only support opening one new office next year.

Please feel free to send the guide to your stakeholders. Attachments Two and Three on pages 19 – 25 contain specific questions related to the assessment, and we will use the Evaluation Matrix to begin our conversation. My goal would be to have the assessment completed by the end of April and will plan to make one or two additional trips to Eau Claire.

Regarding housing questions, we would expect to resettle no more than a total of 75 people the first year. (most likely arriving after January 1, 2024). We are currently resettling mainly Congolese in the Fox Valley; singles to families as large as 9 people so renting 1 – 4 bedroom housing, ranging from \$650 - \$1400. Housing is a challenge in all of our communities so will be a priority in the assessment!

Hope this information is helpful as we begin this process. Please feel free to reach out with questions....resettlement is a collaborative and community response and we look forward to developing a strong partnership.

Thank you for your help and I look forward to meeting you soon.

Tami

**Subject:** April 5th Meeting in Eau Claire

Good morning Tami,

I have invited Health Director, County Director and the city manager, Human Services Director, our housing project coordinator, ELL program Manager from CVTC, and a few more to the meeting on April 5<sup>th</sup> at 9:00. Most of them will be here☐

Our housing project manager asked me a couple of questions to get ready for the meeting, I thought I'll forward them to you:

“Do we have any preliminary information on needs from a community to host this program? How much housing would a program like this need available?  
If housing is needed, what price points? It would be helpful to know what criteria they look at in order to be able to be prepared to answer questions during the meeting. “

We are exploring the feasibility of expanding the City's capacity to welcome immigrants and refugees. Our dual objectives are to address employee shortages and to cultivate a vibrant, multi-cultural community. One potential avenue is the prospect of World Relief Refugee Resettlement agency establishing a new office in Wisconsin. We are thrilled to be one of two candidates under consideration, and Tami McLaughlin, Director of World Relief Fox Valley, will visit Eau Claire in April to conduct an assessment. Additionally, we are actively exploring ways to boost the local workforce by utilizing PERM (employment) visas. To this end, we have engaged with the Chamber, CVTC, and ECD and are in the process of planning an information session for Eau Claire's businesses and employers.

**Subject:** [EXTERNAL] Re: Reconnecting

Thanks Kathy! All great info. I did not mention it but Anoosheh had reached out to refugee resettlement agencies closest to EC and heard from Fox Valley World Relief that, quite coincidentally, they may be interested in a sub office in Eau Claire. This area is not close enough per federal requirements to resettle folks here. It took almost an 'Act of Congress' to allow Afghan resettlement. I assume Winona had the same challenge and sponsored Afghans through the Sponsor Circle program because of those same restrictions placed on the Agencies in Minnesota. It is MOST disturbing that Agencies cannot cross state lines!! Enough griping!!!

Hi again to Dwayne!! Are you two the movers and shakers of the Winona Sheltering Network? I envision that as a hub of a wheel and each of your groups are spokes? Although not yet as well organized, I think of Welcoming New Neighbors as becoming a kind of hub here. I assume Dwayne (Congrats on County Board!!) is in touch with Greg Barnes regarding the Honduran asylum families, Not wanting to steal Greg's thunder, but our Honduran family finally got work permits after almost 2 years.

So many questions come to mind that for sure, let's try to figure out how to update each other.

Happy Day!  
Ginny

On Sat, Apr 1, 2023 at 10:09 AM Kathy Florin <[kathymflorin@gmail.com](mailto:kathymflorin@gmail.com)> wrote:

Good morning everyone,

Ginny, it's nice to hear from you again and I do remember you! Thanks for reaching out.

Anoosheh, it's nice to meet over email.

I'm also including Dwayne Voegeli in this email. He was the main dreamer and mover on purchasing two homes in Winona for newcomers. He has also recently become a member of the Winona County Board.

Yes, the houses are intended as longer-term transitional housing and are less than a block from one another. Currently, there is a Honduran family living in one and an Afghan family living in the other one.

Dwayne can correct me if I'm wrong but....

The [Winona Sheltering Network](#) (WASN is under the 501c3 of the Winona Sheltering Network) took a loan out on the first house and through fundraising just recently paid it off (!!)

A landlord in town purchased the second house and we are doing a contract for deed with him.

This has been a solution for us with the challenges of adequate and affordable housing, flexible leases, not a need for background checks / credit scores, etc.

Dwayne would know more specific information though.

That's great about your Afghan community growing! We currently have 16 individuals in town and are also working on TPS applications and renewal of work authorizations so there's no gaps. The paperwork seems to never end. ☹

All of our Asylum seekers have had interviews but have not heard back anything yet (and two were more than 150 days ago). None of our SIV cases have had their interviews yet, but their paperwork has been submitted. ☹

I'd love to keep in touch! I enjoy learning about creative solutions that other communities are implementing to help support newcomers, growing the web of support and connections, and in general connecting with people doing work that inspires me.

With warmth,  
Kathy

On Fri, Mar 31, 2023 at 4:01 PM Ginny Close <[ginwinclose@gmail.com](mailto:ginwinclose@gmail.com)> wrote:

Hi Kathy,  
Remember me? Gosh 'how time flies' has a new meaning these days!! Now that our Afghan neighbors in the Eau Claire area are more settled, we of Welcoming New Neighbors are re-inventing ourselves to broaden our mission of welcoming to all newly arriving as well as to those already here.

Kathy, I vaguely remember someone (you?) mentioning that the Winona network had purchased transitional housing. That idea came up yesterday in a meeting with our Eau Claire City Manager Staff. I am wondering if you could connect us with the appropriate

person who can tell us more of the process for that? I am copying Anooosheh as one of the 'Movers & Shakers' in Eau Claire. :))

For your information, our Afghan population has increased to 19 or so individuals having discovered a family of 8 living in Spring Valley. No one has been granted asylum yet although many are well past the 150 day mark since they went to Chicago hearings. Now applications for Temporary Protective Status and renewed work permits are being submitted to avoid any gaps once their 24 mt parolee period is up.

Would love to hear from you.

Good morning,

We have been working on assessing the feasibility of increasing the City's capacity to host immigrants and refugees, with the two goals of addressing employee shortages and of promoting a more multi-cultural community.

World Relief Refugee Resettlement agency is considering opening another office in Wisconsin, and Eau Claire is one of the 2 candidates. Tami Mclaughlin is their Fox Valley office director and she is coming to Eau Claire on April 5<sup>th</sup> to meet with us and do an assessment.

I'm

scheduling the

meeting for 9:00 AM, if there's any conflict please let me know, Tami's schedule is flexible

Thank you  
Anoosheh

**Subject:** [EXTERNAL] Eau Claire - Tami Mclaughlin World Relief visit

Hello again Anoosheh and Tami,

Anoosheh, thank you so much for including Welcoming New Neighbors (WNN) again into the conversation this morning. I know there is great interest within our steering committee and am looking forward to any and all future conversations welcoming immigrants.

Tami, I did not find an email address for you so I am using the World Relief Fox Valley address. It was so good to meet you this morning, however briefly. Thank you for being open to considering Eau Claire for a World Relief office!

Also, I am wondering if it would be of value to you to meet more of our WNN volunteers? I can safely speak for the larger group being interested in learning more of the World Relief community relationship building model: 'Neighbor to Neighbor'. (Sorry, I did not retain the exact name!!)

WNN meets via zoom the 2nd Thursday of the month at 6:30 pm. Our next meeting is next Thursday the 13th. At that time, I will introduce World Relief's consideration of Eau Claire as a refugee agency site. BUT it would be of greater value and interest if you or your representative could attend and give a brief introduction to the organization. Of course, our folks would be open to assessment questions you may have regarding the community engagement piece.

Of course, WNN is open to any further conversation at Anoosheh's or your request at anytime by whatever means! We are definitely excited about the possibility for welcoming more new neighbors to Eau Claire and for partnering with World Relief.

Forward!!  
Ginny

Great news Tami! We try to keep our meetings to an hour. You and Karen, if available, would be first on the agenda. I would foresee your introduction to World Relief and the Good Neighbor Team Model with question/answer time using 30-45 minutes. At the moment I do not have any other pressing agenda items and this fits perfectly as we educate ourselves on all things immigration related.

The meeting is Thursday, April 13, 6:30 pm CDT. Here is the zoom link. Anoosheh, please share with anyone you think may be interested.

Looking forward to seeing you again and hopefully meeting Karen.

Thank you Anoosheh and Ginny,

I was very impressed and encouraged by our conversation today and look forward to additional dialogue.

Ginny, our Community Engagement Manager, Karen Crisler, is returning from vacation on Thursday the 13<sup>th</sup>. If she is available, I know she would be very interested in participating on your call. Either way, I am available and one or both of us will provide an overview of

World Relief and specifically our Good Neighbor Team model. I've copied Karen on this email so please send us both an invite.

We most likely will have additional questions around community engagement and appreciate your willingness to include your group in that discussion. Please advise regarding time allotted as want to be considerate of your agenda that evening.

Thank you again. Looking forward to next steps!

Hello Anoosheh,

Hope you are enjoying Wisconsin weather at its finest! We know it won't last so have to take advantage.

I am planning on returning to Eau Claire next week with two of my colleagues and hoping to schedule a visit with a representative from the ECASD. Do you have a recommendation of a contact to reach out to as there isn't an ELL contact on the website? I have also requested an appointment, per the suggestion of our state refugee coordinator, with Jody Conner from Workforce Resource and am waiting to hear back.

Also, would you have an hour to meet with us to review a few more questions and other details relating to a proposal submission? It would also give us an opportunity to schedule a visit to our office when you are in Appleton for the Toward One Diversity and Inclusive Conference. (if you are still interested)

Appreciate your assistance and hope to connect next week!

Tami

Tami,

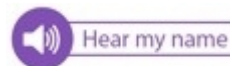

I would be happy to connect and meet with you to discuss this important topic to help you learn more about the Eau Claire Area School District. I am including Melissa Dexter, Dr. Xiong's Executive Assistant to help with scheduling. Once Melissa has the chance to review Dr. Xiong's calendar, would you like her to setup a virtual meeting link for us or would your preference be to meet in person in Eau Claire? I am open to either possibility.

Thank you so much for the outreach. I am eager to connect and learn more about the work you're leading to support refugee families.

Sincerely,

**Dang Yang** (he/him/his)

You don't often get email from [tmclaughlin@wr.org](mailto:tmclaughlin@wr.org). [Learn why this is important](#)

Hello Dr. Xiong and Mr. Yang,

Annosheh Hamzehee recommended reaching out to you. I am the Office Director of World Relief Fox Valley, the refugee resettlement agency in the Appleton and Oshkosh area. Our agency is considering opening an office in Eau Claire and in the midst of completing an assessment of the community before making a final decision. Thus far we have a very favorable impression of the Eau Claire community but would like to learn more about the Eau Claire public school district. Would either of both of you be available to meet with myself and two colleagues next Wednesday, April 19<sup>th</sup> for one hour? We would be available any time after 9:30am

Looking forward to hearing from you and hopefully meeting you both!

Tami

Good morning Tami,

Do you want me to touch base with Dang and make an appointment?

Based on his calendar, Chief Rokus is available on Wednesday 11:30 or 1:00 .  
Do you have a list of questions for him I can pass on?

I'd be able to sit with you and Chief or separately. I'll wait for us to schedule the meetings with Dang and Chief Rokus and then with me, I have lots of openings on Wednesday ☐

Good Morning, Anoosheh!

We have definitely cooled off! Appleton woke up to snow flurries as I suspect Eau Claire did also!

Wanted to touch base again regarding our visit on Wednesday. Was hoping to connect with Dang since Dr. Xiong is not available and as mentioned, I can also give her a call if requested. If I don't hear from Dang today will touch base again.

Do you think it would be possible to schedule a brief meeting with the Chief of Police or other representative from public safety? I can do that on my own if you would refer me to the appropriate person or if they want to join our time with you, would be perfectly appropriate! I was going to ask you some additional, random type questions and if you are not able to answer, can refer me and I'll follow up with phone calls or emails. Also, review next steps with you.

Am digging deeper into housing and will update you on Wednesday.

Let me know what time is convenient for you in Wednesday and will look forward to seeing you then!

Tami

**Subject:** World Relief meeting with Chief Rokus (April 19th)

World Relief, a refugee resettlement agency, is considering Eau Claire as a potential location to establish a refugee settlement office.

The agency has conducted initial interviews with relevant individuals. As part of the assessment process, the director of the agency based in Appleton, Tami Laughlin, wishes to speak with the Eau Claire police chief. The following is a list of questions that will be discussed during the meeting.

Any anti-immigrant sentiments expressed in the community? If so, how are sentiments managed?

How are immigrants groups isolated or integrated into the community?

Does local law enforcement have a community or cultural liaison?

Any foreseeable barriers from public safety perspective to resettlement in community

Any resources available for language barriers?

**Subject:** [EXTERNAL] RE: [EXT] Refugee Resettlement in Eau Claire

Tami,

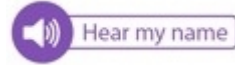

I would be happy to connect and meet with you to discuss this important topic to help you learn more about the Eau Claire Area School District. I am including Melissa Dexter, Dr. Xiong's Executive Assistant to help with scheduling. Once Melissa has the chance to review Dr. Xiong's calendar, would you like her to setup a virtual meeting link for us or would your preference be to meet in person in Eau Claire? I am open to either possibility.

Thank you so much for the outreach. I am eager to connect and learn more about the work you're leading to support refugee families.

Sincerely,

**Dang Yang** ([he/him/his](#))

You don't often get email from [tmclaughlin@wr.org](mailto:tmclaughlin@wr.org). [Learn why this is important](#)

Hello Dr. Xiong and Mr. Yang,

Annosheh Hamzehee recommended reaching out to you. I am the Office Director of World Relief Fox Valley, the refugee resettlement agency in the Appleton and Oshkosh area. Our agency is considering opening an office in Eau Claire and in the midst of completing an assessment of the community before making a final decision. Thus far we have a very favorable impression of the Eau Claire community but would like to learn more about the Eau Claire public school district. Would either of you be available to meet with myself and two colleagues next Wednesday, April 19<sup>th</sup> for one hour? We would be available any time after 9:30am

Looking forward to hearing from you and hopefully meeting you both!

Tami

Hi Tami,

Your meeting with Dang is scheduled at 10:00am, Wednesday April 19<sup>th</sup>.  
Blia Schwahn, School community Liaison who works with family services will be there too.  
The address of District Office is 500 Main Street which is 1 minute away from the City Hall.  
I'll let you know as soon as I hear back from Chief Rokus.

Good morning Tami,

Do you want me to touch base with Dang and make an appointment?

Based on his calendar, Chief Rokus is available on Wednesday 11:30 or 1:00 .  
Do you have a list of questions for him I can pass on?

I'd be able to sit with you and Chief or separately. I'll wait for us to schedule the meetings with Dang and Chief Rokus and then with me, I have lots of openings on Wednesday ☐

Anoosheh

Good Morning, Anoosheh!

We have definitely cooled off! Appleton woke up to snow flurries as I suspect Eau Claire did also!

Wanted to touch base again regarding our visit on Wednesday. Was hoping to connect with Dang since Dr. Xiong is not available and as mentioned, I can also give her a call if requested. If I don't hear from Dang today will touch base again.

Do you think it would be possible to schedule a brief meeting with the Chief of Police or other representative from public safety? I can do that on my own if you would refer me to the appropriate person or if they want to join our time with you, would be perfectly appropriate! I was going to ask you some additional, random type questions and if you are not able to answer, can refer me and I'll follow up with phone calls or emails. Also, review next steps with you.

Am digging deeper into housing and will update you on Wednesday.

Let me know what time is convenient for you in Wednesday and will look forward to seeing you then!

Tami

Hi Tami,

It's been a little too hot for spring these couple of days but will cool off soon ☺

I would suggest contacting either of the two or both: Dang Yang ECASD EDI Director):

[dyang1@ecasd.us](mailto:dyang1@ecasd.us)

or Dr. Kaying Xiong: [kxiong@ecasd.edu](mailto:kxiong@ecasd.edu) . You can also visit one of our schools with larger ELL enrollment.

We can definitely meet, will you be here on the 19<sup>th</sup>? Would I be able to answer your questions or who else

do you need to be in the meeting? and yes we are still planning to visit you there, if possible

April 24<sup>th</sup>

around 4:00, if not, April 25<sup>th</sup> after 4:00 .

Looking forward to see you again and meet with your colleagues.

Hello Anoosheh,

Hope you are enjoying Wisconsin weather at its finest! We know it won't last so have to take advantage.

I am planning on returning to Eau Claire next week with two of my colleagues and hoping to schedule a visit with a representative from the ECASD. Do you have a recommendation of a contact to reach out to as there isn't an ELL contact on the website? I have also requested an appointment, per the suggestion of our state refugee coordinator, with Jody Conner from Workforce Resource and am waiting to hear back.

Also, would you have an hour to meet with us to review a few more questions and other details relating to a proposal submission? It would also give us an opportunity to schedule a visit to our office when you are in Appleton for the Toward One Diversity and Inclusive Conference. (if you are still interested)

Appreciate your assistance and hope to connect next week!

Tami

Hi Anoosheh,

Thank you! We have an appointment with Mary Proznik of Riverbend Rentals and Property Management at 3pm in her office and will head back to Appleton following that meeting. I also had a very encouraging call with Brian Johnson of JCAP this morning so between Mary and Brian will have good information regarding housing.

Will need to do more research on employment but will make those phone calls after our visit on Wednesday.

Whatever you decide regarding Chief Rokus (together or separate) is good with me!

Thank you, again!

Hi James,

It was nice meeting you too. This is how our schedule looks like next week:

Monday:

12:00 -4:00 in Wausau, probably around 5:30 we'll be in Appleton ( we can't meet after 5:30, can we?)

Tuesday:

8:00-5:30 Conference ( we can miss one session and be at World Relief at 1:00?)

Wednesday:

7:30- 1:30 Conference, 2:00 visit Forward service Corp in Menasha ( we can meet with you after?)

We would appreciate if you can walk us through the process of refugee resettlement, I have worked with UNHCR, so have some idea how it works but both of us would like to get a better picture please. If we meet during the day we would love to take a tour of your office too if possible. I don't have any specific question in mind to ask at this time ☐

Please let me know which day and time works better for you.

Thank you,  
Anoosheh

Hello Anoosheh,

It was great to see you yesterday! We appreciate your continued willingness to serve as our liaison with many of the community stakeholders. Will be in touch as questions arise and will copy you on the requests for support letters.

Sorry I'm travelling next week but James will look forward to meeting you in our Appleton Office at 510 E Wisconsin Avenue.

Take care!

Tami

Hi Anoosheh – Sorry for this question and I don’t want to mess up plans... I see that there is actually a bus I could take back from Wausau, but it leaves at 3PM. Would there be any chance of going to the Warming Center before 3PM so I could make the bus?

Hi Anoosheh,

Glad you enjoyed your stay and hope the conference was productive!

We have decided to propose Eau Claire as our recommendation for a new resettlement site. Everyone we had a conversation with was supportive and the work that your community has already done around welcoming refugees and immigrants has been impressive. It would be an honor to open an office in Eau Claire.

We are preparing the proposal which is due the end of the month and later this week I plan to send emails requesting support letters from stake holders. We expect to receive final approval late summer/early fall but will continue to move forward with plans around hiring and securing office space.

Will be in touch but let me know if you have additional questions. So appreciative of your assistance and support. The fun is just beginning J

**Subject:** RE: [EXTERNAL] Employers

We have been working to evaluate the feasibility of increasing the City's capacity to host immigrants and refugees with the aim of fostering a more diverse and multi-cultural community and addressing employee shortages. As part of our collaboration with the World Relief Organization in Appleton, we have been facilitating their communication with all relevant stakeholders in Eau Claire.

We are delighted to announce that Eau Claire has been recommended to World Relief Headquarters as a potential new resettlement site.

While final approval is expected in late summer or early fall, World Relief may begin hiring and securing office space during the summer.

Tami McLaughlin, Director of World Relief in Appleton, stated, "We have decided to propose Eau Claire as our recommendation for a new resettlement site. Everyone we had a conversation with was supportive, and the work that Eau Claire has already done to welcome refugees and immigrants has been impressive. It would be an honor to open an office in Eau Claire."

Hello Stephanie,

Hope you are well and enjoying Wisconsin's beautiful spring season.

After several visits and conversations with numerous stakeholders, World Relief Fox Valley is proposing opening a sub office in Eau Claire in the fall of 2023. Letters of support from officials and key partners are required to accompany the proposal so I am hoping you would write a letter and return to me by Wednesday, May 24. A template is attached for consideration.

We will be in touch as we continue forward with our plans as know your support and expertise will be instrumental in the success of welcoming refugees to Eau Claire. We appreciate all of the work you, Anoosheh and others on your team have done to pave the way for future newcomer communities and we look forward to partnering and collaborating to continue Eau Claire's legacy of welcome.

Please let me know if you have any questions or concerns.

Thank you for your support and leadership.

Tami

Good morning Tami,

It's weird, her email address is correct, I'll make sure she has received it.

CVTC (Holley Hassemmer) has also announced their interest in providing a letter of support if you need it at all.

This is Chief Rokus's email: [Matt.Rokus@eauclairewi.gov](mailto:Matt.Rokus@eauclairewi.gov)

Please let me know if there's anything else I can help with.

Good Morning, Anoosheh!

Hope you had a nice Mother's Day weekend!

I've copied you on a request to Stephanie for a support letter but it was returned to me. Could you verify the address? Also, am sending a request to Chief Rokus but do not have his email. Would you share his address with me?

I am sending requests to Nancy Weltzin, Marisa Stanley and Deng Yang along with our State Refugee Coordinator and State Refugee Health Coordinator. I don't expect any issues and will include with our proposal which should be completed by the end of May.

Will keep you posted on progress!

As always, appreciate your assistance and support!

Tami

**Subject:** FW: letter of support

This is what I have so far, I don't have as much info as you have on the 2<sup>nd</sup> part though:

Dear Ms. Herrera:

As Eau Claire's City Manager, I submit this letter of support for World Relief to open a new affiliate site in Eau Claire.

The city started collaborating with World Relief of Appleton in March. This collaboration has involved discussions with all stakeholders in the city, including community members, local businesses, Health Department, Police Chief, Department of Human Services and other government officials. Through these discussions, the benefits of opening a resettlement agency in town were highlighted, and all stakeholders announced their support for the initiative. This collaboration represents a significant step forward in creating a more welcoming and inclusive community for all.

After careful consideration, I believe Eau Claire is well-suited to not only receive refugees but to help them thrive. [DESCRIPTION OF LOCAL EMPLOYMENT, COMMUNITY SUPPORT, STATE PROGRAMS, AND ANY OTHER FACTORS CONDUCIVE TO SUCCESSFUL RESETTLEMENT]

Eau Claire believes that welcoming refugees takes a collective effort. We take pride in resettling refugees from diverse ethnic and national backgrounds, and we look for opportunities to build long term community connection and successful integration for our new neighbors. It is clear from World Relief's work in other locations that they will be a strong partner with us in these efforts, and they provide high quality services to help refugees achieve economic self-sufficiency and integration in their local communities. As such, we support their proposal to open a new office in Eau Claire.

Sincerely,

---

**Subject:** Appraisal goals

Establish new goals for the next 12-month period. (Supervisor & Employee Complete Together)  
These should be specific, measurable and within reach.

Let's think about how you see your role evolving and set related goals... In our meeting we discussed having you think about where you'd like to work towards, including into some kind of leadership or management position. Also, we will be working towards having you have permanent employment after the LTE ARPA funding ends. Future roles could include work in HR, Finance, another function, or some role that combines multiple hats. You definitely have the aptitudes and skills to work towards being a senior manager in the City or in another organization of your choosing. We talked about having you get an HR certification, take leadership managing projects, and expand your skills in data analysis and finance. Also, it would be very helpful to have you serve as a key part of the EDI leadership team, so that there's a larger support system for the EDI Coordinator.

Noteworthy accomplishments during this review period.

- Very exciting work with PERM and World Relief! This will be a lasting accomplishment for decades to come if we can make it all happen...
- Great work with HR, IT, and other divisions.
- Very helpful work on BCCs and other admin functions.
- Very impressed with how Anoosheh takes feedback and tries to operationalize it and largely succeeds. You are definitely very smart and thoughtful and able to learn and adapt.
- Mature, wise, creative leader – learning the nuts and bolts of municipal government, but doing so quickly.
- Appreciate Anoosheh's willingness to be part of the EDI leadership team.

List any areas for constructive feedback (i.e. do more of or less of ....)

- Continue effort to stay positive and assume the best.

Hello Stephanie,

Hope you are well and enjoying Wisconsin's beautiful spring season.

After several visits and conversations with numerous stakeholders, World Relief Fox Valley is proposing opening a sub office in Eau Claire in the fall of 2023. Letters of support from officials and key partners are required to accompany the proposal so I am hoping you would write a letter and return to me by Wednesday, May 24. A template is attached for consideration.

We will be in touch as we continue forward with our plans as know your support and expertise will be instrumental in the success of welcoming refugees to Eau Claire. We appreciate all of the work you, Anoosheh and others on your team have done to pave the way for future newcomer communities and we look forward to partnering and collaborating to continue Eau Claire's legacy of welcome.

Please let me know if you have any questions or concerns.

Thank you for your support and leadership.

Tami

Hi Anoosheh,

Good to hear from you! We don't expect to receive final approve for the resettlement site until late August but are going to begin recruiting for the site director (position should be posted by the following week). I will also begin looking for office space. Do you have any recommendations regarding location? A top priority is accessibility to public transportation.

Will stay in touch as starting to move forward!

Thanks!

Hi Anoosheh,

Thanks for the recommendations. I will follow up; most likely next week.

The site manager position should be posted by the end of the week on the following link. We expect to post several more positions in the next 6 weeks with the hopes of officially opening the office on October 1<sup>st</sup>. All of these dates and plans are tentative dependent on staffing, securing a lease and of course approval which we do expect by the end of summer.

[World Relief Jobs | Explore Opportunities | World Relief](#)

Are you familiar with the Chippewa Valley Multi Cultural Festival? Ginny Close recommended we attend. Wonder if there are other events we should attend or plan?

Keep in touch and will hope to see you before the end of the summer!

**Subject:** FW: [EXTERNAL] resettlement update

Hello Lieske,

Annoosheh forwarded your email and I appreciate your interest in preparing for the arrival of refugees to the Chippewa Valley in the near future. Our team in the Fox Valley is wrapping up fiscal year 2023 in the midst of welcoming a few more individuals and families while also preparing to open our Chippewa Valley office in the next few weeks.

We are on the cusp of finalizing office space and in the process of making offers for several staff positions. We hope most of these details are in place by the middle of October. In addition, we have tentatively scheduled a "partner meeting" for later October and plan to send invites next week which you will receive. With all of these details in place, our best estimate for first arrivals would be late November and could consist of individuals or families. The total number of refugees we have been approved to welcome to the Chippewa Valley for FY2024 is 75 people.

Brittany Fry reached out earlier this summer asking for information regarding Public Health's responsibility in refugee resettlement and following was the response provided by our State Refugee Health Coordinator, Savitri Tsering:

*Hello,*

*I work as the State Refugee Health Coordinator (SRHC) and can address concerns related to refugees coming into your community. I know World Relief Fox Valley (WRFV) will be opening a satellite office in Eau Claire this fall. For refugee services we recommend that the local health department (LHD) be part of the network that works with the resettlement agency (RA) and provides information and updates as needed. In general, it is not expected that LHDs do any more for refugees than they would for others living in their community. You will be viewed as an agency in the know about area health/medical providers.*

*As you are aware there are sponsored humanitarian parolees that are coming into the US that need TB attestation. If they are not eligible for Medicaid (depending on where they are from, they may or may not be eligible), the TB dispensary can cover their TB related screening services.*

*Ways that health departments have helped make connection with the refugee community is in providing education and updates for programs they have such as home visiting, WIC, communicable disease follow-up, child car safety, Well Women programs, etc. – your LHD may or may not have some of those services but the point is, what you offer the general public, in turn offer to the refugee community and make sure you have a seat at the table for understanding and connecting with those doing refugee resettlement in your community.*

*Taking the view broader to all immigrant populations the same will be true – what do you provide to your general population, make sure [your local connection to Covering WI](#) is strong so that full knowledge of healthcare eligibility is there, know the parameters of what services you can provide regardless of documentation status.*

Lieske, I hope this information is helpful. If you have additional questions, please do not hesitate to reach out. We hope to meet you in the near future and look forward to developing a strong partnership and welcoming network for the Chippewa Valley newcomers!

Thank you,

Tami

Thanks for the update Anoosheh.

Someone from our team will be happy to be part of the conversation.

I know that housing also will be an important issue. Not sure if anyone is actively addressing that if a large group of people are coming.

Do you know if this is likely individuals or families? That would help us in thinking who best on our end to engage.

Thanks.

Lieske

Hello Anoosheh,

We are making progress with regard to establishing the World Relief Wisconsin Chippewa Valley office and continue to project our first refugees will arrive by the end of November.

We are planning on hosting two meetings; a community partner meeting on Wednesday, October 18 which you and several others from the city will receive invitations too, as well as a Community Gathering for the Chippewa Valley Community at large the evening of October 23. Following is a link to that event and I am hoping you might be willing to send it to your networks and/or make any recommendations regarding other groups we should send it to?

We are so encouraged by the willingness of the Chippewa Valley community to embrace refugee newcomers and look forward to continuing to build friendships and partnerships around welcoming our new neighbors.

Thanks for your help and will hope to see you the 18<sup>th</sup> and perhaps the 23<sup>rd</sup>!

Tami

**Subject:** How I answered the questions

Ka's professional skills mix, including her passion for social causes, organizational prowess, interpersonal skills, adaptability, and problem-solving abilities, makes her an outstanding candidate for this role. Her dedication to making a positive impact and her ability to lead and manage in diverse environments are qualities that would greatly benefit any organization striving to create a better world.

As an EDI Coordinator, Ka demonstrates an exceptional level of cultural sensitivity in her role. Her deep understanding and respect for diverse backgrounds and perspectives is evident in her interactions and initiatives. She actively promotes an inclusive environment by fostering open dialogue and ensuring that all voices are heard and valued. Ka is not only aware of cultural differences but also actively seeks to learn and educate others about them, contributing to a more inclusive workplace. Her approach to EDI initiatives is grounded in cultural humility, showing a willingness to listen, learn, and adapt.

Yes, I highly recommend Ka for the position of Site Manager at World Relief. Ka brings a wealth of experience and qualifications that make her an exceptional candidate for this role. Having worked as an EDI (Equity, Diversity, and Inclusion) Coordinator, Ka has a deep understanding of the importance of cultural sensitivity, empathy, and inclusivity. She has successfully fostered inclusive environments in previous roles, which aligns perfectly with the diverse and culturally rich nature of refugee resettlement work. Moreover, Ka's experience working with university students and her background with a Ph.D. in Leadership, Policy, and Administration make her well-equipped to manage and lead teams effectively. Her academic expertise in leadership and administration, combined with practical experience, will enable her to oversee the various aspects of resettlement with a strategic and compassionate approach. Ka is not only dedicated to promoting equity and diversity but also possesses strong communication, organizational, and problem-solving skills. These qualities are essential for managing complex resettlement programs and coordinating with multiple stakeholders, including government agencies, NGOs, and volunteers. In summary, Ka is a highly qualified and dedicated individual with the right blend of skills, experience, and empathy to excel in the role of Site Manager at your refugee resettlement agency. I have no doubt that she will contribute significantly to the success of your organization and the well-being of the refugees you serve.

Hello Anoosheh,

We are making progress with regard to establishing the World Relief Wisconsin Chippewa Valley office and continue to project our first refugees will arrive by the end of November.

We are planning on hosting two meetings; a community partner meeting on Wednesday, October 18 which you and several others from the city will receive invitations too, as well as a Community Gathering for the Chippewa Valley Community at large the evening of October 23. Following is a link to that event and I am hoping you might be willing to send it to your networks and/or make any recommendations regarding other groups we should send it to?

We are so encouraged by the willingness of the Chippewa Valley community to embrace refugee newcomers and look forward to continuing to build friendships and partnerships around welcoming our new neighbors.

Thanks for your help and will hope to see you the 18<sup>th</sup> and perhaps the 23<sup>rd</sup>!

Tami

In case they'd like to comment, I'm looping in:

- Anoosheh Hamzehee, who worked with World Relief to help them learn more about Eau Claire.
- Dr. Ka Vang (our EDI Coordinator);
- Aaron White (our Community Development Director);
- Emily Berge (our Council President); and
- Lieske Geise (our Health Director).

Anoosheh, can you connect Ellie with the key volunteer groups?

The City doesn't have a formal role, however, we support initiatives like this that boost our local workforce capacity and that support the City's strategic vision of "promoting a welcoming, inclusive, and diverse community" from our Strategic Plan and Vision. [637110562312000000 \(eauclairewi.gov\)](https://www.eauclairewi.gov)

A number of community partners do play a bit more formal roles, including the Human Services Department and the City/County Health Department. CVTC and the School District have also been involved as they have different educational programs for English Language Learners.

Hi guys,

Thank you for reaching out! I was looking to do a story on World Relief coming to Eau Claire and how that will impact the city.

Stephanie- would you be the best person to speak with me about this decision from the City of Eau Claire? Also, I was wondering what volunteer groups you collaborated with in the community to make this happen.

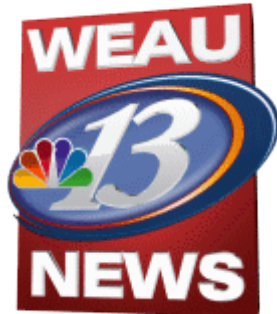

Tami- Would you be available for an on-camera pre-recorded interview on Tuesday, Oct. 17 at 9:30 a.m.? I think it would be great if we could meet in Eau Claire outside of where the resettlement agency will be located. However, let me know what works for you! Also, let me know if you have any footage you could submit from World Relief for the story.

My apologies for the response at 11 p.m. I am working overnights tonight. ☹️ My plan would be to film and edit this story the week of Oct. 16 and then air it that following Monday.

Let me know your thoughts!

Best,

# Ellie Pomerleau

**Subject:** Some contacts

Hi Ellie,

One of the very first meetings between World Relief and Eau Claire volunteers was with JONAH and Welcoming New Neighbors. From there on Tami from World Relief (the Director of World Relief at their Appleton location) has been in close contact with Ginny Close from Welcoming New Neighbors who helped with providing contacts and getting information out.

Good morning Holly,

Ellie from WEAU is working on a story about World Relief coming to Eau Claire. As a representative of one of the community partners could you kindly share your perspective on how you envision the story unfolding and shed some light on CVTC's potential role in this endeavor, as you collaborate with Ellie?

Thank you,  
Anoosheh

**Where:**

Hi Anoosheh,

How are you doing? Would you like to go on a lunch on Monday? I saw in Stephanie Hirsch's email last Friday that Ka has left city hall? Is that true? If not, I will send this message to her also.

Looking forward to hearing from you!

Thank you,

Kamal

All,

I wanted to let you know that the BIPOC Steering Committee now has a website:

<https://www.eauclairewi.gov/government/our-departments/administrative-services/edi-equity-diversity-inclusion/bipoc-steering-committee>

This is where you can find all the meeting agendas, packets, minutes and more. Check it out when you get a chance!

I also wanted to let you know that I have decided to leave my position with The City of Eau Claire. Friday, Oct. 13 will be my last day. I will transition to work with World Relief to support new refugees/immigrants coming to Eau Claire. So the good news is I'm not going far, literally across the river ☺.

It's been a pleasure working with all of you. Thank you for doing this work.

The committee will continue as planned: large meeting 1x month, last Thursdays of the month and other subcommittees as organized by you all. Next large meeting is Oct. 26, 6:30pm in the North Conference Room at City Hall.

By the way, my position will be posted soon and I encourage you to apply if interested.

Ua tsaug (Thank you),

**Ka Vang, Ed.D.**

**Equity, Diversity, & Inclusion Coordinator**

City of Eau Claire

**Subject:** Re: [EXTERNAL] Fwd: BIPOC Steering Committee updates

Anoosheh,

As you requested, here are the official meeting minutes from our last meeting in September. You also asked if the agenda was ready for distribution. I've attached the last draft of the agenda to this email. Once you get an approval from Berlye, it can be distributed and published.

Also, you asked in an earlier email who sends the appropriate information. Ka was responsible for sending all committee wide communications. Please distribute the agenda and materials to the committee when the materials are ready for publishing.

Action Items & Follow Up Questions:

1. Anoosheh--did you invite the JEDI team to come prepared to meet with the BIPOC steering committee on Thursday? Please do so. Let me know if you need anything from us to make that invitation.
2. Berlye, review and approve the draft genda (attached)
3. Once approved, Anoosheh will send out the minutes, agenda, and the materials to the committee.
4. Anoosheh, please print out the meeting materials in preparation for Thursday's meeting once they are ready.

Thank you!

Sincerely,

Dang Yang

All,

I wanted to let you know that the BIPOC Steering Committee now has a website:

<https://www.eauclairewi.gov/government/our-departments/administrative-services/edi-equity-diversity-inclusion/bipoc-steering-committee>

This is where you can find all the meeting agendas, packets, minutes and more. Check it out when you get a chance!

I also wanted to let you know that I have decided to leave my position with The City of Eau Claire. Friday, Oct. 13 will be my last day. I will transition to work with World Relief to support new refugees/immigrants coming to Eau Claire. So the good news is I'm not going far, literally across the river ☺.

It's been a pleasure working with all of you. Thank you for doing this work.

The committee will continue as planned: large meeting 1x month, last Thursdays of the month and other subcommittees as organized by you all. Next large meeting is Oct. 26, 6:30pm in the North Conference Room at City Hall.

By they way, my position will be posted soon and I encourage you to apply if interested.

Ua tsaug (Thank you),

**Ka Vang, Ed.D.**

**Equity, Diversity, & Inclusion Coordinator**

**Subject:** Re: Occupancy for Library

Hi Stephanie, the total allowable occupancy is 284 persons. The only reason to have an inspector on site would be to count the number of people in the assembly. This can be done by the event organizers to ensure they do not exceed the occupancy. If it appears that too many people are in the room, it would take the support of the people to volunteer to leave or law enforcement would have to assist.

**Subject:** RE: Occupancy for Library

Hi Stephanie,

The fire department does not apply the occupancy rating. The occupancy rating is set by the architect and reviewed by Planning. They may have what the allowable number of people is. Inspector Knecht and I will walk over right now and check it out and get back to you with any additional information.

**Subject:** Occupancy for Library

Hi Bob - Is there a way you can confirm the allowable occupancy for the Riverview Room in the Library? This relates to the World Relief event tonight. It seems that we may have more people who want to attend than there's space, so it seems we will need someone from Fire there.

**Subject:** Resettlement agencies in Fox valley

I'm looking into what agencies are working around Appleton that are related to what we're looking for.  
One is **World Relief** that I'm very familiar with, they are a huge **Christian** NGO with branches all over the world, They accept strictly Christian employees, their model of working as a very rich agency can't be a model for us I guess? Also, they're closed on Wednesdays. The other one is a **Muslim** organization with a headquarter in **Pakistan** that helps refugees from Muslim countries, If we want to meet with them we have to email them an official request, I've got the email address. They help the refugees in their area to settle. I can't remember any other entities in Appleton that we're interested in learning more about, do you?

Hello Anoosheh,

Thank you for reaching out! We are currently in the process of considering a plan to expand our resettlement work in Wisconsin so your email is timely! The process includes completing an assessment of a community which requires time and we plan to have a decision by early May. Therefore, could we schedule a phone call next week to begin a conversation around this?

Please let me know your availability and the best way to talk.

Thank you!

Tami

Good morning,

My name is Anoosheh and I work for the City of Eau Claire. At the City manager's office we're looking at how we can make our city more appealing to refugees and possibility of having a resettlement agency in our town. We'll be in Appleton April 24, in the evening, till April 26<sup>th</sup> for Diversity

conference. We're wondering if we can meet with your Refugee program coordinator, either on April 24<sup>th</sup> evening or April 26<sup>th</sup> afternoon please?

Thank you,

**Subject:** Meeting request

Good morning,

My name is Anoosheh and I work for the City of Eau Claire. At the City manager's office we're looking at how we can make our city more appealing to refugees and possibility of having a resettlement agency in our town. We'll be in Appleton April 24, in the evening, till April 26<sup>th</sup> for Diversity conference. We're wondering if we can meet with your Refugee program coordinator, either on April 24<sup>th</sup> evening or April 26<sup>th</sup> afternoon please?

Thank you,

**Anoosheh Hamzehee**

**Subject:** RE: Invite or Not?

Hi Anoosheh! I think it would be great to include all of those people. If there's any way to gauge their availability, that would be great. Like, if Tami has some flexibility, then you could offer up a few options to the group. You might include a sentence that explains the context too, such as: We have been working on assessing the feasibility of increasing the City's capacity to host immigrants and refugees, with the two goals of addressing employee shortages and of promoting a more multi-cultural community.

**Subject:** Invite or Not?  
**Importance:** High

Good morning Stephanie,

I hope you're enjoying your trip ☺  
I talked to World relief director in Fox Valley.  
She's coming to Eau Claire to visit with us and all the key players.  
Is it ok to invite Katheryn and Lieske, Holley, Deb and Don too?  
Do you think we should have Billie too because she has housing questions for us as well or you will take care of them?

This is the email I'm going to send and I've already booked it on your schedule

"World Relief Refugee Resettlement agency is considering opening another office in Wisconsin and Eau Claire is one of the 2 candidates. TAMI MCLAUGHLIN is their Fox Valley office director and she is coming to Eau Claire to meet with us and do an assessment. I appreciate if you can attend please."

**Subject:** Accepted: Meeting with World Relief Resettlement agency

Good morning,

This is an awesome idea! Do we have any preliminary information on needs from a community to host this program? How much housing would a program like this need available? Or is it a program with host families? If housing is needed, what price points? It would be helpful to know what criteria they look at in order to be able to be prepared to answer questions during the meeting.

Billie

agency

Good morning Anoosheh.

I am sharing this with Marisa and Cortney to see if one person may be able to be there. We do have a specific communicable disease role in resettlement and also have an interest more broadly in JEDI issues.

I am not able to participate but we will see who can be available. Otherwise we are interested in outcome.

Lieske

Dear Anoosheh,

I just wanted to let you know that there is also an existing refugee resettlement organization in Eau Claire called Welcoming New Neighbors (WNN). Wnn has been operating under the sponsorship of Lutheran Social Services of Wisconsin and Upper Michigan—home office Milwaukee—as a CoSponsorship program. WNN has accepted and settled 7 Afghan men and also supported two Afghan families who came to Eau Claire as a secondary migration. WNN is also moving to become a recognized Refugee Resettlement agency.

Two primary contacts for WNN are Ginny Close and Bea Evans, and I will copy them on this email.

Best,

Don Mowry

**Subject:** [EXTERNAL] RE: April 5th Meeting in Eau Claire  
**Attachments:** PRM New Site Development Guide - 2021 Revision - with highlighted sections.docx

Hello Anoosheh,

I enjoyed our discussion yesterday regarding World Relief establishing a refugee resettlement site in Eau Claire. Will look forward to continuing the conversation with a wider network of community stakeholders on Wednesday, April 5<sup>th</sup> and am very thankful for your willingness to coordinate this meeting.

Attached is a document created by our resettlement contractor, The Bureau of Population, Refugees and Migration (PRM), as a guide to assess a community's ability to resettle refugees. World Relief will complete the assessment and use to assist in determining if we are supportive of opening a site in Eau Claire. This would be followed by submitting a proposal to PRM as ultimately it is their decision to approve new sites. As I mentioned, we are also assessing the community of La Crosse and would most likely only support opening one new office next year.

Please feel free to send the guide to your stakeholders. Attachments Two and Three on pages 19 – 25 contain specific questions related to the assessment, and we will use the Evaluation Matrix to begin our conversation. My goal would be to have the assessment completed by the end of April and will plan to make one or two additional trips to Eau Claire.

Regarding housing questions, we would expect to resettle no more than a total of 75 people the first year. (most likely arriving after January 1, 2024). We are currently resettling mainly Congolese in the Fox Valley; singles to families as large as 9 people so renting 1 – 4 bedroom housing, ranging from \$650 - \$1400. Housing is a challenge in all of our communities so will be a priority in the assessment!

Hope this information is helpful as we begin this process. Please feel free to reach out with questions....resettlement is a collaborative and community response and we look forward to developing a strong partnership.

Thank you for your help and I look forward to meeting you soon.

Tami

**Subject:** April 5th Meeting in Eau Claire

Good morning Tami,

I have invited Health Director, County Director and the city manager, Human Services Director, our housing project coordinator, ELL program Manager from CVTC, and a few more to the meeting on April 5<sup>th</sup> at 9:00. Most of them will be here☐

Our housing project manager asked me a couple of questions to get ready for the meeting, I thought I'll forward them to you:

“Do we have any preliminary information on needs from a community to host this program? How much housing would a program like this need available?  
If housing is needed, what price points? It would be helpful to know what criteria they look at in order to be able to be prepared to answer questions during the meeting. “

**Subject:** Re: [EXTERNAL] RE: Meeting with World Relief Resettlement agency

Good morning Anoosheh,

Thank you for being so welcoming!! ☐ If it would work for you, a few of us would like to meet with you prior to the 5th, perhaps next week? We would especially like to tell you our Welcoming New Neighbors (WNN) 'story'. Also, we would like to share what we have learned, connections we have made, and other immigrant support efforts already at work of which you may or may not already be aware. Learning more of the City of Eau Claire perspective and the World Relief connection would be of great value as WNN envisions our community becoming an even more immigrant welcoming one, working in partnership with those seeking that same outcome.

Anoosheh, in order to proceed with setting up a meeting, could you please give us a couple of choices of days, times, and a meeting place that would work for you? There is such great interest within our Steering Committee, that I would estimate 4-5 of us wanting to join you.

Happy Friday,  
Ginny Close  
WNN Steering Committee Member

**Where:** Rivers Conference Room

Good morning,

We have been working on assessing the feasibility of increasing the City's capacity to host immigrants and refugees, with the two goals of addressing employee shortages and of promoting a more multi-cultural community.

World Relief Refugee Resettlement agency is considering opening another office in Wisconsin, and Eau Claire is one of the 2 candidates.

Tami McLaughlin is their Fox Valley office director and she is coming to Eau Claire on April 5<sup>th</sup> to meet with us and do an assessment.  
I'm

during the meeting for 9:00 AM, if there's any conflict please let me know, Tami's schedule is flexible

sche

Thank you

Good morning Anoosheh.

I am sharing this with Marisa and Cortney to see if one person may be able to be there. We do have a specific communicable disease role in resettlement and also have an interest more broadly in JEDI issues.

I am not able to participate but we will see who can be available. Otherwise we are interested in outcome.

Lieske

**Subject:** [EXTERNAL] RE: April 5th Meeting in Eau Claire

Hello Anoosheh,

I enjoyed our discussion yesterday regarding World Relief establishing a refugee resettlement site in Eau Claire. Will look forward to continuing the conversation with a wider network of community stakeholders on Wednesday, April 5<sup>th</sup> and am very thankful for your willingness to coordinate this meeting.

Attached is a document created by our resettlement contractor, The Bureau of Population, Refugees and Migration (PRM), as a guide to assess a community's ability to resettle refugees. World Relief will complete the assessment and use to assist in determining if we are supportive of opening a site in Eau Claire. This would be followed by submitting a proposal to PRM as ultimately it is their decision to approve new sites. As I mentioned, we are also assessing the community of La Crosse and would most likely only support opening one new office next year.

Please feel free to send the guide to your stakeholders. Attachments Two and Three on pages 19 – 25 contain specific questions related to the assessment, and we will use the Evaluation Matrix to begin our conversation. My goal would be to have the assessment completed by the end of April and will plan to make one or two additional trips to Eau Claire.

Regarding housing questions, we would expect to resettle no more than a total of 75 people the first year. (most likely arriving after January 1, 2024). We are currently resettling mainly Congolese in the Fox Valley; singles to families as large as 9 people so renting 1 – 4 bedroom housing, ranging from \$650 - \$1400. Housing is a challenge in all of our communities so will be a priority in the assessment!

Hope this information is helpful as we begin this process. Please feel free to reach out with questions....resettlement is a collaborative and community response and we look forward to developing a strong partnership.

Thank you for your help and I look forward to meeting you soon.

Tami

**Subject:** April 5th Meeting in Eau Claire

Good morning Tami,

I have invited Health Director, County Director and the city manager, Human Services Director, our housing project coordinator, ELL program Manager from CVTC, and a few more to the meeting on April 5<sup>th</sup> at 9:00. Most of them will be here☐

Our housing project manager asked me a couple of questions to get ready for the meeting, I thought I'll forward them to you:

“Do we have any preliminary information on needs from a community to host this program? How much housing would a program like this need available?

If housing is needed, what price points? It would be helpful to know what criteria they look at in order to be able to be prepared to answer questions during the meeting. “

Anoosheh,

I am on the mailing list for this organization as is Bea Evans, I believe. You may already be aware of it. It is geared particularly to assisting cities to become more welcoming. Joining this has not been on our radar due to membership fees and our being in more of a discernment process. However I did see in this newsletter a Rural Communities Initiative and saw that Wausau has joined this. I no longer think of our Eau Claire area as 'rural' but in the scheme of things most of the rest of the US probably does.

Also copied here is our Steering Committee for Welcoming New Neighbors for their information of another growing organization working toward a more welcoming United States.

Cheers!

Ginny

## Community Sponsorship: Creating Communities of Welcome

*Tuesday, April 11 from 1-2 p.m. EDT*

In partnership with Community Sponsorship Hub, please join us for a webinar on community sponsorship in the United States. We will identify the broad ecosystem, programs, and actors, as well as how the experiences of these programs have

supported other emergency response programs, and the difference between community sponsorship and other forms of sponsorship.

Speakers:

- Beth Frank, Welcome Corps Director, Community Sponsorship Hub
- Alivia Haibach, Regional Manager, Northeast, Welcoming America
- Ann O'Brien, Director of Sponsorship, Integrated Refugee & Immigrant Services
- Holly Tseng, Volunteer Mobilization Director, World Relief Chicagoland

FW: Meeting with World Relief Resettlement agency

ginwinclose@gmail.com has accepted this invitation.

Bea and Ginny,

I am not sure if Anoosheh Hamzehee or any of the other people on this list are aware of Welcoming New Neighbors and the direction this organization is taking regarding refugee resettlement. I have not been as involved with the WNN discussions, but I would be happy to communicate with any or all of these people. I know all of them except I have not yet met Anoosheh and Billie Hufford.

Best,

Don Mowry

Subject: Meeting with World Relief Resettlement agency

When: Wednesday, April 5, 2023 9:00 AM-10:00 AM (UTC-06:00) Central Time (US & Canada).

Where: Rivers Conference Room

Good morning,

We have been working on assessing the feasibility of increasing the City's capacity to host immigrants and refugees, with the two goals of addressing employee shortages and of promoting a more multi-cultural community.

World Relief Refugee Resettlement agency is considering opening another office in Wisconsin, and Eau Claire is one of the 2 candidates. Tami Mclaughlin is their Fox Valley office director and she is coming

to Eau Claire on April 5th to meet with us and do an assessment. I'm scheduling the meeting for 9:00 AM, if there's any conflict please let me know, Tami's schedule is flexible

Thank you  
Anoosheh

**Subject:** RE: update for council

We are exploring the feasibility of expanding the City's capacity to welcome immigrants and refugees. Our dual objectives are to address employee shortages and to cultivate a vibrant, multi-cultural community. One potential avenue is the prospect of World Relief Refugee Resettlement agency establishing a new office in Wisconsin. We are thrilled to be one of two candidates under consideration, and Tami McLaughlin, Director of World Relief Fox Valley, will visit Eau Claire in April to conduct an assessment. Additionally, we are actively exploring ways to boost the local workforce by utilizing PERM (employment) visas. To this end, we have engaged with the Chamber, CVTC, and ECD and are in the process of planning an information session for Eau Claire's businesses and employers.

<winonasanctuary@gmail.com>  
**Subject:** [EXTERNAL] Re: Reconnecting

Thanks Kathy! All great info. I did not mention it but Anoosheh had reached out to refugee resettlement agencies closest to EC and heard from Fox Valley World Relief that, quite coincidentally, they may be interested in a sub office in Eau Claire. This area is not close enough per federal requirements to resettle folks here. It took almost an 'Act of Congress' to allow Afghan resettlement. I assume Winona had the same challenge and sponsored Afghans through the Sponsor Circle program because of those same restrictions placed on the Agencies in Minnesota. It is MOST disturbing that Agencies cannot cross state lines!! Enough griping!!!

Hi again to Dwayne!! Are you two the movers and shakers of the Winona Sheltering Network? I envision that as a hub of a wheel and each of your groups are spokes? Although not yet as well organized, I think of Welcoming New Neighbors as becoming a kind of hub here. I assume Dwayne (Congrats on County Board!!) is in touch with Greg Barnes regarding the Honduran asylum families, Not wanting to steal Greg's thunder, but our Honduran family finally got work permits after almost 2 years.

So many questions come to mind that for sure, let's try to figure out how to update each other.

Happy Day!  
Ginny

On Sat, Apr 1, 2023 at 10:09 AM Kathy Florin <[kathymflorin@gmail.com](mailto:kathymflorin@gmail.com)> wrote:

Good morning everyone,

Ginny, it's nice to hear from you again and I do remember you! Thanks for reaching out.

Anoosheh, it's nice to meet over email.

I'm also including Dwayne Voegeli in this email. He was the main dreamer and mover on purchasing two homes in Winona for newcomers. He has also recently become a member of the Winona County Board.

Yes, the houses are intended as longer-term transitional housing and are less than a block from one another. Currently, there is a Honduran family living in one and an Afghan family living in the other one.

Dwayne can correct me if I'm wrong but.....

The [Winona Sheltering Network](#) (WASN is under the 501c3 of the Winona Sheltering Network) took a loan out on the first house and through fundraising just recently paid it off (!!)

A landlord in town purchased the second house and we are doing a contract for deed with him.

This has been a solution for us with the challenges of adequate and affordable housing, flexible leases, not a need for background checks / credit scores, etc.

Dwayne would know more specific information though.

That's great about your Afghan community growing! We currently have 16 individuals in town and are also working on TPS applications and renewal of work authorizations so there's no gaps. The paperwork seems to never end. ☐

All of our Asylum seekers have had interviews but have not heard back anything yet (and two were more than 150 days ago). None of our SIV cases have had their interviews yet, but their paperwork has been submitted. ☐

I'd love to keep in touch! I enjoy learning about creative solutions that other communities are implementing to help support newcomers, growing the web of support and connections, and in general connecting with people doing work that inspires me.

With warmth,  
Kathy

On Fri, Mar 31, 2023 at 4:01 PM Ginny Close <[ginwinclose@gmail.com](mailto:ginwinclose@gmail.com)> wrote:

Hi Kathy,

Remember me? Gosh 'how time flies' has a new meaning these days!! Now that our Afghan neighbors in the Eau Claire area are more settled, we of Welcoming New Neighbors are re-inventing ourselves to broaden our mission of welcoming to all newly arriving as well as to those already here.

Kathy, I vaguely remember someone (you?) mentioning that the Winona network had purchased transitional housing. That idea came up yesterday in a meeting with our Eau Claire City Manager Staff. I am wondering if you could connect us with the appropriate person who can tell us more of the process for that? I am copying Anosheh as one of the 'Movers & Shakers' in Eau Claire. :))

For your information, our Afghan population has increased to 19 or so individuals having discovered a family of 8 living in Spring Valley. No one has been granted asylum yet although many are well past the 150 day mark since they went to Chicago hearings. Now applications for Temporary Protective Status and renewed work permits are being submitted to avoid any gaps once their 24 mt parolee period is up.

Would love to hear from you.

Ginny

**Subject:** [EXTERNAL] Eau Claire - Tami Mclaughlin World Relief visit

Hello again Anoosheh and Tami,

Anoosheh, thank you so much for including Welcoming New Neighbors (WNN) again into the conversation this morning. I know there is great interest within our steering committee and am looking forward to any and all future conversations welcoming immigrants.

Tami, I did not find an email address for you so I am using the World Relief Fox Valley address. It was so good to meet you this morning, however briefly. Thank you for being open to considering Eau Claire for a World Relief office!

Also, I am wondering if it would be of value to you to meet more of our WNN volunteers? I can safely speak for the larger group being interested in learning more of the World Relief community relationship building model: 'Neighbor to Neighbor'. (Sorry, I did not retain the exact name!!)

WNN meets via zoom the 2nd Thursday of the month at 6:30 pm. Our next meeting is next Thursday the 13th. At that time, I will introduce World Relief's consideration of Eau Claire as a refugee agency site. BUT it would be of greater value and interest if you or your representative could attend and give a brief introduction to the organization. Of course, our folks would be open to assessment questions you may have regarding the community engagement piece.

Of course, WNN is open to any further conversation at Anoosheh's or your request at anytime by whatever means! We are definitely excited about the possibility for welcoming more new neighbors to Eau Claire and for partnering with World Relief.

Forward!!

Ginny

Thanks Anoosheh. Stay in touch and let me know if you want to be on our email list!! Also rather than bury you in email chat threads i.e. the Winona housing question, do shoot any questions our way. Our Steering Committee is made up of the following folks at the moment. If they cannot answer a question, they will certainly pass it on!! Abdullah Ameen lives in Madison but he is a resource to us in all things Afghan. He and his family arrived several years before the evacuated group so he, his wife, and 6? children are well settled. Hello again Anoosheh and Tami,

Anoosheh, thank you so much for including Welcoming New Neighbors (WNN) again into the conversation this morning. I know there is great interest within our steering committee and am looking forward to any and all future conversations welcoming immigrants.

Tami, I did not find an email address for you so I am using the World Relief Fox Valley address. It was so good to meet you this morning, however briefly. Thank you for being open to considering Eau Claire for a World Relief office!

Also, I am wondering if it would be of value to you to meet more of our WNN volunteers? I can safely speak for the larger group being interested in learning more of the World Relief community relationship building model: 'Neighbor to Neighbor'. (Sorry, I did not retain the exact name!!)

WNN meets via zoom the 2nd Thursday of the month at 6:30 pm. Our next meeting is next Thursday the 13th. At that time, I will introduce World Relief's consideration of Eau Claire as a refugee agency site. BUT it would be of greater value and interest if you or your representative could attend and give a brief introduction to the organization. Of course, our folks would be open to assessment questions you may have regarding the community engagement piece.

Of course, WNN is open to any further conversation at Anoosheh's or your request at anytime by whatever means! We are definitely excited about the possibility for welcoming more new neighbors to Eau Claire and for partnering with World Relief.

Forward!!

Thank you Anoosheh and Ginny,

I was very impressed and encouraged by our conversation today and look forward to additional dialogue.

Ginny, our Community Engagement Manager, Karen Crisler, is returning from vacation on Thursday the 13<sup>th</sup>. If she is available, I know she would be very interested in participating on your call. Either way, I am available and one or both of us will provide an overview of World Relief and specifically our Good Neighbor Team model. I've copied Karen on this email so please send us both an invite.

We most likely will have additional questions around community engagement and appreciate your willingness to include your group in that discussion. Please advise regarding time allotted as want to be considerate of your agenda that evening.

Thank you again. Looking forward to next steps!

Tami

Hello Tami

Looking forward to our meeting Thursday with Welcoming New Neighbor (WNN) volunteers. Are there any specific questions we should send out ahead of time and ask folks to be pondering? Or is spontaneous better? Also I have a few of our recently arrived new neighbors in mind to invite. Would that be of value? Depending on the size of the group, they may be shy or only continue to say how much they appreciate the support they got which probably does not help you much!!

Happy Days!

Ginny

**Subject:** [EXTERNAL] Eau Claire - Tami Mclaughlin World Relief visit

Hello again Anoosheh and Tami,

Anoosheh, thank you so much for including Welcoming New Neighbors (WNN) again into the conversation this morning. I know there is great interest within our steering committee and am looking forward to any and all future conversations welcoming immigrants.

Tami, I did not find an email address for you so I am using the World Relief Fox Valley address. It was so good to meet you this morning, however briefly. Thank you for being open to considering Eau Claire for a World Relief office!

Also, I am wondering if it would be of value to you to meet more of our WNN volunteers? I can safely speak for the larger group being interested in learning more of the World Relief community relationship building model: 'Neighbor to Neighbor'. (Sorry, I did not retain the exact name!!)

WNN meets via zoom the 2nd Thursday of the month at 6:30 pm. Our next meeting is next Thursday the 13th. At that time, I will introduce World Relief's consideration of Eau Claire as a refugee agency site. BUT it would be of greater value and interest if you or your representative could attend and give a brief introduction to the organization. Of course, our folks would be open to assessment questions you may have regarding the community engagement piece.

Of course, WNN is open to any further conversation at Anooosheh's or your request at anytime by whatever means! We are definitely excited about the possibility for welcoming more new neighbors to Eau Claire and for partnering with World Relief.

Forward!!

Hi Ginny,

Should we start the meeting with a short introduction of World Relief followed by questions? Housing ideas or recommendations would also be beneficial to discuss as that is going to be our biggest challenge!

Please feel free to invite the new neighbors to our discussion as it would be beneficial if they felt comfortable sharing their experiences.

See you soon!

Hello Tami

Looking forward to our meeting Thursday with Welcoming New Neighbor (WNN) volunteers. Are there any specific questions we should send out ahead of time and ask folks to be pondering? Or is spontaneous better? Also I have a few of our recently arrived new neighbors in mind to invite. Would that be of value? Depending on the size of the group, they may be shy or only continue to say how much they appreciate the support they got which probably does not help you much!!

Happy Days!

Ginny

Great news Tami! We try to keep our meetings to an hour. You and Karen, if available, would be first on the agenda. I would foresee your introduction to World Relief and the Good Neighbor Team Model with question/answer time using 30-45 minutes. At the moment I do not have any other pressing agenda items and this fits perfectly as we educate ourselves on all things immigration related.

The meeting is Thursday, April 13, 6:30 pm CDT. Here is the zoom link. Anoosheh, please share with anyone you think may be interested.

Looking forward to seeing you again and hopefully meeting Karen.

Thank you Anoosheh and Ginny,

I was very impressed and encouraged by our conversation today and look forward to additional dialogue.

Ginny, our Community Engagement Manager, Karen Crisler, is returning from vacation on Thursday the 13<sup>th</sup>. If she is available, I know she would be very interested in participating on your call. Either way, I am available and one or both of us will provide an overview of World Relief and specifically our Good Neighbor Team model. I've copied Karen on this email so please send us both an invite.

We most likely will have additional questions around community engagement and appreciate your willingness to include your group in that discussion. Please advise regarding time allotted as we want to be considerate of your agenda that evening.

Thank you again. Looking forward to next steps!

Yes please Tami. Definitely an intro and then any questions and topics you want to get input on. As part of the introduction can you tell us more about the relationship based Good Neighbor Team model. Quite honestly, over our time as co sponsorship with LSS, a few of our folks who had had earlier experience mentoring Hmong families, voiced the concern of a void regarding relationship building in that model. So I am sure the group would be interested in knowing more i.e. how does World Relief go about finding and matching individuals or organizations, expectations beyond the tasks of immediate core services. Personally I am looking for pointers to backup a little with our Afghan folks and see what WNN 'should', 'could' still do to build stronger relationships with each individual or family.

See you tomorrow.

Hello Anoosheh,

Hope you are enjoying Wisconsin weather at its finest! We know it won't last so have to take advantage.

I am planning on returning to Eau Claire next week with two of my colleagues and hoping to schedule a visit with a representative from the ECASD. Do you have a recommendation of a contact to reach out to as there isn't an ELL contact on the website? I have also requested an appointment, per the suggestion of our state refugee coordinator, with Jody Conner from Workforce Resource and am waiting to hear back.

Also, would you have an hour to meet with us to review a few more questions and other details relating to a proposal submission? It would also give us an opportunity to schedule a visit to our office when you are in Appleton for the Toward One Diversity and Inclusive Conference. (if you are still interested)

Appreciate your assistance and hope to connect next week!

Hello Anoosheh,

Hope you are enjoying Wisconsin weather at its finest! We know it won't last so have to take advantage.

I am planning on returning to Eau Claire next week with two of my colleagues and hoping to schedule a visit with a representative from the ECASD. Do you have a recommendation of a contact to reach out to as there isn't an ELL contact on the website? I have also requested an appointment, per the suggestion of our state refugee coordinator, with Jody Conner from Workforce Resource and am waiting to hear back.

Also, would you have an hour to meet with us to review a few more questions and other details relating to a proposal submission? It would also give us an opportunity to schedule a visit to our

office when you are in Appleton for the Toward One Diversity and Inclusive Conference. (if you are still interested)

Appreciate your assistance and hope to connect next week!

Tami

Hello Dr. Xiong and Mr. Yang,

Annoosheh Hamzehee recommended reaching out to you. I am the Office Director of World Relief Fox Valley, the refugee resettlement agency in the Appleton and Oshkosh area. Our agency is considering opening an office in Eau Claire and in the midst of completing an assessment of the community before making a final decision. Thus far we have a very favorable impression of the Eau Claire community but would like to learn more about the Eau Claire public school district. Would either of both of you be available to meet with myself and two colleagues next Wednesday, April 19<sup>th</sup> for one hour? We would be available any time after 9:30am

Looking forward to hearing from you and hopefully meeting you both!

Tami,

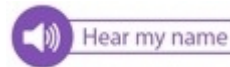

I would be happy to connect and meet with you to discuss this important topic to help you learn more about the Eau Claire Area School District. I am including Melissa Dexter, Dr. Xiong's Executive Assistant to help with scheduling. Once Melissa has the chance to review Dr. Xiong's calendar, would you like her to setup a virtual meeting link for us or would your preference be to meet in person in Eau Claire? I am open to either possibility.

Thank you so much for the outreach. I am eager to connect and learn more about the work you're leading to support refugee families.

Sincerely,

**Dang Yang** ([he/him/his](#))

Thank you, Dang! I would be happy to assist with coordinating a meeting--whether it be virtual or in person.

There are some moving pieces in Kaying's schedule over the next couple of weeks--I should know more about these factors by the end of the day today.

If there are good days/times, generally speaking, that work for all of you, please let me know and I will consider those first when looking at scheduling.

Good Morning, Anoosheh!

We have definitely cooled off! Appleton woke up to snow flurries as I suspect Eau Claire did also!

Wanted to touch base again regarding our visit on Wednesday. Was hoping to connect with Dang since Dr. Xiong is not available and as mentioned, I can also give her a call if requested. If I don't hear from Dang today will touch base again.

Do you think it would be possible to schedule a brief meeting with the Chief of Police or other representative from public safety? I can do that on my own if you would refer me to the appropriate person or if they want to join our time with you, would be perfectly appropriate! I was going to ask you some additional, random type questions and if you are not able to answer, can refer me and I'll follow up with phone calls or emails. Also, review next steps with you.

Am digging deeper into housing and will update you on Wednesday.

Let me know what time is convenient for you in Wednesday and will look forward to seeing you then!

Tami

Hi Tami,  
It's been a little too hot for spring these couple of days but will cool off soon ☺

I would suggest contacting either of the two or both: Dang Yang ECASD EDI Director): [dyang1@ecasd.us](mailto:dyang1@ecasd.us)  
or Dr. Kaying Xiong: [kxiong@ecasd.edu](mailto:kxiong@ecasd.edu) . You can also visit one of our schools with larger ELL enrollment.

We can definitely meet, will you be here on the 19<sup>th</sup>? Would I be able to answer your questions or who else

do you need to be in the meeting? and yes we are still planning to visit you there, if possible  
April 24<sup>th</sup>  
around 4:00, if not, April 25<sup>th</sup> after 4:00 .

Looking forward to see you again and meet with your colleagues.

Anoosheh

Hello Anoosheh,

Hope you are enjoying Wisconsin weather at its finest! We know it won't last so have to take advantage.

I am planning on returning to Eau Claire next week with two of my colleagues and hoping to schedule a visit with a representative from the ECASD. Do you have a recommendation of a contact to reach out to as there isn't an ELL contact on the website? I have also requested an appointment, per the suggestion of our state refugee coordinator, with Jody Conner from Workforce Resource and am waiting to hear back.

Also, would you have an hour to meet with us to review a few more questions and other details relating to a proposal submission? It would also give us an opportunity to schedule a visit to our office when you are in Appleton for the Toward One Diversity and Inclusive Conference. (if you are still interested)

Appreciate your assistance and hope to connect next week!

Tami

Hello Anoosheh,

Yes, would be wonderful if you would touch base with Dane and make an appointment!

Would like to talk with Chief Rokus about the following:

Any anti-immigrant sentiments expressed in the community? If so, how are sentiments managed?

How are immigrants groups isolated or integrated into the community?

Does local law enforcement have a community or cultural liaison?

Any foreseeable barriers from public safety perspective to resettlement in community

Any resources available for language barriers?

Would welcome you to our conversation with hopes we can extend your time for other questions/updates.

Thank you!

**Subject:** Meet with World Relief

Hi Matt – Would you be available to meet (probably for just about a half hour) with a representative from a refugee resettlement agency? They are considering setting up an office here in Eau Claire, and they wanted to ask these questions listed below... Let me or Anoosheh know if this time doesn't work! It looks free on your calendar. The agency person is free after 9:30AM on Wednesday.

World Relief, a refugee resettlement agency, is considering Eau Claire as a potential location to establish a refugee settlement office. The agency has conducted initial interviews with relevant individuals. As part of the assessment process, the director of the agency based in Appleton, Tami Laughlin, wishes to speak with the Eau Claire police chief. The following is a list of questions that will be discussed during the meeting.

- Any anti-immigrant sentiments expressed in the community? If so, how are sentiments managed?
- How are immigrant groups isolated or integrated into the community?
- Does local law enforcement have a community or cultural liaison?
- Any foreseeable barriers from public safety perspective to resettlement in community
- Any resources available for language barriers?

Thanks Anoosheh!

One of our staff is friends with the Eau Claire Campus Director of Campus Crusade for Christ and we are attempting to schedule an 11:30 meeting with him to get an overview of the Church landscape in Eau Claire.

Did I mention last Thursday evening we participated on a call with the Welcoming New Neighbor group? Very much enjoyed our conversation with them.

Continue to be impressed and encouraged by the Eau Claire community!

Thanks for your help today. See you on Wednesday at 1:30!

**Subject:** [EXTERNAL] Connect on Monday

Hi Annosheh,

Nice meeting you yesterday and hearing about Eau Claire's eagerness to launch resettlement efforts. I am looking forward to connecting with you while you're in Appleton on Monday. Can you confirm a good time to meet? I was planning to host you at our office. Our address is below:

510 E Wisconsin Ave  
Appleton, WI 54911

Could you also provide a few questions or topics you'd like me to cover for you and your colleague when you visit?

Thanks,

**JAMES RASHID**

Hi Anoosheh, thanks for your response. Let's meet after your Forward Service meeting on Wednesday so you can see the office and meet anyone who's around. Do you think that'll be around 3:00 or 3:30 pm? Here's my cell if you need to connect more quickly next Wednesday: 920-851-6399.

Looking forward to it!

**Subject:** RE: [EXTERNAL] Connect on Monday

Hi James,

It was nice meeting you too. This is how our schedule looks like next week:

Monday:

12:00 -4:00 in Wausau, probably around 5:30 we'll be in Appleton ( we can't meet after 5:30, can we?)

Tuesday:

8:00-5:30 Conference ( we can miss one session and be at World Relief at 1:00?)

Wednesday:

7:30- 1:30 Conference, 2:00 visit Forward service Corp in Menasha ( we can meet with you after?)

We would appreciate if you can walk us through the process of refugee resettlement, I have worked with

UNHCR, so have some idea how it works but both of us would like to get a better picture please. If we

meet during the day we would love to take a tour of your office too if possible. I don't have any specific question in mind to ask at this time ☐

Please let me know which day and time works better for you.

Thank you,

Anoosheh

Hi Kevin –

A group of us are heading to Wausau on Monday (on the way to the Toward One conference). I have to be back for a Council meeting on Monday night, but was hoping to tour the Day Center or anything else interesting in Wausau before I catch a bus back at 3PM. Do you have any suggestions of what we might do between around 1 and 3PM? We are really up for anything that will help us understand municipal government! ☐

Thanks in advance and sorry for the late request...

Hi Stephanie,

I've arranged for you to receive a tour of the Community Partners Campus (CPC) in Wausau. Jeff Hancock, our Regional Director for Wausau operations, will be able to help guide you on that tour. Please contact him when you arrive on-site (364 Grand Ave, Wausau WI 54403). His phone number is 715.301.3339. Jeff will also attempt to connect with the day shelter, Open Door, to see if he can also take you there for a tour. I'm not certain if it will be possible but he is going to reach out to them. Those two locations, with questions, will most likely fill the 2-hour timeframe you are free. Just for planning purposes, how large of a group would be coming?

Thank you and have a great weekend!

Hi Anoosheh,

Wrapping this week up while planning next week and would like to schedule calls with 3 – 4 employers in Eau Claire who might be interested in employing refugees. Would Aaron White be the best contact for that information? If so, I can reach out to him directly or would you prefer to?

Hope you know how much I appreciate you!

Tami

Hi Stephanie,

I've arranged for you to receive a tour of the Community Partners Campus (CPC) in Wausau. Jeff Hancock, our Regional Director for Wausau operations, will be able to help guide you on

that tour. Please contact him when you arrive on-site (364 Grand Ave, Wausau WI 54403). His phone number is 715.301.3339. Jeff will also attempt to connect with the day shelter, Open Door, to see if he can also take you there for a tour. I'm not certain if it will be possible but he is going to reach out to them. Those two locations, with questions, will most likely fill the 2-hour timeframe you are free. Just for planning purposes, how large of a group would be coming?

Thank you and have a great weekend!

Hi Kevin –

A group of us are heading to Wausau on Monday (on the way to the Toward One conference). I have to be back for a Council meeting on Monday night, but was hoping to tour the Day Center or anything else interesting in Wausau before I catch a bus back at 3PM. Do you have any suggestions of what we might do between around 1 and 3PM? We are really up for anything that will help us understand municipal government! ☐

Thanks in advance and sorry for the late request...

Stephanie

Hi Anoosheh,

Glad you enjoyed your stay and hope the conference was productive!

We have decided to propose Eau Claire as our recommendation for a new resettlement site. Everyone we had a conversation with was supportive and the work that your community has already done around welcoming refugees and immigrants has been impressive. It would be an honor to open an office in Eau Claire.

We are preparing the proposal which is due the end of the month and later this week I plan to send emails requesting support letters from stake holders. We expect to receive final approval late summer/early fall but will continue to move forward with plans around hiring and securing office space.

Will be in touch but let me know if you have additional questions. So appreciative of your assistance and support. The fun is just beginning J

Ahh!! I have goosebumps! How exciting.

Is this information that is able to be shared? Or should I keep it quiet until WR announces something? I see that it is not completely a done deal yet. CVTC looks forward to submitting a letter of support.

Thanks for the update!

Thank you Holly,

The message below is from Tami, the WR director:

**“We have decided to propose Eau Claire as our recommendation for a new resettlement site.**

**Everyone we had a conversation with was supportive and the work that your community has already done around welcoming refugees and immigrants has been impressive. It would be an honor to open an office in Eau Claire.**

**We are preparing the proposal which is due the end of the month and later this week I plan to send emails requesting support letters from stake holders. We expect to receive final approval late summer/early fall but will continue to move forward with plans around hiring and securing office space.”**

Hello Stephanie,

Hope you are well and enjoying Wisconsin's beautiful spring season.

After several visits and conversations with numerous stakeholders, World Relief Fox Valley is proposing opening a sub office in Eau Claire in the fall of 2023. Letters of support from officials and key partners are required to accompany the proposal so I am hoping you would write a letter and return to me by Wednesday, May 24. A template is attached for consideration.

We will be in touch as we continue forward with our plans as know your support and expertise will be instrumental in the success of welcoming refugees to Eau Claire. We appreciate all of the work you, Anoosheh and others on your team have done to pave the way for future newcomer communities and we look forward to partnering and collaborating to continue Eau Claire's legacy of welcome.

Please let me know if you have any questions or concerns.

Thank you for your support and leadership.

Tami

Good Morning, Anoosheh!

Hope you had a nice Mother's Day weekend!

I've copied you on a request to Stephanie for a support letter but it was returned to me. Could you verify the address? Also, am sending a request to Chief Rokus but do not have his email. Would you share his address with me?

I am sending requests to Nancy Weltzin, Marisa Stanley and Deng Yang along with our State Refugee Coordinator and State Refugee Health Coordinator. I don't expect any issues and will include with our proposal which should be completed by the end of May.

Will keep you posted on progress!

As always, appreciate your assistance and support!

Tami

Good morning Tami,

It's weird, her email address is correct, I'll make sure she has received it.

CVTC (Holley Hassemmer) has also announced their interest in providing a letter of support if you need it at all.

This is Chief Rokus's email: [Matt.Rokus@eauclairewi.gov](mailto:Matt.Rokus@eauclairewi.gov)

Please let me know if there's anything else I can help with.

Anoosheh

Good morning Tami,

It's weird, her email address is correct, I'll make sure she has received it.

CVTC (Holley Hassemer)has also announced their interest in providing a letter of support if you need it at all.

This is Chief Rokus's email: [Matt.Rokus@eauclairewi.gov](mailto:Matt.Rokus@eauclairewi.gov)

Please let me know if there's anything else I can help with.

Anoosheh

**Subject:** [EXTERNAL] FW: Support Letter for Refugee Resettlement

Good Morning, Anoosheh!

Hope you had a nice Mother's Day weekend!

I've copied you on a request to Stephanie for a support letter but it was returned to me. Could you verify the address? Also, am sending a request to Chief Rokus but do not have his email. Would you share his address with me?

I am sending requests to Nancy Weltzin, Marisa Stanley and Deng Yang along with our State Refugee Coordinator and State Refugee Health Coordinator. I don't expect any issues and will include with our proposal which should be completed by the end of May.

Will keep you posted on progress!

As always, appreciate your assistance and support!

Tami

**Subject:** Support Letter for Refugee Resettlement

Hello Stephanie,

Hope you are well and enjoying Wisconsin's beautiful spring season.

After several visits and conversations with numerous stakeholders, World Relief Fox Valley is proposing opening a sub office in Eau Claire in the fall of 2023. Letters of support from officials and key partners are required to accompany the proposal so I am hoping you would write a letter and return to me by Wednesday, May 24. A template is attached for consideration.

We will be in touch as we continue forward with our plans as know your support and expertise will be instrumental in the success of welcoming refugees to Eau Claire. We appreciate all of the work you, Anoosheh and others on your team have done to pave the way for future newcomer communities and we look forward to partnering and collaborating to continue Eau Claire's legacy of welcome.

Please let me know if you have any questions or concerns.

Thank you for your support and leadership.

Tami

**Subject:** Agenda for EDI EauStat Admin Meeting  
**Attachments:** 2023-06-29\_EDIEauStatAgenda.docx

Hello all –

Attached is an agenda for the EDI EauStat meeting tomorrow.

As mentioned in other communications, we are trying to split EauStat meetings into three different types:

- Admin Meetings (IT, HR, Finance, and eventually Law) that happen in the first week of the month and that shape the topics for the operational meetings.
- Operational Meetings (Community Services, Police, Fire, etc. etc.) that happen in the last two weeks of the month.
- Project meetings that are less structured and happen at different times of the month.

EDI probably falls somewhere between an Admin Meeting (since it relates to all departments) and a project meeting.

Anyway, thank you for bearing with us as we make these adjustments!

Stephanie

Hi Anoosheh,

Good to hear from you! We don't expect to receive final approve for the resettlement site until late August but are going to begin recruiting for the site director (position should be posted by the following week). I will also begin looking for office space. Do you have any recommendations regarding location? A top priority is accessibility to public transportation.

Will stay in touch as starting to move forward!

Thanks!

Hello Stephanie,

Hope you are well and enjoying Wisconsin's beautiful spring season.

After several visits and conversations with numerous stakeholders, World Relief Fox Valley is proposing opening a sub office in Eau Claire in the fall of 2023. Letters of support from officials and key partners are required to accompany the proposal so I am hoping you would write a letter and return to me by Wednesday, May 24. A template is attached for consideration.

We will be in touch as we continue forward with our plans as know your support and expertise will be instrumental in the success of welcoming refugees to Eau Claire. We appreciate all of the work you, Anoosheh and others on your team have done to pave the way for future newcomer communities and we look forward to partnering and collaborating to continue Eau Claire's legacy of welcome.

Please let me know if you have any questions or concerns.

Thank you for your support and leadership.

Tami

Hi Anoosheh,

Good to hear from you! We don't expect to receive final approve for the resettlement site until late August but are going to begin recruiting for the site director (position should be posted by the following week). I will also begin looking for office space. Do you have any recommendations regarding location? A top priority is accessibility to public transportation.

Will stay in touch as starting to move forward!

Thanks!

Tami

Hi Anoosheh,

Thanks for the recommendations. I will follow up; most likely next week.

The site manager position should be posted by the end of the week on the following link. We expect to post several more positions in the next 6 weeks with the hopes of officially opening the office on October 1<sup>st</sup>. All of these dates and plans are tentative dependent on staffing, securing a lease and of course approval which we do expect by the end of summer.

[World Relief Jobs | Explore Opportunities | World Relief](#)

Are you familiar with the Chippewa Valley Multi Cultural Festival? Ginny Close recommended we attend. Wonder if there are other events we should attend or plan?

Keep in touch and will hope to see you before the end of the summer!

Hi Anoosheh,

You have been very helpful this week! Thanks for sending all of the emails relating to office space and events. Eau Claire is a "happening place" and I look forward to becoming more familiar with the community and residents.

As mentioned, I will most likely attend the cultural event on August 20<sup>th</sup> and tentatively thinking of spending the night and making appointments to view office spaces on Monday. If you think there are other individuals I should meet with on that visit, please let me know.

Regarding our hiring policy, we are a faith based organization and therefore hire individuals whose faith beliefs align with the organization. I believe you have visited the website but the link follows and goes into much depth around our hiring process.

[World Relief Jobs | Explore Opportunities | World Relief](#)

Hope this is helpful. Let me know if you have additional questions.

Have a great weekend!

<Anoosheh.Hamzehee@EauclaireWi.Gov>  
**Subject:** FW: [EXTERNAL] resettlement update

Hello Lieske,

Anoosheh forwarded your email and I appreciate your interest in preparing for the arrival of refugees to the Chippewa Valley in the near future. Our team in the Fox Valley is wrapping up fiscal year 2023 in the midst of welcoming a few more individuals and families while also preparing to open our Chippewa Valley office in the next few weeks.

We are on the cusp of finalizing office space and in the process of making offers for several staff positions. We hope most of these details are in place by the middle of October. In addition, we have tentatively scheduled a "partner meeting" for later October and plan to send invites next week which you will receive. With all of these details in place, our best estimate for first arrivals would be late November and could consist of individuals or families. The total number of refugees we have been approved to welcome to the Chippewa Valley for FY2024 is 75 people.

Brittany Fry reached out earlier this summer asking for information regarding Public Health's responsibility in refugee resettlement and following was the response provided by our State Refugee Health Coordinator, Savitri Tsering:

*Hello,*

*I work as the State Refugee Health Coordinator (SRHC) and can address concerns related to refugees coming into your community. I know World Relief Fox Valley (WRFV) will be opening a satellite office in Eau Claire this fall. For refugee services we recommend that the local health department (LHD) be part of the network that works with the resettlement agency (RA) and provides information and updates as needed. In general, it is not expected that LHDs do any more for refugees than they would for others living in their community. You will be viewed as an agency in the know about area health/medical providers.*

*As you are aware there are sponsored humanitarian parolees that are coming into the US that need TB attestation. If they are not eligible for Medicaid (depending on where they are from, they may or may not be eligible), the TB dispensary can cover their TB related screening services.*

*Ways that health departments have helped make connection with the refugee community is in providing education and updates for programs they have such as home visiting, WIC, communicable disease follow-up, child car safety, Well Women programs, etc. – your LHD may or may not have some of those services but the point is, what you offer the general public, in turn offer to the refugee community and make sure you have a seat at the table for understanding and connecting with those doing refugee resettlement in your community.*

*Taking the view broader to all immigrant populations the same will be true – what do you provide to your general population, make sure [your local connection to Covering WI](#) is strong so that full knowledge of healthcare eligibility is there, know the parameters of what services you can provide regardless of documentation status.*

Lieske, I hope this information is helpful. If you have additional questions, please do not hesitate to reach out. We hope to meet you in the near future and look forward to developing a strong partnership and welcoming network for the Chippewa Valley newcomers!

Thank you,

Tami

**Subject:** Update from the Manager's Office - Week of 9/25/2023

Hello City Staff – We in the City Manager’s Office, with help from the IT Department, are working on reformatting the weekly newsletter... The goal is to send one newsletter that works for the City Council, City staff, and members of the public who are interested. (Additional notices outside of the weekly newsletter will also get sent for employee-specific news.) Also, we hope to make it possible for you to sign up to receive the updates on your personal email account, which may help those people who are part of teams that don’t regularly access City email. Below is how we are picturing it’ll look on a weekly basis. Stay tuned, and please feel free to share feedback on this new, proposed format! (You may get a duplicate of this email once we set up the new system, FYI...)

- **CITY UPDATES:** Here’s some news from around the city.

- **Cannery District Construction:** Our Parks Manager, Steve Plaza, shared this update on what’s happening with the construction of Cannery Park, which is in the “Cannery” neighborhood, close to the Children’s Theater, High Bridge, and the Brewing Projekt: “Cannery Park has been seeing a transformation this past month. Contractors have been grading the sledding hill, playground area, open spaces, and skatepark. The restroom has been framed and its inside painted, and it’s now visible if you take a tour in that area. The ADA walkway next to the Madison Street Bridge has been staked, as has the walkway and canoe slide to a scenic viewpoint. Footing is being prepared to be poured for concrete for the stairs and the sign. The completion of the park is scheduled for early summer 2024. Market & Johnson is the General Contractor for the project, and Cory Tietz is the City’s Project Manager for the park construction.”

- **One Book, One Community 2023:** The L.E. Phillips Memorial Public Library is launching its community read for 2023. They write: “This highly-anticipated, annual program encourages residents to unite around a single book that delves into critical

social and environmental issues affecting the region. The chosen title for this year is New York Times bestseller Nature's Best Hope: A New Approach to Conservation That Starts in Your Yard, by Douglas Tallamy. The book is a compelling exploration of biodiversity loss and the role each of us can play in preserving our natural world. The main event will be an Author Talk with Douglas Tallamy at the Chippewa Valley Book Festival on Saturday, October 14th at 9:30AM in the Riverview Room. Registration and additional events can be found here:

[www.ecpubliclibrary.info/onebook](http://www.ecpubliclibrary.info/onebook)

- **Resettlement Agency Coming to Eau Claire:** The City of Eau Claire has recently worked with partners, including resident volunteer groups, the CVTC, the Department of Human Services, and the Health Department, to explore opening an Eau Claire branch of an agency called World Relief. The organization is currently securing office space and hiring staff. They expect to be all situated by this fall, and they will begin to welcome refugees for settlement in Eau Claire in 2024. They write that: "The total number of refugees we have been approved to welcome to the Chippewa Valley for FY2024 is 75 people." New residents of Eau Claire will help fill gaps in our very tight labor market and will bring a richness of perspectives and contributions to our community.

- **QUESTION AND ANSWERS:** Here are some questions that have come through the City Manager's Office this week. *Have a question you'd like answered?* [Submit it here.](#)

### **TDS Installation Impact**

Question: "How is TDS repairing areas of grass or landscaping that have been damaged due to the installation of fiber?"

Answer from City Staff: City Engineer Dave Solberg shared: "We have worked with TDS to ensure that they complete restoration within the existing permitted areas and provide us with a timeline for restoration. We have been tracking locations based on e-mails and calls and relaying those restoration locations to TDS/Tilson daily. Last week, we started inspection of the restoration complaint locations, and that will continue through this process. TDS/Tilson is on track to have their restoration brought into compliance by the beginning of October. We've seen great improvement with the new restoration sub-contractor and their work towards meeting the restoration requirements over the past two weeks."

### **EV Charging on Forest Street**

Question: "I was wondering what the timeline is for the EV charging at Forest Street. I have seen it used by vehicles, but I have noticed that the site is not completed. and the canopy structure by Solar Forma is not yet installed."

Answer from City Staff: Planning Manger Ned Noel said: "EV charging has been going on over a year there, but the Solar Forma Design has had some business issues and delays. They have proposed to complete the project by end of October."

## Trail from Mayo

Question: “Any updates on the Half Moon Lake Trail construction from Folsom Street south to West Madison Street?”

Answer from City Staff: City Engineer Dave Solberg said: “We ran into a problem in the right of way that the City purchased 30+ years ago...but we have worked through it. Unfortunately, WisDOT’s budget is tight, and if we don’t get the contract awarded by late October, construction may not start until 2026... so we’re really pushing to get it bid ASAP!”

## Jeffers Road Trail

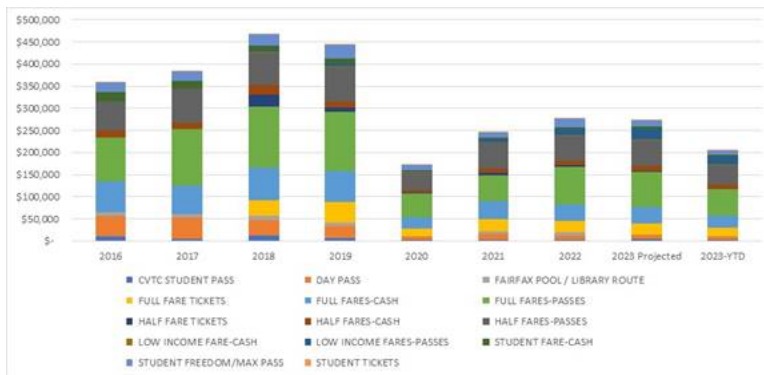

Question: “I noticed utility poles in the middle of the trail on the southern end of the Jeffers Road reconstruction, looking south toward the North Crossing. Will these be moved?”

Answer from City Staff: City Engineer Dave Solberg said: “Xcel Energy wasn’t able to move the poles this year, so we made sure we had four-foot clearance around them and paved the trail. Next year, Xcel Energy will saw a square of the trail out, move the poles, and repave the concrete square they removed.”

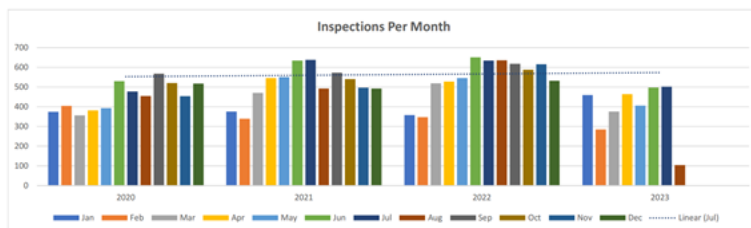

**EC STATS:** The City holds weekly meetings with departments to talk about their data, their goals, and any challenges they may be facing. Read on below for some data from the meetings we held this week.

**Transit:** Transit EauStat met last week, and here's what we discussed. In our Transit Division, so far for 2023, we are seeing an increase in ridership as compared to 2022. At this same time last year, there had been 256,688 riders. In 2023, there have been 392,336 riders, which is an increase by 52.8 percent. While numbers have been trending upward since the pandemic, ridership has been significantly lower than pre-pandemic ridership. Fare revenue for 2023 appears to be on track to be similar to fare revenue collected in 2022. The Transit team has been hard at work on several projects, including the Community Pass Pilot, which is a project aimed at exploring creative transit projects to increase access and make transit more equitable. Other projects include working on bus tracking, arranging for demand response services, and exploring marketing opportunities.

**Inspections:** Inspections EauStat also met last week. We have seen record construction years in recent years, and this year is on pace with only a slight decrease. The same hot market that has driven up our inspections numbers has also impacted our ability to staff our Inspections Division positions. In particular, the City has faced a significant challenge in hiring a Plumbing Inspector, due to the competition from the private sector, where master plumbers can earn in excess of \$100K per year. We continue to seek solutions to this gap. (If you know a plumber, please share this link with them and encourage them to apply: [Job Openings | Sorted by Posting Date descending | JOB OPENINGS \(governmentjobs.com\)](#)) Our Inspections staff are working extremely hard to keep up with the incredible pace of permits pulled, and we appreciate how they have weathered these unbelievably busy years!

**EMPLOYEE SPOTLIGHT:** We have the best employees! Get to know one of them this week. (And [submit your suggestion for an employee to spotlight here...](#))

Today we highlight **Tess Morgan**. A co-worker said this about Tess: “Tess is a huge part of communication successes for the community. She is dedicated to helping make sure news from the City is communicated through multiple channels. More importantly, she recognizes the need to help some of our community partners get out the message of needs, often resulting in the news further carrying the stories. Tess is also a joy to work with, and she has a great sense of humor and an amazing knowledge of the City's past endeavors. She also makes a mighty fine pizza!”

Here's some more information about Tess:

- Your Position: “For a bit over five years, I've been the Media & Communications Specialist for the City. I send out meeting notices and news releases, handle our social media accounts and the website, monitor news/social media, etc., develop messaging for us, and design the images seen on the big monitors in City Hall, plus a few other things.”
- Something People May Not Know: “In the last 10 years or so, I've learned to downhill ski, snorkeled, become certified to captain a sailboat, won first place in a dance competition, left my life-long career to start working with the City, and got married last year. It's NEVER too late to try new things and begin new chapters of your life – ‘comparison is the thief of joy’, so don't limit yourself just because others have done things sooner in life.” (Theodore Roosevelt quote)
- Favorite Activity: “Bicycling Wisconsin's amazing rails-to-trails system (especially in spring and fall) and cooking for people.”
- Best Thing about Working for City: “We have a really great quality of life in Eau Claire, and it's an honor to work with the amazing people who make that happen – it's truly mind blowing HOW MUCH gets done with the number of employees we have. I also appreciate the opportunities for growth and career development.”
- Life Philosophy: “There isn't a single phrase that really sums it all up, but I think it's important to act with integrity and honesty, follow the Golden Rule, and always just do the best you can -- some days that ends up being more than other days, and that's okay ;)”
- Anything else? “To borrow a quote – ‘There is more that unites us than divides us.’ We are not as divided as the extreme headlines on some news outlets and Facebook memes may lead you to believe, so please don't give them too much attention.”

**SHOUT OUTS:** Here's some reports of employees who went above and beyond.

**911 Caller:** On August 22nd, a community member made a frantic 911 call believing she had an intruder in her home. She advised that when she attempted to use her attic access door, someone pushed back down on the door from above which then struck her in the head. She fled the house immediately. Based on the call nature, several officers rushed to the scene to assist. What unfolded during the incident is best described in the homeowner's letter which was showcased in the Leader Telegram's Voice of the People on September 15th.

"On Aug. 22, I experienced the biggest fear of my life. I was home alone and believed I had an intruder who was trying to hurt me.

I vacated my house and called 911.

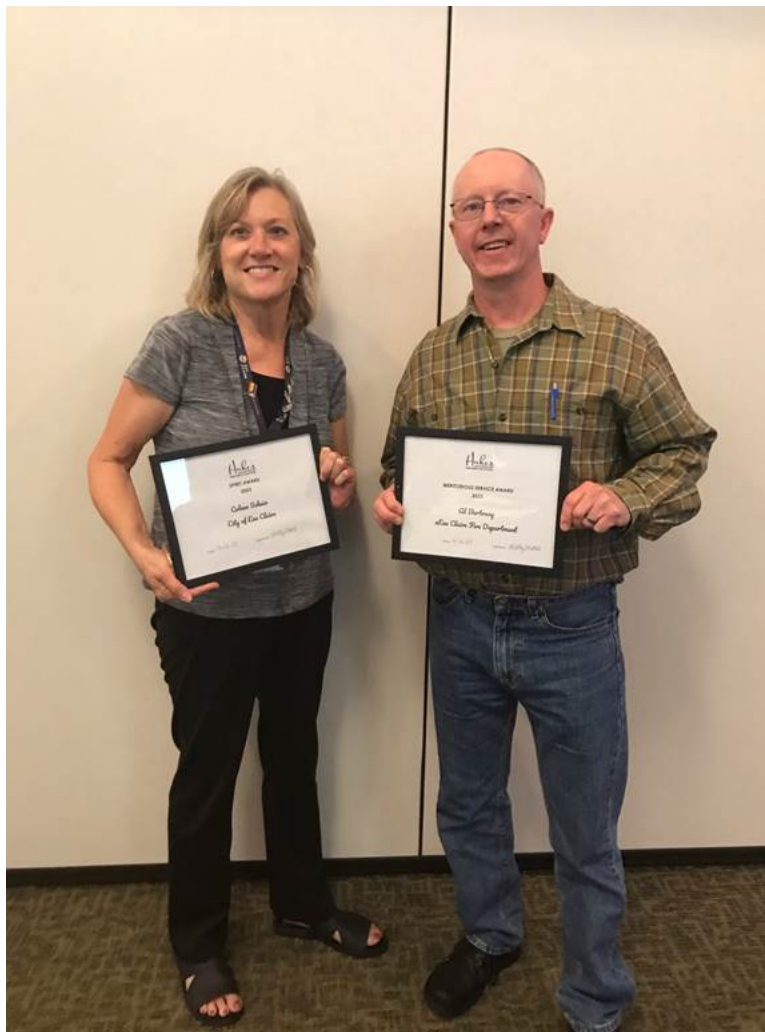

Everyone from the 911 operator to the officers who came to clear my home treated me in an exemplary manner. The kindness, compassion and thoroughness with which I was listened to, and then when my home was searched, matched and indeed surpassed all my expectations.

I was never made to feel as though I was a woman home alone with her husband out of town who was imagining things. In fact, when I was feeling silly about calling the police, I was reassured that they would rather check out something that ended up being nothing than have me *not* call and it be something that was indeed a threat. The officers discovered that my attic trap door counterweight system had failed and crashed down on me, not that anyone was up there trying to hurt me.

Thank you from the bottom of my heart for the way I was treated. I felt protected, valued and safe. I am proud to live in a city that has such an excellent police department watching over and protecting me.”

The Eau Claire Police Department takes pride in serving the community with care and compassion. We thank the personnel involved for demonstrating our values, including Telecommunicators Melissa Stone and Brittany Bowe, Officers Derek Jack, Austin Summers, Rogelio Gonzales, and Brian Leach, and Sergeant Olivia Erl.

**Spirit Award:** Attached is a picture of Human Resources Director Colleen Schian and retired Deputy Fire Chief Al Bertrang receiving awards last week at the Peer Support Conference. In the photo, Colleen’s award says “Spirit Award 2023” and Al’s says “Meritorious Service Award 2023.” Both awards were given in recognition of Colleen and Al’s contributions to the Peer Support team and related endeavors. The Peer Support team is a program in which Police and Fire staff work with co-workers to ensure they are able to process and bear the trauma and stress that come with being a first responder.

## **CITY COUNCIL CALENDAR**

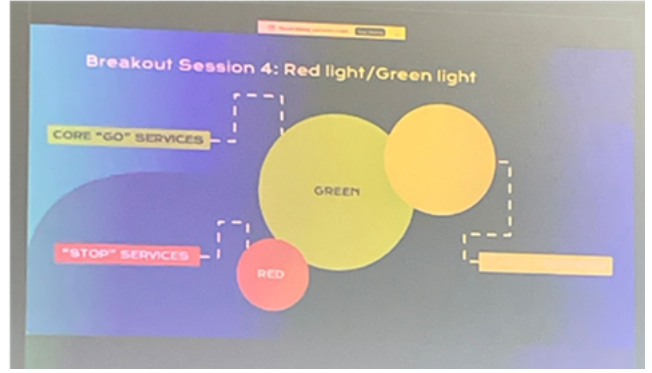

- Monday, September 25th: Council Public Hearing/Discussion Night
- Tuesday, September 26th: Council Meeting
  - Work Session: Boards Committees, Commissions and outreach strategies
- *September 29th – City Council receives 2024 Proposed Operating Budget*
- Monday, October 9th: Council Public Hearing/Discussion Night
  - Public Hearing #1 on 2024 Proposed Operating Budget and State of the City
- Tuesday, October 10th: Council Meeting
  - City Council Operating Budget Work Session #3 (Department Directors)
- Monday, October 23rd: Council Public Hearing/Discussion Night
- Tuesday, October 24th: Council Meeting
  - Housing Study Presentation (tentative)
  - City Council Operating Budget Work Session #4 – Amendment Discussion
- *November 3rd – City Council Budget Amendments Due*
- Monday, November 6th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion
- Monday, November 13th: Council Public Hearing/Discussion Night
  - Public Hearing #2 on 2024 Proposed Operating Budget
- Tuesday, November 14th: Council Meeting
  - City Council action on 2024 Proposed Operating Budget and levy
- Monday, December 18th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion

## **Additional Dates:**

- Thursday, September 28th: First BIPOC Committee Meeting
- Friday, September 29th: Eggs and Issues Legislative Breakfast
- Tuesday, October 3rd: Voices of the Valley
- Wednesday – Friday, October 18th -20th: League Conference

## **PHOTOS FROM AROUND TOWN**

**Library Strategic Planning:** Pictured here are some images from the Library's Strategic Planning process. Staff were reviewing constituent feedback and working to prioritize the different services and programming the Library provides. The City as a whole is hoping to replicate this process for all its divisions and departments.

**Subject:** [EXTERNAL] Upcoming World Relief events

Hello Anoosheh,

We are making progress with regard to establishing the World Relief Wisconsin Chippewa Valley office and continue to project our first refugees will arrive by the end of November.

We are planning on hosting two meetings; a community partner meeting on Wednesday, October 18 which you and several others from the city will receive invitations too, as well as a Community Gathering for the Chippewa Valley Community at large the evening of October 23. Following is a link to that event and I am hoping you might be willing to send it to your networks and/or make any recommendations regarding other groups we should send it to?

We are so encouraged by the willingness of the Chippewa Valley community to embrace refugee newcomers and look forward to continuing to build friendships and partnerships around welcoming our new neighbors.

Thanks for your help and will hope to see you the 18<sup>th</sup> and perhaps the 23<sup>rd</sup>!

Tami

Hi Anoosheh,

Thank you for sharing the community gathering with your network. You should have also received an invite for the partner meeting so please use your discretion with regard to whom to invite to either one or both of the events! We are asking for RSVP's so we know how many to plan for but should have plenty of space for both as hosting in the large meeting room at the library.

Appreciate your help and hope you have a great weekend!

Tami

Good morning,

I'm pleased to let you know that World Relief is making progress with regard to establishing the World Relief Wisconsin Chippewa Valley office and continues to project their first refugees will arrive by the end of November.

They are planning on hosting two meetings; a community partner meeting on Wednesday, October 18 which some from the city will receive invitations to, as well as a Community Gathering for the Chippewa Valley Community at large the evening of October 23. Following is a link to that event

<https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

**Subject:** RE: [EXTERNAL] Re: World Relief

Hi Ellie and all –

In case they'd like to comment, I'm looping in:

- Anoosheh Hamzehee, who worked with World Relief to help them learn more about Eau Claire.
- Dr. Ka Vang (our EDI Coordinator);
- Aaron White (our Community Development Director);
- Emily Berge (our Council President); and
- Lieske Geise (our Health Director).

Anoosheh, can you connect Ellie with the key volunteer groups?

The City doesn't have a formal role, however, we support initiatives like this that boost our local workforce capacity and that support the City's strategic vision of "promoting a welcoming, inclusive, and diverse community" from our Strategic Plan and Vision. [637110562312000000 \(eauclairewi.gov\)](https://www.eauclairewi.gov/637110562312000000)

A number of community partners do play a bit more formal roles, including the Human Services Department and the City/County Health Department. CVTC and the School District have also been involved as they have different educational programs for English Language Learners.

**Sent:** Tuesday, October 3, 2023 10:34:27 AM  
**To:** Ka Vang <Ka.Vang@EauclaireWi.Gov>  
**Subject:** How I answered the questions

Ka's professional skills mix, including her passion for social causes, organizational prowess, interpersonal skills, adaptability, and problem-solving abilities, makes her an outstanding candidate for this role. Her dedication to making a positive impact and her ability to lead and manage in diverse environments are qualities that would greatly benefit any organization striving to create a better world.

As an EDI Coordinator, Ka demonstrates an exceptional level of cultural sensitivity in her role. Her deep understanding and respect for diverse backgrounds and perspectives is evident in her interactions and initiatives. She actively promotes an inclusive environment by fostering open dialogue and ensuring that all voices are heard and valued. Ka is not only aware of cultural differences but also actively seeks to learn and educate others about them, contributing to a more inclusive workplace. Her approach to EDI initiatives is grounded in cultural humility, showing a willingness to listen, learn, and adapt.

Yes, I highly recommend Ka for the position of Site Manager at World Relief. Ka brings a wealth of experience and qualifications that make her an exceptional candidate for this role. Having worked as an EDI (Equity, Diversity, and Inclusion) Coordinator, Ka has a deep understanding of the importance of cultural sensitivity, empathy, and inclusivity. She has successfully fostered inclusive environments in previous roles, which aligns perfectly with the diverse and culturally rich nature of refugee resettlement work. Moreover, Ka's experience working with university students and her background with a Ph.D. in Leadership, Policy, and Administration make her well-equipped to manage and lead teams effectively. Her academic expertise in leadership and administration, combined with practical experience, will enable her to oversee the various aspects of resettlement with a strategic and compassionate approach. Ka is not only dedicated to promoting equity and diversity but also possesses strong communication, organizational, and problem-solving skills. These qualities are essential for managing complex resettlement programs and coordinating with multiple

stakeholders, including government agencies, NGOs, and volunteers. In summary, Ka is a highly qualified and dedicated individual with the right blend of skills, experience, and empathy to excel in the role of Site Manager at your refugee resettlement agency. I have no doubt that she will contribute significantly to the success of your organization and the well-being of the refugees you serve.

- Emily Berge (our Council President); and
- Lieske Geise (our Health Director).

Anoosheh, can you connect Ellie with the key volunteer groups?

The City doesn't have a formal role, however, we support initiatives like this that boost our local workforce capacity and that support the City's strategic vision of "promoting a welcoming, inclusive, and diverse community" from our Strategic Plan and Vision. [637110562312000000 \(eauclairewi.gov\)](https://www.eauclairewi.gov)

A number of community partners do play a bit more formal roles, including the Human Services Department and the City/County Health Department. CVTC and the School District have also been involved as they have different educational programs for English Language Learners.

**Subject:** [EXTERNAL] Re: World Relief

Hi guys,

Thank you for reaching out! I was looking to do a story on World Relief coming to Eau Claire and how that will impact the city.

Stephanie- would you be the best person to speak with me about this decision from the City of Eau Claire? Also, I was wondering what volunteer groups you collaborated with in the community to make this happen.

Tami- Would you be available for an on-camera pre-recorded interview on Tuesday, Oct. 17 at 9:30 a.m.? I think it would be great if we could meet in Eau Claire outside of where the resettlement agency will be located. However, let me know what works for you! Also, let me know if you have any footage you could submit from World Relief for the story.

My apologies for the response at 11 p.m. I am working overnights tonight. ☹️ My plan would be to film and edit this story the week of Oct. 16 and then air it that following Monday.

Let me know your thoughts!

Best,

**Ellie Pomerleau**

Hi Ellie,

One of the very first meetings between World Relief and Eau Claire volunteers was with JONAH and Welcoming New Neighbors. From there on Tami from World Relief (the Director of World Relief at their Appleton location) has been in close contact with Ginny Close from Welcoming New Neighbors who helped with providing contacts and getting information out.

**Attachments:** image003.jpg, image007.jpg, image011.png, image015.jpg, image018.jpg, image020.jpg, image022.png, image024.jpg, image002.jpg

Hi all – We're working on getting you directly registered to receive this, however, in the meantime, here's this week's newsletter! This new version will go out to staff, the Council, and the public each Friday.

\*\*

Hello City of Eau Claire residents, staff, and Council Members,

I'm writing to share news from the City of Eau Claire. We are using a new format to send news out. [Prior updates can be found here](#). Take a look at our weekly newsletter to stay on top of what we are working on. Pass it along to friends who can [sign up for different City updates here](#). We welcome you at Council Meetings, Neighborhood Association Meetings, Library Events, and anywhere else that City work takes place. Bear with us as we work out any kinks of this new approach! Also, feel free to [send me feedback](#).

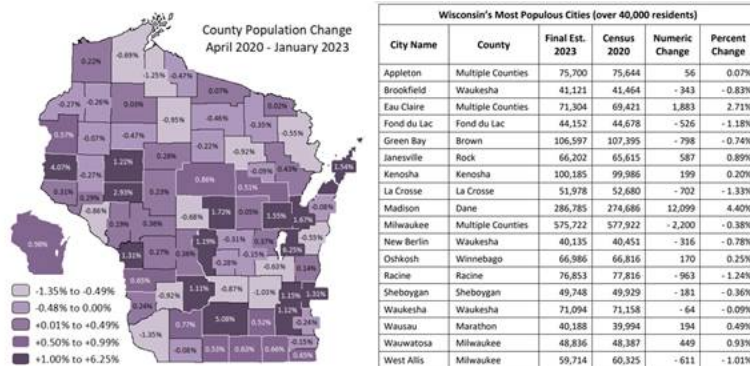

**CITY UPDATES:** Here's some news from around the city.

**2024 Budget Development Continues:** This past week, we held a public hearing and a work session on the 2024 budget. This included an overview of the finances, along with a list of changes we are proposing in the 2024 budget. We also shared accomplishments from 2023 and goals for 2024. Please find the material here: [Budget | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#) We welcome you to join the conversation at a second public hearing on the budget, which is scheduled for Monday, November 13th

**Seventh Biggest City:** This week, the Wisconsin Department of Administration released final population estimates for counties and municipalities as of January 1st, 2023. The City of Eau Claire and Eau Claire County continue to show strong growth: This document provides the most basic summary: [https://doa.wi.gov/DIR/Final\\_Ests\\_Summary\\_2023.pdf](https://doa.wi.gov/DIR/Final_Ests_Summary_2023.pdf)

The City of Eau Claire, according to this estimate, has now passed the City of Waukesha, to become the seventh largest city in the State of Wisconsin. Compared to the 2020 Census, the City of Eau Claire has gained 1,883 residents, a 2.71 percent increase, second only to Madison in both numerical gain and percentage increase for cities above 40,000 people in the state. Perhaps even more interesting, there isn't a single other city above 40,000 people that grew by even 1 percent during this period, and most cities (10 of the 18) above 40,000 people actually lost population during this period. Note that the City of Altoona has had incredible growth between

the 2020 Census and January 1st, 2023: An increase of 1,027 people, or 12.38 percent! (Thank you to Council Member Gragert for creating this summary).

**COVID-19 Continues to be High:** As of this week, COVID-19 activity in Eau Claire remained higher than in previous months, according to wastewater data. Right now, the amount of COVID being found in Eau Claire's wastewater remains at a "very high" level (on a scale of very low to very high). The updated fall COVID vaccine is in the process of being made available to the public. As it's being distributed to vaccinators, vaccine supply is temporarily limited, and appointment availability will vary from provider to provider. We expect availability to increase soon and vaccine appointments to become widely available in Eau Claire County in the coming weeks.

People who have health insurance should plan to get the vaccine at their doctor's office or local pharmacy. Most health insurance plans will fully cover the cost of getting the fall COVID vaccine at an in-network provider. The Health Department is not offering mass COVID vaccination clinics this fall, but people who don't have health insurance or people whose insurance doesn't cover vaccinations can get a fall COVID vaccine at the Health Department at no cost through the federal Bridge to Access Program. For those who are uninsured or those whose health insurance doesn't cover vaccinations, please call us at 715-839-4718 to schedule a vaccination appointment. Not sure if you're up to date on your COVID vaccines? [Find out here.](#)

Another round of free mail-order COVID tests is now available! Every household can place an order to get four rapid home tests delivered for free to their home. To order, visit [www.covid.gov/tests](http://www.covid.gov/tests) or call 1-800-232-0233. You can sign up to get these emails directly if you are interested. Please do not hesitate to contact our department if you are interested in more information: [ehealth@eauclairecounty.gov](mailto:ehealth@eauclairecounty.gov) or through our general phone number: 715-839-4718.

**Voices of the Valley:** Students from a CVTC class recently presented stories of immigration, including stories of their homelands, their moves to the United States, and their lives in Eau Claire. They had worked with an English Language Instructor from CVTC, Alyssa Hedenstrom,

to refine the stories and compile them to share. You can read all of their stories here: [CVTC Blog | Chippewa Valley Technical College](#)

VOICES OF THE VALLEY: MEET  
OUMOU TANGARA

VOICES OF THE VALLEY: MEET  
KEUM HEE (ROSA) CHOI

The event, called "CVTC Voices of the Valley," was held at the Library. Deputy City Manager Dave Solberg and Equity, Diversity, and Inclusion Coordinator Dr. Ka Vang also shared comments on immigration. Here's the text of Ka and Dave's comments:

#### **From Dr. Ka Vang (EDI Coordinator)**

“As a refugee myself, I am so excited to support the Voices of the Valley event tonight. The promise of new opportunities and brighter future was enough to entice my parents to make the decision to bring our whole family to America in 1979, after the Secret War in Laos. As we continue to embrace our new home and carve our path, I will never forget the sacrifices my parents made so that I can be here.

There is a common theme from Voices of the Valley: Immigrant Stories from Students of Chippewa Valley Technical College -- leaving everything you know behind and learning to adjust to:

- new home,
- new country,
- new people,
- new customs,
- new, new, ect.,

all for various reasons... like leaving due to war and violence or leaving because of a love connection.

Just know that what you have written in this collection is not finished. Your journey just started. There will be more to your story. I encourage you to continue to document and write your story. Leave your footprint here in the Chippewa Valley for generations to come. Your stories and your voices add to the richness of The City of Eau Claire. Thank you for choosing to make the Chippewa Valley your home.”

#### **From Dave Solberg (Deputy City Manager)**

“As a father of two immigrants and a staff member of the City of Eau Claire, I wanted to express how important the immigrant community is to western Wisconsin, the City of Eau Claire, and myself personally. A diverse community is a strong community. The fabric of who we are as a society is made up of so many different colors, shapes, sizes, and fabrics...it’s the diversity of everyone that makes us a colorful, strong, vibrant community. Reading the stories in the collection, it is also striking how similar the stories are to everyday life in our area. We’re all humans with stories to tell.

It is common for students going on to secondary education and young adults entering the workforce to struggle with the transition...now consider attempting this while learning the English language at the same time. The achievements that they have made are remarkable given their challenges. Their achievements are testaments to their hard work, character, resilience, and desire to make themselves better and make us all better. In fact, these are the exact qualities we look for in employees at the City, and I hope a number of our new friends consider bringing their diversity and talents to our organization!”

**QUESTION AND ANSWERS:** Here are some questions that have come through the City Manager’s Office this week. *Have a question you’d like answered? [Submit it here.](#)*

### **Traffic Law Enforcement**

Question: “How does the Police Department handle traffic enforcement?”

Answer: Chief Matt Rokus shared the following information: “Resident concerns about speeding and traffic safety are frequently shared with us. Concerns related to speed and traffic safety are triaged and prioritized amongst other types of issues and complaints, such as burglaries, car prowlers, drug houses, quality of life issues associated with homelessness, loud parties, underage alcohol consumption, and others.

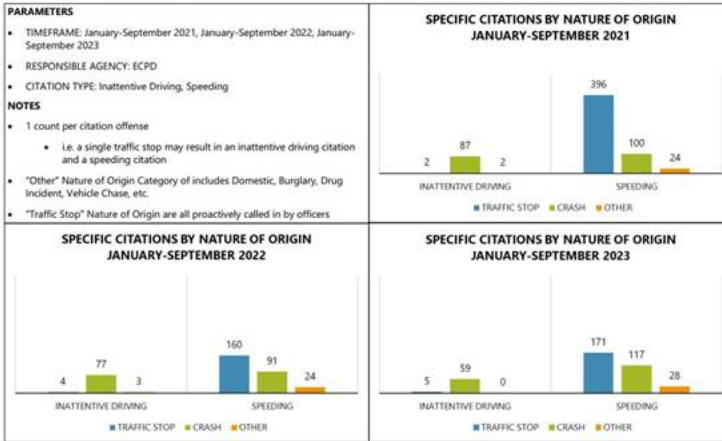

Our Patrol Officers and their supervisors do their best to prioritize proactive traffic safety efforts in geographic areas where we have more crashes, as determined by data analysis, resident complaints, and officer observations. To provide the proactive focus, we allocate officer time to enforcement in the target areas. However, their time available is limited given the percent of time they are obligated responding to calls for service.

The table below contains some basic information related to traffic citations. The two main categories of traffic enforcement come from two types of incidents -- proactive traffic stops or enforcement following traffic-related incidents, most likely crashes.”

**SPECIFIC CITATIONS BY NATURE OF ORIGIN**  
JANUARY-SEPTEMBER 2021-2023

CITATION TYPE	JANUARY-SEPTEMBER 2021			JANUARY-SEPTEMBER 2022			JANUARY-SEPTEMBER 2023		
	TRAFFIC STOP	CRASH	OTHER	TRAFFIC STOP	CRASH	OTHER	TRAFFIC STOP	CRASH	OTHER
INATTENTIVE DRIVING	2	87	2	4	77	3	5	59	0
SPEEDING	396	100	24	160	91	24	171	117	28

## Trick-or-Treating

Question: “Will the City share information about trick-or-treating protocols?”

Answer: Media and Communications Specialist Tess Morgan shared: “The City of Eau Claire does not designate official tick-or-treat hours for the community. Aside from some safety reminders for kids and motorists, and helping to publicize the DECI Downtown event, we don’t post about Halloween. In the past, individual neighborhoods have chosen to hold their own events when it’s convenient for their area, but otherwise it’s generally understood that trick-or-treating occurs on the holiday itself, October 31st, with the hours of 5-7:30PM still being relatively light out and therefor safer for kids to be visiting neighbors.”

## Park Planning

Question: “Could a park be changed significantly without a public planning process?”

Answer: Our Parks Manager, Steve Plaza, shared the following feedback: “Any proposed changes to parks go through a planning process that includes review by nearby neighborhoods, the Waterways and Parks Commission, and the City Council. In general, park developments try to follow the parks and open space master plan, which will be updated this year. The purpose of the plan is described on page 11:

‘Parks and recreation programs and services are important to the overall quality of life and Eau Claire Parks, Recreation, and Forestry plays an integral role in the quality of life of all of Eau Claire’s citizens and visitors. The purpose of the System Master Plan is to serve as a guide for all programming, services, and operations of the department. Further, the System Master Plan will provide insight into ongoing industry trends and changes within the community, serve to assess

levels of service provided to the community, evaluate available resources, and develop a prioritized action plan approved by the City Manager and City Council.”

**EAUSTAT NEWS:** The City holds weekly meetings with departments to talk about their data, their goals, and any challenges they may be facing. This program is called "EauStat". Read on below for some data from the meetings we held this week.

**Equity, Diversity, and Inclusion:** This past week, we held an EDI EauStat meeting at which we discussed the many big projects underway in this department. We are sad to say farewell to Dr. Ka Vang who has served as our Equity, Diversity, and Inclusion Coordinator for nearly the past year. We are, though, proud and excited about the next role she is taking on as she continues EDI work in the Chippewa Valley.

Starting Monday, Ka will work on rolling out the new World Relief Wisconsin Refugee Resettlement agency. She'll be just across the river on Madison Street, so we expect to see and work with Ka and her team often. As a child, Ka's family moved to the United States and eventually to Eau Claire. Her refugee experience greatly shaped her whole life, and she feels called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching our community with their talents, perspectives, and friendship.

While at the City of Eau Claire, Ka has created an internal EDI team, facilitated training among staff, hosted monthly internal EDI meetings, hosted groups from the university, CVTC, other community organizations, formed a BIPOC Steering Committee, gathered insights from leaders throughout the community, solicited an EDI Strategic Planning consultant, and much more. She has been a wonderful friend and co-worker, and she has taken on some of our City and society's biggest and most fraught challenges with grace, kindness, strength, and lots of fun. We'll miss Ka, and we are happy she's staying put in our community, continuing her path of spreading inclusion and joy. Ka is pictured below (on the left) with a student tour.

Please spread the word about our search for our next EDI Coordinator! [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#) This person will have a very significant impact on our efforts to ensure that Eau Claire is inclusive and a place where everyone can thrive.

**Human Resources:** This past week, we held an HR EauStat meeting. In our EauStat meetings, we talk about the work that the HR Department does. One of their main duties is to recruit, hire, and work to retain employees. With the current labor shortage and dramatic increase in wages due to inflation, municipalities have been struggling to recruit and retain employees. Our HR Department has done a great job trying to manage these challenges. We regularly monitor the number of recruitments underway (see image below for our numbers for 2023 YTD). The bulk of our recruitments are for the numerous seasonal employees we have, and this takes a lot of effort, however, it also provides a critical service to constituents, while also helping to mentor many

young people. We are working to develop and monitor a “retention rate” metric, as we work to identify metrics for all of our departments. Also, we are working with a consultant to create an “Employer of Choice” plan to try to increase retention and quality of life for our employees.

# Positions Filled	# Filled Internally	# Filled Externally

**EMPLOYEE SPOTLIGHT:** We have the best employees! Get to know one of them this week. (And [submit your suggestion for an employee to spotlight here...](#))

Today we highlight **Renae Casper**. A co-worker said this about Renae: “Renae answers lot of tough questions from residents, many of whom are animated, and answers them politely and with aplomb. Renae has also worked very hard with her predecessor, Rebecca Draeger, to put on employee appreciation events. The employee appreciation lunch was a big success and even brought in some retired employees. The cornhole tournament was also a hit. Renae has also helped fill in for her coworkers when they are absent and is very reliable.”

Here’s some more information about Renae (pictured below with her family and dog):

- Your Position: “I am one of two Administrative Associates for the Engineering Department. I’ve been with the city since January of this year.”
- Something People May Not Know: “I was born and lived in Cheyenne, WY until I was nine years old.
- Favorite Activity: “I enjoy traveling, going to Minnesota sporting events, attending music festivals and concerts. I enjoy playing volleyball and attending CrossFit classes.”
- Thing about Working for City: “I love that I am proud of where I work. Everyone here does what they can day in and day out to really make Eau Claire thrive. I also feel that I am supported in any decisions that I make and that my co-workers genuinely care about my well-being, both personally and professionally.”
- Life Philosophy: “Always be kind. You never know who you are talking to.”
- Anything else? “I am obsessed with dogs, so feel free to stop by with yours to say hello!”

## **SHOUT-OUTS**

**Creative Problem Solving:** Our Streets Division does not get as many shout-outs as they deserve, in part because the work they do is more specialized and behind-the-scenes than some other divisions. Here's an awesome shout-out to a team from the Streets Division that captures how creative they are in finding technical solutions in our budget-constrained environment. Read about both the original, unique, way to clean the street sweeper and then the much-improved method that our very skilled tradespeople built...

Community Services Director Lane Berg wrote:

“I want to share some work that was done by our Street Division recently that I am extremely proud of. I am continually amazed by the vast skill set of our employees and this is a shining example of that!

Some of our street sweepers have a ‘not so great’ system for washing them out at the end of a shift. It requires operating a fire hydrant and discharging water onto the pavement. The sweeper must drive over the wet pavement and vacuum up the water. The load of water and debris is then dumped and the process is repeated until the machine is deemed clean. As you can imagine, this is an inefficient system and is also disruptive to any neighboring properties.

Our employees reached out to supervisor Tim Anderson to see if they could work on coming up with a better system, and they were granted approval. The group was led by Jeff Wilczek, who sought input from many of his co-workers. The team developed a concept, designed the system, and built it with no help from outside contractors or designers, thus saving the City thousands of dollars. The new system (shown in pictures below) is a station that the sweeper backs into. A ball valve is opened which floods the basin, and the sweeper vacuums up the water. The water is then turned off, a drain valve is opened for the basin, and the sweeper dumps the water and debris, while remaining in the same location, and the contents drain to a holding pond. The

process can be repeated, if necessary, in just a couple minutes. This system is so efficient and will save time for years to come at no disruption to residents.

I am so incredibly proud of this for several reasons. We had a system that was not very functional, and our employees wanted to improve it. We have so many talented people, and they were allowed to use their skills and knowledge to make this happen. All involved were able to voice their opinions, and the final design reflected this input.

Special thanks to this group of talented people: Tim Anderson, Jeff Wilczek, Rich Bauer, Don Diesterhaft, Ryan Yule, Paul Rosolack, Brady Johnson, Jake Clauson, Joel Thompson, Cory Wright, Justin Meinen, Jericho Jurewicz, and John Rademacher.”

**Water Plant Kudos:** On September 20<sup>th</sup>, the Sustainability Advisory Committee held their monthly meeting at the Water Plant. City staff gave them an in-depth tour of the facility and showed them some of the sustainable features that have been added recently. Staff and the Committee had a great dialogue and used the opportunity to discuss ideas for improved sustainability in the future. Truly a great collaborative effort!

Pictured L to R: Ben Spanel, (Utilities Manager), Cole Cloutier, (Utilities Engineer), Cameron Bump, Brian Graff, James Schumacher, Janis Tyler, Gary Pesicka (Committee Members) and Joe Dahl, (Water Plant Supervisor).

## **COUNCIL CALENDAR**

- Monday, October 23rd: Council Public Hearing/Discussion Night
- Tuesday, October 24th: Council Meeting (City Council Operating Budget Work Session #4 – Amendment Discussion)
- *November 3rd – City Council Budget Amendments Due*
- Monday, November 6th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion (with Housing Study presentation)
- Monday, November 13th: Council Public Hearing/Discussion Night (Public Hearing #2 on 2024 Proposed Operating Budget)
- Tuesday, November 14th: Council Meeting (City Council action on 2024 Proposed Operating Budget and levy)
- Monday, December 18th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion

Hi Anoosheh,

I am absolutely fine either way. We can meet Ka also if she would be available on Monday. I don't have her contact information now. If you have it, kindly ask if she will be able to join us. I like Eggroll plus, please let me know if you like it as well? Otherwise I will be okay with anything. I was also thinking if Eggroll Plus place have a Dine-In option?

Thank you ☐

**Where:**

Hi Anoosheh,

How are you doing? Would you like to go on a lunch on Monday? I saw in Stephanie Hirsch's email last Friday that Ka has left city hall? Is that true? If not, I will send this message to her also.

Looking forward to hearing from you!

Thank you,

Kamal

**Subject:** EDI Position and Interview Committee - Please consider  
applying or serving on interview panel

Hello BIPOC Committee –

I know Ka reached out, and here's a follow-up note. As Ka mentioned, she has moved over to manage the World Relief agency that just moved to Eau Claire. More about Ka's time at the City and about her new role is below.

I'm writing to ask two things...

**Spread the Word:** First, with Ka's transition, the EDI Coordinator position is now open and accepting applications through 10/22. Please consider applying yourself and/or spread the word about the opening. More information is here: [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#) Our EDI Coordinator will continue to have a very significant impact on our efforts to ensure that Eau Claire is inclusive and a place where everyone can thrive. We have the \$810K set aside to spend on transforming the Chippewa Valley to work on these goals. As City Manager, I consider this work one of my highest priorities, and I'm committed to being part of the EDI team, along with other staff, at every step. Feel free to reach out to me with any questions!

**Serve on Selection Committee:** Next, if you are not interested in applying, would you consider serving on the interview committee? The interviews will be held on Monday, October 30<sup>th</sup>. Depending on the number of candidates, they will last several hours. Please let me know if you're willing!

Thanks in advance for considering these requests!

Stephanie

All,

I wanted to let you know that the BIPOC Steering Committee now has a website:

<https://www.eauclairewi.gov/government/our-departments/administrative-services/edi-equity-diversity-inclusion/bipoc-steering-committee>

This is where you can find all the meeting agendas, packets, minutes and more. Check it out when you get a chance!

I also wanted to let you know that I have decided to leave my position with The City of Eau Claire. Friday, Oct. 13 will be my last day. I will transition to work with World Relief to support new refugees/immigrants coming to Eau Claire. So the good news is I'm not going far, literally across the river ☺.

It's been a pleasure working with all of you. Thank you for doing this work.

The committee will continue as planned: large meeting 1x month, last Thursdays of the month and other subcommittees as organized by you all. Next large meeting is Oct. 26, 6:30pm in the North Conference Room at City Hall.

By they way, my position will be posted soon and I encourage you to apply if interested.

Ua tsaug (Thank you),

**Ka Vang, Ed.D.**

Hi Andrew - Looping in some others... we have been discussing this as well. Are you planning to go to tonight's meeting, Andrew? I know that Tami and Ka have been deliberating about whether or not to go. (If you do go, you could share your support and/or explain WR's vetting policy.)

Chief Rokus, do you have thoughts on safety? Dave may have more insight on this situation as well...

I also want to loop you in about this Stephanie. The speaker last week from Fire Dept was incredibly concerning, making irrational claims about refugees and the border and Hamas, and I see that that same fear is spreading. I told Ka about this and said security might be a smart idea for the opening of this next week.

**Subject:** World Relief Refugee Resettlement office in Eau Claire

**WARNING!! This email originated outside Eau Claire County. Do not click any links or attachments unless you know the sender.**

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county

government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting,  
October 19, 2023

[VFW Post 305](#)  
1600 Star Avenue  
Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Thanks Stephanie:

I have two Events I am attending tonight, so I am not able to make it.

I think the biggest concern I keep hearing is that refugees coming to the community will not be vetted. That is certainly not true. I do think strongly, pushing back on that and making sure people know the truth will help.

Thanks Stephanie:

I have two Events I am attending tonight, so I am not able to make it.

I think the biggest concern I keep hearing is that refugees coming to the community will not be vetted. That is certainly not true. I do think strongly, pushing back on that and making sure people know the truth will help.

Hi Andrew - Looping in some others... we have been discussing this as well. Are you planning to go to tonight's meeting, Andrew? I know that Tami and Ka have been deliberating about whether or not to go. (If you do go, you could share your support and/or explain WR's vetting policy.)

Chief Rokus, do you have thoughts on safety? Dave may have more insight on this situation as well...

I also want to loop you in about this Stephanie. The speaker last week from Fire Dept was incredibly concerning, making irrational claims about refugees and the border and Hamas, and I see that that same fear is spreading. I told Ka about this and said security might be a smart idea for the opening of this next week.

**Subject:** World Relief Refugee Resettlement office in  
Eau Claire

**WARNING!! This email originated outside Eau Claire County. Do not click any links or attachments unless you know the sender.**

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees and read The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

## Proposed Immigration Office Informational Meeting, October 19, 2023

[VFW Post 305](#)

1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Anoosheh,

As you requested, here are the official meeting minutes from our last meeting in September. You also asked if the agenda was ready for distribution. I've attached the last draft of the agenda to this email. Once you get an approval from Berlye, it can be distributed and published.

Also, you asked in an earlier email who sends the appropriate information. Ka was responsible for sending all committee wide communications. Please distribute the agenda and materials to the committee when the materials are ready for publishing.

Action Items & Follow Up Questions:

1. Anoosheh--did you invite the JEDI team to come prepared to meet with the BIPOC steering committee on Thursday? Please do so. Let me know if you need anything from us to make that invitation.
2. Berlye, review and approve the draft genda (attached)
3. Once approved, Anoosheh will send out the minutes, agenda, and the materials to the committee.
4. Anoosheh, please print out the meeting materials in preparation for Thursday's meeting once they are ready.

Thank you!

Sincerely,

Dang Yang

All,

I wanted to let you know that the BIPOC Steering Committee now has a website:

<https://www.eauclairewi.gov/government/our-departments/administrative-services/edi-equity-diversity-inclusion/bipoc-steering-committee>

This is where you can find all the meeting agendas, packets, minutes and more. Check it out when you get a chance!

I also wanted to let you know that I have decided to leave my position with The City of Eau Claire. Friday, Oct. 13 will be my last day. I will transition to work with World Relief to support new refugees/immigrants coming to Eau Claire. So the good news is I'm not going far, literally across the river ☺.

It's been a pleasure working with all of you. Thank you for doing this work.

The committee will continue as planned: large meeting 1x month, last Thursdays of the month and other subcommittees as organized by you all. Next large meeting is Oct. 26, 6:30pm in the North Conference Room at City Hall.

By they way, my position will be posted soon and I encourage you to apply if interested.

Ua tsaug (Thank you),

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

**TO OUR FAIR CITY .....MANY Questions that must be answered and were not answered in  
Other Cities.**

**Marty**

My name is Melody Boberg from the Cumberland – Rice Lake area. I am writing to you today about a World Relief refugee office that I heard is opening in Eau Claire. I found out that the gulag this office will create will be a 100-mile radius, which could easily include where I'm from. I am quite concerned as my community cannot afford refugees, and we've seen what these gulags have done to places in MN like Wilmer, Austin, and St. Cloud. These towns have been shredded fiscally, and property taxes continue to jump. I am, also, concerned about our safety. No one knows where these refugees are coming from. It was said the federal government vetted them, and seeing what a "great" job they're doing on our southern border, we all have reason to be greatly concerned. Has anyone from your city council looked at how crime has been affected in one of these gulag cities like St. Cloud since inception?

I am very upset this World Relief office was approved without talking to the taxpayers and all of the stakeholders about it. Is that even legal? What is a big influx of refugees going to do to our schools and health care system and police stations when all the refugees' family members come the second year? I am troubled and concerned for my community and me. Please prevent the opening of this refugee office before we all suffer the consequences.

Sincerely,

Melody Boberg

**Subject:** [EXTERNAL] Re: World Relief Refugee Resettlement

President Berge, I would like to clarify a couple of things that I just learned.

An official from World Relief admitted that she never spoke with any members of the city council, only the city manager. If the city manager did not bring it to the board's attention, that is another matter.

The official from World Relief also confirmed that the refugees will be coming from Somalia. I attended the stakeholder's meeting last week and the word Somalia was never mentioned. That is at least the third lie I have caught them in.

This is not about the refugees it is about the process. World Relief believes that speaking with the local government is speaking with bureaucrats, while many of us believe speaking with local governments is speaking with elected officials. I can also tell you that no one in the county I have spoken to knows anything about this.

Scott Bolstad  
715-497-4359

On Saturday, October 21, 2023 at 03:45:07 PM CDT, Scott Bolstad <[bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)> wrote:

President Berge,

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. Did they happen? If so where are the minutes fore these meetings? I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for. Did you direct her to sign the document or has she gone rogue...again? If not do you have the authority to approve this action? Is the goal here to keep any blame for this off of the city council?

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? Not what World Relief has told you, but what the actual country of origin is? I was told it was one of two countries.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this.

I look forward to your response

Our organizations work to promote a strong Chippewa Valley. We hope for a strong, healthy, lively, and inclusive community. Our region is growing faster than the rest of the state, and we hope it will continue to be a vibrant place where many people want to live and contribute their talents to its future growth and change. We welcome residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. They may be coming for college, for a job, for the trails, for the safety, or for the four amazing seasons of recreation.

We support and celebrate World Relief as they work to welcome new residents of Eau Claire. Like most of the people who moved here before us and before them, they will make a home here and contribute to the future of Eau Claire. Each person and each life brings gifts to share, friendships to form, stories to tell, work to contribute to our local economy, at a time when employers are struggling to hire, and even taxes to chip in to keep our government bodies running.

Please join us in welcoming our new residents, wherever they may come from.

Hey Stephanie,

Just wanted to leave you a word of appreciation for your work to welcome World Relief, thereby welcoming new neighbors to our city. We have been getting some emails about this, and though of course not everyone in our community will support these actions, the resounding message I've gotten over my 8 years in service is that our community wants to lead with compassion, kindness, and generosity. I fully support the work you're doing here and I have good reason to believe that the majority of our council and our community support this work too.

Thank you! Keep up this good work!

**Subject:** RE: Occupancy for Library

Hi Stephanie,

The fire department does not apply the occupancy rating. The occupancy rating is set by the architect and reviewed by Planning. They may have what the allowable number of people is. Inspector Knecht and I will walk over right now and check it out and get back to you with any additional information.

Hi Bob - Is there a way you can confirm the allowable occupancy for the Riverview Room in the Library? This relates to the World Relief event tonight. It seems that we may have more people who want to attend than there's space, so it seems we will need someone from Fire there.

**Subject:** Re: Occupancy for Library

Hi Stephanie, the total allowable occupancy is 284 persons. The only reason to have an inspector on site would be to count the number of people in the assembly. This can be done by the event organizers to ensure they do not exceed the occupancy. If it appears that too many people are in the room, it would take the support of the people to volunteer to leave or law enforcement would have to assist.

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

[CLICK HERE TO REGISTER](#) *Please RSVP by Friday, October 13, 2023*

Feel free to share this invitation with other service providers in the Chippewa Valley network

<image003.png>

Here's the link for more information about the Community Gathering on Oct. 23: <https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Again, thank you so much for your support and thank you for the work you do!

The City has already posted the EDI Coordinator position on their website. [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#)

Andrew,

Just wondering if you would have time to attend this gathering and say a few words of support at the beginning before attending Council meeting? Please let me know your thoughts on this.

Also, would it be a good idea for WR to attend the Council meeting on Monday to provide some general information about the federal government's vetting process for refugees? Or to just explain the process of how Eau Claire was chosen as a refugee site?

I do. A city employee who is also a veteran spoke at council last week making some incredibly irrational and frankly concerning arguments saying that refugees are "not Vetted" and talking about the southern boarder, Hamas, and etc. I'm now seeing an email from Scott Bolstad as well which I will send to you.

If people truly think this is a threat, which i believe they do, I think it would be wise to have someone there from PD.

**WARNING!! This email originated outside Eau Claire County. Do not click any links or attachments unless you know the sender.**

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Proposed Immigration Office Informational Meeting, October 19, 2023

[VFW Post 305](#)

1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Thanks Stephanie:

I have two Events I am attending tonight, so I am not able to make it.

I think the biggest concern I keep hearing is that refugees coming to the community will not be vetted. That is certainly not true. I do think strongly, pushing back on that and making sure people know the truth will help.

**Subject:** World Relief Refugee Resettlement office in  
Eau Claire

**WARNING!! This email originated outside Eau  
Claire County. Do not click any links or  
attachments unless you know the sender.**

Please stop the establishment of the World Relief Refugee  
Resettlement office in Eau Claire. I personally called  
several offices at the county government center, and none  
claimed to have knowledge of the legally required meetings  
World Relief is required to conduct, including local  
residents.

I also called the City of Eau Claire, and the clerk had no  
knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated  
that the required meetings took place this spring. When I  
asked With whom? She didn't know. She provided Tami  
McLaughlin's e-mail and phone for me to inquire, so I left a

voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

[VFW Post 305](#)

1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come

from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Andrew,

Just wondering if you would have time to attend this gathering and say a few words of support at the beginning before attending Council meeting? Please let me know your thoughts on this.

Also, would it be a good idea for WR to attend the Council meeting on Monday to provide some general information about the federal government's vetting process for refugees? Or to just explain the process of how Eau Claire was chosen as a refugee site?

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

Thanks Scott:

I'll check with our attorney to be clear but I'm fairly certain the Council has know jurisdiction over the matter of this private faith based entity. I could be wrong but I'll check.

I'll also check if the City manager signed anything but I can tell you now I highly doubt it. My guess is that this private faith based group did planning like any other private group would leading up to their opening and could make public entities aware, and it seems from your email some communication had happened.

My biggest concern around this is that there seems to be a lot of misinformation being put out about the vetting process these folks go through so whatever we can do to dispel that and to address the fear that some of our community feels about this we should work to do it. I know I will. New refugees over the years, be they European, south East Asian, middle eastern, etc, often face high levels of backlash and fear when they first arrive. It's a sad truth about some folks and how change is hard. But ultimately they make our community stronger and history tells that story over and over again in America.

Thanks again and if I hear back that the council has any sort of purview on this or that the manager somehow green lit this in any way, I will circle back to let you know. I'll also check if the communication by this entity was sufficient according to US Code you cite.

### Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of

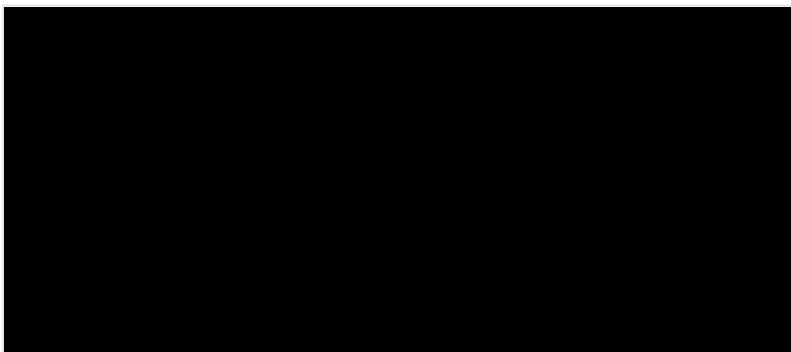

our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

Andrew, thanks for your response.

The refugee resettlement program is a State Department program and the local government absolutely has a say in this. There are three signatories on the abstract, the feds, the state and the local government. I do not consider the city manager to represent the local government. I consider you to represent the local government because you were elected. The private Christian group is doing work on behalf of the State Department.

This issue has nothing to do with refugees, it has everything to do with process. If they have been working on this for a year and most people don't know anything about it, that is a problem.

Thanks for getting back to me.

<Stephanie.Hirsch@eauclairewi.gov> wrote:

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that

be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

**Attachments:** City Manager Update to the City Council 07 17 2023.pdf

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

#### **In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

Hello Council Members –

Sorry for the delay on this. We, internally, are trying to figure out a way to have just one newsletter that goes out weekly to the Council, the staff, and the public. We're trying to determine the best email marketing/newsletter platform to use. In the meantime, here's this week's. (And you'll get it again in the new format...)

Feel free to share any feedback or suggestions!

Stephanie

Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

World Relief Wisconsin

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

Andrew,

Just wondering if you would have time to attend this gathering and say a few words of support at the beginning before attending Council meeting? Please let me know your thoughts on this.

Also, would it be a good idea for WR to attend the Council meeting on Monday to provide some general information about the federal government's vetting process for refugees? Or to just explain the process of how Eau Claire was chosen as a refugee site?

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Hi Andrew - Looping in some others... we have been discussing this as well. Are you planning to go to tonight's meeting, Andrew? I know that Tami and Ka have been deliberating about whether or not to go. (If you do go, you could share your support and/or explain WR's vetting policy.)

Chief Rokus, do you have thoughts on safety? Dave may have more insight on this situation as well...

I also want to loop you in about this Stephanie. The speaker last week from Fire Dept was incredibly concerning, making irrational claims about refugees and the border and Hamas, and I see that that same fear is spreading. I told Ka about this and said security might be a smart idea for the opening of this next week.

**Subject:** World Relief Refugee Resettlement office in Eau Claire

**WARNING!! This email originated outside Eau Claire County. Do not click any links or attachments unless you know the sender.**

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county

government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Proposed Immigration Office Informational Meeting,  
October 19, 2023

[VFW Post 305](#)  
1600 Star Avenue  
Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Thanks Stephanie:

I have two Events I am attending tonight, so I am not able to make it.

I think the biggest concern I keep hearing is that refugees coming to the community will not be vetted. That is certainly not true. I do think strongly, pushing back on that and making sure people know the truth will help.

I also want to loop you in about this Stephanie. The speaker last week from Fire Dept was incredibly concerning, making irrational claims about refugees and the border and Hamas, and I see that that same fear is spreading. I told Ka about this and said security might be a smart idea for the opening of this next week.

Andrew,

Just wondering if you would have time to attend this gathering and say a few words of support at the beginning before attending Council meeting? Please let me know your thoughts on this.

Also, would it be a good idea for WR to attend the Council meeting on Monday to provide some general information about the federal government's vetting process for refugees? Or to just explain the process of how Eau Claire was chosen as a refugee site?

**Subject:** Member Update

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

**Subject:** [EXTERNAL] Fw: World Relief Refugee Resettlement

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

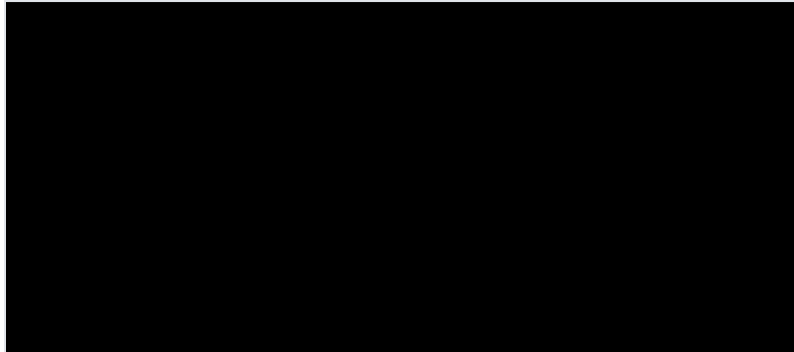

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

**Subject:** Re: [EXTERNAL] Fw: World Relief Refugee Resettlement

Andrew, thanks for your response.

The refugee resettlement program is a State Department program and the local government absolutely has a say in this. There are three signatories on the abstract, the feds, the state and the local government. I do not consider the city manager to represent the local government. I consider you to represent the local government because you were elected. The private Christian group is doing work on behalf of the State Department.

This issue has nothing to do with refugees, it has everything to do with process. If they have been working on this for a year and most people don't know anything about it, that is a problem.

Thanks for getting back to me.

'Scott

Thanks Scott:

I'll check with our attorney to be clear but I'm fairly certain the Council has know jurisdiction over the matter of this private faith based entity. I could be wrong but I'll check.

I'll also check if the City manager signed anything but I can tell you now I highly doubt it. My guess is that this private faith based group did planning like any other private group would leading up to their opening and could make public entities aware, and it seems from your email some communication had happened.

My biggest concern around this is that there seems to be a lot of misinformation being put out about the vetting process these folks go through so whatever we can do to dispel that and to address the fear that some of our community feels about this we should work to do it. I know I will. New refugees over the years, be they European, south East Asian, middle eastern, etc, often face high levels of backlash and fear when they first arrive. It's a sad truth about some folks and how change is hard. But ultimately they make our community stronger and history tells that story over and over again in America.

Thanks again and if I hear back that the council has any sort of purview on this or that the manager somehow green lit this in any way, I will circle back to let you know. I'll also check if the communication by this entity was sufficient according to US Code you cite.

Best  
Andrew

### Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

Marty,

Attached is the letter written by the City Manager touting the opening of a World Relief office in Eau Claire.

The question is, did she do this on her own or is the City Council involved as well?

This is the last thing Eau Claire needs is to welcome middle east refugees. Look what happened to Dearborn, Michigan.

Fred

MONDAY AT 6 PM AT THE LE PHILLIPS LIBRARY THIS & Many other questions need to be addressed.

Whether the idea is bring Refugees....or IMMGRANTS from South America or GAZA etc.

Did they Follow US...CODE 8 ....1522 Section 2 and Did Our City Manager have the approval or backing of Our City Council to even send this letter.

Here are some Questions that Citizens have the Right To ask.

Are these Refugees here Legally and How are they Vetted? The ones arriving in Sanctuary cities like New York Chicago Milwaukee are NOT.

Who has responsibility for assisting these immigrants after World Relief or area Church's completes its term of support?

When the Operation is up and Fully operational how many immigrant's will be added each year.

How Long does WORLD RELIEF Assist each immigrant family.?

How much money does WORLD RELIEF receive for Each immigrant ? FROM us government OR THE UN ??????

Who is responsible for their assistance after World Relief completes its TERM OF SUPPORT?

The City of Eau Claire? How will affect our Schools They are UNDER S TAFFED as is our LAW ENFORCEMENT Departments.

Has our co ordinating personnel talked to other cities EXAMPLE..... ST CLOUD MINNESOTA. Or HUDSON WI who rejected this proposal.

Many citizen knew nothing about this proposal until TV18 Did a Story 1 day a few weeks ago. Otherwise No One would have learned of this until it

Was TOO LATE.

**Subject:** World Relief Mission Meeting Tonight

Good morning City Council Members,

I wanted to let everyone know that the ECPD will have a presence at the library during the time that the World Relief Mission meeting is being held. We discussed the meeting on Friday afternoon and felt with the meeting being held in a City building it was appropriate to have ECPD presence during the meeting. I just wanted to reassure everyone that the ECPD is monitoring the situation closely.

If you have any questions just let me know.

Have a great Monday everyone!

-Dave

**Attachments:** City Manager Update to the City Council 07 17 2023.pdf

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

**In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

- **Council Calendar**
- **Special Employee Spotlight:** Melissa Turnquist

Hello Council Members –

Sorry for the delay on this. We, internally, are trying to figure out a way to have just one newsletter that goes out weekly to the Council, the staff, and the public. We're trying to determine the best email marketing/newsletter platform to use. In the meantime, here's this week's. (And you'll get it again in the new format...)

Feel free to share any feedback or suggestions!

Stephanie

All,  
Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

World Relief Wisconsin

**Subject:** Not a sad good bye

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

**Subject:** [EXTERNAL] WR community meeting Monday

Andrew,

Just wondering if you would have time to attend this gathering and say a few words of support at the beginning before attending Council meeting? Please let me know your thoughts on this.

Also, would it be a good idea for WR to attend the Council meeting on Monday to provide some general information about the federal government's vetting process for refugees? Or to just explain the process of how Eau Claire was chosen as a refugee site?

**Attachments:** 16.12.21 Syrian Refugee Letter to David Larson.pdf, 16.12.21 Syrian Refugee Letter to President Obama.pdf, 16.12.21 Syrian Refugee Letter to President-Elect Trump.pdf

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

attachments (3) Former U.S. Rep. Duffy's letters to Obama, Trump and Larson

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** World Relief Refugee Resettlement office in Eau Claire

**WARNING!! This email originated outside Eau Claire County. Do not click any links or attachments unless you know the sender.**

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Proposed Immigration Office Informational Meeting, October 19, 2023

[VFW Post 305](#)  
1600 Star Avenue  
Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Andrew,

Just wondering if you would have time to attend this gathering and say a few words of support at the beginning before attending Council meeting? Please let me know your thoughts on this.

Also, would it be a good idea for WR to attend the Council meeting on Monday to provide some general information about the federal government's vetting process for refugees? Or to just explain the process of how Eau Claire was chosen as a refugee site?

Hi Andrew - Looping in some others... we have been discussing this as well. Are you planning to go to tonight's meeting, Andrew? I know that Tami and Ka have been deliberating about whether or not to go. (If you do go, you could share your support and/or explain WR's vetting policy.)

Chief Rokus, do you have thoughts on safety? Dave may have more insight on this situation as well...

I also want to loop you in about this Stephanie. The speaker last week from Fire Dept was incredibly concerning, making irrational claims about refugees and the border and Hamas, and I see that that same fear is spreading. I told Ka about this and said security might be a smart idea for the opening of this next week.

Thanks Stephanie:

I have two Events I am attending tonight, so I am not able to make it.

I think the biggest concern I keep hearing is that refugees coming to the community will not be vetted. That is certainly not true. I do think strongly, pushing back on that and making sure people know the truth will help.

Andrew,

Just wondering if you would have time to attend this gathering and say a few words of support at the beginning before attending Council meeting? Please let me know your thoughts on this.

Also, would it be a good idea for WR to attend the Council meeting on Monday to provide some general information about the federal government's vetting process for refugees? Or to just explain the process of how Eau Claire was chosen as a refugee site?

**Subject:** Member Update

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

**Subject:** [EXTERNAL] Fw: World Relief Refugee Resettlement

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with [State](#) and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of [refugees](#) among the [States](#) and localities before their placement in those [States](#) and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

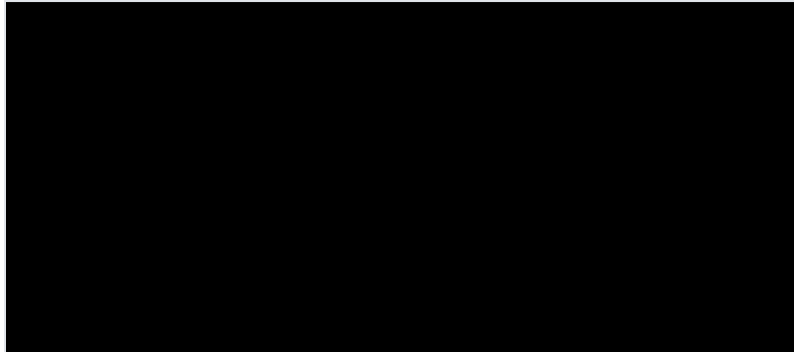

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

**Subject:** Re: [EXTERNAL] Fw: World Relief Refugee Resettlement

Andrew, thanks for your response.

The refugee resettlement program is a State Department program and the local government absolutely has a say in this. There are three signatories on the abstract, the feds, the state and the local government. I do not consider the city manager to represent the local government. I consider you to represent the local government because you were elected. The private Christian group is doing work on behalf of the State Department.

This issue has nothing to do with refugees, it has everything to do with process. If they have been working on this for a year and most people don't know anything about it, that is a problem.

Thanks for getting back to me.

'Scott

Thanks Scott:

I'll check with our attorney to be clear but I'm fairly certain the Council has know jurisdiction over the matter of this private faith based entity. I could be wrong but I'll check.

I'll also check if the City manager signed anything but I can tell you now I highly doubt it. My guess is that this private faith based group did planning like any other private group would leading up to their opening and could make public entities aware, and it seems from your email some communication had happened.

My biggest concern around this is that there seems to be a lot of misinformation being put out about the vetting process these folks go through so whatever we can do to dispel that and to address the fear that some of our community feels about this we should work to do it. I know I will. New refugees over the years, be they European, south East Asian, middle eastern, etc, often face high levels of backlash and fear when they first arrive. It's a sad truth about some folks and how change is hard. But ultimately they make our community stronger and history tells that story over and over again in America.

Thanks again and if I hear back that the council has any sort of purview on this or that the manager somehow green lit this in any way, I will circle back to let you know. I'll also check if the communication by this entity was sufficient according to US Code you cite.

Best  
Andrew

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

**From:** Fred Kappus <[jfkappus@charter.net](mailto:jfkappus@charter.net)>

Marty,

Attached is the letter written by the City Manager touting the opening of a World Relief office in Eau Claire.

The question is, did she do this on her own or is the City Council involved as well?

This is the last thing Eau Claire needs is to welcome middle east refugees. Look what happened to Dearborn, Michigan.

Fred

MONDAY AT 6 PM AT THE LE PHILLIPS LIBRARY THIS & Many other questions need to be addressed.

Whether the idea is bring Refugees....or IMMGRANTS from South America or GAZA etc.

Did they Follow US...CODE 8 ....1522 Section 2 and Did Our City Manager have the approval or backing of Our City Council to even send this letter.

Here are some Questions that Citizens have the Right To ask.

Are these Refugees here Legally and How are they Vetted? The ones arriving in Sanctuary cities like New York Chicago Milwaukee are NOT.

Who has responsibility for assisting these immigrants after World Relief or area Church's completes its term of support?

When the Operation is up and Fully operational how many immigrant's will be added each year.

How Long does WORLD RELIEF Assist each immigrant family.?

How much money does WORLD RELIEF receive for Each immigrant ? FROM us government OR THE UN ??????

Who is responsible for their assistance after World Relief completes its TERM OF SUPPORT?

The City of Eau Claire? How will affect our Schools They are UNDER S TAFFED as is our LAW ENFORCEMENT Departments.

Has our co ordinating personnel talked to other cities EXAMPLE..... ST CLOUD MINNESOTA. Or HUDSON WI who rejected this proposal.

Many citizen knew nothing about this proposal until TV18 Did a Story 1 day a few weeks ago. Otherwise No One would have learned of this until it

Was TOO LATE.

Marty Green

Former General Manager of WAXX Radio

Former Member of the Eau RDA

Citizen of Eau Claire and Wisconsin for over 50 years

My Grand Parents Migrated from Russia & Poland

So I am not against welcoming new people Legally here in our Country State or City

**From:** Fred Kappus <[jfkappus@charter.net](mailto:jfkappus@charter.net)>

Marty,

Attached is the letter written by the City Manager touting the opening of a World Relief office in Eau Claire.

The question is, did she do this on her own or is the City Council involved as well?

This is the last thing Eau Claire needs is to welcome middle east refugees. Look what happened to Dearborn, Michigan.

Fred

MONDAY AT 6 PM AT THE LE PHILLIPS LIBRARY THIS & Many other questions need to be addressed.

Whether the idea is bring Refugees....or IMMGRANTS from South America or GAZA etc.

Did they Follow US...CODE 8 ....1522 Section 2 and Did Our City Manager have the approval or backing of Our City Council to even send this letter.

Here are some Questions that Citizens have the Right To ask.

Are these Refugees here Legally and How are they Vetted? The ones arriving in Sanctuary cities like New York Chicago Milwaukee are NOT.

Who has responsibility for assisting these immigrants after World Relief or area Church's completes its term of support?

When the Operation is up and Fully operational how many immigrant's will be added each year.

How Long does WORLD RELIEF Assist each immigrant family.?

How much money does WORLD RELIEF receive for Each immigrant ? FROM us government OR THE UN ??????

Who is responsible for their assistance after World Relief completes its TERM OF SUPPORT?

The City of Eau Claire? How will affect our Schools They are UNDER S TAFFED as is our LAW ENFORCEMENT Departments.

Has our co ordinating personnel talked to other cities EXAMPLE..... ST CLOUD MINNESOTA. Or HUDSON WI who rejected this proposal.

Many citizen knew nothing about this proposal until TV18 Did a Story 1 day a few weeks ago. Otherwise No One would have learned of this until it

Was TOO LATE.

**Subject:** World Relief Mission Meeting Tonight

Good morning City Council Members,

I wanted to let everyone know that the ECPD will have a presence at the library during the time that the World Relief Mission meeting is being held. We discussed the meeting on Friday afternoon and felt with the meeting being held in a City building it was appropriate to have ECPD presence during the meeting. I just wanted to reassure everyone that the ECPD is monitoring the situation closely.

If you have any questions just let me know.

Have a great Monday everyone!

-Dave

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

#### **In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

- **Council Calendar**

Hello Council Members –

Sorry for the delay on this. We, internally, are trying to figure out a way to have just one newsletter that goes out weekly to the Council, the staff, and the public. We're trying to determine the best email marketing/newsletter platform to use. In the meantime, here's this week's. (And you'll get it again in the new format...)

Feel free to share any feedback or suggestions!

Stephanie

All,  
Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

World Relief Wisconsin

[CLICK HERE TO REGISTER](#) Please RSVP by Friday, October 13, 2023

Feel free to share this invitation with other service providers in the Chippewa Valley network

Please attend our

**Subject:** Not a sad good bye

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

[CLICK HERE TO REGISTER](#) Please RSVP by Friday, October 13, 2023

Feel free to share this invitation with other service providers in the Chippewa Valley network

\*\*This is a community event that may be of interest to the Chippewa Valley community at-large. It is not hosted or organized by the City of Eau Claire.\*\*

From [World Relief Wisconsin](#):

"Today, there are over 100 million people around the globe who have been forced, or made the painful choice, to leave their home. After years of fleeing violence, famine and extreme poverty, their greatest hope is that they'll find a safe place to rebuild their lives and call home.

At World Relief, we've welcomed, advocated for, and helped integrate over 400,000 immigrants in vulnerable situations to communities all across our nation. And we've done so with the help of bold and compassionate women and men just like you.

We invite you to join us for a conversation exploring how individuals in the Chippewa Valley can provide love, welcome and support"

October 23, 2023  
6pm - 7pm

**Attachments:** 16.12.21 Syrian Refugee Letter to David Larson.pdf, 16.12.21 Syrian Refugee Letter to President Obama.pdf, 16.12.21 Syrian Refugee Letter to President-Elect Trump.pdf

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** [EXTERNAL] World Relief Refugees

Dear Councilmember,

I understand that World Relief and the state of Wisconsin failed to abide by 8 US Code 1522 in that they failed to include the local governments in their decision to bring refugees to Eau Claire. They claim to have spoken to the city manager, but that individual is not an elected person.

Consequently, the people of Eau Claire are not being represented in this major decision. Other cities which have invited so many refugees have suffered from high tax increases that occur after the federal and state funds run out.

We have many people on fixed incomes that are not even keeping up with the inflation rate now and certainly cannot afford more increases.

I ask you to please halt this process. Disregarding 8 US Code 1522 is illegal, and the people need to have a voice.

Sincerely,  
Sheila Wilkinson

**Subject:** Member Update

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

**Subject:** [EXTERNAL] Fw: World Relief Refugee Resettlement

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

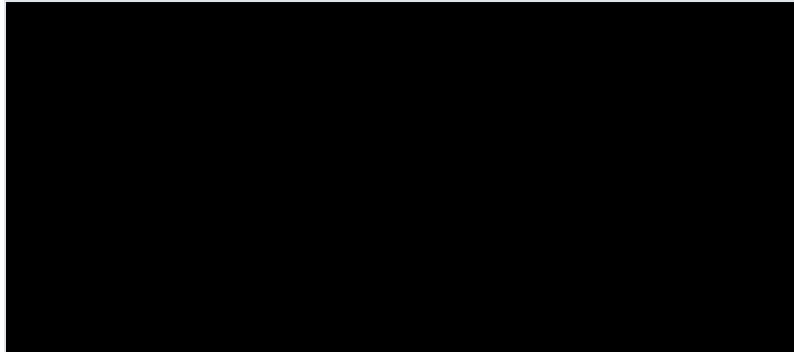

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

Good morning City Council Members,

I wanted to let everyone know that the ECPD will have a presence at the library during the time that the World Relief Mission meeting is being held. We discussed the meeting on Friday afternoon and felt with the meeting being held in a City building it was appropriate to have ECPD presence during the meeting. I just wanted to reassure everyone that the ECPD is monitoring the situation closely.

If you have any questions just let me know.

Have a great Monday everyone!

-Dave

**Subject:** [EXTERNAL] World Relief Refugees

Dear Councilmember,

I understand that the city council abdicated its responsibility in the decision about refugees (8 US Code 1522) by delegating it to the city manager.

Taxes will go up once federal aid ends. People on fixed incomes and people who are not well-off will be hurt the most. We need to consider all members of our society in making these decisions.

Our country was founded on the principle that we should not have taxation without representation. The city manager is not an elected official. A decision this major should not be made by an unelected official.

The people of the city need a voice in the decision whether it is by a referendum or through their elected officials.

Sincerely,  
Terry Wilkinson

**Subject:** [EXTERNAL] World Relief refugees

Dear Councilmember,

I understand that the city council let the unelected city manager make an important decision concerning refugees, a decision that should have been addressed by our elected officials (8 US Code 1522).

Once federal aid ends, our taxes will go up. Low-income families and people on fixed incomes will be hurt the most by these tax increases.

We should have no taxation without representation. This principle was central in the birth of our nation, and we must continue to live by it.

The people of Eau Claire need a voice in the decision about refugees. This could be by referendum or a vote by our elected officials. The decision must not be delegated to an unelected official.

Sincerely,  
Jennifer Wilkinson

**Subject:** Re: Inaugural Refugee Community Partner Meeting - please register!

Hi Ka,

I wanted to reach out because I've received some communication (in addition to the public comment we heard last night) with concerns about the refugee resettlement that tapped into existing narratives about immigration. I think there may be some fear-driven conversations happening in the community and while I imagine World Relief has experience building relationships and breaking down barriers of fear in communities, I just wanted to make sure I raised the alert.

Thanks  
Emily

PS Thanks for this invitation - unfortunately I have work commitments at that time.

All,  
Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

World Relief Wisconsin

**Subject:** Not a sad good bye

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

**Subject:** Fyi - time sensitive - Meeting tonight for opponents of refugees / World relief  
**Attachments:** 16.12.21 Syrian Refugee Letter to David Larson.pdf, 16.12.21 Syrian Refugee Letter to President Obama.pdf, 16.12.21 Syrian Refugee Letter to President-Elect Trump.pdf

Hi Matt,

Hello from Green Bay. I wanted to forward this meeting information about an event tonight. As you can see below, a group opposed to World Relief's resettlement of refugees in Eau Claire will be meeting VFW from 7-9 pm.

Given the emotionally charged tenor of some of the comments we've received on this topic, I'm a bit concerned.

Tonight, some advocates who support refugee settlement in Eau Claire, volunteers from the Welcoming New Neighbors Group, plan to attend the meeting at the VFW. Naturally there will be disagreement, but hopefully it is a productive, de-escalating conversation.

My questions are:

- 1 - Public safety. Would a police presence be advisable at the event tonight, and/or at the World Relief info event next week, or a future council public hearing? Is a public safety strategy something that needs to be considered on this topic?
2. Outreach. Would ECPD be a good, de-escalating "messenger" to the public in clarifying that people do not need to be afraid?

Thanks,  
Emily

**Subject:** [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents. I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305

1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** Welcoming the stranger - an invitation for Monday

Hi Justin,

In case you haven't already been invited, here's a link to register for a conversation at the library with World Relief, a Christian organization that is new to Eau Claire (but has been in Wisconsin and around the world for quite a while). World Relief is working to resettle refugees in Eau Claire. I know you've been interested in immigrant issues in the past, and I wanted to reach out to you, as a religious leader, and also to any members of your church who may want to learn more information or get involved.

[https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/?](https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/)

I've seen some misconceptions floating around on social media about refugee resettlement and what that means as well, and I'm hopeful that community conversations like this one can provide information that frees people from fear so they can welcome their neighbors with love.

Thanks,  
Emily

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

#### **In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

Hello Council Members –

Sorry for the delay on this. We, internally, are trying to figure out a way to have just one newsletter that goes out weekly to the Council, the staff, and the public. We're trying to determine the best email marketing/newsletter platform to use. In the meantime, here's this week's. (And you'll get it again in the new format...)

Feel free to share any feedback or suggestions!

Stephanie

Hi Ka,

I wanted to reach out because I've received some communication (in addition to the public comment we heard last night) with concerns about the refugee resettlement that tapped into existing narratives about immigration. I think there may be some fear-driven conversations happening in the community and while I imagine World Relief has experience building relationships and breaking down barriers of fear in communities, I just wanted to make sure I raised the alert.

Thanks

Emily

PS Thanks for this invitation - unfortunately I have work commitments at that time.

All,  
Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

World Relief Wisconsin

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

[CLICK HERE TO REGISTER](#) Please RSVP by Friday, October 13, 2023

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

attachments (3) Former U.S. Rep. Duffy's letters to Obama, Trump and Larson

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** Member Update

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

**Subject:** [EXTERNAL] Fw: World Relief Refugee Resettlement

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

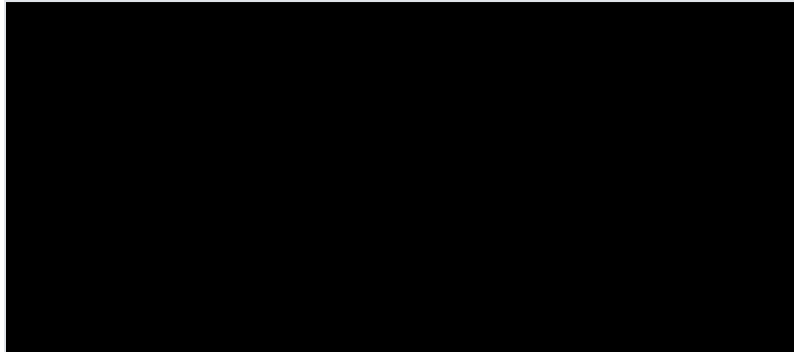

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

**Subject:** [EXTERNAL] Refugees

What is going on? There's a meeting Monday night with World Relief Wisconsin??? Did your council authorized "refugees" in Eau Claire?? Who's paying for that? Not in any of your meeting minutes. We don't need illegals here...they should be deported. This city should not become San Francisco, New York, or Chicago. So illegal.

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

Marty,

Attached is the letter written by the City Manager touting the opening of a World Relief office in Eau Claire.

The question is, did she do this on her own or is the City Council involved as well?

This is the last thing Eau Claire needs is to welcome middle east refugees. Look what happened to Dearborn, Michigan.

Fred

MONDAY AT 6 PM AT THE LE PHILLIPS LIBRARY THIS & Many other questions need to be addressed.

Whether the idea is bring Refugees....or IMMGRANTS from South America or GAZA etc.

Did they Follow US...CODE 8 ....1522 Section 2 and Did Our City Manager have the approval or backing of Our City Council to even send this letter.

Here are some Questions that Citizens have the Right To ask.

Are these Refugees here Legally and How are they Vetted? The ones arriving in Sanctuary cities like New York Chicago Milwaukee are NOT.

Who has responsibility for assisting these immigrants after World Relief or area Church's completes its term of support?

When the Operation is up and Fully operational how many immigrant's will be added each year.

How Long does WORLD RELIEF Assist each immigrant family.?

How much money does WORLD RELIEF receive for Each immigrant ? FROM us government OR THE UN ??????

Who is responsible for their assistance after World Relief completes its TERM OF SUPPORT?

The City of Eau Claire? How will affect our Schools They are UNDER S TAFFED as is our LAW ENFORCEMENT Departments.

Has our co ordinating personnel talked to other cities EXAMPLE..... ST CLOUD MINNESOTA. Or HUDSON WI who rejected this proposal.

Many citizen knew nothing about this proposal until TV18 Did a Story 1 day a few weeks ago. Otherwise No One would have learned of this until it

Was TOO LATE.

**Subject:** World Relief Mission Meeting Tonight

Good morning City Council Members,

I wanted to let everyone know that the ECPD will have a presence at the library during the time that the World Relief Mission meeting is being held. We discussed the meeting on Friday afternoon and felt with the meeting being held in a City building it was appropriate to have ECPD presence during the meeting. I just wanted to reassure everyone that the ECPD is monitoring the situation closely.

If you have any questions just let me know.

Have a great Monday everyone!

-Dave

**Subject:** [EXTERNAL] Proposed Refugee Resettlement

Dear Ms. Anderson,

Thank you for your service to Eau Claire.

I am writing to you to express my concern about the possible establishment of a World Relief VOLAG (voluntary non-governmental agency) in Eau Claire, which would initially spearhead the resettlement of 75 refugees in the City of Eau Claire and the surrounding area.

I have just finished reading ‘**8 US Code 1522**-Authorization for programs for domestic resettlement of and assistance to refugees’. The first concern I noted was in Section a (1) (B) (iii), which states that “local voluntary agency activities should be conducted in close cooperation and advance consultation with State and local governments.” Based on the information I have, I do not believe that this has occurred.

Furthermore, Section a (2) (A) states that “the Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities.” Which local officials knew about this, and were consulted? Again, I do not believe that this has occurred, and therefore the law has not been followed.

All of this was new to me as of last week. I do not know of any local citizen who was aware that this is being considered. Why wouldn’t the government, citizens and taxpayers of Eau Claire be apprised of such an impactful proposal? Why wouldn’t local shareholders like businesses, hospitals, churches, and school administrators be advised? Especially since after the first 90 days here, the responsibility for refugee job-training, language-learning, housing, medical expenses, education, etc. passes from the World Relief VOLAG to the Eau Claire taxpayers. And if 75 refugees arrive the first year, how many other refugees (e.g., family members and others) will follow the next year?

I ask that you investigate what is being proposed, and halt this “intended distribution of refugees,” not because they are refugees, but because Eau Claire already has a large homeless population, a shortage of affordable housing, and illegal immigrants coming here from our open southern border.

Sincerely,

Susan Hintgen

## **City Manager's Weekly Update 10/13/2023: Regional Growth, Creative Problem Solving, Covid Updates**

**Post Date:** 10/13/2023 8:38 AM

Hello City of Eau Claire residents, staff, and Council Members,  
I'm writing to share news from the City of Eau Claire. We are using a new format to send news out. [Prior updates can be found here](#). Take a look at our weekly newsletter to stay on top of what we are working on. Pass it along to friends who can [sign up for different City updates here](#). We welcome you at Council Meetings, Neighborhood Association Meetings, Library Events, and

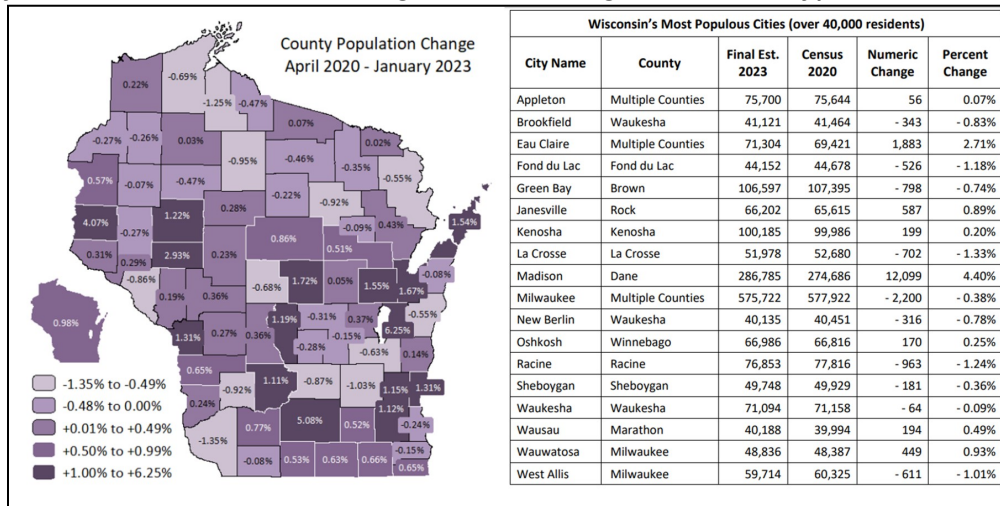

anywhere else that City work takes place. Bear with us as we work out any kinks of this new approach! Also, feel free to [send me feedback](#).

**CITY UPDATES:** Here's some news from around the city.

**2024 Budget Development Continues:** This past week, we held a public hearing and a work session on the 2024 budget. This included an overview of the finances, along with a list of changes we are proposing in the 2024 budget. We also shared accomplishments from 2023 and goals for 2024. Please find the material here: [Budget | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#) We welcome you to join the conversation at a second public hearing on the budget, which is scheduled for Monday, November 13th

**Seventh Biggest City:** This week, the Wisconsin Department of Administration released final population estimates for counties and municipalities as of January 1st, 2023. The City of Eau Claire and Eau Claire County continue to show strong growth: This document provides the most basic summary: [https://doa.wi.gov/DIR/Final\\_Ests\\_Summary\\_2023.pdf](https://doa.wi.gov/DIR/Final_Ests_Summary_2023.pdf)

The City of Eau Claire, according to this estimate, has now passed the City of Waukesha, to become the seventh largest city in the State of Wisconsin. Compared to the 2020 Census, the City of Eau Claire has gained 1,883 residents, a 2.71 percent increase, second only to Madison in both numerical gain and percentage increase for cities above 40,000 people in the state. Perhaps even more interesting, there isn't a single other city above 40,000 people that grew by even 1 percent during this period, and most cities (10 of the 18) above 40,000 people actually lost population during this period. Note that the City of Altoona has had incredible growth between the 2020 Census and January 1st, 2023: An increase of 1,027 people, or 12.38 percent! (Thank you to Council Member Gragert for creating this summary).

**COVID-19 Continues to be High:** As of this week, COVID-19 activity in Eau Claire remained higher than in previous months, according to wastewater data. Right now, the amount of COVID being found in Eau Claire's wastewater remains at a "very high" level (on a scale of very low to very high). The updated fall COVID vaccine is in the process of being made available to the public. As it's being distributed to vaccinators, vaccine supply is temporarily

limited, and appointment availability will vary from provider to provider. We expect availability to increase soon and vaccine appointments to become widely available in Eau Claire County in the coming weeks. People who have health insurance should plan to get the vaccine at their doctor's office or local pharmacy. Most health insurance plans will fully cover the cost of getting the fall COVID vaccine at an in-network provider. The Health Department is not offering mass COVID vaccination clinics this fall, but people who don't have health insurance or people whose insurance doesn't cover vaccinations can get a fall COVID vaccine at the Health Department at no cost through the federal Bridge to Access Program. For those who are uninsured or those whose health insurance doesn't cover vaccinations, please call us at 715-839-4718 to schedule a vaccination appointment. Not sure if you're up to date on your COVID vaccines? [Find out here](#). Another round of free mail-order COVID tests is now available! Every household can place an order to get four rapid home tests delivered for free to their home. To order, visit [www.covid.gov/tests](http://www.covid.gov/tests) or call 1-800-232-0233. You can sign up to get these emails directly if you are interested. Please do not hesitate to contact our department if you are interested in more information: [echhealth@eau Claire County.gov](mailto:echhealth@eau Claire County.gov) or through our general phone number: 715-839-4718.

**Voices of the Valley:** Students from a CVTC class recently presented stories of immigration, including stories of their homelands, their moves to the United States, and their lives in Eau Claire. They had worked with an English Language Instructor from CVTC, Alyssa Hedenstrom, to refine the stories and compile them to share. You can read all of their stories here: [CVTC Blog | Chippewa Valley Technical College](#)

**CVTC BLOG ARTICLES**

		
<b>VOICES OF THE VALLEY: MEET EMINE AKIN TUNALI</b>	<b>VOICES OF THE VALLEY: MEET OUMOUM TANGARA</b>	<b>VOICES OF THE VALLEY: MEET KEUM HEE (ROSA) CHOI</b>

The event, called "CVTC Voices of the Valley," was held at the Library. Deputy City Manager Dave Solberg and Equity, Diversity, and Inclusion Coordinator Dr. Ka Vang also shared comments on immigration. Here's the text of Ka and Dave's comments:

**From Dr. Ka Vang (EDI Coordinator)**

"As a refugee myself, I am so excited to support the Voices of the Valley event tonight. The promise of new opportunities and brighter future was enough to entice my parents to make the decision to bring our whole family to America in 1979, after the Secret War in Laos. As we continue to embrace our new home

and carve our path, I will never forget the sacrifices my parents made so that I can be here.

There is a common theme from *Voices of the Valley: Immigrant Stories from Students of Chippewa Valley Technical College* -- leaving everything you know behind and learning to adjust to:

- new home,
- new country,
- new people,
- new customs,
- new, new, ect.,

all for various reasons... like leaving due to war and violence or leaving because of a love connection.

Just know that what you have written in this collection is not finished. Your journey just started. There will be more to your story. I encourage you to continue to document and write your story. Leave your footprint here in the Chippewa Valley for generations to come. Your stories and your voices add to the richness of The City of Eau Claire. Thank you for choosing to make the Chippewa Valley your home.”

**From Dave Solberg (Deputy City Manager)**

“As a father of two immigrants and a staff member of the City of Eau Claire, I wanted to express how important the immigrant community is to western Wisconsin, the City of Eau Claire, and myself personally. A diverse community is a strong community. The fabric of who we are as a society is made up of so many different colors, shapes, sizes, and fabrics...it’s the diversity of everyone that makes us a colorful, strong, vibrant community. Reading the stories in the collection, it is also striking how similar the stories are to everyday life in our area. We’re all humans with stories to tell.

It is common for students going on to secondary education and young adults entering the workforce to struggle with the transition...now consider attempting this while learning the English language at the same time. The achievements that they have made are remarkable given their challenges. Their achievements are testaments to their hard work, character, resilience, and desire to make themselves better and make us all better. In fact, these are the exact qualities we look for in employees at the City, and I hope a number of our new friends consider bringing their diversity and talents to our organization!”

**QUESTION AND ANSWERS:** Here are some questions that have come through the City Manager’s Office this week. *Have a question you’d like answered? [Submit it here.](#)*

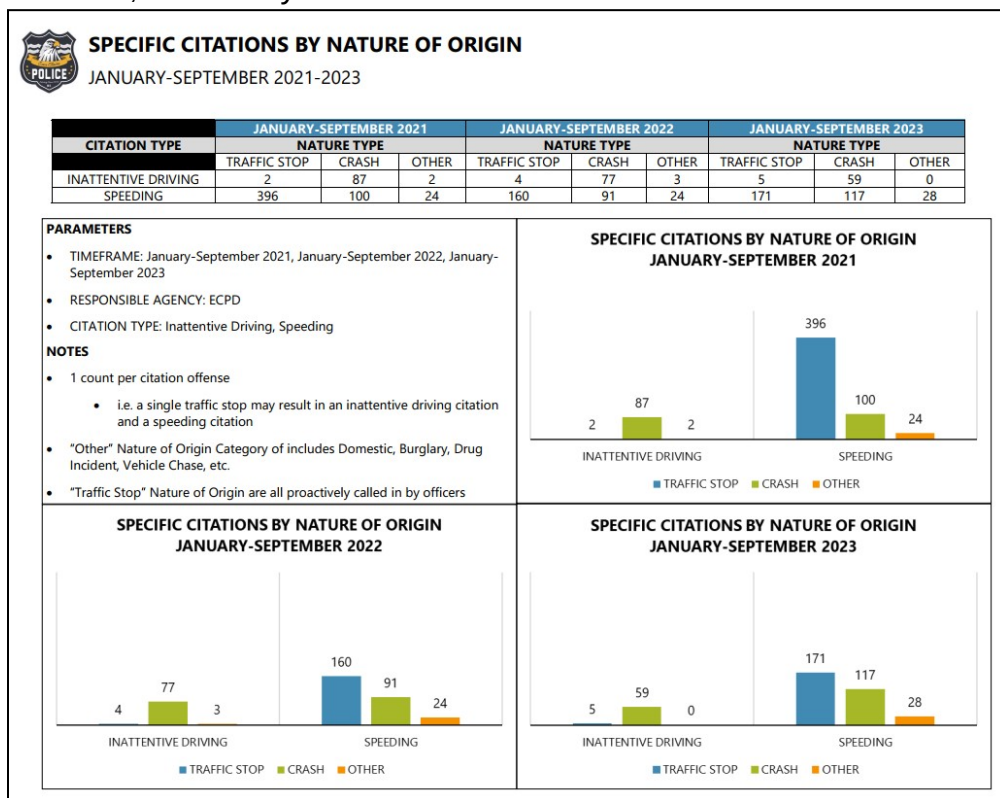

**Traffic Law Enforcement**

Question: “How does the Police Department handle traffic enforcement?”

Answer: Chief Matt Rokus shared the following information: “Resident concerns about speeding and traffic safety are frequently shared with us.

Concerns related to speed and traffic safety are triaged and prioritized amongst other types of issues and complaints, such as burglaries, car prowlers, drug houses, quality of life issues associated with homelessness, loud parties, underage alcohol consumption, and others. Our Patrol Officers and their supervisors do their best to prioritize proactive traffic safety efforts in geographic areas where we have more crashes, as determined by data analysis, resident complaints, and officer observations. To provide the proactive focus, we allocate officer time to enforcement in the target areas. However, their time available is limited given the percent of time they are obligated responding to calls for service. The table below contains some basic information related to traffic citations. The two main categories of traffic enforcement come from two types of incidents -- proactive traffic stops or enforcement following traffic-related incidents, most likely crashes."

### Trick-or-Treating

**Question:** "Will the City share information about trick-or-treating protocols?"

**Answer:** Media and Communications Specialist Tess Morgan shared: "The City of Eau Claire does not designate official tick-or-treat hours for the community. Aside from some safety reminders for kids and motorists, and helping to publicize the DECI Downtown event, we don't post about Halloween. In the past, individual neighborhoods have chosen to hold their own events when it's convenient for their area, but otherwise it's generally understood that trick-or-treating occurs on the holiday itself, October 31st, with the hours of 5-7:30PM still being relatively light out and therefor safer for kids to be visiting neighbors."

## **Park Planning**

Question: “Could a park be changed significantly without a public planning process?”

Answer: Our Parks Manager, Steve Plaza, shared the following feedback: “Any proposed changes to parks go through a planning process that includes review by nearby neighborhoods, the Waterways and Parks Commission, and the City Council. In general, park developments try to follow the parks and open space master plan, which will be updated this year. The purpose of the plan is described on page 11:

‘Parks and recreation programs and services are important to the overall quality of life and Eau Claire Parks, Recreation, and Forestry plays an integral role in the quality of life of all of Eau Claire’s citizens and visitors. The purpose of the System Master Plan is to serve as a guide for all programming, services, and operations of the department. Further, the System Master Plan will provide insight into ongoing industry trends and changes within the community, serve to assess levels of service provided to the community, evaluate available resources, and develop a prioritized action plan approved by the City Manager and City Council.’”

**EAUSTAT NEWS**: The City holds weekly meetings with departments to talk about their data, their goals, and any challenges they may be facing. This program is called "EauStat". Read on below for some data from the meetings we held this week.

**Equity, Diversity, and Inclusion**: This past week, we held an EDI EauStat meeting at which we discussed the many big projects underway in this department. We are sad to say farewell to Dr. Ka Vang who has served as our Equity, Diversity, and Inclusion Coordinator for nearly the past year. We are, though, proud and excited about the next role she is taking on as she continues EDI work in the Chippewa Valley.

Starting Monday, Ka will work on rolling out the new World Relief Wisconsin Refugee Resettlement agency. She’ll be just across the river on Madison Street, so we expect to see and work with Ka and her team often. As a child, Ka’s family moved to the United States and eventually to Eau Claire. Her refugee experience greatly shaped her whole life, and she feels called to contribute to Eau Claire’s continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching our community with their talents, perspectives, and friendship.

While at the City of Eau Claire, Ka has created an internal EDI team, facilitated training among staff, hosted monthly internal EDI meetings, hosted groups from the university, CVTC, other community organizations, formed a BIPOC Steering Committee, gathered insights from leaders throughout the community, solicited an EDI Strategic Planning consultant, and much more. She has been a wonderful friend and co-worker, and she has taken on some of our City and society’s biggest and most fraught challenges with grace, kindness, strength, and lots of fun. We’ll miss Ka, and we are happy she’s

staying put in our community, continuing her path of spreading inclusion and joy. Ka is pictured below (on the left) with a student tour. Please spread the word about our search for our next EDI Coordinator! [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#) This person will have a very significant impact on our efforts to ensure that Eau Claire is inclusive and a place where everyone can thrive.

**Human Resources:** This past week, we held an HR EauStat meeting. In our EauStat meetings, we talk about the work that the HR Department does. One of their main duties is to recruit, hire, and work to retain employees. With the current labor shortage and dramatic increase in wages due to inflation, municipalities have been struggling to recruit and retain employees. Our HR Department has done a great job trying to manage these challenges. We regularly monitor the number of recruitments underway (see image below for our numbers for 2023 YTD). The bulk of our recruitments are for the numerous seasonal employees we have, and this takes a lot of effort, however, it also provides a critical service to constituents, while also helping to mentor many young people. We are working to develop and monitor a “retention rate” metric, as we work to identify metrics for all of our departments. Also, we are working with a consultant to create an “Employer of Choice” plan to try to increase retention and quality of life for our employees.

# Positions Filled	# Filled Internally	# Filled Externally
264	129	135

**EMPLOYEE SPOTLIGHT:** We have the best employees! Get to know one of them this week. (And [submit your suggestion for an employee to spotlight here...](#))

Today we highlight **Renae Casper**. A co-worker said this about Renae: “Renae answers lot of tough questions from residents, many of whom are animated, and answers them politely and with aplomb. Renae has also worked very hard with her predecessor, Rebecca Draeger, to put on employee appreciation events. The employee appreciation lunch was a big success and even brought in some retired employees. The cornhole tournament was also a hit. Renae has also helped fill in for her coworkers when they are absent and is very reliable.”

Here’s some more information about Renae (pictured below with her family and dog):

- **Your Position:** “I am one of two Administrative Associates for the Engineering Department. I’ve been with the city since January of this year.”
- **Something People May Not Know:** “I was born and lived in Cheyenne, WY until I was nine years old.
- **Favorite Activity:** “I enjoy traveling, going to Minnesota sporting events, attending music festivals and concerts. I enjoy playing volleyball and attending CrossFit classes.”
- **Thing about Working for City:** “I love that I am proud of where I work. Everyone here does what they can day in and day out to really make Eau Claire thrive. I also feel that I am supported in any decisions that I make and that my co-workers genuinely care about my well-being, both personally and professionally.”
- **Life Philosophy:** “Always be kind. You never know who you are talking to.”

- Anything else? “I am obsessed with dogs, so feel free to stop by with yours to say hello!”

### **SHOUT-OUTS**

**Creative Problem Solving:** Our Streets Division does not get as many shout-outs as they deserve, in part because the work they do is more specialized and behind-the-scenes than some other divisions. Here’s an awesome shout-out to a team from the Streets Division that captures how creative they are in finding technical solutions in our budget-constrained environment. Read about both the original, unique, way to clean the street sweeper and then the much-improved method that our very skilled tradespeople built...

Community Services Director Lane Berg wrote:

“I want to share some work that was done by our Street Division recently that I am extremely proud of. I am continually amazed by the vast skill set of our employees and this is a shining example of that!

Some of our street sweepers have a ‘not so great’ system for washing them out at the end of a shift. It requires operating a fire hydrant and discharging water onto the pavement. The sweeper must drive over the wet pavement and vacuum up the water. The load of water and debris is then dumped and the process is repeated until the machine is deemed clean. As you can imagine, this is an inefficient system and is also disruptive to any neighboring properties.

Our employees reached out to supervisor Tim Anderson to see if they could work on coming up with a better system, and they were granted approval. The group was led by Jeff Wilczek, who sought input from many of his co-workers. The team developed a concept, designed the system, and built it with no help from outside contractors or designers, thus saving the City thousands of dollars. The new system (shown in pictures below) is a station that the sweeper backs into. A ball valve is opened which floods the basin, and the sweeper vacuums up the water. The water is then turned off, a drain valve is opened for the basin, and the sweeper dumps the water and debris, while remaining in the same location, and the contents drain to a holding pond. The

process can be repeated, if necessary, in just a couple minutes. This system is so efficient and will save time for years to come at no disruption to residents. I am so incredibly proud of this for several reasons. We had a system that was not very functional, and our employees wanted to improve it. We have so many talented people, and they were allowed to use their skills and knowledge to make this happen. All involved were able to voice their opinions, and the final design reflected this input.

Special thanks to this group of talented people: Tim Anderson, Jeff Wilczek, Rich Bauer, Don Diesterhaft, Ryan Yule, Paul Rosolack, Brady Johnson, Jake Clauson, Joel Thompson, Cory Wright, Justin Meinen, Jericho Jurewicz, and John Rademacher.”

**Water Plant Kudos:** On September 20<sup>th</sup>, the Sustainability Advisory Committee held their monthly meeting at the Water Plant. City staff gave them an in-depth tour of the facility and showed them some of the sustainable features that have been added recently. Staff and the Committee had a great dialogue and used the opportunity to discuss ideas for improved sustainability in the future. Truly a great collaborative effort!

Pictured L to R: Ben Spanel, (Utilities Manager), Cole Cloutier, (Utilities Engineer), Cameron Bump, Brian Graff, James Schumacher, Janis Tyler, Gary Pesicka (Committee Members) and Joe Dahl, (Water Plant Supervisor).

## **COUNCIL CALENDAR**

- Monday, October 23rd: Council Public Hearing/Discussion Night
- Tuesday, October 24th: Council Meeting (City Council Operating Budget Work Session #4 – Amendment Discussion)
- *November 3rd – City Council Budget Amendments Due*
- Monday, November 6th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion (with Housing Study presentation)
- Monday, November 13th: Council Public Hearing/Discussion Night (Public Hearing #2 on 2024 Proposed Operating Budget)
- Tuesday, November 14th: Council Meeting (City Council action on 2024 Proposed Operating Budget and levy)
- Monday, December 18th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion

Hi Ka,

The last few days have been a whirlwind! And yes, I would love to say a few words in support. I think it's very important that the Council President is very clear in her support in Eau Claire being a welcoming community no matter where you were born.

Hi Emily,  
Hope you're learning much from the conference.

I'm just wondering if you plan to attend the World Relief community gathering on Monday at 6pm in the library? If you do plan to attend, would you feel comfortable saying a few words of support before WR start their presentation?

I'm also happy to answer any questions you may have, of course keep in mind that this is just day 5 for me in this role ☺

Thanks,

**Ka Vang, Ed.D.**

**Subject:** [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents. I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for](#)

[domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305

1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Hi Anna,

I just reread my email to you and I must had been really tired last night because I omitted words throughout my message. Yikes.

Anyway, I checked my work calendar and noon works great on Tuesday. We could do ECDC?

Also does the Senator know that Senator Johnson's staffer is organizing groups to protest refugees coming to Eau Claire? World Relief is opening an office in Eau Claire and they are hosting an event Monday at 6pm at the Library about how we can welcome our new neighbors and I have heard this group will be attending the World Relief meeting.

Here is more information on the World Relief meeting in case you are interested in learning more: <https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Here is an article about the meeting that Scott Bolstad organized: [https://www.wqow.com/eye\\_on\\_eau\\_claire/residents-react-to-refugee-resettlement-coming-to-chippewa-valley/article\\_156fdf84-6ef9-11ee-9ad1-6f1aaedf0fa0.html](https://www.wqow.com/eye_on_eau_claire/residents-react-to-refugee-resettlement-coming-to-chippewa-valley/article_156fdf84-6ef9-11ee-9ad1-6f1aaedf0fa0.html)

I will let you know how the event goes on Tuesday. I am looking forward to our conversation.

Thank you for reaching out!

Hey Emily!

I was reaching out because I'm going to be in the area on Tuesday, October 24<sup>th</sup>, and I was wondering if you'd have time to grab a cup of coffee downtown over the noon-hour and catch up on all things EC? If you're busy – I absolutely understand, but I wanted to reach out and check!

I hope all has been well.

All the best,

**ANNA RINGSTAD**

**Subject:** Member Update

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

Dear Ms. President,

Please find the email below sent to my Ward 3 city representative today.

Thank you,  
Becky Hoschouer, M.A.

----- Forwarded message -----

**From:** **Becky Hoschouer** <[beckyhoschouer@gmail.com](mailto:beckyhoschouer@gmail.com)>  
**Date:** Sat, Oct 21, 2023, 3:23 PM  
**Subject:** Representation  
**To:** <[Jeremy.Gragert@ec-citycouncil.com](mailto:Jeremy.Gragert@ec-citycouncil.com)>

Hello,

I hope this finds you well.

I am writing as I have heard the issue of elected representation has been bypassed.

Is it true that a contract with World Relief Organization for settling refugees unvetted by our local sheriff and not voted on by my representative, yourself, has been signed by the city manager, who is not an elected entity?

So much of this bypasses state and local law.

I hope this isn't a financial boondoggle such as the county supervisors publicly endured recently regarding misspent tax dollars. It's my understanding that the non-profit covers 90 days and then we pay for interpreters and housing!

We already have a housing shortage and issues with homelessness.

I am also concerned about recent world events. Will the sheriff's office be able to vet these refugees? How much will that cost?

Because democracy dies in darkness, I am relying on you and not the at-large members to represent me. Please speak up on my behalf.

Also, I can't speak for myself because Monday's public meeting is cancelled, but you have been elected to represent me.

Very Respectfully and yet Very Concerned,  
Rebecca Hoschouer, M.A.  
1816 Lloyd Avenue  
Eau Claire, WI 54701

**Subject:** [EXTERNAL] Re: World Relief Refugee Resettlement

President Berge, I would like to clarify a couple of things that I just learned.

An official from World Relief admitted that she never spoke with any members of the city council, only the city manager. If the city manager did not bring it to the board's attention, that is another matter.

The official from World Relief also confirmed that the refugees will be coming from Somalia. I attended the stakeholder's meeting last week and the word Somalia was never mentioned. That is at least the third lie I have caught them in.

This is not about the refugees it is about the process. World Relief believes that speaking with the local government is speaking with bureaucrats, while many of us believe speaking with local governments is speaking with elected officials. I can also tell you that no one in the county I have spoken to knows anything about this.

On Saturday, October 21, 2023 at 03:45:07 PM CDT, Scott Bolstad <bolstad1@yahoo.com> wrote:

President Berge,

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. Did they happen? If so where are the minutes fore these meetings? I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for. Did you direct her to sign the document or has she gone rogue...again? If not do you have the authority to approve this action? Is the goal here to keep any blame for this off of the city council?

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? Not what World Relief has told you, but what the actual country of origin is? I was told it was one of two countries.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this.

I look forward to your response

**Subject:** [EXTERNAL] World Relief Refugees

Dear Council President,

I understand that World Relief and the state of Wisconsin failed to abide by 8 US Code 1522 in that they failed to include the local governments in their decision to bring refugees to Eau Claire. They claim to have spoken to the city manager, but that individual is not an elected person.

Consequently, the people of Eau Claire are not being represented in this major decision. Other cities which have invited so many refugees have suffered from high tax increases that occur after the federal and state funds run out.

We have many people on fixed incomes that are not even keeping up with the inflation rate now and certainly cannot afford more increases.

I ask you to please halt this process. Disregarding 8 US Code 1522 is illegal, and the people need to have a voice.

Sincerely,  
Sheila Wilkinson

October 20, 2023

Dear Council Member,

My name is Melody Boberg from the Cumberland – Rice Lake area. I am writing to you today about a World Relief refugee office that I heard is opening in Eau Claire. I found out that the gulag this office will create will be a 100-mile radius, which could easily include where I'm from. I am quite concerned as my community cannot afford refugees, and we've seen what these gulags have done to places in MN like Wilmer, Austin, and St. Cloud. These towns have been shredded fiscally, and property taxes continue to jump. I am, also, concerned about our safety. No one knows where these refugees are coming from. It was said the federal government vetted them, and seeing what a "great" job they're doing on our southern border, we all have reason to be greatly concerned. Has anyone from your city council looked at how crime has been affected in one of these gulag cities like St. Cloud since inception?

I am very upset this World Relief office was approved without talking to the taxpayers and all of the stakeholders about it. Is that even legal? What is a big influx of refugees going to do to our schools and health care system and police stations when all the refugees' family members come the second year? I am troubled and concerned for my community and me. Please prevent the opening of this refugee office before we all suffer the consequences.

Sincerely,

Melody Boberg

**From:** Fred Kappus <[jfkappus@charter.net](mailto:jfkappus@charter.net)>

Marty,

Attached is the letter written by the City Manager touting the opening of a World Relief office in Eau Claire.

The question is, did she do this on her own or is the City Council involved as well?

This is the last thing Eau Claire needs is to welcome middle east refugees. Look what happened to Dearborn, Michigan.

Fred

MONDAY AT 6 PM AT THE LE PHILLIPS LIBRARY THIS & Many other questions need to be addressed.

Whether the idea is bring Refugees....or IMMGRANTS from South America or GAZA etc.

Did they Follow US...CODE 8 ...1522 Section 2 and Did Our City Manager have the approval or backing of Our City Council to even send this letter.

Here are some Questions that Citizens have the Right To ask.

Are these Refugees here Legally and How are they Vetted? The ones arriving in Sanctuary cities like New York Chicago Milwaukee are NOT.

Who has responsibility for assisting these immigrants after World Relief or area Church's completes its term of support?

When the Operation is up and Fully operational how many immigrant's will be added each year.

How Long does WORLD RELIEF Assist each immigrant family.?

How much money does WORLD RELIEF receive for Each immigrant ? FROM us government OR THE UN ??????

Who is responsible for their assistance after World Relief completes its TERM OF SUPPORT?

The City of Eau Claire? How will affect our Schools They are UNDER S TAFFED as is our LAW ENFORCEMENT Departments.

Has our co ordinating personnel talked to other cities EXAMPLE..... ST CLOUD MINNESOTA. Or HUDSON WI who rejected this proposal.

Many citizen knew nothing about this proposal until TV18 Did a Story 1 day a few weeks ago. Otherwise No One would have learned of this until it

Was TOO LATE.

Marty Green

Former General Manager of WAXX Radio

Former Member of the Eau RDA

Citizen of Eau Claire and Wisconsin for over 50 years

My Grand Parents Migrated from Russia & Poland

So I am not against welcoming new people Legally here in our Country State or City

President Berge, I would like to clarify a couple of things that I just learned.

An official from World Relief admitted that she never spoke with any members of the city council, only the city manager. If the city manager did not bring it to the board's attention, that is another matter.

The official from World Relief also confirmed that the refugees will be coming from Somalia. I attended the stakeholder's meeting last week and the word Somalia was never mentioned. That is at least the third lie I have caught them in.

This is not about the refugees it is about the process. World Relief believes that speaking with the local government is speaking with bureaucrats, while many of us

believe speaking with local governments is speaking with elected officials. I can also tell you that no one in the county I have spoken to knows anything about this.

Scott Bolstad

On Saturday, October 21, 2023 at 03:45:07 PM CDT, Scott Bolstad <bolstad1@yahoo.com> wrote:

President Berge,

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with [State](#) and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of [refugees](#) among the [States](#) and localities before their placement in those [States](#) and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. Did they happen? If so where are the minutes fore these meetings? I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for. Did you direct her to sign the document or has she gone rogue...again? If not do you have the authority to approve this action? Is the goal here to keep any blame for this off of the city council?

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? Not what World Relief has told you, but what the actual country of origin is? I was told it was one of two countries.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this.

I look forward to your response

Hey Emily,

Don't worry about it – we've all been there! ☐

ECDC sounds excellent, I am free from 11:30 AM – 12:45 PM, so I'll just post up at ECDC and meet you when you arrive. I love coffee shop environments for working and will never turn that down.

Rep. Emerson had texted me over the weekend about the meeting this evening, but I cannot make it. Would you be open to perhaps inviting her along to join us if the main topic is this World Relief meeting? Otherwise, we can keep it just you and I if you have different things you'd like to discuss.

Looking forward to it!

All the best,

Hi Anna,

I just reread my email to you and I must have been really tired last night because I omitted words throughout my message. Yikes.

Anyway, I checked my work calendar and noon works great on Tuesday. We could do ECDC?

Also does the Senator know that Senator Johnson's staffer is organizing groups to protest refugees coming to Eau Claire? World Relief is opening an office in Eau Claire and they are hosting an event Monday at 6pm at the Library about how we can welcome our new neighbors and I have heard this group will be attending the World Relief meeting.

Here is more information on the World Relief meeting in case you are interested in learning more: <https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Here is an article about the meeting that Scott Bolstad organized:  
[https://www.wqow.com/eye\\_on\\_eau\\_claire/residents-react-to-refugee-resettlement-coming-to-chippewa-valley/article\\_156fdf84-6ef9-11ee-9ad1-6f1aedef0fa0.html](https://www.wqow.com/eye_on_eau_claire/residents-react-to-refugee-resettlement-coming-to-chippewa-valley/article_156fdf84-6ef9-11ee-9ad1-6f1aedef0fa0.html)

I will let you know how the event goes on Tuesday. I am looking forward to our conversation.

Thank you for reaching out!

Hey Emily!

I was reaching out because I'm going to be in the area on Tuesday, October 24<sup>th</sup>, and I was wondering if you'd have time to grab a cup of coffee downtown over the noon-hour and catch up on all things EC? If you're busy – I absolutely understand, but I wanted to reach out and check!

I hope all has been well.

All the best,

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

#### **In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

- **Council Calendar**
- **Special Employee Spotlight:** Melissa Turnquist

Hello Council Members –

Sorry for the delay on this. We, internally, are trying to figure out a way to have just one newsletter that goes out weekly to the Council, the staff, and the public. We're trying to determine the best email marketing/newsletter platform to use. In the meantime, here's this week's. (And you'll get it again in the new format...)

Feel free to share any feedback or suggestions!

Stephanie

**Subject:** RE: [EXTERNAL] Re: World Relief

Hi Ellie and all –

In case they'd like to comment, I'm looping in:

- Anoosheh Hamzehee, who worked with World Relief to help them learn more about Eau Claire.
- Dr. Ka Vang (our EDI Coordinator);
- Aaron White (our Community Development Director);
- Emily Berge (our Council President); and
- Lieske Geise (our Health Director).

Anoosheh, can you connect Ellie with the key volunteer groups?

The City doesn't have a formal role, however, we support initiatives like this that boost our local workforce capacity and that support the City's strategic vision of "promoting a welcoming, inclusive, and diverse community" from our Strategic Plan and Vision. [637110562312000000 \(eauclairewi.gov\)](https://www.eauclairewi.gov/637110562312000000)

A number of community partners do play a bit more formal roles, including the Human Services Department and the City/County Health Department. CVTC and the School District have also been involved as they have different educational programs for English Language Learners.

Hi guys,

Thank you for reaching out! I was looking to do a story on World Relief coming to Eau Claire and how that will impact the city.

Stephanie- would you be the best person to speak with me about this decision from the City of Eau Claire? Also, I was wondering what volunteer groups you collaborated with in the community to make this happen.

Tami- Would you be available for an on-camera pre-recorded interview on Tuesday, Oct. 17 at 9:30 a.m.? I think it would be great if we could meet in Eau Claire outside of where the resettlement agency will be located. However, let me know what works for you! Also, let me know if you have any footage you could submit from World Relief for the story.

My apologies for the response at 11 p.m. I am working overnights tonight. ☐ My plan would be to film and edit this story the week of Oct. 16 and then air it that following Monday.

Let me know your thoughts!

Best,

**Ellie Pomerleau**

Hi Stephanie,

Thank you for these details! Do you have a specific contact from the school district who you worked with to set up educational programs?

Anoosheh- If you could get me more details about which volunteer groups are helping with the project that would be great.

Let me know if you need anything for me.

Best,

**Ellie Pomerleau**

**Subject:** RE: [EXTERNAL] Re: World Relief

Hi Ellie and all –

In case they'd like to comment, I'm looping in:

- Anoosheh Hamzehee, who worked with World Relief to help them learn more about Eau Claire.
- Dr. Ka Vang (our EDI Coordinator);
- Aaron White (our Community Development Director);
- Emily Berge (our Council President); and
- Lieske Geise (our Health Director).

Anoosheh, can you connect Ellie with the key volunteer groups?

The City doesn't have a formal role, however, we support initiatives like this that boost our local workforce capacity and that support the City's strategic vision of "promoting a welcoming, inclusive, and diverse community" from our Strategic Plan and Vision. [637110562312000000 \(eauclairewi.gov\)](https://www.eauclairewi.gov)

A number of community partners do play a bit more formal roles, including the Human Services Department and the City/County Health Department. CVTC and the School District have also been involved as they have different educational programs for English Language Learners.

Hi guys,

Thank you for reaching out! I was looking to do a story on World Relief coming to Eau Claire and how that will impact the city.

Stephanie- would you be the best person to speak with me about this decision from the City of Eau Claire? Also, I was wondering what volunteer groups you collaborated with in the community to make this happen.

Tami- Would you be available for an on-camera pre-recorded interview on Tuesday, Oct. 17 at 9:30 a.m.? I think it would be great if we could meet in Eau Claire outside of where the resettlement agency will be located. However, let me know what works for you! Also, let me know if you have any footage you could submit from World Relief for the story.

My apologies for the response at 11 p.m. I am working overnights tonight. ☹️ My plan would be to film and edit this story the week of Oct. 16 and then air it that following Monday.

Let me know your thoughts!

Best,

**Ellie Pomerleau**

All,  
Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

World Relief Wisconsin

**Subject:** Not a sad good bye

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

**Attachments:** 16.12.21 Syrian Refugee Letter to David Larson.pdf, 16.12.21 Syrian Refugee Letter to President Obama.pdf, 16.12.21 Syrian Refugee Letter to President-Elect Trump.pdf

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Hi Andrew - Looping in some others... we have been discussing this as well. Are you planning to go to tonight's meeting, Andrew? I know that Tami and Ka have been deliberating about whether or not to go. (If you do go, you could share your support and/or explain WR's vetting policy.)

Chief Rokus, do you have thoughts on safety? Dave may have more insight on this situation as well...

I also want to loop you in about this Stephanie. The speaker last week from Fire Dept was incredibly concerning, making irrational claims about refugees and the border and Hamas, and I see that that same fear is spreading. I told Ka about this and said security might be a smart idea for the opening of this next week.

Andrew

Thanks Stephanie:

I have two Events I am attending tonight, so I am not able to make it.

I think the biggest concern I keep hearing is that refugees coming to the community will not be vetted. That is certainly not true. I do think strongly, pushing back on that and making sure people know the truth will help.

I also want to loop you in about this Stephanie. The speaker last week from Fire Dept was incredibly concerning, making irrational claims about refugees and the border and Hamas, and I see that that same fear is spreading. I told Ka about this and said security might be a smart idea for the opening of this next week.

**Subject:** World Relief Refugee Resettlement office in  
Eau Claire

**WARNING!! This email originated outside Eau  
Claire County. Do not click any links or  
attachments unless you know the sender.**

Please stop the establishment of the World Relief Refugee  
Resettlement office in Eau Claire. I personally called  
several offices at the county government center, and none  
claimed to have knowledge of the legally required meetings  
World Relief is required to conduct, including local  
residents.

I also called the City of Eau Claire, and the clerk had no  
knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated  
that the required meetings took place this spring. When I  
asked With whom? She didn't know. She provided Tami  
McLaughlin's e-mail and phone for me to inquire, so I left a

voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Proposed Immigration Office Informational Meeting, October 19, 2023

[VFW Post 305](#)  
1600 Star Avenue  
Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come

from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Attachments:** 16.12.21 Syrian Refugee Letter to David Larson.pdf, 16.12.21 Syrian Refugee Letter to President Obama.pdf, 16.12.21 Syrian Refugee Letter to President-Elect Trump.pdf

Hi Matt,

Hello from Green Bay. I wanted to forward this meeting information about an event tonight. As you can see below, a group opposed to World Relief's resettlement of refugees in Eau Claire will be meeting VFW from 7-9 pm.

Given the emotionally charged tenor of some of the comments we've received on this topic, I'm a bit concerned.

Tonight, some advocates who support refugee settlement in Eau Claire, volunteers from the Welcoming New Neighbors Group, plan to attend the meeting at the VFW. Naturally there will be disagreement, but hopefully it is a productive, de-escalating conversation.

My questions are:

- 1 - Public safety. Would a police presence be advisable at the event tonight, and/or at the World Relief info event next week, or a future council public hearing? Is a public safety strategy something that needs to be considered on this topic?
2. Outreach. Would ECPD be a good, de-escalating "messenger" to the public in clarifying that people do not need to be afraid?

Thanks,  
Emily

**Subject:** [EXTERNAL] Refugee Office

October 20, 2023

Dear Council Member,

My name is Melody Boberg from the Cumberland – Rice Lake area. I am writing to you today about a World Relief refugee office that I heard is opening in Eau Claire. I found out that the gulag this office will create will be a 100-mile radius, which could easily include where I'm from. I am quite concerned as my community cannot afford refugees, and we've seen what these gulags have done to places in MN like Wilmer, Austin, and St. Cloud. These towns have been shredded fiscally, and property taxes continue to jump. I am, also, concerned about our safety. No one knows where these refugees are coming from. It was said the federal government vetted them, and seeing what a "great" job they're doing on our southern border, we all have reason to be greatly concerned. Has anyone from your city council looked at how crime has been affected in one of these gulag cities like St. Cloud since inception?

I am very upset this World Relief office was approved without talking to the taxpayers and all of the stakeholders about it. Is that even legal? What is a big influx of refugees going to do to our schools and health care system and police stations when all the refugees' family members come the second year? I am troubled and concerned for my community and me. Please prevent the opening of this refugee office before we all suffer the consequences.

Sincerely,

Melody Boberg

Hi Emily,  
Hope you're learning much from the conference.

I'm just wondering if you plan to attend the World Relief community gathering on Monday at 6pm in the library? If you do plan to attend, would you feel comfortable saying a few words of support before WR start their presentation?

I'm also happy to answer any questions you may have, of course keep in mind that this is just day 5 for me in this role ☺

Thanks,

**Subject:** Re: [EXTERNAL] WR meeting monday at 6pm

Hi Ka,

The last few days have been a whirlwind! And yes, I would love to say a few words in support. I think it's very important that the Council President is very clear in her support in Eau Claire being a welcoming community no matter where you were born.

**Subject:** [EXTERNAL] WR meeting monday at 6pm

Hi Emily,  
Hope you're learning much from the conference.

I'm just wondering if you plan to attend the World Relief community gathering on Monday at 6pm in the library? If you do plan to attend, would you feel comfortable saying a few words of support before WR start their presentation?

I'm also happy to answer any questions you may have, of course keep in mind that this is just day 5 for me in this role ☺

Thanks,

**Ka Vang, Ed.D.**

**Subject:** [EXTERNAL] World Relief Refugees

Dear Council President,

I understand that World Relief and the state of Wisconsin failed to abide by 8 US Code 1522 in that they failed to include the local governments in their decision to bring refugees to Eau Claire. They claim to have spoken to the city manager, but that individual is not an elected person.

Consequently, the people of Eau Claire are not being represented in this major decision. Other cities which have invited so many refugees have suffered from high tax increases that occur after the federal and state funds run out.

We have many people on fixed incomes that are not even keeping up with the inflation rate now and certainly cannot afford more increases.

I ask you to please halt this process. Disregarding 8 US Code 1522 is illegal, and the people need to have a voice.

Sincerely,  
Sheila Wilkinson

Dear Ms. President,

Please find the email below sent to my Ward 3 city representative today.

Thank you,  
Becky Hoschouer, M.A.

----- Forwarded message -----

**From:** **Becky Hoschouer** <[beckyhoschouer@gmail.com](mailto:beckyhoschouer@gmail.com)>  
**Date:** Sat, Oct 21, 2023, 3:23 PM  
**Subject:** Representation  
**To:** <[Jeremy.Gragert@ec-citycouncil.com](mailto:Jeremy.Gragert@ec-citycouncil.com)>

Hello,

I hope this finds you well.

I am writing as I have heard the issue of elected representation has been bypassed.

Is it true that a contract with World Relief Organization for settling refugees unvetted by our local sheriff and not voted on by my representative, yourself, has been signed by the city manager, who is not an elected entity?

So much of this bypasses state and local law.

I hope this isn't a financial boondoggle such as the county supervisors publicly endured recently regarding misspent tax dollars. It's my understanding that the non-profit covers 90 days and then we pay for interpreters and housing!

We already have a housing shortage and issues with homelessness.

I am also concerned about recent world events. Will the sheriff's office be able to vet these refugees? How much will that cost?

Because democracy dies in darkness, I am relying on you and not the at-large members to represent me. Please speak up on my behalf.

Also, I can't speak for myself because Monday's public meeting is cancelled, but you have been elected to represent me.

Very Respectfully and yet Very Concerned,  
Rebecca Hoschouer, M.A.  
1816 Lloyd Avenue  
Eau Claire, WI 54701

**Subject:** [EXTERNAL] World Relief Refugee Resettlement

President Berge,

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. Did they happen? If so where are the minutes fore these meetings? I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for. Did you direct her to sign the document or has she gone rogue...again? If not do you have the authority to approve this action? Is the goal here to keep any blame for this off of the city council?

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? Not what World Relief has told you, but what the actual country of origin is? I was told it was one of two countries.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this.

I look forward to your response

Hi Emily!

I think this is a great idea.

It is during these longer breaks between City Council meetings that I sometimes schedule vacations, and in this case, you should know that I will be in Mexico from January 24th to February 7th. If the 5th Tuesday is the regular day/time, the next one after would not be until April 30th. I think if it works for others you should go for it!

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

**Subject:** [EXTERNAL] Re: World Relief Refugee Resettlement

President Berge, I would like to clarify a couple of things that I just learned.

An official from World Relief admitted that she never spoke with any members of the city council, only the city manager. If the city manager did not bring it to the board's attention, that is another matter.

The official from World Relief also confirmed that the refugees will be coming from Somalia. I attended the stakeholder's meeting last week and the word Somalia was never mentioned. That is at least the third lie I have caught them in.

This is not about the refugees it is about the process. World Relief believes that speaking with the local government is speaking with bureaucrats, while many of us believe speaking with local governments is speaking with elected officials. I can also tell you that no one in the county I have spoken to knows anything about this.

October 20, 2023

Dear Council Member,

My name is Melody Boberg from the Cumberland – Rice Lake area. I am writing to you today about a World Relief refugee office that I heard is opening in Eau Claire. I found out that the gulag this office will create will be a 100-mile radius, which could easily include where I'm from. I am quite concerned as my community cannot afford refugees, and we've seen what these gulags have done to places in MN like Wilmer, Austin, and St. Cloud. These towns have

been shredded fiscally, and property taxes continue to jump. I am, also, concerned about our safety. No one knows where these refugees are coming from. It was said the federal government vetted them, and seeing what a "great" job they're doing on our southern border, we all have reason to be greatly concerned. Has anyone from your city council looked at how crime has been affected in one of these gulag cities like St. Cloud since inception?

I am very upset this World Relief office was approved without talking to the taxpayers and all of the stakeholders about it. Is that even legal? What is a big influx of refugees going to do to our schools and health care system and police stations when all the refugees' family members come the second year? I am troubled and concerned for my community and me. Please prevent the opening of this refugee office before we all suffer the consequences.

Sincerely,

Melody Boberg

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

Marty,

Attached is the letter written by the City Manager touting the opening of a World Relief office in Eau Claire.

The question is, did she do this on her own or is the City Council involved as well?

This is the last thing Eau Claire needs is to welcome middle east refugees. Look what happened to Dearborn, Michigan.

Fred

MONDAY AT 6 PM AT THE LE PHILLIPS LIBRARY THIS & Many other questions need to be addressed.

Whether the idea is bring Refugees....or IMMGRANTS from South America or GAZA etc.

Did they Follow US...CODE 8 ....1522 Section 2 and Did Our City Manager have the approval or backing of Our City Council to even send this letter.

Here are some Questions that Citizens have the Right To ask.

Are these Refugees here Legally and How are they Vetted? The ones arriving in Sanctuary cities like New York Chicago Milwaukee are NOT.

Who has responsibility for assisting these immigrants after World Relief or area Church's completes its term of support?

When the Operation is up and Fully operational how many immigrant's will be added each year.

How Long does WORLD RELIEF Assist each immigrant family.?

How much money does WORLD RELIEF receive for Each immigrant ? FROM us government OR THE UN ??????

Who is responsible for their assistance after World Relief completes its TERM OF SUPPORT?

The City of Eau Claire? How will affect our Schools They are UNDER S TAFFED as is our LAW ENFORCEMENT Departments.

Has our co ordinating personnel talked to other cities EXAMPLE..... ST CLOUD MINNESOTA. Or HUDSON WI who rejected this proposal.

Many citizen knew nothing about this proposal until TV18 Did a Story 1 day a few weeks ago. Otherwise No One would have learned of this until it

Was TOO LATE.

Our organizations work to promote a strong Chippewa Valley. We hope for a strong, healthy, lively, and inclusive community. Our region is growing faster than the rest of the state, and we hope it will continue to be a vibrant place where many people want to live and contribute their talents to its future growth and change. We welcome residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. They may be coming for college, for a job, for the trails, for the safety, or for the four amazing seasons of recreation.

We support and celebrate World Relief as they work to welcome new residents of Eau Claire. Like most of the people who moved here before us and before them, they will make a home here and contribute to the future of Eau Claire. Each person and each life brings gifts to share, friendships to form, stories to tell, work to contribute to our local economy, at a time when employers are struggling to hire, and even taxes to chip in to keep our government bodies running.

Please join us in welcoming our new residents, wherever they may come from.

Thank you Stephanie for sending this context and background. We are getting some emails about it ... mostly it's people trying to figure out whether the city council had a role in this in terms of local "sign-off."

Best

On Oct 22, 2023, at 6:09 PM, Stephanie Hirsch  
<Stephanie.Hirsch@eauclairewi.gov> wrote:

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that

be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

**Subject:** Member Update

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

Hey Emily,

Don't worry about it – we've all been there! ☹️

ECDC sounds excellent, I am free from 11:30 AM – 12:45 PM, so I'll just post up at ECDC and meet you when you arrive. I love coffee shop environments for working and will never turn that down.

Rep. Emerson had texted me over the weekend about the meeting this evening, but I cannot make it. Would you be open to perhaps inviting her along to join us if the main topic is this World Relief meeting? Otherwise, we can keep it just you and I if you have different things you'd like to discuss.

Looking forward to it!

All the best,

Hi Anna,

I just reread my email to you and I must have been really tired last night because I omitted words throughout my message. Yikes.

Anyway, I checked my work calendar and noon works great on Tuesday. We could do ECDC?

Also does the Senator know that Senator Johnson's staffer is organizing groups to protest refugees coming to Eau Claire? World Relief is opening an office in Eau Claire and they are hosting an event Monday at 6pm at the Library about how we can welcome our new neighbors and I have heard this group will be attending the World Relief meeting.

Here is more information on the World Relief meeting in case you are interested in learning more: <https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Here is an article about the meeting that Scott Bolstad organized:

[https://www.wqow.com/eye\\_on\\_eau\\_claire/residents-react-to-refugee-resettlement-coming-to-chippewa-valley/article\\_156fdf84-6ef9-11ee-9ad1-6f1aedef0fa0.html](https://www.wqow.com/eye_on_eau_claire/residents-react-to-refugee-resettlement-coming-to-chippewa-valley/article_156fdf84-6ef9-11ee-9ad1-6f1aedef0fa0.html)

I will let you know how the event goes on Tuesday. I am looking forward to our conversation.

Thank you for reaching out!

Hey Emily!

I was reaching out because I'm going to be in the area on Tuesday, October 24<sup>th</sup>, and I was wondering if you'd have time to grab a cup of coffee downtown over the noon-hour and catch up on all things EC? If you're busy – I absolutely understand, but I wanted to reach out and check!

I hope all has been well.

All the best,

Good morning City Council Members,

I wanted to let everyone know that the ECPD will have a presence at the library during the time that the World Relief Mission meeting is being held. We discussed the meeting on Friday afternoon and felt with the meeting being held in a City building it was appropriate to have ECPD presence during the meeting. I just wanted to reassure everyone that the ECPD is monitoring the situation closely.

If you have any questions just let me know.

Have a great Monday everyone!

-Dave

**Subject:** [EXTERNAL] World Relief Refugees

Dear Council President,

I understand that the city council abdicated its responsibility in the decision about refugees (8 US Code 1522) by delegating it to the city manager.

Taxes will go up once federal aid ends. People on fixed incomes and people who are not well-off will be hurt the most. We need to consider all members of our society in making these decisions.

Our country was founded on the principle that we should not have taxation without representation. The city manager is not an elected official. A decision this major should not be made by an unelected official.

The people of the city need a voice in the decision whether it is by a referendum or through their elected officials.

Sincerely,  
Terry Wilkinson

**Subject:** FW: Information on World Relief

Good morning County Board and Department Heads –

We are aware that emails have been sent to board members as well as city council. I am forwarding this information from the City, along with a brief discussion of County involvement or potential involvement regarding the issue of immigration services in the City of Eau Claire.

There have also been questions about potential funding from Human Services and County participation. The County often receives requests to attend meetings of various organizations, and we do so to identify potential communities of interest and educate community partners regarding services we provide.

The County does not have regulatory authority over what other organizations may do in this community. Updates from the City will be shared with the Board as they become available.

Kathryn

**Subject:** Information on World Relief

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

**Subject:** [EXTERNAL] World Relief refugees

Dear Council President,

I understand that the city council let the unelected city manager make an important decision concerning refugees, a decision that should have been addressed by our elected officials (8 US Code 1522).

Once federal aid ends, our taxes will go up. Low-income families and people on fixed incomes will be hurt the most by these tax increases.

We should have no taxation without representation. This principle was central in the birth of our nation, and we must continue to live by it.

The people of Eau Claire need a voice in the decision about refugees. This could be by referendum or a vote by our elected officials. The decision must not be delegated to an unelected official.

Sincerely,  
Jennifer Wilkinson

**Subject:** [EXTERNAL] Refugee Office

October 20, 2023

Dear Council Member,

My name is Melody Boberg from the Cumberland – Rice Lake area. I am writing to you today about a World Relief refugee office that I heard is opening in Eau Claire. I found out that the gulag this office will create will be a 100-mile radius, which could easily include where I'm from. I am quite concerned as my community cannot afford refugees, and we've seen what these gulags have done to places in MN like Wilmer, Austin, and St. Cloud. These towns have been shredded fiscally, and property taxes continue to jump. I am, also, concerned about our safety. No one knows where these refugees are coming from. It was said the federal government vetted them, and seeing what a "great" job they're doing on our southern border, we all have reason to be greatly concerned. Has anyone from your city council looked at how crime has been affected in one of these gulag cities like St. Cloud since inception?

I am very upset this World Relief office was approved without talking to the taxpayers and all of the stakeholders about it. Is that even legal? What is a big influx of refugees going to do to our schools and health care system and police stations when all the refugees' family members come the second year? I am troubled and concerned for my community and me. Please prevent the opening of this refugee office before we all suffer the consequences.

Sincerely,

Melody Boberg

Works for me!

On Oct 21, 2023, at 1:44 PM, Emily Berge <emily.berge@ec-citycouncil.com> wrote:

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

**Subject:** [EXTERNAL] Proposed Refugee Resettlement

Dear Ms. Berge,

Thank you for your service to Eau Claire.

I am writing to you to express my concern about the possible establishment of a World Relief VOLAG (voluntary non-governmental agency) in Eau Claire, which would initially spearhead the resettlement of 75 refugees in the City of Eau Claire and the surrounding area.

I have just finished reading ‘**8 US Code 1522**-Authorization for programs for domestic resettlement of and assistance to refugees’. The first concern I noted was in Section a (1) (B) (iii), which states that “local voluntary agency activities should be conducted in close cooperation and advance consultation with State and local governments.” Based on the information I have, I do not believe that this has occurred.

Furthermore, Section a (2) (A) states that “the Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities.” Which local officials knew about this, and were consulted? Again, I do not believe that this has occurred, and therefore the law has not been followed.

All of this was new to me as of last week. I do not know of any local citizen who was aware that this is being considered. Why wouldn’t the government, citizens and taxpayers of Eau Claire be apprised of such an impactful proposal? Why wouldn’t local shareholders like businesses, hospitals, churches, and school administrators be advised? Especially since after the first 90 days here, the responsibility for refugee job-training, language-learning, housing, medical expenses, education, etc. passes from the World Relief VOLAG to the Eau Claire taxpayers. And if 75 refugees arrive the first year, how many other refugees (e.g., family members and others) will follow the next year?

I ask that you investigate what is being proposed, and halt this “intended distribution of refugees,” not because they are refugees, but because Eau Claire already has a large homeless population, a shortage of affordable housing, and illegal immigrants coming here from our open southern border.

Sincerely,

Susan Hintgen

**To:** "Emily.Berge@EC-CityCouncil.com" <Emily.Berge@EC-CityCouncil.com>  
**Subject:** [EXTERNAL] World Relief information

Dear Emily Berge,

I am concerned that there has been little information re: planning and possible establishment of a World Relief VOLAG (voluntary non-governmental agency) in Eau Claire. The intent as stated by World Relief would be to resettle 75 refugees in the City of Eau Claire and the surrounding area.

I have just finished reading '**8 US Code 1522**-Authorization for programs for domestic resettlement of and assistance to refugees'. I noted in Section a (1) (B) (iii), states that "local voluntary agency activities should be conducted in close cooperation and advance consultation with State and local governments." It appears that this advance consultation has been neglected.

Furthermore, Section a (2) (A) states that "the Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities." I cannot find evidence that local officials were consulted regarding this action. Can you reassure me that the law has been followed in this case? Please provide names and dates of conversations re this topic.

Local Taxpayers will experience additional financial burden when 'refugees' or 'immigrants' are "placed" by an external agency. I note that after the first 90 days of placement, the responsibility for refugee/immigrant job-training, language-learning, housing, medical expenses, education, etc. passes from the World Relief VOLAG to the local taxpayers. Your lack of transparency and information to your constituents is unacceptable. It appears at this time that further action by World Relief in Eau Claire is imprudent. Please describe your plans with World Relief to the people of Eau Claire through paper, web and social media and solicit taxpayer feedback prior to implementing any such actions.

Thomas L. Hintgen

## **City Manager's Weekly Update 9/29/23: Cannery Park, TDS, Trails, and Transit**

**Post Date:** 09/29/2023 1:18 PM

Hello City of Eau Claire residents, staff, and Council Members,  
I'm writing to share news from the City of Eau Claire. We are using a new format to send news out. [Prior updates can be found here](#). Take a look at our weekly newsletter to stay on top of what we are working on. Pass it along to friends who can [sign up for different City updates here](#). We welcome you at Council Meetings, Neighborhood Association Meetings, Library Events, and anywhere else that City work takes place. Bear with us as we work out any kinks of this new approach! Also, feel free to [send me feedback](#).

**CITY UPDATES:** Here's some news from around the city.

**Cannery District Construction:** Our Parks Manager, Steve Plaza, shared this update on what's happening with the construction of Cannery Park, which is in the "Cannery" neighborhood, close to the Children's Theater, High Bridge, and the Brewing Projekt: "Cannery Park has been seeing a transformation this past month. Contractors have been grading the sledding hill, playground area, open spaces, and skatepark. The restroom has been framed and its inside painted, and it is now visible if you take a tour in that area. The ADA walkway next to the Madison Street Bridge has been staked, as has the walkway and canoe slide to a scenic viewpoint. Footing is being prepared so that concrete can be poured for the stairs and the sign. The completion of the park is scheduled for early summer 2024. Market and Johnson is the General Contractor for the project, and Cory Tietz is the City's Project Manager for the park construction."

**One Book, One Community 2023:** The L.E. Phillips Memorial Public Library is launching its community reads for 2023. They write: "This highly-anticipated, annual program encourages residents to unite around a single book that delves into critical social and environmental issues affecting the region. The chosen title for this year is New York Times bestseller 'Nature's Best Hope: A New Approach to Conservation That Starts in Your Yard', by Douglas Tallamy. The book is a compelling exploration of biodiversity loss and the role each of us can play in preserving our natural world. The main event will be an Author Talk with Douglas Tallamy at the Chippewa Valley Book Festival on Saturday, October 14th at 9:30AM in the Riverview Room. Registration and additional events can be found here: [www.ecpubliclibrary.info/onebook](http://www.ecpubliclibrary.info/onebook)

**Resettlement Agency Coming to Eau Claire:** The City of Eau Claire has recently worked with partners, including resident volunteer groups, the CVTC,

the Department of Human Services, and the Health Department, to assist an organization called World Relief as they explore opening a branch of their agency in Eau Claire. The organization, which draws on its own funding sources, is currently securing office space and hiring staff. They expect to be all situated by this fall, and they will begin to welcome refugees for settlement in Eau Claire in 2024. They write that: “The total number of refugees we have been approved to welcome to the Chippewa Valley for FY2024 is 75 people.” New residents of Eau Claire will help fill gaps in our very tight labor market and will bring a richness of perspectives and contributions to our community.

**QUESTION AND ANSWERS:** Here are some questions that have come through the City Manager’s Office this week. *Have a question you’d like answered? [Submit it here.](#)*

**TDS Installation Impact**

Question: “How is TDS repairing areas of grass or landscaping that have been damaged due to the installation of fiber?”

Answer from City Staff: City Engineer Dave Solberg shared: “Our discussions with TDS have resulted in them carrying out restoration within the existing permitted areas according to set timelines. We have been tracking locations based on e-mails and calls and relaying those restoration locations to TDS/Tilson daily. Last week, we started inspection of the restoration complaint locations, and that will continue through this process. TDS/Tilson is on track to have their restoration brought into compliance by the beginning of October. We’ve seen great improvement with the new restoration sub-contractor and their work towards meeting the restoration requirements over the past two weeks.”

**EV Charging on Forest Street**

Question: “I was wondering what the timeline is for the EV charging at Forest Street. I have seen it used by vehicles, but I have noticed that the site is not completed, and the canopy structure by Solar Forma is not yet installed.”

Answer from City Staff: Planning Manager Ned Noel said: “EV charging has been going on over a year there but the Solar Forma Design has had some business issues and delays. They have proposed to complete the project by end of October.”

**Trail from Mayo**

Question: “Any updates on the Half Moon Lake Trail construction from Folsom Street south to West Madison Street?”

Answer from City Staff: City Engineer Dave Solberg said: “We ran into a problem in the right-of-way that the City purchased 30+ years ago...but we have worked through it. Unfortunately, WisDOT’s budget is tight, and if we don’t get the contract awarded by late October, construction may not start until 2026... so we’re really pushing to get it bid ASAP!”

**Jeffers Road Trail**

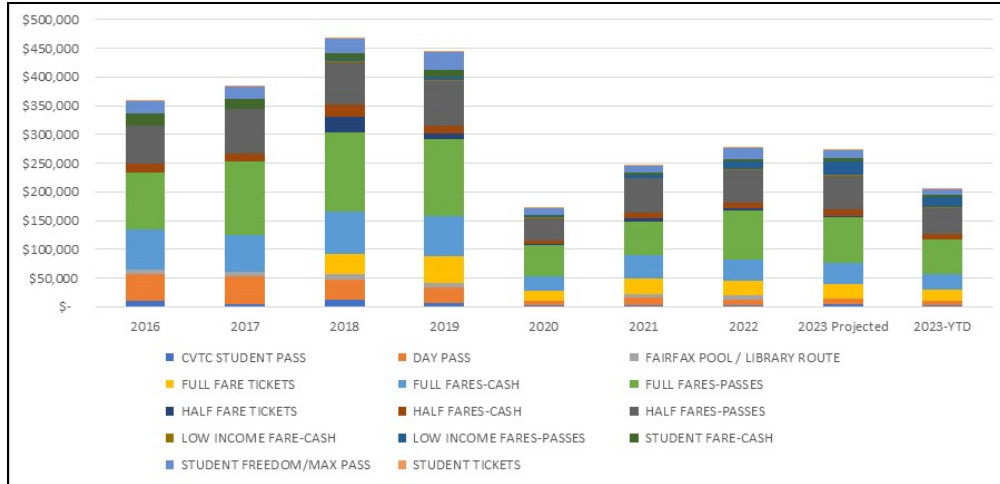

Question: “I noticed utility poles in the middle of the trail on the southern end of the Jeffers Road reconstruction, looking south toward the North Crossing. Will these be moved?”

Answer from City Staff: City Engineer Dave Solberg said: “Xcel Energy wasn’t able to move the poles this year, so we made sure we had four-foot clearance around them and paved the trail. Next year, Xcel Energy will saw a square of the trail out, move the poles, and repave the areas that have been removed.”

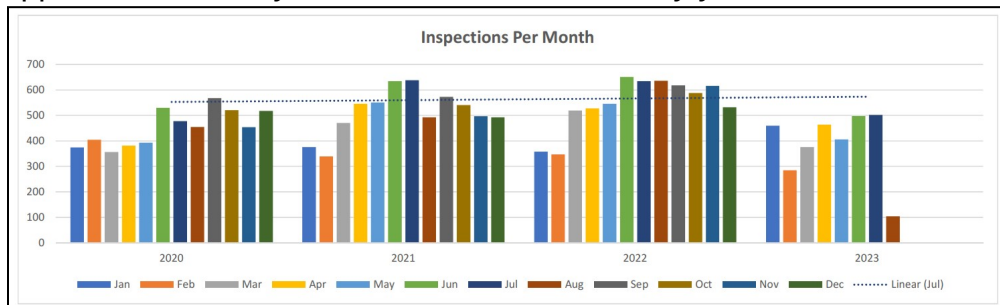

**EAUSTAT NEWS:** The City holds weekly meetings with departments to talk about their data, their goals, and any challenges they may be facing. This program is called "EauStat". Read on below for some data from the meetings we held this week.

**Transit:** Transit EauStat met last week, and here’s what we discussed. In our Transit Division, so far for 2023, we are seeing an increase in ridership as compared to 2022. At this same time last year, there had been 256,688 riders. In 2023, there have been 392,336 riders, which is an increase by 52.8 percent. While numbers have been trending upward since the pandemic, ridership has been significantly lower than pre-pandemic ridership. Fare revenue in 2023 is on track to match 2022’s fare revenue. The Transit team has been hard at work on several projects, including the Community Pass Pilot, which is a project aimed at exploring creative transit projects to increase access and make transit more equitable. Other projects include working on bus tracking, arranging for demand response services, and exploring marketing opportunities.

**Inspections:** Inspections EauStat also met last week. We have seen record construction years in recent years, and this year is on pace with only a slight decrease. The same hot market that has driven up our inspections numbers has also impacted our ability to staff our Inspections Division positions. In particular, the City has faced a significant challenge in hiring a Plumbing Inspector, due to the competition from the private sector, where master plumbers can earn in excess of \$100K per year. We continue to seek solutions to this gap. (If you know a plumber, please share this link with them and encourage them to apply: [Job Openings | Sorted by Posting Date descending | JOB OPENINGS \(governmentjobs.com\)](#)) Our Inspections staff are working extremely hard to keep up with the incredible pace of permits pulled, and we appreciate how they have weathered these busy years!

**EMPLOYEE SPOTLIGHT:** We have the best employees! Get to know one of them this week. (And [submit your suggestion for an employee to spotlight here...](#))

Today we highlight **Tess Morgan**. A co-worker said this about Tess: “Tess is a huge part of communication successes for the community. She is dedicated to helping make sure news from the City is communicated through multiple channels. More importantly, she recognizes the need to help some of our community partners get out the message of needs, often resulting in the news further carrying the stories. Tess is also a joy to work with, and she has a great sense of humor and an amazing knowledge of the City's past endeavors. She also makes a mighty fine pizza!”

Here's some more information about Tess:

- Your Position: “For a bit over five years, I’ve been the Media & Communications Specialist for the City. I send out meeting notices and news releases, handle our social media accounts and the website, monitor news/social media, etc., develop messaging for us, and design the images seen on the big monitors in City Hall, plus a few other things.”
- Something People May Not Know: “In the last 10 years or so, I’ve learned to downhill ski, snorkeled, become certified to captain a sailboat, won first place in a dance competition, left my life-long career to start working with the City, and got married last year. It’s NEVER too late to try new things and begin new chapters of your life – ‘comparison is the thief of joy’, so don’t limit yourself just because others have done things sooner in life.” (Theodore Roosevelt quote)
- Favorite Activity: “Bicycling Wisconsin’s amazing rails-to-trails system (especially in spring and fall) and cooking for people.”
- Best Thing about Working for City: “We have a really great quality of life in Eau Claire, and it’s an honor to work with the amazing people who make that happen – it’s truly mind blowing HOW MUCH gets done with the number of employees we have. I also appreciate the opportunities for growth and career development.”
- Life Philosophy: “There isn’t a single phrase that really sums it all up, but I think it’s important to act with integrity and honesty, follow the Golden Rule, and always just do the best you can - some days that ends up being more than other days, and that’s okay ;)”
- Anything else? “To borrow a quote – ‘There is more that unites us than divides us.’ We are not as divided as the extreme headlines on some news outlets and Facebook memes may lead you to believe, so please don’t give them too much attention.”

**SHOUT OUTS:** Here's some reports of employees who went above and beyond.

**Spirit Award:** Attached is a picture of Human Resources Director Colleen Schian and retired Deputy Fire Chief Al Bertrang receiving awards last week at the Peer Support Conference. In the photo, Colleen's award says "Spirit Award 2023" and Al's says "Meritorious Service Award 2023." Both awards were given in recognition of Colleen and Al's contributions to the Peer Support team and related endeavors. The Peer Support team is a program in which Police and Fire staff work with co-workers to ensure they are able to handle the trauma and stress that come with being a first responder.

**911 Caller:** On August 22nd, a community member made a frantic 911 call believing she had an intruder in her home. She advised that when she attempted to use her attic access door, someone pushed back down on the door from above which then struck her in the head. She fled the house immediately. Based on the call nature, several officers rushed to the scene to assist. What unfolded during the incident is best described in the homeowner's letter which was showcased in the Leader Telegram's Voice of the People on September 15th.

*"On Aug. 22, I experienced the biggest fear of my life. I was home alone and believed I had an intruder who was trying to hurt me. I vacated my house and called 911.*

*Everyone from the 911 operator to the officers who came to clear my home treated me in an exemplary manner. The kindness, compassion and thoroughness with which I was listened to, and then when my home was searched, matched and indeed surpassed all my expectations.*

*I was never made to feel as though I was a woman home alone with her husband out of town who was imagining things. In fact, when I was feeling silly about calling the police, I was reassured that they would rather check out something that ended up being nothing than have me not call and it be something that was indeed a threat. The officers discovered that my attic trap door counterweight system had failed and crashed down on me, not that anyone was up there trying to hurt me.*

*Thank you from the bottom of my heart for the way I was treated. I felt protected, valued and safe. I am proud to live in a city that has such an excellent police department watching over and protecting me."*

The Eau Claire Police Department takes pride in serving the community with care and compassion. We thank the personnel involved for demonstrating our

values, including Telecommunicators Melissa Stone and Brittany Bowe, Officers Derek Jack, Austin Summers, Rogelio Gonzales, and Brian Leach, and Sergeant Olivia Erl.

### **PHOTOS FROM AROUND TOWN**

**Library Strategic Planning:** Pictured here are some images from the Library's Strategic Planning process. Staff were reviewing constituent feedback and working to prioritize the different services and programming the Library provides. The City as a whole is hoping to replicate this process for all its divisions and departments.

### **COUNCIL CALENDAR**

- *September 29th – City Council receives 2024 Proposed Operating Budget*
- Monday, October 9th: Council Public Hearing/Discussion Night (Public Hearing #1 on 2024 Proposed Operating Budget and State of the City)
- Tuesday, October 10th: Council Meeting (City Council Operating Budget Work Session #3)
- Monday, October 23rd: Council Public Hearing/Discussion Night
- Tuesday, October 24th: Council Meeting (City Council Operating Budget Work Session #4 – Amendment Discussion)
- *November 3rd – City Council Budget Amendments Due*
- Monday, November 6th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion
- Monday, November 13th: Council Public Hearing/Discussion Night (Public Hearing #2 on 2024 Proposed Operating Budget)
- Tuesday, November 14th: Council Meeting (City Council action on 2024 Proposed Operating Budget and levy)
- Monday, December 18th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion

## **City Manager's Weekly Update 9/29/23: Cannery Park, TDS, Trails, and Transit**

**Post Date:** 09/29/2023 1:18 PM

Hello City of Eau Claire residents, staff, and Council Members, I'm writing to share news from the City of Eau Claire. We are using a new format to send news out. [Prior updates can be found here](#). Take a look at our weekly newsletter to stay on top of what we are working on. Pass it along to friends who can [sign up for different City updates here](#). We welcome you at Council Meetings, Neighborhood Association Meetings, Library Events, and anywhere else that City work takes place. Bear with us as we work out any kinks of this new approach! Also, feel free to [send me feedback](#).

**CITY UPDATES:** Here's some news from around the city.

**Cannery District Construction:** Our Parks Manager, Steve Plaza, shared this update on what's happening with the construction of Cannery Park, which is in the "Cannery" neighborhood, close to the Children's Theater, High Bridge, and the Brewing Projekt: "Cannery Park has been seeing a transformation this past month. Contractors have been grading the sledding hill, playground area, open spaces, and skatepark. The restroom has been framed and its inside painted, and it is now visible if you take a tour in that area. The ADA walkway next to the Madison Street Bridge has been staked, as has the walkway and canoe slide to a scenic viewpoint. Footing is being prepared so that concrete can be poured for the stairs and the sign. The completion of the park is scheduled for early summer 2024. Market and Johnson is the General Contractor for the project, and Cory Tietz is the City's Project Manager for the park construction."

**One Book, One Community 2023:** The L.E. Phillips Memorial Public Library is launching its community reads for 2023. They write: “This highly-anticipated, annual program encourages residents to unite around a single book that delves into critical social and environmental issues affecting the region. The chosen title for this year is New York Times bestseller 'Nature's Best Hope: A New Approach to Conservation That Starts in Your Yard', by Douglas Tallamy. The book is a compelling exploration of biodiversity loss and the role each of us can play in preserving our natural world. The main event will be an Author Talk with Douglas Tallamy at the Chippewa Valley Book Festival on Saturday, October 14th at 9:30AM in the Riverview Room. Registration and additional events can be found here: [www.ecpubliclibrary.info/onebook](http://www.ecpubliclibrary.info/onebook)

**Resettlement Agency Coming to Eau Claire:** The City of Eau Claire has recently worked with partners, including resident volunteer groups, the CVTC, the Department of Human Services, and the Health Department, to assist an organization called World Relief as they explore opening a branch of their agency in Eau Claire. The organization, which draws on its own funding sources, is currently securing office space and hiring staff. They expect to be all situated by this fall, and they will begin to welcome refugees for settlement in Eau Claire in 2024. They write that: “The total number of refugees we have

been approved to welcome to the Chippewa Valley for FY2024 is 75 people." New residents of Eau Claire will help fill gaps in our very tight labor market and will bring a richness of perspectives and contributions to our community.

**QUESTION AND ANSWERS:** Here are some questions that have come through the City Manager's Office this week. *Have a question you'd like answered? [Submit it here.](#)*

#### **TDS Installation Impact**

Question: "How is TDS repairing areas of grass or landscaping that have been damaged due to the installation of fiber?"

Answer from City Staff: City Engineer Dave Solberg shared: "Our discussions with TDS have resulted in them carrying out restoration within the existing permitted areas according to set timelines. We have been tracking locations based on e-mails and calls and relaying those restoration locations to TDS/Tilson daily. Last week, we started inspection of the restoration complaint locations, and that will continue through this process. TDS/Tilson is on track to have their restoration brought into compliance by the beginning of October. We've seen great improvement with the new restoration sub-contractor and their work towards meeting the restoration requirements over the past two weeks."

#### **EV Charging on Forest Street**

Question: "I was wondering what the timeline is for the EV charging at Forest Street. I have seen it used by vehicles, but I have noticed that the site is not completed, and the canopy structure by Solar Forma is not yet installed."

Answer from City Staff: Planning Manager Ned Noel said: "EV charging has been going on over a year there but the Solar Forma Design has had some business issues and delays. They have proposed to complete the project by end of October."

#### **Trail from Mayo**

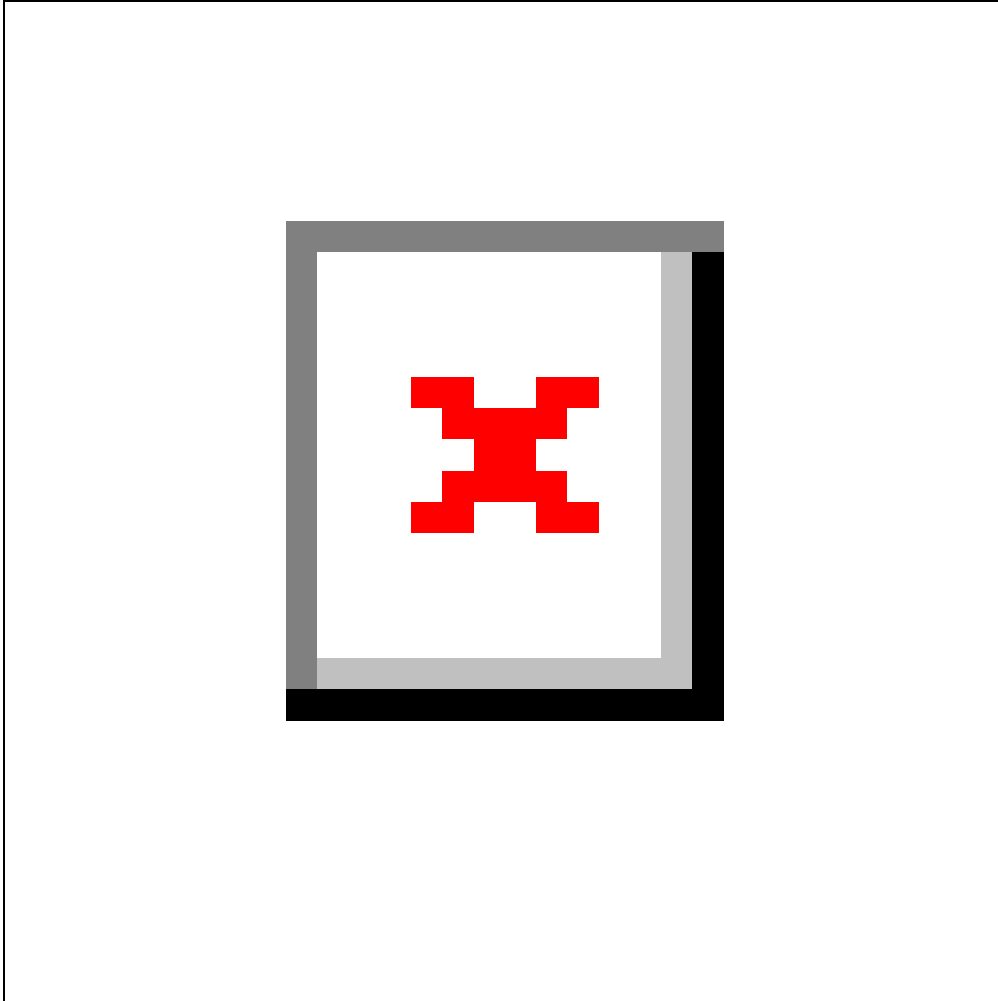

Question: "Any updates on the Half Moon Lake Trail construction from Folsom Street south to West Madison Street?"

Answer from City Staff: City Engineer Dave Solberg said: "We ran into a problem in the right-of-way that the City purchased 30+ years ago...but we have worked through it. Unfortunately, WisDOT's budget is tight, and if we don't get the contract awarded by late October, construction may not start until 2026... so we're really pushing to get it bid ASAP!"

#### **Jeffers Road Trail**

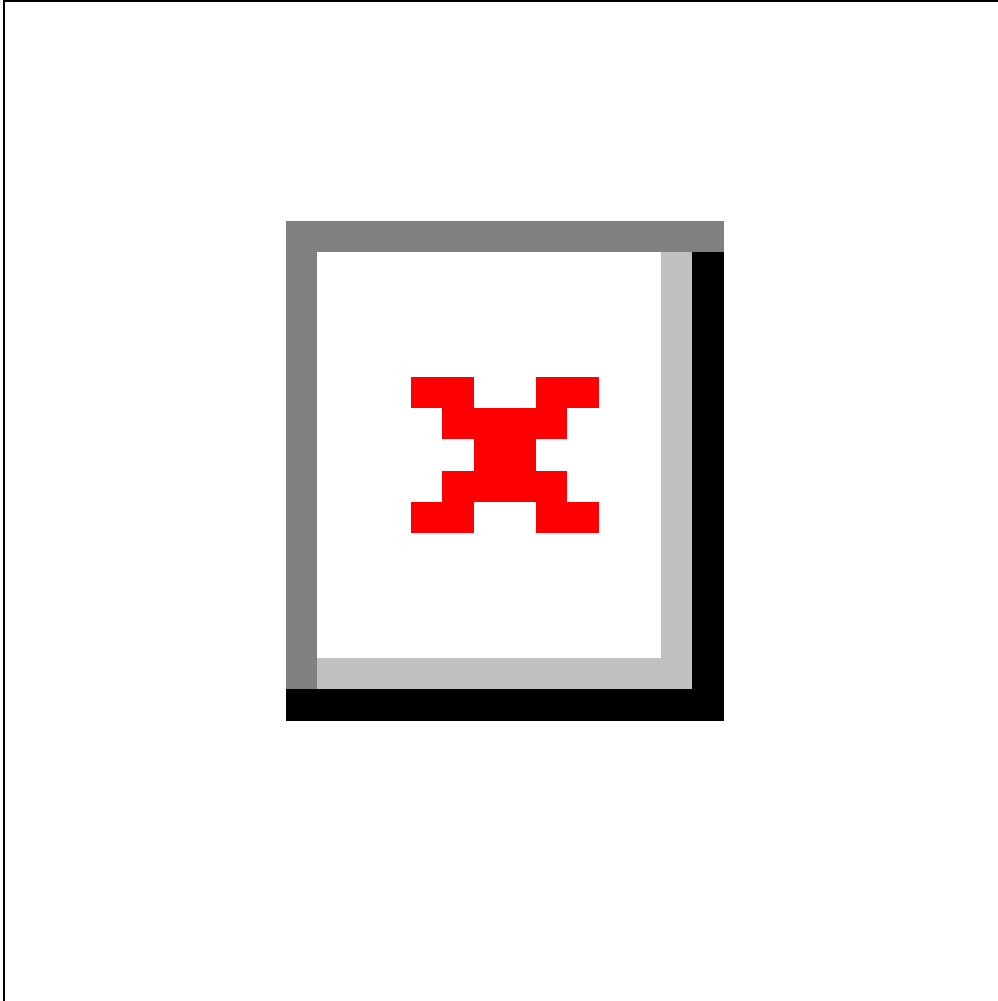

Question: "I noticed utility poles in the middle of the trail on the southern end of the Jeffers Road reconstruction, looking south toward the North Crossing. Will these be moved?"

Answer from City Staff: City Engineer Dave Solberg said: "Xcel Energy wasn't able to move the poles this year, so we made sure we had four-foot clearance around them and paved the trail. Next year, Xcel Energy will saw a square of the trail out, move the poles, and repave the areas that have been removed."

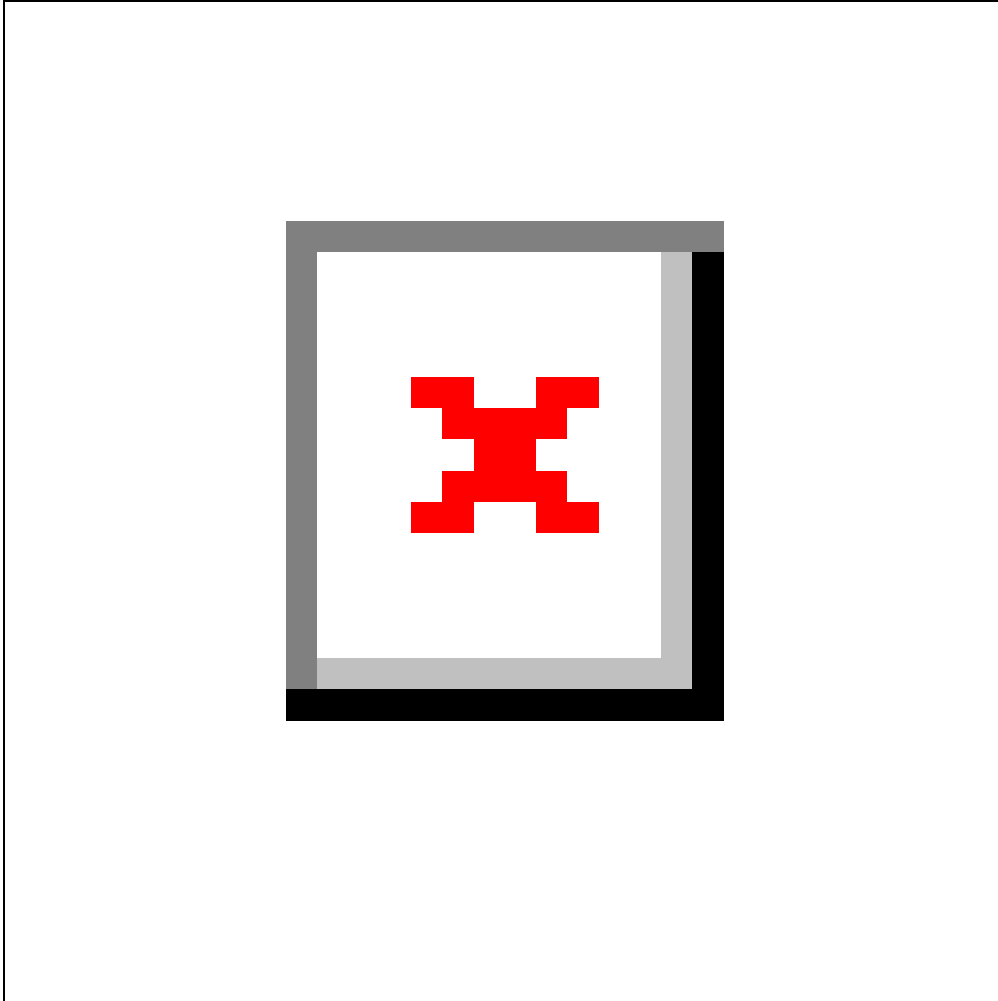

**EAUSTAT NEWS**: The City holds weekly meetings with departments to talk about their data, their goals, and any challenges they may be facing. This program is called "EauStat". Read on below for some data from the meetings we held this week.

**Transit**: Transit EauStat met last week, and here's what we discussed. In our Transit Division, so far for 2023, we are seeing an increase in ridership as compared to 2022. At this same time last year, there had been 256,688 riders. In 2023, there have been 392,336 riders, which is an increase by 52.8 percent. While numbers have been trending upward since the pandemic, ridership has been significantly lower than pre-pandemic ridership. Fare revenue in 2023 is on track to match 2022's fare revenue. The Transit team has been hard at work on several projects, including the Community Pass Pilot, which is a project aimed at exploring creative transit projects to increase access and make transit more equitable. Other projects include working on bus tracking, arranging for demand response services, and exploring marketing opportunities.

**Inspections:** Inspections EauStat also met last week. We have seen record construction years in recent years, and this year is on pace with only a slight decrease. The same hot market that has driven up our inspections numbers has also impacted our ability to staff our Inspections Division positions. In particular, the City has faced a significant challenge in hiring a Plumbing Inspector, due to the competition from the private sector, where master plumbers can earn in excess of \$100K per year. We continue to seek solutions to this gap. (If you know a plumber, please share this link with them and encourage them to apply: [Job Openings | Sorted by Posting Date descending | JOB OPENINGS \(governmentjobs.com\)](#)) Our Inspections staff are working extremely hard to keep up with the incredible pace of permits pulled, and we appreciate how they have weathered these busy years!

**EMPLOYEE SPOTLIGHT:** We have the best employees! Get to know one of them this week. (And [submit your suggestion for an employee to spotlight here...](#))

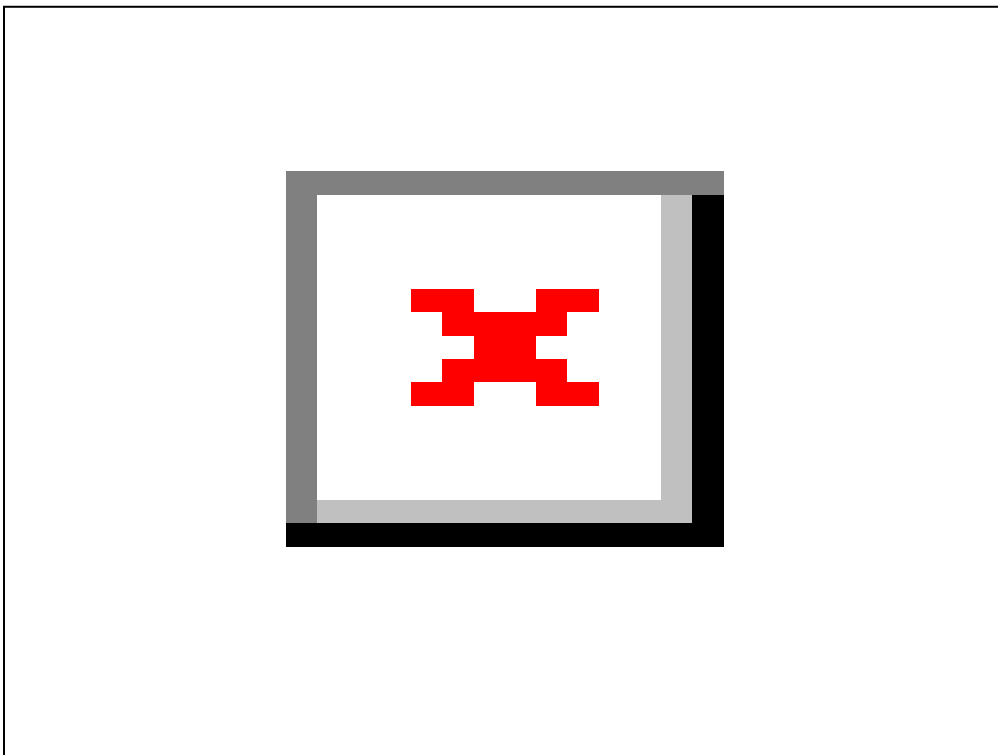

Today we highlight **Tess Morgan**. A co-worker said this about Tess: "Tess is a huge part of communication successes for the community. She is dedicated to helping make sure news from the City is communicated through multiple channels. More importantly, she recognizes the need to help some of our community partners get out the message of needs, often resulting in the news further carrying the stories. Tess is also a joy to work with, and she has a great sense of humor and an amazing knowledge of the City's past endeavors. She also makes a mighty fine pizza!"

Here's some more information about Tess:

- Your Position: "For a bit over five years, I've been the Media & Communications Specialist for the City. I send out meeting notices and news releases, handle our social media accounts and the website, monitor news/social media, etc., develop messaging for us, and design

the images seen on the big monitors in City Hall, plus a few other things.”

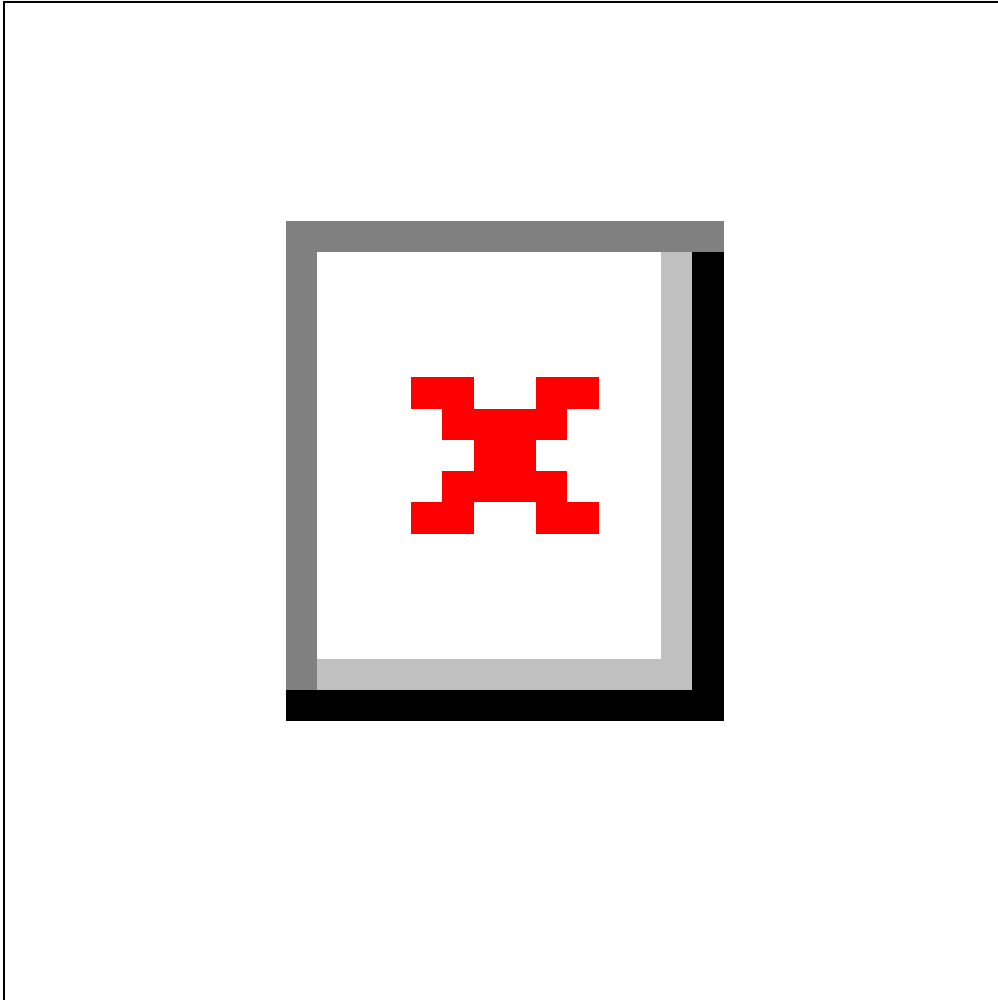

- Something People May Not Know: “In the last 10 years or so, I’ve learned to downhill ski, snorkeled, become certified to captain a sailboat, won first place in a dance competition, left my life-long career to start working with the City, and got married last year. It’s NEVER too late to try new things and begin new chapters of your life – ‘comparison is the thief of joy’, so don’t limit yourself just because others have done things sooner in life.” (Theodore Roosevelt quote)
- Favorite Activity: “Bicycling Wisconsin’s amazing rails-to-trails system (especially in spring and fall) and cooking for people.”
- Best Thing about Working for City: “We have a really great quality of life in Eau Claire, and it’s an honor to work with the amazing people who make that happen – it’s truly mind blowing HOW MUCH gets done with the number of employees we have. All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

[CLICK HERE TO REGISTER](#) *Please RSVP by Friday, October 13, 2023*  
Feel free to share this invitation with other service providers in the Chippewa Valley network

Please attend our

## Inaugural Refugee Community Partner Meeting

Hosted by World Relief Wisconsin – Chippewa Valley

Wednesday, October 18, 2023 9:30-11am

9:30AM – 10AM Overview of refugee resettlement in the Chippewa Valley  
10AM – 10:30AM Breakout Session by service provision to discuss referrals and processes  
10:30 – 11AM Networking (optional)

L.E. Phillips Memorial Public Library  
400 Eau Claire Street  
Eau Claire, WI 54701  
Riverview Room (Room 306)

Here's the link for more information about the Community Gathering on Oct. 23:  
<https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Again, thank you so much for your support and thank you for the work you do!

The City has already posted the EDI Coordinator position on their website. [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#)

Ua tsaug (Thank you),

**Subject:** [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents. I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

[VFW Post 305](#)  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** World Relief Community Gathering

Good morning,

World Relief is having a Community Gathering for the Chippewa Valley Community at large the evening of October 23 at the library.

Would you please let me know if you're planning to attend? This is for the purpose of Public Notices.

Thank you,

**Anoosheh Hamzehee**

**Subject:** Member Update

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

**Subject:** Re: [EXTERNAL] Fwd: WQOW tonight Friday Oct 20

Hello Kelly, I cannot be sure about the opening date. There may be disconnects between the opening and the first immigrants with whom they are working. The 10/23 date is still on my calendar so I am saying yes that is still correct. I have not heard an official cancellation of that meeting at the library.

**Subject:** WQOW tonight Friday Oct 20  
**To:** Scott Bolstad <[bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)>

Did you hear the correction on the news tonight about the World Relief Office opening date?

Apparently WQOW stated they were opening the end of this year and tonight the correction was the office is opening the end of next year.

Is that even correct? Did they change the date? Or date WQOW get it wrong again?

My next question is this, will will the meeting on the library Monday Oct 23 at 6 pm with the World Relief Office still take place?

Kelly

**Subject:** Re: [EXTERNAL] Fw: World Relief Refugee Resettlement

Thank you Mr. Bolstad for your letter. I know that there have been immigrants settled in Eau Claire over the past three years through one of the other WI offices of World Relief. Their application to operate in Eau Claire has not been under darkness, but has been through the regulated application process. Churches and non profits in Eau Clair have been performing their work of welcome for decades and have provided funds for resettlement in this case as well.

I am looking forward to being at the October 23 meeting at the library to hear how we may receive immigrants into our community. I look forward to seeing you there.

**Subject:** [EXTERNAL] Fw: World Relief Refugee Resettlement

Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that

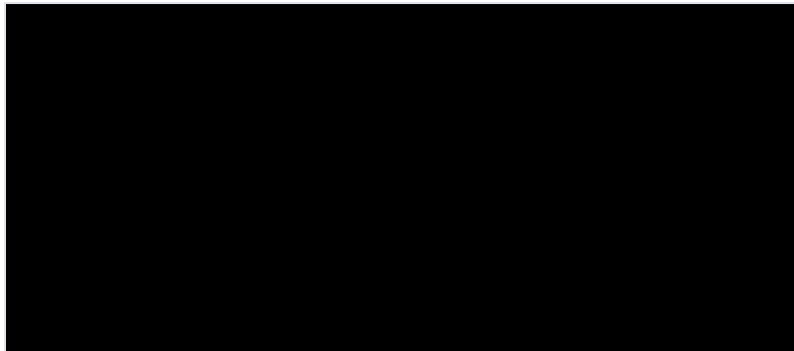

burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees. Despite Tearful Plea - Tennessee Star](#)

**Subject:** World Relief Mission Meeting Tonight

Good morning City Council Members,

I wanted to let everyone know that the ECPD will have a presence at the library during the time that the World Relief Mission meeting is being held. We discussed the meeting on Friday afternoon and felt with the meeting being held in a City building it was appropriate to have ECPD presence during the meeting. I just wanted to reassure everyone that the ECPD is monitoring the situation closely.

If you have any questions just let me know.

Have a great Monday everyone!

-Dave

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

**In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

- **Council Calendar**
- **Special Employee Spotlight:** Melissa Turnquist

Hello Council Members –

Sorry for the delay on this. We, internally, are trying to figure out a way to have just one newsletter that goes out weekly to the Council, the staff, and the public. We're trying to determine the best email marketing/newsletter platform to use. In the meantime, here's this week's. (And you'll get it again in the new format...)

Feel free to share any feedback or suggestions!

Stephanie

## **City Manager's Weekly Update 9/29/23: Cannery Park, TDS, Trails, and Transit**

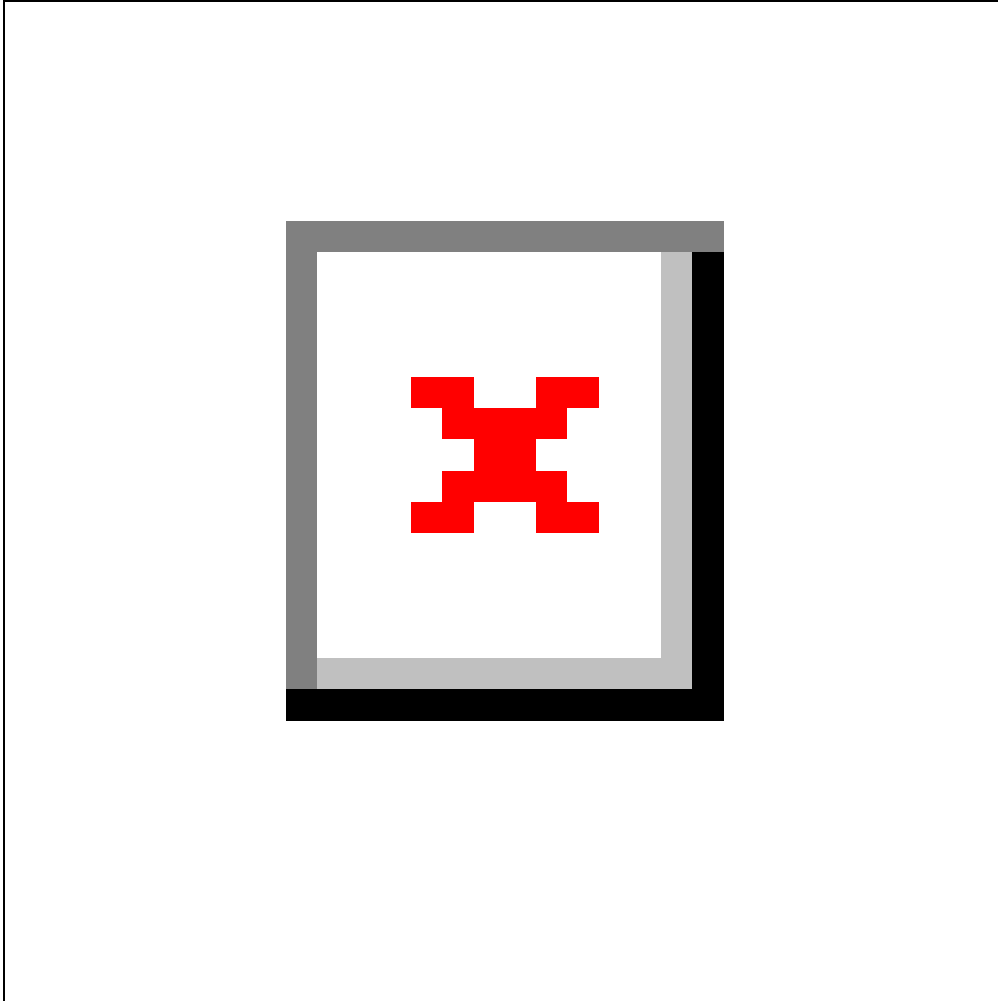

**Post Date:** 09/29/2023 1:18 PM

Hello City of Eau Claire residents, staff, and Council Members,

I'm writing to share news from the City of Eau Claire. We are using a new format to send news out. [Prior updates can be found here](#). Take a look at our weekly newsletter to stay on top of what we are working on. Pass it along to friends who can [sign up for different City updates here](#). We welcome you at Council Meetings, Neighborhood Association Meetings, Library Events, and anywhere else that City work takes place. Bear with us as we work out any kinks of this new approach! Also, feel free to [send me feedback](#).

**CITY UPDATES:** Here's some news from around the city.

**Cannery District Construction:** Our Parks Manager, Steve Plaza, shared this update on what's happening with the construction of Cannery Park, which is in the "Cannery" neighborhood, close to the Children's Theater, High Bridge, and the Brewing Projekt: "Cannery Park has been seeing a transformation this past month. Contractors have been grading the sledding hill, playground area, open spaces, and skatepark. The restroom has been framed and its inside painted, and it is now visible if you take a tour in that area. The ADA walkway next to the Madison Street Bridge has been staked, as has the walkway and canoe slide to a scenic viewpoint. Footing is being prepared so that concrete can be poured for the stairs and the sign. The completion of the park is scheduled for early summer 2024. Market and Johnson is the General Contractor for the project, and Cory Tietz is the City's Project Manager for the park construction."

**One Book, One Community 2023:** The L.E. Phillips Memorial Public Library is launching its community reads for 2023. They write: “This highly-anticipated, annual program encourages residents to unite around a single book that delves into critical social and environmental issues affecting the region. The chosen title for this year is New York Times bestseller 'Nature's Best Hope: A New Approach to Conservation That Starts in Your Yard', by Douglas Tallamy. The book is a compelling exploration of biodiversity loss and the role each of us can play in preserving our natural world. The main event will be an Author Talk with Douglas Tallamy at the Chippewa Valley Book Festival on Saturday, October 14th at 9:30AM in the Riverview Room. Registration and additional events can be found here: [www.ecpubliclibrary.info/onebook](http://www.ecpubliclibrary.info/onebook)

**Resettlement Agency Coming to Eau Claire:** The City of Eau Claire has recently worked with partners, including resident volunteer groups, the CVTC, the Department of Human Services, and the Health Department, to assist an organization called World Relief as they explore opening a branch of their agency in Eau Claire. The organization, which draws on its own funding sources, is currently securing office space and hiring staff. They expect to be

all situated by this fall, and they will begin to welcome refugees for settlement in Eau Claire in 2024. They write that: “The total number of refugees we have been approved to welcome to the Chippewa Valley for FY2024 is 75 people.” New residents of Eau Claire will help fill gaps in our very tight labor market and will bring a richness of perspectives and contributions to our community.

**QUESTION AND ANSWERS:** Here are some questions that have come through the City Manager’s Office this week. *Have a question you’d like answered? [Submit it here.](#)*

### **TDS Installation Impact**

Question: “How is TDS repairing areas of grass or landscaping that have been damaged due to the installation of fiber?”

Answer from City Staff: City Engineer Dave Solberg shared: “Our discussions with TDS have resulted in them carrying out restoration within the existing permitted areas according to set timelines. We have been tracking locations based on e-mails and calls and relaying those restoration locations to TDS/Tilson daily. Last week, we started inspection of the restoration complaint locations, and that will continue through this process. TDS/Tilson is on track to have their restoration brought into compliance by the beginning of October. We’ve seen great improvement with the new restoration sub-contractor and their work towards meeting the restoration requirements over the past two weeks.”

### **EV Charging on Forest Street**

Question: “I was wondering what the timeline is for the EV charging at Forest Street. I have seen it used by vehicles, but I have noticed that the site is not completed, and the canopy structure by Solar Forma is not yet installed.”

Answer from City Staff: Planning Manager Ned Noel said: “EV charging has been going on over a year there but the Solar Forma Design has had some business issues and delays. They have proposed to complete the project by end of October.”

### **Trail from Mayo**

Question: “Any updates on the Half Moon Lake Trail construction from Folsom Street south to West Madison Street?”

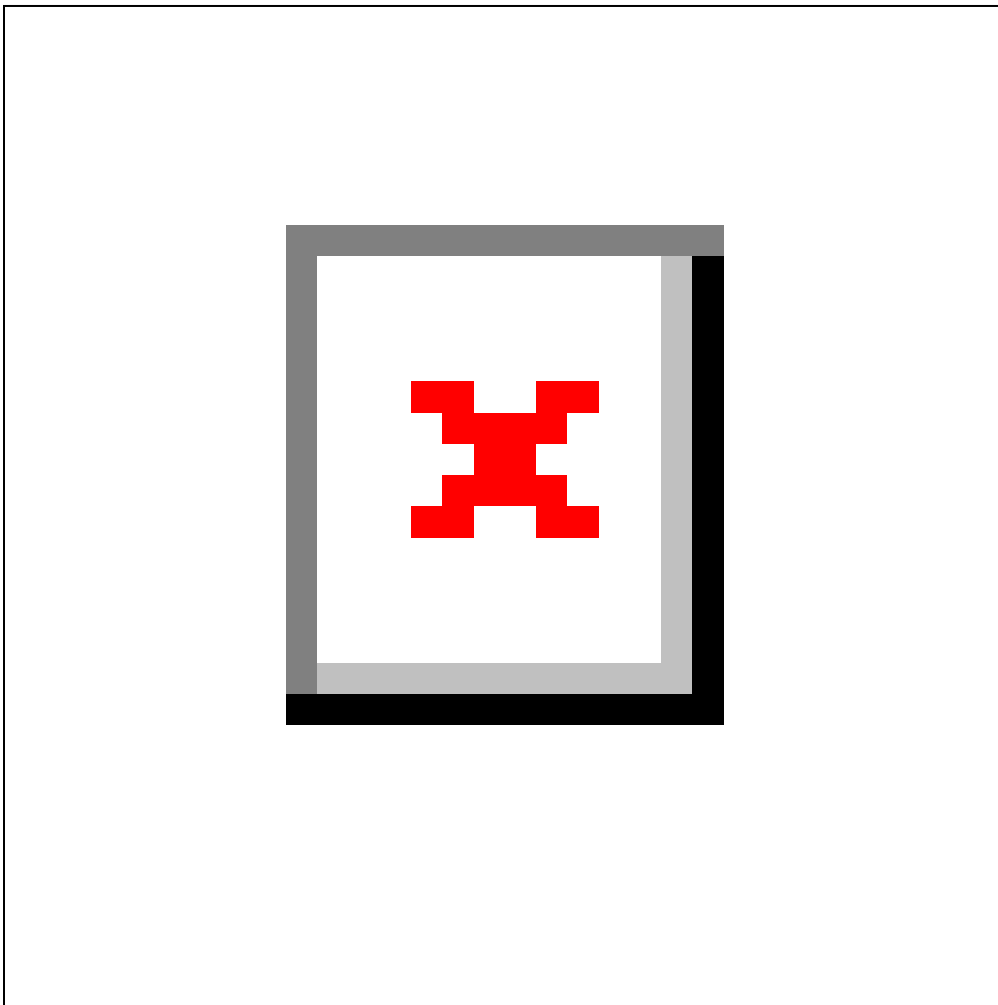

Answer from City Staff: City Engineer Dave Solberg said: “We ran into a problem in the right-of-way that the City purchased 30+ years ago...but we have worked through it. Unfortunately, WisDOT’s budget is tight, and if we

don't get the contract awarded by late October, construction may not start until 2026... so we're really pushing to get it bid ASAP!"

### **Jeffers Road Trail**

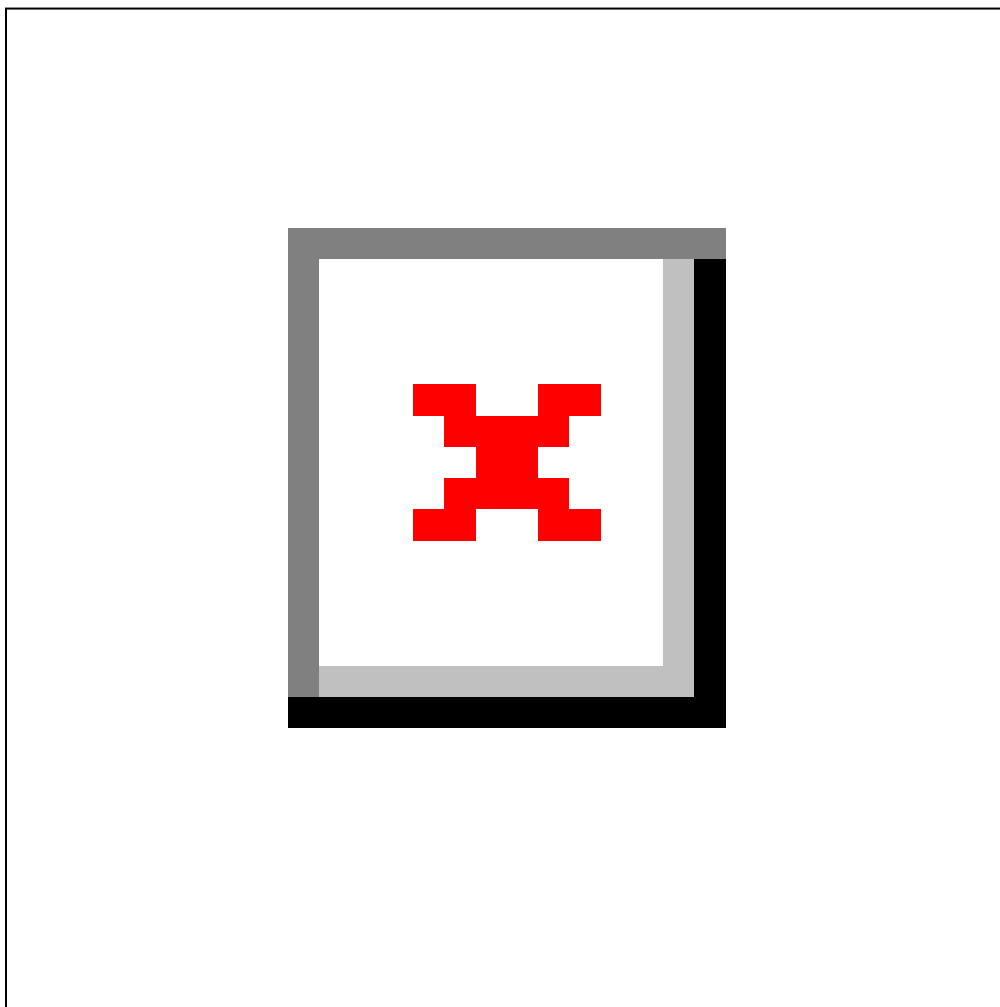

Question: "I noticed utility poles in the middle of the trail on the southern end of the Jeffers Road reconstruction, looking south toward the North Crossing. Will these be moved?"

Answer from City Staff: City Engineer Dave Solberg said: "Xcel Energy wasn't able to move the poles this year, so we made sure we had four-foot clearance around them and paved the trail. Next year, Xcel Energy will saw a square of the trail out, move the poles, and repave the areas that have been removed."

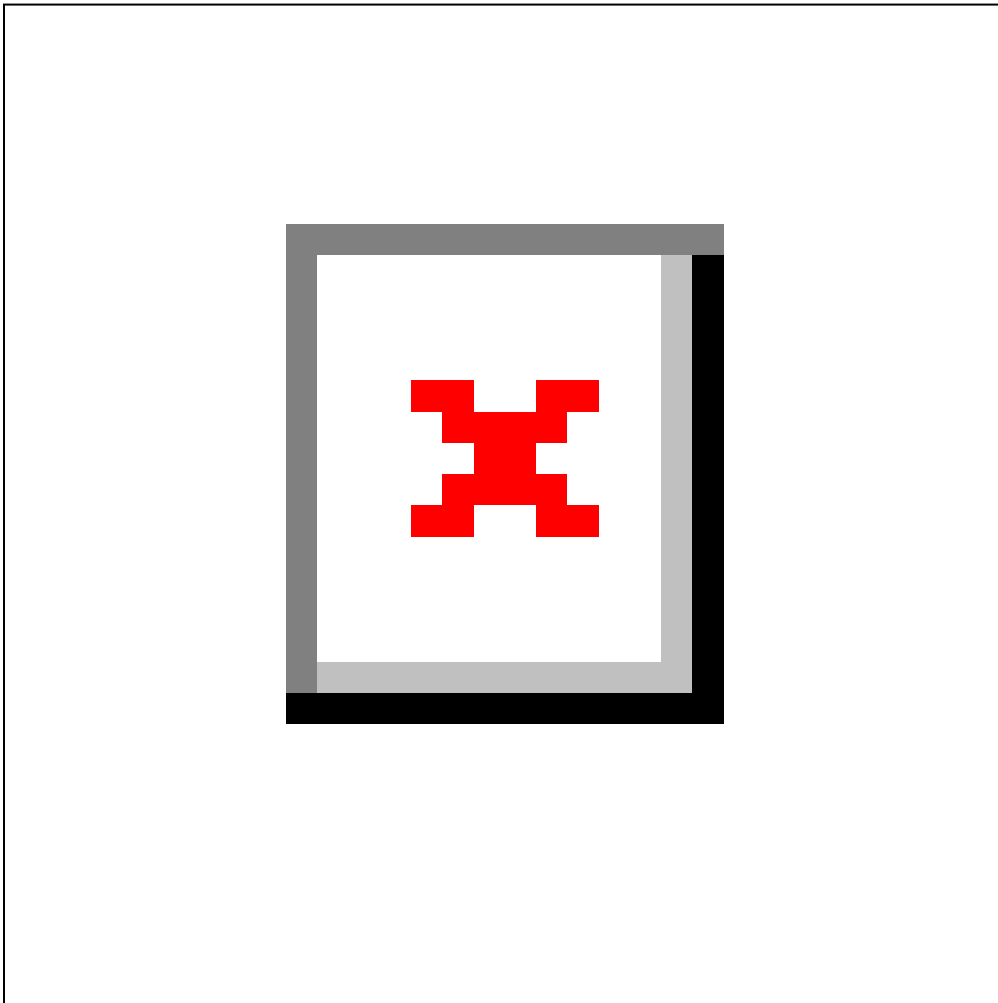

**EAUSTAT NEWS**: The City holds weekly meetings with departments to talk about their data, their goals, and any challenges they may be facing. This program is called "EauStat". Read on below for some data from the meetings we held this week.

**Transit:** Transit EauStat met last week, and here's what we discussed. In our Transit Division, so far for 2023, we are seeing an increase in ridership as compared to 2022. At this same time last year, there had been 256,688 riders. In 2023, there have been 392,336 riders, which is an increase by 52.8 percent. While numbers have been trending upward since the pandemic, ridership has been significantly lower than pre-pandemic ridership. Fare revenue in 2023 is on track to match 2022's fare revenue. The Transit team has been hard at work on several projects, including the Community Pass Pilot, which is a project aimed at exploring creative transit projects to increase access and make transit more equitable. Other projects include working on bus tracking, arranging for demand response services, and exploring marketing opportunities.

**Inspections:** Inspections EauStat also met last week. We have seen record construction years in recent years, and this year is on pace with only a slight decrease. The same hot market that has driven up our inspections numbers has also impacted our ability to staff our Inspections Division positions. In particular, the City has faced a significant challenge in hiring a Plumbing

Inspector, due to the competition from the private sector, where master plumbers can earn in excess of \$100K per year. We continue to seek solutions to this gap. (If you know a plumber, please share this link with them and encourage them to apply: [Job Openings | Sorted by Posting Date descending | JOB OPENINGS \(governmentjobs.com\)](#)) Our Inspections staff are working extremely hard to keep up with the incredible pace of permits pulled, and we appreciate how they have weathered these busy years!

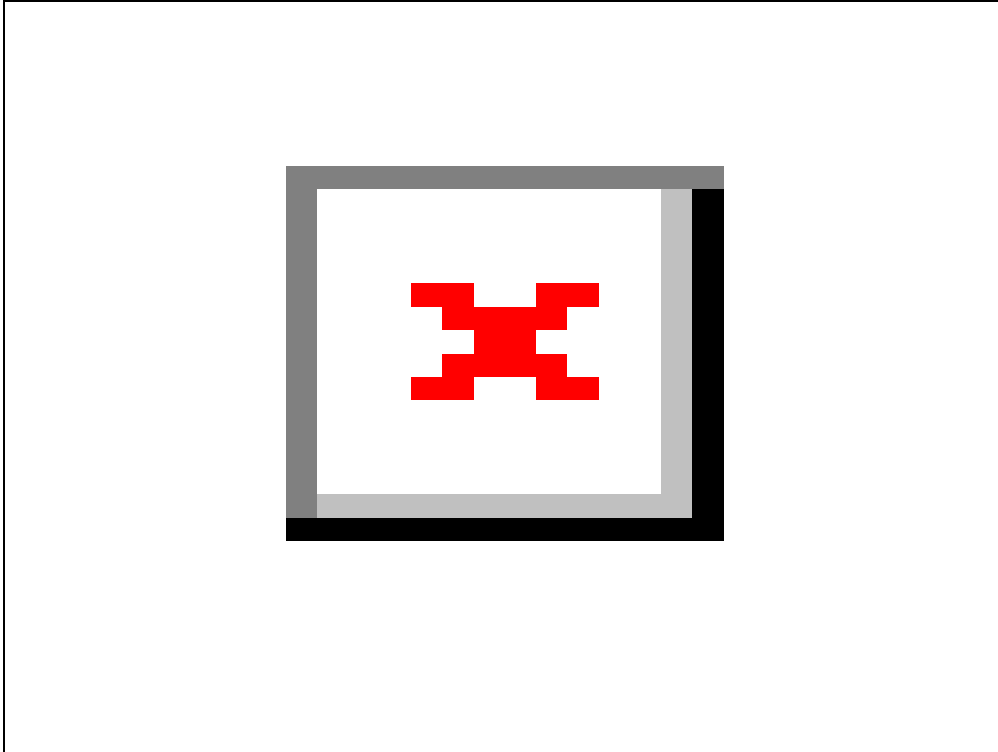

**EMPLOYEE SPOTLIGHT:** We have the best employees! Get to know one of them this week. (And [submit your suggestion for an employee to spotlight here...](#))

Today we highlight **Tess Morgan**. A co-worker said this about Tess: “Tess is a huge part of communication successes for the community. She is dedicated to helping make sure news from the City is communicated through multiple channels. More importantly, she recognizes the need to help some of our

community partners get out the message of needs, often resulting in the news further carrying the stories. Tess is also a joy to work with, and she has a great sense of humor and an amazing knowledge of the City's past endeavors. She also makes a mighty fine pizza!"

Here's some more information about Tess:

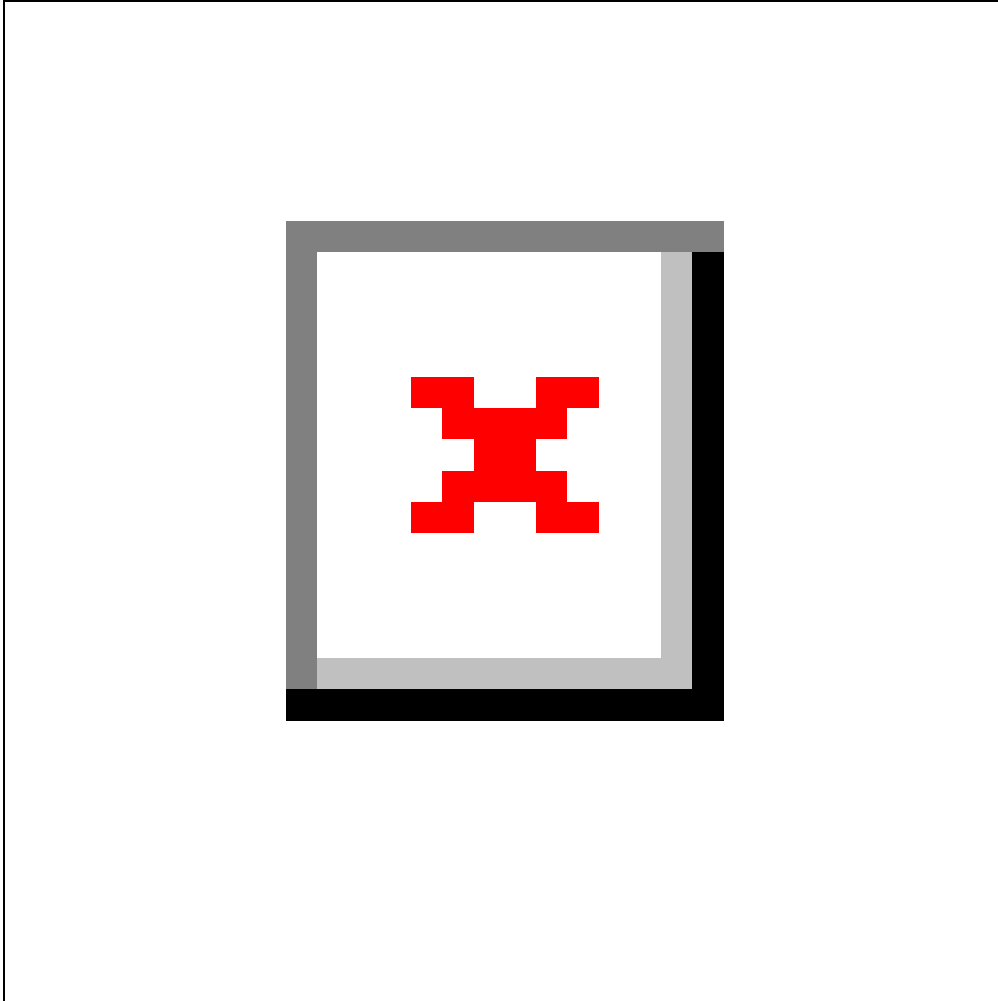

- Your Position: "For a bit over five years, I've been the Media & Communications Specialist for the City. I send out meeting notices and news releases, handle our social media accounts and the website, monitor news/social media, etc., develop messaging for us, and design the images seen on the big monitors in City Hall, plus a few other things."
- Something People May Not Know: "In the last 10 years or so, I've learned to downhill ski, snorkeled, become certified to captain a sailboat, won first place in a dance competition, left my life-long career to start working with the City, and got married last year. It's NEVER too late to try new things and begin new chapters of your life – 'comparison is the thief of joy', so don't limit yourself just because others have done things sooner in life." (Theodore Roosevelt quote)
- Favorite Activity: "Bicycling Wisconsin's amazing rails-to-trails system (especially in spring and fall) and cooking for people."
- Best Thing about Working for City: "We have a really great quality of life in Eau Claire, and it's an honor to work with the amazing people who make that happen – it's truly mind blowing HOW MUCH gets done with the number of employees we have. I also appreciate the opportunities for growth and career development."
- Life Philosophy: "There isn't a single phrase that really sums it all up, but I think it's important to act with integrity and honesty, follow the Golden Rule, and always just do the best you can - some days that ends up being more than other days, and that's okay ;)"
- Anything else? "To borrow a quote – 'There is more that unites us than divides us.' We are not as divided as the extreme headlines on some news outlets and Facebook memes may lead you to believe, so please don't give them too much attention."

**SHOUT OUTS:** Here's some reports of employees who went above and beyond.

**Spirit Award:** Attached is a picture of Human Resources Director Colleen Schian and retired Deputy Fire Chief Al Bertrang receiving awards last week at the Peer Support Conference. In the photo, Colleen's award says "Spirit Award 2023" and Al's says "Meritorious Service Award 2023." Both awards were given in recognition of Colleen and Al's contributions to the Peer Support team and related endeavors. The Peer Support team is a program in which Police and Fire staff work with co-workers to ensure they are able to handle the trauma and stress that come with being a first responder.

**911 Caller:** On August 22nd, a community member made a frantic 911 call believing she had an intruder in her home. She advised that when she attempted to use her attic access door, someone pushed back down on the door from above which then struck her in the head. She fled the house immediately. Based on the call nature, several officers rushed to the scene to assist. What unfolded during the incident is best described in the homeowner's letter which was showcased in the Leader Telegram's Voice of the People on September 15th.

*"On Aug. 22, I experienced the biggest fear of my life. I was home alone and believed I had an intruder who was trying to hurt me.*

*I vacated my house and called 911.*

*Everyone from the 911 operator to the officers who came to clear my home treated me in an exemplary manner. The kindness, compassion and thoroughness with which I was listened to, and then when my home was searched, matched and indeed surpassed all my expectations.*

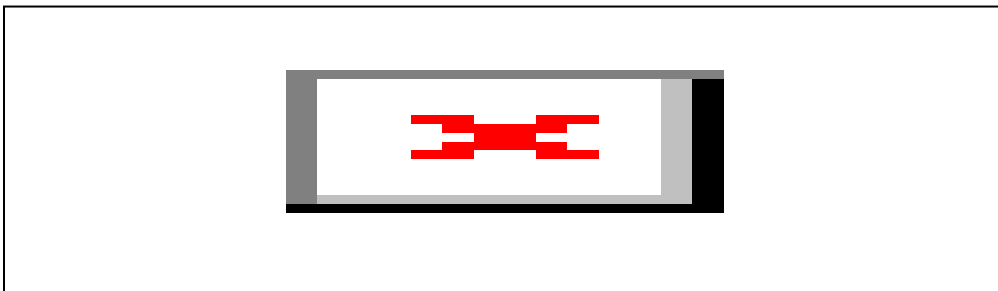

*I was never made to feel as though I was a woman home alone with her husband out of town who was imagining things. In fact, when I was feeling silly about calling the police, I was reassured that they would rather check out something that ended up being nothing than have me not call and it be something that was indeed a threat. The officers discovered that my attic trap door counterweight system had failed and crashed down on me, not that anyone was up there trying to hurt me.*

*Thank you from the bottom of my heart for the way I was treated. I felt protected, valued and safe. I am proud to live in a city that has such an excellent police department watching over and protecting me.”*

The Eau Claire Police Department takes pride in serving the community with care and compassion. We thank the personnel involved for demonstrating our values, including Telecommunicators Melissa Stone and Brittany Bowe, Officers Derek Jack, Austin Summers, Rogelio Gonzales, and Brian Leach, and Sergeant Olivia Erl.

## **PHOTOS FROM AROUND TOWN**

**Library Strategic Planning:** Pictured here are some images from the Library’s Strategic Planning process. Staff were reviewing constituent feedback and working to prioritize the different services and programming the Library provides. The City as a whole is hoping to replicate this process for all its divisions and departments.

## **COUNCIL CALENDAR**

- *September 29th – City Council receives 2024 Proposed Operating Budget*
- Monday, October 9th: Council Public Hearing/Discussion Night (Public Hearing #1 on 2024 Proposed Operating Budget and State of the City)
- Tuesday, October 10th: Council Meeting (City Council Operating Budget Work Session #3)

- Monday, October 23rd: Council Public Hearing/Discussion Night
- Tuesday, October 24th: Council Meeting (City Council Operating Budget Work Session #4 – Amendment Discussion)
- *November 3rd – City Council Budget Amendments Due*
- Monday, November 6th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion
- Monday, November 13th: Council Public Hearing/Discussion Night (Public Hearing #2 on 2024 Proposed Operating Budget)
- Tuesday, November 14th: Council Meeting (City Council action on 2024 Proposed Operating Budget and levy)
- Monday, December 18th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion

Subject: Fw: City Manager's Weekly Update 9/29/23: Cannery Park, TDS, Trails, and Transit

Dear Friends, This weekly update on community items is new from the City Manager's office. Maybe you would like to encourage persons in the neighborhood to subscribe (How-to info is in the update) or have your media persons post to your facebook. You probably have an even better idea!

If you like it or not, let the city manager's office know your thoughts. Thanks for your work in building our community,

Jill Christopherson

District 4, Eau Claire Westside

## **City Manager's Weekly Update 9/29/23: Cannery Park, TDS, Trails, and Transit**

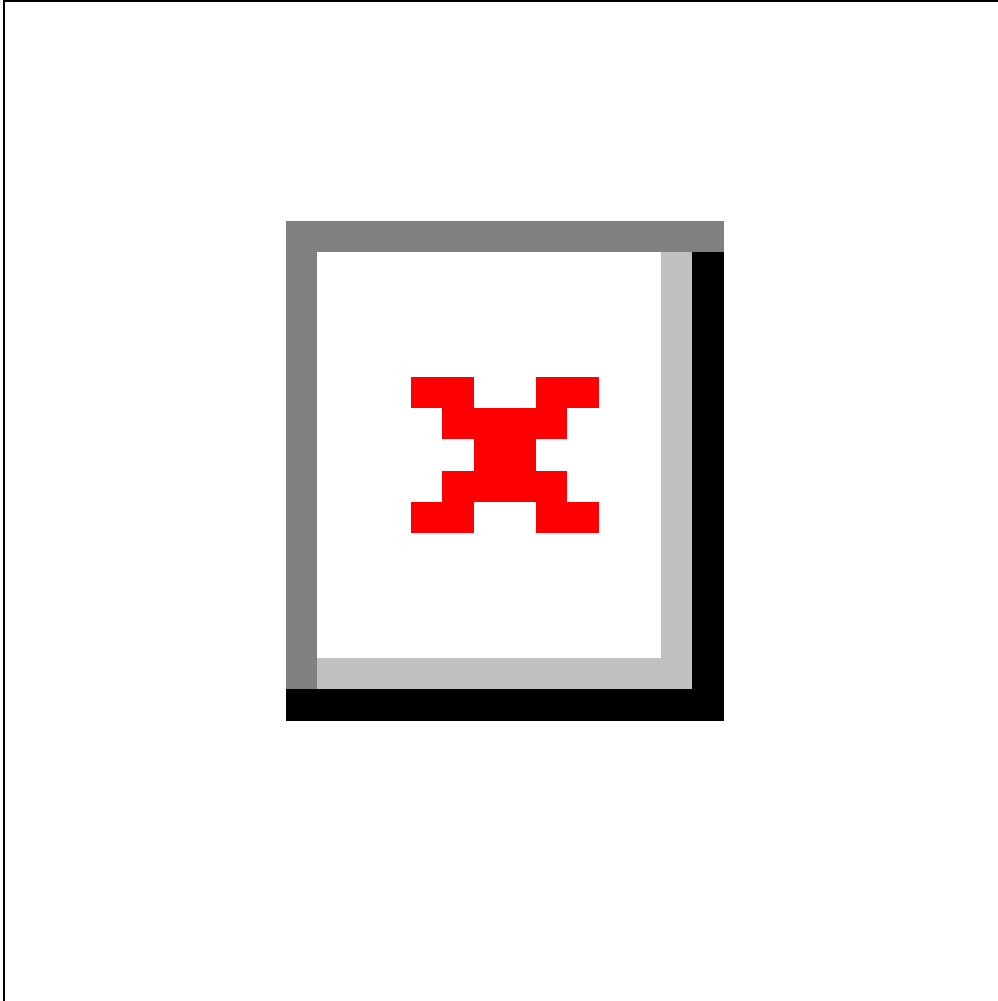

**Post Date:** 09/29/2023 1:18 PM

Hello City of Eau Claire residents, staff, and Council Members,

I'm writing to share news from the City of Eau Claire. We are using a new format to send news out. [Prior updates can be found here](#). Take a look at our weekly newsletter to stay on top of what we are working on. Pass it along to friends who can [sign up for different City updates here](#). We welcome you at Council Meetings, Neighborhood Association Meetings, Library Events, and anywhere else that City work takes place. Bear with us as we work out any kinks of this new approach! Also, feel free to [send me feedback](#).

**CITY UPDATES:** Here's some news from around the city.

**Cannery District Construction:** Our Parks Manager, Steve Plaza, shared this update on what's happening with the construction of Cannery Park, which is in the "Cannery" neighborhood, close to the Children's Theater, High Bridge, and the Brewing Projekt: "Cannery Park has been seeing a transformation this past month. Contractors have been grading the sledding hill, playground area, open spaces, and skatepark. The restroom has been framed and its inside painted, and it is now visible if you take a tour in that area. The ADA walkway next to the Madison Street Bridge has been staked, as has the walkway and canoe slide to a scenic viewpoint. Footing is being prepared so that concrete can be poured for the stairs and the sign. The completion of the park is scheduled for early summer 2024. Market and Johnson is the General Contractor for the project, and Cory Tietz is the City's Project Manager for the park construction."

**One Book, One Community 2023:** The L.E. Phillips Memorial Public Library is launching its community reads for 2023. They write: “This highly-anticipated, annual program encourages residents to unite around a single book that delves into critical social and environmental issues affecting the region. The chosen title for this year is New York Times bestseller 'Nature's Best Hope: A New Approach to Conservation That Starts in Your Yard', by Douglas Tallamy. The book is a compelling exploration of biodiversity loss and the role each of us can play in preserving our natural world. The main event will be an Author Talk with Douglas Tallamy at the Chippewa Valley Book Festival on Saturday, October 14th at 9:30AM in the Riverview Room. Registration and additional events can be found here: [www.ecpubliclibrary.info/onebook](http://www.ecpubliclibrary.info/onebook)

**Resettlement Agency Coming to Eau Claire:** The City of Eau Claire has recently worked with partners, including resident volunteer groups, the CVTC, the Department of Human Services, and the Health Department, to assist an organization called World Relief as they explore opening a branch of their agency in Eau Claire. The organization, which draws on its own funding sources, is currently securing office space and hiring staff. They expect to be

all situated by this fall, and they will begin to welcome refugees for settlement in Eau Claire in 2024. They write that: “The total number of refugees we have been approved to welcome to the Chippewa Valley for FY2024 is 75 people.” New residents of Eau Claire will help fill gaps in our very tight labor market and will bring a richness of perspectives and contributions to our community.

**QUESTION AND ANSWERS:** Here are some questions that have come through the City Manager’s Office this week. *Have a question you’d like answered? [Submit it here.](#)*

### **TDS Installation Impact**

Question: “How is TDS repairing areas of grass or landscaping that have been damaged due to the installation of fiber?”

Answer from City Staff: City Engineer Dave Solberg shared: “Our discussions with TDS have resulted in them carrying out restoration within the existing permitted areas according to set timelines. We have been tracking locations based on e-mails and calls and relaying those restoration locations to TDS/Tilson daily. Last week, we started inspection of the restoration complaint locations, and that will continue through this process. TDS/Tilson is on track to have their restoration brought into compliance by the beginning of October. We’ve seen great improvement with the new restoration sub-contractor and their work towards meeting the restoration requirements over the past two weeks.”

### **EV Charging on Forest Street**

Question: “I was wondering what the timeline is for the EV charging at Forest Street. I have seen it used by vehicles, but I have noticed that the site is not completed, and the canopy structure by Solar Forma is not yet installed.”

Answer from City Staff: Planning Manager Ned Noel said: “EV charging has been going on over a year there but the Solar Forma Design has had some business issues and delays. They have proposed to complete the project by end of October.”

### **Trail from Mayo**

Question: “Any updates on the Half Moon Lake Trail construction from Folsom Street south to West Madison Street?”

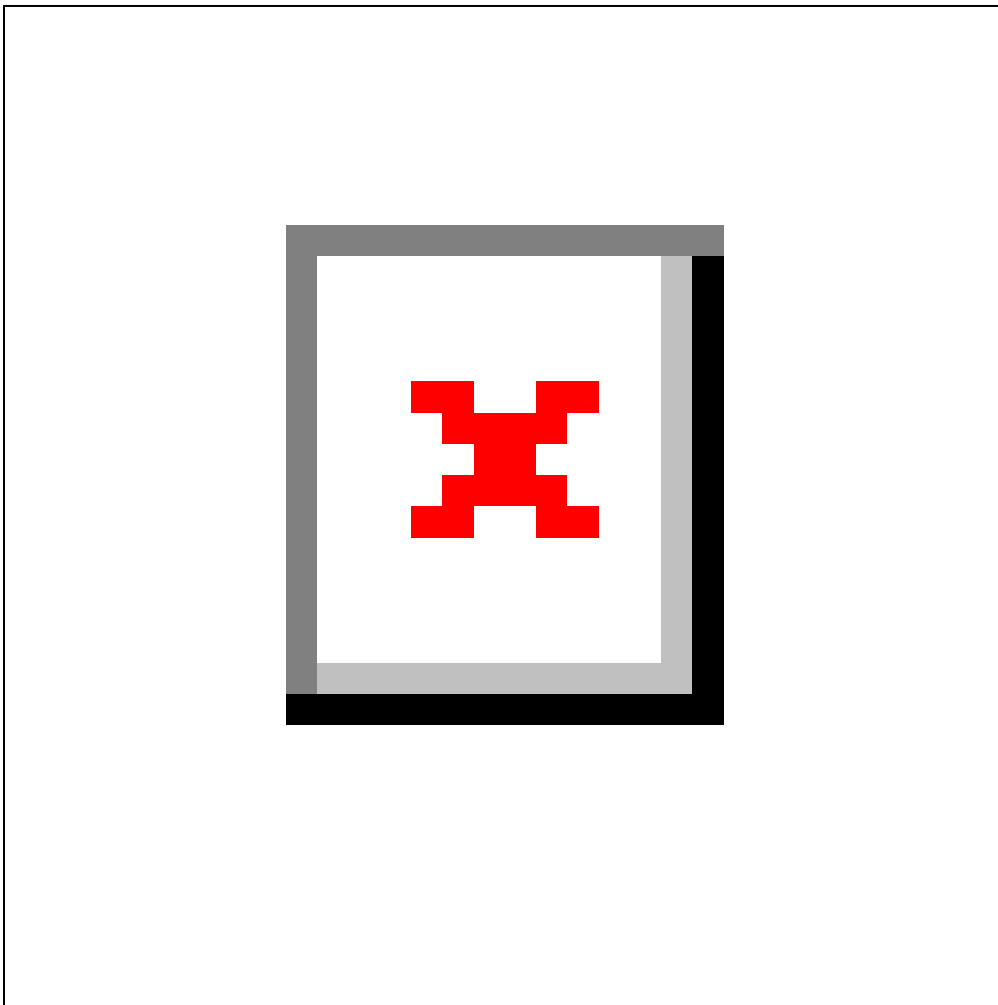

Answer from City Staff: City Engineer Dave Solberg said: “We ran into a problem in the right-of-way that the City purchased 30+ years ago...but we have worked through it. Unfortunately, WisDOT’s budget is tight, and if we

don't get the contract awarded by late October, construction may not start until 2026... so we're really pushing to get it bid ASAP!"

### **Jeffers Road Trail**

Question: "I noticed utility poles in the middle of the trail on the southern end of the Jeffers Road reconstruction, looking south toward the North Crossing. Will these be moved?"

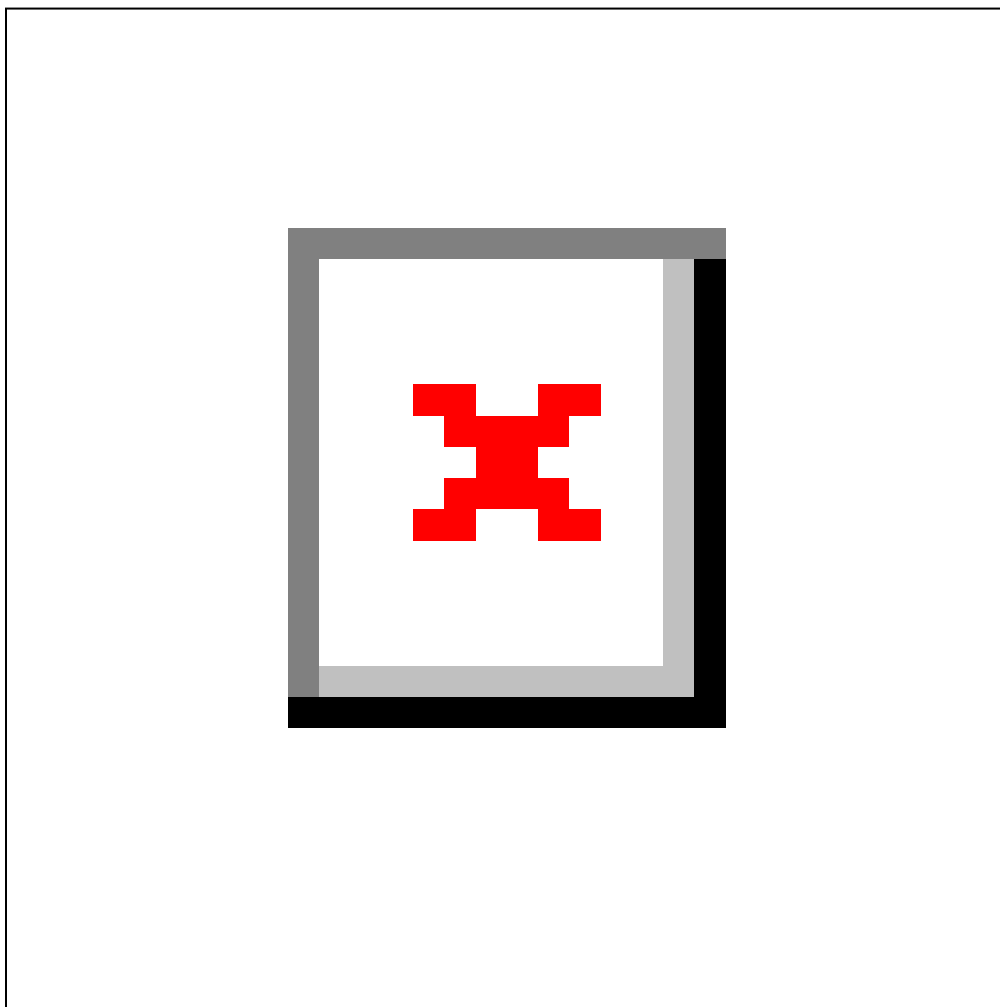

Answer from City Staff: City Engineer Dave Solberg said: "Xcel Energy wasn't able to move the poles this year, so we made sure we had four-foot clearance around them and paved the trail. Next year, Xcel Energy will saw a square of the trail out, move the poles, and repave the areas that have been removed."

**EAUSTAT NEWS**: The City holds weekly meetings with departments to talk about their data, their goals, and any challenges they may be facing. This program is called "EauStat". Read on below for some data from the meetings we held this week.

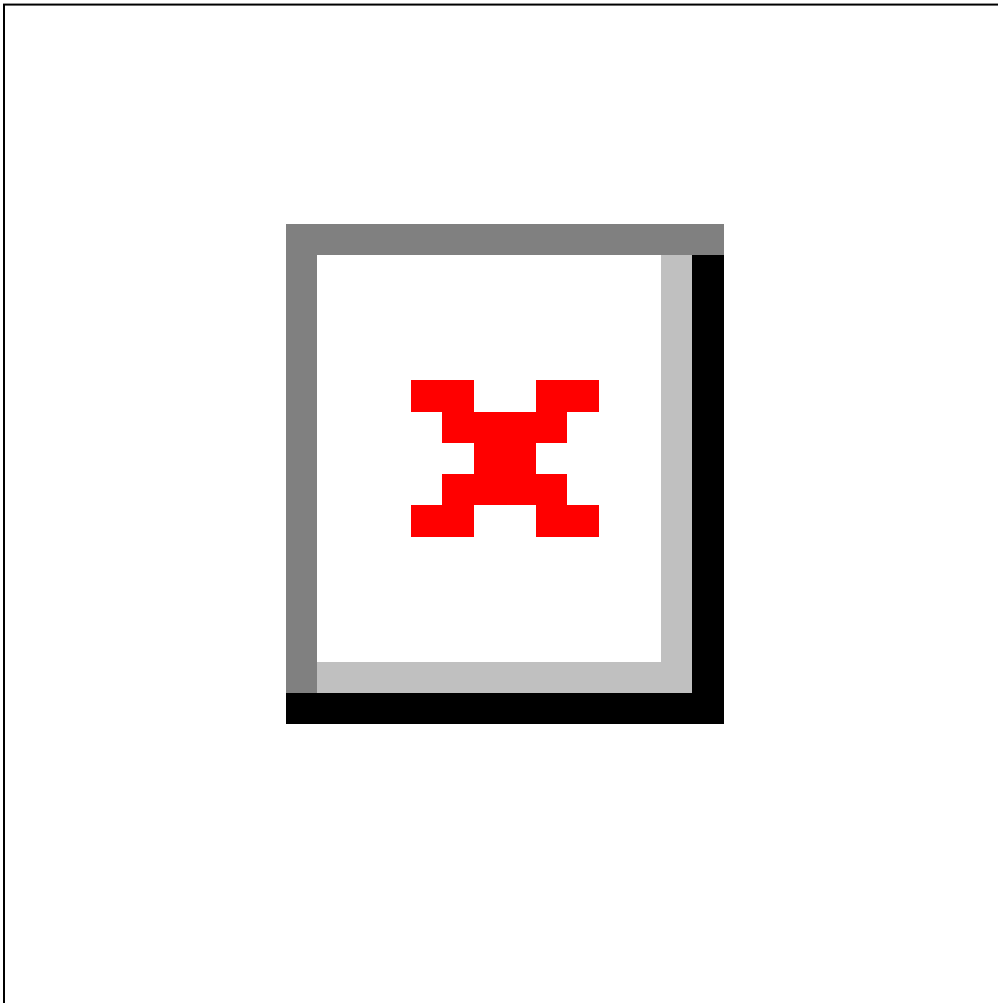

**Transit:** Transit EauStat met last week, and here's what we discussed. In our Transit Division, so far for 2023, we are seeing an increase in ridership as compared to 2022. At this same time last year, there had been 256,688 riders. In 2023, there have been 392,336 riders, which is an increase by 52.8 percent. While numbers have been trending upward since the pandemic, ridership has been significantly lower than pre-pandemic ridership. Fare revenue in 2023 is on track to match 2022's fare revenue. The Transit team has been hard at work on several projects, including the Community Pass Pilot, which is a project aimed at exploring creative transit projects to increase access and make transit more equitable. Other projects include working on bus tracking, arranging for demand response services, and exploring marketing opportunities.

**Inspections:** Inspections EauStat also met last week. We have seen record construction years in recent years, and this year is on pace with only a slight decrease. The same hot market that has driven up our inspections numbers has also impacted our ability to staff our Inspections Division positions. In particular, the City has faced a significant challenge in hiring a Plumbing

Inspector, due to the competition from the private sector, where master plumbers can earn in excess of \$100K per year. We continue to seek solutions to this gap. (If you know a plumber, please share this link with them and encourage them to apply: [Job Openings | Sorted by Posting Date descending | JOB OPENINGS \(governmentjobs.com\)](#)) Our Inspections staff are working extremely hard to keep up with the incredible pace of permits pulled, and we appreciate how they have weathered these busy years!

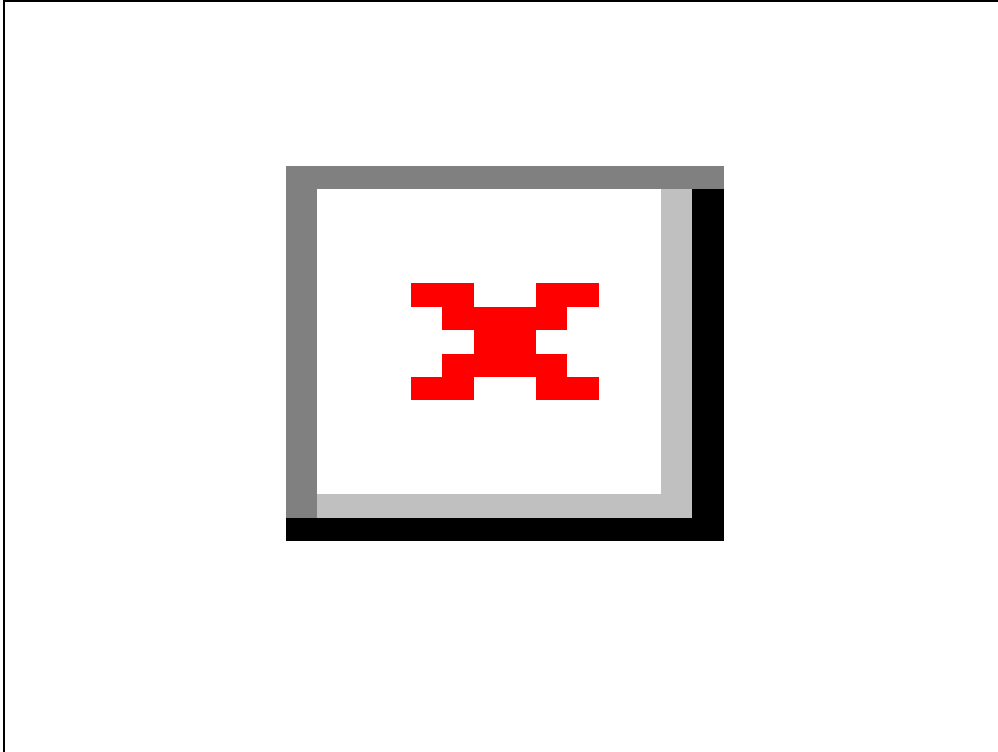

**EMPLOYEE SPOTLIGHT:** We have the best employees! Get to know one of them this week. (And [submit your suggestion for an employee to spotlight here...](#))

Today we highlight **Tess Morgan**. A co-worker said this about Tess: “Tess is a huge part of communication successes for the community. She is dedicated to helping make sure news from the City is communicated through multiple channels. More importantly, she recognizes the need to help some of our

community partners get out the message of needs, often resulting in the news further carrying the stories. Tess is also a joy to work with, and she has a great sense of humor and an amazing knowledge of the City's past endeavors. She also makes a mighty fine pizza!"

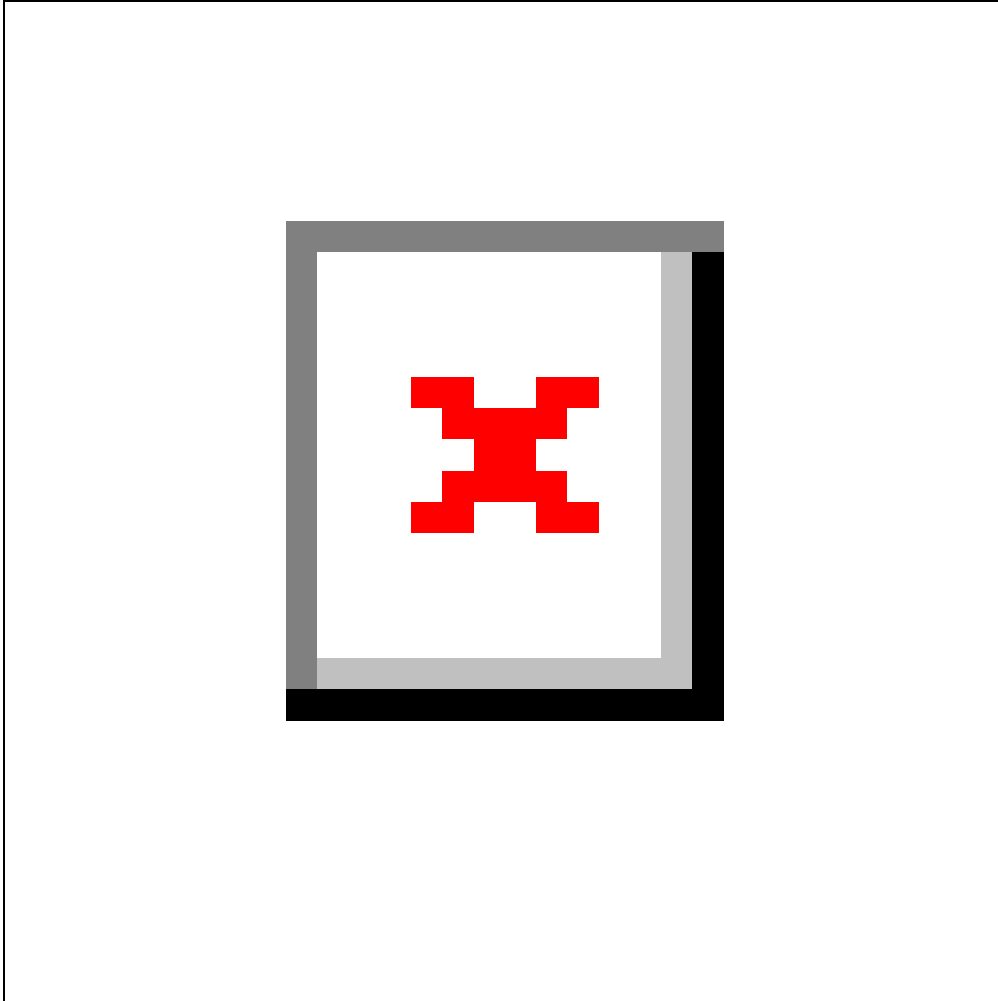

Here's some more information about Tess:

- Your Position: "For a bit over five years, I've been the Media & Communications Specialist for the City. I send out meeting notices and news releases, handle our social media accounts and the website, monitor news/social media, etc., develop messaging for us, and design the images seen on the big monitors in City Hall, plus a few other things."
- Something People May Not Know: "In the last 10 years or so, I've learned to downhill ski, snorkeled, become certified to captain a sailboat, won first place in a dance competition, left my life-long career to start working with the City, and got married last year. It's NEVER too late to try new things and begin new chapters of your life – 'comparison is the thief of joy', so don't limit yourself just because others have done things sooner in life." (Theodore Roosevelt quote)
- Favorite Activity: "Bicycling Wisconsin's amazing rails-to-trails system (especially in spring and fall) and cooking for people."
- Best Thing about Working for City: "We have a really great quality of life in Eau Claire, and it's an honor to work with the amazing people who make that happen – it's truly mind blowing HOW MUCH gets done with the number of employees we have. I also appreciate the opportunities for growth and career development."
- Life Philosophy: "There isn't a single phrase that really sums it all up, but I think it's important to act with integrity and honesty, follow the Golden Rule, and always just do the best you can - some days that ends up being more than other days, and that's okay ;)"
- Anything else? "To borrow a quote – 'There is more that unites us than divides us.' We are not as divided as the extreme headlines on some news outlets and Facebook memes may lead you to believe, so please don't give them too much attention."

**SHOUT OUTS:** Here's some reports of employees who went above and beyond.

**Spirit Award:** Attached is a picture of Human Resources Director Colleen Schian and retired Deputy Fire Chief Al Bertrang receiving awards last week at the Peer Support Conference. In the photo, Colleen's award says "Spirit Award 2023" and Al's says "Meritorious Service Award 2023." Both awards were given in recognition of Colleen and Al's contributions to the Peer Support team and related endeavors. The Peer Support team is a program in which Police and Fire staff work with co-workers to ensure they are able to handle the trauma and stress that come with being a first responder.

**911 Caller:** On August 22nd, a community member made a frantic 911 call believing she had an intruder in her home. She advised that when she attempted to use her attic access door, someone pushed back down on the door from above which then struck her in the head. She fled the house immediately. Based on the call nature, several officers rushed to the scene to assist. What unfolded during the incident is best described in the homeowner's letter which was showcased in the Leader Telegram's Voice of the People on September 15th.

*"On Aug. 22, I experienced the biggest fear of my life. I was home alone and believed I had an intruder who was trying to hurt me.*

*I vacated my house and called 911.*

*Everyone from the 911 operator to the officers who came to clear my home treated me in an exemplary manner. The kindness, compassion and thoroughness with which I was listened to, and then when my home was searched, matched and indeed surpassed all my expectations.*

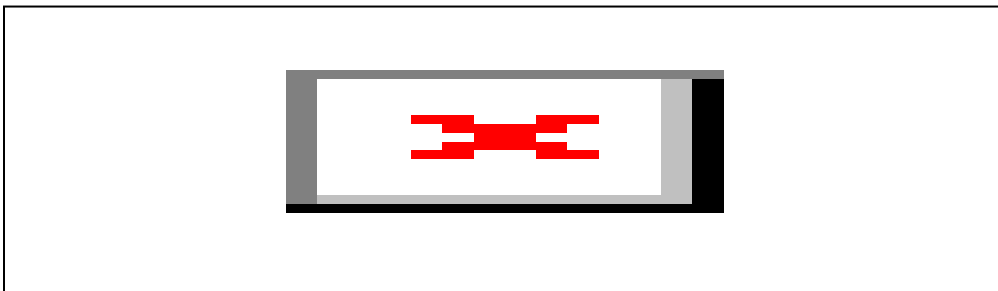

*I was never made to feel as though I was a woman home alone with her husband out of town who was imagining things. In fact, when I was feeling silly about calling the police, I was reassured that they would rather check out something that ended up being nothing than have me not call and it be something that was indeed a threat. The officers discovered that my attic trap door counterweight system had failed and crashed down on me, not that anyone was up there trying to hurt me.*

*Thank you from the bottom of my heart for the way I was treated. I felt protected, valued and safe. I am proud to live in a city that has such an excellent police department watching over and protecting me.”*

The Eau Claire Police Department takes pride in serving the community with care and compassion. We thank the personnel involved for demonstrating our values, including Telecommunicators Melissa Stone and Brittany Bowe, Officers Derek Jack, Austin Summers, Rogelio Gonzales, and Brian Leach, and Sergeant Olivia Erl.

All,  
Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

World Relief Wisconsin

**Subject:** Not a sad good bye

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

**Attachments:** 16.12.21 Syrian Refugee Letter to David Larson.pdf, 16.12.21 Syrian Refugee Letter to President Obama.pdf, 16.12.21 Syrian Refugee Letter to President-Elect Trump.pdf

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

Did you hear the correction on the news tonight about the World Relief Office opening date?

Apparently WQOW stated they were opening the end of this year and tonight the correction was the office is opening the end of next year.

Is that even correct? Did they change the date? Or date WQOW get it wrong again?

My next question is this, will will the meeting on the library Monday Oct 23 at 6 pm with the World Relief Office still take place?

Kelly

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

**Subject:** [EXTERNAL] Fw: World Relief Refugee Resettlement

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

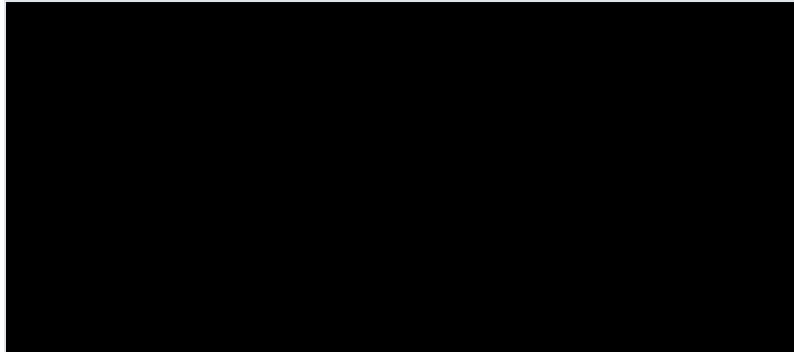

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees. Despite Tearful Plea - Tennessee Star](#)

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

Good morning City Council Members,

I wanted to let everyone know that the ECPD will have a presence at the library during the time that the World Relief Mission meeting is being held. We discussed the meeting on Friday afternoon and felt with the meeting being held in a City building it was appropriate to have ECPD presence during the meeting. I just wanted to reassure everyone that the ECPD is monitoring the situation closely.

If you have any questions just let me know.

Have a great Monday everyone!

-Dave

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

Hi Emily!

I think this is a great idea.

It is during these longer breaks between City Council meetings that I sometimes schedule vacations, and in this case, you should know that I will be in Mexico from January 24th to February 7th. If the 5th Tuesday is the regular day/time, the next one after would not be until April 30th. I think if it works for others you should go for it!

Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

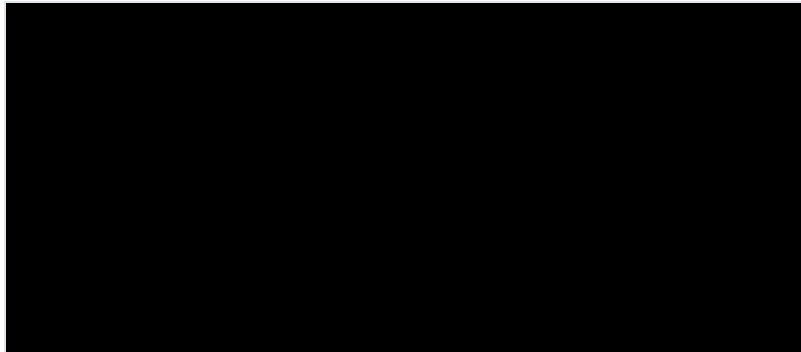

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees. Despite Tearful Plea - Tennessee Star](#)

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

#### **In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

Hello Council Members –

Sorry for the delay on this. We, internally, are trying to figure out a way to have just one newsletter that goes out weekly to the Council, the staff, and the public. We're trying to determine the best email marketing/newsletter platform to use. In the meantime, here's this week's. (And you'll get it again in the new format...)

Feel free to share any feedback or suggestions!

Stephanie

All,  
Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

World Relief Wisconsin

**Subject:** Not a sad good bye

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

[CLICK HERE TO REGISTER](#) Please RSVP by Friday, October 13, 2023

**Attachments:** 16.12.21 Syrian Refugee Letter to David Larson.pdf, 16.12.21 Syrian Refugee Letter to President Obama.pdf, 16.12.21 Syrian Refugee Letter to President-Elect Trump.pdf

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** Member Update

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

**Subject:** [EXTERNAL] Representation

Hello,

I hope this finds you well.

I am writing as I have heard the issue of elected representation has been bypassed.

Is it true that a contract with World Relief Organization for settling refugees unvetted by our local sheriff and not voted on by my representative, yourself, has been signed by the city manager, who is not an elected entity?

So much of this bypasses of state and local law.

I hope this isn't a financial boondoggle such as the county supervisors publicly endured recently regarding misspent tax dollars. It's my understanding that the non-profit covers 90 days and we pay for interpreters and housing!

We already have a housing shortage and issues with homelessness.

I am also concerned about recent world events. Will the sheriff's office be able to vet these refugees? How much will that cost?

Because democracy dies in darkness, I am relying on you and not the at-large members to represent me. Please speak up on my behalf.

Also, I can't speak for myself because Monday's public meeting is cancelled, but you have been elected to represent me.

Very Respectfully and yet Very Concerned,  
Rebecca Hoschouer, M.A.  
1816 Lloyd Avenue  
Eau Claire, WI 54701

**Subject:** [EXTERNAL] Fw: World Relief Refugee Resettlement

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

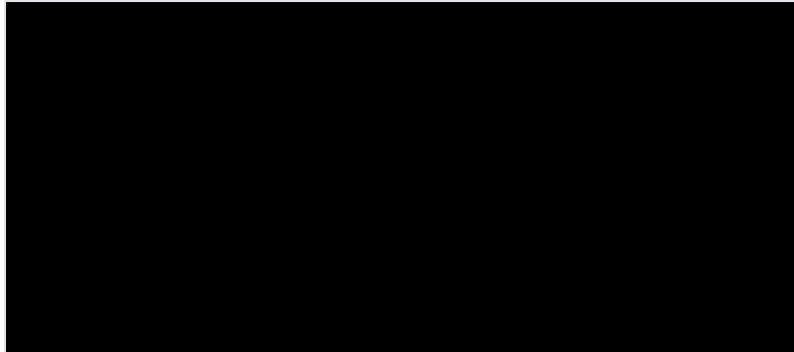

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

Marty,

Attached is the letter written by the City Manager touting the opening of a World Relief office in Eau Claire.

The question is, did she do this on her own or is the City Council involved as well?

This is the last thing Eau Claire needs is to welcome middle east refugees. Look what happened to Dearborn, Michigan.

Fred

MONDAY AT 6 PM AT THE LE PHILLIPS LIBRARY THIS & Many other questions need to be addressed.

Whether the idea is bring Refugees....or IMMGRANTS from South America or GAZA etc.

Did they Follow US...CODE 8 ....1522 Section 2 and Did Our City Manager have the approval or backing of Our City Council to even send this letter.

Here are some Questions that Citizens have the Right To ask.

Are these Refugees here Legally and How are they Vetted? The ones arriving in Sanctuary cities like New York Chicago Milwaukee are NOT.

Who has responsibility for assisting these immigrants after World Relief or area Church's completes its term of support?

When the Operation is up and Fully operational how many immigrant's will be added each year.

How Long does WORLD RELIEF Assist each immigrant family.?

How much money does WORLD RELIEF receive for Each immigrant ? FROM us government OR THE UN ??????

Who is responsible for their assistance after World Relief completes its TERM OF SUPPORT?

The City of Eau Claire? How will affect our Schools They are UNDER S TAFFED as is our LAW ENFORCEMENT Departments.

Has our co ordinating personnel talked to other cities EXAMPLE..... ST CLOUD MINNESOTA. Or HUDSON WI who rejected this proposal.

Many citizen knew nothing about this proposal until TV18 Did a Story 1 day a few weeks ago. Otherwise No One would have learned of this until it

Was TOO LATE.

**From:** Fred Kappus <[jfkappus@charter.net](mailto:jfkappus@charter.net)>

Marty,

Attached is the letter written by the City Manager touting the opening of a World Relief office in Eau Claire.

The question is, did she do this on her own or is the City Council involved as well?

This is the last thing Eau Claire needs is to welcome middle east refugees. Look what happened to Dearborn, Michigan.

Fred

MONDAY AT 6 PM AT THE LE PHILLIPS LIBRARY THIS & Many other questions need to be addressed.

Whether the idea is bring Refugees....or IMMGRANTS from South America or GAZA etc.

Did they Follow US...CODE 8 ....1522 Section 2 and Did Our City Manager have the approval or backing of Our City Council to even send this letter.

Here are some Questions that Citizens have the Right To ask.

Are these Refugees here Legally and How are they Vetted? The ones arriving in Sanctuary cities like New York Chicago Milwaukee are NOT.

Who has responsibility for assisting these immigrants after World Relief or area Church's completes its term of support?

When the Operation is up and Fully operational how many immigrant's will be added each year.

How Long does WORLD RELIEF Assist each immigrant family.?

How much money does WORLD RELIEF receive for Each immigrant ? FROM us government OR THE UN ??????

Who is responsible for their assistance after World Relief completes its TERM OF SUPPORT?

The City of Eau Claire? How will affect our Schools They are UNDER S TAFFED as is our LAW ENFORCEMENT Departments.

Has our co ordinating personnel talked to other cities EXAMPLE..... ST CLOUD MINNESOTA. Or HUDSON WI who rejected this proposal.

Many citizen knew nothing about this proposal until TV18 Did a Story 1 day a few weeks ago. Otherwise No One would have learned of this until it

Was TOO LATE.

Marty Green

Former General Manager of WAXX Radio

Former Member of the Eau RDA

Citizen of Eau Claire and Wisconsin for over 50 years

My Grand Parents Migrated from Russia & Poland

So I am not against welcoming new people Legally here in our Country State or City

**Subject:** World Relief Mission Meeting Tonight

Good morning City Council Members,

I wanted to let everyone know that the ECPD will have a presence at the library during the time that the World Relief Mission meeting is being held. We discussed the meeting on Friday afternoon and felt with the meeting being held in a City building it was appropriate to have ECPD presence during the meeting. I just wanted to reassure everyone that the ECPD is monitoring the situation closely.

If you have any questions just let me know.

Have a great Monday everyone!

-Dave

**Subject:** [EXTERNAL] World Relief Refugees

Dear Councilmember,

I understand that the city council abdicated its responsibility in the decision about refugees (8 US Code 1522) by delegating it to the city manager.

Taxes will go up once federal aid ends. People on fixed incomes and people who are not well-off will be hurt the most. We need to consider all members of our society in making these decisions.

Our country was founded on the principle that we should not have taxation without representation. The city manager is not an elected official. A decision this major should not be made by an unelected official.

The people of the city need a voice in the decision whether it is by a referendum or through their elected officials.

Sincerely,  
Terry Wilkinson

**Subject:** [EXTERNAL] World Relief refugees

Dear Councilmember,

I understand that the city council let the unelected city manager make an important decision concerning refugees, a decision that should have been addressed by our elected officials (8 US Code 1522).

Once federal aid ends, our taxes will go up. Low-income families and people on fixed incomes will be hurt the most by these tax increases.

We should have no taxation without representation. This principle was central in the birth of our nation, and we must continue to live by it.

The people of Eau Claire need a voice in the decision about refugees. This could be by referendum or a vote by our elected officials. The decision must not be delegated to an unelected official.

Sincerely,  
Jennifer Wilkinson

**Subject:** [EXTERNAL] World Relief information

Dear Jeremy,

I am concerned that there has been little information re: planning and possible establishment of a World Relief VOLAG (voluntary non-governmental agency) in Eau Claire. The intent as stated by World Relief would be to resettle 75 refugees in the City of Eau Claire and the surrounding area.

I have just finished reading '**8 US Code 1522**-Authorization for programs for domestic resettlement of and assistance to refugees'. I noted in Section a (1) (B) (iii), states that "local voluntary agency activities should be conducted in close cooperation and advance consultation with State and local governments." It appears that this advance consultation has been neglected.

Furthermore, Section a (2) (A) states that "the Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities." I cannot find evidence that local officials were consulted regarding this action. Can you reassure me that the law has been followed in this case? Please provide names and dates of conversations re this topic.

Local Taxpayers will experience additional financial burden when 'refugees' or 'immigrants' are "placed" by an external agency. I note that after the first 90 days of placement, the responsibility for refugee/immigrant job-training, language-learning, housing, medical expenses, education, etc. passes from the World Relief VOLAG to the local taxpayers. Your lack of transparency and information to your constituents is unacceptable. It appears at this time that further action by World Relief in Eau Claire is imprudent. Please describe your plans with World Relief to the people of Eau Claire through paper, web and social media and solicit taxpayer feedback prior to implementing any such actions.

Ms. Meyers.

World Relief Wisconsin is having a community meeting at the Eau Claire library on Monday, October 23. I'll be attending to learn more about their refugee program and what ideas they have. It's a community meeting and anyone can register. Here's the link.

<https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Regarding the establishment of an office, they already have an office in Eau Claire. Any organization has the right to have an office and there is no reason to stop an office from being established, nor would the city have the legal right to stop them.

According to their website, they work with the US Department of State with their refugee resettlement program. I have confidence that the State Department is following US laws regarding refugees and is approving the people being considered for relocation. You can see their statement on refugee resettlement on this page:

<https://worldrelief.org/wisconsin/about-us-chippewa-valley/>

I will be attending their meeting to learn more and see what their program entails for Eau Claire and western Wisconsin.

Sincerely,

**Joshua Miller**  
**Eau Claire City Council**

**Subject:** [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The

Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305

1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

It is most important to get information from the primary source. In this case, that is World Relief. Since they have not yet had their community information meeting, it does not seem likely that more accurate information could be presented from a third party, in this case, the meeting at the VFR. Thank you for the suggestion, but I must decline to attend the meeting tonight.

Ms. Wilkinson,

Eau Claire city ordinance 2.04.012 states that the "The Council shall engage for an indefinite term a city manager who shall have charge of the executive side of the city government and who shall be responsible for the efficiency of its administration. (Ord. 5521 §2, 1995)." Therefore the city manager is the chief executive of the city and a member of the city government. Once does not need to be elected to be a member of government.

Therefore, if World Relief has had discussions with the city manger, they have fulfilled the requirement to be in contact with local government.

I will be attending World Relief's community discussion this Monday. I am very interested to learn how Eau Claire can become a haven for those seeking refuge as I believe our city should be a welcoming place where all are welcome. The Hmong community became established in our city over a generation ago and are now an integral part of our community. It would be exciting to be able to have that happen with another group.

**Joshua Miller**

**Subject:** [EXTERNAL] World Relief Refugees

Dear Councilmember,

I understand that World Relief and the state of Wisconsin failed to abide by 8 US Code 1522 in that they failed to include the local governments in their decision to bring refugees to Eau Claire. They claim to have spoken to the city manager, but that individual is not an elected person.

Consequently, the people of Eau Claire are not being represented in this major decision. Other cities which have invited so many refugees have suffered from high tax increases that occur after the federal and state funds run out.

We have many people on fixed incomes that are not even keeping up with the inflation rate now and certainly cannot afford more increases.

I ask you to please halt this process. Disregarding 8 US Code 1522 is illegal, and the people need to have a voice.

Sincerely,  
Sheila Wilkinson

Emily, that sounds like a good idea. It'd be nice to have an official gathering where we aren't engaged in official business under Robert's Rules. I could attend a meeting on January 30.

Thanks for the suggestion!

**Subject:** Member Update

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

**Subject:** Fw: [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Dear Councilman Miller, According to 8 U.S code 1522 Local officials were to be involved in the resettlement of refugees in Eau Claire. I am doing a date request from the City of Eau Claire, WI . I am looking to see if any elected council members were in the mandatory meetings as required. If not, the city was in violation of federal law. This will be first hand information.

I have not received a response from my last e-mail.

Ron Branstner

It is most important to get information from the primary source. In this case, that is World Relief. Since they have not yet had their community information meeting, it does not seem likely that more accurate information could be presented from a third party, in this case, the meeting at the VFR. Thank you for the suggestion, but I must decline to attend the meeting tonight.

Joshua Miller

**Subject:** Re: [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Thank you for your response. It is more important you attend the meeting tonight at the VFW. The one-sided information you will receive from World Relief is not reality.

On 2023-10-19 10:33, Joshua Miller wrote:

Ms. Meyers.

World Relief Wisconsin is having a community meeting at the Eau Claire library on Monday, October 23. I'll be attending to learn more about their refugee program and what ideas they have. It's a community meeting and anyone can register. Here's the link.

<https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Regarding the establishment of an office, they already have an office in Eau Claire. Any organization has the right to have an office and there is no reason to stop an office from being established, nor would the city have the legal right to stop them.

According to their website, they work with the US Department of State with their refugee resettlement program. I have confidence that the State Department is following US laws regarding refugees and is approving the people being considered for relocation. You can see their statement on refugee resettlement on this page:

<https://worldrelief.org/wisconsin/about-us-chippewa-valley/>

I will be attending their meeting to learn more and see what their program entails for Eau Claire and western Wisconsin.

Sincerely,

**Joshua Miller**

**Subject:** [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents. I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305

1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

#### **In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

Hello Council Members –

Sorry for the delay on this. We, internally, are trying to figure out a way to have just one newsletter that goes out weekly to the Council, the staff, and the public. We're trying to determine the best email marketing/newsletter platform to use. In the meantime, here's this week's. (And you'll get it again in the new format...)

Feel free to share any feedback or suggestions!

Stephanie

Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

World Relief Wisconsin

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

**Subject:** World Relief Community Gathering

Good morning,

World Relief is having a Community Gathering for the Chippewa Valley Community at large the evening of October 23 at the library.  
Would you please let me know if you're planning to attend? This is for the purpose of Public Notices.

Thank you,

**Anoosheh Hamzehee**

**Attachments:** 16.12.21 Syrian Refugee Letter to David Larson.pdf, 16.12.21 Syrian Refugee Letter to President Obama.pdf, 16.12.21 Syrian Refugee Letter to President-Elect Trump.pdf

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Thank you for your response. It is more important you attend the meeting tonight at the VFW. The one-sided information you will receive from World Relief is not reality.

On 2023-10-19 10:33, Joshua Miller wrote:

Ms. Meyers.

World Relief Wisconsin is having a community meeting at the Eau Claire library on Monday, October 23. I'll be attending to learn more about their refugee program and what ideas they have. It's a community meeting and anyone can register. Here's the link.

<https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Regarding the establishment of an office, they already have an office in Eau Claire. Any organization has the right to have an office and there is no reason to stop an office from being established, nor would the city have the legal right to stop them.

According to their website, they work with the US Department of State with their refugee resettlement program. I have confidence that the State Department is following US laws regarding refugees and is approving the people being considered for relocation. You can see their statement on refugee resettlement on this page:

<https://worldrelief.org/wisconsin/about-us-chippewa-valley/>

I will be attending their meeting to learn more and see what their program entails for Eau Claire and western Wisconsin.

Sincerely,

**Joshua Miller**  
**Eau Claire City Council**

**Subject:** [EXTERNAL] World Relief Refugees

Dear Councilmember,

I understand that World Relief and the state of Wisconsin failed to abide by 8 US Code 1522 in that they failed to include the local governments in their decision to bring refugees to Eau Claire. They claim to have spoken to the city manager, but that individual is not an elected person.

Consequently, the people of Eau Claire are not being represented in this major decision. Other cities which have invited so many refugees have suffered from high tax increases that occur after the federal and state funds run out.

We have many people on fixed incomes that are not even keeping up with the inflation rate now and certainly cannot afford more increases.

I ask you to please halt this process. Disregarding 8 US Code 1522 is illegal, and the people need to have a voice.

Sincerely,  
Sheila Wilkinson

**Subject:** Member Update

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

**Emily Berge**

**Subject:** Re: [EXTERNAL] World Relief Refugees

Thank you for your response here. I will be checking on this city ordinance because if we have truly given such authority to the city manager, maybe we should look at changing that. Our country was founded largely because the people were being taxed without representation. We have no representation if one individual can make these decisions.

Just so you do not misunderstand my concerns - Many of our friends are immigrants - immigrants from several different countries. They came legally and worked hard to become part of our community. We all have richer lives because of this.

I also would like for our country to be welcoming to those who are true refugees. However, when we try to distribute several million illegal immigrants into our communities, problems arise.

I would hope that World Relief could work better to inform the people of the community of all aspects of this kind of mobilization. Then, I would also hope the city council would likewise keep us informed and consider our concerns. I, too, want what is best for the community and all involved.

Sincerely,  
Sheila W.

On Saturday, October 21, 2023 at 11:51:22 AM CDT, Joshua Miller <joshua.miller@ec-citycouncil.com> wrote:

Ms. Wilkinson,

Eau Claire city ordinance 2.04.012 states that the "The Council shall engage for an indefinite term a city manager who shall have charge of the executive side of the city government and who shall be responsible for the efficiency of its administration. (Ord. 5521 §2, 1995)." Therefore the city manager is the chief executive of the city and a member of the city government. Once does not need to be elected to be a member of government.

Therefore, if World Relief has had discussions with the city manger, they have fulfilled the requirement to be in contact with local government.

I will be attending World Relief's community discussion this Monday. I am very interested to learn how Eau Claire can become a haven for those seeking refuge as I believe our city should be a welcoming place where all are welcome. The Hmong community became established in our city over a generation ago and are now an integral part of our community. It would be exciting to be able to have that happen with another group.

**Joshua Miller**

**Subject:** [EXTERNAL] Fw: World Relief Refugee Resettlement

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with [State](#) and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of [refugees](#) among the [States](#) and localities before their placement in those [States](#) and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

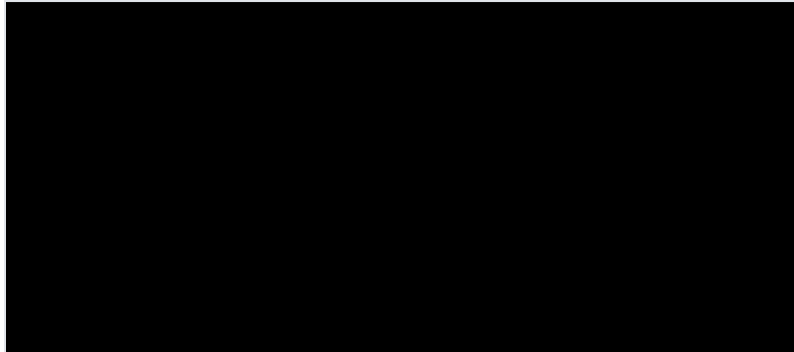

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

Register for the meeting at the Eau Claire library and let them know how many people care about this. Monday night, October 23, 2023 6:00-7:00pm. Information session on World Relief at LE Phillips Library. You can register for the meeting here: <https://worldrelief.org/.../who-is-my-neighbor-community.../>

**Is this NGO even operating legally?** Excerpt from 8 US Code 1522

The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with [State](#) and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of [refugees](#) among the [States](#) and localities before their placement in those [States](#) and localities.

Notice the word "**SHALL**". It does not say **MAY**. This process must be adhered to and they did not.

Contact city council members with your concerns about the lack of inclusion of our elected representatives in this process and about the blatant lack of transparency about the use of our tax dollars in our community. <https://www.eauclairewi.gov/.../city.../city-council-members>

And/or rally at the library 5:30-7:00. Bring signs if you wish.

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

Marty,

Attached is the letter written by the City Manager touting the opening of a World Relief office in Eau Claire.

The question is, did she do this on her own or is the City Council involved as well?

This is the last thing Eau Claire needs is to welcome middle east refugees. Look what happened to Dearborn, Michigan.

Fred

MONDAY AT 6 PM AT THE LE PHILLIPS LIBRARY THIS & Many other questions need to be addressed.

Whether the idea is bring Refugees....or IMMGRANTS from South America or GAZA etc.

Did they Follow US...CODE 8 ....1522 Section 2 and Did Our City Manager have the approval or backing of Our City Council to even send this letter.

Here are some Questions that Citizens have the Right To ask.

Are these Refugees here Legally and How are they Vetted? The ones arriving in Sanctuary cities like New York Chicago Milwaukee are NOT.

Who has responsibility for assisting these immigrants after World Relief or area Church's completes its term of support?

When the Operation is up and Fully operational how many immigrant's will be added each year.

How Long does WORLD RELIEF Assist each immigrant family.?

How much money does WORLD RELIEF receive for Each immigrant ? FROM us government OR THE UN ??????

Who is responsible for their assistance after World Relief completes its TERM OF SUPPORT?

The City of Eau Claire? How will affect our Schools They are UNDER S TAFFED as is our LAW ENFORCEMENT Departments.

Has our co ordinating personnel talked to other cities EXAMPLE..... ST CLOUD MINNESOTA. Or HUDSON WI who rejected this proposal.

Many citizen knew nothing about this proposal until TV18 Did a Story 1 day a few weeks ago. Otherwise No One would have learned of this until it

Was TOO LATE.

Dear Councilman Miller, According to 8 U.S code 1522 Local officials were to be involved in the resettlement of refugees in Eau Claire. I am doing a date request from the City of Eau Claire, WI . I am looking to see if any elected council members were in the mandatory meetings as required. If not, the city was in violation of federal law. This will be first hand information.

I have not received a response from my last e-mail.

Ron Branstner

It is most important to get information from the primary source. In this case, that is World Relief. Since they have not yet had their community information meeting, it does not seem likely that more accurate information could be presented from a third party, in this case, the meeting at the VFR. Thank you for the suggestion, but I must decline to attend the meeting tonight.

Joshua Miller

Eau Claire City Council

Thank you for your response. It is more important you attend the meeting tonight at the VFW. The one-sided information you will receive from World Relief is not reality.

On 2023-10-19 10:33, Joshua Miller wrote:

Ms. Meyers.

World Relief Wisconsin is having a community meeting at the Eau Claire library on Monday, October 23. I'll be attending to learn more about their refugee program and what ideas they have. It's a community meeting and anyone can register. Here's the link.

<https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Regarding the establishment of an office, they already have an office in Eau Claire. Any organization has the right to have an office and there is no reason to stop an office from being established, nor would the city have the legal right to stop them.

According to their website, they work with the US Department of State with their refugee resettlement program. I have confidence that the State Department is following US laws regarding refugees and is approving the people being considered for relocation. You can see their statement on refugee resettlement on this page:

<https://worldrelief.org/wisconsin/about-us-chippewa-valley/>

I will be attending their meeting to learn more and see what their program entails for Eau Claire and western Wisconsin.

Sincerely,

**Joshua Miller**  
**Eau Claire City Council**

**Subject:** [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue  
Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** World Relief Mission Meeting Tonight

Good morning City Council Members,

I wanted to let everyone know that the ECPD will have a presence at the library during the time that the World Relief Mission meeting is being held. We discussed the meeting on Friday afternoon and felt with the meeting being held in a City building it was appropriate to have ECPD presence during the meeting. I just wanted to reassure everyone that the ECPD is monitoring the situation closely.

If you have any questions just let me know.

Have a great Monday everyone!

-Dave

**Subject:** [EXTERNAL] World Relief Refugees

Dear Councilmember,

I understand that the city council abdicated its responsibility in the decision about refugees (8 US Code 1522) by delegating it to the city manager.

Taxes will go up once federal aid ends. People on fixed incomes and people who are not well-off will be hurt the most. We need to consider all members of our society in making these decisions.

Our country was founded on the principle that we should not have taxation without representation. The city manager is not an elected official. A decision this major should not be made by an unelected official.

The people of the city need a voice in the decision whether it is by a referendum or through their elected officials.

Sincerely,  
Terry Wilkinson

**Subject:** [EXTERNAL] World Relief refugees

Dear Councilmember,

I understand that the city council let the unelected city manager make an important decision concerning refugees, a decision that should have been addressed by our elected officials (8 US Code 1522).

Once federal aid ends, our taxes will go up. Low-income families and people on fixed incomes will be hurt the most by these tax increases.

We should have no taxation without representation. This principle was central in the birth of our nation, and we must continue to live by it.

The people of Eau Claire need a voice in the decision about refugees. This could be by referendum or a vote by our elected officials. The decision must not be delegated to an unelected official.

Sincerely,  
Jennifer Wilkinson

**Subject:** Re: [EXTERNAL] Syrian Refugees

Good morning Kathy,

Thank you for reaching out to me with your concerns. I attended an informational meeting with World Relief last week. I can offer a few points of clarification (below) based on the information available to me presently. I am happy to hear that you plan to attend the meeting tomorrow evening and am hopeful it will be a productive and positive meeting for all who participate.

- You reference information that was provided at the meeting on Thursday evening at the VFW. I was not in attendance at this meeting and am unfamiliar with who presented and how accurate the information may have been.
- World Relief is one of 10 resettlement agencies that assist with refugee resettlement efforts in the United States. World Relief has 20 different offices in the United States (the nearest being in the Fox Valley area in Wisconsin which opened in 2012).
- World Relief has been in contact with City staff including the City Manager regarding this matter. World Relief will gather quarterly with resettlement partners which will include local government, employers, volunteer groups, law enforcement, school districts, etc.

Please let me know if you have any other questions. Thank you,

**Jess Schoen**

City Council Member, District 1

**Subject:** [EXTERNAL] Syrian Refugees

Ms. Schoen,

I am extremely concerned about the Syrian Refugees who may be coming to the Chippewa Valley. The informational meeting held at VFW, Starr Ave. Thursday evening was extremely disconcerting for a number of reasons, mainly because this seemed to be done under the cover of darkness, with many discrepancies. The taxpayers in the Chippewa Valley were not given a heads up that this was taking place, therefore no one had an opportunity to voice their MANY concerns. Do you remember whom you represent?

Attendees at the Thursday meeting were told that this was coordinated by the Sheriff. This was a lie as the Sheriff knows nothing about this!!

What is going on??!

I expect every City Council/County Board member to be present at the Library, 6 PM, 10/23. Remember whom you represent.

Regards,

Kathleen Kivlin

**Subject:** World Relief - Citizen Inquiries

Good morning Stephanie,

I attended an informational session with World Relief last week on Wednesday. I received a lot of helpful information. An attendee at the meeting raised questions regarding whom at the City had been working with World Relief. I have since received several emails with questions of a similar nature. As I understand, you have had communication with World Relief, and have informally briefed Council on the matters through your City Manager Updates. Can you share with me the most accurate way to answer the questions I have been receiving? I want to ensure I am providing factual details to the best of my ability. It seems the community is receiving partial details/inaccurate information.

Thank you,

**Attachments:** City Manager Update to the City Council 07 17 2023.pdf

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

#### **In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

Hello Council Members –

Sorry for the delay on this. We, internally, are trying to figure out a way to have just one newsletter that goes out weekly to the Council, the staff, and the public. We're trying to determine the best email marketing/newsletter platform to use. In the meantime, here's this week's. (And you'll get it again in the new format...)

Feel free to share any feedback or suggestions!

Stephanie

All,  
Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

World Relief Wisconsin

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

attachments (3) Former U.S. Rep. Duffy's letters to Obama, Trump and Larson

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** Member Update

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

**Subject:** [EXTERNAL] Fw: World Relief Refugee Resettlement

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with [State](#) and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of [refugees](#) among the [States](#) and localities before their placement in those [States](#) and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

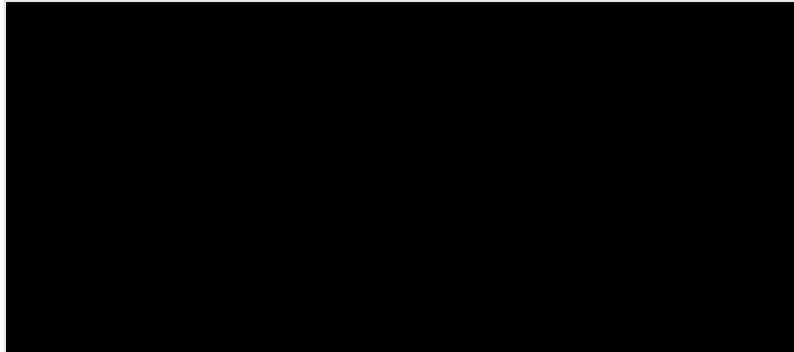

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

Marty,

Attached is the letter written by the City Manager touting the opening of a World Relief office in Eau Claire.

The question is, did she do this on her own or is the City Council involved as well?

This is the last thing Eau Claire needs is to welcome middle east refugees. Look what happened to Dearborn, Michigan.

Fred

MONDAY AT 6 PM AT THE LE PHILLIPS LIBRARY THIS & Many other questions need to be addressed.

Whether the idea is bring Refugees....or IMMGRANTS from South America or GAZA etc.

Did they Follow US...CODE 8 ....1522 Section 2 and Did Our City Manager have the approval or backing of Our City Council to even send this letter.

Here are some Questions that Citizens have the Right To ask.

Are these Refugees here Legally and How are they Vetted? The ones arriving in Sanctuary cities like New York Chicago Milwaukee are NOT.

Who has responsibility for assisting these immigrants after World Relief or area Church's completes its term of support?

When the Operation is up and Fully operational how many immigrant's will be added each year.

How Long does WORLD RELIEF Assist each immigrant family.?

How much money does WORLD RELIEF receive for Each immigrant ? FROM us government OR THE UN ??????

Who is responsible for their assistance after World Relief completes its TERM OF SUPPORT?

The City of Eau Claire? How will affect our Schools They are UNDER S TAFFED as is our LAW ENFORCEMENT Departments.

Has our co ordinating personnel talked to other cities EXAMPLE..... ST CLOUD MINNESOTA. Or HUDSON WI who rejected this proposal.

Many citizen knew nothing about this proposal until TV18 Did a Story 1 day a few weeks ago. Otherwise No One would have learned of this until it

Was TOO LATE.

Attached is the letter written by the City Manager touting the opening of a World Relief office in Eau Claire.

The question is, did she do this on her own or is the City Council involved as well?

This is the last thing Eau Claire needs is to welcome middle east refugees. Look what happened to Dearborn, Michigan.

Fred

MONDAY AT 6 PM AT THE LE PHILLIPS LIBRARY THIS & Many other questions need to be addressed.

Whether the idea is bring Refugees....or IMMGRANTS from South America or GAZA etc.

Did they Follow US...CODE 8 ....1522 Section 2 and Did Our City Manager have the approval or backing of Our City Council to even send this letter.

Here are some Questions that Citizens have the Right To ask.

Are these Refugees here Legally and How are they Vetted? The ones arriving in Sanctuary cities like New York Chicago Milwaukee are NOT.

Who has responsibility for assisting these immigrants after World Relief or area Church's completes its term of support?

When the Operation is up and Fully operational how many immigrant's will be added each year.

How Long does WORLD RELIEF Assist each immigrant family.?

How much money does WORLD RELIEF receive for Each immigrant ? FROM us government OR THE UN ??????

Who is responsible for their assistance after World Relief completes its TERM OF SUPPORT?

The City of Eau Claire? How will affect our Schools They are UNDER S TAFFED as is our LAW ENFORCEMENT Departments.

Has our co ordinating personnel talked to other cities EXAMPLE..... ST CLOUD MINNESOTA. Or HUDSON WI who rejected this proposal.

Many citizen knew nothing about this proposal until TV18 Did a Story 1 day a few weeks ago. Otherwise No One would have learned of this until it

Was TOO LATE.

Marty Green

Former General Manager of WAXX Radio

Former Member of the Eau RDA

Citizen of Eau Claire and Wisconsin for over 50 years

My Grand Parents Migrated from Russia & Poland

So I am not against welcoming new people Legally here in our Country State or City

**Subject:** World Relief Mission Meeting Tonight

Good morning City Council Members,

I wanted to let everyone know that the ECPD will have a presence at the library during the time that the World Relief Mission meeting is being held. We discussed the meeting on Friday afternoon and felt with the meeting being held in a City building it was appropriate to have ECPD presence during the meeting. I just wanted to reassure everyone that the ECPD is monitoring the situation closely.

If you have any questions just let me know.

Have a great Monday everyone!

-Dave

**Subject:** World Relief - Citizen Inquiries

Good morning Stephanie,

I attended an informational session with World Relief last week on Wednesday. I received a lot of helpful information. An attendee at the meeting raised questions regarding whom at the City had been working with World Relief. I have since received several emails with questions of a similar nature. As I understand, you have had communication with World Relief, and have informally briefed Council on the matters through your City Manager Updates. Can you share with me the most accurate way to answer the questions I have been receiving? I want to ensure I am providing factual details to the best of my ability. It seems the community is receiving partial details/inaccurate information.

Thank you,

**Jess Schoen**

**Subject:** [EXTERNAL] Proposed Refugee Resettlement

Dear Ms. Schoen,

Thank you for your service to Eau Claire.

I am writing to you to express my concern about the possible establishment of a World Relief VOLAG (voluntary non-governmental agency) in Eau Claire, which would initially spearhead the resettlement of 75 refugees in the City of Eau Claire and the surrounding area.

I have just finished reading ‘**8 US Code 1522**-Authorization for programs for domestic resettlement of and assistance to refugees’. The first concern I noted was in Section a (1) (B) (iii), which states that “local voluntary agency activities should be conducted in close cooperation and advance consultation with State and local governments.” Based on the information I have, I do not believe that this has occurred.

Furthermore, Section a (2) (A) states that “the Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities.” Which local officials knew about this, and were consulted? Again, I do not believe that this has occurred, and therefore the law has not been followed.

All of this was new to me as of last week. I do not know of any local citizen who was aware that this is being considered. Why wouldn’t the government, citizens and taxpayers of Eau Claire be apprised of such an impactful proposal? Why wouldn’t local shareholders like businesses, hospitals, churches, and school administrators be advised? Especially since after the first 90 days here, the responsibility for refugee job-training, language-learning, housing, medical expenses, education, etc. passes from the World Relief VOLAG to the Eau Claire taxpayers. And if 75 refugees arrive the first year, how many other refugees (e.g., family members and others) will follow the next year?

I ask that you investigate what is being proposed, and halt this “intended distribution of refugees,” not because they are refugees, but because Eau Claire already has a large homeless population, a shortage of affordable housing, and illegal immigrants coming here from our open southern border.

Sincerely,

Susan Hintgen

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

**In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

Hello Council Members –

Sorry for the delay on this. We, internally, are trying to figure out a way to have just one newsletter that goes out weekly to the Council, the staff, and the public. We're trying to determine the best email marketing/newsletter platform to use. In the meantime, here's this week's. (And you'll get it again in the new format...)

Feel free to share any feedback or suggestions!

Stephanie

All,  
Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

World Relief Wisconsin

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

**Attachments:** 16.12.21 Syrian Refugee Letter to David Larson.pdf, 16.12.21 Syrian Refugee Letter to President Obama.pdf, 16.12.21 Syrian Refugee Letter to President-Elect Trump.pdf

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** [EXTERNAL] World Relief Refugees

Dear Councilmember,

I understand that World Relief and the state of Wisconsin failed to abide by 8 US Code 1522 in that they failed to include the local governments in their decision to bring refugees to Eau Claire. They claim to have spoken to the city manager, but that individual is not an elected person.

Consequently, the people of Eau Claire are not being represented in this major decision. Other cities which have invited so many refugees have suffered from high tax increases that occur after the federal and state funds run out.

We have many people on fixed incomes that are not even keeping up with the inflation rate now and certainly cannot afford more increases.

I ask you to please halt this process. Disregarding 8 US Code 1522 is illegal, and the people need to have a voice.

Sincerely,  
Sheila Wilkinson

**Subject:** Member Update

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

**Subject:** [EXTERNAL] Fw: World Relief Refugee Resettlement

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with [State](#) and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of [refugees](#) among the [States](#) and localities before their placement in those [States](#) and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

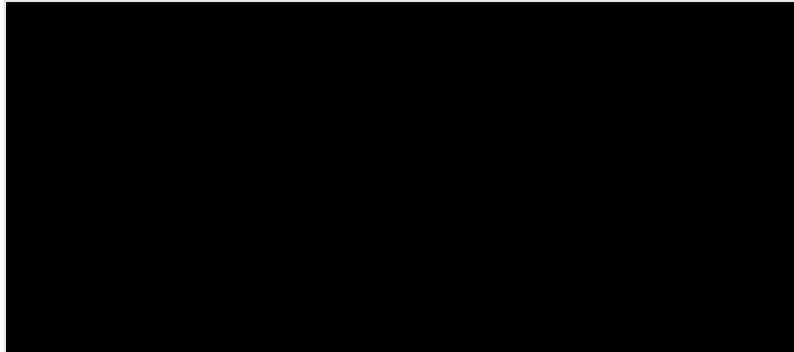

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

**From:** Fred Kappus <[jfkappus@charter.net](mailto:jfkappus@charter.net)>

Marty,

Attached is the letter written by the City Manager touting the opening of a World Relief office in Eau Claire.

The question is, did she do this on her own or is the City Council involved as well?

This is the last thing Eau Claire needs is to welcome middle east refugees. Look what happened to Dearborn, Michigan.

Fred

MONDAY AT 6 PM AT THE LE PHILLIPS LIBRARY THIS & Many other questions need to be addressed.

Whether the idea is bring Refugees....or IMMGRANTS from South America or GAZA etc.

Did they Follow US...CODE 8 ....1522 Section 2 and Did Our City Manager have the approval or backing of Our City Council to even send this letter.

Here are some Questions that Citizens have the Right To ask.

Are these Refugees here Legally and How are they Vetted? The ones arriving in Sanctuary cities like New York Chicago Milwaukee are NOT.

Who has responsibility for assisting these immigrants after World Relief or area Church's completes its term of support?

When the Operation is up and Fully operational how many immigrant's will be added each year.

How Long does WORLD RELIEF Assist each immigrant family.?

How much money does WORLD RELIEF receive for Each immigrant ? FROM us government OR THE UN ??????

Who is responsible for their assistance after World Relief completes its TERM OF SUPPORT?

The City of Eau Claire? How will affect our Schools They are UNDER S TAFFED as is our LAW ENFORCEMENT Departments.

Has our co ordinating personnel talked to other cities EXAMPLE..... ST CLOUD MINNESOTA. Or HUDSON WI who rejected this proposal.

Many citizen knew nothing about this proposal until TV18 Did a Story 1 day a few weeks ago. Otherwise No One would have learned of this until it

Was TOO LATE.

Marty Green

Former General Manager of WAXX Radio

Former Member of the Eau RDA

Citizen of Eau Claire and Wisconsin for over 50 years

My Grand Parents Migrated from Russia & Poland

So I am not against welcoming new people Legally here in our Country State or City

Marty,

Attached is the letter written by the City Manager touting the opening of a World Relief office in Eau Claire.

The question is, did she do this on her own or is the City Council involved as well?

This is the last thing Eau Claire needs is to welcome middle east refugees. Look what happened to Dearborn, Michigan.

Fred

MONDAY AT 6 PM AT THE LE PHILLIPS LIBRARY THIS & Many other questions need to be addressed.

Whether the idea is bring Refugees....or IMMGRANTS from South America or GAZA etc.

Did they Follow US...CODE 8 ....1522 Section 2 and Did Our City Manager have the approval or backing of Our City Council to even send this letter.

Here are some Questions that Citizens have the Right To ask.

Are these Refugees here Legally and How are they Vetted? The ones arriving in Sanctuary cities like New York Chicago Milwaukee are NOT.

Who has responsibility for assisting these immigrants after World Relief or area Church's completes its term of support?

When the Operation is up and Fully operational how many immigrant's will be added each year.

How Long does WORLD RELIEF Assist each immigrant family.?

How much money does WORLD RELIEF receive for Each immigrant ? FROM us government OR THE UN ??????

Who is responsible for their assistance after World Relief completes its TERM OF SUPPORT?

The City of Eau Claire? How will affect our Schools They are UNDER S TAFFED as is our LAW ENFORCEMENT Departments.

Has our co ordinating personnel talked to other cities EXAMPLE..... ST CLOUD MINNESOTA. Or HUDSON WI who rejected this proposal.

Many citizen knew nothing about this proposal until TV18 Did a Story 1 day a few weeks ago. Otherwise No One would have learned of this until it

Was TOO LATE.

**Subject:** World Relief Mission Meeting Tonight

Good morning City Council Members,

I wanted to let everyone know that the ECPD will have a presence at the library during the time that the World Relief Mission meeting is being held. We discussed the meeting on Friday afternoon and felt with the meeting being held in a City building it was appropriate to have ECPD presence during the meeting. I just wanted to reassure everyone that the ECPD is monitoring the situation closely.

If you have any questions just let me know.

Have a great Monday everyone!

-Dave

**Subject:** [EXTERNAL] World Relief Refugees

Dear Councilmember,

I understand that the city council abdicated its responsibility in the decision about refugees (8 US Code 1522) by delegating it to the city manager.

Taxes will go up once federal aid ends. People on fixed incomes and people who are not well-off will be hurt the most. We need to consider all members of our society in making these decisions.

Our country was founded on the principle that we should not have taxation without representation. The city manager is not an elected official. A decision this major should not be made by an unelected official.

The people of the city need a voice in the decision whether it is by a referendum or through their elected officials.

Sincerely,  
Terry Wilkinson

**Subject:** [EXTERNAL] World Relief refugees

Dear Councilmember,

I understand that the city council let the unelected city manager make an important decision concerning refugees, a decision that should have been addressed by our elected officials (8 US Code 1522).

Once federal aid ends, our taxes will go up. Low-income families and people on fixed incomes will be hurt the most by these tax increases.

We should have no taxation without representation. This principle was central in the birth of our nation, and we must continue to live by it.

The people of Eau Claire need a voice in the decision about refugees. This could be by referendum or a vote by our elected officials. The decision must not be delegated to an unelected official.

Sincerely,  
Jennifer Wilkinson

Hey Stephanie,

Just wanted to leave you a word of appreciation for your work to welcome World Relief, thereby welcoming new neighbors to our city. We have been getting some emails about this, and though of course not everyone in our community will support these actions, the resounding message I've gotten over my 8 years in service is that our community wants to lead with compassion, kindness, and generosity. I fully support the work you're doing here and I have good reason to believe that the majority of our council and our community support this work too.

Thank you! Keep up this good work!

**Subject:** Information on World Relief

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

Hi Larry – You might want to join in on this too, which is right before our discussion on the LVRFB. No pressure – just thought you might be interested.

-----Original Appointment-----

**From:** Anoosheh Hamzehee <Anoosheh.Hamzehee@EauClaireWi.Gov>  
**Sent:** Wednesday, March 22, 2023 8:46 AM  
**To:** Anoosheh Hamzehee; Stephanie Hirsch; Ka Vang; Kathryn Schauf; Hassemer, Holly; Mowry, Donald D.; Billie Hufford; Elizabeth Geise  
**Subject:** Meeting with World Relief Resettlement agency  
**When:** Wednesday, April 5, 2023 9:00 AM-10:00 AM (UTC-06:00) Central Time (US & Canada).  
**Where:** Rivers Conference Room

Good morning,

We have been working on assessing the feasibility of increasing the City's capacity to host immigrants and refugees, with the two goals of addressing employee shortages and of promoting a more multi-cultural community.

World Relief Refugee Resettlement agency is considering opening another office in Wisconsin, and Eau Claire is one of the 2 candidates. Tami Mclaughlin is their Fox Valley office director and she is coming to Eau Claire on April 5<sup>th</sup> to meet with us and do an assessment.  
I'm

scheduling the

meeting for 9:00 AM, if there's any conflict please let me know, Tami's schedule is flexible

Thank you  
Anoosheh

**Attachments:** City Manager Update to the City Council 07 17 2023.pdf

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

#### **In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

- **Council Calendar**

**Attachments:** City Manager Update to the City Council 09 25 2023.pdf

Hello Council Members –

Sorry for the delay on this. We, internally, are trying to figure out a way to have just one newsletter that goes out weekly to the Council, the staff, and the public. We're trying to determine the best email marketing/newsletter platform to use. In the meantime, here's this week's. (And you'll get it again in the new format...)

Feel free to share any feedback or suggestions!

Stephanie

All,  
Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

World Relief Wisconsin

[CLICK HERE TO REGISTER](#) Please RSVP by Friday, October 13, 2023

Feel free to share this invitation with other service providers in the Chippewa Valley network

Please attend our

## Inaugural Refugee Community Partner Meeting

**Subject:** Not a sad good bye

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

[CLICK HERE TO REGISTER](#) Please RSVP by Friday, October 13, 2023

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

attachments (3) Former U.S. Rep. Duffy's letters to Obama, Trump and Larson

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** [EXTERNAL] World Relief Refugees

Dear Councilmember,

I understand that World Relief and the state of Wisconsin failed to abide by 8 US Code 1522 in that they failed to include the local governments in their decision to bring refugees to Eau Claire. They claim to have spoken to the city manager, but that individual is not an elected person.

Consequently, the people of Eau Claire are not being represented in this major decision. Other cities which have invited so many refugees have suffered from high tax increases that occur after the federal and state funds run out.

We have many people on fixed incomes that are not even keeping up with the inflation rate now and certainly cannot afford more increases.

I ask you to please halt this process. Disregarding 8 US Code 1522 is illegal, and the people need to have a voice.

Sincerely,  
Sheila Wilkinson

**Subject:** Member Update

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

**Subject:** [EXTERNAL] Fw: World Relief Refugee Resettlement

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with [State](#) and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of [refugees](#) among the [States](#) and localities before their placement in those [States](#) and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

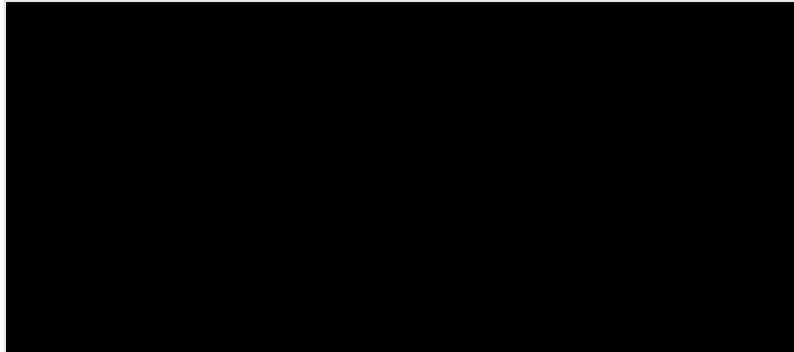

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

**Where:** [Rivers Conference Room](#)

Good morning,

We have been working on assessing the feasibility of increasing the City's capacity to host immigrants and refugees, with the two goals of addressing employee shortages and of promoting a more multi-cultural community.

World Relief Refugee Resettlement agency is considering opening another office in Wisconsin, and Eau Claire is one of the 2 candidates. Tami McLaughlin is their Fox Valley office director and she is coming to Eau Claire on April 5<sup>th</sup> to meet with us and do an assessment.  
I'm

scheduling the

meeting for 9:00 AM, if there's any conflict please let me know, Tami's schedule is flexible

Thank you  
Anoosheh

**Subject:** Information on World Relief  
**Attachments:** 2023-05-16\_WorldReliefLetterofSupport\_CM.pdf

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

**Subject:** World Relief Mission Meeting Tonight

Good morning City Council Members,

I wanted to let everyone know that the ECPD will have a presence at the library during the time that the World Relief Mission meeting is being held. We discussed the meeting on Friday afternoon and felt with the meeting being held in a City building it was appropriate to have ECPD presence during the meeting. I just wanted to reassure everyone that the ECPD is monitoring the situation closely.

If you have any questions just let me know.

Have a great Monday everyone!

-Dave

**Subject:** [EXTERNAL] World Relief Refugees

Dear Councilmember,

I understand that the city council abdicated its responsibility in the decision about refugees (8 US Code 1522) by delegating it to the city manager.

Taxes will go up once federal aid ends. People on fixed incomes and people who are not well-off will be hurt the most. We need to consider all members of our society in making these decisions.

Our country was founded on the principle that we should not have taxation without representation. The city manager is not an elected official. A decision this major should not be made by an unelected official.

The people of the city need a voice in the decision whether it is by a referendum or through their elected officials.

Sincerely,  
Terry Wilkinson

**Subject:** [EXTERNAL] World Relief refugees

Dear Councilmember,

I understand that the city council let the unelected city manager make an important decision concerning refugees, a decision that should have been addressed by our elected officials (8 US Code 1522).

Once federal aid ends, our taxes will go up. Low-income families and people on fixed incomes will be hurt the most by these tax increases.

We should have no taxation without representation. This principle was central in the birth of our nation, and we must continue to live by it.

The people of Eau Claire need a voice in the decision about refugees. This could be by referendum or a vote by our elected officials. The decision must not be delegated to an unelected official.

Sincerely,  
Jennifer Wilkinson

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

#### **In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

Hello Council Members –

Sorry for the delay on this. We, internally, are trying to figure out a way to have just one newsletter that goes out weekly to the Council, the staff, and the public. We're trying to determine the best email marketing/newsletter platform to use. In the meantime, here's this week's. (And you'll get it again in the new format...)

Feel free to share any feedback or suggestions!

Stephanie

All,  
Just sharing this for information.

Inaugural Refugee Community Partner Meeting - please register!

Dear Chippewa Valley Partners,

Thanks to those who have registered for the Inaugural Refugee Community Partner Meeting next Wednesday. Our World Relief Wisconsin team is excited to share more information around refugee resettlement for the Chippewa Valley and look forward to facilitating conversations around how community partners can best work together to welcome our newcomers well.

Please register if you haven't already and feel free to share this invite with additional partners.

We look forward to seeing you next week!

World Relief Wisconsin

All,

In case you have not heard, I just wanted to let you know that I have decided to leave the EDI Coordinator position with the City of Eau Claire. My last day with the City is today, Friday, October 13, I wanted to thank you for your support in EDI efforts as well as this role. Continue to do the amazing work you all do and know that our path will cross again.

I am transitioning to work with World Relief to provide support for refugee resettlement in the Chippewa Valley. Their new office is just across the river, 221 W. Madison St. I hope to see some of you at their partnership meeting on Oct. 18, from 9:30—11am or on Oct. 23 in the evening for the community gathering for the Chippewa Valley Community at large. Both events will be held at the library. And of course you're always welcome to visit the new World Relief office on W. Madison St. at any time.

**Attachments:** 16.12.21 Syrian Refugee Letter to David Larson.pdf, 16.12.21 Syrian Refugee Letter to President Obama.pdf, 16.12.21 Syrian Refugee Letter to President-Elect Trump.pdf

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** [EXTERNAL] World Relief Refugees

Dear Councilmember,

I understand that World Relief and the state of Wisconsin failed to abide by 8 US Code 1522 in that they failed to include the local governments in their decision to bring refugees to Eau Claire. They claim to have spoken to the city manager, but that individual is not an elected person.

Consequently, the people of Eau Claire are not being represented in this major decision. Other cities which have invited so many refugees have suffered from high tax increases that occur after the federal and state funds run out.

We have many people on fixed incomes that are not even keeping up with the inflation rate now and certainly cannot afford more increases.

I ask you to please halt this process. Disregarding 8 US Code 1522 is illegal, and the people need to have a voice.

Sincerely,  
Sheila Wilkinson

**Subject:** Member Update

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

**Subject:** [EXTERNAL] Fw: World Relief Refugee Resettlement

## Members of the Eau Claire City Council

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with [State](#) and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of [refugees](#) among the [States](#) and localities before their placement in those [States](#) and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement. An official from World Relief admitted that she spoke to no elected officials, only the city manager.

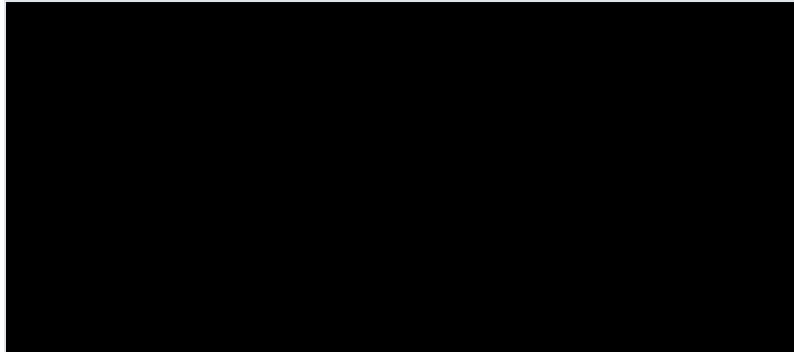

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for.

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? According to the State Refugee Resettlement Coordinator and World Relief the country of origin for the refugees coming to Eau Claire will be Somalia. During the stakeholder's meeting five possible countries were mentioned, and none of them was Somalia.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this so far. This is the time to step up and lead.

I would like to leave you with an article about World Relief: [Catholic Charities of Tennessee Says It Is Not Responsible for Addressing Complaints World Relief Failed Murfreesboro Refugees, Despite Tearful Plea - Tennessee Star](#)

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

**From:** Fred Kappus <[jfkappus@charter.net](mailto:jfkappus@charter.net)>

Marty,

Attached is the letter written by the City Manager touting the opening of a World Relief office in Eau Claire.

The question is, did she do this on her own or is the City Council involved as well?

This is the last thing Eau Claire needs is to welcome middle east refugees. Look what happened to Dearborn, Michigan.

Fred

MONDAY AT 6 PM AT THE LE PHILLIPS LIBRARY THIS & Many other questions need to be addressed.

Whether the idea is bring Refugees....or IMMGRANTS from South America or GAZA etc.

Did they Follow US...CODE 8 ....1522 Section 2 and Did Our City Manager have the approval or backing of Our City Council to even send this letter.

Here are some Questions that Citizens have the Right To ask.

Are these Refugees here Legally and How are they Vetted? The ones arriving in Sanctuary cities like New York Chicago Milwaukee are NOT.

Who has responsibility for assisting these immigrants after World Relief or area Church's completes its term of support?

When the Operation is up and Fully operational how many immigrant's will be added each year.

How Long does WORLD RELIEF Assist each immigrant family.?

How much money does WORLD RELIEF receive for Each immigrant ? FROM us government OR THE UN ??????

Who is responsible for their assistance after World Relief completes its TERM OF SUPPORT?

The City of Eau Claire? How will affect our Schools They are UNDER S TAFFED as is our LAW ENFORCEMENT Departments.

Has our co ordinating personnel talked to other cities EXAMPLE..... ST CLOUD MINNESOTA. Or HUDSON WI who rejected this proposal.

Many citizen knew nothing about this proposal until TV18 Did a Story 1 day a few weeks ago. Otherwise No One would have learned of this until it

Was TOO LATE.

**Subject:** World Relief Mission Meeting Tonight

Good morning City Council Members,

I wanted to let everyone know that the ECPD will have a presence at the library during the time that the World Relief Mission meeting is being held. We discussed the meeting on Friday afternoon and felt with the meeting being held in a City building it was appropriate to have ECPD presence during the meeting. I just wanted to reassure everyone that the ECPD is monitoring the situation closely.

If you have any questions just let me know.

Have a great Monday everyone!

-Dave

**Subject:** [EXTERNAL] World Relief Refugees

Dear Councilmember,

I understand that the city council abdicated its responsibility in the decision about refugees (8 US Code 1522) by delegating it to the city manager.

Taxes will go up once federal aid ends. People on fixed incomes and people who are not well-off will be hurt the most. We need to consider all members of our society in making these decisions.

Our country was founded on the principle that we should not have taxation without representation. The city manager is not an elected official. A decision this major should not be made by an unelected official.

The people of the city need a voice in the decision whether it is by a referendum or through their elected officials.

Sincerely,  
Terry Wilkinson

**Subject:** [EXTERNAL] World Relief refugees

Dear Councilmember,

I understand that the city council let the unelected city manager make an important decision concerning refugees, a decision that should have been addressed by our elected officials (8 US Code 1522).

Once federal aid ends, our taxes will go up. Low-income families and people on fixed incomes will be hurt the most by these tax increases.

We should have no taxation without representation. This principle was central in the birth of our nation, and we must continue to live by it.

The people of Eau Claire need a voice in the decision about refugees. This could be by referendum or a vote by our elected officials. The decision must not be delegated to an unelected official.

**Subject:** [EXTERNAL] World Relief information

Dear Roderick,

I am concerned that there has been little information re: planning and possible establishment of a World Relief VOLAG (voluntary non-governmental agency) in Eau Claire. The intent as stated by World Relief would be to resettle 75 refugees in the City of Eau Claire and the surrounding area.

I have just finished reading '**8 US Code 1522**-Authorization for programs for domestic resettlement of and assistance to refugees'. I noted in Section a (1) (B) (iii), states that "local voluntary agency activities should be conducted in close cooperation and advance consultation with State and local governments." It appears that this advance consultation has been neglected.

Furthermore, Section a (2) (A) states that "the Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities." I cannot find evidence that local officials were consulted regarding this action. Can you reassure me that the law has been followed in this case? Please provide names and dates of conversations re this topic.

Local Taxpayers will experience additional financial burden when 'refugees' or 'immigrants' are "placed" by an external agency. I note that after the first 90 days of placement, the responsibility for refugee/immigrant job-training, language-learning, housing, medical expenses, education, etc. passes from the World Relief VOLAG to the local taxpayers. Your lack of transparency and information to your constituents is unacceptable. It appears at this time that further action by World Relief in Eau Claire is imprudent. Please describe your plans with World Relief to the people of Eau Claire through paper, web and social media and solicit taxpayer feedback prior to implementing any such actions.

Hi Anoosheh! I think it would be great to include all of those people. If there's any way to gauge their availability, that would be great. Like, if Tami has some flexibility, then you could offer up a few options to the group. You might include a sentence that explains the context too, such as: We have been working on assessing the feasibility of increasing the City's capacity to host immigrants and refugees, with the two goals of addressing employee shortages and of promoting a more multi-cultural community.

Good morning Stephanie,

I hope you're enjoying your trip ☺  
I talked to World relief director in Fox Valley.  
She's coming to Eau Claire to visit with us and all the key players.  
Is it ok to invite Katheryn and Lieske, Holley, Deb and Don too?  
Do you think we should have Billie too because she has housing questions for us as well or you will take care of them?

This is the email I'm going to send and I've already booked it on your schedule

"World Relief Refugee Resettlement agency is considering opening another office in Wisconsin and Eau Claire is one of the 2 candidates. TAMI MCLAUGHLIN is their Fox Valley office director and she is coming to Eau Claire to meet with us and do an assessment. I appreciate if you can attend please."

Dear Anoosheh,

I just wanted to let you know that there is also an existing refugee resettlement organization in Eau Claire called Welcoming New Neighbors (WNN). Wnn has been operating under the sponsorship of Lutheran Social Services of Wisconsin and Upper Michigan—home office Milwaukee—as a CoSponsorship program. WNN has accepted and settled 7 Afghan men and also supported two Afghan families who came to Eau Claire as a secondary migration. WNN is also moving to become a recognized Refugee Resettlement agency.

Two primary contacts for WNN are Ginny Close and Bea Evans, and I will copy them on this email.

Best,

Don Mowry

FYI, attached is a document created by World Relief resettlement contractor, The Bureau of Population, Refugees and Migration (PRM),

as a guide to assess a community's ability to resettle refugees. World Relief will complete the assessment and use it to assist in

determining if they are supportive of opening a site in Eau Claire.

**Subject:** RE: update for council

We are exploring the feasibility of expanding the City's capacity to welcome immigrants and refugees. Our dual objectives are to address employee shortages and to cultivate a vibrant, multi-cultural community. One potential avenue is the prospect of World Relief Refugee Resettlement agency establishing a new office in Wisconsin. We are thrilled to be one of two candidates under consideration, and Tami McLaughlin, Director of World Relief Fox Valley, will visit Eau Claire in April to conduct an assessment. Additionally, we are actively exploring ways to boost the local workforce by utilizing PERM (employment) visas. To this end, we have engaged with the Chamber, CVTC, and ECD and are in the process of planning an information session for Eau Claire's businesses and employers.

**When:** Wednesday, April 5, 2023 9:00 AM-10:00 AM (UTC-06:00) Central Time (US & Canada).  
**Where:** Rivers Conference Room

Good morning,

We have been working on assessing the feasibility of increasing the City's capacity to host immigrants and refugees, with the two goals of addressing employee shortages and of promoting a more multi-cultural community.

World Relief Refugee Resettlement agency is considering opening another office in Wisconsin, and Eau Claire is one of the 2 candidates. Tami Mclaughlin is their Fox Valley office director and she is coming to Eau Claire on April 5<sup>th</sup> to meet with us and do an assessment.  
I'm

scheduling the

meeting for 9:00 AM, if there's any conflict please let me know, Tami's schedule is flexible

Thank you

Hello Anoosheh,

Hope you are enjoying Wisconsin weather at its finest! We know it won't last so have to take advantage.

I am planning on returning to Eau Claire next week with two of my colleagues and hoping to schedule a visit with a representative from the ECASD. Do you have a recommendation of a contact to reach out to as there isn't an ELL contact on the website? I have also requested an appointment, per the suggestion of our state refugee coordinator, with Jody Conner from Workforce Resource and am waiting to hear back.

Also, would you have an hour to meet with us to review a few more questions and other details relating to a proposal submission? It would also give us an opportunity to schedule a visit to our office when you are in Appleton for the Toward One Diversity and Inclusive Conference. (if you are still interested)

Appreciate your assistance and hope to connect next week!

**Subject:** Meet with World Relief

Hi Matt – Would you be available to meet (probably for just about a half hour) with a representative from a refugee resettlement agency? They are considering setting up an office here in Eau Claire, and they wanted to ask these questions listed below... Let me or Anoosheh know if this time doesn't work! It looks free on your calendar. The agency person is free after 9:30AM on Wednesday.

World Relief, a refugee resettlement agency, is considering Eau Claire as a potential location to establish a refugee settlement office. The agency has conducted initial interviews with relevant individuals. As part of the assessment process, the director of the agency based in Appleton, Tami Laughlin, wishes to speak with the Eau Claire police chief. The following is a list of questions that will be discussed during the meeting.

- Any anti-immigrant sentiments expressed in the community? If so, how are sentiments managed?
- How are immigrant groups isolated or integrated into the community?
- Does local law enforcement have a community or cultural liaison?
- Any foreseeable barriers from public safety perspective to resettlement in community
- Any resources available for language barriers?

Hi Anoosheh – Sorry for this question and I don't want to mess up plans... I see that there is actually a bus I could take back from Wausau, but it leaves at 3PM. Would there be any chance of going to the Warming Center before 3PM so I could make the bus?

Hi Kevin –

A group of us are heading to Wausau on Monday (on the way to the Toward One conference). I have to be back for a Council meeting on Monday night, but was hoping to tour the Day Center or anything else interesting in Wausau before I catch a bus back at 3PM. Do you have any suggestions of what we might do between around 1 and 3PM? We are really up for anything that will help us understand municipal government! ☐

Thanks in advance and sorry for the late request...

Hi Stephanie,

I've arranged for you to receive a tour of the Community Partners Campus (CPC) in Wausau. Jeff Hancock, our Regional Director for Wausau operations, will be able to help guide you on that tour. Please contact him when you arrive on-site (364 Grand Ave, Wausau WI 54403). His phone number is 715.301.3339. Jeff will also attempt to connect with the day shelter, Open Door, to see if he can also take you there for a tour. I'm not certain if it will be possible but he is going to reach out to them. Those two locations, with questions, will most likely fill the 2-hour timeframe you are free. Just for planning purposes, how large of a group would be coming?

Thank you and have a great weekend!

Thank you, Stephanie. We look forward to your visit and hope it sheds some light on our operations and partnerships in Wausau.

**Anoosheh-** I apologize for the initial response you received. This is a public campus during the day. Although we and many of our partners will be in operation on Monday, there is no better time to visit than that. It is a public and welcoming campus. Whether that be clients or people wanting a tour to see us in action! ☐

Thank you and safe travels!

**Subject:** RE: Wausau/Appleton days schedule

Hi Kevin –

A group of us are heading to Wausau on Monday (on the way to the Toward One conference). I have to be back for a Council meeting on Monday night, but was hoping to tour the Day Center or anything else interesting in Wausau before I catch a bus back at 3PM. Do you have any suggestions of what we might do between around 1 and 3PM? We are really up for anything that will help us understand municipal government! ☺

Thanks in advance and sorry for the late request...

Stephanie

Hi Stephanie,

I've arranged for you to receive a tour of the Community Partners Campus (CPC) in Wausau. Jeff Hancock, our Regional Director for Wausau operations, will be able to help guide you on that tour. Please contact him when you arrive on-site (364 Grand Ave, Wausau WI 54403). His phone number is 715.301.3339. Jeff will also attempt to connect with the day shelter, Open Door, to see if he can also take you there for a tour. I'm not certain if it will be possible but he is going to reach out to them. Those two locations, with questions, will most likely fill the 2-hour timeframe you are free. Just for planning purposes, how large of a group would be coming?

Thank you and have a great weekend!

Hi Anoosheh,

Glad you enjoyed your stay and hope the conference was productive!

We have decided to propose Eau Claire as our recommendation for a new resettlement site. Everyone we had a conversation with was supportive and the work that your community has already done around welcoming refugees and immigrants has been impressive. It would be an honor to open an office in Eau Claire.

We are preparing the proposal which is due the end of the month and later this week I plan to send emails requesting support letters from stake holders. We expect to receive final approval late summer/early fall but will continue to move forward with plans around hiring and securing office space.

Will be in touch but let me know if you have additional questions. So appreciative of your assistance and support. The fun is just beginning J

Tami

Hello Stephanie,

Hope you are well and enjoying Wisconsin's beautiful spring season.

After several visits and conversations with numerous stakeholders, World Relief Fox Valley is proposing opening a sub office in Eau Claire in the fall of 2023. Letters of support from officials and key partners are required to accompany the proposal so I am hoping you would write a letter and return to me by Wednesday, May 24. A template is attached for consideration.

We will be in touch as we continue forward with our plans as know your support and expertise will be instrumental in the success of welcoming refugees to Eau Claire. We appreciate all of the work you, Anoosheh and others on your team have done to pave the way for future newcomer communities and we look forward to partnering and collaborating to continue Eau Claire's legacy of welcome.

Please let me know if you have any questions or concerns.

Thank you for your support and leadership.

Tami

Hello Stephanie,

Hope you are well and enjoying Wisconsin's beautiful spring season.

After several visits and conversations with numerous stakeholders, World Relief Fox Valley is proposing opening a sub office in Eau Claire in the fall of 2023. Letters of support from officials and key partners are required to accompany the proposal so I am hoping you would write a letter and return to me by Wednesday, May 24. A template is attached for consideration.

We will be in touch as we continue forward with our plans as know your support and expertise will be instrumental in the success of welcoming refugees to Eau Claire. We appreciate all of the work you, Anoosheh and others on your team have done to pave the way for future

newcomer communities and we look forward to partnering and collaborating to continue Eau Claire's legacy of welcome.

Please let me know if you have any questions or concerns.

Thank you for your support and leadership.

Tami

**Subject:** Agenda for EDI EauStat Admin Meeting  
**Attachments:** 2023-06-29\_EDIEauStatAgenda.docx

Hello all –

Attached is an agenda for the EDI EauStat meeting tomorrow.

As mentioned in other communications, we are trying to split EauStat meetings into three different types:

- Admin Meetings (IT, HR, Finance, and eventually Law) that happen in the first week of the month and that shape the topics for the operational meetings.
- Operational Meetings (Community Services, Police, Fire, etc. etc.) that happen in the last two weeks of the month.
- Project meetings that are less structured and happen at different times of the month.

EDI probably falls somewhere between an Admin Meeting (since it relates to all departments) and a project meeting.

Anyway, thank you for bearing with us as we make these adjustments!

Stephanie

Hi Anoosheh,

Good to hear from you! We don't expect to receive final approve for the resettlement site until late August but are going to begin recruiting for the site director (position should be posted by the following week). I will also begin looking for office space. Do you have any recommendations regarding location? A top priority is accessibility to public transportation.

Will stay in touch as starting to move forward!

Thanks!

**Subject:** City Manager Update to the City Council - Week of 7/17  
**Attachments:** City Manager Update to the City Council 07 17 2023.pdf

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

#### **In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

- **Council Calendar**
- **Special Employee Spotlight:** Melissa Turnquist

Stephanie

Hi Anoosheh,

Thank you for taking the time to chat. After much consideration, we've made the decision to not move forward at this time. That being said, we'd like to keep your resume on file as our team continues to grow.

We really appreciate you taking the time to get to know our team. Best of luck with your current search!

Thanks again,  
Melissa Young

Hi Lieske,

World Relief is in the process of renting an office and hiring staff. They predict the first arrivals to occur at the end of November. I have asked Tami, the Director, for more info. I will share as soon as I receive a response. Meanwhile please let me know if there are any specific details that you would want to know.

Have a great day,  
Anoosheh

**Subject:** [EXTERNAL] resettlement update

Greetings.

I wanted to quickly connect to see if you have any updates for us related to the proposed resettlement efforts. I know that depending on what moves forward, there may be considerable involvement of staff and resources across our agencies. I want to be sure we are thinking about that so we have planned strategically.

Let me know what you can share.

Thanks much.

Lieske

**Subject:** Update from the Manager's Office - Week of 9/25/2023

Hello City Staff – We in the City Manager’s Office, with help from the IT Department, are working on reformatting the weekly newsletter... The goal is to send one newsletter that works for the City Council, City staff, and members of the public who are interested. (Additional notices outside of the weekly newsletter will also get sent for employee-specific news.) Also, we hope to make it possible for you to sign up to receive the updates on your personal email account, which may help those people who are part of teams that don’t regularly access City email. Below is how we are picturing it’ll look on a weekly basis. Stay tuned, and please feel free to share feedback on this new, proposed format! (You may get a duplicate of this email once we set up the new system, FYI...)

- **CITY UPDATES:** Here’s some news from around the city.

- **Cannery District Construction:** Our Parks Manager, Steve Plaza, shared this update on what’s happening with the construction of Cannery Park, which is in the “Cannery” neighborhood, close to the Children’s Theater, High Bridge, and the Brewing Project: “Cannery Park has been seeing a transformation this past month. Contractors have been grading the sledding hill, playground area, open spaces, and skatepark. The restroom has been framed and its inside painted, and it’s now visible if you take a tour in that area. The ADA walkway next to the Madison Street Bridge has been staked, as has the walkway and canoe slide to a scenic viewpoint. Footing is being prepared to be poured for concrete for the stairs and the sign. The completion of the park is scheduled for early summer 2024. Market & Johnson is the General Contractor for the project, and Cory Tietz is the City’s Project Manager for the park construction.”

- **One Book, One Community 2023:** The L.E. Phillips Memorial Public Library is launching its community read for 2023. They write: “This highly-anticipated, annual program encourages residents to unite around a single book that delves into critical

social and environmental issues affecting the region. The chosen title for this year is New York Times bestseller Nature's Best Hope: A New Approach to Conservation That Starts in Your Yard, by Douglas Tallamy. The book is a compelling exploration of biodiversity loss and the role each of us can play in preserving our natural world. The main event will be an Author Talk with Douglas Tallamy at the Chippewa Valley Book Festival on Saturday, October 14th at 9:30AM in the Riverview Room. Registration and additional events can be found here:

[www.ecpubliclibrary.info/onebook](http://www.ecpubliclibrary.info/onebook)

- **Resettlement Agency Coming to Eau Claire:** The City of Eau Claire has recently worked with partners, including resident volunteer groups, the CVTC, the Department of Human Services, and the Health Department, to explore opening an Eau Claire branch of an agency called World Relief. The organization is currently securing office space and hiring staff. They expect to be all situated by this fall, and they will begin to welcome refugees for settlement in Eau Claire in 2024. They write that: "The total number of refugees we have been approved to welcome to the Chippewa Valley for FY2024 is 75 people." New residents of Eau Claire will help fill gaps in our very tight labor market and will bring a richness of perspectives and contributions to our community.

- **QUESTION AND ANSWERS:** Here are some questions that have come through the City Manager's Office this week. *Have a question you'd like answered?* [Submit it here.](#)

### **TDS Installation Impact**

Question: "How is TDS repairing areas of grass or landscaping that have been damaged due to the installation of fiber?"

Answer from City Staff: City Engineer Dave Solberg shared: "We have worked with TDS to ensure that they complete restoration within the existing permitted areas and provide us with a timeline for restoration. We have been tracking locations based on e-mails and calls and relaying those restoration locations to TDS/Tilson daily. Last week, we started inspection of the restoration complaint locations, and that will continue through this process. TDS/Tilson is on track to have their restoration brought into compliance by the beginning of October. We've seen great improvement with the new restoration sub-contractor and their work towards meeting the restoration requirements over the past two weeks."

### **EV Charging on Forest Street**

Question: "I was wondering what the timeline is for the EV charging at Forest Street. I have seen it used by vehicles, but I have noticed that the site is not completed. and the canopy structure by Solar Forma is not yet installed."

Answer from City Staff: Planning Manger Ned Noel said: "EV charging has been going on over a year there, but the Solar Forma Design has had some business issues and delays. They have proposed to complete the project by end of October."

## Trail from Mayo

Question: “Any updates on the Half Moon Lake Trail construction from Folsom Street south to West Madison Street?”

Answer from City Staff: City Engineer Dave Solberg said: “We ran into a problem in the right of way that the City purchased 30+ years ago...but we have worked through it. Unfortunately, WisDOT’s budget is tight, and if we don’t get the contract awarded by late October, construction may not start until 2026... so we’re really pushing to get it bid ASAP!”

## Jeffers Road Trail

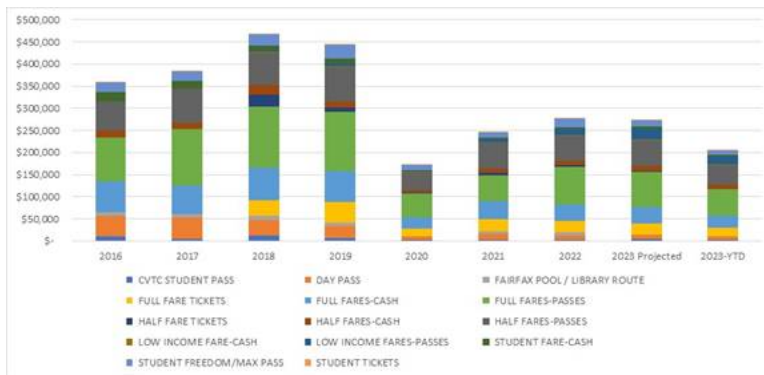

Question: “I noticed utility poles in the middle of the trail on the southern end of the Jeffers Road reconstruction, looking south toward the North Crossing. Will these be moved?”

Answer from City Staff: City Engineer Dave Solberg said: “Xcel Energy wasn’t able to move the poles this year, so we made sure we had four-foot clearance around them and paved the trail. Next year, Xcel Energy will saw a square of the trail out, move the poles, and repave the concrete square they removed.”

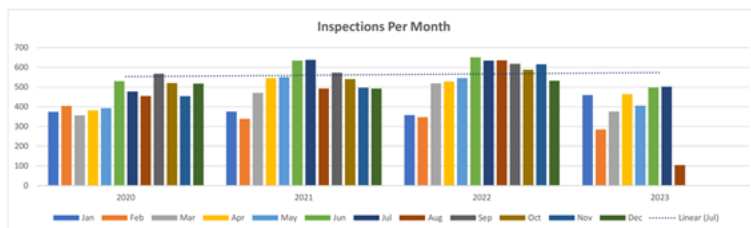

**EC STATS**: The City holds weekly meetings with departments to talk about their data, their goals, and any challenges they may be facing. Read on below for some data from the meetings we held this week.

**Transit:** Transit EauStat met last week, and here's what we discussed. In our Transit Division, so far for 2023, we are seeing an increase in ridership as compared to 2022. At this same time last year, there had been 256,688 riders. In 2023, there have been 392,336 riders, which is an increase by 52.8 percent. While numbers have been trending upward since the pandemic, ridership has been significantly lower than pre-pandemic ridership. Fare revenue for 2023 appears to be on track to be similar to fare revenue collected in 2022. The Transit team has been hard at work on several projects, including the Community Pass Pilot, which is a project aimed at exploring creative transit projects to increase access and make transit more equitable. Other projects include working on bus tracking, arranging for demand response services, and exploring marketing opportunities.

**Inspections:** Inspections EauStat also met last week. We have seen record construction years in recent years, and this year is on pace with only a slight decrease. The same hot market that has driven up our inspections numbers has also impacted our ability to staff our Inspections Division positions. In particular, the City has faced a significant challenge in hiring a Plumbing Inspector, due to the competition from the private sector, where master plumbers can earn in excess of \$100K per year. We continue to seek solutions to this gap. (If you know a plumber, please share this link with them and encourage them to apply: [Job Openings | Sorted by Posting Date descending | JOB OPENINGS \(governmentjobs.com\)](#)) Our Inspections staff are working extremely hard to keep up with the incredible pace of permits pulled, and we appreciate how they have weathered these unbelievably busy years!

**EMPLOYEE SPOTLIGHT:** We have the best employees! Get to know one of them this week. (And [submit your suggestion for an employee to spotlight here...](#))

Today we highlight **Tess Morgan**. A co-worker said this about Tess: “Tess is a huge part of communication successes for the community. She is dedicated to helping make sure news from the City is communicated through multiple channels. More importantly, she recognizes the need to help some of our community partners get out the message of needs, often resulting in the news further carrying the stories. Tess is also a joy to work with, and she has a great sense of humor and an amazing knowledge of the City's past endeavors. She also makes a mighty fine pizza!”

Here's some more information about Tess:

- Your Position: “For a bit over five years, I've been the Media & Communications Specialist for the City. I send out meeting notices and news releases, handle our social media accounts and the website, monitor news/social media, etc., develop messaging for us, and design the images seen on the big monitors in City Hall, plus a few other things.”
- Something People May Not Know: “In the last 10 years or so, I've learned to downhill ski, snorkeled, become certified to captain a sailboat, won first place in a dance competition, left my life-long career to start working with the City, and got married last year. It's NEVER too late to try new things and begin new chapters of your life – ‘comparison is the thief of joy’, so don't limit yourself just because others have done things sooner in life.” (Theodore Roosevelt quote)
- Favorite Activity: “Bicycling Wisconsin's amazing rails-to-trails system (especially in spring and fall) and cooking for people.”
- Best Thing about Working for City: “We have a really great quality of life in Eau Claire, and it's an honor to work with the amazing people who make that happen – it's truly mind blowing HOW MUCH gets done with the number of employees we have. I also appreciate the opportunities for growth and career development.”
- Life Philosophy: “There isn't a single phrase that really sums it all up, but I think it's important to act with integrity and honesty, follow the Golden Rule, and always just do the best you can -- some days that ends up being more than other days, and that's okay ;)”
- Anything else? “To borrow a quote – ‘There is more that unites us than divides us.’ We are not as divided as the extreme headlines on some news outlets and Facebook memes may lead you to believe, so please don't give them too much attention.”

**SHOUT OUTS:** Here's some reports of employees who went above and beyond.

**911 Caller:** On August 22nd, a community member made a frantic 911 call believing she had an intruder in her home. She advised that when she attempted to use her attic access door, someone pushed back down on the door from above which then struck her in the head. She fled the house immediately. Based on the call nature, several officers rushed to the scene to assist. What unfolded during the incident is best described in the homeowner's letter which was showcased in the Leader Telegram's Voice of the People on September 15th.

"On Aug. 22, I experienced the biggest fear of my life. I was home alone and believed I had an intruder who was trying to hurt me.

I vacated my house and called 911.

Everyone from the 911 operator to the officers who came to clear my home treated me in an exemplary manner. The kindness, compassion and thoroughness with which I was listened to, and then when my home was searched, matched and indeed surpassed all my expectations.

I was never made to feel as though I was a woman home alone with her husband out of town who was imagining things. In fact, when I was feeling silly about calling the police, I was reassured that they would rather check out something that ended up being nothing than have me *not* call and it be something that was indeed a threat. The officers discovered that my attic trap door counterweight system had failed and crashed down on me, not that anyone was up there trying to hurt me.

Thank you from the bottom of my heart for the way I was treated. I felt protected, valued and safe. I am proud to live in a city that has such an excellent police department watching over and protecting me.”

The Eau Claire Police Department takes pride in serving the community with care and compassion. We thank the personnel involved for demonstrating our values, including Telecommunicators Melissa Stone and Brittany Bowe, Officers Derek Jack, Austin Summers, Rogelio Gonzales, and Brian Leach, and Sergeant Olivia Erl.

**Spirit Award:** Attached is a picture of Human Resources Director Colleen Schian and retired Deputy Fire Chief Al Bertrang receiving awards last week at the Peer Support Conference. In the photo, Colleen’s award says “Spirit Award 2023” and Al’s says “Meritorious Service Award 2023.” Both awards were given in recognition of Colleen and Al’s contributions to the Peer Support team and related endeavors. The Peer Support team is a program in which Police and Fire staff work with co-workers to ensure they are able to process and bear the trauma and stress that come with being a first responder.

## **CITY COUNCIL CALENDAR**

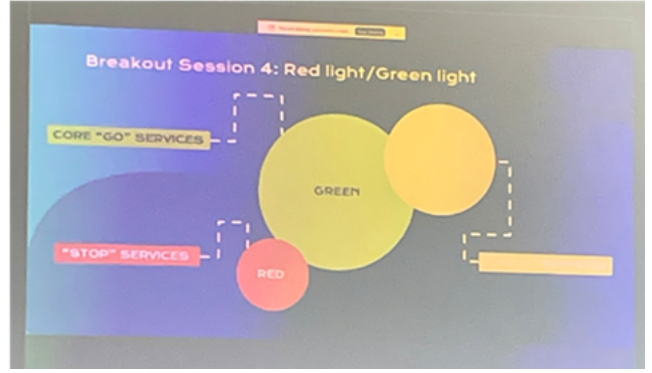

- Monday, September 25th: Council Public Hearing/Discussion Night
- Tuesday, September 26th: Council Meeting
  - Work Session: Boards Committees, Commissions and outreach strategies
- *September 29th – City Council receives 2024 Proposed Operating Budget*
- Monday, October 9th: Council Public Hearing/Discussion Night
  - Public Hearing #1 on 2024 Proposed Operating Budget and State of the City
- Tuesday, October 10th: Council Meeting
  - City Council Operating Budget Work Session #3 (Department Directors)
- Monday, October 23rd: Council Public Hearing/Discussion Night
- Tuesday, October 24th: Council Meeting
  - Housing Study Presentation (tentative)
  - City Council Operating Budget Work Session #4 – Amendment Discussion
- *November 3rd – City Council Budget Amendments Due*
- Monday, November 6th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion
- Monday, November 13th: Council Public Hearing/Discussion Night
  - Public Hearing #2 on 2024 Proposed Operating Budget
- Tuesday, November 14th: Council Meeting
  - City Council action on 2024 Proposed Operating Budget and levy
- Monday, December 18th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion

## **Additional Dates:**

- Thursday, September 28th: First BIPOC Committee Meeting
- Friday, September 29th: Eggs and Issues Legislative Breakfast
- Tuesday, October 3rd: Voices of the Valley
- Wednesday – Friday, October 18th -20th: League Conference

## **PHOTOS FROM AROUND TOWN**

**Library Strategic Planning:** Pictured here are some images from the Library's Strategic Planning process. Staff were reviewing constituent feedback and working to prioritize the different services and programming the Library provides. The City as a whole is hoping to replicate this process for all its divisions and departments.

**Stephanie Hirsch**

**QUESTION AND ANSWERS:** Here are some questions that have come through the City Manager's Office this week. *Have a question you'd like answered?* [Submit it here.](#)

### **TDS Installation Impact**

Question: "How is TDS repairing areas of grass or landscaping that have been damaged due to the installation of fiber?"

Answer from City Staff: City Engineer Dave Solberg shared: "We have worked with TDS to ensure that they complete restoration within the existing permitted areas and provide us with a timeline for restoration. We have been tracking locations based on e-mails and calls and relaying those restoration locations to TDS/Tilson daily. Last week, we started inspection of the restoration complaint locations, and that will continue through this process. TDS/Tilson is on track to have their restoration brought into compliance by the beginning of October. We've seen great improvement with the new restoration sub-contractor and their work towards meeting the restoration requirements over the past two weeks."

### **EV Charging on Forest Street**

Question: "I was wondering what the timeline is for the EV charging at Forest Street. I have seen it used by vehicles, but I have noticed that the site is not completed. and the canopy structure by Solar Forma is not yet installed."

Answer from City Staff: Planning Manger Ned Noel said: "EV charging has been going on over a year there, but the Solar Forma Design has had some business issues and delays. They have proposed to complete the project by end of October."

### **Trail from Mayo**

Question: “Any updates on the Half Moon Lake Trail construction from Folsom Street south to West Madison Street?”

Answer from City Staff: City Engineer Dave Solberg said: “We ran into a problem in the right of way that the City purchased 30+ years ago...but we have worked through it. Unfortunately, WisDOT’s budget is tight, and if we don’t get the contract awarded by late October, construction may not start until 2026... so we’re really pushing to get it bid ASAP!”

### **Jeffers Road Trail**

Question: “I noticed utility poles in the middle of the trail on the southern end of the Jeffers Road reconstruction, looking south toward the North Crossing. Will these be moved?”

Answer from City Staff: City Engineer Dave Solberg said: “Xcel Energy wasn’t able to move the poles this year, so we made sure we had four-foot clearance around them and paved the trail. Next year, Xcel Energy will saw a square of the trail out, move the poles, and repave the concrete square they removed.”

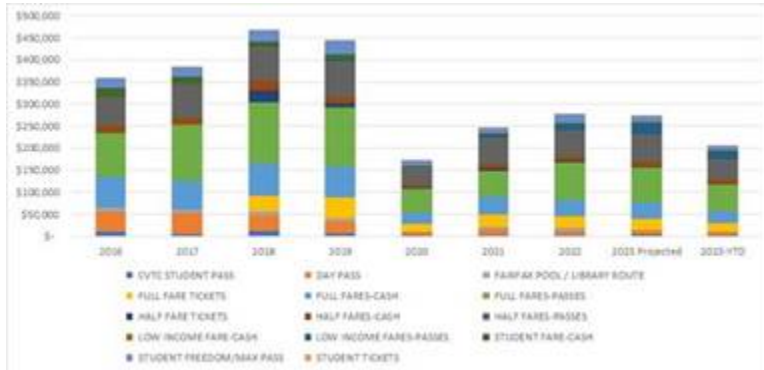

**EC STATS:** The City holds weekly meetings with departments to talk about their data, their goals, and any challenges they may be facing. Read on below for some data from the meetings we held this week.

**Transit:** Transit EauStat met last week, and here’s what we discussed. In our Transit Division, so far for 2023, we are seeing an increase in ridership as compared to 2022. At this same time last year, there had been 256,688 riders. In 2023, there have been 392,336 riders, which is an increase by 52.8 percent. While numbers have been trending upward since the pandemic, ridership has been significantly lower than pre-pandemic ridership. Fare revenue for 2023 appears to be on track to be similar to fare

revenue collected in 2022. The Transit team has been hard at work on several projects, including the Community Pass Pilot, which is a project aimed at exploring creative transit projects to increase access and make transit more equitable. Other projects include working on bus tracking, arranging for demand response services, and exploring marketing opportunities.

**Inspections:** Inspections EauStat also met last week. We have seen record construction years in recent years, and this year is on pace with only a slight decrease. The same hot market that has driven up our inspections numbers has also impacted our ability to staff our Inspections Division positions. In particular, the City has faced a significant challenge in hiring a Plumbing Inspector, due to the competition from the private sector, where master plumbers can earn in excess of \$100K per year. We continue to seek solutions to this gap. (If you know a plumber, please share this link with them and encourage them to apply: [Job Openings | Sorted by Posting Date descending | JOB OPENINGS \(governmentjobs.com\)](#)) Our Inspections staff are working extremely hard to keep up with the incredible pace of permits pulled, and we appreciate how they have weathered these unbelievably busy years!

**EMPLOYEE SPOTLIGHT:** We have the best employees! Get to know one of them this week. (And [submit your suggestion for an employee to spotlight here...](#))

Today we highlight **Tess Morgan**. A co-worker said this about Tess: “Tess is a huge part of communication successes for the community. She is dedicated to helping make sure news from the City is communicated through multiple channels. More importantly, she recognizes the need to help some of our community partners get out the message of needs, often resulting in the news further carrying the stories. Tess is also a joy to

work with, and she has a great sense of humor and an amazing knowledge of the City's past endeavors. She also makes a mighty fine pizza!"

Here's some more information about Tess:

- Your Position: "For a bit over five years, I've been the Media & Communications Specialist for the City. I send out meeting notices and news releases, handle our social media accounts and the website, monitor news/social media, etc., develop messaging for us, and design the images seen on the big monitors in City Hall, plus a few other things."
- Something People May Not Know: "In the last 10 years or so, I've learned to downhill ski, snorkeled, become certified to captain a sailboat, won first place in a dance competition, left my life-long career to start working with the City, and got married last year. It's NEVER too late to try new things and begin new chapters of your life – 'comparison is the thief of joy', so don't limit yourself just because others have done things sooner in life." (Theodore Roosevelt quote)
- Favorite Activity: "Bicycling Wisconsin's amazing rails-to-trails system (especially in spring and fall) and cooking for people."
- Best Thing about Working for City: "We have a really great quality of life in Eau Claire, and it's an honor to work with the amazing people who make that happen – it's truly mind blowing HOW MUCH gets done with the number of employees we have. I also appreciate the opportunities for growth and career development."
- Life Philosophy: "There isn't a single phrase that really sums it all up, but I think it's important to act with integrity and honesty, follow the Golden Rule, and always just do the best you can -- some days that ends up being more than other days, and that's okay ;)"
- Anything else? "To borrow a quote – 'There is more that unites us than divides us.' We are not as divided as the extreme headlines on some news outlets and Facebook memes may lead you to believe, so please don't give them too much attention."

**SHOUT OUTS:** Here's some reports of employees who went above and beyond.

**911 Caller:** On August 22nd, a community member made a frantic 911 call believing she had an intruder in her home. She advised that when she attempted to use her attic access door, someone pushed back down on the door from above which then struck her in the head. She fled the house immediately. Based on the call nature, several officers rushed to the scene to assist. What unfolded during the incident is best described in the homeowner's letter which was showcased in the Leader Telegram's Voice of the People on September 15th.

"On Aug. 22, I experienced the biggest fear of my life. I was home alone and believed I had an intruder who was trying to hurt me.

I vacated my house and called 911.

Everyone from the 911 operator to the officers who came to clear my home treated me in an exemplary manner. The kindness, compassion and thoroughness with which I was listened to, and then when my home was searched, matched and indeed surpassed all my expectations.

I was never made to feel as though I was a woman home alone with her husband out of town who was imagining things. In fact, when I was feeling silly about calling the police, I was reassured that they would rather check out something that ended up being nothing than have me *not* call and it be something that was indeed a threat. The officers discovered that my attic trap door counterweight system had failed and crashed down on me, not that anyone was up there trying to hurt me.

Thank you from the bottom of my heart for the way I was treated. I felt protected, valued and safe. I am proud to live in a city that has such an excellent police department watching over and protecting me."

The Eau Claire Police Department takes pride in serving the community with care and compassion. We thank the personnel involved for demonstrating our values, including Telecommunicators Melissa Stone and Brittany Bowe, Officers Derek Jack, Austin Summers, Rogelio Gonzales, and Brian Leach, and Sergeant Olivia Erl.

**Spirit Award:** Attached is a picture of Human Resources Director Colleen Schian and retired Deputy Fire Chief Al Bertrang receiving awards last week at the Peer Support Conference. In the photo, Colleen's award says "Spirit Award 2023" and Al's says "Meritorious Service Award 2023." Both awards were given in recognition of Colleen and Al's contributions to the Peer Support team and related endeavors. The Peer Support team is a program in which Police and Fire staff work with co-workers to ensure

they are able to process and bear the trauma and stress that come with being a first responder.

-

### **CITY COUNCIL CALENDAR**

- Monday, September 25th: Council Public Hearing/Discussion Night
- Tuesday, September 26th: Council Meeting
  - Work Session: Boards Committees, Commissions and outreach strategies
- *September 29th – City Council receives 2024 Proposed Operating Budget*
- Monday, October 9th: Council Public Hearing/Discussion Night
  - Public Hearing #1 on 2024 Proposed Operating Budget and State of the City
- Tuesday, October 10th: Council Meeting
  - City Council Operating Budget Work Session #3 (Department Directors)
- Monday, October 23rd: Council Public Hearing/Discussion Night
- Tuesday, October 24th: Council Meeting
  - Housing Study Presentation (tentative)
  - City Council Operating Budget Work Session #4 – Amendment Discussion

- November 3rd – City Council Budget Amendments Due
- Monday, November 6th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion
- Monday, November 13th: Council Public Hearing/Discussion Night
  - Public Hearing #2 on 2024 Proposed Operating Budget
- Tuesday, November 14th: Council Meeting
  - City Council action on 2024 Proposed Operating Budget and levy
- Monday, December 18th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion

**Additional Dates:**

- Thursday, September 28th: First BIPOC Committee Meeting

**Subject:** RE: [EXTERNAL] Re: World Relief

Hi Ellie and all –

In case they'd like to comment, I'm looping in:

- Anoosheh Hamzehee, who worked with World Relief to help them learn more about Eau Claire.
- Dr. Ka Vang (our EDI Coordinator);
- Aaron White (our Community Development Director);
- Emily Berge (our Council President); and
- Lieske Geise (our Health Director).

Anoosheh, can you connect Ellie with the key volunteer groups?

The City doesn't have a formal role, however, we support initiatives like this that boost our local workforce capacity and that support the City's strategic vision of "promoting a welcoming, inclusive, and diverse community" from our Strategic Plan and Vision. [637110562312000000 \(eauclairewi.gov\)](https://www.eauclairewi.gov)

A number of community partners do play a bit more formal roles, including the Human Services Department and the City/County Health Department. CVTC and the School District have also been involved as they have different educational programs for English Language Learners.

Hi guys,

Thank you for reaching out! I was looking to do a story on World Relief coming to Eau Claire and how that will impact the city.

Stephanie- would you be the best person to speak with me about this decision from the City of Eau Claire? Also, I was wondering what volunteer groups you collaborated with in the community to make this happen.

Tami- Would you be available for an on-camera pre-recorded interview on Tuesday, Oct. 17 at 9:30 a.m.? I think it would be great if we could meet in Eau Claire outside of where the resettlement agency will be located. However, let me know what works for you! Also, let me know if you have any footage you could submit from World Relief for the story.

My apologies for the response at 11 p.m. I am working overnights tonight. ☐ My plan would be to film and edit this story the week of Oct. 16 and then air it that following Monday.

Let me know your thoughts!

Best,

**Ellie Pomerleau**

Hi Stephanie,

Hope you've been doing well. I'm reaching out to see if you or someone from the city of Eau Claire may be available today to either do an in-person on-camera interview or an on-camera virtual Zoom interview with one of my reporters about the resettlement agency that's coming to Eau Claire in the fall. We read a little about it in your weekly city manager update.

City Manager Weekly Update from  
09/29/2023: <https://www.eauclairewi.gov/Home/Components/News/News/11081/90>

If you're available any time between 2:30 p.m. and 7 p.m. today that would be great. Thank you very much and hope we can work something out,

--

We are saying farewell to Dr. Ka Vang who has served as our Equity, Diversity, and Inclusion Coordinator for nearly the past year. Ka has done so much for us in the time she has been here, and we are very sad to see her go. That said, we are excited about the position she is shifting into. She will work on rolling out the new World Relief Wisconsin Refugee Resettlement agency. She'll be just across the river on Madison Street, so we expect to see and work with Ka and her team often. Ka has said that she feels it's her life mission to work with refugees. As a child, Ka's family moved to the United States and eventually to Eau Claire. Her refugee experience greatly shaped her whole life, and she feels called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching our community with their talents, perspectives, and friendship. While at the City of Eau Claire, Ka has created an internal EDI team, facilitated training among staff, hosted monthly internal EDI meetings, hosted groups from the university, formed a BIPOC Steering Committee, gathered insights from leaders throughout the community, solicited a BIPOC Strategic Planning consultant, and much more. She has been a wonderful friend and co-worker, and she has taken on some of our City and society's biggest and most fraught challenges with grace, kindness, strength, and lots of fun. We'll miss Ka, and we are happy she's staying put in our community, continuing her path of spreading inclusion and joy.

**Subject:** EDI Coordinator

Hi TJ –

I know that many people have asked you this, including me the last time around! ☹️ But I thought I'd add another ask to the list... They say that women need to be asked like 10 times to run for office, and I'm using that same theory here.

Our amazing Ka is going on to run the new World Relief program. We need someone brave, brilliant, strong, savvy, determined to spearhead these EDI projects. We have the \$800K set aside to spend on transforming the Chippewa Valley and it's pretty much the number one thing on my priority list. I hope you'll consider applying for the position! ☹️

Stephanie

\*\*

**Equity, Diversity, and Inclusion:** This past week, we held an EDI EauStat meeting at which we discussed the many big projects underway in this department. We are sad to say farewell to say farewell to Dr. Ka Vang who has served as our Equity, Diversity, and Inclusion Coordinator for nearly the past year. We are, though, proud and excited about the next role she is taking on as she continues EDI work in the Chippewa Valley.

Starting Monday, Ka will work on rolling out the new World Relief Wisconsin Refugee Resettlement agency. She'll be just across the river on Madison Street, so we expect to see and work with Ka and her team often. As a child, Ka's family moved to the United States and eventually to Eau Claire. Her refugee experience greatly shaped her whole life, and she feels called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching our community with their talents, perspectives, and friendship.

While at the City of Eau Claire, Ka has created an internal EDI team, facilitated training among staff, hosted monthly internal EDI meetings, hosted groups from the university, CVTC, other community organizations, formed a BIPOC Steering Committee, gathered insights from leaders throughout the community, solicited an EDI Strategic Planning consultant, and much more. She has been a wonderful friend and co-worker, and she has taken on some of our City and society's biggest and most fraught challenges with grace, kindness, strength, and lots of fun. We'll miss Ka, and we are happy she's staying put in our community, continuing her path of spreading inclusion and joy.

Please spread the word about our search for our next EDI Coordinator! [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#) This person will have a very significant impact on our efforts to ensure that Eau Claire is inclusive and a place where everyone can thrive.

**Attachments:** image003.jpg, image007.jpg, image011.png, image015.jpg, image018.jpg, image020.jpg, image022.png, image024.jpg, image002.jpg

Hi all – We're working on getting you directly registered to receive this, however, in the meantime, here's this week's newsletter! This new version will go out to staff, the Council, and the public each Friday.

\*\*

Hello City of Eau Claire residents, staff, and Council Members,

I'm writing to share news from the City of Eau Claire. We are using a new format to send news out. [Prior updates can be found here](#). Take a look at our weekly newsletter to stay on top of what we are working on. Pass it along to friends who can [sign up for different City updates here](#). We welcome you at Council Meetings, Neighborhood Association Meetings, Library Events, and anywhere else that City work takes place. Bear with us as we work out any kinks of this new approach! Also, feel free to [send me feedback](#).

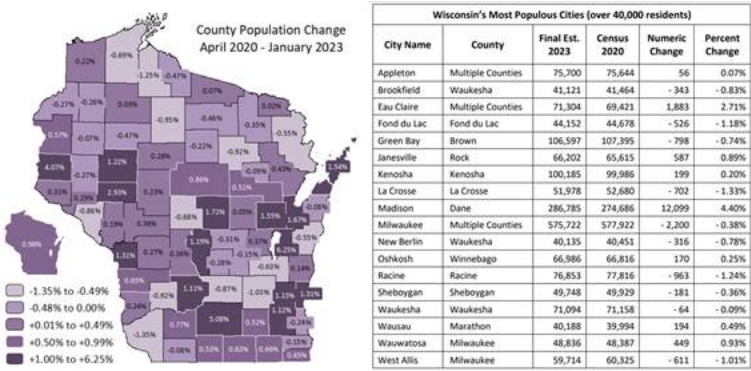

**CITY UPDATES:** Here's some news from around the city.

**2024 Budget Development Continues:** This past week, we held a public hearing and a work session on the 2024 budget. This included an overview of the finances, along with a list of changes we are proposing in the 2024 budget. We also shared accomplishments from 2023 and goals for 2024. Please find the material here: [Budget | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#) We welcome you to join the conversation at a second public hearing on the budget, which is scheduled for Monday, November 13th

**Seventh Biggest City:** This week, the Wisconsin Department of Administration released final population estimates for counties and municipalities as of January 1st, 2023. The City of Eau Claire and Eau Claire County continue to show strong growth: This document provides the most basic summary: [https://doa.wi.gov/DIR/Final\\_Ests\\_Summary\\_2023.pdf](https://doa.wi.gov/DIR/Final_Ests_Summary_2023.pdf)

The City of Eau Claire, according to this estimate, has now passed the City of Waukesha, to become the seventh largest city in the State of Wisconsin. Compared to the 2020 Census, the City of Eau Claire has gained 1,883 residents, a 2.71 percent increase, second only to Madison in both numerical gain and percentage increase for cities above 40,000 people in the state. Perhaps even more interesting, there isn't a single other city above 40,000 people that grew by even 1 percent during this period, and most cities (10 of the 18) above 40,000 people actually lost population during this period. Note that the City of Altoona has had incredible growth between

the 2020 Census and January 1st, 2023: An increase of 1,027 people, or 12.38 percent! (Thank you to Council Member Gragert for creating this summary).

**COVID-19 Continues to be High:** As of this week, COVID-19 activity in Eau Claire remained higher than in previous months, according to wastewater data. Right now, the amount of COVID being found in Eau Claire's wastewater remains at a "very high" level (on a scale of very low to very high). The updated fall COVID vaccine is in the process of being made available to the public. As it's being distributed to vaccinators, vaccine supply is temporarily limited, and appointment availability will vary from provider to provider. We expect availability to increase soon and vaccine appointments to become widely available in Eau Claire County in the coming weeks.

People who have health insurance should plan to get the vaccine at their doctor's office or local pharmacy. Most health insurance plans will fully cover the cost of getting the fall COVID vaccine at an in-network provider. The Health Department is not offering mass COVID vaccination clinics this fall, but people who don't have health insurance or people whose insurance doesn't cover vaccinations can get a fall COVID vaccine at the Health Department at no cost through the federal Bridge to Access Program. For those who are uninsured or those whose health insurance doesn't cover vaccinations, please call us at 715-839-4718 to schedule a vaccination appointment. Not sure if you're up to date on your COVID vaccines? [Find out here.](#)

Another round of free mail-order COVID tests is now available! Every household can place an order to get four rapid home tests delivered for free to their home. To order, visit [www.covid.gov/tests](http://www.covid.gov/tests) or call 1-800-232-0233. You can sign up to get these emails directly if you are interested. Please do not hesitate to contact our department if you are interested in more information: [ehealth@eauclairecounty.gov](mailto:ehealth@eauclairecounty.gov) or through our general phone number: 715-839-4718.

**Voices of the Valley:** Students from a CVTC class recently presented stories of immigration, including stories of their homelands, their moves to the United States, and their lives in Eau Claire. They had worked with an English Language Instructor from CVTC, Alyssa Hedenstrom,

to refine the stories and compile them to share. You can read all of their stories here: [CVTC Blog | Chippewa Valley Technical College](#)

### CVTC BLOG ARTICLES

VOICES OF THE VALLEY: MEET  
EMINE AKIN TUNALI

VOICES OF THE VALLEY: MEET  
OUMOU TANGARA

VOICES OF THE VALLEY: MEET  
KEUM HEE (ROSA) CHOI

The event, called "CVTC Voices of the Valley," was held at the Library. Deputy City Manager Dave Solberg and Equity, Diversity, and Inclusion Coordinator Dr. Ka Vang also shared comments on immigration. Here's the text of Ka and Dave's comments:

#### **From Dr. Ka Vang (EDI Coordinator)**

“As a refugee myself, I am so excited to support the Voices of the Valley event tonight. The promise of new opportunities and brighter future was enough to entice my parents to make the decision to bring our whole family to America in 1979, after the Secret War in Laos. As we continue to embrace our new home and carve our path, I will never forget the sacrifices my parents made so that I can be here.

There is a common theme from Voices of the Valley: Immigrant Stories from Students of Chippewa Valley Technical College -- leaving everything you know behind and learning to adjust to:

- new home,
- new country,
- new people,
- new customs,
- new, new, ect.,

all for various reasons... like leaving due to war and violence or leaving because of a love connection.

Just know that what you have written in this collection is not finished. Your journey just started. There will be more to your story. I encourage you to continue to document and write your story. Leave your footprint here in the Chippewa Valley for generations to come. Your stories and your voices add to the richness of The City of Eau Claire. Thank you for choosing to make the Chippewa Valley your home.”

#### **From Dave Solberg (Deputy City Manager)**

“As a father of two immigrants and a staff member of the City of Eau Claire, I wanted to express how important the immigrant community is to western Wisconsin, the City of Eau Claire, and myself personally. A diverse community is a strong community. The fabric of who we are as a society is made up of so many different colors, shapes, sizes, and fabrics...it’s the diversity of everyone that makes us a colorful, strong, vibrant community. Reading the stories in the collection, it is also striking how similar the stories are to everyday life in our area. We’re all humans with stories to tell.

It is common for students going on to secondary education and young adults entering the workforce to struggle with the transition...now consider attempting this while learning the English language at the same time. The achievements that they have made are remarkable given their challenges. Their achievements are testaments to their hard work, character, resilience, and desire to make themselves better and make us all better. In fact, these are the exact qualities we look for in employees at the City, and I hope a number of our new friends consider bringing their diversity and talents to our organization!”

**QUESTION AND ANSWERS:** Here are some questions that have come through the City Manager’s Office this week. *Have a question you’d like answered? [Submit it here.](#)*

### **Traffic Law Enforcement**

Question: “How does the Police Department handle traffic enforcement?”

Answer: Chief Matt Rokus shared the following information: “Resident concerns about speeding and traffic safety are frequently shared with us. Concerns related to speed and traffic safety are triaged and prioritized amongst other types of issues and complaints, such as burglaries, car prowlers, drug houses, quality of life issues associated with homelessness, loud parties, underage alcohol consumption, and others.

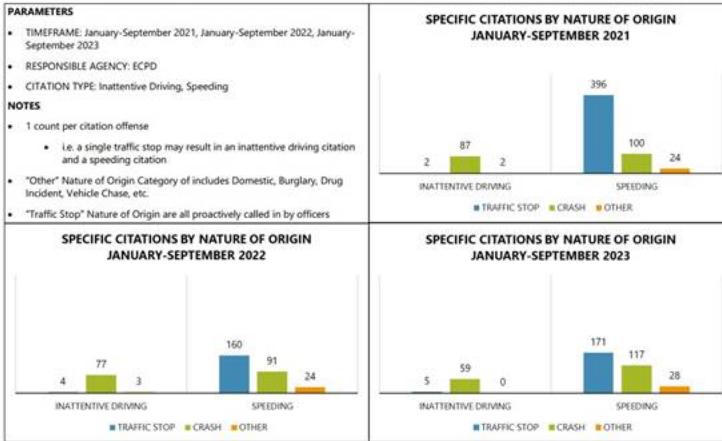

Our Patrol Officers and their supervisors do their best to prioritize proactive traffic safety efforts in geographic areas where we have more crashes, as determined by data analysis, resident complaints, and officer observations. To provide the proactive focus, we allocate officer time to enforcement in the target areas. However, their time available is limited given the percent of time they are obligated responding to calls for service.

The table below contains some basic information related to traffic citations. The two main categories of traffic enforcement come from two types of incidents -- proactive traffic stops or enforcement following traffic-related incidents, most likely crashes.”

**SPECIFIC CITATIONS BY NATURE OF ORIGIN**  
JANUARY-SEPTEMBER 2021-2023

CITATION TYPE	JANUARY-SEPTEMBER 2021			JANUARY-SEPTEMBER 2022			JANUARY-SEPTEMBER 2023		
	TRAFFIC STOP	CRASH	OTHER	TRAFFIC STOP	CRASH	OTHER	TRAFFIC STOP	CRASH	OTHER
INATTENTIVE DRIVING	2	87	2	4	77	3	5	59	0
SPEEDING	396	100	24	160	91	24	171	117	28

## Trick-or-Treating

Question: “Will the City share information about trick-or-treating protocols?”

Answer: Media and Communications Specialist Tess Morgan shared: “The City of Eau Claire does not designate official tick-or-treat hours for the community. Aside from some safety reminders for kids and motorists, and helping to publicize the DECI Downtown event, we don’t post about Halloween. In the past, individual neighborhoods have chosen to hold their own events when it’s convenient for their area, but otherwise it’s generally understood that trick-or-treating occurs on the holiday itself, October 31st, with the hours of 5-7:30PM still being relatively light out and therefor safer for kids to be visiting neighbors.”

## Park Planning

Question: “Could a park be changed significantly without a public planning process?”

Answer: Our Parks Manager, Steve Plaza, shared the following feedback: “Any proposed changes to parks go through a planning process that includes review by nearby neighborhoods, the Waterways and Parks Commission, and the City Council. In general, park developments try to follow the parks and open space master plan, which will be updated this year. The purpose of the plan is described on page 11:

‘Parks and recreation programs and services are important to the overall quality of life and Eau Claire Parks, Recreation, and Forestry plays an integral role in the quality of life of all of Eau Claire’s citizens and visitors. The purpose of the System Master Plan is to serve as a guide for all programming, services, and operations of the department. Further, the System Master Plan will provide insight into ongoing industry trends and changes within the community, serve to assess

levels of service provided to the community, evaluate available resources, and develop a prioritized action plan approved by the City Manager and City Council.”

**EAUSTAT NEWS:** The City holds weekly meetings with departments to talk about their data, their goals, and any challenges they may be facing. This program is called "EauStat". Read on below for some data from the meetings we held this week.

**Equity, Diversity, and Inclusion:** This past week, we held an EDI EauStat meeting at which we discussed the many big projects underway in this department. We are sad to say farewell to Dr. Ka Vang who has served as our Equity, Diversity, and Inclusion Coordinator for nearly the past year. We are, though, proud and excited about the next role she is taking on as she continues EDI work in the Chippewa Valley.

Starting Monday, Ka will work on rolling out the new World Relief Wisconsin Refugee Resettlement agency. She'll be just across the river on Madison Street, so we expect to see and work with Ka and her team often. As a child, Ka's family moved to the United States and eventually to Eau Claire. Her refugee experience greatly shaped her whole life, and she feels called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching our community with their talents, perspectives, and friendship.

While at the City of Eau Claire, Ka has created an internal EDI team, facilitated training among staff, hosted monthly internal EDI meetings, hosted groups from the university, CVTC, other community organizations, formed a BIPOC Steering Committee, gathered insights from leaders throughout the community, solicited an EDI Strategic Planning consultant, and much more. She has been a wonderful friend and co-worker, and she has taken on some of our City and society's biggest and most fraught challenges with grace, kindness, strength, and lots of fun. We'll miss Ka, and we are happy she's staying put in our community, continuing her path of spreading inclusion and joy. Ka is pictured below (on the left) with a student tour.

Please spread the word about our search for our next EDI Coordinator! [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#) This person will have a very significant impact on our efforts to ensure that Eau Claire is inclusive and a place where everyone can thrive.

**Human Resources:** This past week, we held an HR EauStat meeting. In our EauStat meetings, we talk about the work that the HR Department does. One of their main duties is to recruit, hire, and work to retain employees. With the current labor shortage and dramatic increase in wages due to inflation, municipalities have been struggling to recruit and retain employees. Our HR Department has done a great job trying to manage these challenges. We regularly monitor the number of recruitments underway (see image below for our numbers for 2023 YTD). The bulk of our recruitments are for the numerous seasonal employees we have, and this takes a lot of effort, however, it also provides a critical service to constituents, while also helping to mentor many

young people. We are working to develop and monitor a “retention rate” metric, as we work to identify metrics for all of our departments. Also, we are working with a consultant to create an “Employer of Choice” plan to try to increase retention and quality of life for our employees.

# Positions Filled	# Filled Internally	# Filled Externally

**EMPLOYEE SPOTLIGHT:** We have the best employees! Get to know one of them this week. (And [submit your suggestion for an employee to spotlight here...](#))

Today we highlight **Renae Casper**. A co-worker said this about Renae: “Renae answers lot of tough questions from residents, many of whom are animated, and answers them politely and with aplomb. Renae has also worked very hard with her predecessor, Rebecca Draeger, to put on employee appreciation events. The employee appreciation lunch was a big success and even brought in some retired employees. The cornhole tournament was also a hit. Renae has also helped fill in for her coworkers when they are absent and is very reliable.”

Here’s some more information about Renae (pictured below with her family and dog):

- Your Position: “I am one of two Administrative Associates for the Engineering Department. I’ve been with the city since January of this year.”
- Something People May Not Know: “I was born and lived in Cheyenne, WY until I was nine years old.
- Favorite Activity: “I enjoy traveling, going to Minnesota sporting events, attending music festivals and concerts. I enjoy playing volleyball and attending CrossFit classes.”
- Thing about Working for City: “I love that I am proud of where I work. Everyone here does what they can day in and day out to really make Eau Claire thrive. I also feel that I am supported in any decisions that I make and that my co-workers genuinely care about my well-being, both personally and professionally.”
- Life Philosophy: “Always be kind. You never know who you are talking to.”
- Anything else? “I am obsessed with dogs, so feel free to stop by with yours to say hello!”

## **SHOUT-OUTS**

**Creative Problem Solving:** Our Streets Division does not get as many shout-outs as they deserve, in part because the work they do is more specialized and behind-the-scenes than some other divisions. Here's an awesome shout-out to a team from the Streets Division that captures how creative they are in finding technical solutions in our budget-constrained environment. Read about both the original, unique, way to clean the street sweeper and then the much-improved method that our very skilled tradespeople built...

Community Services Director Lane Berg wrote:

“I want to share some work that was done by our Street Division recently that I am extremely proud of. I am continually amazed by the vast skill set of our employees and this is a shining example of that!

Some of our street sweepers have a ‘not so great’ system for washing them out at the end of a shift. It requires operating a fire hydrant and discharging water onto the pavement. The sweeper must drive over the wet pavement and vacuum up the water. The load of water and debris is then dumped and the process is repeated until the machine is deemed clean. As you can imagine, this is an inefficient system and is also disruptive to any neighboring properties.

Our employees reached out to supervisor Tim Anderson to see if they could work on coming up with a better system, and they were granted approval. The group was led by Jeff Wilczek, who sought input from many of his co-workers. The team developed a concept, designed the system, and built it with no help from outside contractors or designers, thus saving the City thousands of dollars. The new system (shown in pictures below) is a station that the sweeper backs into. A ball valve is opened which floods the basin, and the sweeper vacuums up the water. The water is then turned off, a drain valve is opened for the basin, and the sweeper dumps the water and debris, while remaining in the same location, and the contents drain to a holding pond. The

process can be repeated, if necessary, in just a couple minutes. This system is so efficient and will save time for years to come at no disruption to residents.

I am so incredibly proud of this for several reasons. We had a system that was not very functional, and our employees wanted to improve it. We have so many talented people, and they were allowed to use their skills and knowledge to make this happen. All involved were able to voice their opinions, and the final design reflected this input.

Special thanks to this group of talented people: Tim Anderson, Jeff Wilczek, Rich Bauer, Don Diesterhaft, Ryan Yule, Paul Rosolack, Brady Johnson, Jake Clauson, Joel Thompson, Cory Wright, Justin Meinen, Jericho Jurewicz, and John Rademacher.”

**Water Plant Kudos:** On September 20<sup>th</sup>, the Sustainability Advisory Committee held their monthly meeting at the Water Plant. City staff gave them an in-depth tour of the facility and showed them some of the sustainable features that have been added recently. Staff and the Committee had a great dialogue and used the opportunity to discuss ideas for improved sustainability in the future. Truly a great collaborative effort!

Pictured L to R: Ben Spanel, (Utilities Manager), Cole Cloutier, (Utilities Engineer), Cameron Bump, Brian Graff, James Schumacher, Janis Tyler, Gary Pesicka (Committee Members) and Joe Dahl, (Water Plant Supervisor).

## **COUNCIL CALENDAR**

- Monday, October 23rd: Council Public Hearing/Discussion Night
- Tuesday, October 24th: Council Meeting (City Council Operating Budget Work Session #4 – Amendment Discussion)
- *November 3rd – City Council Budget Amendments Due*
- Monday, November 6th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion (with Housing Study presentation)
- Monday, November 13th: Council Public Hearing/Discussion Night (Public Hearing #2 on 2024 Proposed Operating Budget)
- Tuesday, November 14th: Council Meeting (City Council action on 2024 Proposed Operating Budget and levy)
- Monday, December 18th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion

**Subject:** EDI Position and Interview Committee - Please consider  
applying or serving on interview panel

Hello BIPOC Committee –

I know Ka reached out, and here's a follow-up note. As Ka mentioned, she has moved over to manage the World Relief agency that just moved to Eau Claire. More about Ka's time at the City and about her new role is below.

I'm writing to ask two things...

**Spread the Word:** First, with Ka's transition, the EDI Coordinator position is now open and accepting applications through 10/22. Please consider applying yourself and/or spread the word about the opening. More information is here: [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#) Our EDI Coordinator will continue to have a very significant impact on our efforts to ensure that Eau Claire is inclusive and a place where everyone can thrive. We have the \$810K set aside to spend on transforming the Chippewa Valley to work on these goals. As City Manager, I consider this work one of my highest priorities, and I'm committed to being part of the EDI team, along with other staff, at every step. Feel free to reach out to me with any questions!

**Serve on Selection Committee:** Next, if you are not interested in applying, would you consider serving on the interview committee? The interviews will be held on Monday, October 30<sup>th</sup>. Depending on the number of candidates, they will last several hours. Please let me know if you're willing!

Thanks in advance for considering these requests!

Stephanie

Anoosheh,

I finally got back to my office and here is the email that Ka sent to the BIPOC Steering Committee, announcing her departure. Let me know if you need anything else. Thank you!

All,

I wanted to let you know that the BIPOC Steering Committee now has a website:

<https://www.eauclairewi.gov/government/our-departments/administrative-services/edi-equity-diversity-inclusion/bipoc-steering-committee>

This is where you can find all the meeting agendas, packets, minutes and more. Check it out when you get a chance!

I also wanted to let you know that I have decided to leave my position with The City of Eau Claire. Friday, Oct. 13 will be my last day. I will transition to work with World Relief to support new refugees/immigrants coming to Eau Claire. So the good news is I'm not going far, literally across the river ☺.

It's been a pleasure working with all of you. Thank you for doing this work.

The committee will continue as planned: large meeting 1x month, last Thursdays of the month and other subcommittees as organized by you all. Next large meeting is Oct. 26, 6:30pm in the North Conference Room at City Hall.

By they way, my position will be posted soon and I encourage you to apply if interested.

Ua tsaug (Thank you),

**Ka Vang, Ed.D.**

Yes! Let me think about how that could work. Monday's meeting is actually canceled so it would need to be a resolution or proclamation or something on Tuesday.

Hi Ka – Because the agenda for next week is already worked out, we're thinking that a Council member who attends next week's WR meeting can share updates on it. Then, later on, we can do a resolution or proclamation welcoming the refugees. How does that sound?

p.s. Would you like to be on the interview committee for the new director?

FYI...

\*\*

Hello City of Eau Claire residents, staff, and Council Members,

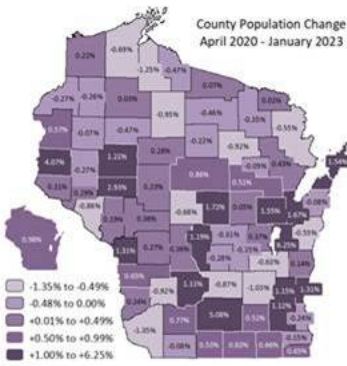

I'm writing to share news from the City of Eau Claire. We are using a new format to send news out. [Prior updates can be found here](#). Take a look at our weekly newsletter to stay on top of what we are working on. Pass it along to friends who can [sign up for different City updates here](#). We welcome you at Council Meetings, Neighborhood Association Meetings, Library Events, and anywhere else that City work takes place. Bear with us as we work out any kinks of this new approach! Also, feel free to [send me feedback](#).

**CITY UPDATES:** Here's some news from around the city.

**2024 Budget Development Continues:** This past week, we held a public hearing and a work session on the 2024 budget. This included an overview of the finances, along with a list of changes we are proposing in the 2024 budget. We also shared accomplishments from 2023 and goals for 2024. Please find the material here: [Budget | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#) We welcome you to join the conversation at a second public hearing on the budget, which is scheduled for Monday, November 13th

**Seventh Biggest City:** This week, the Wisconsin Department of Administration released final population estimates for counties and municipalities as of January 1st, 2023. The City of Eau Claire and Eau Claire County continue to show strong growth: This document provides the most basic summary: [https://doa.wi.gov/DIR/Final\\_Ests\\_Summary\\_2023.pdf](https://doa.wi.gov/DIR/Final_Ests_Summary_2023.pdf)

The City of Eau Claire, according to this estimate, has now passed the City of Waukesha, to become the seventh largest city in the State of Wisconsin. Compared to the 2020 Census, the City of Eau Claire has gained 1,883 residents, a 2.71 percent increase, second only to Madison in both numerical gain and percentage increase for cities above 40,000 people in the state. Perhaps even more interesting, there isn't a single other city above 40,000 people that grew by even 1 percent during this period, and most cities (10 of the 18) above 40,000 people actually lost population during this period. Note that the City of Altoona has had incredible growth between the 2020 Census and January 1st, 2023: An increase of 1,027 people, or 12.38 percent! (Thank you to Council Member Gragert for creating this summary).

City Name	County	Final Est. 2023	Census 2020	Numeric Change	Percent Change
Appleton	Multiple Counties	75,700	75,644	56	0.07%
Brookfield	Waukesha	41,121	41,464	-343	-0.83%
Eau Claire	Multiple Counties	71,304	69,421	1,883	2.71%

West Allis	Milwaukee	59,714	60,325	-611	-1.01%

**COVID-19 Continues to be High:** As of this week, COVID-19 activity in Eau Claire remained higher than in previous months, according to wastewater data. Right now, the amount of COVID being found in Eau Claire's wastewater remains at a "very high" level (on a scale of very low to very high). The updated fall COVID vaccine is in the process of being made available to the public. As it's being distributed to vaccinators, vaccine supply is temporarily limited, and appointment availability will vary from provider to provider. We expect availability to increase soon and vaccine appointments to become widely available in Eau Claire County in the coming weeks.

People who have health insurance should plan to get the vaccine at their doctor's office or local pharmacy. Most health insurance plans will fully cover the cost of getting the fall COVID vaccine at an in-network provider. The Health Department is not offering mass COVID vaccination clinics this fall, but people who don't have health insurance or people whose insurance doesn't cover vaccinations can get a fall COVID vaccine at the Health Department at no cost through the federal Bridge to Access Program. For those who are uninsured or those whose health insurance doesn't cover vaccinations, please call us at 715-839-4718 to schedule a vaccination appointment. Not sure if you're up to date on your COVID vaccines? [Find out here.](#)

Another round of free mail-order COVID tests is now available! Every household can place an order to get four rapid home tests delivered for free to their home. To order, visit [www.covid.gov/tests](http://www.covid.gov/tests) or call 1-800-232-0233. You can sign up to get these emails directly if you are interested. Please do not hesitate to contact our department if you are interested in more information: [echealth@eauclairecounty.gov](mailto:echealth@eauclairecounty.gov) or through our general phone number: 715-839-4718.

**Voices of the Valley:** Students from a CVTC class recently presented stories of immigration, including stories of their homelands, their moves to the United States, and their lives in Eau Claire. They had worked with an English Language Instructor from CVTC, Alyssa Hedenstrom, to refine the stories and compile them to share. You can read all of their stories here: [CVTC Blog | Chippewa Valley Technical College](#)

VOICES OF THE VALLEY: MEET  
EMINE AKIN TUNALI

VOICES OF THE VALLEY: MEET  
OUMOU TANGARA

VOICES OF THE VALLEY: MEET  
KEUM HEE (ROSA) CHOI

The event, called "CVTC Voices of the Valley," was held at the Library. Deputy City Manager Dave Solberg and Equity, Diversity, and Inclusion Coordinator Dr. Ka Vang also shared comments on immigration. Here's the text of Ka and Dave's comments:

### **From Dr. Ka Vang (EDI Coordinator)**

“As a refugee myself, I am so excited to support the Voices of the Valley event tonight. The promise of new opportunities and brighter future was enough to entice my parents to make the decision to bring our whole family to America in 1979, after the Secret War in Laos. As we continue to embrace our new home and carve our path, I will never forget the sacrifices my parents made so that I can be here.

There is a common theme from Voices of the Valley: Immigrant Stories from Students of Chippewa Valley Technical College -- leaving everything you know behind and learning to adjust to:

- new home,
- new country,
- new people,
- new customs,
- new, new, ect.,

all for various reasons... like leaving due to war and violence or leaving because of a love connection.

Just know that what you have written in this collection is not finished. Your journey just started. There will be more to your story. I encourage you to continue to document and write your story. Leave your footprint here in the Chippewa Valley for generations to come. Your stories and your voices add to the richness of The City of Eau Claire. Thank you for choosing to make the Chippewa Valley your home.”

### **From Dave Solberg (Deputy City Manager)**

“As a father of two immigrants and a staff member of the City of Eau Claire, I wanted to express how important the immigrant community is to western Wisconsin, the City of Eau Claire, and myself personally. A diverse community is a strong community. The fabric of who

we are as a society is made up of so many different colors, shapes, sizes, and fabrics...it's the diversity of everyone that makes us a colorful, strong, vibrant community. Reading the stories in the collection, it is also striking how similar the stories are to everyday life in our area. We're all humans with stories to tell.

It is common for students going on to secondary education and young adults entering the workforce to struggle with the transition...now consider attempting this while learning the English language at the same time. The achievements that they have made are remarkable given their challenges. Their achievements are testaments to their hard work, character, resilience, and desire to make themselves better and make us all better. In fact, these are the exact qualities we look for in employees at the City, and I hope a number of our new friends consider bringing their diversity and talents to our organization!"

**QUESTION AND ANSWERS:** Here are some questions that have come through the City Manager's Office this week. *Have a question you'd like answered? [Submit it here.](#)*

### **Traffic Law Enforcement**

Question: "How does the Police Department handle traffic enforcement?"

Answer: Chief Matt Rokus shared the following information: "Resident concerns about speeding and traffic safety are frequently shared with us. Concerns related to speed and traffic safety are triaged and prioritized amongst other types of issues and complaints, such as burglaries, car prowlers, drug houses, quality of life issues associated with homelessness, loud parties, underage alcohol consumption, and others.

Our Patrol Officers and their supervisors do their best to prioritize proactive traffic safety efforts in geographic areas where we have more crashes, as determined by data analysis, resident complaints, and officer observations. To provide the proactive focus, we allocate officer time to enforcement in the target areas. However, their time available is limited given the percent of time they are obligated responding to calls for service.

The table below contains some basic information related to traffic citations. The two main categories of traffic enforcement come from two types of incidents -- proactive traffic stops or enforcement following traffic-related incidents, most likely crashes."

**SPECIFIC CITATIONS BY NATURE OF ORIGIN**  
JANUARY-SEPTEMBER 2021-2023

CITATION TYPE	JANUARY-SEPTEMBER 2021			JANUARY-SEPTEMBER 2022			JANUARY-SEPTEMBER 2023		
	TRAFFIC STOP	CRASH	OTHER	TRAFFIC STOP	CRASH	OTHER	TRAFFIC STOP	CRASH	OTHER
INATTENTIVE DRIVING	2	87	2	4	77	3	5	59	0
SPEEDING	396	100	24	160	91	24	171	117	28

**PARAMETERS**

- TIMEFRAME: January-September 2021, January-September 2022, January-September 2023
- RESPONSIBLE AGENCY: ECPD
- CITATION TYPE: Inattentive Driving, Speeding

**NOTES**

- 1 count per citation offense
  - i.e. a single traffic stop may result in an inattentive driving citation and a speeding citation
- "Other" Nature of Origin Category of includes Domestic, Burglary, Drug Incident, Vehicle Chase, etc.
- "Traffic Stop" Nature of Origin are all proactively called in by officers

**SPECIFIC CITATIONS BY NATURE OF ORIGIN**  
JANUARY-SEPTEMBER 2021

Citation Type	Traffic Stop	Crash	Other
Inattentive Driving	2	87	2
Speeding	396	100	24

**SPECIFIC CITATIONS BY NATURE OF ORIGIN**

JANUARY-SEPTEMBER 2023

Citation Type	Traffic Stop	Crash	Other
Inattentive Driving	5	59	0
Speeding	171	117	28

## Trick-or-Treating

Question: “Will the City share information about trick-or-treating protocols?”

Answer: Media and Communications Specialist Tess Morgan shared: “The City of Eau Claire does not designate official tick-or-treat hours for the community. Aside from some safety reminders for kids and motorists, and helping to publicize the DECI Downtown event, we don’t post about Halloween. In the past, individual neighborhoods have chosen to hold their own events when it’s convenient for their area, but otherwise it’s generally understood that trick-or-treating occurs on the holiday itself, October 31st, with the hours of 5-7:30PM still being relatively light out and therefor safer for kids to be visiting neighbors.”

## Park Planning

Question: “Could a park be changed significantly without a public planning process?”

Answer: Our Parks Manager, Steve Plaza, shared the following feedback: “Any proposed changes to parks go through a planning process that includes review by nearby neighborhoods, the Waterways and Parks Commission, and the City Council. In general, park developments try to follow the parks and open space master plan, which will be updated this year. The purpose of the plan is described on page 11:

‘Parks and recreation programs and services are important to the overall quality of life and Eau Claire Parks, Recreation, and Forestry plays an integral role in the quality of life of all of Eau Claire’s citizens and visitors. The purpose of the System Master Plan is to serve as a guide for all programming, services, and operations of the department. Further, the System Master Plan will provide insight into ongoing industry trends and changes within the community, serve to assess

levels of service provided to the community, evaluate available resources, and develop a prioritized action plan approved by the City Manager and City Council.”

**EAUSTAT NEWS:** The City holds weekly meetings with departments to talk about their data, their goals, and any challenges they may be facing. This program is called "EauStat". Read on below for some data from the meetings we held this week.

**Equity, Diversity, and Inclusion:** This past week, we held an EDI EauStat meeting at which we discussed the many big projects underway in this department. We are sad to say farewell to Dr. Ka Vang who has served as our Equity, Diversity, and Inclusion Coordinator for nearly the past year. We are, though, proud and excited about the next role she is taking on as she continues EDI work in the Chippewa Valley.

Starting Monday, Ka will work on rolling out the new World Relief Wisconsin Refugee Resettlement agency. She'll be just across the river on Madison Street, so we expect to see and work with Ka and her team often. As a child, Ka's family moved to the United States and eventually to Eau Claire. Her refugee experience greatly shaped her whole life, and she feels called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching our community with their talents, perspectives, and friendship.

While at the City of Eau Claire, Ka has created an internal EDI team, facilitated training among staff, hosted monthly internal EDI meetings, hosted groups from the university, CVTC, other community organizations, formed a BIPOC Steering Committee, gathered insights from leaders throughout the community, solicited an EDI Strategic Planning consultant, and much more. She has been a wonderful friend and co-worker, and she has taken on some of our City and society's biggest and most fraught challenges with grace, kindness, strength, and lots of fun. We'll miss Ka, and we are happy she's staying put in our community, continuing her path of spreading inclusion and joy. Ka is pictured below (on the left) with a student tour.

Please spread the word about our search for our next EDI Coordinator! [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#) This person will have a very significant impact on our efforts to ensure that Eau Claire is inclusive and a place where everyone can thrive.

**Human Resources:** This past week, we held an HR EauStat meeting. In our EauStat meetings, we talk about the work that the HR Department does. One of their main duties is to recruit, hire, and work to retain employees. With the current labor shortage and dramatic increase in wages due to inflation, municipalities have been struggling to recruit and retain employees. Our HR Department has done a great job trying to manage these challenges. We regularly monitor the number of recruitments underway (see image below for our numbers for 2023 YTD). The bulk of our recruitments are for the numerous seasonal employees we have, and this takes a lot of effort, however, it also provides a critical service to constituents, while also helping to mentor many

young people. We are working to develop and monitor a “retention rate” metric, as we work to identify metrics for all of our departments. Also, we are working with a consultant to create an “Employer of Choice” plan to try to increase retention and quality of life for our employees.

# Positions Filled	# Filled Internally	# Filled Externally
264	129	135

**EMPLOYEE SPOTLIGHT:** We have the best employees! Get to know one of them this week. (And [submit your suggestion for an employee to spotlight here...](#))

Today we highlight **Renae Casper**. A co-worker said this about Renae: “Renae answers lot of tough questions from residents, many of whom are animated, and answers them politely and with aplomb. Renae has also worked very hard with her predecessor, Rebecca Draeger, to put on employee appreciation events. The employee appreciation lunch was a big success and even brought in some retired employees. The cornhole tournament was also a hit. Renae has also helped fill in for her coworkers when they are absent and is very reliable.”

Here’s some more information about Renae (pictured below with her family and dog):

- Your Position: “I am one of two Administrative Associates for the Engineering Department. I’ve been with the city since January of this year.”
- Something People May Not Know: “I was born and lived in Cheyenne, WY until I was nine years old.
- Favorite Activity: “I enjoy traveling, going to Minnesota sporting events, attending music festivals and concerts. I enjoy playing volleyball and attending CrossFit classes.”
- Thing about Working for City: “I love that I am proud of where I work. Everyone here does what they can day in and day out to really make Eau Claire thrive. I also feel that I am supported in any decisions that I make and that my co-workers genuinely care about my well-being, both personally and professionally.”
- Life Philosophy: “Always be kind. You never know who you are talking to.”
- Anything else? “I am obsessed with dogs, so feel free to stop by with yours to say hello!”

## **SHOUT-OUTS**

**Creative Problem Solving:** Our Streets Division does not get as many shout-outs as they deserve, in part because the work they do is more specialized and behind-the-scenes than some other divisions. Here's an awesome shout-out to a team from the Streets Division that captures how creative they are in finding technical solutions in our budget-constrained environment. Read about both the original, unique, way to clean the street sweeper and then the much-improved method that our very skilled tradespeople built...

Community Services Director Lane Berg wrote:

“I want to share some work that was done by our Street Division recently that I am extremely proud of. I am continually amazed by the vast skill set of our employees and this is a shining example of that!

Some of our street sweepers have a ‘not so great’ system for washing them out at the end of a shift. It requires operating a fire hydrant and discharging water onto the pavement. The sweeper must drive over the wet pavement and vacuum up the water. The load of water and debris is then dumped and the process is repeated until the machine is deemed clean. As you can imagine, this is an inefficient system and is also disruptive to any neighboring properties.

Our employees reached out to supervisor Tim Anderson to see if they could work on coming up with a better system, and they were granted approval. The group was led by Jeff Wilczek, who sought input from many of his co-workers. The team developed a concept, designed the system, and built it with no help from outside contractors or designers, thus saving the City thousands of dollars. The new system (shown in pictures below) is a station that the sweeper backs into. A ball valve is opened which floods the basin, and the sweeper vacuums up the water. The water is then turned off, a drain valve is opened for the basin, and the sweeper dumps the water and debris, while remaining in the same location, and the contents drain to a holding pond. The

process can be repeated, if necessary, in just a couple minutes. This system is so efficient and will save time for years to come at no disruption to residents.

I am so incredibly proud of this for several reasons. We had a system that was not very functional, and our employees wanted to improve it. We have so many talented people, and they were allowed to use their skills and knowledge to make this happen. All involved were able to voice their opinions, and the final design reflected this input.

Special thanks to this group of talented people: Tim Anderson, Jeff Wilczek, Rich Bauer, Don Diesterhaft, Ryan Yule, Paul Rosolack, Brady Johnson, Jake Clauson, Joel Thompson, Cory Wright, Justin Meinen, Jericho Jurewicz, and John Rademacher.”

**Water Plant Kudos:** On September 20<sup>th</sup>, the Sustainability Advisory Committee held their monthly meeting at the Water Plant. City staff gave them an in-depth tour of the facility and showed them some of the sustainable features that have been added recently. Staff and the Committee had a great dialogue and used the opportunity to discuss ideas for improved sustainability in the future. Truly a great collaborative effort!

Pictured L to R: Ben Spanel, (Utilities Manager), Cole Cloutier, (Utilities Engineer), Cameron Bump, Brian Graff, James Schumacher, Janis Tyler, Gary Pesicka (Committee Members) and Joe Dahl, (Water Plant Supervisor).

## **COUNCIL CALENDAR**

- Monday, October 23rd: Council Public Hearing/Discussion Night
- Tuesday, October 24th: Council Meeting (City Council Operating Budget Work Session #4 – Amendment Discussion)
- *November 3rd – City Council Budget Amendments Due*
- Monday, November 6th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion (with Housing Study presentation)
- Monday, November 13th: Council Public Hearing/Discussion Night (Public Hearing #2 on 2024 Proposed Operating Budget)
- Tuesday, November 14th: Council Meeting (City Council action on 2024 Proposed Operating Budget and levy)
- Monday, December 18th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion

Hi TJ –

I know that many people have asked you this, including me the last time around! ☐ But I thought I'd add another ask to the list... They say that women need to be asked like 10 times to run for office, and I'm using that same theory here.

Our amazing Ka is going on to run the new World Relief program. We need someone brave, brilliant, strong, savvy, determined to spearhead these EDI projects. We have the \$800K set aside to spend on transforming the Chippewa Valley and it's pretty much the number one thing on my priority list. I hope you'll consider applying for the position! ☐

Stephanie

\*\*

**Equity, Diversity, and Inclusion:** This past week, we held an EDI EauStat meeting at which we discussed the many big projects underway in this department. We are sad to say farewell to say farewell to Dr. Ka Vang who has served as our Equity, Diversity, and Inclusion Coordinator for nearly the past year. We are, though, proud and excited about the next role she is taking on as she continues EDI work in the Chippewa Valley.

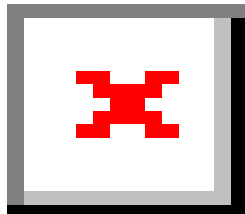

Starting Monday, Ka will work on rolling out the new World Relief Wisconsin Refugee Resettlement agency. She'll be just across the river on Madison Street, so we expect to see and work with Ka and her team often. As a child, Ka's family moved to the United States and eventually to Eau Claire. Her refugee experience greatly shaped her whole life, and she feels called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching our community with their talents, perspectives, and friendship.

While at the City of Eau Claire, Ka has created an internal EDI team, facilitated training among staff, hosted monthly internal EDI meetings, hosted groups from the university, CVTC, other community organizations, formed a BIPOC Steering Committee, gathered insights from leaders throughout the community, solicited an EDI Strategic Planning consultant, and much more. She has been a wonderful friend and co-worker, and she has taken on some of our City and society's biggest and most fraught challenges with grace, kindness, strength, and lots of fun. We'll miss Ka, and we are happy she's staying put in our community, continuing her path of spreading inclusion and joy.

Please spread the word about our search for our next EDI Coordinator! [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#) This person will have a very significant impact on our efforts to ensure that Eau Claire is inclusive and a place where everyone can thrive.

I also want to loop you in about this Stephanie. The speaker last week from Fire Dept was incredibly concerning, making irrational claims about refugees and the border and Hamas, and I see that that same fear is spreading. I told Ka about this and said security might be a smart idea for the opening of this next week.

Andrew

**Subject:** World Relief Refugee Resettlement office in Eau Claire

**WARNING!! This email originated outside Eau Claire County. Do not click any links or attachments unless you know the sender.**

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county

government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting,  
October 19, 2023

[VFW Post 305](#)  
1600 Star Avenue  
Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** RE: [EXTERNAL] WR at Monday's Council meeting

Yes the public rhetoric is discouraging. Do you think we should notify the police about the community gathering meeting on Monday?

Please keep us in the loop if there are other safety concerns. We are aware of a group that's meeting later today. The organizer – Scott Bolstad was at the partner's meeting yesterday and he expressed some of the rhetoric. We tried our best to provide accurate information for him. Tami reached out to him if he thinks Tami and I should attend the meeting to answer any questions. His response was that we would be welcome, but we are reviewing the situation first before doing anything.

Ka

**Subject:** RE: [EXTERNAL] WR at Monday's Council meeting

Ok sounds good. We just wanted to make sure council and others get the facts. That plan will work for us.

FYI, I really liked what you wrote about me so I hope it's ok for me to borrow your words in a WR press release. It would like something like the following:

World Relief announced **Dr. Ka Vang** as the new **Chippewa Valley site manager**. A 25-year resident of Eau Claire, Vang has 20 + years of experience working in higher education where she advocated for and supported students who are low-income, first generation, and/or underrepresented. "My whole family and I came to the US in 1979 as refugees after the Secret War ended in Laos," said Vang. "My refugee experience greatly shaped my whole life, and I feel called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching this community with their talents, perspectives, and friendship."

--good chance this will go out today

New director?

Ka

**Subject:** RE: [EXTERNAL] WR at Monday's Council meeting

Hi Ka – Because the agenda for next week is already worked out, we're thinking that a Council member who attends next week's WR meeting can share updates on it. Then, later on, we can do a resolution or proclamation welcoming the refugees. How does that sound?

p.s. Would you like to be on the interview committee for the new director?

**Subject:** [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for](#)

[domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305

1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Thanks Stephanie:

I have two Events I am attending tonight, so I am not able to make it.

I think the biggest concern I keep hearing is that refugees coming to the community will not be vetted. That is certainly not true. I do think strongly, pushing back on that and making sure people know the truth will help.

I also want to loop you in about this Stephanie. The speaker last week from Fire Dept was incredibly concerning, making irrational claims about refugees and the border and Hamas, and I see that that same fear is spreading. I told Ka about this and said security might be a smart idea for the opening of this next week.

Hi Matt,

Hello from Green Bay. I wanted to forward this meeting information about an event tonight. As you can see below, a group opposed to World Relief's resettlement of refugees in Eau Claire will be meeting VFW from 7-9 pm.

Given the emotionally charged tenor of some of the comments we've received on this topic, I'm a bit concerned.

Tonight, some advocates who support refugee settlement in Eau Claire, volunteers from the Welcoming New Neighbors Group, plan to attend the meeting at the VFW. Naturally there will be disagreement, but hopefully it is a productive, de-escalating conversation.

My questions are:

- 1 - Public safety. Would a police presence be advisable at the event tonight, and/or at the World Relief info event next week, or a future council public hearing? Is a public safety strategy something that needs to be considered on this topic?
2. Outreach. Would ECPD be a good, de-escalating "messenger" to the public in clarifying that people do not need to be afraid?

Thanks,  
Emily

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** Fyi - time sensitive - Meeting tonight for opponents of refugees / World relief

Hi Matt,

Hello from Green Bay. I wanted to forward this meeting information about an event tonight. As you can see below, a group opposed to World Relief's resettlement of refugees in Eau Claire will be meeting VFW from 7-9 pm.

Given the emotionally charged tenor of some of the comments we've received on this topic, I'm a bit concerned.

Tonight, some advocates who support refugee settlement in Eau Claire, volunteers from the Welcoming New Neighbors Group, plan to attend the meeting at the VFW. Naturally there will be disagreement, but hopefully it is a productive, de-escalating conversation.

My questions are:

- 1 - Public safety. Would a police presence be advisable at the event tonight, and/or at the World Relief info event next week, or a future council public hearing? Is a public safety strategy something that needs to be considered on this topic?
2. Outreach. Would ECPD be a good, de-escalating "messenger" to the public in clarifying that people do not need to be afraid?

Thanks,

Emily

**Subject:** [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

October 20, 2023

Dear Council Member,

My name is Melody Boberg from the Cumberland – Rice Lake area. I am writing to you today about a World Relief refugee office that I heard is opening in Eau Claire. I found out that the gulag this office will create will be a 100-mile radius, which could easily include where I'm from. I am quite concerned as my community cannot afford refugees, and we've seen what these gulags have done to places in MN like Wilmer, Austin, and St. Cloud. These towns have

been shredded fiscally, and property taxes continue to jump. I am, also, concerned about our safety. No one knows where these refugees are coming from. It was said the federal government vetted them, and seeing what a "great" job they're doing on our southern border, we all have reason to be greatly concerned. Has anyone from your city council looked at how crime has been affected in one of these gulag cities like St. Cloud since inception?

I am very upset this World Relief office was approved without talking to the taxpayers and all of the stakeholders about it. Is that even legal? What is a big influx of refugees going to do to our schools and health care system and police stations when all the refugees' family members come the second year? I am troubled and concerned for my community and me. Please prevent the opening of this refugee office before we all suffer the consequences.

Sincerely,

Melody Boberg

Good morning,

We have been working on assessing the feasibility of increasing the City's capacity to host immigrants and refugees, with the two goals of addressing employee shortages and of promoting a more multi-cultural community.

World Relief Refugee Resettlement agency is considering opening another office in Wisconsin, and Eau Claire is one of the 2 candidates. Tami McLaughlin is their Fox Valley office director and she is coming to Eau Claire on April 5<sup>th</sup> to meet with us and do an assessment.  
I'm

scheduling the

meeting for 9:00 AM, if there's any conflict please let me know, Tami's schedule is flexible

Thank you  
Anoosheh

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

The official from World Relief also confirmed that the refugees will be coming from Somalia. I attended the stakeholder's meeting last week and the word Somalia was never mentioned. That is at least the third lie I have caught them in.

This is not about the refugees it is about the process. World Relief believes that speaking with the local government is speaking with bureaucrats, while many of us believe speaking with local governments is speaking with elected officials. I can also tell you that no one in the county I have spoken to knows anything about this.

Scott Bolstad  
715-497-4359

On Saturday, October 21, 2023 at 03:45:07 PM CDT, Scott Bolstad <[bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)> wrote:

President Berge,

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. Did they happen? If so where are the minutes fore these meetings? I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for. Did you direct her to sign the document or has she gone rogue...again? If not do you have the authority to approve this action? Is the goal here to keep any blame for this off of the city council?

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? Not what World Relief has told you, but what the actual country of origin is? I was told it was one of two countries.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this.

I look forward to your response

Our organizations work to promote a strong Chippewa Valley. We hope for a strong, healthy, lively, and inclusive community. Our region is growing faster than the rest of the state, and we hope it will continue to be a vibrant place where many people want to live and contribute their talents to its future growth and change. We welcome residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. They may be coming for college, for a job, for the trails, for the safety, or for the four amazing seasons of recreation.

We support and celebrate World Relief as they work to welcome new residents of Eau Claire. Like most of the people who moved here before us and before them, they will make a home here and contribute to the future of Eau Claire. Each person and each life brings gifts to share, friendships to form, stories to tell, work to contribute to our local economy, at a time when employers are struggling to hire, and even taxes to chip in to keep our government bodies running.

Please join us in welcoming our new residents, wherever they may come from.

**From:** Fred Kappus <[jfkappus@charter.net](mailto:jfkappus@charter.net)>

Marty,

Attached is the letter written by the City Manager touting the opening of a World Relief office in Eau Claire.

The question is, did she do this on her own or is the City Council involved as well?

This is the last thing Eau Claire needs is to welcome middle east refugees. Look what happened to Dearborn, Michigan.

Fred

MONDAY AT 6 PM AT THE LE PHILLIPS LIBRARY THIS & Many other questions need to be addressed.

Whether the idea is bring Refugees....or IMMGRANTS from South America or GAZA etc.

Did they Follow US...CODE 8 ....1522 Section 2 and Did Our City Manager have the approval or backing of Our City Council to even send this letter.

Here are some Questions that Citizens have the Right To ask.

Are these Refugees here Legally and How are they Vetted? The ones arriving in Sanctuary cities like New York Chicago Milwaukee are NOT.

Who has responsibility for assisting these immigrants after World Relief or area Church's completes its term of support?

When the Operation is up and Fully operational how many immigrant's will be added each year.

How Long does WORLD RELIEF Assist each immigrant family.?

How much money does WORLD RELIEF receive for Each immigrant ? FROM us government OR THE UN ?????

Who is responsible for their assistance after World Relief completes its TERM OF SUPPORT?

The City of Eau Claire? How will affect our Schools They are UNDER S TAFFED as is our LAW ENFORCEMENT Departments.

Has our co ordinating personnel talked to other cities EXAMPLE..... ST CLOUD MINNESOTA. Or HUDSON WI who rejected this proposal.

Many citizen knew nothing about this proposal until TV18 Did a Story 1 day a few weeks ago. Otherwise No One would have learned of this until it

Was TOO LATE.

Marty Green

Former General Manager of WAXX Radio

Former Member of the Eau RDA

Citizen of Eau Claire and Wisconsin for over 50 years

My Grand Parents Migrated from Russia & Poland

So I am not against welcoming new people Legally here in our Country State or City

**Subject:** Information on World Relief

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

Our organizations work to promote a strong Chippewa Valley. We hope for a strong, healthy, lively, and inclusive community. Our region is growing faster than the rest of the state, and we hope it will continue to be a vibrant place where many people want to live and contribute their talents to its future growth and change. We welcome residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. They may be coming for college, for a job, for the trails, for the safety, or for the four amazing seasons of recreation.

We support and celebrate World Relief as they work to welcome new residents of Eau Claire. Like most of the people who moved here before us and before them, they will make a home here and contribute to the future of Eau Claire. Each person and each life brings gifts to share, friendships to form, stories to tell, work to contribute to our local economy, at a time when employers are struggling to hire, and even taxes to chip in to keep our government bodies running.

Please join us in welcoming our new residents, wherever they may come from.

**Subject:** [EXTERNAL] Refugee Office

October 20, 2023

Dear Council Member,

My name is Melody Boberg from the Cumberland – Rice Lake area. I am writing to you today about a World Relief refugee office that I heard is opening in Eau Claire. I found out that the gulag this office will create will be a 100-mile radius, which could easily include where I'm from. I am quite concerned as my community cannot afford refugees, and we've seen what these gulags have done to places in MN like Wilmer, Austin, and St. Cloud. These towns have been shredded fiscally, and property taxes continue to jump. I am, also, concerned about our safety. No one knows where these refugees are coming from. It was said the federal government vetted them, and seeing what a "great" job they're doing on our southern border, we all have reason to be greatly concerned. Has anyone from your city council looked at how crime has been affected in one of these gulag cities like St. Cloud since inception?

I am very upset this World Relief office was approved without talking to the taxpayers and all of the stakeholders about it. Is that even legal? What is a big influx of refugees going to do to our schools and health care system and police stations when all the refugees' family members come the second year? I am troubled and concerned for my community and me. Please prevent the opening of this refugee office before we all suffer the consequences.

Sincerely,

Melody Boberg

Good morning Stephanie,

I attended an informational session with World Relief last week on Wednesday. I received a lot of helpful information. An attendee at the meeting raised questions regarding whom at the City had been working with World Relief. I have since received several emails with questions of a similar nature. As I understand, you have had communication with World Relief, and have informally briefed Council on the matters through your City Manager Updates. Can you share with me the most accurate way to answer the questions I have been receiving? I want to ensure I am providing factual details to the best of my ability. It seems the community is receiving partial details/inaccurate information.

Thank you,

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an

office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

**Subject:** Occupancy for Library

Hi Bob - Is there a way you can confirm the allowable occupancy for the Riverview Room in the Library? This relates to the World Relief event tonight. It seems that we may have more people who want to attend than there's space, so it seems we will need someone from Fire there.

Hi Stephanie,

The fire department does not apply the occupancy rating. The occupancy rating is set by the architect and reviewed by Planning. They may have what the allowable number of people is. Inspector Knecht and I will walk over right now and check it out and get back to you with any additional information.

Hi Stephanie, the total allowable occupancy is 284 persons. The only reason to have an inspector on site would be to count the number of people in the assembly. This can be done by the event organizers to ensure they do not exceed the occupancy. If it appears that too many people are in the room, it would take the support of the people to volunteer to leave or law enforcement would have to assist.

I'm looking into what agencies are working around Appleton that are related to what we're looking for.

One is **World Relief** that I'm very familiar with, they are a huge **Christian** NGO with branches all over

the world, They accept strictly Christian employees, their model of working as a very rich agency can't

be a model for us I guess? Also, they're closed on Wednesdays. The other one is a **Muslim** organization

with a headquarter in **Pakistan** that helps refugees from Muslim countries, If we want to meet with them

we have to email them an official request, I've got the email address. They help the refugees in their area

to settle. I can't remember any other entities in Appleton that we're interested in learning more about, do you?

**Importance:** High

Good morning Stephanie,

I hope you're enjoying your trip ☺  
I talked to World relief director in Fox Valley.  
She's coming to Eau Claire to visit with us and all the key players.  
Is it ok to invite Katheryn and Lieske, Holley, Deb and Don too?  
Do you think we should have Billie too because she has housing questions for us as well or you will take care of them?

This is the email I'm going to send and I've already booked it on your schedule

"World Relief Refugee Resettlement agency is considering opening another office in Wisconsin and Eau Claire is one of the 2 candidates. TAMI MCLAUGHLIN is their Fox Valley office director and she is coming to Eau Claire to meet with us and do an assessment. I appreciate if you can attend please."

**Subject:** Accepted: Meeting with World Relief Resettlement agency

Good morning,

This is an awesome idea! Do we have any preliminary information on needs from a community to host this program? How much housing would a program like this need available? Or is it a program with host families? If housing is needed, what price points? It would be helpful to know what criteria they look at in order to be able to be prepared to answer questions during the meeting.

Billie

Dear Anoosheh,

I just wanted to let you know that there is also an existing refugee resettlement organization in Eau Claire called Welcoming New Neighbors (WNN). Wnn has been operating under the sponsorship of Lutheran Social Services of Wisconsin and Upper Michigan—home office Milwaukee—as a CoSponsorship program. WNN has accepted and settled 7 Afghan men and also supported two Afghan families who came to Eau Claire as a secondary migration. WNN is also moving to become a recognized Refugee Resettlement agency.

Two primary contacts for WNN are Ginny Close and Bea Evans, and I will copy them on this email.

Best,

Don Mowry

**Subject:** [EXTERNAL] RE: April 5th Meeting in Eau Claire

Hello Anoosheh,

I enjoyed our discussion yesterday regarding World Relief establishing a refugee resettlement site in Eau Claire. Will look forward to continuing the conversation with a wider network of community stakeholders on Wednesday, April 5<sup>th</sup> and am very thankful for your willingness to coordinate this meeting.

Attached is a document created by our resettlement contractor, The Bureau of Population, Refugees and Migration (PRM), as a guide to assess a community's ability to resettle refugees. World Relief will complete the assessment and use to assist in determining if we are supportive of opening a site in Eau Claire. This would be followed by submitting a proposal to PRM as ultimately it is their decision to approve new sites. As I mentioned, we are also assessing the community of La Crosse and would most likely only support opening one new office next year.

Please feel free to send the guide to your stakeholders. Attachments Two and Three on pages 19 – 25 contain specific questions related to the assessment, and we will use the Evaluation Matrix to begin our conversation. My goal would be to have the assessment completed by the end of April and will plan to make one or two additional trips to Eau Claire.

Regarding housing questions, we would expect to resettle no more than a total of 75 people the first year. (most likely arriving after January 1, 2024). We are currently resettling mainly Congolese in the Fox Valley; singles to families as large as 9 people so renting 1 – 4 bedroom housing, ranging from \$650 - \$1400. Housing is a challenge in all of our communities so will be a priority in the assessment!

Hope this information is helpful as we begin this process. Please feel free to reach out with questions....resettlement is a collaborative and community response and we look forward to developing a strong partnership.

Thank you for your help and I look forward to meeting you soon.

Tami

**Subject:** April 5th Meeting in Eau Claire

Good morning Tami,

I have invited Health Director, County Director and the city manager, Human Services Director, our housing project coordinator, ELL program Manager from CVTC, and a few more to the meeting on April 5<sup>th</sup> at 9:00. Most of them will be here☐

Our housing project manager asked me a couple of questions to get ready for the meeting, I thought I'll forward them to you:

“Do we have any preliminary information on needs from a community to host this program? How much housing would a program like this need available?  
If housing is needed, what price points? It would be helpful to know what criteria they look at in order to be able to be prepared to answer questions during the meeting. “

Good morning Anoosheh,

Thank you for being so welcoming!! ☺ If it would work for you, a few of us would like to meet with you prior to the 5th, perhaps next week? We would especially like to tell you our Welcoming New Neighbors (WNN) 'story'. Also, we would like to share what we have learned, connections we have made, and other immigrant support efforts already at work of which you may or may not already be aware. Learning more of the City of Eau Claire perspective and the World Relief connection would be of great value as WNN envisions our community becoming an even more immigrant welcoming one, working in partnership with those seeking that same outcome.

Anoosheh, in order to proceed with setting up a meeting, could you please give us a couple of choices of days, times, and a meeting place that would work for you? There is such great interest within our Steering Committee, that I would estimate 4-5 of us wanting to join you.

Happy Friday,  
Ginny Close  
WNN Steering Committee Member

Hello Anoosheh,

Yes Welcoming New Neighbors is still a volunteer driven organization. From our Afghan welcoming experience, we are exploring expanding to become a 501c3 in support of new immigrants and of those already here.

It is exciting to hear that World Relief is considering EC. All kinds of questions come to mind however and I would like to hear more of the back story of how EC got to be considered as a possible future resettlement location? Would you be available to meet with a few of WNN volunteers prior to April 5 or could a few of us attend that meeting?

Looking forward to working together to become a truly welcoming community.

Thank you Don! Hello Bea and Ginny! I wish I knew this earlier, I was under the impression that Welcoming neighborhood is volunteer based. Has that changed? How a World relief agency in town would relate with what you're doing? I used to work for DHS and have met a few of the WNN members and also all the 7 Afghan refugees who were settled then. Are all or some of the Afghan refugees still living in Eau Claire? I am aware that World Relief will contact Lutheran Social Services before doing the assessment for Eau Claire.

Dear Anoosheh,

I just wanted to let you know that there is also an existing refugee resettlement organization in Eau Claire called Welcoming New Neighbors (WNN). Wnn has been operating under the sponsorship of Lutheran Social Services of Wisconsin and Upper Michigan—home office Milwaukee—as a CoSponsorship program. WNN has accepted and settled 7 Afghan men and also supported two Afghan families who came to Eau Claire as a secondary migration. WNN is also moving to become a recognized Refugee Resettlement agency.

Two primary contacts for WNN are Ginny Close and Bea Evans, and I will copy them on this email.

Best,

Don Mowry

**Subject:** RE: update for council

We are exploring the feasibility of expanding the City's capacity to welcome immigrants and refugees. Our dual objectives are to address employee shortages and to cultivate a vibrant, multi-cultural community. One potential avenue is the prospect of World Relief Refugee Resettlement agency establishing a new office in Wisconsin. We are thrilled to be one of two candidates under consideration, and Tami Mclaughlin, Director of World Relief Fox Valley, will visit Eau Claire in April to conduct an assessment. Additionally, we are actively exploring ways to boost the local workforce by utilizing PERM (employment) visas. To this end, we have engaged with the Chamber, CVTC, and ECD and are in the process of planning an information session for Eau Claire's businesses and employers.

Great news Tami! We try to keep our meetings to an hour. You and Karen, if available, would be first on the agenda. I would foresee your introduction to World Relief and the Good Neighbor Team Model with question/answer time using 30-45 minutes. At the moment I do not have any other pressing agenda items and this fits perfectly as we educate ourselves on all things immigration related.

The meeting is Thursday, April 13, 6:30 pm CDT. Here is the zoom link. Anoosheh, please share with anyone you think may be interested.

Looking forward to seeing you again and hopefully meeting Karen.

Ginny

**Subject:** [EXTERNAL] Eau Claire - Tami Mclaughlin World Relief visit

Hello again Anoosheh and Tami,

Anoosheh, thank you so much for including Welcoming New Neighbors (WNN) again into the conversation this morning. I know there is great interest within our steering committee and am looking forward to any and all future conversations welcoming immigrants.

Tami, I did not find an email address for you so I am using the World Relief Fox Valley address. It was so good to meet you this morning, however briefly. Thank you for being open to considering Eau Claire for a World Relief office!

Also, I am wondering if it would be of value to you to meet more of our WNN volunteers? I can safely speak for the larger group being interested in learning more of the World Relief community relationship building model: 'Neighbor to Neighbor'. (Sorry, I did not retain the exact name!!)

WNN meets via zoom the 2nd Thursday of the month at 6:30 pm. Our next meeting is next Thursday the 13th. At that time, I will introduce World Relief's consideration of Eau Claire as a refugee agency site. BUT it would be of greater value and interest if you or your representative could attend and give a brief introduction to the organization. Of course, our folks would be open to assessment questions you may have regarding the community engagement piece.

Of course, WNN is open to any further conversation at Anoosheh's or your request at anytime by whatever means! We are definitely excited about the possibility for welcoming more new neighbors to Eau Claire and for partnering with World Relief.

Forward!!  
Ginny

Hello Anoosheh,

Hope you are enjoying Wisconsin weather at its finest! We know it won't last so have to take advantage.

I am planning on returning to Eau Claire next week with two of my colleagues and hoping to schedule a visit with a representative from the ECASD. Do you have a recommendation of a contact to reach out to as there isn't an ELL contact on the website? I have also requested an appointment, per the suggestion of our state refugee coordinator, with Jody Conner from Workforce Resource and am waiting to hear back.

Also, would you have an hour to meet with us to review a few more questions and other details relating to a proposal submission? It would also give us an opportunity to schedule a visit to our office when you are in Appleton for the Toward One Diversity and Inclusive Conference. (if you are still interested)

Appreciate your assistance and hope to connect next week!

I am planning on returning to Eau Claire next week with two of my colleagues and hoping to schedule a visit with a representative from the ECASD. Do you have a recommendation of a contact to reach out to as there isn't an ELL contact on the website? I have also requested an appointment, per the suggestion of our state refugee coordinator, with Jody Conner from Workforce Resource and am waiting to hear back.

Also, would you have an hour to meet with us to review a few more questions and other details relating to a proposal submission? It would also give us an opportunity to schedule a visit to our

office when you are in Appleton for the Toward One Diversity and Inclusive Conference. (if you are still interested)

Appreciate your assistance and hope to connect next week!

Tami

**Subject:** World Relief meeting with Chief Rokus (April 19th)

World Relief, a refugee resettlement agency, is considering Eau Claire as a potential location to establish a refugee settlement office.

The agency has conducted initial interviews with relevant individuals. As part of the assessment process, the director of the agency based in Appleton, Tami Laughlin, wishes to speak with the Eau Claire police chief. The following is a list of questions that will be discussed during the meeting.

Any anti-immigrant sentiments expressed in the community? If so, how are sentiments managed?

How are immigrants groups isolated or integrated into the community?

Does local law enforcement have a community or cultural liaison?

Any foreseeable barriers from public safety perspective to resettlement in community

Any resources available for language barriers?

Hi Anoosheh,

Glad you enjoyed your stay and hope the conference was productive!

We have decided to propose Eau Claire as our recommendation for a new resettlement site. Everyone we had a conversation with was supportive and the work that your community has already done around welcoming refugees and immigrants has been impressive. It would be an honor to open an office in Eau Claire.

We are preparing the proposal which is due the end of the month and later this week I plan to send emails requesting support letters from stake holders. We expect to receive final approval late summer/early fall but will continue to move forward with plans around hiring and securing office space.

Will be in touch but let me know if you have additional questions. So appreciative of your assistance and support. The fun is just beginning J

**Subject:** RE: [EXTERNAL] Employers

We have been working to evaluate the feasibility of increasing the City's capacity to host immigrants and refugees with the aim of fostering a more diverse and multi-cultural community and addressing employee shortages. As part of our collaboration with the World Relief Organization in Appleton, we have been facilitating their communication with all relevant stakeholders in Eau Claire.

We are delighted to announce that Eau Claire has been recommended to World Relief Headquarters as a potential new resettlement site.

While final approval is expected in late summer or early fall, World Relief may begin hiring and securing office space during the summer.

Tami McLaughlin, Director of World Relief in Appleton, stated, "We have decided to propose Eau Claire as our recommendation for a new resettlement site. Everyone we had a conversation with was supportive, and the work that Eau Claire has already done to welcome refugees and immigrants has been impressive. It would be an honor to open an office in Eau Claire."

Hello Stephanie,

Hope you are well and enjoying Wisconsin's beautiful spring season.

After several visits and conversations with numerous stakeholders, World Relief Fox Valley is proposing opening a sub office in Eau Claire in the fall of 2023. Letters of support from officials and key partners are required to accompany the proposal so I am hoping you would write a letter and return to me by Wednesday, May 24. A template is attached for consideration.

We will be in touch as we continue forward with our plans as know your support and expertise will be instrumental in the success of welcoming refugees to Eau Claire. We appreciate all of the work you, Anoosheh and others on your team have done to pave the way for future newcomer communities and we look forward to partnering and collaborating to continue Eau Claire's legacy of welcome.

Please let me know if you have any questions or concerns.

Thank you for your support and leadership.

Dear Ms. McLaughlin,

I am unable to compose a Letter of Support for a proposed refugee resettlement office in Eau Claire. Please do not interpret my inability to write this letter as a lack of support for refugee resettlement efforts. I am not well-versed in refugee resettlement and should not be considered a subject matter expert. Additionally on these matters I can only speak to the Police Department operations, not representing the City of Eau Claire as a whole.

Please know that that members of the Eau Claire Police Department will continue to do our very best to ensure Eau Claire is a safe and welcoming community for all ethnic and national backgrounds. This is especially true for our immigrant population. As your plans move forward please continue to consider us as a partner.

Sincerely,

Hello Marisa,

Hope you are well and enjoying Wisconsin's beautiful spring season.

After several visits and conversations with numerous stakeholders, World Relief Fox Valley is proposing opening a sub office in Eau Claire in the fall of 2023. Letters of support from officials and key partners are required to accompany the proposal so I am hoping you would write a letter and return to me by Wednesday, May 24. A template is attached for consideration.

We will be in touch as we continue forward with our plans as know your support and expertise will be instrumental in the success of welcoming refugees to Eau Claire. We appreciate all of the work you personally have done with refugee health screenings as well as the whole Eau Claire public health team to pave the way for future newcomer communities. We look forward to partnering and collaborating to continue Eau Claire's legacy of welcome.

Please let me know if you have any questions or concerns.

Thank you for your support and leadership.

Tami

Looks like it is a regional effort...I didn't see anything that it is unique to the City of Eau Claire...so yes, it is a levy supported service but it is a COUNTY levy effort representing residents of Altoona, T of Wash, T of Pleasant Valley, Fall Creek, etc. We should make sure it is noted when this is discussed publicly that it isn't just the City of Eau Claire.

Hi Anoosheh,

Good to hear from you! We don't expect to receive final approve for the resettlement site until late August but are going to begin recruiting for the site director (position should be posted by the following week). I will also begin looking for office space. Do you have any recommendations regarding location? A top priority is accessibility to public transportation.

Will stay in touch as starting to move forward!

Thanks!

Hi Anoosheh,

Thanks for the recommendations. I will follow up; most likely next week.

The site manager position should be posted by the end of the week on the following link. We expect to post several more positions in the next 6 weeks with the hopes of officially opening the office on October 1<sup>st</sup>. All of these dates and plans are tentative dependent on staffing, securing a lease and of course approval which we do expect by the end of summer.

[World Relief Jobs | Explore Opportunities | World Relief](#)

Are you familiar with the Chippewa Valley Multi Cultural Festival? Ginny Close recommended we attend. Wonder if there are other events we should attend or plan?

Keep in touch and will hope to see you before the end of the summer!

Good morning Tami,

According to Aaron these are 3 likely landlords for this group with space in the Downtown, which has the best access to public transportation.  
Where would you post your vacancy/ I would personally be interested to check ☐

Have a great week!

**Subject:** City Manager Update to the City Council - Week of 7/17  
**Attachments:** City Manager Update to the City Council 07 17 2023.pdf

Hi all –

Two quick things...

- First, note that our first Council meetings next month are on Monday, July 7<sup>th</sup> and Tuesday, July 8<sup>th</sup>. (It's sort of a confusing month given the Monday is the first Monday and the Tuesday is the second....)
- Next, please be sure to include me in all email correspondence with Directors or Managers. If you would like to have a phone call or meeting with staff, please start by reaching out to the City Manager's Office and the related Director. This allows me and other City leadership to stay on top of issues and trouble shoot where needed. Thank you in advance for helping us with this flow!

And here's the newsletter...

-

#### **In This Update:**

- **From the City Manager:** American Phoenix Update, Information about the Premiere Resort Tax, Some Q&As, Notes from 2023 WI Act 14 Housing, Trash RFP Language, Refugee Resettlement Agency Progress, Bus Operators go Above and Beyond, Demmler

Park Story, Thank you to Payroll Staff, Parks and Recreation Professionals' Day Shout Out, Retirement for Al Bertrang, Writing the Disability Experience

- **Council Calendar**
- **Special Employee Spotlight:** Melissa Turnquist

Hi Anoosheh,

Thank you for taking the time to chat. After much consideration, we've made the decision to not move forward at this time. That being said, we'd like to keep your resume on file as our team continues to grow.

We really appreciate you taking the time to get to know our team. Best of luck with your current search!

Thanks again,  
Melissa Young

Hi Lieske,

World Relief is in the process of renting an office and hiring staff. They predict the first arrivals to occur at the end of November. I have asked Tami, the Director, for more info. I will share as soon as I receive a response. Meanwhile please let me know if there are any specific details that you would want to know.

Have a great day,  
Anoosheh

Greetings.

I wanted to quickly connect to see if you have any updates for us related to the proposed resettlement efforts. I know that depending on what moves forward, there may be considerable involvement of staff and resources across our agencies. I want to be sure we are thinking about that so we have planned strategically.

Let me know what you can share.

Thanks much.

Lieske

**Subject:** FW: [EXTERNAL] resettlement update

Hello Lieske,

Annoosheh forwarded your email and I appreciate your interest in preparing for the arrival of refugees to the Chippewa Valley in the near future. Our team in the Fox Valley is wrapping up fiscal year 2023 in the midst of welcoming a few more individuals and families while also preparing to open our Chippewa Valley office in the next few weeks.

We are on the cusp of finalizing office space and in the process of making offers for several staff positions. We hope most of these details are in place by the middle of October. In addition, we have tentatively scheduled a "partner meeting" for later October and plan to send invites next week which you will receive. With all of these details in place, our best estimate for first arrivals would be late November and could consist of individuals or families. The total number of refugees we have been approved to welcome to the Chippewa Valley for FY2024 is 75 people.

Brittany Fry reached out earlier this summer asking for information regarding Public Health's responsibility in refugee resettlement and following was the response provided by our State Refugee Health Coordinator, Savitri Tsering:

*Hello,*

*I work as the State Refugee Health Coordinator (SRHC) and can address concerns related to refugees coming into your community. I know World Relief Fox Valley (WRFV) will be opening a satellite office in Eau Claire this fall. For refugee services we recommend that the local health department (LHD) be part of the network that works with the resettlement agency (RA) and provides information and updates as needed. In general, it is not expected that LHDs do any more for refugees than they would for others living in their community. You will be viewed as an agency in the know about area health/medical providers.*

*As you are aware there are sponsored humanitarian parolees that are coming into the US that need TB attestation. If they are not eligible for Medicaid (depending on where they are from, they may or may not be eligible), the TB dispensary can cover their TB related screening services.*

*Ways that health departments have helped make connection with the refugee community is in providing education and updates for programs they have such as home visiting, WIC, communicable disease follow-up, child car safety, Well Women programs, etc. – your LHD may or may not have some of those services but the point is, what you offer the general public, in turn offer to the refugee community and make sure you have a seat at the table for understanding and connecting with those doing refugee resettlement in your community.*

*Taking the view broader to all immigrant populations the same will be true – what do you provide to your general population, make sure [your local connection to Covering WI](#) is strong so that full knowledge of healthcare eligibility is there, know the parameters of what services you can provide regardless of documentation status.*

Lieske, I hope this information is helpful. If you have additional questions, please do not hesitate to reach out. We hope to meet you in the near future and look forward to developing a strong partnership and welcoming network for the Chippewa Valley newcomers!

Thank you,

Tami

Thanks for the update Anoosheh.

Someone from our team will be happy to be part of the conversation.

I know that housing also will be an important issue. Not sure if anyone is actively addressing that if a large group of people are coming.

Do you know if this is likely individuals or families? That would help us in thinking who best on our end to engage.

Thanks.

Lieske

**Attachments:** City Manager Update to the City Council 09 25 2023.pdf

Hello Council Members –

Sorry for the delay on this. We, internally, are trying to figure out a way to have just one newsletter that goes out weekly to the Council, the staff, and the public. We're trying to determine the best email marketing/newsletter platform to use. In the meantime, here's this week's. (And you'll get it again in the new format...)

Feel free to share any feedback or suggestions!

Stephanie

**Subject:** Update from the Manager's Office - Week of 9/25/2023

Hello City Staff – We in the City Manager’s Office, with help from the IT Department, are working on reformatting the weekly newsletter... The goal is to send one newsletter that works for the City Council, City staff, and members of the public who are interested. (Additional notices outside of the weekly newsletter will also get sent for employee-specific news.) Also, we hope to make it possible for you to sign up to receive the updates on your personal email account, which may help those people who are part of teams that don’t regularly access City email. Below is how we are picturing it’ll look on a weekly basis. Stay tuned, and please feel free to share feedback on this new, proposed format! (You may get a duplicate of this email once we set up the new system, FYI...)

- **CITY UPDATES:** Here’s some news from around the city.

- **Cannery District Construction:** Our Parks Manager, Steve Plaza, shared this update on what’s happening with the construction of Cannery Park, which is in the “Cannery” neighborhood, close to the Children’s Theater, High Bridge, and the Brewing Projekt: “Cannery Park has been seeing a transformation this past month. Contractors have been grading the sledding hill, playground area, open spaces, and skatepark. The restroom has been framed and its inside painted, and it’s now visible if you take a tour in that area. The ADA walkway next to the Madison Street Bridge has been staked, as has the walkway and canoe slide to a scenic viewpoint. Footing is being prepared to be poured for concrete for the stairs and the sign. The completion of the park is scheduled for early summer 2024. Market & Johnson is the General Contractor for the project, and Cory Tietz is the City’s Project Manager for the park construction.”

- **One Book, One Community 2023:** The L.E. Phillips Memorial Public Library is launching its community read for 2023. They write: “This highly-anticipated, annual program encourages residents to unite around a single book that delves into critical

social and environmental issues affecting the region. The chosen title for this year is New York Times bestseller Nature's Best Hope: A New Approach to Conservation That Starts in Your Yard, by Douglas Tallamy. The book is a compelling exploration of biodiversity loss and the role each of us can play in preserving our natural world. The main event will be an Author Talk with Douglas Tallamy at the Chippewa Valley Book Festival on Saturday, October 14th at 9:30AM in the Riverview Room. Registration and additional events can be found here:

[www.ecpubliclibrary.info/onebook](http://www.ecpubliclibrary.info/onebook)

- **Resettlement Agency Coming to Eau Claire:** The City of Eau Claire has recently worked with partners, including resident volunteer groups, the CVTC, the Department of Human Services, and the Health Department, to explore opening an Eau Claire branch of an agency called World Relief. The organization is currently securing office space and hiring staff. They expect to be all situated by this fall, and they will begin to welcome refugees for settlement in Eau Claire in 2024. They write that: "The total number of refugees we have been approved to welcome to the Chippewa Valley for FY2024 is 75 people." New residents of Eau Claire will help fill gaps in our very tight labor market and will bring a richness of perspectives and contributions to our community.

- **QUESTION AND ANSWERS:** Here are some questions that have come through the City Manager's Office this week. *Have a question you'd like answered?* [Submit it here.](#)

### **TDS Installation Impact**

Question: "How is TDS repairing areas of grass or landscaping that have been damaged due to the installation of fiber?"

Answer from City Staff: City Engineer Dave Solberg shared: "We have worked with TDS to ensure that they complete restoration within the existing permitted areas and provide us with a timeline for restoration. We have been tracking locations based on e-mails and calls and relaying those restoration locations to TDS/Tilson daily. Last week, we started inspection of the restoration complaint locations, and that will continue through this process. TDS/Tilson is on track to have their restoration brought into compliance by the beginning of October. We've seen great improvement with the new restoration sub-contractor and their work towards meeting the restoration requirements over the past two weeks."

### **EV Charging on Forest Street**

Question: "I was wondering what the timeline is for the EV charging at Forest Street. I have seen it used by vehicles, but I have noticed that the site is not completed. and the canopy structure by Solar Forma is not yet installed."

Answer from City Staff: Planning Manger Ned Noel said: "EV charging has been going on over a year there, but the Solar Forma Design has had some business issues and delays. They have proposed to complete the project by end of October."

## Trail from Mayo

Question: “Any updates on the Half Moon Lake Trail construction from Folsom Street south to West Madison Street?”

Answer from City Staff: City Engineer Dave Solberg said: “We ran into a problem in the right of way that the City purchased 30+ years ago...but we have worked through it. Unfortunately, WisDOT’s budget is tight, and if we don’t get the contract awarded by late October, construction may not start until 2026... so we’re really pushing to get it bid ASAP!”

## Jeffers Road Trail

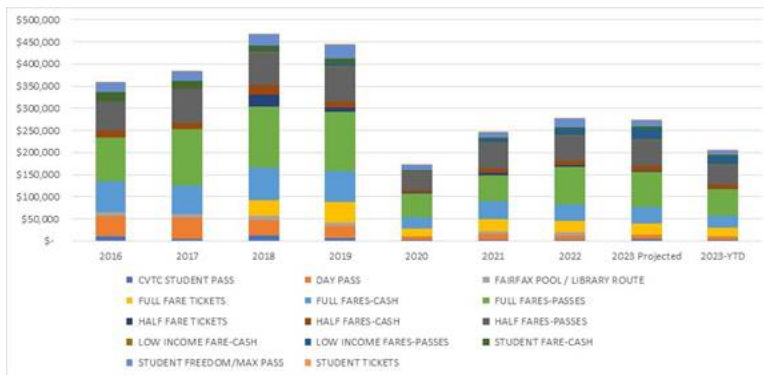

Question: “I noticed utility poles in the middle of the trail on the southern end of the Jeffers Road reconstruction, looking south toward the North Crossing. Will these be moved?”

Answer from City Staff: City Engineer Dave Solberg said: “Xcel Energy wasn’t able to move the poles this year, so we made sure we had four-foot clearance around them and paved the trail. Next year, Xcel Energy will saw a square of the trail out, move the poles, and repave the concrete square they removed.”

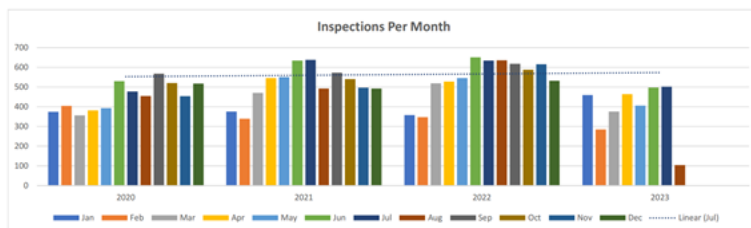

**EC STATS:** The City holds weekly meetings with departments to talk about their data, their goals, and any challenges they may be facing. Read on below for some data from the meetings we held this week.

**Transit:** Transit EauStat met last week, and here's what we discussed. In our Transit Division, so far for 2023, we are seeing an increase in ridership as compared to 2022. At this same time last year, there had been 256,688 riders. In 2023, there have been 392,336 riders, which is an increase by 52.8 percent. While numbers have been trending upward since the pandemic, ridership has been significantly lower than pre-pandemic ridership. Fare revenue for 2023 appears to be on track to be similar to fare revenue collected in 2022. The Transit team has been hard at work on several projects, including the Community Pass Pilot, which is a project aimed at exploring creative transit projects to increase access and make transit more equitable. Other projects include working on bus tracking, arranging for demand response services, and exploring marketing opportunities.

**Inspections:** Inspections EauStat also met last week. We have seen record construction years in recent years, and this year is on pace with only a slight decrease. The same hot market that has driven up our inspections numbers has also impacted our ability to staff our Inspections Division positions. In particular, the City has faced a significant challenge in hiring a Plumbing Inspector, due to the competition from the private sector, where master plumbers can earn in excess of \$100K per year. We continue to seek solutions to this gap. (If you know a plumber, please share this link with them and encourage them to apply: [Job Openings | Sorted by Posting Date descending | JOB OPENINGS \(governmentjobs.com\)](#)) Our Inspections staff are working extremely hard to keep up with the incredible pace of permits pulled, and we appreciate how they have weathered these unbelievably busy years!

**EMPLOYEE SPOTLIGHT:** We have the best employees! Get to know one of them this week. (And [submit your suggestion for an employee to spotlight here...](#))

Today we highlight **Tess Morgan**. A co-worker said this about Tess: “Tess is a huge part of communication successes for the community. She is dedicated to helping make sure news from the City is communicated through multiple channels. More importantly, she recognizes the need to help some of our community partners get out the message of needs, often resulting in the news further carrying the stories. Tess is also a joy to work with, and she has a great sense of humor and an amazing knowledge of the City's past endeavors. She also makes a mighty fine pizza!”

Here's some more information about Tess:

- Your Position: “For a bit over five years, I've been the Media & Communications Specialist for the City. I send out meeting notices and news releases, handle our social media accounts and the website, monitor news/social media, etc., develop messaging for us, and design the images seen on the big monitors in City Hall, plus a few other things.”
- Something People May Not Know: “In the last 10 years or so, I've learned to downhill ski, snorkeled, become certified to captain a sailboat, won first place in a dance competition, left my life-long career to start working with the City, and got married last year. It's NEVER too late to try new things and begin new chapters of your life – ‘comparison is the thief of joy’, so don't limit yourself just because others have done things sooner in life.” (Theodore Roosevelt quote)
- Favorite Activity: “Bicycling Wisconsin's amazing rails-to-trails system (especially in spring and fall) and cooking for people.”
- Best Thing about Working for City: “We have a really great quality of life in Eau Claire, and it's an honor to work with the amazing people who make that happen – it's truly mind blowing HOW MUCH gets done with the number of employees we have. I also appreciate the opportunities for growth and career development.”
- Life Philosophy: “There isn't a single phrase that really sums it all up, but I think it's important to act with integrity and honesty, follow the Golden Rule, and always just do the best you can -- some days that ends up being more than other days, and that's okay ;)”
- Anything else? “To borrow a quote – ‘There is more that unites us than divides us.’ We are not as divided as the extreme headlines on some news outlets and Facebook memes may lead you to believe, so please don't give them too much attention.”

**SHOUT OUTS:** Here's some reports of employees who went above and beyond.

**911 Caller:** On August 22nd, a community member made a frantic 911 call believing she had an intruder in her home. She advised that when she attempted to use her attic access door, someone pushed back down on the door from above which then struck her in the head. She fled the house immediately. Based on the call nature, several officers rushed to the scene to assist. What unfolded during the incident is best described in the homeowner's letter which was showcased in the Leader Telegram's Voice of the People on September 15th.

"On Aug. 22, I experienced the biggest fear of my life. I was home alone and believed I had an intruder who was trying to hurt me.

I vacated my house and called 911.

Everyone from the 911 operator to the officers who came to clear my home treated me in an exemplary manner. The kindness, compassion and thoroughness with which I was listened to, and then when my home was searched, matched and indeed surpassed all my expectations.

I was never made to feel as though I was a woman home alone with her husband out of town who was imagining things. In fact, when I was feeling silly about calling the police, I was reassured that they would rather check out something that ended up being nothing than have me *not* call and it be something that was indeed a threat. The officers discovered that my attic trap door counterweight system had failed and crashed down on me, not that anyone was up there trying to hurt me.

Thank you from the bottom of my heart for the way I was treated. I felt protected, valued and safe. I am proud to live in a city that has such an excellent police department watching over and protecting me.”

The Eau Claire Police Department takes pride in serving the community with care and compassion. We thank the personnel involved for demonstrating our values, including Telecommunicators Melissa Stone and Brittany Bowe, Officers Derek Jack, Austin Summers, Rogelio Gonzales, and Brian Leach, and Sergeant Olivia Erl.

**Spirit Award:** Attached is a picture of Human Resources Director Colleen Schian and retired Deputy Fire Chief Al Bertrang receiving awards last week at the Peer Support Conference. In the photo, Colleen’s award says “Spirit Award 2023” and Al’s says “Meritorious Service Award 2023.” Both awards were given in recognition of Colleen and Al’s contributions to the Peer Support team and related endeavors. The Peer Support team is a program in which Police and Fire staff work with co-workers to ensure they are able to process and bear the trauma and stress that come with being a first responder.

## **CITY COUNCIL CALENDAR**

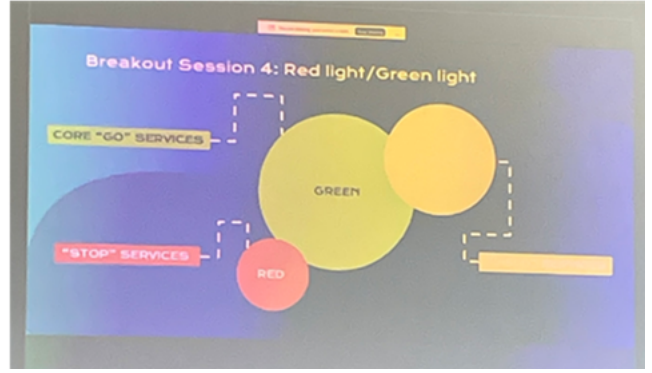

- Monday, September 25th: Council Public Hearing/Discussion Night
- Tuesday, September 26th: Council Meeting
  - Work Session: Boards Committees, Commissions and outreach strategies
- *September 29th – City Council receives 2024 Proposed Operating Budget*
- Monday, October 9th: Council Public Hearing/Discussion Night
  - Public Hearing #1 on 2024 Proposed Operating Budget and State of the City
- Tuesday, October 10th: Council Meeting
  - City Council Operating Budget Work Session #3 (Department Directors)
- Monday, October 23rd: Council Public Hearing/Discussion Night
- Tuesday, October 24th: Council Meeting
  - Housing Study Presentation (tentative)
  - City Council Operating Budget Work Session #4 – Amendment Discussion
- *November 3rd – City Council Budget Amendments Due*
- Monday, November 6th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion
- Monday, November 13th: Council Public Hearing/Discussion Night
  - Public Hearing #2 on 2024 Proposed Operating Budget
- Tuesday, November 14th: Council Meeting
  - City Council action on 2024 Proposed Operating Budget and levy
- Monday, December 18th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion

## **Additional Dates:**

- Thursday, September 28th: First BIPOC Committee Meeting
- Friday, September 29th: Eggs and Issues Legislative Breakfast
- Tuesday, October 3rd: Voices of the Valley
- Wednesday – Friday, October 18th -20th: League Conference

## **PHOTOS FROM AROUND TOWN**

**Library Strategic Planning:** Pictured here are some images from the Library's Strategic Planning process. Staff were reviewing constituent feedback and working to prioritize the different services and programming the Library provides. The City as a whole is hoping to replicate this process for all its divisions and departments.

**Subject:** Update from the Manager's Office - Week of 9/25/2023

Hello City Staff – We in the City Manager’s Office, with help from the IT Department, are working on reformatting the weekly newsletter... The goal is to send one newsletter that works for the City Council, City staff, and members of the public who are interested. (Additional notices outside of the weekly newsletter will also get sent for employee-specific news.) Also, we hope to make it possible for you to sign up to receive the updates on your personal email account, which may help those people who are part of teams that don’t regularly access City email. Below is how we are picturing it’ll look on a weekly basis. Stay tuned, and please feel free to share feedback on this new, proposed format! (You may get a duplicate of this email once we set up the new system, FYI...)

-

**CITY UPDATES:** Here's some news from around the city.

- **Cannery District Construction:** Our Parks Manager, Steve Plaza, shared this update on what's happening with the construction of Cannery Park, which is in the "Cannery" neighborhood, close to the Children's Theater, High Bridge, and the Brewing Project: "Cannery Park has been seeing a transformation this past month. Contractors have been grading the sledding hill, playground area, open spaces, and skatepark. The restroom has been framed and its inside painted, and it's now visible if you take a tour in that area. The ADA walkway next to the Madison Street Bridge has been staked, as has the walkway and canoe slide to a scenic viewpoint. Footing is being prepared to be poured for concrete for the stairs and the sign. The completion of the park is scheduled for early summer 2024. Market & Johnson is the General Contractor for the project, and Cory Tietz is the City's Project Manager for the park construction."

- **One Book, One Community 2023:** The L.E. Phillips Memorial Public Library is launching its community read for 2023. They write: "This highly-anticipated, annual program encourages residents to unite around a single book that delves into critical social and environmental issues affecting the region. The chosen title for this year is New York Times bestseller Nature's Best Hope: A New Approach to Conservation That Starts in Your Yard, by Douglas Tallamy. The book is a compelling exploration of biodiversity loss and the role each of us can play in preserving our natural world. The main event will be an Author Talk with Douglas Tallamy at the Chippewa Valley Book Festival on Saturday, October 14th at 9:30AM in the Riverview Room. Registration and additional events can be found here:

[www.ecpubliclibrary.info/onebook](http://www.ecpubliclibrary.info/onebook)

- **Resettlement Agency Coming to Eau Claire:** The City of Eau Claire has recently worked with partners, including resident volunteer groups, the CVTC, the Department of Human Services, and the Health Department, to explore opening an Eau Claire branch of an agency called World Relief. The organization is currently securing office space

and hiring staff. They expect to be all situated by this fall, and they will begin to welcome refugees for settlement in Eau Claire in 2024. They write that: “The total number of refugees we have been approved to welcome to the Chippewa Valley for FY2024 is 75 people.” New residents of Eau Claire will help fill gaps in our very tight labor market and will bring a richness of perspectives and contributions to our community.

-

**QUESTION AND ANSWERS:** Here are some questions that have come through the City Manager’s Office this week. *Have a question you’d like answered? [Submit it here.](#)*

### **TDS Installation Impact**

Question: “How is TDS repairing areas of grass or landscaping that have been damaged due to the installation of fiber?”

Answer from City Staff: City Engineer Dave Solberg shared: “We have worked with TDS to ensure that they complete restoration within the existing permitted areas and provide us with a timeline for restoration. We have been tracking locations based on e-mails and calls and relaying those restoration locations to TDS/Tilson daily. Last week, we started inspection of the restoration complaint locations, and that will continue through this process. TDS/Tilson is on track to have their restoration brought into compliance by the beginning of October. We’ve seen great improvement with the new restoration sub-contractor and their work towards meeting the restoration requirements over the past two weeks.”

### **EV Charging on Forest Street**

Question: “I was wondering what the timeline is for the EV charging at Forest Street. I have seen it used by vehicles, but I have noticed that the site is not completed, and the canopy structure by Solar Forma is not yet installed.”

Answer from City Staff: Planning Manger Ned Noel said: “EV charging has been going on over a year there, but the Solar Forma Design has had some business issues and delays. They have proposed to complete the project by end of October.”

### **Trail from Mayo**

Question: “Any updates on the Half Moon Lake Trail construction from Folsom Street south to West Madison Street?”

Answer from City Staff: City Engineer Dave Solberg said: “We ran into a problem in the right of way that the City purchased 30+ years ago...but we have worked through it. Unfortunately, WisDOT’s budget is tight, and if we don’t get the contract awarded by late October, construction may not start until 2026... so we’re really pushing to get it bid ASAP!”

## Jeffers Road Trail

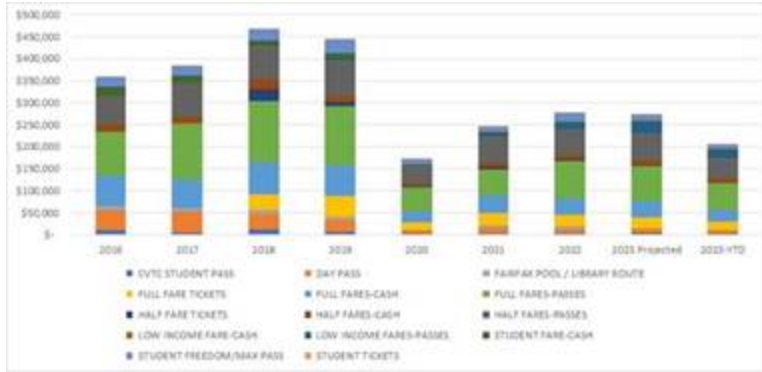

Question: “I noticed utility poles in the middle of the trail on the southern end of the Jeffers Road reconstruction, looking south toward the North Crossing. Will these be moved?”

Answer from City Staff: City Engineer Dave Solberg said: “Xcel Energy wasn’t able to move the poles this year, so we made sure we had four-foot clearance around them and paved the trail. Next year, Xcel Energy will saw a square of the trail out, move the poles, and repave the concrete square they removed.”

**EC STATS:** The City holds weekly meetings with departments to talk about their data, their goals, and any challenges they may be facing. Read on below for some data from the meetings we held this week.

**Transit:** Transit EauStat met last week, and here’s what we discussed. In our Transit Division, so far for 2023, we are seeing an increase in ridership as compared to 2022. At this same time last year, there had been 256,688 riders. In 2023, there have been 392,336 riders, which is an increase by 52.8 percent. While numbers have been trending upward since the pandemic, ridership has been significantly lower than pre-pandemic ridership. Fare revenue for 2023 appears to be on track to be similar to fare revenue collected in 2022. The Transit team has been hard at work on several projects, including the Community Pass Pilot, which is a project aimed at exploring creative transit projects to increase access and make transit more equitable. Other projects include working on bus tracking, arranging for demand response services, and exploring marketing opportunities.

**Inspections:** Inspections EauStat also met last week. We have seen record construction years in recent years, and this year is on pace with only a slight decrease. The same hot market that has driven up our inspections numbers has also impacted our ability to staff our Inspections Division positions. In particular, the City has faced a significant challenge in hiring a Plumbing Inspector, due to the competition from the private sector, where master plumbers can earn in excess of \$100K per year. We continue to seek solutions to this gap. (If you know a plumber, please share this link with them and encourage them to apply: [Job Openings | Sorted by Posting Date descending | JOB OPENINGS \(governmentjobs.com\)](#)) Our Inspections staff are working extremely hard to keep up with the incredible pace of permits pulled, and we appreciate how they have weathered these unbelievably busy years!

**EMPLOYEE SPOTLIGHT:** We have the best employees! Get to know one of them this week. (And [submit your suggestion for an employee to spotlight here...](#))

Today we highlight **Tess Morgan**. A co-worker said this about Tess: “Tess is a huge part of communication successes for the community. She is dedicated to helping make sure news from the City is communicated through multiple channels. More importantly, she recognizes the need to help some of our community partners get out the message of needs, often resulting in the news further carrying the stories. Tess is also a joy to work with, and she has a great sense of humor and an amazing knowledge of the City’s past endeavors. She also makes a mighty fine pizza!”

Here’s some more information about Tess:

- **Your Position:** “For a bit over five years, I’ve been the Media & Communications Specialist for the City. I send out meeting notices and news releases, handle our

social media accounts and the website, monitor news/social media, etc., develop messaging for us, and design the images seen on the big monitors in City Hall, plus a few other things.”

- Something People May Not Know: “In the last 10 years or so, I’ve learned to downhill ski, snorkeled, become certified to captain a sailboat, won first place in a dance competition, left my life-long career to start working with the City, and got married last year. It’s NEVER too late to try new things and begin new chapters of your life – ‘comparison is the thief of joy’, so don’t limit yourself just because others have done things sooner in life.” (Theodore Roosevelt quote)
- Favorite Activity: “Bicycling Wisconsin’s amazing rails-to-trails system (especially in spring and fall) and cooking for people.”
- Best Thing about Working for City: “We have a really great quality of life in Eau Claire, and it’s an honor to work with the amazing people who make that happen – it’s truly mind blowing HOW MUCH gets done with the number of employees we have. I also appreciate the opportunities for growth and career development.”
- Life Philosophy: “There isn’t a single phrase that really sums it all up, but I think it’s important to act with integrity and honesty, follow the Golden Rule, and always just do the best you can -- some days that ends up being more than other days, and that’s okay ;)”
- Anything else? “To borrow a quote – ‘There is more that unites us than divides us.’ We are not as divided as the extreme headlines on some news outlets and Facebook memes may lead you to believe, so please don’t give them too much attention.”

**SHOUT OUTS:** Here’s some reports of employees who went above and beyond.

**911 Caller:** On August 22nd, a community member made a frantic 911 call believing she had an intruder in her home. She advised that when she attempted to use her attic access door, someone pushed back down on the door from above which then struck

her in the head. She fled the house immediately. Based on the call nature, several officers rushed to the scene to assist. What unfolded during the incident is best described in the homeowner's letter which was showcased in the Leader Telegram's Voice of the People on September 15th.

"On Aug. 22, I experienced the biggest fear of my life. I was home alone and believed I had an intruder who was trying to hurt me.

I vacated my house and called 911.

Everyone from the 911 operator to the officers who came to clear my home treated me in an exemplary manner. The kindness, compassion and thoroughness with which I was listened to, and then when my home was searched, matched and indeed surpassed all my expectations.

I was never made to feel as though I was a woman home alone with her husband out of town who was imagining things. In fact, when I was feeling silly about calling the police, I was reassured that they would rather check out something that ended up being nothing than have me *not* call and it be something that was indeed a threat. The officers discovered that my attic trap door counterweight system had failed and crashed down on me, not that anyone was up there trying to hurt me.

Thank you from the bottom of my heart for the way I was treated. I felt protected, valued and safe. I am proud to live in a city that has such an excellent police department watching over and protecting me."

The Eau Claire Police Department takes pride in serving the community with care and compassion. We thank the personnel involved for demonstrating our values, including Telecommunicators Melissa Stone and Brittany Bowe, Officers Derek Jack, Austin Summers, Rogelio Gonzales, and Brian Leach, and Sergeant Olivia Erl.

**Spirit Award:** Attached is a picture of Human Resources Director Colleen Schian and retired Deputy Fire Chief Al Bertrang receiving awards last week at the Peer Support Conference. In the photo, Colleen's award says "Spirit Award 2023" and Al's says "Meritorious Service Award 2023." Both awards were given in recognition of Colleen and Al's contributions to the Peer Support team and related endeavors. The Peer Support team is a program in which Police and Fire staff work with co-workers to ensure they are able to process and bear the trauma and stress that come with being a first responder.

## **CITY COUNCIL CALENDAR**

- Monday, September 25th: Council Public Hearing/Discussion Night
- Tuesday, September 26th: Council Meeting
  - Work Session: Boards Committees, Commissions and outreach strategies
- *September 29th – City Council receives 2024 Proposed Operating Budget*

**Subject:** [EXTERNAL] Upcoming World Relief events

Hello Anoosheh,

We are making progress with regard to establishing the World Relief Wisconsin Chippewa Valley office and continue to project our first refugees will arrive by the end of November.

We are planning on hosting two meetings; a community partner meeting on Wednesday, October 18 which you and several others from the city will receive invitations too, as well as a Community Gathering for the Chippewa Valley Community at large the evening of October 23. Following is a link to that event and I am hoping you might be willing to send it to your networks and/or make any recommendations regarding other groups we should send it to?

We are so encouraged by the willingness of the Chippewa Valley community to embrace refugee newcomers and look forward to continuing to build friendships and partnerships around welcoming our new neighbors.

Thanks for your help and will hope to see you the 18<sup>th</sup> and perhaps the 23<sup>rd</sup>!

Tami

## **City Manager's Weekly Update 9/29/23: Cannery Park, TDS, Trails, and Transit**

**Post Date:** 09/29/2023 1:18 PM

Hello City of Eau Claire residents, staff, and Council Members,  
I'm writing to share news from the City of Eau Claire. We are using a new format to send news out. [Prior updates can be found here](#). Take a look at our weekly newsletter to stay on top of what we are working on. Pass it along to friends who can [sign up for different City updates here](#). We welcome you at Council Meetings, Neighborhood Association Meetings, Library Events, and anywhere else that City work takes place. Bear with us as we work out any kinks of this new approach! Also, feel free to [send me feedback](#).

**CITY UPDATES:** Here's some news from around the city.

**Cannery District Construction:** Our Parks Manager, Steve Plaza, shared this update on what's happening with the construction of Cannery Park, which is in the "Cannery" neighborhood, close to the Children's Theater, High Bridge, and the Brewing Projekt: "Cannery Park has been seeing a transformation this past month. Contractors have been grading the sledding hill, playground area, open spaces, and skatepark. The restroom has been framed and its inside painted, and it is now visible if you take a tour in that area. The ADA walkway next to the Madison Street Bridge has been staked, as has the walkway and canoe slide to a scenic viewpoint. Footing is being prepared so that concrete can be poured for the stairs and the sign. The completion of the park is scheduled for early summer 2024. Market and Johnson is the General Contractor for the project, and Cory Tietz is the City's Project Manager for the park construction."

**One Book, One Community 2023:** The L.E. Phillips Memorial Public Library is launching its community reads for 2023. They write: "This highly-anticipated, annual program encourages residents to unite around a single book that delves into critical social and environmental issues affecting the region. The chosen title for this year is New York Times bestseller 'Nature's Best Hope: A New Approach to Conservation That Starts in Your Yard', by Douglas Tallamy. The book is a compelling exploration of biodiversity loss and the role each of us can play in preserving our natural world. The main event will be an Author Talk with Douglas Tallamy at the Chippewa Valley Book Festival on Saturday, October 14th at 9:30AM in the Riverview Room. Registration and additional events can be found here: [www.ecpubliclibrary.info/onebook](http://www.ecpubliclibrary.info/onebook)

**Resettlement Agency Coming to Eau Claire:** The City of Eau Claire has recently worked with partners, including resident volunteer groups, the CVTC,

the Department of Human Services, and the Health Department, to assist an organization called World Relief as they explore opening a branch of their agency in Eau Claire. The organization, which draws on its own funding sources, is currently securing office space and hiring staff. They expect to be all situated by this fall, and they will begin to welcome refugees for settlement in Eau Claire in 2024. They write that: “The total number of refugees we have been approved to welcome to the Chippewa Valley for FY2024 is 75 people.” New residents of Eau Claire will help fill gaps in our very tight labor market and will bring a richness of perspectives and contributions to our community.

**QUESTION AND ANSWERS:** Here are some questions that have come through the City Manager’s Office this week. *Have a question you’d like answered? [Submit it here.](#)*

**TDS Installation Impact**

Question: “How is TDS repairing areas of grass or landscaping that have been damaged due to the installation of fiber?”

Answer from City Staff: City Engineer Dave Solberg shared: “Our discussions with TDS have resulted in them carrying out restoration within the existing permitted areas according to set timelines. We have been tracking locations based on e-mails and calls and relaying those restoration locations to TDS/Tilson daily. Last week, we started inspection of the restoration complaint locations, and that will continue through this process. TDS/Tilson is on track to have their restoration brought into compliance by the beginning of October. We’ve seen great improvement with the new restoration sub-contractor and their work towards meeting the restoration requirements over the past two weeks.”

**EV Charging on Forest Street**

Question: “I was wondering what the timeline is for the EV charging at Forest Street. I have seen it used by vehicles, but I have noticed that the site is not completed, and the canopy structure by Solar Forma is not yet installed.”

Answer from City Staff: Planning Manager Ned Noel said: “EV charging has been going on over a year there but the Solar Forma Design has had some business issues and delays. They have proposed to complete the project by end of October.”

**Trail from Mayo**

Question: “Any updates on the Half Moon Lake Trail construction from Folsom Street south to West Madison Street?”

Answer from City Staff: City Engineer Dave Solberg said: “We ran into a problem in the right-of-way that the City purchased 30+ years ago...but we have worked through it. Unfortunately, WisDOT’s budget is tight, and if we don’t get the contract awarded by late October, construction may not start until 2026... so we’re really pushing to get it bid ASAP!”

**Jeffers Road Trail**

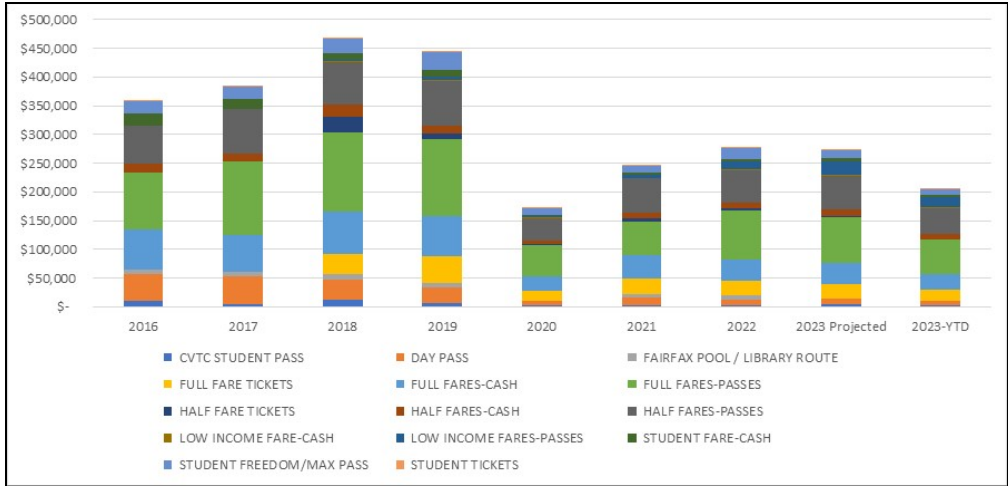

Question: “I noticed utility poles in the middle of the trail on the southern end of the Jeffers Road reconstruction, looking south toward the North Crossing. Will these be moved?”

Answer from City Staff: City Engineer Dave Solberg said: “Xcel Energy wasn’t able to move the poles this year, so we made sure we had four-foot clearance around them and paved the trail. Next year, Xcel Energy will saw a square of the trail out, move the poles, and repave the areas that have been removed.”

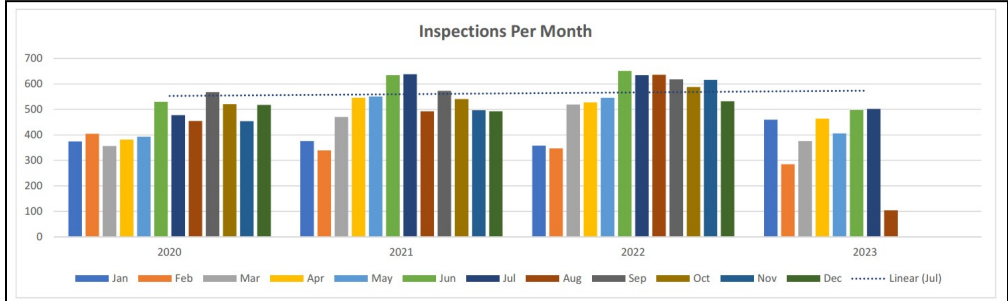

**EAUSTAT NEWS:** The City holds weekly meetings with departments to talk about their data, their goals, and any challenges they may be facing. This program is called "EauStat". Read on below for some data from the meetings we held this week.

**Transit:** Transit EauStat met last week, and here’s what we discussed. In our Transit Division, so far for 2023, we are seeing an increase in ridership as compared to 2022. At this same time last year, there had been 256,688 riders. In 2023, there have been 392,336 riders, which is an increase by 52.8 percent. While numbers have been trending upward since the pandemic, ridership has been significantly lower than pre-pandemic ridership. Fare revenue in 2023 is on track to match 2022's fare revenue. The Transit team has been hard at work on several projects, including the Community Pass Pilot, which is a project aimed at exploring creative transit projects to increase access and make transit more equitable. Other projects include working on bus tracking, arranging for demand response services, and exploring marketing opportunities.

**Inspections:** Inspections EauStat also met last week. We have seen record construction years in recent years, and this year is on pace with only a slight decrease. The same hot market that has driven up our inspections numbers has also impacted our ability to staff our Inspections Division positions. In particular, the City has faced a significant challenge in hiring a Plumbing Inspector, due to the competition from the private sector, where master plumbers can earn in excess of \$100K per year. We continue to seek solutions to this gap. (If you know a plumber, please share this link with them and encourage them to apply: [Job Openings | Sorted by Posting Date descending | JOB OPENINGS \(governmentjobs.com\)](#)) Our Inspections staff are working extremely hard to keep up with the incredible pace of permits pulled, and we appreciate how they have weathered these busy years!

**EMPLOYEE SPOTLIGHT:** We have the best employees! Get to know one of them this week. (And [submit your suggestion for an employee to spotlight here...](#))

Today we highlight **Tess Morgan**. A co-worker said this about Tess: “Tess is a huge part of communication successes for the community. She is dedicated to helping make sure news from the City is communicated through multiple channels. More importantly, she recognizes the need to help some of our community partners get out the message of needs, often resulting in the news further carrying the stories. Tess is also a joy to work with, and she has a great sense of humor and an amazing knowledge of the City's past endeavors. She also makes a mighty fine pizza!”

Here's some more information about Tess:

- Your Position: “For a bit over five years, I’ve been the Media & Communications Specialist for the City. I send out meeting notices and news releases, handle our social media accounts and the website, monitor news/social media, etc., develop messaging for us, and design the images seen on the big monitors in City Hall, plus a few other things.”
- Something People May Not Know: “In the last 10 years or so, I’ve learned to downhill ski, snorkeled, become certified to captain a sailboat, won first place in a dance competition, left my life-long career to start working with the City, and got married last year. It’s NEVER too late to try new things and begin new chapters of your life – ‘comparison is the thief of joy’, so don’t limit yourself just because others have done things sooner in life.” (Theodore Roosevelt quote)
- Favorite Activity: “Bicycling Wisconsin’s amazing rails-to-trails system (especially in spring and fall) and cooking for people.”
- Best Thing about Working for City: “We have a really great quality of life in Eau Claire, and it’s an honor to work with the amazing people who make that happen – it’s truly mind blowing HOW MUCH gets done with the number of employees we have. I also appreciate the opportunities for growth and career development.”
- Life Philosophy: “There isn’t a single phrase that really sums it all up, but I think it’s important to act with integrity and honesty, follow the Golden Rule, and always just do the best you can - some days that ends up being more than other days, and that’s okay ;)”
- Anything else? “To borrow a quote – ‘There is more that unites us than divides us.’ We are not as divided as the extreme headlines on some news outlets and Facebook memes may lead you to believe, so please don’t give them too much attention.”

**SHOUT OUTS:** Here's some reports of employees who went above and beyond.

**Spirit Award:** Attached is a picture of Human Resources Director Colleen Schian and retired Deputy Fire Chief Al Bertrang receiving awards last week at the Peer Support Conference. In the photo, Colleen's award says "Spirit Award 2023" and Al's says "Meritorious Service Award 2023." Both awards were given in recognition of Colleen and Al's contributions to the Peer Support team and related endeavors. The Peer Support team is a program in which Police and Fire staff work with co-workers to ensure they are able to handle the trauma and stress that come with being a first responder.

**911 Caller:** On August 22nd, a community member made a frantic 911 call believing she had an intruder in her home. She advised that when she attempted to use her attic access door, someone pushed back down on the door from above which then struck her in the head. She fled the house immediately. Based on the call nature, several officers rushed to the scene to assist. What unfolded during the incident is best described in the homeowner's letter which was showcased in the Leader Telegram's Voice of the People on September 15th.

*"On Aug. 22, I experienced the biggest fear of my life. I was home alone and believed I had an intruder who was trying to hurt me. I vacated my house and called 911.*

*Everyone from the 911 operator to the officers who came to clear my home treated me in an exemplary manner. The kindness, compassion and thoroughness with which I was listened to, and then when my home was searched, matched and indeed surpassed all my expectations.*

*I was never made to feel as though I was a woman home alone with her husband out of town who was imagining things. In fact, when I was feeling silly about calling the police, I was reassured that they would rather check out something that ended up being nothing than have me not call and it be something that was indeed a threat. The officers discovered that my attic trap door counterweight system had failed and crashed down on me, not that anyone was up there trying to hurt me.*

*Thank you from the bottom of my heart for the way I was treated. I felt protected, valued and safe. I am proud to live in a city that has such an excellent police department watching over and protecting me."*

The Eau Claire Police Department takes pride in serving the community with care and compassion. We thank the personnel involved for demonstrating our

values, including Telecommunicators Melissa Stone and Brittany Bowe, Officers Derek Jack, Austin Summers, Rogelio Gonzales, and Brian Leach, and Sergeant Olivia Erl.

### **PHOTOS FROM AROUND TOWN**

**Library Strategic Planning:** Pictured here are some images from the Library's Strategic Planning process. Staff were reviewing constituent feedback and working to prioritize the different services and programming the Library provides. The City as a whole is hoping to replicate this process for all its divisions and departments.

### **COUNCIL CALENDAR**

- *September 29th – City Council receives 2024 Proposed Operating Budget*
- Monday, October 9th: Council Public Hearing/Discussion Night (Public Hearing #1 on 2024 Proposed Operating Budget and State of the City)

Here's some more information about Tess:

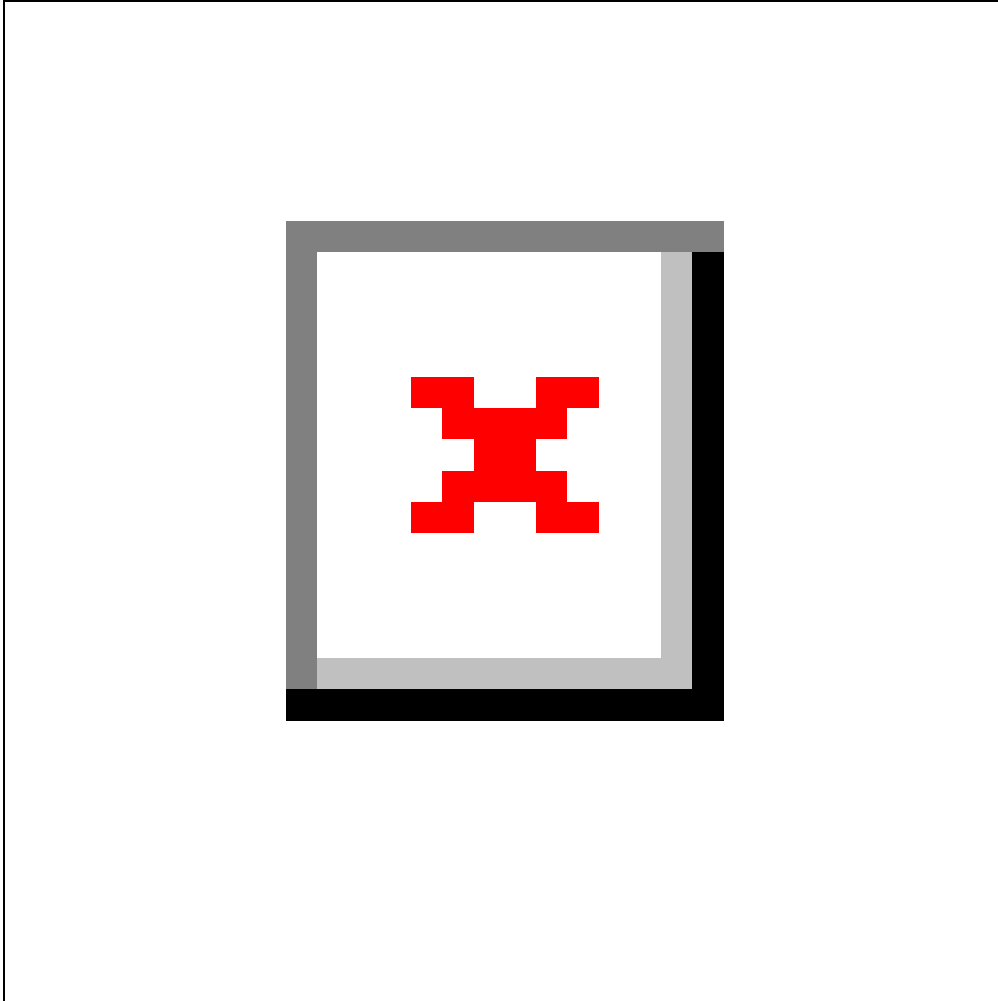

- Your Position: "For a bit over five years, I've been the Media & Communications Specialist for the City. I send out meeting notices and news releases, handle our social media accounts and the website, monitor news/social media, etc., develop messaging for us, and design the images seen on the big monitors in City Hall, plus a few other things."
- Something People May Not Know: "In the last 10 years or so, I've learned to downhill ski, snorkeled, become certified to captain a sailboat, won first place in a dance competition, left my life-long career to start working with the City, and got married last year. It's NEVER too late to try new things and begin new chapters of your life – 'comparison is the thief of joy', so don't limit yourself just because others have done things sooner in life." (Theodore Roosevelt quote)
- Favorite Activity: "Bicycling Wisconsin's amazing rails-to-trails system (especially in spring and fall) and cooking for people."
- Best Thing about Working for City: "We have a really great quality of life in Eau Claire, and it's an honor to work with the amazing people who make that happen – it's truly mind blowing HOW MUCH gets done with the number of employees we have. I also appreciate the opportunities for growth and career development."
- Life Philosophy: "There isn't a single phrase that really sums it all up, but I think it's important to act with integrity and honesty, follow the Golden Rule, and always just do the best you can - some days that ends up being more than other days, and that's okay ;)"
- Anything else? "To borrow a quote – 'There is more that unites us than divides us.' We are not as divided as the extreme headlines on some news outlets and Facebook memes may lead you to believe, so please don't give them too much attention."

**SHOUT OUTS:** Here's some reports of employees who went above and beyond.

**Spirit Award:** Attached is a picture of Human Resources Director Colleen Schian and retired Deputy Fire Chief Al Bertrang receiving awards last week at the Peer Support Conference. In the photo, Colleen's award says "Spirit Award 2023" and Al's says "Meritorious Service Award 2023." Both awards were given in recognition of Colleen and Al's contributions to the Peer Support team and related endeavors. The Peer Support team is a program in which Police and Fire staff work with co-workers to ensure they are able to handle the trauma and stress that come with being a first responder.

**911 Caller:** On August 22nd, a community member made a frantic 911 call believing she had an intruder in her home. She advised that when she attempted to use her attic access door, someone pushed back down on the door from above which then struck her in the head. She fled the house immediately. Based on the call nature, several officers rushed to the scene to assist. What unfolded during the incident is best described in the homeowner's letter which was showcased in the Leader Telegram's Voice of the People on September 15th.

*"On Aug. 22, I experienced the biggest fear of my life. I was home alone and believed I had an intruder who was trying to hurt me.*

*I vacated my house and called 911.*

*Everyone from the 911 operator to the officers who came to clear my home treated me in an exemplary manner. The kindness, compassion and thoroughness with which I was listened to, and then when my home was searched, matched and indeed surpassed all my expectations.*

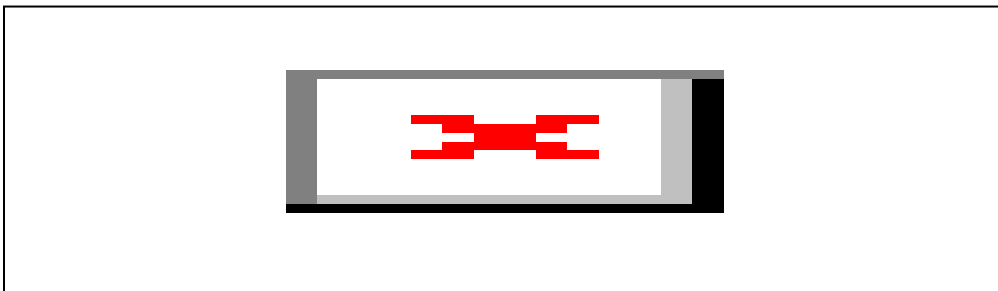

*I was never made to feel as though I was a woman home alone with her husband out of town who was imagining things. In fact, when I was feeling silly about calling the police, I was reassured that they would rather check out something that ended up being nothing than have me not call and it be something that was indeed a threat. The officers discovered that my attic trap door counterweight system had failed and crashed down on me, not that anyone was up there trying to hurt me.*

*Thank you from the bottom of my heart for the way I was treated. I felt protected, valued and safe. I am proud to live in a city that has such an excellent police department watching over and protecting me.”*

The Eau Claire Police Department takes pride in serving the community with care and compassion. We thank the personnel involved for demonstrating our values, including Telecommunicators Melissa Stone and Brittany Bowe, Officers Derek Jack, Austin Summers, Rogelio Gonzales, and Brian Leach, and Sergeant Olivia Erl.

## **PHOTOS FROM AROUND TOWN**

**Library Strategic Planning:** Pictured here are some images from the Library’s Strategic Planning process. Staff were reviewing constituent feedback and working to prioritize the different services and programming the Library provides. The City as a whole is hoping to replicate this process for all its divisions and departments.

## **COUNCIL CALENDAR**

- *September 29th – City Council receives 2024 Proposed Operating Budget*
- Monday, October 9th: Council Public Hearing/Discussion Night (Public Hearing #1 on 2024 Proposed Operating Budget and State of the City)
- Tuesday, October 10th: Council Meeting (City Council Operating Budget Work Session #3)

- Monday, October 23rd: Council Public Hearing/Discussion Night
- Tuesday, October 24th: Council Meeting (City Council Operating Budget Work Session #4 – Amendment Discussion)
- *November 3rd – City Council Budget Amendments Due*
- Monday, November 6th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion
- Monday, November 13th: Council Public Hearing/Discussion Night (Public Hearing #2 on 2024 Proposed Operating Budget)
- Tuesday, November 14th: Council Meeting (City Council action on 2024 Proposed Operating Budget and levy)
- Monday, December 18th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion

Subject: Fw: City Manager's Weekly Update 9/29/23: Cannery Park, TDS, Trails, and Transit

Dear Friends, This weekly update on community items is new from the City Manager's office. Maybe you would like to encourage persons in the neighborhood to subscribe (How-to info is in the update) or have your media persons post to your facebook. You probably have an even better idea!

If you like it or not, let the city manager's office know your thoughts. Thanks for your work in building our community,

Jill Christopherson

District 4, Eau Claire Westside

## **City Manager's Weekly Update 9/29/23: Cannery Park, TDS, Trails, and Transit**

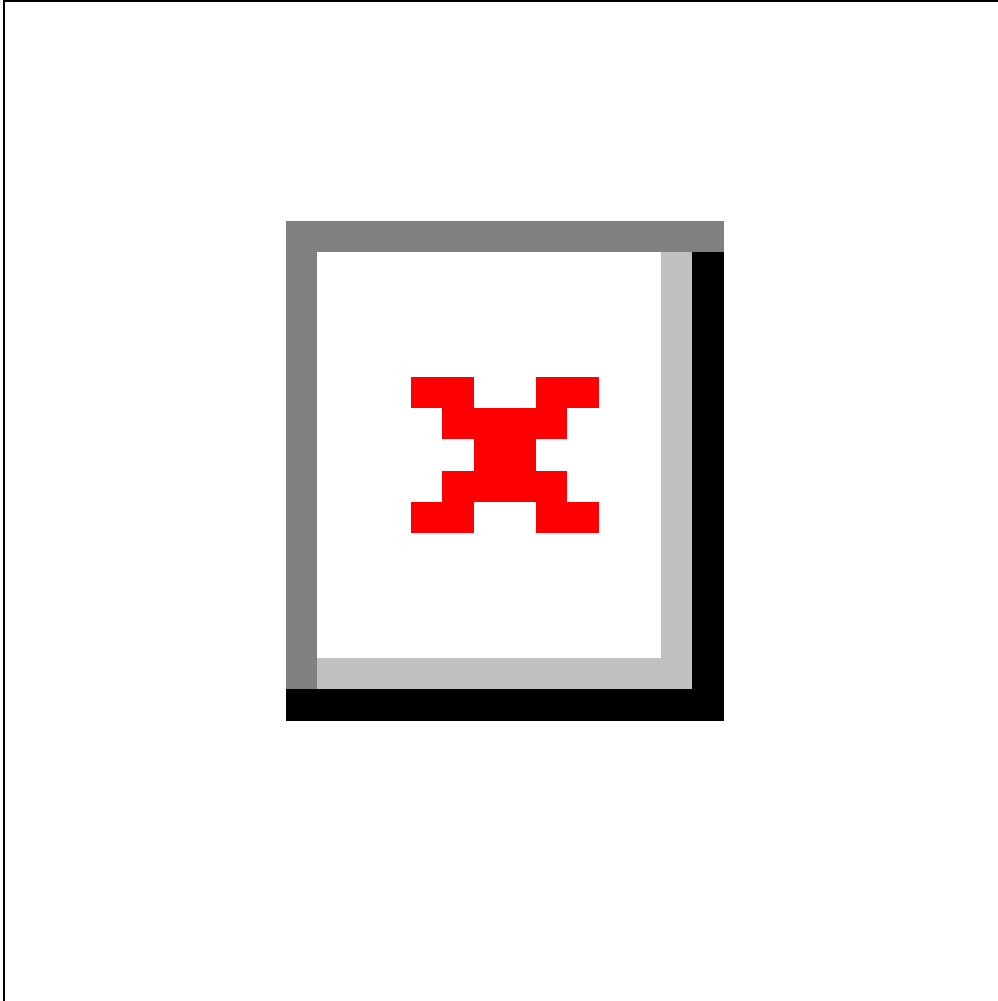

**Post Date:** 09/29/2023 1:18 PM

Hello City of Eau Claire residents, staff, and Council Members,

I'm writing to share news from the City of Eau Claire. We are using a new format to send news out. [Prior updates can be found here](#). Take a look at our weekly newsletter to stay on top of what we are working on. Pass it along to friends who can [sign up for different City updates here](#). We welcome you at Council Meetings, Neighborhood Association Meetings, Library Events, and anywhere else that City work takes place. Bear with us as we work out any kinks of this new approach! Also, feel free to [send me feedback](#).

**CITY UPDATES:** Here's some news from around the city.

**Cannery District Construction:** Our Parks Manager, Steve Plaza, shared this update on what's happening with the construction of Cannery Park, which is in the "Cannery" neighborhood, close to the Children's Theater, High Bridge, and the Brewing Projekt: "Cannery Park has been seeing a transformation this past month. Contractors have been grading the sledding hill, playground area, open spaces, and skatepark. The restroom has been framed and its inside painted, and it is now visible if you take a tour in that area. The ADA walkway next to the Madison Street Bridge has been staked, as has the walkway and canoe slide to a scenic viewpoint. Footing is being prepared so that concrete can be poured for the stairs and the sign. The completion of the park is scheduled for early summer 2024. Market and Johnson is the General Contractor for the project, and Cory Tietz is the City's Project Manager for the park construction."

**One Book, One Community 2023:** The L.E. Phillips Memorial Public Library is launching its community reads for 2023. They write: “This highly-anticipated, annual program encourages residents to unite around a single book that delves into critical social and environmental issues affecting the region. The chosen title for this year is New York Times bestseller 'Nature's Best Hope: A New Approach to Conservation That Starts in Your Yard', by Douglas Tallamy. The book is a compelling exploration of biodiversity loss and the role each of us can play in preserving our natural world. The main event will be an Author Talk with Douglas Tallamy at the Chippewa Valley Book Festival on Saturday, October 14th at 9:30AM in the Riverview Room. Registration and additional events can be found here: [www.ecpubliclibrary.info/onebook](http://www.ecpubliclibrary.info/onebook)

**Resettlement Agency Coming to Eau Claire:** The City of Eau Claire has recently worked with partners, including resident volunteer groups, the CVTC, the Department of Human Services, and the Health Department, to assist an organization called World Relief as they explore opening a branch of their agency in Eau Claire. The organization, which draws on its own funding sources, is currently securing office space and hiring staff. They expect to be

all situated by this fall, and they will begin to welcome refugees for settlement in Eau Claire in 2024. They write that: “The total number of refugees we have been approved to welcome to the Chippewa Valley for FY2024 is 75 people.” New residents of Eau Claire will help fill gaps in our very tight labor market and will bring a richness of perspectives and contributions to our community.

**QUESTION AND ANSWERS:** Here are some questions that have come through the City Manager’s Office this week. *Have a question you’d like answered? [Submit it here.](#)*

### **TDS Installation Impact**

Question: “How is TDS repairing areas of grass or landscaping that have been damaged due to the installation of fiber?”

Answer from City Staff: City Engineer Dave Solberg shared: “Our discussions with TDS have resulted in them carrying out restoration within the existing permitted areas according to set timelines. We have been tracking locations based on e-mails and calls and relaying those restoration locations to TDS/Tilson daily. Last week, we started inspection of the restoration complaint locations, and that will continue through this process. TDS/Tilson is on track to have their restoration brought into compliance by the beginning of October. We’ve seen great improvement with the new restoration sub-contractor and their work towards meeting the restoration requirements over the past two weeks.”

### **EV Charging on Forest Street**

Question: “I was wondering what the timeline is for the EV charging at Forest Street. I have seen it used by vehicles, but I have noticed that the site is not completed, and the canopy structure by Solar Forma is not yet installed.”

Answer from City Staff: Planning Manager Ned Noel said: “EV charging has been going on over a year there but the Solar Forma Design has had some business issues and delays. They have proposed to complete the project by end of October.”

### **Trail from Mayo**

Question: “Any updates on the Half Moon Lake Trail construction from Folsom Street south to West Madison Street?”

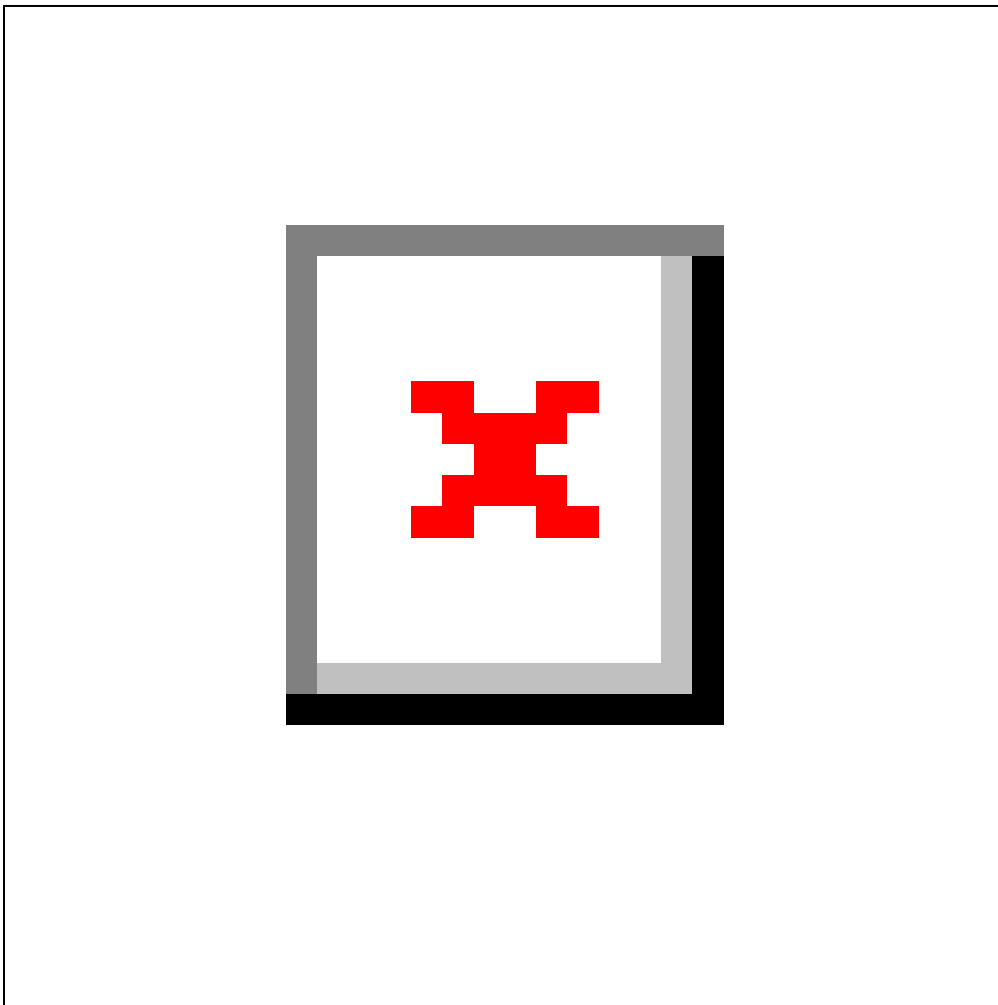

Answer from City Staff: City Engineer Dave Solberg said: “We ran into a problem in the right-of-way that the City purchased 30+ years ago...but we have worked through it. Unfortunately, WisDOT’s budget is tight, and if we

don't get the contract awarded by late October, construction may not start until 2026... so we're really pushing to get it bid ASAP!"

### **Jeffers Road Trail**

Question: "I noticed utility poles in the middle of the trail on the southern end of the Jeffers Road reconstruction, looking south toward the North Crossing. Will these be moved?"

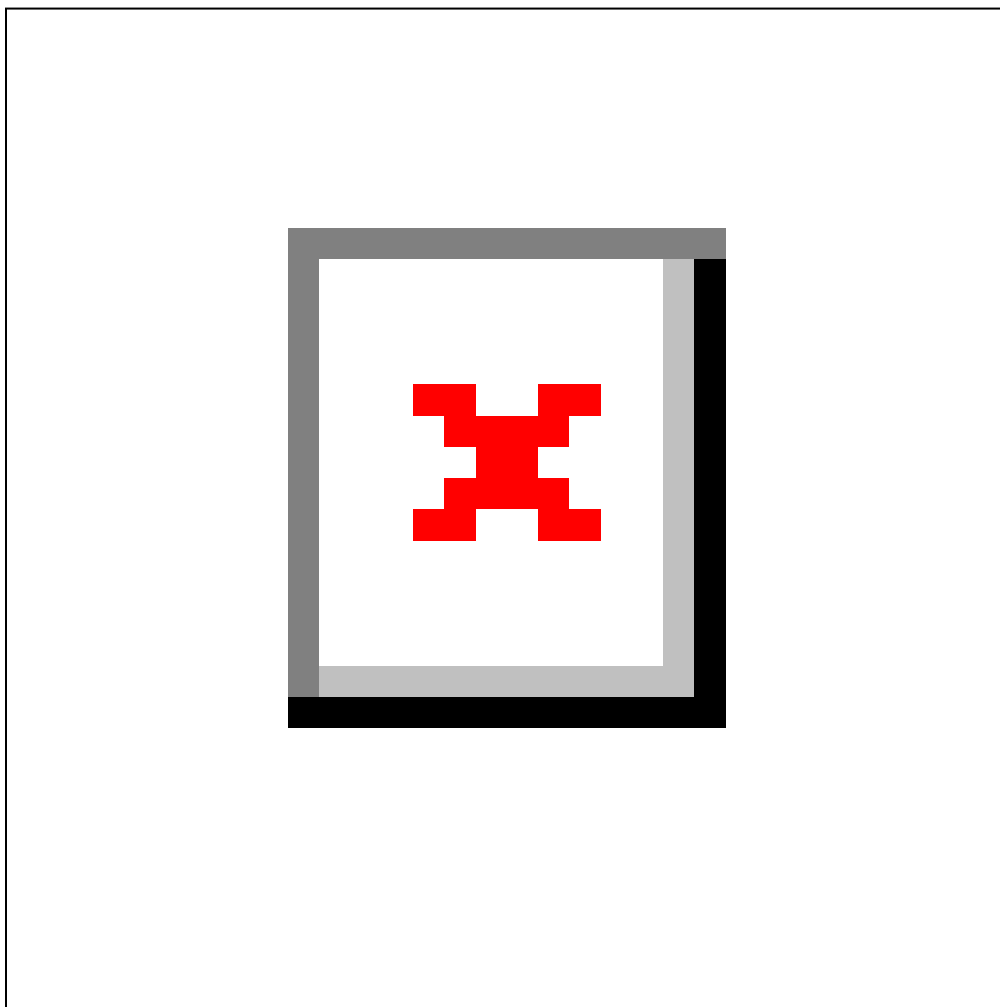

Answer from City Staff: City Engineer Dave Solberg said: "Xcel Energy wasn't able to move the poles this year, so we made sure we had four-foot clearance around them and paved the trail. Next year, Xcel Energy will saw a square of the trail out, move the poles, and repave the areas that have been removed."

**EAUSTAT NEWS**: The City holds weekly meetings with departments to talk about their data, their goals, and any challenges they may be facing. This program is called "EauStat". Read on below for some data from the meetings we held this week.

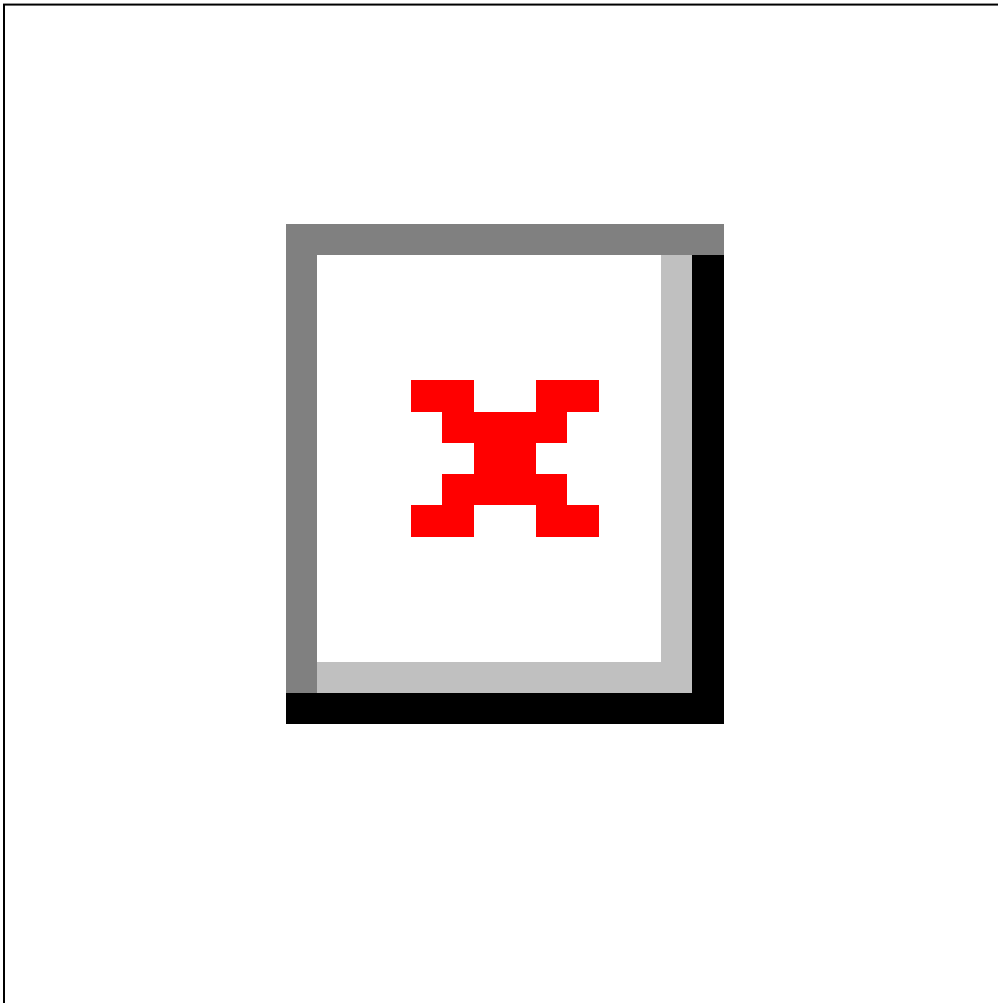

**Transit:** Transit EauStat met last week, and here's what we discussed. In our Transit Division, so far for 2023, we are seeing an increase in ridership as compared to 2022. At this same time last year, there had been 256,688 riders. In 2023, there have been 392,336 riders, which is an increase by 52.8 percent. While numbers have been trending upward since the pandemic, ridership has been significantly lower than pre-pandemic ridership. Fare revenue in 2023 is on track to match 2022's fare revenue. The Transit team has been hard at work on several projects, including the Community Pass Pilot, which is a project aimed at exploring creative transit projects to increase access and make transit more equitable. Other projects include working on bus tracking, arranging for demand response services, and exploring marketing opportunities.

**Inspections:** Inspections EauStat also met last week. We have seen record construction years in recent years, and this year is on pace with only a slight decrease. The same hot market that has driven up our inspections numbers has also impacted our ability to staff our Inspections Division positions. In particular, the City has faced a significant challenge in hiring a Plumbing

Inspector, due to the competition from the private sector, where master plumbers can earn in excess of \$100K per year. We continue to seek solutions to this gap. (If you know a plumber, please share this link with them and encourage them to apply: [Job Openings | Sorted by Posting Date descending | JOB OPENINGS \(governmentjobs.com\)](#)) Our Inspections staff are working extremely hard to keep up with the incredible pace of permits pulled, and we appreciate how they have weathered these busy years!

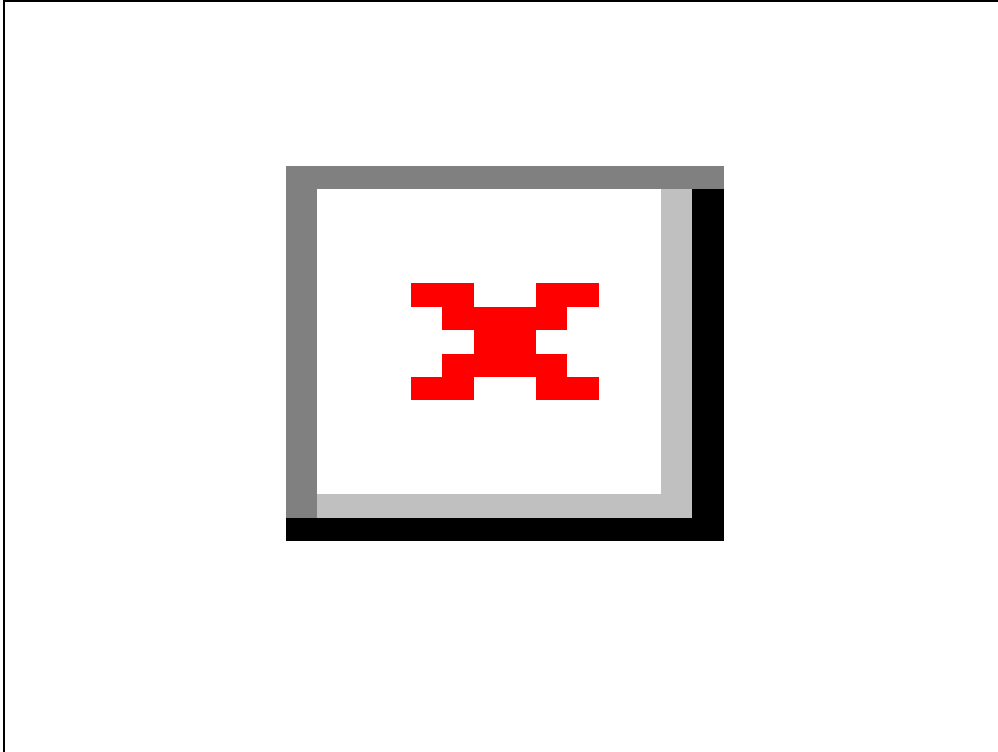

**EMPLOYEE SPOTLIGHT:** We have the best employees! Get to know one of them this week. (And [submit your suggestion for an employee to spotlight here...](#))

Today we highlight **Tess Morgan**. A co-worker said this about Tess: “Tess is a huge part of communication successes for the community. She is dedicated to helping make sure news from the City is communicated through multiple channels. More importantly, she recognizes the need to help some of our

community partners get out the message of needs, often resulting in the news further carrying the stories. Tess is also a joy to work with, and she has a great sense of humor and an amazing knowledge of the City's past endeavors. She also makes a mighty fine pizza!"

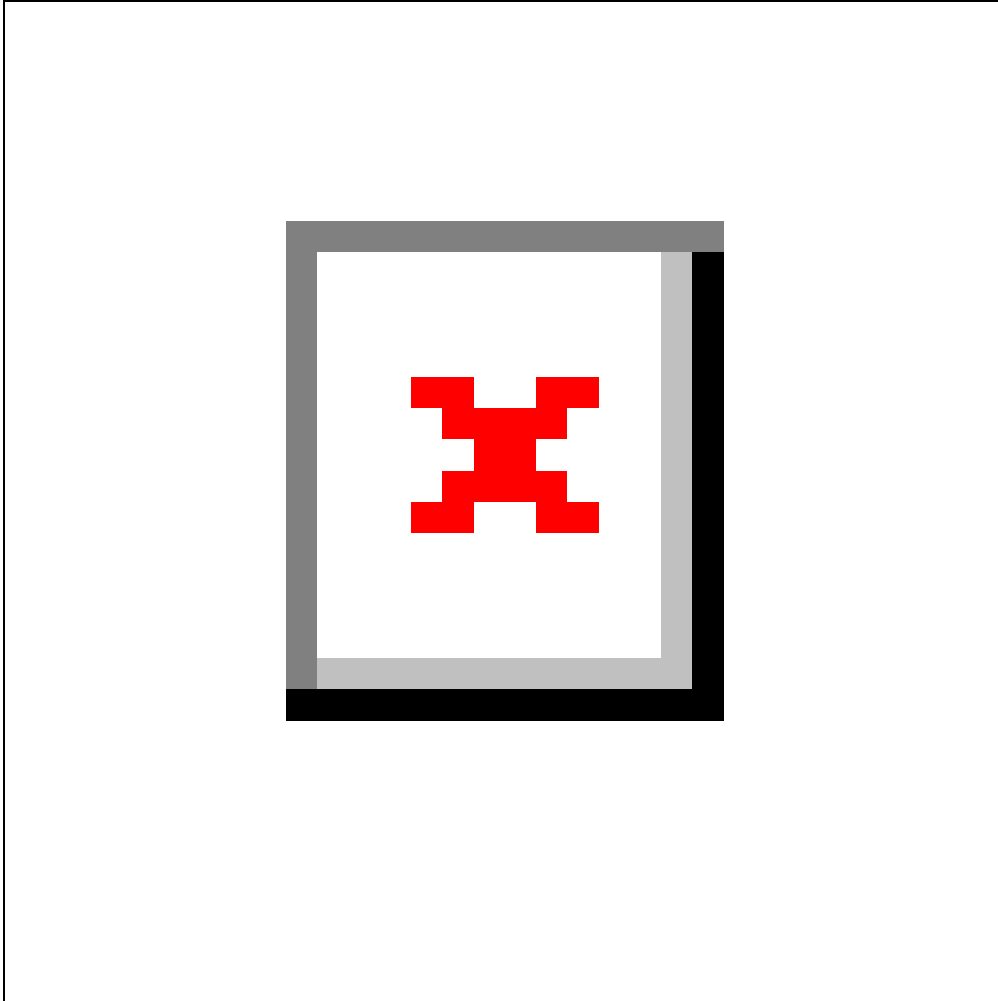

Here's some more information about Tess:

- Your Position: "For a bit over five years, I've been the Media & Communications Specialist for the City. I send out meeting notices and news releases, handle our social media accounts and the website, monitor news/social media, etc., develop messaging for us, and design the images seen on the big monitors in City Hall, plus a few other things."
- Something People May Not Know: "In the last 10 years or so, I've learned to downhill ski, snorkeled, become certified to captain a sailboat, won first place in a dance competition, left my life-long career to start working with the City, and got married last year. It's NEVER too late to try new things and begin new chapters of your life – 'comparison is the thief of joy', so don't limit yourself just because others have done things sooner in life." (Theodore Roosevelt quote)
- Favorite Activity: "Bicycling Wisconsin's amazing rails-to-trails system (especially in spring and fall) and cooking for people."
- Best Thing about Working for City: "We have a really great quality of life in Eau Claire, and it's an honor to work with the amazing people who make that happen – it's truly mind blowing HOW MUCH gets done with the number of employees we have. I also appreciate the opportunities for growth and career development."
- Life Philosophy: "There isn't a single phrase that really sums it all up, but I think it's important to act with integrity and honesty, follow the Golden Rule, and always just do the best you can - some days that ends up being more than other days, and that's okay ;)"
- Anything else? "To borrow a quote – 'There is more that unites us than divides us.' We are not as divided as the extreme headlines on some news outlets and Facebook memes may lead you to believe, so please don't give them too much attention."

**SHOUT OUTS:** Here's some reports of employees who went above and beyond.

**Spirit Award:** Attached is a picture of Human Resources Director Colleen Schian and retired Deputy Fire Chief Al Bertrang receiving awards last week at the Peer Support Conference. In the photo, Colleen's award says "Spirit Award 2023" and Al's says "Meritorious Service Award 2023." Both awards were given in recognition of Colleen and Al's contributions to the Peer Support team and related endeavors. The Peer Support team is a program in which Police and Fire staff work with co-workers to ensure they are able to handle the trauma and stress that come with being a first responder.

**911 Caller:** On August 22nd, a community member made a frantic 911 call believing she had an intruder in her home. She advised that when she attempted to use her attic access door, someone pushed back down on the door from above which then struck her in the head. She fled the house immediately. Based on the call nature, several officers rushed to the scene to assist. What unfolded during the incident is best described in the homeowner's letter which was showcased in the Leader Telegram's Voice of the People on September 15th.

*"On Aug. 22, I experienced the biggest fear of my life. I was home alone and believed I had an intruder who was trying to hurt me.*

*I vacated my house and called 911.*

*Everyone from the 911 operator to the officers who came to clear my home treated me in an exemplary manner. The kindness, compassion and thoroughness with which I was listened to, and then when my home was searched, matched and indeed surpassed all my expectations.*

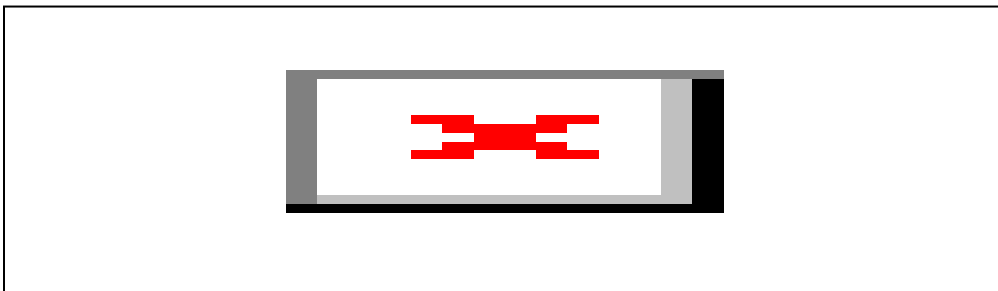

*I was never made to feel as though I was a woman home alone with her husband out of town who was imagining things. In fact, when I was feeling silly about calling the police, I was reassured that they would rather check out something that ended up being nothing than have me not call and it be something that was indeed a threat. The officers discovered that my attic trap door counterweight system had failed and crashed down on me, not that anyone was up there trying to hurt me.*

*Thank you from the bottom of my heart for the way I was treated. I felt protected, valued and safe. I am proud to live in a city that has such an excellent police department watching over and protecting me.”*

The Eau Claire Police Department takes pride in serving the community with care and compassion. We thank the personnel involved for demonstrating our values, including Telecommunicators Melissa Stone and Brittany Bowe, Officers Derek Jack, Austin Summers, Rogelio Gonzales, and Brian Leach, and Sergeant Olivia Erl.

Hi Ellie –

I have a message from my staff that you're interested in learning more about the World Relief office opening? I'm CCing Tami, who is from World Relief and can give you more details...

Let us know if we can help with anything else!

Stephanie

Hi guys,

Thank you for reaching out! I was looking to do a story on World Relief coming to Eau Claire and how that will impact the city.

Stephanie- would you be the best person to speak with me about this decision from the City of Eau Claire? Also, I was wondering what volunteer groups you collaborated with in the community to make this happen.

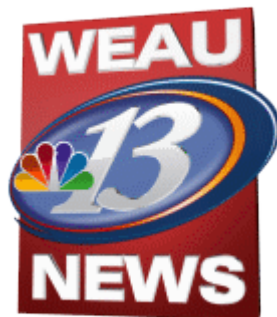

Tami- Would you be available for an on-camera pre-recorded interview on Tuesday, Oct. 17 at 9:30 a.m.? I think it would be great if we could meet in Eau Claire outside of where the resettlement agency will be located. However, let me know what works for you! Also, let me know if you have any footage you could submit from World Relief for the story.

My apologies for the response at 11 p.m. I am working overnights tonight. ☐ My plan would be to film and edit this story the week of Oct. 16 and then air it that following Monday.

Let me know your thoughts!

Best,

**Ellie Pomerleau**

Hi Ellie,

Thanks for your interest in doing a story around refugee resettlement in Eau Claire. We believe this is newsworthy!

If you are flexible, I am in Eau Claire on Wednesday, October 18 and could meet with you. If you prefer Tuesday, Karen Crisler, another staff member, will be in Eau Claire and I'll connect the two of you for an interview.

Are you flexible with regard to when the story is released? We are hosting a Community Gathering the evening of Monday, October 23 at the Library and would love media exposure to assist in promoting the event. However, do know we appreciate the visibility whenever the story is released!

<https://worldrelief.org/wisconsin/who-is-my-neighbor-community-gathering/>

Let me know if you are able to access/use the following footage. We are rebranding to World Relief Wisconsin but could still be useful?

[worldrelief.sharepoint.com/sites/MarketingandComms/Affiliate/Ready For Welcome FINAL\\_Fox Valley.mp4](https://worldrelief.sharepoint.com/sites/MarketingandComms/Affiliate/Ready%20For%20Welcome%20FINAL_Fox%20Valley.mp4)

Do let me know how I can be of additional assistance and thanks again!

Tami

Hi Tami,

Thank you for getting back to me. We can set up the interview for Wednesday, October 18 at 9:30 a.m. instead, if that works better for you! What is the address of where the resettlement agency location will be located?

I am planning to air the story on the morning of Monday, Oct. 23, so it would work well to mention the community event when I air it.

Looks like I cannot access the footage. However, if you have raw files, you can send them to this link and upload them to the "Hello Wisconsin" section which should allow me to access and air the footage. Here is that link: <https://www.weau.com/community/user-content/>

Let me know if you have any questions and if Wednesday works for you for an interview!

Hi Ellie and all –

In case they'd like to comment, I'm looping in:

- Anoosheh Hamzehee, who worked with World Relief to help them learn more about Eau Claire.
- Dr. Ka Vang (our EDI Coordinator);
- Aaron White (our Community Development Director);
- Emily Berge (our Council President); and
- Lieske Geise (our Health Director).

Anoosheh, can you connect Ellie with the key volunteer groups?

The City doesn't have a formal role, however, we support initiatives like this that boost our local workforce capacity and that support the City's strategic vision of "promoting a welcoming, inclusive, and diverse community" from our Strategic Plan and Vision. [637110562312000000 \(eauclairewi.gov\)](https://www.eauclairewi.gov)

A number of community partners do play a bit more formal roles, including the Human Services Department and the City/County Health Department. CVTC and the School District have also been involved as they have different educational programs for English Language Learners.

**Subject:** Re: World Relief

Hi Tami,

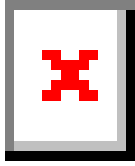

Thank you for getting back to me. We can set up the interview for Wednesday, October 18 at 9:30 a.m. instead, if that works better for you! What is the address of where the resettlement agency location will be located?

I am planning to air the story on the morning of Monday, Oct. 23, so it would work well to mention the community event when I air it.

Looks like I cannot access the footage. However, if you have raw files, you can send them to this link and upload them to the "Hello Wisconsin" section which should allow me to access and air the footage. Here is that link: <https://www.weau.com/community/user-content/>

Let me know if you have any questions and if Wednesday works for you for an interview!

Hi guys,

Thank you for reaching out! I was looking to do a story on World Relief coming to Eau Claire and how that will impact the city.

Stephanie- would you be the best person to speak with me about this decision from the City of Eau Claire? Also, I was wondering what volunteer groups you collaborated with in the community to make this happen.

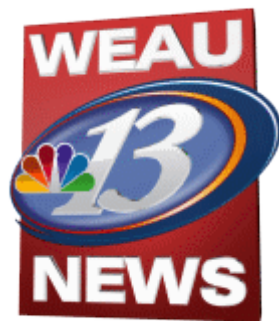

Tami- Would you be available for an on-camera pre-recorded interview on Tuesday, Oct. 17 at 9:30 a.m.? I think it would be great if we could meet in Eau Claire outside of where the resettlement agency will be located. However, let me know what works for you! Also, let me know if you have any footage you could submit from World Relief for the story.

My apologies for the response at 11 p.m. I am working overnights tonight. ☐ My plan would be to film and edit this story the week of Oct. 16 and then air it that following Monday.

Let me know your thoughts!

Best,

Good morning Holly,

Ellie from WEAU is working on a story about World Relief coming to Eau Claire. As a representative of one of the community partners could you kindly share your perspective on how you envision the story unfolding and shed some light on CVTC's potential role in this endeavor, as you collaborate with Ellie?

Thank you,  
Anoosheh

Hi Ellie and all –

In case they'd like to comment, I'm looping in:

- Anoosheh Hamzehee, who worked with World Relief to help them learn more about Eau Claire.
- Dr. Ka Vang (our EDI Coordinator);
- Aaron White (our Community Development Director);
- Emily Berge (our Council President); and
- Lieske Geise (our Health Director).

Anoosheh, can you connect Ellie with the key volunteer groups?

The City doesn't have a formal role, however, we support initiatives like this that boost our local workforce capacity and that support the City's strategic vision of "promoting a welcoming, inclusive, and diverse community" from our Strategic Plan and Vision. [637110562312000000 \(eauclairewi.gov\)](https://www.eauclairewi.gov)

A number of community partners do play a bit more formal roles, including the Human Services Department and the City/County Health Department. CVTC and the School District have also been involved as they have different educational programs for English Language Learners.

Hi Tami,

Would 11 a.m. Central time tomorrow, Friday, October 6 work for you? Unless you'll be in the Eau Claire/Chippewa Valley area tomorrow for an in-person interview, we can have one of our reporters send you a Zoom link. I'm not sure who at this time is assigned to this story, but I'll make sure a reporter sends a link to you tomorrow morning. Our morning meeting usually ends around 10 a.m. so you may not get one until later. Also, thanks for connecting us, Steph!

Best,  
Katrina Lim

Hi Stephanie,

Hope you've been doing well. I'm reaching out to see if you or someone from the city of Eau Claire may be available today to either do an in-person on-camera interview or an on-camera virtual Zoom interview with one of my reporters about the resettlement agency that's coming to Eau Claire in the fall. We read a little about it in your weekly city manager update.

City Manager Weekly Update from  
09/29/2023: <https://www.eauclairewi.gov/Home/Components/News/News/11081/90>

If you're available any time between 2:30 p.m. and 7 p.m. today that would be great. Thank you very much and hope we can work something out,

--

Hi Tami,

Would 11 a.m. Central time tomorrow, Friday, October 6 work for you? Unless you'll be in the Eau Claire/Chippewa Valley area tomorrow for an in-person interview, we can have one of our reporters send you a Zoom link. I'm not sure who at this time is assigned to this story, but I'll make sure a reporter sends a link to you tomorrow morning. Our morning meeting usually ends around 10 a.m. so you may not get one until later. Also, thanks for connecting us, Steph!

Best,  
Katrina Lim

Hi Katrina –

The City doesn't have a formal role, however, we support initiatives like this that boost our local workforce capacity and that support the City's strategic vision of "promoting a welcoming, inclusive, and diverse community" from our Strategic Plan and Vision. [637110562312000000 \(eauclairewi.gov\)](https://www.eauclairewi.gov/637110562312000000)

A number of community partners do play a bit more formal roles, including the Human Services Department and the City/County Health Department. CVTC and the School District have also been involved as they have different educational programs for English Language Learners.

The main person to talk to would be Tami McLaughlin who works for World Relief. I've CCed her here!

Here's the edit version. Looks good. Thanks.

We are saying farewell to Dr. Ka Vang who has served as our Equity, Diversity, and Inclusion Coordinator for nearly the past year. Ka has done so much for us in the time she has been here, and we are very sad to see her go. That said, we are excited about the position she is shifting into. She will work on rolling out the new World Relief Wisconsin Refugee Resettlement agency. She'll be just across the river on Madison Street, so we expect to see and work with Ka and her team often. As a child, Ka's family moved to the United States and eventually to Eau Claire. Her refugee experience greatly shaped her whole life, and she feels called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching our community with their talents, perspectives, and friendship. While at the City of Eau Claire, Ka has created an internal EDI team, facilitated training among staff, hosted monthly internal EDI meetings, hosted groups from the university, CVTC, other community organizations, formed a BIPOC Steering Committee, gathered insights from leaders throughout the community, solicited an EDI Strategic Planning consultant, and much more. She has been a wonderful friend and co-worker, and she has taken on some of our City and society's biggest and most fraught challenges with grace, kindness, strength, and lots of fun. We'll miss Ka, and we are happy she's staying put in our community, continuing her path of spreading inclusion and joy.

Hi TJ –

I know that many people have asked you this, including me the last time around! ☐ But I thought I'd add another ask to the list... They say that women need to be asked like 10 times to run for office, and I'm using that same theory here.

Our amazing Ka is going on to run the new World Relief program. We need someone brave, brilliant, strong, savvy, determined to spearhead these EDI projects. We have the \$800K set aside to spend on transforming the Chippewa Valley and it's pretty much the number one thing on my priority list. I hope you'll consider applying for the position! ☐

Stephanie

**Equity, Diversity, and Inclusion:** This past week, we held an EDI EauStat meeting at which we discussed the many big projects underway in this department. We are sad to say farewell to say farewell to Dr. Ka Vang who has served as our Equity, Diversity, and Inclusion

Coordinator for nearly the past year. We are, though, proud and excited about the next role she is taking on as she continues EDI work in the Chippewa Valley.

Starting Monday, Ka will work on rolling out the new World Relief Wisconsin Refugee Resettlement agency. She'll be just across the river on Madison Street, so we expect to see and work with Ka and her team often. As a child, Ka's family moved to the United States and eventually to Eau Claire. Her refugee experience greatly shaped her whole life, and she feels called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching our community with their talents, perspectives, and friendship.

While at the City of Eau Claire, Ka has created an internal EDI team, facilitated training among staff, hosted monthly internal EDI meetings, hosted groups from the university, CVTC, other community organizations, formed a BIPOC Steering Committee, gathered insights from leaders throughout the community, solicited an EDI Strategic Planning consultant, and much more. She has been a wonderful friend and co-worker, and she has taken on some of our City and society's biggest and most fraught challenges with grace, kindness, strength, and lots of fun. We'll miss Ka, and we are happy she's staying put in our community, continuing her path of spreading inclusion and joy.

Please spread the word about our search for our next EDI Coordinator! [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#) This person will have a very significant impact on our efforts to ensure that Eau Claire is inclusive and a place where everyone can thrive.

Hi all – We're working on getting you directly registered to receive this, however, in the meantime, here's this week's newsletter! This new version will go out to staff, the Council, and the public each Friday.

\*\*

Hello City of Eau Claire residents, staff, and Council Members,

I'm writing to share news from the City of Eau Claire. We are using a new format to send news out. [Prior updates can be found here](#). Take a look at our weekly newsletter to stay on top of what we are working on. Pass it along to friends who can [sign up for different City updates here](#). We welcome you at Council Meetings, Neighborhood Association Meetings, Library Events, and anywhere else that City work takes place. Bear with us as we work out any kinks of this new approach! Also, feel free to [send me feedback](#).

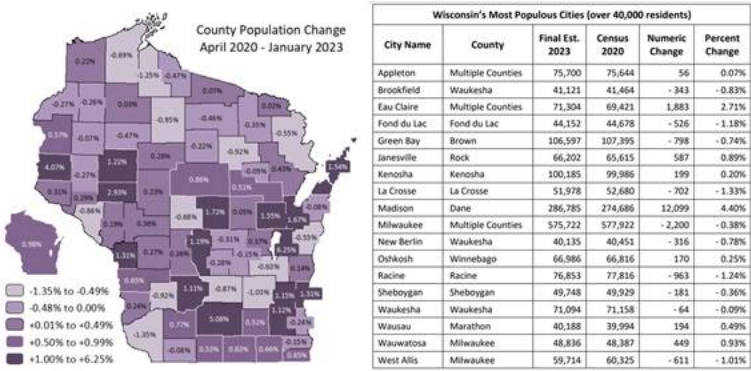

**CITY UPDATES:** Here's some news from around the city.

**2024 Budget Development Continues:** This past week, we held a public hearing and a work session on the 2024 budget. This included an overview of the finances, along with a list of changes we are proposing in the 2024 budget. We also shared accomplishments from 2023 and goals for 2024. Please find the material here: [Budget | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#) We welcome you to join the conversation at a second public hearing on the budget, which is scheduled for Monday, November 13th

**Seventh Biggest City:** This week, the Wisconsin Department of Administration released final population estimates for counties and municipalities as of January 1st, 2023. The City of Eau Claire and Eau Claire County continue to show strong growth: This document provides the most basic summary: [https://doa.wi.gov/DIR/Final\\_Ests\\_Summary\\_2023.pdf](https://doa.wi.gov/DIR/Final_Ests_Summary_2023.pdf)

The City of Eau Claire, according to this estimate, has now passed the City of Waukesha, to become the seventh largest city in the State of Wisconsin. Compared to the 2020 Census, the City of Eau Claire has gained 1,883 residents, a 2.71 percent increase, second only to Madison in both numerical gain and percentage increase for cities above 40,000 people in the state. Perhaps even more interesting, there isn't a single other city above 40,000 people that grew by even 1 percent during this period, and most cities (10 of the 18) above 40,000 people actually lost population during this period. Note that the City of Altoona has had incredible growth between

the 2020 Census and January 1st, 2023: An increase of 1,027 people, or 12.38 percent! (Thank you to Council Member Gragert for creating this summary).

**COVID-19 Continues to be High:** As of this week, COVID-19 activity in Eau Claire remained higher than in previous months, according to wastewater data. Right now, the amount of COVID being found in Eau Claire's wastewater remains at a "very high" level (on a scale of very low to very high). The updated fall COVID vaccine is in the process of being made available to the public. As it's being distributed to vaccinators, vaccine supply is temporarily limited, and appointment availability will vary from provider to provider. We expect availability to increase soon and vaccine appointments to become widely available in Eau Claire County in the coming weeks.

People who have health insurance should plan to get the vaccine at their doctor's office or local pharmacy. Most health insurance plans will fully cover the cost of getting the fall COVID vaccine at an in-network provider. The Health Department is not offering mass COVID vaccination clinics this fall, but people who don't have health insurance or people whose insurance doesn't cover vaccinations can get a fall COVID vaccine at the Health Department at no cost through the federal Bridge to Access Program. For those who are uninsured or those whose health insurance doesn't cover vaccinations, please call us at 715-839-4718 to schedule a vaccination appointment. Not sure if you're up to date on your COVID vaccines? [Find out here.](#)

Another round of free mail-order COVID tests is now available! Every household can place an order to get four rapid home tests delivered for free to their home. To order, visit [www.covid.gov/tests](http://www.covid.gov/tests) or call 1-800-232-0233. You can sign up to get these emails directly if you are interested. Please do not hesitate to contact our department if you are interested in more information: [ehealth@eauclairecounty.gov](mailto:ehealth@eauclairecounty.gov) or through our general phone number: 715-839-4718.

**Voices of the Valley:** Students from a CVTC class recently presented stories of immigration, including stories of their homelands, their moves to the United States, and their lives in Eau Claire. They had worked with an English Language Instructor from CVTC, Alyssa Hedenstrom,

to refine the stories and compile them to share. You can read all of their stories here: [CVTC Blog | Chippewa Valley Technical College](#)

### CVTC BLOG ARTICLES

VOICES OF THE VALLEY: MEET  
EMINE AKIN TUNALI

VOICES OF THE VALLEY: MEET  
OUMOU TANGARA

VOICES OF THE VALLEY: MEET  
KEUM HEE (ROSA) CHOI

The event, called "CVTC Voices of the Valley," was held at the Library. Deputy City Manager Dave Solberg and Equity, Diversity, and Inclusion Coordinator Dr. Ka Vang also shared comments on immigration. Here's the text of Ka and Dave's comments:

#### **From Dr. Ka Vang (EDI Coordinator)**

“As a refugee myself, I am so excited to support the Voices of the Valley event tonight. The promise of new opportunities and brighter future was enough to entice my parents to make the decision to bring our whole family to America in 1979, after the Secret War in Laos. As we continue to embrace our new home and carve our path, I will never forget the sacrifices my parents made so that I can be here.

There is a common theme from Voices of the Valley: Immigrant Stories from Students of Chippewa Valley Technical College -- leaving everything you know behind and learning to adjust to:

- new home,
- new country,
- new people,
- new customs,
- new, new, ect.,

all for various reasons... like leaving due to war and violence or leaving because of a love connection.

Just know that what you have written in this collection is not finished. Your journey just started. There will be more to your story. I encourage you to continue to document and write your story. Leave your footprint here in the Chippewa Valley for generations to come. Your stories and your voices add to the richness of The City of Eau Claire. Thank you for choosing to make the Chippewa Valley your home.”

#### **From Dave Solberg (Deputy City Manager)**

“As a father of two immigrants and a staff member of the City of Eau Claire, I wanted to express how important the immigrant community is to western Wisconsin, the City of Eau Claire, and myself personally. A diverse community is a strong community. The fabric of who we are as a society is made up of so many different colors, shapes, sizes, and fabrics...it’s the diversity of everyone that makes us a colorful, strong, vibrant community. Reading the stories in the collection, it is also striking how similar the stories are to everyday life in our area. We’re all humans with stories to tell.

It is common for students going on to secondary education and young adults entering the workforce to struggle with the transition...now consider attempting this while learning the English language at the same time. The achievements that they have made are remarkable given their challenges. Their achievements are testaments to their hard work, character, resilience, and desire to make themselves better and make us all better. In fact, these are the exact qualities we look for in employees at the City, and I hope a number of our new friends consider bringing their diversity and talents to our organization!”

**QUESTION AND ANSWERS:** Here are some questions that have come through the City Manager’s Office this week. *Have a question you’d like answered? [Submit it here.](#)*

### **Traffic Law Enforcement**

Question: “How does the Police Department handle traffic enforcement?”

Answer: Chief Matt Rokus shared the following information: “Resident concerns about speeding and traffic safety are frequently shared with us. Concerns related to speed and traffic safety are triaged and prioritized amongst other types of issues and complaints, such as burglaries, car prowlers, drug houses, quality of life issues associated with homelessness, loud parties, underage alcohol consumption, and others.

Our Patrol Officers and their supervisors do their best to prioritize proactive traffic safety efforts in geographic areas where we have more crashes, as determined by data analysis, resident complaints, and officer observations. To provide the proactive focus, we allocate officer time to enforcement in the target areas. However, their time available is limited given the percent of time they are obligated responding to calls for service.

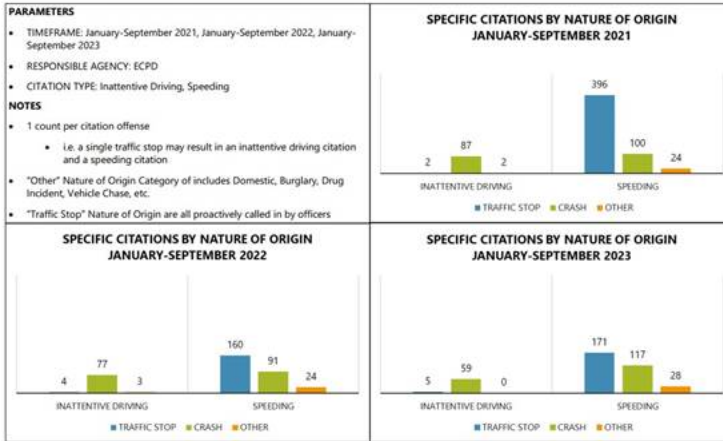

The table below contains some basic information related to traffic citations. The two main categories of traffic enforcement come from two types of incidents -- proactive traffic stops or enforcement following traffic-related incidents, most likely crashes.”

**SPECIFIC CITATIONS BY NATURE OF ORIGIN**  
JANUARY-SEPTEMBER 2021-2023

CITATION TYPE	JANUARY-SEPTEMBER 2021			JANUARY-SEPTEMBER 2022			JANUARY-SEPTEMBER 2023		
	TRAFFIC STOP	CRASH	OTHER	TRAFFIC STOP	CRASH	OTHER	TRAFFIC STOP	CRASH	OTHER
INATTENTIVE DRIVING	2	87	2	4	77	3	5	59	0
SPEEDING	396	100	24	160	91	24	171	117	28

## Trick-or-Treating

Question: “Will the City share information about trick-or-treating protocols?”

Answer: Media and Communications Specialist Tess Morgan shared: “The City of Eau Claire does not designate official tick-or-treat hours for the community. Aside from some safety reminders for kids and motorists, and helping to publicize the DECI Downtown event, we don’t post about Halloween. In the past, individual neighborhoods have chosen to hold their own events when it’s convenient for their area, but otherwise it’s generally understood that trick-or-treating occurs on the holiday itself, October 31st, with the hours of 5-7:30PM still being relatively light out and therefor safer for kids to be visiting neighbors.”

## Park Planning

Question: “Could a park be changed significantly without a public planning process?”

Answer: Our Parks Manager, Steve Plaza, shared the following feedback: “Any proposed changes to parks go through a planning process that includes review by nearby neighborhoods, the Waterways and Parks Commission, and the City Council. In general, park developments try to follow the parks and open space master plan, which will be updated this year. The purpose of the plan is described on page 11:

‘Parks and recreation programs and services are important to the overall quality of life and Eau Claire Parks, Recreation, and Forestry plays an integral role in the quality of life of all of Eau Claire’s citizens and visitors. The purpose of the System Master Plan is to serve as a guide for all programming, services, and operations of the department. Further, the System Master Plan will provide insight into ongoing industry trends and changes within the community, serve to assess

levels of service provided to the community, evaluate available resources, and develop a prioritized action plan approved by the City Manager and City Council.”

**EAUSTAT NEWS:** The City holds weekly meetings with departments to talk about their data, their goals, and any challenges they may be facing. This program is called "EauStat". Read on below for some data from the meetings we held this week.

**Equity, Diversity, and Inclusion:** This past week, we held an EDI EauStat meeting at which we discussed the many big projects underway in this department. We are sad to say farewell to Dr. Ka Vang who has served as our Equity, Diversity, and Inclusion Coordinator for nearly the past year. We are, though, proud and excited about the next role she is taking on as she continues EDI work in the Chippewa Valley.

Starting Monday, Ka will work on rolling out the new World Relief Wisconsin Refugee Resettlement agency. She'll be just across the river on Madison Street, so we expect to see and work with Ka and her team often. As a child, Ka's family moved to the United States and eventually to Eau Claire. Her refugee experience greatly shaped her whole life, and she feels called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching our community with their talents, perspectives, and friendship.

While at the City of Eau Claire, Ka has created an internal EDI team, facilitated training among staff, hosted monthly internal EDI meetings, hosted groups from the university, CVTC, other community organizations, formed a BIPOC Steering Committee, gathered insights from leaders throughout the community, solicited an EDI Strategic Planning consultant, and much more. She has been a wonderful friend and co-worker, and she has taken on some of our City and society's biggest and most fraught challenges with grace, kindness, strength, and lots of fun. We'll miss Ka, and we are happy she's staying put in our community, continuing her path of spreading inclusion and joy. Ka is pictured below (on the left) with a student tour.

Please spread the word about our search for our next EDI Coordinator! [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#) This person will have a very significant impact on our efforts to ensure that Eau Claire is inclusive and a place where everyone can thrive.

**Human Resources:** This past week, we held an HR EauStat meeting. In our EauStat meetings, we talk about the work that the HR Department does. One of their main duties is to recruit, hire, and work to retain employees. With the current labor shortage and dramatic increase in wages due to inflation, municipalities have been struggling to recruit and retain employees. Our HR Department has done a great job trying to manage these challenges. We regularly monitor the number of recruitments underway (see image below for our numbers for 2023 YTD). The bulk of our recruitments are for the numerous seasonal employees we have, and this takes a lot of effort, however, it also provides a critical service to constituents, while also helping to mentor many

young people. We are working to develop and monitor a “retention rate” metric, as we work to identify metrics for all of our departments. Also, we are working with a consultant to create an “Employer of Choice” plan to try to increase retention and quality of life for our employees.

# Positions Filled	# Filled Internally	# Filled Externally

**EMPLOYEE SPOTLIGHT:** We have the best employees! Get to know one of them this week. (And [submit your suggestion for an employee to spotlight here...](#))

Today we highlight **Renae Casper**. A co-worker said this about Renae: “Renae answers lot of tough questions from residents, many of whom are animated, and answers them politely and with aplomb. Renae has also worked very hard with her predecessor, Rebecca Draeger, to put on employee appreciation events. The employee appreciation lunch was a big success and even brought in some retired employees. The cornhole tournament was also a hit. Renae has also helped fill in for her coworkers when they are absent and is very reliable.”

Here’s some more information about Renae (pictured below with her family and dog):

- Your Position: “I am one of two Administrative Associates for the Engineering Department. I’ve been with the city since January of this year.”
- Something People May Not Know: “I was born and lived in Cheyenne, WY until I was nine years old.
- Favorite Activity: “I enjoy traveling, going to Minnesota sporting events, attending music festivals and concerts. I enjoy playing volleyball and attending CrossFit classes.”
- Thing about Working for City: “I love that I am proud of where I work. Everyone here does what they can day in and day out to really make Eau Claire thrive. I also feel that I am supported in any decisions that I make and that my co-workers genuinely care about my well-being, both personally and professionally.”
- Life Philosophy: “Always be kind. You never know who you are talking to.”
- Anything else? “I am obsessed with dogs, so feel free to stop by with yours to say hello!”

## **SHOUT-OUTS**

**Creative Problem Solving:** Our Streets Division does not get as many shout-outs as they deserve, in part because the work they do is more specialized and behind-the-scenes than some other divisions. Here's an awesome shout-out to a team from the Streets Division that captures how creative they are in finding technical solutions in our budget-constrained environment. Read about both the original, unique, way to clean the street sweeper and then the much-improved method that our very skilled tradespeople built...

Community Services Director Lane Berg wrote:

“I want to share some work that was done by our Street Division recently that I am extremely proud of. I am continually amazed by the vast skill set of our employees and this is a shining example of that!

Some of our street sweepers have a ‘not so great’ system for washing them out at the end of a shift. It requires operating a fire hydrant and discharging water onto the pavement. The sweeper must drive over the wet pavement and vacuum up the water. The load of water and debris is then dumped and the process is repeated until the machine is deemed clean. As you can imagine, this is an inefficient system and is also disruptive to any neighboring properties.

Our employees reached out to supervisor Tim Anderson to see if they could work on coming up with a better system, and they were granted approval. The group was led by Jeff Wilczek, who sought input from many of his co-workers. The team developed a concept, designed the system, and built it with no help from outside contractors or designers, thus saving the City thousands of dollars. The new system (shown in pictures below) is a station that the sweeper backs into. A ball valve is opened which floods the basin, and the sweeper vacuums up the water. The water is then turned off, a drain valve is opened for the basin, and the sweeper dumps the water and debris, while remaining in the same location, and the contents drain to a holding pond. The

process can be repeated, if necessary, in just a couple minutes. This system is so efficient and will save time for years to come at no disruption to residents.

I am so incredibly proud of this for several reasons. We had a system that was not very functional, and our employees wanted to improve it. We have so many talented people, and they were allowed to use their skills and knowledge to make this happen. All involved were able to voice their opinions, and the final design reflected this input.

Special thanks to this group of talented people: Tim Anderson, Jeff Wilczek, Rich Bauer, Don Diesterhaft, Ryan Yule, Paul Rosolack, Brady Johnson, Jake Clauson, Joel Thompson, Cory Wright, Justin Meinen, Jericho Jurewicz, and John Rademacher.”

**Water Plant Kudos:** On September 20<sup>th</sup>, the Sustainability Advisory Committee held their monthly meeting at the Water Plant. City staff gave them an in-depth tour of the facility and showed them some of the sustainable features that have been added recently. Staff and the Committee had a great dialogue and used the opportunity to discuss ideas for improved sustainability in the future. Truly a great collaborative effort!

Pictured L to R: Ben Spanel, (Utilities Manager), Cole Cloutier, (Utilities Engineer), Cameron Bump, Brian Graff, James Schumacher, Janis Tyler, Gary Pesicka (Committee Members) and Joe Dahl, (Water Plant Supervisor).

## **COUNCIL CALENDAR**

- Monday, October 23rd: Council Public Hearing/Discussion Night
- Tuesday, October 24th: Council Meeting (City Council Operating Budget Work Session #4 – Amendment Discussion)
- *November 3rd – City Council Budget Amendments Due*
- Monday, November 6th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion (with Housing Study presentation)
- Monday, November 13th: Council Public Hearing/Discussion Night (Public Hearing #2 on 2024 Proposed Operating Budget)
- Tuesday, November 14th: Council Meeting (City Council action on 2024 Proposed Operating Budget and levy)
- Monday, December 18th: Joint Plan Commission and City Council Meeting for Zoning Overhaul Discussion

**Subject:** EDI Position and Interview Committee - Please consider  
applying or serving on interview panel

Hello BIPOC Committee –

I know Ka reached out, and here's a follow-up note. As Ka mentioned, she has moved over to manage the World Relief agency that just moved to Eau Claire. More about Ka's time at the City and about her new role is below.

I'm writing to ask two things...

**Spread the Word:** First, with Ka's transition, the EDI Coordinator position is now open and accepting applications through 10/22. Please consider applying yourself and/or spread the word about the opening. More information is here: [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#) Our EDI Coordinator will continue to have a very significant impact on our efforts to ensure that Eau Claire is inclusive and a place where everyone can thrive. We have the \$810K set aside to spend on transforming the Chippewa Valley to work on these goals. As City Manager, I consider this work one of my highest priorities, and I'm committed to being part of the EDI team, along with other staff, at every step. Feel free to reach out to me with any questions!

**Serve on Selection Committee:** Next, if you are not interested in applying, would you consider serving on the interview committee? The interviews will be held on Monday, October 30<sup>th</sup>. Depending on the number of candidates, they will last several hours. Please let me know if you're willing!

Thanks in advance for considering these requests!

Stephanie

Anoosheh,

Thanks for showing up for today's WR partners meeting.

Can you send out a meeting invite to all BIPOC Committee including facilitators about meeting for Oct. They all asking for that meeting invite. It also serves as a reminder for them.

Thanks,

All,

I wanted to let you know that the BIPOC Steering Committee now has a website:

<https://www.eauclairewi.gov/government/our-departments/administrative-services/edi-equity-diversity-inclusion/bipoc-steering-committee>

This is where you can find all the meeting agendas, packets, minutes and more. Check it out when you get a chance!

I also wanted to let you know that I have decided to leave my position with The City of Eau Claire. Friday, Oct. 13 will be my last day. I will transition to work with World Relief to support new refugees/immigrants coming to Eau Claire. So the good news is I'm not going far, literally across the river ☺.

It's been a pleasure working with all of you. Thank you for doing this work.

The committee will continue as planned: large meeting 1x month, last Thursdays of the month and other subcommittees as organized by you all. Next large meeting is Oct. 26, 6:30pm in the North Conference Room at City Hall.

By the way, my position will be posted soon and I encourage you to apply if interested.

Ua tsaug (Thank you),

**Ka Vang, Ed.D.**

**Subject:** Adding an Agenda Item on World Relief

Hi all –

It's my understanding that some stakeholders have asked what the City's role is in bringing World Relief to Eau Claire, and there may be some efforts to protest the plan to have refugees move to Eau Claire. Would it be possible to add an agenda item for next Tuesday that allows the Council to affirm support for welcoming refugees (and any other residents, like students, remote workers, people moving from small Wisconsin towns, etc.) to Eau Claire? As far as I know, there's no formal way for a City to either cause people to move to town or to exclude people from moving to town, but I think it would be helpful to have the Council symbolically affirm support. I'm here in Green Bay with Emily B and she is supportive of doing what we can. You may have already sorted this out, but if not, let me know what you think!

Stephanie

**Subject:** RE: [EXTERNAL] WR at Monday's Council meeting

Ok sounds good. We just wanted to make sure council and others get the facts. That plan will work for us.

FYI, I really liked what you wrote about me so I hope it's ok for me to borrow your words in a WR press release. It would like something like the following:

World Relief announced **Dr. Ka Vang** as the new **Chippewa Valley site manager**. A 25-year resident of Eau Claire, Vang has 20 + years of experience working in higher education where she advocated for and supported students who are low-income, first generation, and/or underrepresented. "My whole family and I came to the US in 1979 as refugees after the Secret War ended in Laos," said Vang. "My refugee experience greatly shaped my whole life, and I feel called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching this community with their talents, perspectives, and friendship."

**Subject:** RE: [EXTERNAL] WR at Monday's Council meeting

Yes the public rhetoric is discouraging. Do you think we should notify the police about the community gathering meeting on Monday?

Please keep us in the loop if there are other safety concerns. We are aware of a group that's meeting later today. The organizer – Scott Bolstad was at the partner's meeting yesterday and he expressed some of the rhetoric. We tried our best to provide accurate information for him. Tami reached out to him if he thinks Tami and I should attend the meeting to answer any questions. His response was that we would be welcome, but we are reviewing the situation first before doing anything.

I also want to loop you in about this Stephanie. The speaker last week from Fire Dept was incredibly concerning, making irrational claims about refugees and the border and Hamas, and I see that that same fear is spreading. I told Ka about this and said security might be a smart idea for the opening of this next week.

**Subject:** World Relief Refugee Resettlement office in Eau Claire

**WARNING!! This email originated outside Eau Claire County. Do not click any links or attachments unless you know the sender.**

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST

(United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting,  
October 19, 2023

[VFW Post 305](#)  
1600 Star Avenue  
Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Equity, Diversity, and Inclusion:** This past week, we held an EDI EauStat meeting at which we discussed the many big projects underway in this department. We are sad to say farewell to say farewell to Dr. Ka Vang who has served as our Equity, Diversity, and Inclusion Coordinator for nearly the past year. We are, though, proud and excited about the next role she is taking on as she continues EDI work in the Chippewa Valley.

Starting Monday, Ka will work on rolling out the new World Relief Wisconsin Refugee Resettlement agency. She'll be just across the river on Madison Street, so we expect to see and work with Ka and her team often. As a child, Ka's family moved to the United States and eventually to Eau Claire. Her refugee experience greatly shaped her whole life, and she feels called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching our community with their talents, perspectives, and friendship.

While at the City of Eau Claire, Ka has created an internal EDI team, facilitated training among staff, hosted monthly internal EDI meetings, hosted groups from the university, CVTC, other community organizations, formed a BIPOC Steering Committee, gathered insights from leaders throughout the community, solicited an EDI Strategic Planning consultant, and much more. She has been a wonderful friend and co-worker, and she has

taken on some of our City and society's biggest and most fraught challenges with grace, kindness, strength, and lots of fun. We'll miss Ka, and we are happy she's staying put in our community, continuing her path of spreading inclusion and joy.

Please spread the word about our search for our next EDI Coordinator! [Equity, Diversity, and Inclusion Coordinator | Job Details tab | Career Pages \(governmentjobs.com\)](#) This person will have a very significant impact on our efforts to ensure that Eau Claire is inclusive and a place where everyone can thrive.

Thanks Stephanie:

I have two Events I am attending tonight, so I am not able to make it.

I think the biggest concern I keep hearing is that refugees coming to the community will not be vetted. That is certainly not true. I do think strongly, pushing back on that and making sure people know the truth will help.

Hi Andrew - Looping in some others... we have been discussing this as well. Are you planning to go to tonight's meeting, Andrew? I know that Tami and Ka have been deliberating about whether or not to go. (If you do go, you could share your support and/or explain WR's vetting policy.)

Chief Rokus, do you have thoughts on safety? Dave may have more insight on this situation as well...

I also want to loop you in about this Stephanie. The speaker last week from Fire Dept was incredibly concerning, making irrational claims about refugees and the border and Hamas, and I see that that same fear is spreading. I told Ka about this and said security might be a smart idea for the opening of this next week.

**Subject:** World Relief Refugee Resettlement office in  
Eau Claire

**WARNING!! This email originated outside Eau  
Claire County. Do not click any links or  
attachments unless you know the sender.**

Please stop the establishment of the World Relief Refugee  
Resettlement office in Eau Claire. I personally called  
several offices at the county government center, and none  
claimed to have knowledge of the legally required meetings  
World Relief is required to conduct, including local  
residents.

I also called the City of Eau Claire, and the clerk had no  
knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated  
that the required meetings took place this spring. When I  
asked With whom? She didn't know. She provided Tami  
McLaughlin's e-mail and phone for me to inquire, so I left a

voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

Cordially, Darla Meyers, Hudson, Wisconsin

Proposed Immigration Office Informational Meeting, October 19, 2023

[VFW Post 305](#)

1600 Star Avenue

Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come

from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

Yes the public rhetoric is discouraging. Do you think we should notify the police about the community gathering meeting on Monday?

Please keep us in the loop if there are other safety concerns. We are aware of a group that's meeting later today. The organizer – Scott Bolstad was at the partner's meeting yesterday and he expressed some of the rhetoric. We tried our best to provide accurate information for him. Tami reached out to him if he thinks Tami and I should attend the meeting to answer any questions. His response was that we would be welcome, but we are reviewing the situation first before doing anything.

Ok sounds good. We just wanted to make sure council and others get the facts. That plan will work for us.

FYI, I really liked what you wrote about me so I hope it's ok for me to borrow your words in a WR press release. It would like something like the following:

World Relief announced **Dr. Ka Vang** as the new **Chippewa Valley site manager**. A 25-year resident of Eau Claire, Vang has 20 + years of experience working in higher education where she advocated for and supported students who are low-income, first generation, and/or underrepresented. "My whole family and I came to the US in 1979 as refugees after the Secret War ended in Laos," said Vang. "My refugee experience greatly shaped my whole life, and I feel called to contribute to Eau Claire's continuing ability to welcome new generations of residents who will make Eau Claire their home, enriching this community with their talents, perspectives, and friendship."

--good chance this will go out today

New director?

Hi Matt,

Hello from Green Bay. I wanted to forward this meeting information about an event tonight. As you can see below, a group opposed to World Relief's resettlement of refugees in Eau Claire will be meeting VFW from 7-9 pm.

Given the emotionally charged tenor of some of the comments we've received on this topic, I'm a bit concerned.

Tonight, some advocates who support refugee settlement in Eau Claire, volunteers from the Welcoming New Neighbors Group, plan to attend the meeting at the VFW. Naturally there will be disagreement, but hopefully it is a productive, de-escalating conversation.

My questions are:

- 1 - Public safety. Would a police presence be advisable at the event tonight, and/or at the World Relief info event next week, or a future council public hearing? Is a public safety strategy something that needs to be considered on this topic?
2. Outreach. Would ECPD be a good, de-escalating "messenger" to the public in clarifying that people do not need to be afraid?

Thanks,  
Emily

Hi Matt,

Hello from Green Bay. I wanted to forward this meeting information about an event tonight. As you can see below, a group opposed to World Relief's resettlement of refugees in Eau Claire will be meeting VFW from 7-9 pm.

Given the emotionally charged tenor of some of the comments we've received on this topic, I'm a bit concerned.

Tonight, some advocates who support refugee settlement in Eau Claire, volunteers from the Welcoming New Neighbors Group, plan to attend the meeting at the VFW. Naturally there will be disagreement, but hopefully it is a productive, de-escalating conversation.

My questions are:

- 1 - Public safety. Would a police presence be advisable at the event tonight, and/or at the World Relief info event next week, or a future council public hearing? Is a public safety strategy something that needs to be considered on this topic?
2. Outreach. Would ECPD be a good, de-escalating "messenger" to the public in clarifying that people do not need to be afraid?

Thanks,

Emily

**Subject:** [EXTERNAL] World Relief Refugee Resettlement office in Eau Claire

Please stop the establishment of the World Relief Refugee Resettlement office in Eau Claire. I personally called several offices at the county government center, and none claimed to have knowledge of the legally required meetings World Relief is required to conduct, including local residents.

I also called the City of Eau Claire, and the clerk had no knowledge of meetings that might have taken place.

When I spoke with Karen Krisler of World Relief, she stated that the required meetings took place this spring. When I asked With whom? She didn't know. She provided Tami McLaughlin's e-mail and phone for me to inquire, so I left a voicemail and e-mail with McLaughlin, and she has not returned either. The Fox Valley World Relief representatives were supposed to have been at the Eau Claire office Wednesday through Friday to set up their offices in Eau Claire.

I was told that it could be as short as two weeks before refugees start arriving. Please be warned: NO "VETTING" can possibly take place as you cannot vet anyone from a country that doesn't have a functioning government nor from known terrorist areas. When I inquired about UST (United States Ties) forms from the refugees, I was told that the refugees would not have those forms nor ties.

What you do in Eau Claire affects so much more than your area. Please do all you can to demand the required forms through [8 U.S. Code § 1522 - Authorization for programs for domestic resettlement of and assistance to refugees](#) and read [The Immigration and Nationality Act of 1952 \(The McCarran-Walter Act\)](#)

Attend the meeting tonight with Ron Branstner and Susan Tully.

### Proposed Immigration Office Informational Meeting, October 19, 2023

VFW Post 305  
1600 Star Avenue  
Eau Claire, WI 54703 United States

7:00-9:00 p.m.

I have spoken to the local elected officials and no one seems to know where this is coming from. We believe this may have come from the Governor's office. Once they open the office, they will resettle refugees up to 100 miles from Eau Claire, which is why you are getting this. On Thursday, 19 October at 7:00 pm we are holding an information meeting at the VFW Post 305, 1600 Star Ave in Eau Claire, WI. Ron Branstner who has been in this fight for over 20 years and Susan Tully of the Federation of American Immigration Reform will be speaking.

Several years ago, an initiative to resettle 150 Syrians was proposed, when the residents voiced their opposition, they decided not to settle them. The proposal calls for the resettlement of 75 refugees during 2024, but we do not know what that number looks like in the following years when they are up and fully operational. Then each refugee can bring in family members through the family reunification program otherwise known as chain migration.

Please get this out to your membership. I believe this is something all of us can agree on and unite around. if you plan on attending please send me an email [bolstad1@yahoo.com](mailto:bolstad1@yahoo.com)

**Subject:** Adding an Agenda Item on World Relief

Hi all –

It's my understanding that some stakeholders have asked what the City's role is in bringing World Relief to Eau Claire, and there may be some efforts to protest the plan to have refugees move to Eau Claire. Would it be possible to add an agenda item for next Tuesday that allows the Council to affirm support for welcoming refugees (and any other residents, like students, remote workers, people moving from small Wisconsin towns, etc.) to Eau Claire? As far as I know, there's no formal way for a City to either cause people to move to town or to exclude people from moving to town, but I think it would be helpful to have the Council symbolically affirm support. I'm here in Green Bay with Emily B and she is supportive of doing what we can. You may have already sorted this out, but if not, let me know what you think!

Stephanie

**Subject:** Member Update

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

Hi Emily!

I think this is a great idea.

It is during these longer breaks between City Council meetings that I sometimes schedule vacations, and in this case, you should know that I will be in Mexico from January 24th to February 7th. If the 5th Tuesday is the regular day/time, the next one after would not be until April 30th. I think if it works for others you should go for it!

Good morning Stephanie,

I attended an informational session with World Relief last week on Wednesday. I received a lot of helpful information. An attendee at the meeting raised questions regarding whom at the City had been working with World Relief. I have since received several emails with questions of a similar nature. As I understand, you have had communication with World Relief, and have informally briefed Council on the matters through your City Manager Updates. Can you share with me the most accurate way to answer the questions I have been receiving? I want to ensure I am providing factual details to the best of my ability. It seems the community is receiving partial details/inaccurate information.

Thank you,

**Subject:** Representation  
**To:** <[Jeremy.Gragert@ec-citycouncil.com](mailto:Jeremy.Gragert@ec-citycouncil.com)>

Hello,

I hope this finds you well.

I am writing as I have heard the issue of elected representation has been bypassed.

Is it true that a contract with World Relief Organization for settling refugees unvetted by our local sheriff and not voted on by my representative, yourself, has been signed by the city manager, who is not an elected entity?

So much of this bypasses state and local law.

I hope this isn't a financial boondoggle such as the county supervisors publicly endured recently regarding misspent tax dollars. It's my understanding that the non-profit covers 90 days and then we pay for interpreters and housing!

We already have a housing shortage and issues with homelessness.

I am also concerned about recent world events. Will the sheriff's office be able to vet these refugees? How much will that cost?

Because democracy dies in darkness, I am relying on you and not the at-large members to represent me. Please speak up on my behalf.

Also, I can't speak for myself because Monday's public meeting is cancelled, but you have been elected to represent me.

Very Respectfully and yet Very Concerned,  
Rebecca Hoschouer, M.A.  
1816 Lloyd Avenue  
Eau Claire, WI 54701

President Berge, I would like to clarify a couple of things that I just learned.

An official from World Relief admitted that she never spoke with any members of the city council, only the city manager. If the city manager did not bring it to the board's attention, that is another matter.

The official from World Relief also confirmed that the refugees will be coming from Somalia. I attended the stakeholder's meeting last week and the word Somalia was never mentioned. That is at least the third lie I have caught them in.

This is not about the refugees it is about the process. World Relief believes that speaking with the local government is speaking with bureaucrats, while many of us believe speaking with local governments is speaking with elected officials. I can also tell you that no one in the county I have spoken to knows anything about this.

On Saturday, October 21, 2023 at 03:45:07 PM CDT, Scott Bolstad <bolstad1@yahoo.com> wrote:

President Berge,

I am very concerned about the manner that World Relief Has come to Eau Claire. According 8 US Code paragraph (a) (2) (A) "The Director and the Federal agency administering subsection (b)(1) shall consult regularly (not less often than quarterly) with State and local governments and private nonprofit voluntary agencies concerning the sponsorship process and the intended distribution of refugees among the States and localities before their placement in those States and localities."

I would like to point out the word "shall". According to the statute, quarterly meetings were supposed to take place. Did they happen? If so where are the minutes fore these meetings? I spoke to a member of the city-county health department who knew about World Relief for almost a year, but a city council member I asked had no idea this was in the works. Another city council member was aware that this was coming. I was told by World Relief that the county sheriff was involved in the meetings, and when I spoke with him, he denied that claim. I looked through the city council meeting minutes for the year and I see no mention of refugee resettlement.

I get the impression that the planning and opening of the office in Eau Claire has occurred under the cover of darkness, and the taxpaying public has been kept in the dark about the introduction of refugees in the community until the office was up and operational. When World Relief's 90 day commitment to a refugee is complete, that burden will fall on the local government. Since none of our elected officials were involved in the planning of this initiative, that is known as taxation without representation.

I am not 100% certain, but I have information from a very reliable source that the person who signed the abstract or agreement is the city manager, who no one voted for. Did you direct her to sign the document or has she gone rogue...again? If not do you have the authority to approve this action? Is the goal here to keep any blame for this off of the city council?

The reliable source shared that World Relief did not do a good job of coordinating this effort, which is obvious by the number of people who do not know. Do you know where the refugees will be coming from? Not what World Relief has told you, but what the actual country of origin is? I was told it was one of two countries.

We (and that includes you) need to find a way to stop this or press pause on this, because many people will never support the refugee mission or the refugees because of the underhanded manner World Relief has managed this.

I look forward to your response

**Subject:** [EXTERNAL] World Relief Refugees

Dear Council President,

I understand that World Relief and the state of Wisconsin failed to abide by 8 US Code 1522 in that they failed to include the local governments in their decision to bring refugees to Eau Claire. They claim to have spoken to the city manager, but that individual is not an elected person.

Consequently, the people of Eau Claire are not being represented in this major decision. Other cities which have invited so many refugees have suffered from high tax increases that occur after the federal and state funds run out.

We have many people on fixed incomes that are not even keeping up with the inflation rate now and certainly cannot afford more increases.

I ask you to please halt this process. Disregarding 8 US Code 1522 is illegal, and the people need to have a voice.

Sincerely,  
Sheila Wilkinson

October 20, 2023

Dear Council Member,

My name is Melody Boberg from the Cumberland – Rice Lake area. I am writing to you today about a World Relief refugee office that I heard is opening in Eau Claire. I found out that the gulag this office will create will be a 100-mile radius, which could easily include where I'm from. I am quite concerned as my community cannot afford refugees, and we've seen what these gulags have done to places in MN like Wilmer, Austin, and St. Cloud. These towns have been shredded fiscally, and property taxes continue to jump. I am, also, concerned about our safety. No one knows where these refugees are coming from. It was said the federal government vetted them, and seeing what a "great" job they're doing on our southern border, we all have reason to be greatly concerned. Has anyone from your city council looked at how crime has been affected in one of these gulag cities like St. Cloud since inception?

I am very upset this World Relief office was approved without talking to the taxpayers and all of the stakeholders about it. Is that even legal? What is a big influx of refugees going to do to our schools and health care system and police stations when all the refugees' family members come the second year? I am troubled and concerned for my community and me. Please prevent the opening of this refugee office before we all suffer the consequences.

Sincerely,

Melody Boberg

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be

discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

**From:** Fred Kappus <[jfkappus@charter.net](mailto:jfkappus@charter.net)>

Marty,

Attached is the letter written by the City Manager touting the opening of a World Relief office in Eau Claire.

The question is, did she do this on her own or is the City Council involved as well?

This is the last thing Eau Claire needs is to welcome middle east refugees. Look what happened to Dearborn, Michigan.

Fred

MONDAY AT 6 PM AT THE LE PHILLIPS LIBRARY THIS & Many other questions need to be addressed.

Whether the idea is bring Refugees....or IMMGRANTS from South America or GAZA etc.

Did they Follow US...CODE 8 ...1522 Section 2 and Did Our City Manager have the approval or backing of Our City Council to even send this letter.

Here are some Questions that Citizens have the Right To ask.

Are these Refugees here Legally and How are they Vetted? The ones arriving in Sanctuary cities like New York Chicago Milwaukee are NOT.

Who has responsibility for assisting these immigrants after World Relief or area Church's completes its term of support?

When the Operation is up and Fully operational how many immigrant's will be added each year.

How Long does WORLD RELIEF Assist each immigrant family.?

How much money does WORLD RELIEF receive for Each immigrant ? FROM us government OR THE UN ??????

Who is responsible for their assistance after World Relief completes its TERM OF SUPPORT?

The City of Eau Claire? How will affect our Schools They are UNDER S TAFFED as is our LAW ENFORCEMENT Departments.

Has our co ordinating personnel talked to other cities EXAMPLE..... ST CLOUD MINNESOTA. Or HUDSON WI who rejected this proposal.

Many citizen knew nothing about this proposal until TV18 Did a Story 1 day a few weeks ago. Otherwise No One would have learned of this until it

Was TOO LATE.

Marty Green

Former General Manager of WAXX Radio

Former Member of the Eau RDA

Citizen of Eau Claire and Wisconsin for over 50 years

My Grand Parents Migrated from Russia & Poland

So I am not against welcoming new people Legally here in our Country State or City

Emily, that sounds like a good idea. It'd be nice to have an official gathering where we aren't engaged in official business under Robert's Rules. I could attend a meeting on January 30.

Thanks for the suggestion!

**Subject:** Member Update

Hello Council Members,

Happy Saturday. Many of you mentioned that you would like to have regular member meetings where we discuss council operations, strategic updates, self-care, leadership support, etc. I thought I could shoot for the 5th Tuesday of the month in 2024 since we won't have council or committee meetings.

Will you all be available on January 30th? Perhaps at 4:00? Please respond to let me know. And if you can't make it at 4pm, please let me know a time that day that would work for you.

I am totally taking this shot in the dark with scheduling but we'll see how it works out.

See you all in a few days. As I hope you saw, we don't have a Council public hearing on Monday but I will be attending the World Relief Community Meeting so maybe I will see you there.

Thanks for all that you do.

-Emily

**Subject:** Information on World Relief

Hello Council Members, and keeping some County people in the loop as well -

I understand that you've been receiving a lot of emails about World Relief coming to Eau Claire. Just for background, the steps the City took to support World Relief were to meet with their staff (in combination with the Human Services Department, the Health Department, CVTC, volunteer groups, and others) when the agency was vetting Eau Claire as potential place to open an office. We also sent a letter of support. That letter is attached and mentioned [in this update from last May](#).

Because of our mission of inclusion, our need for employees, and our hope for continued health and vibrancy of our community, we take many steps to support new residents settling here from all different locations, whether that be smaller Wisconsin towns, big cities, or other countries. The support for World Relief is just one of those steps.

Emily Berge and I will be meeting with the World Relief Director tomorrow so I can get you more information on the mechanics of how refugee resettlement works. Then, there will be a meeting tomorrow night to learn more about World Relief, where I imagine many of these FAQs will be discussed. We have noticed the meeting, so all Council are most welcome to attend to learn more. I'll be there along as well.

[Community Event: "Who Is My Neighbor? Exploring how you can welcome your refugee neighbors" by World Relief Wisconsin | City Calendar | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](#)

We understand that there may be protests against the resettlement effort at the meeting tomorrow, and we are working closely with the Police Department to make sure the meeting is safe for all.

Feel free to share any questions, and we can track down answers!

Stephanie

**Subject:** World Relief Mission Meeting Tonight

Good morning City Council Members,

I wanted to let everyone know that the ECPD will have a presence at the library during the time that the World Relief Mission meeting is being held. We discussed the meeting on Friday afternoon and felt with the meeting being held in a City building it was appropriate to have ECPD presence during the meeting. I just wanted to reassure everyone that the ECPD is monitoring the situation closely.

If you have any questions just let me know.

Have a great Monday everyone!

-Dave

Hi Stephanie,

The fire department does not apply the occupancy rating. The occupancy rating is set by the architect and reviewed by Planning. They may have what the allowable number of people is. Inspector Knecht and I will walk over right now and check it out and get back to you with any additional information.

**Subject:** Re: Occupancy for Library

Hi Stephanie, the total allowable occupancy is 284 persons. The only reason to have an inspector on site would be to count the number of people in the assembly. This can be done by the event organizers to ensure they do not exceed the occupancy. If it appears that too many people are in the room, it would take the support of the people to volunteer to leave or law enforcement would have to assist.

Hi Stephanie,

The fire department does not apply the occupancy rating. The occupancy rating is set by the architect and reviewed by Planning. They may have what the allowable number of people is. Inspector Knecht and I will walk over right now and check it out and get back to you with any additional information.

**Subject:** Occupancy for Library

Hi Bob - Is there a way you can confirm the allowable occupancy for the Riverview Room in the Library? This relates to the World Relief event tonight. It seems that we may have more people who want to attend than there's space, so it seems we will need someone from Fire there.

Stephanie,

I'm coming in late to the conversation so maybe you have an answer. However, we consider it a 200 person room because that is how many seats we have but I believe the capacity is higher than that.

I will be at the library and the program this evening if there is any way I can help.

Shelly
